AMERICA'S BEST NEW COURSES

by **GolfDigest.com (2003)**

1. Forest Dunes Country Club, Roscommon, Mich.
2. The Palmer Course at Stonewall Resort, Roanoke, Va.

3. Southwood Golf Course, Tallahassee, Fla.

The debut of Southwood, which held its grand opening in 2002, gives Tallahassee a course it can call excellent. The Southwood Golf Course is the keystone to a 3,200-acre development located on the eastern edge of Tallahassee. Designed by the team of Fred Couples and Gene Bates, the course is on an uncommon piece of land which is a picnic setting of trees broken by soft slopes and cozy coves. The course itself is located on over 175 acres and was created within a design that gracefully captures the genteel feel of the land. The holes play before the various scenes of a former plantation, moving from a jaunt around a wetland area through a thicket of pine trees into an open meadow. The trademarks of the course are the magnificent oak trees that stud the landscape. The topography speaks loudly of the untapped potential of golf in Tallahassee.

4. Rock Barn Golf and Spa, Conover, N.C.
5. Ravenwood Golf Course, Victory, N.Y.
6. Rio Grande Club, South Fork, Colo.
7. Koasati Pines and Coushatta, Kinder, La.
8. Boulder Creek Golf Club, Kinder, La.
9. The Falls Golf Course, Henderson, Nev.
10. Shore Gate Golf Course, Ocean View, N.J.

"Fred Couples and design partner Gene Bates created a new buzz in the local golf scene with the grand opening of the 7,172-yard Southwood Golf Club in 2002. The semiprivate layout is the centerpiece of a 3,200-acre St. Joe/Arvida housing development. The land seems handcrafted for a course, as the topography rises and falls elegantly, creating some tough, but scenic, holes. Golf Magazine named it one of the best courses in the nation to open in 2002. Couples said it has the potential to be a 'premier course in the Southeast.'"

"If it's your dream to play where the pros once teed it up, Killearn is for you. Killearn hosted the Tallahassee Open 20 times and LPGA's Centel Classic for four, giving it quite a tournament history. Designed by William Amick, the original 18 (the south and east nines) plays to 6,998 yards. Many pros came to fear the fourth hole on the south, a 467-yard par 4. From the two back tees, players must lay up short of water that threatens the fairway, leaving a long iron to the green."

The course is situated near campus on rolling hills, adjacent to Tallahassee's Innovation Park (home to the FSU Supercomputer and Magnetic Laboratory). The course offers a firsthand opportunity to experience the day-to-day operations of a very attractive golf facility."
