MEDIA GUIDELINES

All media who wish to cover FSU athletics will be expected to comply with all the procedures of the University, ACC and FSU Sports Information Office in order to be credentialed. Procedures will be provided in detail at the start of the 2021-22 athletic year and are subject to change at any time.

INTERVIEWS

Media interviews with all FSU players and coaches **MUST** be arranged through the Sports Information Office. Email Derek Satterfield (dsatterfield@fsu.edu) to arrange interviews with head coach Mike Norvell, assistant coaches, staff and all student-athletes. Please give as much advance notice as possible when requesting interviews.

Players will be available at designated times during the season.

Players' phone numbers will not be given to the media and players should not be called directly or contacted through social media sites to arrange interviews or ask questions.

HEAD COACH MIKE NORVELL

FSU head coach Mike Norvell will hold his weekly press conference on Mondays during the season. Contact the Sports Information Office or refer to the weekly release for exact times for the press conferences, which will begin during the week of the first game and run throughout the season, as well as additional media opportunities during game weeks.

All interview requests for Coach Norvell are coordinated through the FSU Sports Information Office by emailing Derek Satterfield (dsatterfield@fsu.edu).

VIDEO SERVICES

Florida State's Sports Information Office has the ability to assist networks and television stations by providing video services through Seminole Productions, Inc. (SPI). Please call Kirby Kander at (850) 644-8036 to arrange for these services. For more information on Seminole Productions, visit seminoleproductions.fsu.edu

XOS DIGITAL EXCHANGE

The Florida State Sports Information Office has partnered with XOS Digital in order to provide over-the-air television stations with instantaneous access to video content. The partnership involves the use of the company's Digital Media Xchange Server that will allow television stations to pull down video content year round. The data transfer speed is much faster than a traditional FTP service allowing very large files to be downloaded in just minutes.

The password-protected video FTP site will be hosting Monday press conferences with head coach Mike Norvell.

If you have an interest in creating an account that gives you access to the video weekly, please email Elliott Finebloom (efinebloom@fsu.edu). If you are looking for access just for a particular game week, please email prior to that game to set up a guest account.

SOCIAL MEDIA

Florida State Sports Information is making a continued effort in 2021-22 to utilize social media outlets as another way of passing information to our fans and those who cover our programs. FSU Football's twitter account @FSUFootball and Instagram feed @FSUfootball provide updated information and behind-the-scenes news as does the Noles' Facebook page - [facebook.com/FSUFootball](https://www.facebook.com/FSUFootball).

CREDENTIAL REQUESTS

All requests for working press, radio, television, photography or scouting credentials should be directed to our online credentialing site located on the Seminoles.com Media Relations page no later than the **Tuesday** before the game. **PHOTOS WILL BE REQUIRED AND MUST BE UPLOADED AT THE TIME YOU REQUEST CREDENTIALS. PHOTO MUST BE IN COLOR AND PROVIDE A CLEAR VIEW OF YOUR FACE.** Requests for the home opener should be made at least two weeks prior to the first game. Space for the working press, radio and television is allocated by the FSU Sports Information Office. Any credential questions can be answered by Assistant A.D./SID and Digital Media Elliott Finebloom (efinebloom@fsu.edu) or Assistant Director Christa Salerno (csalerno@fsu.edu).

INTERNET ACCESS

Internet access is available in the ninth level press box and any additional media work space. Access will be granted through the FSUMedia network. The password will be available on all seat cards and will also be posted throughout the press box. All game day materials, including flip cards, game notes, media guides and stats, will be made available through Seminoles.com.

RADIO-TV

Florida State will host both home and visiting radio in booths in the press box. Network television (or the network broadcasting live) will be working from a mid-field booth on the eighth level (one below working press). Both home and visiting radio will broadcast from booths at the south end of the ninth level.

TELEPHONES

Telephone service should be secured directly through the Florida State University Office of Telecommunications at (850) 644-4357. The Telecommunications Office can provide both lines and phones. Orders can also be placed on-line at www.its.fsu.edu. Please make sure to request phone lines at least three days prior to the game.

DIGITAL MEDIA

The Digital Media Department is responsible for presenting the Seminoles online. Offices are located on the second floor of the Moore Athletics Center.

The department manages FSU's official site Seminoles.com, the official social media platforms for the Seminoles, online stores, auctions, apps, promotional and championship sites.

