COVERING THE 2006-2007 SEMINOLES

Florida State is one of the most recognized schools in all of college athletics and one of the most televised teams in the nation during college basketball season.

The 2006-07 Florida State basketball media guide has been produced to assist the media in the coverage of the Seminole men's basketball team. Additional information, including press releases, game notes, photographs, photo CDs, video footage and recent news clips are available upon request to all members of the media. Any questions not covered in this publication may be directed to the Sports Information Office.

We hope the information contained in the publication is helpful and allows you to get to know the team and the program throughout the season. Please take a moment to look through the following pages for the services available to you and the guidelines to help you cover the program. The information in the book is expanded and we welcome feedback and suggestions for future publications. We also encourage you to visit www.seminoles.com and althornton12.com for updated information on Florida State basketball.

non-workers are not allowed in the press area. Requests for credentials should be made in writing on letterhead stationery to Chuck Walsh, associate director of sports information. If it is convenient to FAX your request, you are welcome to do so. The FAX number in the Sports Information Office is (850) 644-3820. If you would rather e-mail your request, please do so. The e-mail address is cwalsh@mail.fsu.edu. These requests are accepted from sports editors and sports directors only. Credential requests are carefully screened to insure proper working conditions in the press area. When time permits, a working press pass and a parking pass will be mailed. When mailing is not possible, they will be left at the Press Will Call entrance near the bottom level at the Elephant Doors located in the southwest corner of the arena. The Press Will Call is located near the television trucks and directly opposite the Florida State Basketball Training Center. Media Will Call is located at this entrance and is open 90 minutes prior to tip-off.

Photography Credentials

Photographers, too, should make their credential requests at least one week in advance. Strobe lights may be installed in the Tucker Center; arrangements must be made through the Civic Center at least two weeks prior to gameday. Space for strobe lights is available on a first come, first served basis. Arrangements may be made by calling Roger Englert at (850) 487-1691.

The NCAA has an established policy to control congestion within photography areas on the basketball court. Only photographers on assignment will be issued photo passes along with members of the working television media. Admission to the court and photo boxes is by photo pass only. Photographers, both still and electronic, must shoot from the baselines at the Northwest (visiting bench press row side) or Southeast (Florida State bench) corners of the court. Photographer's floor access is governed by Atlantic Coast Conference and NCAA policy. Please note, only game photographers, no runners, assistants, or producers will have access to the photography areas. Photographer positions are at the complete discretion of the basketball game officials and the Sports Information Office at ALL TIMES.

Parking

Parking for media covering the Seminoles at the Tucker Center is available on a very limited basis. The media parking lot is located in the main Tucker Center parking lot. Access is via media parking pass only. Vehicles should enter the Tucker Center lot from Pensacola Street. They will then be

directed to the appropriate area. Please contact the Sports Information Office in plenty of time to request a parking pass to be mailed or left at your hotel.

All interview requests must be made in advance and must be made with at least 24 hours notice. Player's individual phone numbers will not be given to the media and game day interviews will not be granted until the end of each game. Players will return phone calls at a mutually convenient day and time. Media requests for specific players to be made available should be made to associate sports information director Chuck Walsh.

HOST
COMMUNICATIONS™

Gene Deckerhoff

Keith Jones

SEMINOLE RADIO NETWORK

Florida State men's basketball games will be heard exclusively during the season on the Seminole Radio Network with the legendary broadcast team of Gene Deckerhoff and Keith Jones bringing you the action courtside from every game. The Seminole Radio Network allows fans throughout the Southeast to hear every minute of Florida State basketball throughout the season.

The Seminole Radio Network is a division of Host Communications. Host Communications is one of the nation's leaders in collegiate sports broadcasting. Florida State joined forces with the Lexington, Ky.-based company to establish a comprehensive marketing opportunity that includes radio, television, print and corporate sponsorship components. Kay Scott, assistant director of athletics for marketing and promotions, is the general manager for the Seminole program.

In addition to Florida State, Host owns the network rights to other outstanding schools including Texas, Kentucky, Notre Dame, Tennessee, South Carolina and Mississippi State to name a few.

