MEDIA INFORMATIO

COVERING THE 2007-2008 SEMINOLES

The 2007-2008 Florida State basketball media guide has been produced to assist the media in the coverage of the Seminole men's basketball team. Additional information, including press releases, game notes, photographs, photo CDs, video footage and recent news clips are available upon request to all members of the media. Any questions not covered in this publication may be directed to the Sports Information Office.

We hope the information contained in the publication is helpful and allows you to get to know the team and the program throughout the season. Please take a moment to look through the following pages for the services available to you and the guidelines to help you cover the program. The information in the book is expanded, and we welcome feedback and suggestions for future publications. We also encourage you to visit www.seminoles.com for updated information on Florida State basketball.

Before Your Visit

Credentials for Florida State home games are issued to accredited members of the media only. Working space along press row at the Tucker Center is limited, and seats are expressly reserved to those working on deadline, with no exceptions. Children and other non-workers are not allowed in the press area. Requests for credentials should be made in writing on letterhead stationery to Chuck Walsh, associate director of sports information. If it is convenient to fax your request, you are welcome to do so. The fax number in the Sports Information Office is (850) 644-3820. If you would rather e-mail your request, please do so at cwalsh@mailer.fsu.edu. These requests are accepted from sports editors and sports directors only. Credential requests are carefully screened to ensure proper working conditions in the press area. When time permits, a working press pass and a parking pass will be mailed. When mailing is not possible, they will be left at the Press Will Call entrance near the bottom level at the Elephant Doors located in the southwest corner of the arena. The Press Will Call is located near the television trucks and directly opposite the Florida State Basketball Training Center. Media Will Call is located at this entrance and is open 90 minutes prior to tip-off.

Photography Credentials

Photographers, too, should make their credential requests at least one week in advance. Strobe lights may be installed in the Tucker Center; arrangements must be made through the Civic Center at least two weeks prior to game day. Space for strobe lights is available on a first-come, first-served basis. Arrangements may be made by calling Roger Englert at (850) 487-1691.

The NCAA has an established policy to control congestion within photography areas on the basketball court. Only photographers on assignment will be issued photo passes along with members of the working television media. Admission to the court and photo boxes is by photo pass only. Photographers, both still and electronic, must shoot from the baselines at the northwest (visiting bench press row side) or southeast (Florida State bench) corners of the court. Photographers' floor access is governed by Atlantic Coast Conference and NCAA policy. Please note: Only game photographers (no runners, assistants or producers) will have access to the photography areas. Photographer positions are at the complete discretion of the basketball game officials and the Sports Information Office at ALL TIMES.

Parking

Parking for media covering the Seminoles at the Tucker Center is available on a very limited basis. The media parking lot is located in the main Tucker Center parking lot. Access is via media parking pass only. Vehicles should enter the Tucker Center lot from Pensacola Street. They will then be directed to the appropriate area. Please contact the Sports Information Office in plenty of time to request a parking pass to be mailed or left at your hotel.

Florida State is one of the most recognizable teams in the country and makes frequent appearances on national and regional television each season.

Media Services

Weekly Interview Schedule: The Sports Information Office will, in conjunction with head coach Leonard Hamilton, establish an interview schedule throughout the 2007-08 season. The schedule, which will vary in accordance with the Seminoles' practice and game schedule, is established to assist the media in their coverage of the Seminoles. The interviews will take place in the Florida State Basketball Training Center and will provide the media with an opportunity to speak with Coach Hamilton as well as various Seminole players. All interview requests must be made in advance and must be made with at least a 24-hour notice. Players' individual phone numbers will not be given to the media, and game day interviews will not be granted until the end of each game. Players will return phone calls at a mutually convenient day and time. Media requests for specific players to be made available should be directed to associate sports information director Chuck Walsh.

ACC Coaches' Teleconference

Media members wishing to speak with head coach Leonard Hamilton are encouraged to call the Atlantic Coast Conference's weekly coaches' teleconference. The 12 ACC head basketball coaches will be featured on nine Monday teleconferences during the 2007-08 season. The season's first teleconference will take place on Monday January 7, 2008, and continue through Monday, March 10. Each coach will have 10 minutes to make an opening statement and answer questions. There will be an instant replay of each teleconference on the Conference's Internet site, theACC.com, each Monday afternoon. The media can access the conference call by calling (913) 312-6672.

GAME DAY SERVICES

Media Room

The media room at the Tucker Center is located beneath the west side of the arena in Meeting Room B.

