performance within University, Conference and national circles. Community service participation by student-athletes is at an all-time high with every team giving back to the community throughout the year. Florida State student-athletes, coaches, administrators and teams are being recognized nationally on a regular basis for honors and awards. Excellence in competition is evidenced across the board with the Seminoles finishing 22<sup>nd</sup> nationally in the Directors' Cup last year. Facility enhancements are remarkable and serve as a collective point of pride for current and former student-athletes, coaches, staff, alumni and fans.

In recognizing Hart's position within intercollegiate athletics, ACC Commissioner John Swofford said, "Dave Hart is one of the best and most respected athletics directors in the business. He thoroughly understands the nuances of major college athletics, and he has superb values to go along with his vast experience in the field. He is a proven leader within our conference as well as at the national level."

Hart has served on several prestigious committees at conference and national levels during his career in athletics administration. He has been a member of the NCAA Council, the NCAA Honors and Awards Committee and the NCAA Special Events and Postseason Bowls Committee as well as a consultant to the NCAA Student-Athlete Advisory Council.

Hart has also held positions of considerable influence within conference and national circles. He served as President of both the National Association of Collegiate Directors of Athletics and the Division I-A Athletics Directors' Association. Hart has been recognized by his peers in intercollegiate administration with the honor of being named Athletics Director of the Year in the Southeast Region in 2000 and 2005. In the six year existence of the AD of the Year Award, he is one of only three athletics directors' in Division I-A to receive the regional award twice. He has also received the Robert R. Neyland Award for lifetime achievement in his profession as well as the Athletics Directors' Award for advancing the quality and progress of student-athletes and the athletics program while at Florida State. He currently is a member of the NCAA Football Board of Directors where he represents NACDA and serves with commissioners of Division I-A conferences as well as NCAA President, Myles Brand. He is also one of six athletics directors nationally who serve as an advisory group to presidents and conference commissioners in ongoing meetings and discussions regarding BCS format options and related issues. In addition to serving in prominent leadership roles nationally, Hart has been directly involved in the renegotiations of the ACC's football and basketball television contracts, which are considered to be the nation's best. He has chaired the ACC Television Committee as well as the ACC Men's Basketball and Football committees. A long-time advocate of conference expansion, Hart played an instrumental role in the Atlantic Coast Conference expansion process which resulted in the addition of three new members in Miami, Virginia Tech and Boston College while immediately elevating the national profile of the ACC.

A popular speaker at the national level, Hart has made numerous speaking presentations nationally and presented seminars on such topics as student-athlete welfare, marketing, gender equity, facility master planning, negotiation skills and personnel transition. He was an instructor at the National Association of Collegiate Directors of Athletics Management Institute for ten years and currently is an annual presenter at the Division I-A Athletics Directors' Institute sharing with peers his knowledge and experiences relating to athletics administration.

Since his arrival at Florida State, Hart has negotiated unprecedented

**Derek Schmidt held the NCAA record for points scored in a career with 393 from 1984-87 and he still holds the FSU record for career points.**

multi-million dollar contracts for the department totaling in excess of 90 million dollars while planning and guiding the development and implementation of an extensive and comprehensive facilities master plan for athletics totaling more than 100 million dollars. He initiated a multi-faceted Student Development/Life Skills program for all student-athletes at FSU, which has been recognized nationally as a "Program of Excellence" by the Division I-A Athletics Directors' Association. He also spearheaded the rewriting of the department's mission statement to put the student-athlete at the core of everything the athletics department does in its goal to build comprehensive excellence throughout the many components of the department.

Hart took a leadership role in the athletics department's first major Capital Campaign, in concert with Seminole Boosters, which raised over 75 million dollars for athletics facilities and endowed athletics scholarships for all sports at Florida State. Within the Facilities Master Plan, the Soccer/Softball facility was the first new facility to be built and remains one of the nation's finest. Major renovations to the Tennis and Volleyball facilities have also been completed. The state-of-the-art Golf Facility and Teaching Center and the Basketball Training Center are now in place. The Dick Howser Baseball Stadium project, as well as the new Moore Athletics Center, were completed within the past year. A new aquatics facility and completion of the renovation to the Mike Long Track building are ongoing priorities. The planned "Legacy Walk" will ultimately showcase FSU tradition and Athletics heritage around the University Center.

