COMMUNITY SERVICE

The Florida State football team has made community service a priority. The Seminoles registered 1,400 volunteer hours in 2016-17, doubling the total number of hours from the previous year. Players volunteered with Habitat for Humanity, spoke at schools all over the Tallahassee community, mentored youth in Leon County, worked with FSU Recycles and volunteered at numerous youth camps.

THE MUSIAL AWARDS

TRAVIS RUDOLPH

The Musial Awards recognized Travis Rudolph's inspiring friendship with Bo Paske, a Tallahassee middle schooler with autism that he befriended during a visit to Montford Middle School in August of 2016. Rudolph saw Paske eating by himself, was photographed and the image soon went viral, thanks to Bo's mother, Leah. When the outpouring of support for the duo went national, Rudolph presented Bo and Leah with a personalized jersey and tickets to the season opener against Ole Miss in Orlando. Since then, the Paske's have become two of Rudolph's biggest fans and are frequently seen at team practices and games. Both Leah and Bo were on hand when Travis was picked up by the New York Giants as an undrafted free agent.

He was one of 11 award winners for Extraordinary Sportsmanship. The Musial Awards presented by Maryville University and produced by the St. Louis Sports Commission and National Sportsmanship Foundation in honor of longtime Cardinals baseball player Stan Musial.

MEDIA GUIDELINES

All media who wish to cover FSU athletics will be expected to comply with all the procedures of the University, ACC and FSU Sports Information Office in order to be credentialed. Procedures will be provided in detail at the start of the 2017-18 athletic year.

Interviews

Media interviews with all FSU players and coaches **MUST** be arranged through the Sports Information Office. Contact the football media relations director by calling (850) 645-7683 to arrange interviews with head coach Jimbo Fisher and all other Seminole players. Please give as much advance notice as possible when requesting players for midweek interviews.

Players are available on Mondays and Tuesdays and if necessary on Wednesdays. Team locker rooms are off limits to media representatives at all times.

Player's phone numbers will not be given to the media and players should not be called directly or contacted through social media sites to arrange interviews or ask questions.

Head Coach Jimbo Fisher Stream & Call-In

FSU Head Coach Jimbo Fisher will meet with the media on Mondays during the season in the FSU player's lounge. Contact the Sports Information Office or refer to the weekly release for exact times for the press conferences which will begin during the week of the first game and run throughout the season. Media can request a call-in number to listen live or ask Coach Fisher questions. The entire press conference is also streamed live via Facebook.

All interview requests for Coach Fisher are coordinated through the FSU Sports Information Office by calling (850) 645-7683. Coach Fisher will participate in the ACC head coaches' weekly teleconference with the other 13 league coaches each Wednesday. He will also meet with the media immediately following practice Tuesday-Thursday.

Video Services

Florida State's Sports Information Office has the ability to assist networks and television stations by providing video services through Seminole Productions, Inc. (SPI). Please call general manager Mark Rodin at (850) 644-6275 to arrange for these services. For more information on Seminole Productions, visit seminoleproductions.fsu.edu

XOS Digital Exchange

The Florida State Sports Information Office has partnered with XOS Digital in order to provide over-the-air television stations with instantaneous access to video content. The partnership involves the use of the company's Digital Media Xchange Server that will allow television stations to pull down video content year round. The data transfer speed is much faster than a traditional FTP service allowing very large files to be downloaded in just minutes.

The password protected video FTP site will be hosting Monday press conferences with Florida State Football Head Coach Jimbo Fisher and a Thursday Jimbo Fisher interview.

If you have an interest in creating an account that gives you access to the video weekly, please email Elliott Finebloom (efinebloom@fsu.edu). If you are looking for access just for a particular game week, please email prior to that game to set up a guest account.

Social Media

Florida State Sports Information is making a continued effort in 2017-18 to utilize social media outlets as another way of passing information to our fans and those who cover our programs. FSU Football's twitter account @FSU_Football and Instagram feed @FSUfootball provide updated information and behind-the-scenes news as does the Noles' Facebook page - [facebook.com/FSUfootball](https://www.facebook.com/FSUfootball).

