MEDIA GUIDELINES

All media who wish to cover FSU athletics will be expected to comply with all the procedures of the University, ACC and FSU Sports Information Office in order to be credentialed. Procedures will be provided in detail at the start of the 2022-23 athletic year and are subject to change at any time.

INTERVIEWS

Media interviews with all FSU players and coaches **MUST be arranged through the Sports Information Office**. Email Derek Satterfield (dsatterfield@fsu.edu) to arrange interviews with head coach Mike Norvell, assistant coaches, staff and all student-athletes. Please give as much advance notice as possible when requesting interviews.

Players will be available at designated times during the season.

Players' phone numbers will not be given to the media and players should not be called directly or contacted through social media sites to arrange interviews or ask questions.

HEAD COACH MIKE NORVELL

FSU head coach Mike Norvell will hold his weekly press conference on Mondays during the season. Contact the Sports Information Office or refer to the weekly release for exact times for the press conferences, which will begin during the week of the first game and run throughout the season, as well as additional media opportunities during game weeks.

All interview requests for Coach Norvell are coordinated through the FSU Sports Information Office by emailing Derek Satterfield (dsatterfield@fsu.edu).

VIDEO SERVICES

Florida State's Sports Information Office has the ability to assist networks and television stations by providing video services through Seminole Productions, Inc. (SPI). Please call Kirby Kander at (850) 644-8036 to arrange for these services. For more information on Seminole Productions, visit seminoleproductions.fsu.edu

XOS DIGITAL EXCHANGE

The Florida State Sports Information Office has partnered with XOS Digital in order to provide over-the-air television stations with instantaneous access to video content. The partnership involves the use of the company's Digital Media Xchange Server that will allow television stations to pull down video content year round. The data transfer speed is much faster than a traditional FTP service allowing very large files to be downloaded in just minutes.

The password-protected video FTP site will be hosting Monday press conferences with head coach Mike Norvell.

If you have an interest in creating an account that gives you access to the video weekly, please email Derek Satterfield (dsatterfield@fsu.edu). If you are looking for access just for a particular game week, please email prior to that game to set up a guest account.

SOCIAL MEDIA

Florida State Sports Information is making a continued effort in 2022-23 to utilize social media outlets as another way of passing information to our fans and those who cover our programs. FSU Football's twitter account @FSUFootball and Instagram feed @FSUfootball provide updated information and behind-the-scenes news as does the Noles' Facebook page - facebook.com/FSUFootball.

CREDENTIAL REQUESTS

All requests for working press, radio, television, photography or scouting credentials should be directed to our online credentialing site located on the Seminoles.com Media Relations page no later than the **Tuesday** before the game. **PHOTOS WILL BE REQUIRED AND MUST BE UPLOADED AT THE TIME YOU REQUEST CREDENTIALS. PHOTO MUST BE IN COLOR AND PROVIDE A CLEAR VIEW OF YOUR FACE.** Requests for the home opener should be made at least two weeks prior to the first game. Space for the working press, radio and television is allocated by the FSU Sports Information Office. Any credential questions can be answered by Assistant Director Christa Salerno (csalerno@fsu.edu).

INTERNET ACCESS

Internet access is available in the ninth level press box and any additional media work space. Access will be granted through the FSUMedia network. The password will be available on all seat cards and will also be posted throughout the press box. All game day materials, including flip cards, game notes, media guides and stats, will be made available through Seminoles.com.

RADIO-TV

Florida State will host both home and visiting radio in booths in the press box. Network television (or the network broadcasting live) will be working from a mid-field booth on the eighth level (one below working press). Both home and visiting radio will broadcast from booths at the south end of the ninth level.

TELEPHONES

Telephone service should be secured directly through the Florida State University Office of Telecommunications at (850) 644-4357. The Telecommunications Office can provide both lines and phones. Orders can also be placed on-line at www.its.fsu.edu. Please make sure to request phone lines at least three days prior to the game.

DIGITAL MEDIA

The Digital Media Department is responsible for presenting the Seminoles online. Offices are located on the second floor of the Moore Athletics Center.

