

# MEDIA INFORMATION

All media, with the exception of the live network telecast crew, will work from the 9th level of the press box. Media can access the press box only through the designated elevator in the northwest tower of the University Center. Media should proceed down Stadium Drive after parking and move towards Gate B in the northwest corner of the endzone. Do not enter the stadium, however, as you must proceed to the right and enter through the external doors marked "Press Entrance."

## Credential Requests

All requests for working press, radio, television, photography or scouting credentials should be directed to Assistant Athletics Director Rob Wilson no later than four days prior to the game. Requests for season credentials should be made at least two weeks prior to the first game.

Space for the working press, radio and television is allocated by the FSU Sports Information Office.

## Media Headquarters

The media headquarters hotel for Florida State football will be the Radisson located at 415 N. Monroe Street. Most media functions, including the Sunday morning "Breakfast with Bobby," will be held at the Radisson. The FSU sports information office has a limited number of rooms set aside for accredited media during home football week-ends. Contact Lauren Williams of the SID office at (850/644-2016) to make reservations for these rooms. Priority will be determined in the same manner spelled out under "press policies."

**SPECIAL NOTE** — Media reservations for the Radisson will require a TWO NIGHT MINIMUM. There will be no exceptions. When reserving a room through FSU, it will be necessary to give a credit card number to guarantee the room. Florida State may have a limited number of rooms available at the team hotel for road games. Media should contact Williams for information on availability of these rooms.

## Radio-TV

Florida State will host network television and both home and visiting radio in booths in the press box. Network television (or the network broadcasting live) will be working from a mid-field booth on the 8th Level (one below working press). Both home and visiting radio will broadcast from booths at the south end of the 9th level.

## Photographers

Only accredited photographers and those shooting for the FSU Sports Information Office will be issued working credentials.

Florida State reserves the right to admit only those photographers deemed to be on the premises for legitimate media purposes. All photographers working FSU games should be prepared to show a media ID card and equipment designed to photograph major college football.

Florida State uses a double photo line system on its sidelines. Only those photographers actually shooting the game will be allowed on the "front" line. These shooters will be given photo armbands upon check-in to allow them front line access. All other photo personnel will be required to stay behind a second line so as not to obstruct the view of the shooters. This would include grips, runners and sideline reporters. Violation of the double-line system will result in removal from the sideline. No media personnel are allowed in the team area of the sidelines at any time during a game.

Sideline passes for local television will be severely curtailed for

## Video Services

Florida State's Sports Information Office has the ability to assist networks and television stations by providing video services through

*All-American Gil Wesley was the starting center on Bobby Bowden's first four teams at Florida State (1976-79).*

Seminole Productions, Inc. (SPI). The FSU athletic department has a working relationship with SPI and its general manager, Mark Rodin. Seminole Productions has editing and studio facilities on site and can produce material upon request. In most cases, there will be a nominal fee charged for these services. Please call Rodin at 850/644-8624 to arrange for these services.

**Press Parking**

Once again, parking is extremely limited in 2005 and passes will be issued on a priority basis within the same guidelines as working credentials.

**Telephones**

Telephone service should be secured directly through the Florida State University Office of Telecommunications at 850/644-2414. Have them contact the Sports Information Office for location. The Telecommunications Office can provide both lines and phones. Please specify the type of line needed (i.e. touchtone, etc.).

**Fax Service**

An independent fax service will be available for each game. Please contact a member of the Sports Information Office staff during the game to secure post-game fax service.

**Interviews**

Media interviews with all FSU players should be arranged through the Sports Information Office. For phone interviews, a staff member will fill out a card asking the player to return the call. Please give one day advance notice when requesting players for mid-week interviews. All player calls to the media will be made collect.

A weekly interview schedule for select key players will be established within the first two weeks of classes. Players will also be available for a brief period on the field only following practices.

Anyone wishing to schedule an interview with Head Coach Bobby Bowden should contact his assistant, Staci Wilkshire, at 850/644-0097.

**ACC Media Services**

The 12 ACC football coaches will be featured on a weekly conference call each Wednesday during the season. The call runs from 10:30 a.m. to 12:30 p.m. with FSU head coach Bobby Bowden scheduled for 11:00 a.m. The ACC also provides a weekly satellite feed of video highlights and taped interviews. Contact the ACC office for further information on the conference call or the satellite feed at 336-854-8787.

**Conference Call**

On road game weekends, media may talk to Bowden via a Sunday conference call. Contact a member of the Sports Information Office during the previous day's game for further information.