COVERING THE SEMINOLES

Credential Requests

All requests for working press, radio, television, photography or scouting credentials should be directed to our online credentialing site located on the Seminoles.com Media Relations page no later than four days prior to the game. **PHOTOS WILL BE REQUIRED AND MUST BE UPLOADED AT THE TIME YOU REQUEST CREDENTIALS. PHOTO MUST BE IN COLOR AND PROVIDE A CLEAR VIEW OF THE FACE.** Requests for season credentials should be made at least two weeks prior to the first game. Space for the working press, radio and television is allocated by the FSU Sports Information Office. Any credential questions can be answered by Assistant A.D./SID and Digital Media Elliott Finebloom.

Press Parking

Once again, parking is limited in 2017 and passes will be issued on a priority basis within the same guidelines as working credentials. Press parking is approximately 600 yards from the press box, located in the parking garage just north of the Seminole Soccer Complex on Spirit Way.

Media Will Call

Media Will Call is located near Gate B in the northwest corner of the end zone. Do not enter the stadium but proceed to the right and enter through the external doors marked "Press Entrance" where the media will call table is located right inside the doors.

Press Box

All media, with the exception of the live network telecast crew, will work from the ninth level of the press box. Media can access the press box only through the designated elevator in the northwest tower of the University Center. After parking, media should proceed down Stadium Drive and move towards Gate B in the northwest corner of the end zone. To enter the press box, do not enter the stadium but proceed to the right and enter through the external doors marked "Press Entrance". **The press box opens three hours before kickoff.**

Internet Access

Internet access is available in the ninth level press box and photo work room. Access to the wireless internet requires guests to register through their computer. Guests should connect to the FSUGuest internet connection and then open an internet browser. Guests will be taken to a welcome screen where they will click on Guest Registration and fill out the necessary information to receive the appropriate login information.

Radio-TV

Florida State will host both home and visiting radio in booths in the press box. Network television (or the network broadcasting live) will be working from a mid-field booth on the eighth level (one below working press). Both home and visiting radio will broadcast from booths at the south end of the ninth level.

Photographers

Florida State reserves the right to admit only those photographers deemed to be on the premises for legitimate media purposes and who are shooting for editorial purposes only. All photographers working FSU games should be prepared to show a media ID card and equipment designed to photograph major college football. Florida State uses a double photo line system on its sidelines. Only those photographers actually shooting the game will be allowed on the "front" line. These shooters will be given photo vests upon check-in to allow them front line access. All other photo personnel will be required to stay behind a second line as not to obstruct the view of the shooters. This would include grips, runners and sideline reporters. No media personnel are allowed in the team area of the sidelines at any time during a game. Sideline passes for over-the-air television will be limited to shooters only. Still photographers may have access to the sidelines only. Those holding a photography credential should report to the Press Box where they will be issued a vest, rosters and a pre-game meal. The only access to the field is through the gate at the northwest corner of the stadium near Gate A. A guarded photo workroom is available and located underneath Section 8 on the East side of the stadium in (E-142).

Florida State's broadcast crew is known as one of the nation's best, as it provides insight and entertainment, as well as detailed and expert analysis. The broadcast features award-winning play-by-play announcer **Gene Deckerhoff**, a veteran of the Seminole broadcasts heading into his 39th season. Deckerhoff is nationally known as one of the finest announcers in the South. The "Voice of the Seminoles" is a 14-time winner of the NSSA Florida Sportscaster of the Year Award and has been inducted into the Florida Sports Hall of Fame. A native of Jacksonville, Fla., Deckerhoff has been the play-by-play announcer for the Tampa Bay Buccaneers of the NFL for the past 28 years, making for some very busy fall weekends. He runs Gene Deckerhoff Productions, a firm specializing in sports broadcasting and the production of radio and television commercials.

National Champion and Super Bowl winner **William Floyd** joins Deckerhoff in the booth as the color analyst. Floyd is now in his ninth season broadcasting FSU football games after joining the team in 2008. The former Florida

reporter Tom Block joins Deckerhoff and Floyd in providing in-depth analysis during the game. Florida State's game-day broadcasts begin two hours prior to every kickoff.

Voice of the Noles Still Booming in 39th year

Gene Deckerhoff joined an elite list of esteemed radio broadcasters when he called his 400th Florida State football game against Virginia in 2011. Now in his 39th season, the Jacksonville native and Florida grad moved to Tallahassee for the job he has now held since the 1979 season.

Deckerhoff was selected over two other broadcasters of some note -

Tom Mees, who became a national figure at ESPN, and Craig Sager, who is best known for his NBA work on TBS.

