

MEDIA INFORMATION

All media, with the exception of the live network telecast crew, will work from the 9th level of the press box. Media can access the press box only through the designated elevator in the northwest tower of the University Center. Media should proceed down Stadium Drive after parking and move towards Gate B in the northwest corner of the endzone. Do not enter the stadium, however, as you must proceed to the right and enter through the external doors marked "Press Entrance."

CREDENTIAL REQUESTS

All requests for working press, radio, television, photography or scouting credentials should be directed to Assistant Athletics Director Rob

Tailback Leon Washington speaks to the media after the victory over Miami in last year's opener. Washington was selected in the fourth round by the New York Jets in this year's NFL Draft.

Wilson no later than four days prior to the game. Requests for season credentials should be made at least two weeks prior to the first game.

Space for the working press, radio and television is allocated by the FSU Sports Information Office.

MEDIA HEADQUARTERS

The media headquarters hotel for Florida State football will be the Hampton Inn and Suites located at 3388 Lonnbladh Road. Most media functions, including the Sunday morning "Breakfast with Bobby," will be held at the Hampton Inn (850-574-4900). The FSU sports information office has a limited number of rooms set aside for accredited media during home football weekends. Contact Lauren Williams of the SID office at (850/644-2016) to make reservations for these rooms. Priority will be determined in the same manner spelled out under "press policies."

RADIO-TV

Florida State will host network television and both home and visiting radio in booths in the press box. Network television (or the network broadcasting live) will be working from a mid-field booth on the 8th Level (one below working press). Both home and visiting radio will broadcast from booths at the south end of the 9th level.

PHOTOGRAPHERS

Only accredited photographers and those shooting for the FSU Sports Information Office will be issued working credentials.

Florida State reserves the right to admit only those photographers deemed to be on the premises for legitimate media purposes. All photographers working FSU games should be prepared to show a media ID card and equipment designed to photograph major college football.

Florida State uses a double photo line system on its sidelines. Only

those photographers actually shooting the game will be allowed on the "front" line. These shooters will be given photo armbands upon check-in to allow them front line access. All other photo personnel will be required to stay behind a second line so as not to obstruct the view of the shooters. This would include grips, runners and sideline reporters. Violation of the double-line system will result in removal from the sideline. No media personnel are allowed in the team area of the sidelines at any time during a game.

Sideline passes for local television will be severely curtailed for televised games and each station will be restricted to two passes. Still photographers may have access to the sidelines only. Those holding a photography credential should report to the Press Box where they will be issued an armband, rosters and a pre-game meal. The only access to the field is through the gate at the northwest corner of the stadium near Gate A.

VIDEO SERVICES

Florida State's Sports Information Office has the ability to assist networks and television stations by providing video services through Seminole Productions, Inc. (SPI). The FSU athletic department has a working relationship with SPI and its general manager, Mark Rodin. Seminole Productions has editing and studio facilities on site and can produce material upon request. In most cases, there will be a nominal fee charged for these services. Please call Rodin at 850/644-8624 to arrange for these services.

PRESS PARKING

Once again, parking is limited in 2006 and passes will be issued on a priority basis within the same guidelines as working credentials. NOTE: Press parking is approximately 600 yards from the press box.

TELEPHONES

Telephone service should be secured directly through the Florida State University Office of Telecommunications at 850/644-4357. Have them contact the Sports Information Office for location. The Telecommunications Office can provide both lines and phones. Orders can also be placed on-line at www.otc.fsu.edu. Please make sure to request phone lines at least three days prior to the game.

FAX SERVICE

An independent fax service will be available for each game. Please contact a member of the Sports Information Office staff during the game to secure post-game fax service.

INTERVIEWS

Media interviews with all FSU players should be arranged through the Sports Information Office. For phone interviews, a staff member will fill out a card asking the player to return the call. Please give one day advance notice when requesting players for mid-week interviews. All player calls to the media will be made collect.

A weekly interview schedule for select key players will be established within the first two weeks of classes. Players and coaches will also be available for a brief period on the field following practice.

ACC MEDIA SERVICES

The 12 ACC football coaches will be featured on a weekly conference call each Wednesday from August 30th to November 15th. The final call of the season will be on Tuesday, November 21st due to the Thanksgiving holiday. The call runs from 10:30 a.m. to 12:30 p.m. The ACC also provides a weekly satellite feed of video highlights and taped interviews. Contact the ACC office for further information on the conference call or the satellite feed at 336-854-8787.

CONFERENCE CALL

On road game weekends, media may talk to Bowden via a Sunday conference call. Contact a member of the Sports Information Office during the previous day's game for further information.