# Bobby Bowden Field at Doak Campbell Stadium

## Stadium Facts

**2005 Capacity** ..... 82,300

**All-Time Home Record** ..... 237-74-4 (.758)  
**Bowden's Home Record** ..... 147-21-2 (.871)

From a maximum capacity of 15,000 in 1953 to a record crowd of 84,336 in 2003 against Miami, Doak S. Campbell Stadium has risen along with the Florida State football program to the top of the college football ladder. In a special ceremony prior to the Florida game on November 20, 2004, the home of Florida State football took on a meaning even more special when Bobby Bowden field was dedicated. With the final phase of construction completed, Seminole fans are welcomed with state-of-the-art additions.

The newest structural portion of the stadium are a second deck of the Varsity Club in the northwest corner of the stadium and additional Skyboxes leased through Seminole Boosters in the northeast corner of

the stadium. However, the newest addition to the stadium is a brand new playing surface completed in March of 2004. The entire floor of the stadium was excavated 18 inches deep and the old pump drainage system was replaced with a complete wall-to-wall system built exactly to USGA golf green standards. The entire field was sodded with the same variety of 419 Tiftway Bermuda that the Seminoles have been playing on for most of the last 11 years.

The south endzone houses the Florida State school of hospitality education where students in the program receive hands-on experience in various aspects of the food and beverage industry. The multi-level facility includes a food court, a restaurant and a sports grill on the top floor that gives a panoramic view of Bobby Bowden Field at Doak Campbell Stadium.

The north endzone, which consisted of wood bleachers until the 1994 season kicked off, is topped by the offices of the football coaches. The offices are just part of the Daisy Parker Flory wing of the Moore Athletic Center which include a number of amenities for the football staff. An even more drastic change came to completion this past summer when the athletics department offices moved back into the newly rebuilt Moore Center.

Towering above college football action from the east side are skyboxes, which stretch from goal line to goal line. New skyboxes are located above the west stands on the eighth floor. The west addition also houses the president's level on the seventh floor (which includes an open air terrace in the northwest corner) and one of the largest press boxes in college football with seating for over 250 members of the media.

A brick facade surrounds the stadium, matching the architectural

design of most of the buildings on the Florida State campus. The University Center surrounds Bobby Bowden Field at Doak Campbell Stadium and houses numerous offices that were located on the interior of the FSU campus.

Inside the stadium, the lowest tier of field level seats were removed, providing increased sideline space and better viewing lines for the first few rows of fans. A matching brick wall was constructed along the east and west sidelines, limiting field access, increasing safety and giving the inside of the stadium a whole new look.

In its last 104 home games, FSU is 96-7-1. Bobby Bowden's Florida State teams have lost only 21 games at home in 29 years, giving the coach an impressive 147-21-2 record and an .871 winning percentage in Tallahassee. A milestone was reached on September 28, 1996 when Bowden won his 100th game in Doak Campbell Stadium as FSU's head coach with a 13-0 victory over North Carolina.

But the winning tradition of Doak S. Campbell Stadium, which was named after the former FSU president of the same name, goes back before Bowden. All-time, Florida State is 237-74-4 in 315 home games for a winning percentage of .758.

Since the stadium opened on Oct. 7, 1950 with Florida State University taking a 40-7 victory over Randolph-Macon, millions of fans have packed Doak S. Campbell to see the finest in college football action. In 2003, Florida State set a single season attendance mark by drawing 498,895 fans over six home games. The latest expansion is the ninth in the history of the stadium. The current capacity of 82,300 reflects an increase of 28,281 since the end of the 1991 season.

Florida State first began play at Centennial Field during the inaugural 1947 season. In the three seasons that the Seminoles called Centennial Field their home, FSU had an overall home record of 8-4, including Coach Don Veller's undefeated 8-0 home mark over the 1948 and '49 seasons.

It's hard to imagine the first Doak Campbell Stadium, with a capacity of 15,000 back in 1950 was built at a cost of \$250,000. In 1954, the stadium grew to a capacity of 19,000. Six thousand more seats were added in 1961. During the Bill Peterson era (1960-70), the stadium was expanded to 40,500 seats, and it remained at that capacity for the next 14 years. Between 1978 and 1982, there were three more additions.

The 1999 season marked another new addition to Doak Campbell Stadium as FSU unveiled the scoreboard video system. The big screen presentation is crystal clear and allows game day producers to show highlights of games all over the country to Seminole fans watching their team in the stadium. With the changes already made since last season, Doak Campbell is growing and improving faster than ever before. Like its residents, the most successful college football program over the past two decades, Doak S. Campbell Stadium has become a fitting showcase for Florida State University.