The department manages FSU's official site Seminoles.com, the official social media platforms for the Seminoles, online stores, auctions, apps, promotional and championship sites.

SEMINOLES.COM ALSO PROVIDES:

- Live game audio featuring "The Voice of the Seminoles" Jeff Culhane and William Floyd
- Live press conference coverage Mondays and after games
- Live in-game stats
- Unique written and video content aimed at engaging and informing Seminole fans
- Roster, schedules, media guides, game notes and more

SEMINOLE SPORTS NETWORK

CULHANE BEGINS TENURE AS VOICE OF THE SEMINOLES

Jeff Culhane was named Director of Broadcasting for LEARFIELD's Seminole Sports Properties on June 20, 2022, and is in his first season serving as the voice for Florida State football and men's basketball.

Culhane has 20 years of multimedia experience and has extensive experience growing radio networks through adding new affiliates and producing original content, including daily shows, weekly features and podcasts that highlight student-athletes and coaches in each program.

Culhane was the voice of North Dakota State football, men's basketball and baseball from 2016-22. In his role at NDSU, Culhane was the play-by-play announcer for four FCS National Championship Games and two men's basketball NCAA Tournament appearances. He also coordinated affiliate relations for the Bison Radio Network while developing a sports radio station in Fargo and hosting a daily show on the network.

Culhane also gained experience with play-by-play and hosting duties at West Virginia and Nebraska. Prior to his time at Nebraska, Culhane was the play-by-play voice for South Dakota women's basketball and held multiple broadcasting roles throughout the state from 2001-2007.

Culhane resides in Tallahassee with his wife, Sarah, and their sons Alexander and Everett.

The Seminole Sports Network from LEARFIELD brings you all Florida State Football radio broadcasts. LEARFIELD unlocks the value of college sports for fans, brands, universities and conferences through an omnichannel fan engagement platform. The company engages millions of fans with data-driven media, commerce, and experiential solutions, including licensing and multimedia sponsorship management; publishing, radio, digital and social media; ticket sales and professional concessions expertise; branding; campus-wide business and sponsorship development; and venue technology systems. Headquartered in Plano, Texas, LEARFIELD is a longtime advocate for intercollegiate athletics and the student-athlete experience. Since 2008, it has served as title sponsor for the acclaimed LEARFIELD Directors' Cup, supporting athletic departments across all divisions.

Florida State's broadcast crew has historically been one of the nation's best, providing insight and entertainment as well as detailed and expert analysis. The broadcast gets a new sound this season as Jeff Culhane, a 20-year play-by-play veteran, is in his first season as the "Voice of the Seminoles".

National Champion and Super Bowl winner William Floyd joins Culhane in the booth as the color analyst. Floyd is now in his 15th season broadcasting FSU football games after joining the team in 2008. The former Florida State great is very familiar with the broadcasting world as he has hosted his own radio show in the Bay Area and worked as a reporter and studio analyst for SUN Sports. Sideline reporter Tom Block teams with Culhane and Floyd in providing in-depth analysis during the game. Florida State's game-day broadcasts begin two hours prior to every kickoff.

ACC NETWORK

Come to ACC Network for everything you love about ACC Football. Come for every play call, handoff, touchdown and champion. Come for the culture and year-round coverage from kickoff to signing day and spring ball to draft previews. Come for in-studio analysis and in-depth storytelling. Come for more than the game. Come for it all.

ACC Football kicks off August 27 on ACCN.

Watch ACCN on Comcast's Xfinity, Cox, DIRECTV, DIRECTV STREAM, DISH Network, Frontier, fuboTV, Hulu+ Live TV, Mediacom, Optimum, Sling TV, Spectrum TV, Suddenlink, Verizon Fios, YouTube TV, members of the NCTC, NRTC, Vivicast and more.

ACCN and additional ACCNX live events stream on the ESPN App. Learn more at GetACCN.com.

SEMINOLE PRODUCTIONS

Seminole Productions is a professional live sports broadcasting, sports venue entertainment, and special event production department within Florida State University's College of Communication and Information. Its mission is to provide a positive learning opportunity for students and create exceptional media for its fans and partners. In addition to their professional roles, Seminole Productions staff serve as Adjunct Professors who offer and instruct courses where students gain professional training and mentorship working on ESPN and Sports Venue Entertainment productions. Seminole Productions prepares and places a significant number of students within the sports broadcasting and entertainment industries each year. Visit sempro.cci.fsu.edu for more information.