Press Seating

Press seating is located surrounding the court at the Donald L. Tucker Center. The area is manned by members of the Sports Information Office throughout every game. The sports information staff desires to be as helpful as possible during each game.

Phones

A limited number of phones are available in the Tucker Center press room (calling card or reversed charges required). Members of the media may order their own phone lines for the media room or at courtside through Sprint of Tallahassee. Call Sprint at (866) 366-2500 to arrange for service.

Visiting Radio

Phone lines are reserved for both the Florida State and visiting radio network on the court level of press row. The broadcast rights to the game are granted to visiting radio stations on a reciprocal basis. Phone lines are available through an ACC agreement. Please contact Chuck Walsh of the Sports Information Office for details.

Press Meals

A buffet dinner is available in the Seminole Spirit Room to members of the media with a meal ticket attached to their credential. Television crews may be provided with meal tickets to accommodate talent and producers. Any catering needs for television crews should be addressed to Roger Englert of the Tucker Center (850) 487-1691.

Postgame Press Conference

Postgame interviews with the respective head coaches are held in the media room at the conclusion of the game. The head coach of the visiting team will be brought to the interview room immediately after the game. He will be followed by Seminole head coach Leonard Hamilton. The Florida State locker room is open to credentialed media for a brief period after Coach Hamilton concludes his comments to his team. This is in accordance with ACC rules. The visiting team's locker room access policy is determined by officials of that school. On the road, the Florida State players will be available in the locker room after Coach Hamilton concludes his remarks to the team and has left for the interview room. No live television shots, except those by the network televising the game live, will be allowed until after Coach Hamilton and the players have fulfilled their usual postgame interview responsibilities.

Postgame Statistics

Statistical packets, including running play-byplay, first-half and final box scores and postgame quotes, are compiled and available to the media at press row and in the press room following each game.

Faxing

Faxing of the final box score and running playby-play is available through the Florida State Sports Information office. The Sports Information Office will fax to outlets provided on both schools' postgame fax lists. If any special needs arise, please contact a member of the Florida State Sports Information staff.

E-mail Services

Basketball releases can be obtained electronically by contacting Chuck Walsh at cwalsh@mailer.fsu. edu. List basketball news on the subject heading, and include the name of your media outlet and phone number in your message. (This is a media service only.)

SEMINOLE RADIO NETWORK

Keith Jones Color Analyst

Florida State men's basketball games will be heard exclusively during the season on the Seminole Radio Network with the legendary broadcast team of Gene Deckerhoff and Keith Jones bringing you the action courtside from every game. The Seminole Radio Network allows fans throughout the Southeast to hear every minute of Florida State basketball throughout the season

The Seminole Radio Network is a division of ISP, America's Home for College Sports. ISP is nationally recognized for its quality performance, professional workmanship and unrivaled service.

Founded in 1992 in Winston-Salem, N.C., ISP Sports has enjoyed tremendous growth within the intercollegiate athletics marketplace since its inception over 15 years ago. The ISP Sports family of leading NCAA members now touches every state in the Southeast, while extending across the Mid-Atlantic States into the Northeast, Midwest and West Coast corridors to over 40 of America's leading universities, four major conferences and two postseason bowl games.

ISP's partner schools include Akron, Alabama, Auburn, Baylor, Boston College, BYU, Cal, Cincinnati, Clemson, East Carolina, Florida State, Georgia, Georgia State, Georgia Tech, Houston, Kent State, Marshall, Miami (Ghio), Ohio, Pittsburgh, SMU, South Carolina, Southern Mississippi, Syracuse, TCU, Troy, Tulane, UAB, UCF, UCLA, UNLV, USF, UTEP, Vanderbilt, Villanova, Virginia Tech, Wake Forest and Washington.

The Seminole Radio Network will reach nearly 35 markets during the 2007–08 season, including some of the nation's largest markets with Tampa, Jacksonville and Orlando, among others, receiving the Seminoles' broadcasts during Leonard Hamilton's sixth season. In Tallahassee, the Seminoles are heard on the flagship stations WTNT-FM (94.9) and WFLA-AM (1270).

Florida State's broadcast crew is recognized annually as one of the best in all of collegiate sports as they provide entertainment as well as detailed and expert play-by-play.

The broadcast team features award-winning play-byplay commentator Gene Deckerhoff, a 34-year veteran of the Florida State Radio Network, who works alongside another award-winner Keith Jones, now in his eighth season as a member of the team.