SEMINOLES.COM ALSO PROVIDES:

- Live game audio featuring "The Voice of the Seminoles" Gene Deckerhoff and William Floyd
- Live press conference coverage Mondays and after games
- Live in-game stats
- Unique written and video content aimed at engaging and informing Seminole fans
- Roster, schedules, media guides, game notes and more

SEMINOLE SPORTS NETWORK

VOICE OF THE NOLES STILL BOOMING IN 43RD YEAR

Gene Deckerhoff joined an elite list of esteemed radio broadcasters when he called his 500th Florida State football game against North Carolina State in 2019. Calling his 43rd season of FSU football in 2021, the Jacksonville native and Florida grad moved to Tallahassee for the job he has held since the 1979 season.

Deckerhoff was selected over two other broadcasters of some note - Tom Mees, who became a national figure at ESPN, and Craig Sager, who was best known for his NBA work with Turner Sports.

A bona fide legend in broadcasting and one of only four announcers ever inducted into the Florida Sports Hall of Fame, Deckerhoff has also called FSU basketball since 1974 and been the voice of the Tampa Bay Buccaneers since 1989.

In 2015, Deckerhoff was presented with the prestigious Lindsey Nelson Award for broadcasting excellence. He has been honored with the Florida Sportscaster of the Year Award 15 times and is a member of the Florida State University Athletics Hall of Fame. In 2013, Deckerhoff won the National Football Foundation Chris Schenkel Award.

The only FSU football games he has missed were bowl games that the school did not have the rights to broadcast.

The Seminole Sports Network from Learfield IMG College brings you all Florida State Football radio broadcasts. Learfield IMG College unlocks the value of college sports for fans, brands, universities and conferences through an omnichannel fan engagement platform. The company engages millions of fans with data-driven media, commerce, and experiential solutions, including licensing and multimedia sponsorship management; publishing, radio, digital and social media; ticket sales and professional concessions expertise; branding; campus-wide business and sponsorship development; and venue technology systems. Headquartered in Plano, Texas, Learfield IMG College is a longtime advocate for intercollegiate athletics and the student-athlete experience. Since 2008, it has served as title sponsor for the acclaimed Learfield IMG College Directors' Cup, supporting athletic departments across all divisions.

Florida State's broadcast crew is known as one of the nation's best, as it provides insight and entertainment, as well as detailed and expert analysis. The broadcast features award-winning play-by-play announcer Gene Deckerhoff, a veteran of the Seminole broadcasts heading into his 43rd season. Deckerhoff is nationally known as one of the finest announcers in the South. The "Voice of the Seminoles" is a 15-time winner of the NSMA Florida Sportscaster of the Year Award and has been inducted into the Florida Sports Hall of Fame. A native of Jacksonville, Fla., Deckerhoff has been the play-by-play announcer for the Tampa Bay Buccaneers of the NFL for the past 32 years, making for some very busy fall weekends. He runs Gene Deckerhoff Productions, a firm specializing in sports broadcasting and the production of radio and television commercials.

National Champion and Super Bowl winner William Floyd joins Deckerhoff in the booth as the color analyst. Floyd is now in his 14th season broadcasting FSU football games after joining the team in 2008. The former Florida State great is very familiar with the broadcasting world as he has hosted his own radio show in the Bay Area and worked as a reporter and studio analyst for SUN Sports. Sideline reporter Tom Block joins Deckerhoff and Floyd in providing in-depth analysis during the game. Florida State's game-day broadcasts begin two hours prior to every kickoff.

ACC NETWORK

Come to ACC Network for everything you love about ACC Football. Come for every play call, handoff, touchdown and champion. Come for the culture and year-round coverage from kickoff to signing day and spring ball to draft previews. Come for in-studio analysis with Packer and Durham, All ACC and The Huddle. Come for more than the game. Come for it all.

ACC Football kicks off September 2 on ACCN.

Watch ACCN on AT&T TV, Cox, DIRECTV, DISH Network, fuboTV, Google Fiber, Hulu + Live TV, Optimum, Sling TV, Spectrum TV, Suddenlink, Verizon Fios, Vidgo, YouTube TV, members of the NCTC, NRTC, Vivicast and more.

ACCN and additional ACCNX live events stream on the ESPN app. Learn more at GetACCN.com.