Hart has made major hires within coaching and administrative areas of the department, while dramatically increasing exposure for all Seminole Athletics since his arrival at FSU. Through the negotiation of television contracts with Sun Sports as well as ACC contracts with regional sports carriers and ABC and ESPN, Florida State enjoys outstanding visibility in all sports on an annual basis.

Under Hart's direction, FSU formalized a varsity club to encourage the participation of former student-athletes in athletics department activities and a new focus has been placed on the growth of women's athletics at FSU. That commitment is reflected in the increased allocation of funding and facility improvements, such as the Soccer/Softball Complex. Also during Hart's tenure, FSU has been home to the inaugural National Student-Athlete of the Year as well as the NCAA's State of Florida Woman of the Year. A record number of FSU student-athletes have made the ACC Academic Honor Roll, been recipients of NCAA post-graduate scholarship awards and obtained degrees during the past ten years. Student-athlete community service involvement has become a priority since Hart's arrival. Student-athletes at FSU contributed over 4,700 recorded hours this past year to community outreach projects with the women's golf team winning the Athletics Director's Cup for community service.

Football and baseball continue to compete at the highest level nationally during Hart's tenure as both the football and baseball programs have played in national championship games while continuing to excel in conference play. The commitment to build men's and women's basketball into a conference and national contender is very tangible. A 20 million dollar renovation to the Leon County Civic Center and a new 10 million dollar Basketball Training Center are a source of pride for the men's and women's basketball programs.

A 1971 graduate of Alabama, Hart played basketball for the Crimson Tide and earned a master's degree in 1972 while serving as a graduate assistant basketball coach. He coached and taught at the high school level before joining the East Carolina athletics program in 1983 where his vision and leadership enabled that program to reach goals thought to be unattainable.

Hart met his wife, the former Pam Humble, while at Alabama and they have three children, Rick, Jamie and Kelly. The Harts' also have three grandchildren, Trevor, Caroline and McKinley.

# ATHLETIC ACADEMIC SUPPORT PROGRAM

## Athletic Academic Support Mission Statement

THE PRIMARY FOCUS OF THE ATHLETIC ACADEMIC SUPPORT PROGRAM IS TO PROVIDE AN ENVIRONMENT WHICH FACILITATES THE ACADEMIC SUCCESS OF EACH STUDENT-ATHLETE. STUDENT SUCCESS IS ENCOURAGED THROUGH COMPETENT ACADEMIC COUNSELING, STUDY SKILLS DEVELOPMENT, INDIVIDUALIZED ASSESSMENT AND SUPPORT, AND A WIDE ARRAY OF TUTORIAL SERVICES.

## An Overview of an Award-Winning Academic Support Program

Academic, personal and professional support is essential to college success. At The Florida State University, an outstanding support program has been developed that enables student-athletes to reach their full potential.

Florida State Athletic Academic Support Program Director, Mark Meloney states, "Our philosophy is to offer an academic support program integrated with the total University that will assist all student-athletes with the transition into college and provide continued support in all phases of academic and professional development, culminating with graduation, job placement or graduate school."

FSU's program operates on a "proactive" rather than "reactive" approach. The academic staff does not wait for crises to occur. They gather important background information on each entering student-athlete, build an academic profile, and develop individualized support programs which are tailored to the unique needs of each student-athlete. They also stay informed on the daily progress of the student-athletes through consistent communication with the Florida State faculty.

In the summer of 2004, the Academic Support Program moved into their new home, a state-of-the-art facility in the newly constructed Moore Athletic Center. The multi-million dollar structure, which is located in the north end zone of Doak Campbell Stadium, is the new home of Florida State athletics. Some of features of the new academic support area include a 32-station computer lab for student-athletes, 10 private tutorial rooms and a five-station "Learning Center" for student-athletes with learning deficiencies and/or disabilities. The compliance, student services, business, sports information and athletics marketing offices are also housed in the facility, providing a more efficient and functional department, thus allowing student-athletes an opportunity for balance and improved time-management.

The academic support staff is comprised of a director, associate director, administrative assistant, 6 academic counselors, 2 learning specialists, several graduate assistants, and approximately 50 tutors and mentors.

