Sports At Florida State

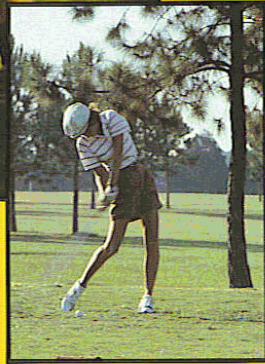

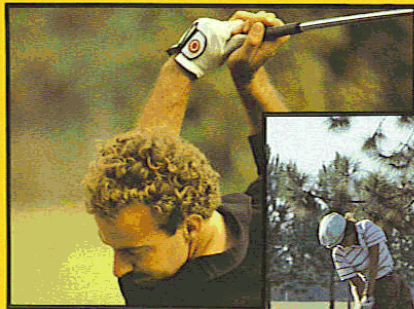

From the quiet solitude of the cross country runner to the deafening noise and excitement inside historic Tully Gym, athletics at Florida State offer something for everyone. Perhaps no athletic program in the country offers the combination of winning attitude, great facilities, perfect climate and a staff of coaches and administrators so committed to excellence in every athletic endeavor.

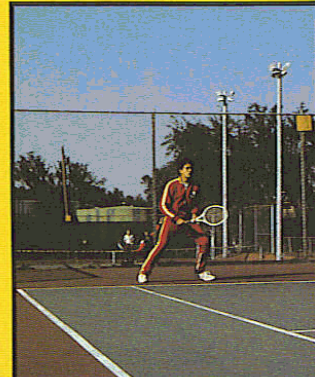

In just a few short years, the Lady Seminole Basketball program has grown into a giant. Already with NCAA playoff experience, this team has given Florida State its all-time basketball point leader in the sensational Sue Galkantas. Incredibly, she scored 2323 points in a four-year career, tops for any Seminole, male or female. Others are poised to follow.

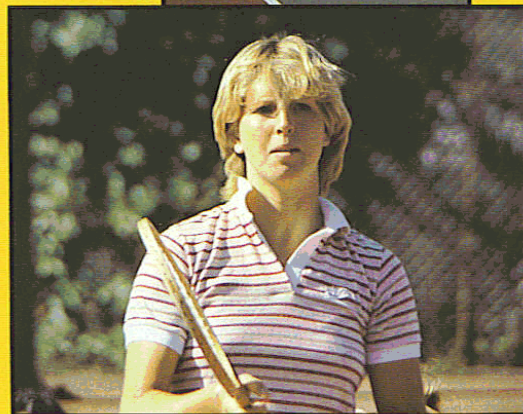

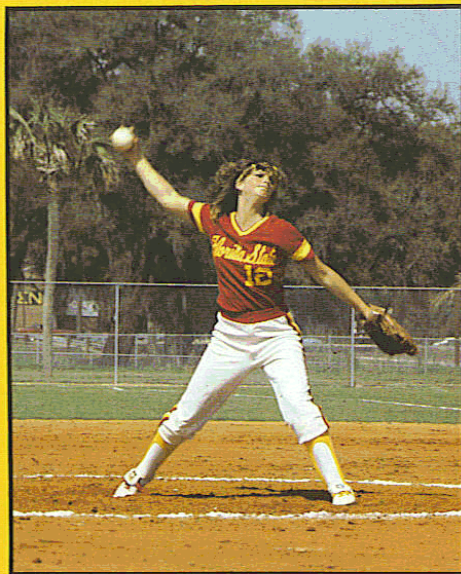

What goes together better than the sport of swimming and the State of Florida. With the attraction of fine weather year-round, a newly renovated Olympic swimming and diving complex and young, innovative leadership in both men's and women's programs, Florida State swimmers and divers have made a name for themselves and the school world-wide. One visit to Seminole Territory will convince anyone that watersport is second nature in this part of the country.