Established in 1987, Seminole Productions was established as the premier video production source at Florida State University. From the beginning Seminole Productions was established as a professional video production company with a focus on providing opportunities for students to learn from industry professionals while receiving training and hands on experience opportunities. Seminole Productions has been recognized as an industry leader in its college sports programming. It was one of the first programs of its kind and has inspired universities throughout with its forward thinking and innovation. Nowhere else in the nation could you find a place where students could earn college credit while working on professional televised sports productions. For several decades, Seminole Productions has been the symbol of excellence and quality programming. It led the way with many firsts in its programming offerings and offered a platform and resource for fans to learn about their student athletes and program history. Seminole Productions has produced several award-winning television shows including Seminole Sports Magazine, Seminole Uprising, Bobby Bowden Show, and the list goes on. In addition, Seminole Productions has collected numerous national awards for individual features produced by students. Key staff members of Seminole Productions have been honored within the sports video production industry through numerous awards, Sports Video Group Hall of Fame inductions and Information Display

Entertainment Association recognitions. For most of its existence, Seminole Productions has produced television shows, sports venue presentations, special events, and provided recruiting and team video needs.

In August of 2019, The ACC Network was launched by ESPN, the Atlantic Coast Conference, and the 15-member schools within the ACC. The ACC Network is a 24-hour sports network dedicated to broadcasting ACC sports and telling stories of the current student athletes, coaches, and showcasing the history of these programs. The model of the ACC Network is to broadcast live televised sporting events from campus control rooms. In preparation of the network, Seminole Productions expanded its footprint and completed a four-control room state of the art buildout capable of broadcasting multiple major televised events. This included investing in professional staff and all necessary professional equipment and fiber optic infrastructure. Seminole Productions was the first ACC school to produce linear programming on ESPN. Starting in 2015, Seminole Productions began producing programming from its control rooms four years ahead of the ACC Network. Seminole Productions broadcasts are featured on linear cable channels including the ACC Network, ESPN, ESPN 2, ESPNU, and SEC Network. On average, Seminole Productions will produce 35 linear broadcasts per year. In addition to linear productions Seminole Productions produces 80 digital or streamed live broadcasts featured on ACC Network Extra or ESPN+. Seminole Productions produces both linear and digital programming for sports including football, women's soccer, women's volleyball, men's basketball, women's basketball, men's tennis, women's tennis, softball, and baseball.

Seminole Productions provides the in-venue game day presentations at Doak Campbell Stadium, Tully Gym, Seminole Soccer Complex, Donald L. Tucker Center, Seminole Softball Complex and Dick Howser Stadium. These venue productions include producing and integrating all video and audio featured on the large LED video and ribbon displays at these venues. Professionals and students collaborate with sponsorship teams and external business partners to create exciting, unique, informative, and entertaining game day experiences. The game day experience starts several days, weeks, and even months ahead as staff and students start with an idea and from there use their creativity and skills to create impactful content through professional video shoots and video editing. Seminole Productions staff and students have excellent facilities, resources, and tools for creating award winning content and will specialize in areas including video editing, cinematography, and graphic design. From pumping up the home team and crowd with a high energy intro video to entertaining the fan base with an original in-game feature, to creating an easy to read yet informative scoreboard layout, Seminole Productions staff and students are the ones behind the scenes making it all happen. They are the wizards behind the curtain in bringing a family friendly and enjoyable game experience to the thousands of fans who visit Florida State's sports venues each year. On average, Seminole Productions produces 140 sports venue presentations per school year.

Seminole Productions produces several major Florida State University and partner events. These include concerts, graduations, Homecoming Live, corporate events, eSports, and recruiting visits. Here staff and students will meet with sponsors and clients and develop a blue print for a successful event. The experiences students receive in working on these special events is invaluable in gaining skills and experiences to prepare them for their professional journey. On average, Seminole Productions will produce 50 special events per year.
