The Tradition

Consistency. It's the mark of true excellence in any endeavor. However, in today's intercollegiate athletics, competition has become so balanced and so competitive that it is virtually impossible to maintain a high level of consistency.

Yet the Atlantic Coast Conference has defied the odds. Now in its 39th year of competition, the ACC has long enjoyed the reputation as one of the strongest and most competitive intercollegiate conferences in the nation. And that is not mere conjecture, the numbers support it.

Atlantic Coast Conference schools have captured 36 NCAA & AIAW championships, including 20 in men's sports and 16 in women's competition. In addition, 69 men and 21 women have earned the coveted title of NCAA champion. On the gridiron, Maryland in 1953, Clemson in 1981 and Georgia Tech in 1990 were acclaimed national champions in football.

If success is best measured in terms of wins and losses, then the ACC is unrivaled in NCAA Basketball Tournament history. No Division I conference has posted a better record than the ACC since the NCAA's inaugural tournament in 1938. The eight current conference members have posted an NCAA Tournament mark of 189-104 for a tournament-best .645 winning percentage. Following Duke's dramatic national championship season of 1991, ACC teams have claimed five national championships while finishing second on eight occasions. North Carolina, the nation's all-time winningest team with 1,508 wins, captured national titles in 1957 and 1982, while N.C. State walked away with the coveted crown in 1974 and 1983.

Over the years, ACC basketball teams have gained global recognition through their NCAA Tournament and national television exposure. During the upcoming 1991-92 season, a total of 74 regular season games, plus all eight contests in the annual conference tournament will be televised. Conference teams will be seen on all three major networks and ESPN.

The ACC also stands at the forefront of intercollegiate athletics in terms of academic accomplishments of its student athletes. That accomplishment is nowhere better reflected than in the CFA Academic Achievement Award which is awarded annually to a CFA member institution with the highest graduation rate among members of its football team. Six times over the past 11 years, an ACC member school has claimed the award. In addition, since 1963, ACC basketball players have earned first-team Academic All-America honors 28 times.

The Championships

The conference will conduct championships in 23 sports in 1991-92, including 12 for men and 11 for women.

The first ACC championship was held in swimming on February 25, 1954, while the league's inaugural basketball tournament took place March 4-6, 1954, at North Carolina State, drawing 36,000 fans over the three days. The conference did not conduct championships in cross country, wrestling or tennis during the first year.

The 12 sports for men include football, cross country, soccer, basketball, swimming, indoor and outdoor track, wrestling, baseball, tennis, golf and lacrosse.

Women's sports were initiated in 1977 with the first championship meet being held in tennis at Wake Forest, October 6-8. Championships for women are currently conducted in cross country, volleyball, field hockey, soccer, basketball, swimming, indoor and outdoor track, tennis, golf and softball.

The Schools

CLEMSON — Charter member of the SIAA in 1894; charter member of the SC in 1921; charter member of the ACC in 1953.

HOOP NOTES

Florida State basketball has long been known for its potent offensive attack and Pat Kennedy has managed to continue that trend since he took over the program five years ago. In fact, the 1988-89 team, which finished 22-8 on the season, set a Metro Conference record averaging better than 91 points per game.