The Seminole Radio Network will reach nearly 35 markets during the 2006-07 season, including some of the nation's largest markets with Tampa, Jacksonville and Orlando, among others, receiving the Seminoles' broadcasts during Leonard Hamilton's fifth season. In Tallahassee, the Seminoles are heard on the flagship stations WTNT-FM (94.9) and WFLA-AM (1270).

Florida State's broadcast crew is recognized annually as one of the best in all of collegiate sports as they provide entertainment as well as detailed and expert play-by-play.

The broadcast team features award-winning play-by-play commentator Gene Deckerhoff, a 33-year veteran of the Florida State Radio Network, who works alongside another award-winner, Keith Jones, who is in his seventh season as a member of the team.

Deckerhoff is nationally known as one of the top football and basketball play-by-play announcers in both collegiate and professional sports. He has been the voice of the Seminoles for the past 28 football seasons and the last 33 basketball seasons. A native of Jacksonville, Fla., Deckerhoff also handles the play-by-play duties for the Tampa Bay Buccaneers, which makes for some busy weekends during the fall and winter seasons.

Deckerhoff is one of only four sports broadcasters ever inducted into the Florida Sports Hall of Fame. In calling Florida State football since 1979 and Florida State basketball since 1974, the Buccaneers since 1989, and all sorts of events in between, Deckerhoff's deep, rich voice is instantly recognized by fans all over the state of Florida and around the Atlantic Coast region.

Deckerhoff is the only radio voice who has broadcasted an NCAA football championship team (1993 and 1999 with the Seminoles) and a Super Bowl championship team (2003 with the Buccaneers). He was inducted into the Florida State University Athletic Hall of Fame in 2002.

Deckerhoff was recently mentioned as one of the top play-by-play voices in college basketball by famed ESPN and ABC basketball analyst Dick Vitale. Vitale named Deckerhoff to his "All-Cawood Ledford" team, in honor of the legendary Kentucky broadcaster, as one of the top college basketball announcers in the nation.

Jones, a former Seminole football player, is the color analyst for the basketball broadcasts. He is in his seventh year as a member of the basketball broadcast crew on the Seminole Radio Network. Jones is also a broadcaster for Sun Sports college football coverage.

Jones was a member of Bobby Bowden's first recruiting class in 1977. As a senior at Wildwood (Fla.) High School, he was named an all-state quarterback and the salutarian of his graduating class. He was a three-year starter at strong safety and a three-time Golden Chief Award winner for the Seminoles. Jones still ranks in the top-10 in career interceptions and led the Seminole defense in interceptions in 1978 and 1980. During his career, Florida State compiled a four-year record of 39-8 and appeared in three consecutive bowl games, including consecutive Orange Bowls.

Jones was Florida State's first-ever two-time NCAA First-Team Academic All-American and graduated in 1981 with a degree in risk management. He graduated magna cum laude and is currently an account executive with the Earl Bacon Agency. Jones is also an adjunct professor in the Florida State College of Business.

Jones earned a regional Emmy Award for sports broadcasting excellence in 2002 and is the longest tenured announcer of any pro or college sports team in the state of Florida. He recently finished his 19th consecutive year in the college football broadcast booth for Sun Sports.

[Seminoles.com](http://seminoles.com) is a leader among collegiate websites as it broke new ground in 2006 and now offers Seminole fans a new way to see the Florida State sports they love thanks to a new broadband network called ACC Select. The ACC Select network will stream Seminole sports like baseball, women's soccer, women's basketball, men's and women's tennis, volleyball, track and softball that are not available through traditional broadcast and cable television distribution. Never before have such a large number of events been streamed in their entirety, giving fans the opportunity to see home and away games live or on-demand whenever and wherever they want. With full-screen video delivered right to the computer, ACC Select will provide access to events whenever fans want – live or on-demand.

Go to www.accselect.com for complete details and see sports in a whole new way.

The first place Florida State fans should go before, during and after every Seminole event for live in-game statistics, game stories, quotes from Seminole head coaches and players, game statistics and photos is seminoles.com.