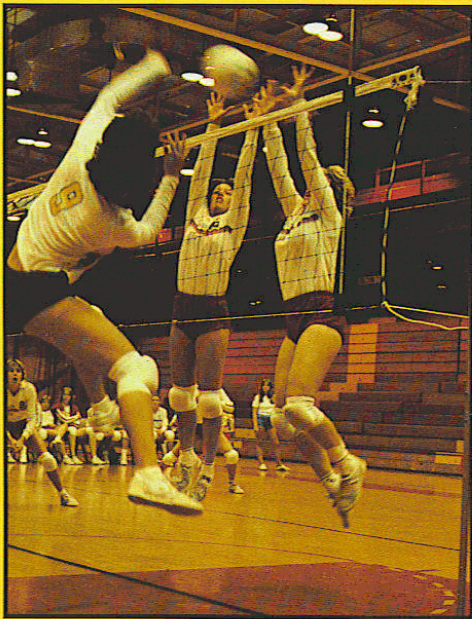

Here's the quiz for the day... What state has more golf courses and tennis courts than any other? You guessed it, FLORIDA. And the Seminole teams prove that it's a serious priority at FSU. The Lady Seminole golfers already have a national championship to their credit and a host of top money-winners now playing on the LPGA Tour. The Florida State men are a yearly fixture at the NCAA Championships. And, with one of the finest collegiate golf courses in America to help improve stroke-making, it's no wonder.

For the serious tennis player with a desire to improve their game as well as participate on the major college level, there is no choice but Florida State. Where else can you work on your backhand in December, taking advantage of perfect playing conditions and the best instruction you'll find.

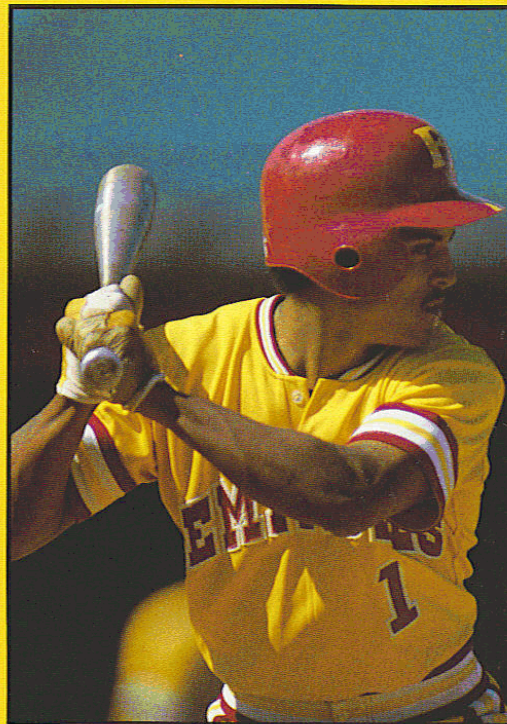

Softball is another sport where Florida State claims a national championship trophy. And what a wonderful place to try for another...in its brand new state of the art complex. These ladies travel throughout the south, but who can blame them if they get just a little bit spoiled by the grand set-up on their own campus. They show it off every year at the prestigious Lady Seminole Tournament in March.

When the Lady Seminoles play Volleyball, Tully Gym is electric. This sport has come so far in capturing the sports fans of this capital city that the seating capacity has been expanded. This is another sport in which Florida State has been represented in the NCAA playoffs. So popular is the game in Tallahassee and so powerful is the FSU program, that plans are in the works to host a regional playoff.

Baseball at Florida State has long been the pacesetter among the nation's colleges. The reasons why go back to the program's roots. Never has a Seminole baseball team had a losing record. Only two schools have appeared in more NCAA Regionals; and all of that against the toughest schedule in college baseball. Such a showcase of the sport it is, that Florida State plays its games in a shining million dollar baseball park, unmatched in this part of the country. A Seminole baseball player spends 11 months a year playing the game, with fall, summer and spring programs affording him the opportunity to play an incredible 150 games a year.

What a proud tradition there is in track and field at Florida State. The Lady Seminoles recently added the latest of the national titles to the heritage by winning the 1984 NCAA Championships in Eugene, Ore. Incredibly, they had finished third and second in the two previous years. Members of the Lady Seminole track team have earned 51 All-American titles since 1982. That is about as close to domination of a sport as you'll find. The mens' track team continues to uphold its own proud tradition. Not only the leader in its own state, this team has won The Metro Conference title for eight consecutive years. And Florida State's prowess in this sport, too is aided by a newly renovated and upgraded track and field stadium. Utilizing the annual site of the prestigious Domino's Pizza relays, no other track athletes in the area have the advantages that these Seminoles do in terms of training facilities and coaching.