A bona fide legend in broadcasting and one of only four announcers ever inducted into the Florida Sports Hall of Fame, Deckerhoff has also called FSU basketball since 1974 and been the voice of the Tampa Bay Buccaneers since 1989.

In 2015, Deckerhoff was presented with the prestigious Lindsey Nelson Award for broadcasting excellence. He has been honored with the Florida Sportscaster of the Year Award 14 times and is a member of the Florida State University Athletics Hall of Fame. In 2013, Deckerhoff won the National Football Foundation Chris Schenkel Award.

The only FSU football games he has missed were bowl games that the school did not have the rights to broadcast.

The Jimbo Fisher Show

"The Jimbo Fisher Show," televised throughout the entire state of Florida, features the head football coach of the Florida State Seminoles. Coach Fisher is joined each week on the show by host Tom Block. Every Monday afternoon during football season, Coach Fisher along with Block review the action-packed highlights of the previous week's game.

Jimbo Fisher Call-In Show

On Wednesday evenings, Seminole fans have the chance to visit with FSU head coach Jimbo Fisher and "The Voice of the Seminoles" Gene Deckerhoff during "The Jimbo Fisher Call-In Show" live from the Four Points Sheraton in downtown Tallahassee. Coach Fisher's call-in show is an hour-long broadcast beginning at 7 p.m. The show features Coach Fisher and Deckerhoff talking directly with fans from across the country, touching on game insights, trivia, and random Seminole banter.

SEMINOLE PRODUCTIONS

Anyone who has visited the second floor broadcast facilities in the Moore Athletic Center has seen them - the two very large, yet overcrowded trophy cases in the Seminole Productions area. That's because each and every year, Florida State's Seminole Productions is recognized for excellence. With an experienced, award-winning professional staff and talented students, Seminole Productions is viewed as a leader in sports production, graphics, and visual communications. ESPN executives visited the state of the art SP facility and were so impressed, that they set in motion the groundwork to form a strategic partnership with Seminole Productions.

Seminole Productions was the first ACC member to produce a spotlight live event for ESPN's main linear channel when it produced the 2017 NCAA Women's Softball Tallahassee Regional Championship Game. Seminole Productions actually produced a total of 5 linear broadcasts that weekend. ESPN has also contracted Seminole Productions to produce live events and show programming for their sports networks including ACC Network Extra, ESPN3, ESPN2, and ESPNU. Over the past 6 years, Seminole Productions has produced over 350 Live Events for ESPN including Football Pro Day, Football National Signing Day, and Football Spring Games, as well as Baseball, Basketball, Soccer, Softball, Volleyball, Tennis, and also multiple NCAA Championships, just to name a few. Seminole Productions, with the help of FSU Athletics,

also recently completed a multi-million dollar renovation to its control room's and studio facilities. The new and enhanced state of the art facility is now capable of running multiple network broadcasts and video board productions simultaneously. The new broadcast areas are so advanced that major networks can run their broadcasts out of Seminole Productions control rooms without the need of expensive broadcast TV and satellite trucks.

Established in 1987, Seminole Productions handles virtually every video production need for Florida State Athletics. It produces the Jimbo Fisher, Leonard Hamilton, Sue Semrau and Mike Martin TV shows, as well as Seminole Sports Magazine and other contracted shows for major networks. Seminole Productions also provides all of the production elements and support for Seminole Vision, the in-game entertainment productions for all Florida State football, basketball and baseball home contests. Creating the perfect blend of high-tech wizardry with outstanding Seminole sports action is a big part of what Seminole Productions is all about. Seminole Productions also provides visual communication support for the government and other agencies throughout the State of Florida.

Over the years, Seminole Productions has won over 200 national and international awards in a variety of production and graphics categories. It has been recognized for its work with Florida State athletics on both TV programs, and for content running on FSU's Big Screen displays. SP staff members were even nominated for multiple Emmy Awards over 3 consecutive years.

Beyond it's professional work, Seminole Productions main mission is one of teaching and is a part of the FSU College of Communications and Information. Director Mark Rodin is a Faculty member and Senior Directors Jim Garbarino and Kirby Kander are adjunct professors for the College. FSU Communications students get to learn from industry professionals while working on real world professional productions for national networks learning their craft on state of the art equipment. Seminole Productions has placed students in the broadcasting and film industries everywhere from New York to Los Angeles and with professional sports teams nationwide.