BOBBY BOWDEN FIELD AT DOAK CAMPBELL STADIUM

STADIUM FACTS

2006 Capacity	82,300
Surface	419 Tiftway Bermuda
Location	Pensacola Street & Stadium Drive
First Game	October 7, 1950
Opponent	Randolph-Macon
Score	Florida State 40, Randolph Macon 7
All-Time Home Record	242-75-4 (.760)
Bowden's Home Record	152-22-2 (.869)

From a maximum capacity of 15,000 in 1953 to a record crowd of 84,347 in 2005 against Miami, Doak S. Campbell Stadium has risen along with the Florida State football program to the top of the college football ladder. In a special ceremony prior to the Florida game on November 20, 2004, the home of Florida State football took on a meaning even more special when Bobby Bowden field was dedicated. With the final phase of construction completed, Seminole fans are welcomed with state-of-the-art additions.

The newest structural portion of the stadium are a second deck of the Varsity Club in the northwest corner of the stadium and additional Skyboxes leased through Seminole Boosters in the northeast corner of the stadium. However, the newest addition to the stadium is a brand new playing surface completed in March of 2004. The entire floor of the stadium was excavated 18 inches deep and the old pump drainage system was replaced with a complete wall-to-wall system built exactly to USGA golf green standards. The entire field was sodded with the same variety of 419 Tiftway Bermuda that the Seminoles have been playing on for most of the previous 11 years.

The south endzone houses the Florida State school of hospitality education where students in the program receive hands-on experience in various aspects of the food and beverage industry. The multi-level facility includes a food court, a restaurant and a sports grill on the top floor that gives a panoramic view of Bobby Bowden Field at Doak Campbell Stadium.

The north endzone, which consisted of wood bleachers until the 1994 season kicked off, is topped by the offices of the football coaches. The offices are just part of the Daisy Parker Flory wing of the Moore Athletic Center which include a number of amenities for the football staff. An even more drastic change came to completion in June of 2005 when the athletics department offices moved back into the newly rebuilt Moore Center.

Towering above college football action from the east side are skyboxes, which stretch from goal line to goal line. New skyboxes are located above the

west stands on the eighth floor. The west addition also houses the president's level on the seventh floor (which includes an open air terrace in the northwest corner) and one of the largest press boxes in college football with seating for over 250 members of the media.

A brick facade surrounds the stadium, matching the architectural design of most of the buildings on the Florida State campus. The University Center surrounds Bobby Bowden Field at Doak Campbell Stadium and houses numerous offices that were located on the interior of the FSU campus.

Inside the stadium, the lowest tier of field level seats were removed, providing increased sideline space and better viewing lines for the first few rows of fans. A matching brick wall was constructed along the east and west sidelines, limiting field access, increasing safety and giving the inside of the stadium a whole new look.

In its last 110 home games, FSU is 101-8-1. Bobby Bowden's Florida State teams have lost only 22 games at home in 30 years, giving the coach an impressive 152-22-2 record and an .869 winning percentage in Tallahassee. A milestone was reached on September 28, 1996 when Bowden won his 100th game in Doak Campbell Stadium as FSU's head coach with a 13-0 victory over North Carolina.

But the winning tradition of Doak S. Campbell Stadium, which was named after the former FSU president of the same name, goes back before Bowden. All-time, Florida State is 242-75-4 in 321 home games for a winning percentage of .760.

Since the stadium opened on Oct. 7, 1950 with Florida State University taking a 40-7 victory over Randolph-Macon, millions of fans have packed Doak S. Campbell to see the finest in college football action. In 2003, Florida State set a single season attendance mark by drawing 498,895 fans over six home games. The latest expansion is the ninth in the history of the stadium. The current capacity of 82,300 reflects an increase of 28,281 since the end of the 1991 season.

Florida State first began play at Centennial Field during the inaugural 1947 season. In the three seasons that the Seminoles called Centennial Field their home, FSU had an overall home record of 8-4, including Coach Don Veller's undefeated 8-0 home mark over the 1948 and '49 seasons.

It's hard to imagine the first Doak Campbell Stadium, with a capacity of 15,000 back in 1950 was built at a cost of \$250,000. In 1954, the stadium grew to a capacity of 19,000. Six thousand more seats were added in 1961. During the Bill Peterson era (1960-70), the stadium was expanded to 40,500 seats, and it remained at that capacity for the next 14 years. Between 1978 and 1982, there were three more additions.

The 1999 season marked another new addition to Doak Campbell Stadium as FSU unveiled the scoreboard video system. The big screen presentation is crystal clear and allows game day producers to show highlights of games all over the country to Seminole fans watching their team in the stadium. With the changes, Doak Campbell is growing and improving faster than ever before. Like its residents, the most successful college football program over the past two decades, Doak S. Campbell Stadium has become a fitting showcase for Florida State University.