Meloney was named the program's Director in 1997 and brings 19 years of advising experience to the position. Over the past nine years, Meloney has played an integral role in the development of a comprehensive program of student-athlete support, which in 1996 won the "Program of Excellence" award from *Athletic Management Magazine*.

## Tutor & Mentor Program

The athletics department at Florida State Uni-

versity has made a commitment to providing the student-athletes with one of the finest and most comprehensive tutorial and mentor programs in the nation. The tutorial program is just one of several key support services that is available to all student-athletes as they progress towards their ultimate goal of obtaining a college degree. FSU hires approximately 50 tutors a year, from a variety of academic departments, who are committed to providing a proactive, individualized approach in assisting student-athletes with course comprehension and study skills. In addition, mentors are academic role models who have demonstrated the ability to teach and give guidance in areas of academic developmental skills. They are responsible for providing assistance in the development of skills such as note taking, test preparation and communication with faculty. In essence, mentors become an extension of the academic counselor as they keep the academic performance of their student-athletes under close observation and report to the academic counselors each week. The tutors and mentors are usually seniors or graduate level students who have outstanding academic backgrounds.

## Study Hall

In an effort to help ensure the academic success of the student-athletes, professionally supervised study sessions for each athletic team are organized. The main focus of the study hall program is to help students develop consistent and appropriate study patterns by providing a structured setting to work on class assignments and to provide tutorial assistance before academic problems arise. Although the criteria for study hall is left to the discretion of each academic counselor, typically most freshmen, first year transfers, and upperclassmen who have not yet achieved a satisfactory cumulative grade point average are asked to attend study hall.

## Academic Honors & Awards

Florida State University student-athletes have achieved great success in obtaining recognition for academic excellence. More than \$250,000 in Postgraduate Scholarship monies have been granted to FSU student-athletes over the past 10 years, as well as numerous other academic honors and awards. In 2005, three Seminole student-athletes were named National Academic All-Americans — Natasha Jacob (softball), Garrett Johnson (track), and Tom Lancashire (track and cross country). This is the first time since 1970 that three Seminoles have been bestowed this honor in the same year.

Florida State University named 169 student-athletes to the 2005 Atlantic Coast Conference Honor Roll. In the 2004-05 academic year alone,

## MATT SCHMAUCH ACADEMIC COMMITMENT AWARD

*Junior defensive end Willie Jones was presented with the second annual Matthew Schmauch Academic Commitment Award at halftime of the spring game.*

This award has been established in honor and memory of former Academic Support Assistant Director Matt Schmauch, who passed away in June 2003, and will be given annually to a deserving football student-athlete. Defensive end Eric Moore, now with the New York Giants, was the first recipient of the Matt Schmauch Academic Commitment Award in 2004. Junior defensive end Willie Jones was the 2005 recipient.

"We will look for the student-athlete who best represents the things that Matt represented," Director Mark Meloney said. "We want to honor the person who is accountable and responsible in the classroom and who is working every day to be a better student. This is not an award that will go to the highest GPA. It will go to the player who is dedicated to getting a degree and who is accountable and responsible in the classroom."

*Running back Dexter Carter was one of the most versatile players in FSU history and he appears on both rushing and kick returning charts.*

*Chris Hope won the CFA Post-Graduate Scholarship in 2001.*

Florida State boasted three ACC Weaver James Corrigan Postgraduate Scholarship winners, one NCAA Postgraduate Scholarship finalist, two Arthur Ashe Jr. Sports Scholar Award winners, two District Academic All-Americans and three National Academic All-Americans.

The Academic Support Program is committed to recognizing the academic success of all student-athletes. The athletics department, in conjunction with Seminole Boosters, Inc., puts on the annual "Golden Torch Gala," a black-tie academic awards banquet, each fall. The ACC Honor Roll student-athletes, as well as the individuals with the highest GPA on their respective teams, and the men's and women's teams with the highest GPA are recognized at this event.

Team meetings are held each year, during which time student-athletes are notified of potential honors and awards and are encouraged to apply. Combining a strong grade point average with athletic accomplishments, community service activities and leadership experiences make for a student-athlete capable of obtaining unlimited academic honors, awards and postgraduate opportunities.
