

1982 SEMINOLES

#31 ALLEN, BILLY
Runningback

6-0, 200, Sophomore
Cleveland, Ohio

—his path to Florida State was the subject of stories by many state scribes last season ... came to FSU as a walkon for spring practice in '81 after an Air Force stint in Europe where he played service ball ... caught the eye of Bowden when the Seminole mentor was speaking at clinics there during the 1980 summer ... presently, Billy's name isn't on the depth chart at tailback because he missed so much spring practice ... he was absent due to a shoulder injury and duties with the FSU track team ... experimented with at the fullback position but now he is back at tailback ... got off to a great start last season before his fumbling tendencies limited his playing time to returning kickoffs and spot duty at the tailback position ... led the team in rushing in the first two games—89 yards vs. Louisville and 91 yards vs. Memphis State in his only start ... had a 50-yard TD run vs. the Cardinals ... finished with 222 yards in 43 attempts ... his 5.2 average per tote tied him for second among rushers ... returned a kickoff 97 yards for a touchdown vs. LSU ... like Herschel Walker, another tailback with dimensions of a fullback, Allen has tremendous speed (4.48 40 yards) and runs the anchor 100-meter leg on FSU's 400 meter relay ... that relay participated in the NCAA Championships last June ... Billy is involved with the Fellowship of Christian Athletes and serves as that organization's vice president ... when the Seminoles play Southern Mississippi on Sept. 25, Billy will be celebrating his 24th birthday ... that makes him the oldest player on the squad.

#26 ALLEN, GREG
Runningback

5-11, 200, Sophomore
Milton, Florida

—although this young man is listed as a second string tailback, bet that he will be the mainstay of the runningback corps in the fall ... Greg didn't participate full-time in spring practice—he also had duties with the track and field team ... he and Ricky Williams will continue to battle it out for starting honors ... did it all as a freshman in '81 ... season totals showed 888 yards in 139 carries, a

6.4 average ... that average is the highest ever for a Seminole ball carrier ... also scored three TDs ... picked second team All-South Independent and Football News chose him to its freshman All-American team ... Bowden brought him along slowly until he exploded for 202 yards vs. LSU in his first collegiate start ... took the game's opening handoff around left end for a 66-yard gain ... those 202 yards were the most ever by a Seminole and was the first time a runner had eclipsed the 200-yard mark ... for that performance Associated Press named him Back of the Week and ESPN picked him as its Amateur Athlete of the Week ... the college football world found out who he was the following week vs. Western Carolina ... his 322 yards in 32 carries was the most in NCAA history by a freshman and was also the highest yardage total of the '81 season, outdistancing USC's Marcus Allen's best of 289 ... Greg added a 95-yard touchdown on a kickoff return that gave him 417 all-purpose rushing yards, another NCAA mark ... honors for that game came from both AP and United Press International and Sports Illustrated named him its Offensive Player of the Week ... received the ABC-TV Chevrolet MVP Award for his 109 yards vs. Miami ... before Greg became a starter, he played in the Seminoles' first JV game, running for 202 yards and two TDs ... runs the fastest 40-yard dash on the squad (4.36) ... many believe his speed has been improved as a result of training with the track and field team ... on that squad, he also long jumps and finished the season with a best of 24 feet, five inches ... ran for over 2,000 yards as a high school senior ... born June 4, 1963.

#40 HENRY, GARY
Defensive Back

6-1, 185, Senior
 Orlando, Florida

—listed as a second team weak safety behind Brian McCrary . . . can play either safety position though . . . a fine '81 spring practice gave Gary the starting job after serving as FSU's nickle back his first three years . . . however, he did not play the '81 season and is trying to regain his confidence and sharpness . . . was not up to his old form in the Seminoles' most recent spring but most onlookers figured it would take him a while . . . it would be a plus for the defensive coaches to have the old Gary Henry back . . . if that would happen, the secondary would be strengthened immensely . . . in three years as the nickle back, had 26 tackles and two interceptions . . . most remember him more as a punt returner in the 11-0 1979 season when he returned two for TDs . . . one was for 66 yards vs. Southern Miss and another for 57 vs. Miami . . . punt return career shows 53 returns for 421 yards, an average of nearly eight yards per return . . . born May 15, 1960.

Wide Receiver

5-11, 175, Sophomore

6-2, 215, Junior
 Atlanta, Georgia

—has switched from linebacker to defensive end after a redshirt year, the same course followed by Brian Williams . . . listed at second team at one of the end positions behind freshman Garth Jax . . . new position won't be entirely foreign to him since the FSU defensive ends have pass coverage duties . . . coaches like his intensity and say he knows one speed and that's full speed . . . earned a letter as a freshman after impressing with his play on the specialty teams . . . born September 10, 1962.

#67 HUTTO, MIKE
Defensive Tackle

6-2, 230, Sophomore
 Marianna, Florida

—probably needs a redshirt year as the coaching staff likes to red-shirt linemen in their second seasons . . . the lack of depth on the defensive line may dictate otherwise . . . currently Mike is listed as a second string tackle behind David Ponder . . . his playing time last year came on the JV squad . . . involved in the FSU Fellowship of Christian Athletes organization . . . father is a Florida highway patrolman . . . born July 27, 1963.

... over the last few years, FSU has seemed to be abundant with brothers on the football team. How many are there this year? Just two—Scott and Bob Merson and Jim and Weegle Thompson. But two freshmen have brothers who once played at Florida State. John Plurowski is the brother of Paul, and Stanley Scott is the brother of Arthur. Paul and Arthur graduated following the '80 Orange Bowl. Taking it a step further, junior John McLean played with brother Scott his first two years at FSU. Scott graduated last season ...

... several others have family connections to Florida State. Sophomore center Ron Moore followed his father, Ron Sr., to FSU. The senior Moore played tackle in the 50s. Ever wonder how the Tribe could sign a young man from Texas? Freshman Garth Jax heard about Florida State from his step-father Phil Abraira, who played here in the late 60s. Still others chose Florida State because their fathers knew Bobby Bowden. Such is the case with frosh Doug Hill, whose father was a classmate of Bowden at Samford and Brian McCrary, whose father Conrad was coached by Bowden when the Tribe mentor was a rookie coach at Samford. We haven't mentioned senior wide receiver Jeff Bowden. While Dad is the head coach, brothers Terry and Tommy are volunteer and part-time assistants on the current Seminole staff. That's keeping it all in the family...
