MEDIA INFORMATION**

COVERING THE 2009-2010 SEMINOLES

The 2009-10 Florida State basketball media guide has been produced to assist the media in the coverage of the Seminole men's basketball team. Additional information, including press releases, game notes, photo CDs, video footage and recent news clips are available upon request to all members of the media. Any questions not covered in this publication may be directed to the Sports Information Office.

We hope the information contained in the publication is helpful and allows you to get to know the team and the program throughout the season. Please take a moment to look through the following pages for the services available to you and the guidelines to help you cover the program. The information in the book is expanded and we welcome feedback and suggestions for future publications. We also encourage you to visit www.seminoles.com for updated information on Florida State basketball.

BEFORE YOUR VISIT

Credentials for Florida State home games are issued to accredited members of the media only. Working space along press row at the Tucker Center is limited and seats are expressly reserved to those working on deadline, with no exceptions. Children and other non-workers are not allowed in the press area. Requests for credentials should be made in writing on letterhead stationary to Chuck Walsh, associate director of sports information. Please email your request for credentials to Chuck Walsh at cwalsh@fsu.edu. If it is convenient to fax your request, you are welcome to do so. The fax number for the Sports Information office is (850) 644-3820. These requests are accepted from sports editors and sports directors only. Credential requests are carefully screened to insure proper working conditions in the press area. When time permits, a working press pass and a parking pass will be mailed. When mailing is not possible, they will be left at the Media Will Call entrance near the bottom level at the Elephant Doors located in the southwest corner of the arena. The Media Will Call is located near the television trucks and directly opposite the Florida State Basketball Training Center. Media Will Call is located at this entrance and is open 90 minutes prior to tip-off.

Photography Credentials

Photographers, too, should make their credential requests at least one week in advance. Strobe lights may be installed in the Tucker Center; arrangements must be made through the Civic Center at least two weeks prior to gameday. Space for strobe lights is available on a first come, first served basis. Arrangements may be made by calling Roger Englert at (850) 487-1691.

The NCAA has an established policy to control congestion within photography areas on the basketball court. Only photographers on assignment will be issued photo passes along with members of the working television media. Admission to the court and photo boxes is by photo pass only. Photographers, both still and electronic, must shoot from the baselines at the Northwest (visiting bench press row side) or Southeast (Florida State bench) corners of the court. Photographer's floor access is governed by Atlantic Coast Conference and NCAA policy. Please note, only game photog-

raphers, no runners, assistants or producers, will have access to the photography areas. Photographer positions are at the complete discretion of the basketball game officials and the Sports Information office at ALL TIMES.

Parking

Parking for media covering the Seminoles at the Tucker Center is available on a very limited basis. The media parking lot is located in the main Tucker Center parking lot. Access is via media parking pass only. Vehicles should enter the Tucker Center lot from Pensacola Street. They will then be directed to the appropriate area. Please contact the Sports Information Office in plenty of time to request a parking pass to be mailed or left at your hotel.

Media Services

Weekly Interview Schedule: The Sports Information office will, in conjunction with head coach Leonard Hamilton, establish an interview schedule throughout the 2009-10 season. The schedule, which will vary in accordance with the Seminoles' practice and game schedule, is established to assist the media in their coverage of the Seminoles. The interviews will take place in the Florida State Basketball Training Center and will provide the media with an opportunity to speak with Coach Hamilton as well as various Seminole players. All interview requests MUST be made in advance and must be made with at least a 24 hours notice. Player's individual phone numbers will not be given to the media and game day interviews will not be granted until the end of each game. Players will return phone calls at a mutually convenient day and time. Media requests for specific players to be made available should be made to Deputy Director of Sports Information Chuck Walsh.

ACC Coaches' Teleconference

Media members wishing to speak with Head Coach Leonard Hamilton are encouraged to call the Atlantic Coast Conference's weekly coaches' teleconference. A limited number of phones are available in the Tucker Center press room (calling card or reversed charges required). Members of the media may order their own phone lines for the media room or at courtside through Sprint of Tallahassee. Call Sprint at (866) 366-2500 to arrange for service.

The visiting team's locker room access policy is determined by officials of that school. On the road, the Florida State players will be available in the locker room after Coach Hamilton concludes his remarks to the team and has left for the interview room. No live television shots, except those by the network televising the

game live, will be allowed until after Coach Hamilton and the players have fulfilled their usual post game interview responsibilities.

Postgame Statistics

Statistical packets, including running play-by-play, first half and final box scores and postgame quotes, are compiled and available to the media at press row and in the press room following each game.

Emailing of Statistics

Emailing or faxing of the final box score and running play-by-play is available through the Florida State Sports Information office. The Sports Information office will email or fax to outlets provided on both school's post-game fax lists. If any special needs arise, please contact a member of the Florida State Sports Information staff.

Florida State men's basketball games will be heard exclusively during the season on the Seminole Radio Network with the legendary broadcast team of Gene Deckerhoff and Keith Jones bringing you the action courtside from every game. The Seminole Radio Network allows fans throughout the Southeast to hear every minute of Florida State basketball throughout the season.