SEMINOLE PRODUCTIONS

Seminole Productions is a professional live sports broadcasting, sports venue entertainment, and special event production department within Florida State University's College of Communication and Information. Its mission is to provide a positive learning opportunity for students and create exceptional media for its fans and partners. In addition to their professional roles, Seminole Productions staff serve as Adjunct Professors who offer and instruct courses where students gain professional training and mentorship working on ESPN and Sports Venue Entertainment productions. Seminole Productions prepares and places a significant number of students within the sports broadcasting and entertainment industries each year. Visit seminoleproductions.fsu.edu for more information.

Established in 1987, Seminole Productions was established as the premier video production source at Florida State University. From the beginning Seminole Productions was established as a professional video production company with a focus on providing opportunities for students to learn from industry professionals while receiving training and hands on experience opportunities. Seminole Productions has been recognized as an industry leader in its college sports programming. It was one of the first programs of its kind and has inspired universities throughout with its forward thinking and innovation. Nowhere else in the nation could you find a place where students could earn college credit while working on professional televised sports productions. For several decades, Seminole Productions has been the symbol of excellence and quality programming. It led the way with many firsts in its programming offerings and offered a platform and resource for fans to learn about their student athletes and program history. Seminole Productions has produced several award-winning television shows including Seminole Sports Magazine, Seminole Uprising, Bobby Bowden Show, and the list goes on. In addition, Seminole Productions has collected numerous national awards for individual features produced by students. Key staff members of Seminole Productions have been honored within the sports video production industry through numerous awards, Sports Video Group Hall of Fame inductions and Information Display

Entertainment Association recognitions. For most of its existence, Seminole Productions has produced television shows, sports venue presentations, special events, and provided recruiting and team video needs.

In August of 2019, The ACC Network was launched by ESPN, the Atlantic Coast Conference, and the 15-member schools within the ACC. The ACC Network is a 24-hour sports network dedicated to broadcasting ACC sports and telling stories of the current student athletes, coaches, and showcasing the history of these programs. The model of the ACC Network is to broadcast live televised sporting events from campus control rooms. In preparation of the network, Seminole Productions expanded its footprint and completed a four-control room state of the art buildout capable of broadcasting multiple major televised events. This included investing in professional staff and all necessary professional equipment and fiber optic infrastructure. Seminole Productions was the first ACC school to produce linear programming on ESPN. Starting in 2015, Seminole Productions began producing programming from its control rooms four years ahead of the ACC Network. Seminole Productions broadcasts are featured on linear cable channels including the ACC Network, ESPN, ESPN 2, ESPNU, and SEC Network. On average, Seminole Productions will produce 35 linear broadcasts per year. In addition to linear productions Seminole Productions produces 65 digital or streamed live broadcasts featured on ACC Network Extra or ESPN 3. Seminole Productions produces both linear and digital programming for sports including football, women's soccer, women's volleyball, men's basketball, women's basketball, men's tennis, women's tennis, softball, and baseball.

Seminole Productions provides the in-venue game day presentations at Doak Campbell Stadium, Tully Gym, Donald T. Tucker Center, and Dick Howser Stadium. These venue productions include producing and integrating all video and audio featured on the large LED video and ribbon displays at these venues. Professionals and students collaborate with sponsorship teams and external business partners to create exciting, unique, informative, and entertaining game day experiences. The game day experience starts several days, weeks, and even months ahead as staff and students start with an idea and from there use their creativity and skills to create impactful content through professional video shoots and video editing. Seminole Productions staff and students have excellent facilities, resources, and tools for creating award winning content and will specialize in areas including video editing, cinematography, and graphic design. From pumping up the home team and crowd with a high energy intro video to entertaining the fan base with an original in-game feature, to creating an easy to read yet informative scoreboard layout, Seminole Productions staff and students are the ones behind the scenes making it all happen. They are the wizards behind the curtain in bringing a family friendly and enjoyable game experience to the thousands of fans who visit Florida State's sports venues each year. On average, Seminole Productions produces 100 sports venue presentations per school year.

Seminole Productions produces several major Florida State University and partner events. These include concerts, graduations, Homecoming Live, corporate events, eSports, and recruiting visits. Here staff and students will meet with sponsors and clients and develop a blue print for a successful event. The experiences students receive in working on these special events is invaluable in gaining skills and experiences to prepare them for their professional journey. On average, Seminole Productions will produce 25 special events per year.