Deckerhoff is nationally known as one of the top football and basketball play-by-play announcers in both collegiate and professional sports. He has been the voice of the Seminoles for the past 29 football seasons and the last 34 basketball seasons. A native of Jacksonville, Fla., Deckerhoff also handles the play-by-play duties for the Tampa Bay Buccaneers, which makes for some busy weekends during the fall and winter seasons.

Deckerhoff is one of only four sports broadcasters ever inducted into the Florida Sports Hall of Fame. In calling Florida State football since 1979 and Florida State basketball since 1974, the Buccaneers since 1989, and all sorts of events in between, Deckerhoff's deep, rich voice is instantly recognized by fans all over the state of Florida and around the Atlantic Coast region. Deckerhoff is the only radio voice that has broadcasted an NCAA football championship team (1993 and 1999 with the Seminoles) and a Super Bowl championship team (2003 with the Buccaneers). He was inducted into the Florida State University Athletic Hall of Fame in 2002.

Deckerhoff was mentioned as one of the top play-by-play voices in college basketball by famed ESPN and ABC basketball analyst Dick Vitale. Vitale named Deckerhoff to his "All-Cawood Ledford" team, in honor of the legendary Kentucky broadcaster, as one of the top college basketball announcers in the nation.

Jones, a former Seminole football player, is the color analyst for the basketball broadcasts. He is in his eighth year as a member of the basketball broadcast crew on the Seminole Radio Network. Jones is also a broadcaster for Sun Sports college football coverage.

Jones was a member of Bobby Bowden's first recruiting class in 1977. As a senior at Wildwood (Fla.) High School, he was named an all-state quarterback and the salutatorian of his graduating class. He was a three-year starter at strong safety and a three-time Golden Chief Award winner for the Seminoles. Jones still ranks in the top 10 in career interceptions and led the Seminole defense in interceptions in 1978 and 1980. During his career, Florida State compiled a four-year record of 39-8 and appeared in three consecutive bowl games, including consecutive Orange Bowls.

Jones was Florida State's first-ever two-time NCAA First-Team Academic All-American and graduated in 1981 with a degree in risk management. He graduated magna cum laude and is currently an account executive with the Earl Bacon Agency. Jones is also an adjunct professor in the Florida State College of Business.

Jones earned a regional Emmy Award for sports broadcasting excellence in 2002 and is the longest tenured announcer of any pro or college sports team in the state of Florida. He recently finished his 19th consecutive year in the college football broadcast booth for Sun Sports.

seminoles.com

One of America's most frequented collegiate Web sites, *seminoles.com* is the complete source for the latest news and information about FSU athletics.

As one of the leaders in college athletics both on and off the playing fields, the athletics department at Florida State University offers Seminole fans features and applications on its official Web site — www.seminoles.com— that can not be found on any other collegiate Web site. Florida State has taken advantage of all of the latest technological advancements and most dynamic applications to create one of the top-10 most-viewed Web sites in the college sports world.

The Seminoles' Web site brings its alumni and fans closer than ever to the action on the field and to the triumphs of their favorite student-athletes on the fields of competition and in the classroom. The site delivers vibrant and timely content which enables fans of Florida State athletics around the world to connect with the athletics program like never before.

Now in its 11th year as one of the nation's top Web sites, *seminoles.com* is a comprehensive site in assisting, promoting and informing fans on all Florida State athletic events, student-athletes, coaches and faculty. The well-designed and easy-to-navigate site provides information regarding each of Florida State's 19 varsity sports – from daily news releases to video updates on scheduled athletic events to up-to-date statistics on every player to the history of each athletics team. There are also links to learn more about long-standing Florida State traditions from the origination of the War Chant, to Chief Osceola and Renegade to the Seminole symbol.

Seminoles.com is a leader among collegiate Web sites as it broke new ground in 2006 and now offers Seminole fans a new way to see the Florida State sports they love thanks to a new broadband network called ACC Select. The ACC Select network will stream Seminole sports like baseball, women's soccer,

women's basketball, men's and women's tennis, volleyball, track and softball that are not available through traditional broadcast and cable television distribution. Never before has such a large number of events been streamed in their entirety, giving fans the opportunity to see home and away games live or ondemand whenever and wherever they want. With full-screen video delivered right to the computer, ACC Select will provide access to events whenever fans want – live or on-demand. Go to www.accselect.com for complete details and see sports in a whole new way.

The first place Florida State fans should go before, during and after every Seminole event for live in-game statistics, game stories, quotes from Seminole head coaches and players, game statistics and photos is *seminoles.com*.