The Seminole Radio Network is a division of ISP, America's Home for College Sports. ISP is nationally recognized for its quality performance, professional workmanship and unrivaled service.

Founded in 1992 in Winston-Salem, N.C., ISP Sports has enjoyed tremendous growth within the intercollegiate athletics marketplace since its inception over 15 years ago. The ISP Sports family of leading NCAA members now touches every state in the Southeast, while extending across the Mid-Atlantic States into the Northeast, Midwest and West Coast corridors to over 40 of America's leading universities, four major conferences and two post season bowl games.

ISP's partner schools include Akron, Alabama, Auburn, Baylor, Boston College, BYU, Cal, Cincinnati, Clemson, Duke, East Carolina, Florida State, Georgia, Georgia State, Georgia Tech, Houston, Kent State, Marshall, Miami (Fla.), Miami (Ohio), Ohio, Pittsburgh, SMU, South Carolina, Southern Mississippi, Syracuse, TCU, Troy, Tulane, UAB, UCF, UCLA, UNLV, USF, UTEP, Vanderbilt, Villanova, Virginia Tech, Wake Forest and Washington.

The Seminole Radio Network will reach nearly 35 markets during the 2009-10 season, including some of the nation's largest markets with Tampa, Jacksonville and Orlando, among others, receiving the Seminoles' broadcasts during Leonard Hamilton's sixth season. In Tallahassee, the Seminoles are heard on the flagship stations WTNT-FM (94.9) and WFLA-AM (1270).

The broadcast team features award-winning play-by-play commentator Gene Deckerhoff, a 36-year veteran of the Florida State Radio Network, who works alongside another award-winner Keith Jones, who is in his 10th season as a member of the team.

Deckerhoff is nationally known as one of the top football and basketball play-by-play announcers in both collegiate and professional sports. He has been the voice of the Seminoles for the past 31 football seasons and the last 35 basketball seasons. A native of Jacksonville, Fla., Deckerhoff also handles the play-by-play duties for the Tampa Bay Buccaneers, which makes for some busy weekends during the fall and winter seasons.

Deckerhoff is one of only four sports broadcasters ever inducted into the Florida Sports Hall of Fame. In calling Florida State football since 1979 and Florida State basketball since 1974, the Buccaneers since 1989, and all sorts of events in between, Deckerhoff's deep, rich voice is instantly recognized by fans all over the state of Florida and around the Atlantic Coast region. Deckerhoff is the only radio voice who has broadcast an NCAA Football championship team (1993 and 1999 with the Seminoles) and a Super Bowl championship team (2002 with the Buccaneers). He was inducted into the Florida State University Athletic Hall of Fame in 2002.

He has been named Florida Sportscaster of the Year eleven times by the members of the National Sportscasters

and Sportswriters Association. Deckerhoff was mentioned as one of the top play-by-play voices in college basketball by famed ESPN and ABC basketball analyst Dick Vitale. Vitale named Deckerhoff to his "All-Cawood Ledford" team, in honor of the legendary Kentucky broadcaster, as one of the top college basketball announcers in the nation.

Jones, a three-year letterwinner at Florida State, is the color analyst for all basketball radio broadcasts. He is in his ninth year as a member of the broadcast crew on the Seminole ISP Radio Network. He is also a television analyst for Sun Sports/FSN Florida football coverage.

Jones was a member of Bobby Bowden's first recruiting class in 1977. An all-state quarterback in high school, he was a three-year starter at strong safety and a three-time Golden Chief Award winner for the Seminole Football Program. Jones still ranks in the top-10 in career interceptions. During his career, Florida State compiled a four-year record of 39-8 and appeared in three consecutive bowl games, including consecutive Orange Bowls.

Jones was Florida State's first-ever, two-time NCAA First-Team Academic All-American and graduated in 1981 with a degree in risk management and insurance (magna cum laude). He is an account executive with the Earl Bacon Agency in Tallahassee and is a registered representative with NBC Securities. Jones is also an adjunct professor in the Florida State College of Business.

Jones earned a regional Emmy Award for sports broadcasting excellence in 2002 and is the longest tenured broadcaster of any pro or college sports team in the state of Florida. He recently finished his 22nd consecutive year in the college football broadcast booth.

As one of the leaders in college Web sites, Seminole.com offers its fans more features and applications than just about any other collegiate Web site. Florida State has taken advantage of all of the latest technological ad-

vances and most dynamic applications to create one of the top-five most viewed Web sites in the college sports world.

Now in its 12th year as one of the nation's top Web sites, Seminole.com is comprehensive in assisting, promoting and informing fans about every Florida State athletic event, all of the student-athletes and coaches, and its award-winning faculty. The well-designed and easy-to-navigate site provides information on all of Florida State's 19 varsity sports from daily news releases to video updates on student-athletes and events

to important press conferences to the history of each sport. There are also links to learn more about the long-standing Seminole traditions of the symbols of Florida State — Chief Osceola and Renegade.

The first place Florida State fans should go before, during and after every Seminole event for live in-game statistics, game stories, live post-game press conferences and quotes from Seminole coaches and players is Seminole.com, the official athletics Web site of Florida State University.
