● Stephen Notebloom '91

TOP NOLES

● Lex Wood '63

In 1982, **Lex Wood** became the first player from the Florida State tennis program to be inducted into the FSU Athletic Hall of Fame.

He was first a player for the Seminoles from 1961 through the 1963 season, then the program's head coach from the 1965 through 1969.

When Wood arrived from his native South Africa in 1962, head coach Eddie Cubbon knew he had a leader amongst his new crop of tennis players. For the following three seasons he would become a mainstay among the nation's top twenty players, playing at No. 1 singles and doubles.

In 1964, his singles match record was 22-1 and his career mark was 51 victories in 54 singles matches.

In the course of his Florida State career, Wood defeated many great collegiate players including a former U.S.

Davis Cup player, Marty Riessen. As the head coach, his Seminoles went an impressive 89-33 during his tenure. His last two teams in 1968 and 1969 went 19-3 and 23-5 in dual match play, respectively.

A fine student, Wood received his masters and doctoral degrees from FSU in Education. Following his near-decade with FSU, Wood traveled south to the University of Central Florida, where he served as an educator and coach for many more years to follow.

Over six decades of service to Florida State athletics,

Don Loucks was inducted to the Florida State Athletic Hall of Fame in 1985. In 1936, Loucks started off his relationship with FSU as the coach of all sports for the University School of Florida State College for Women. He was the "pioneer" of many of the successful athletic programs that currently thrive.

In 1947, he was the first basketball coach for the men's basketball team and a year later was named the first tennis coach. His hoops team scored the first victory for the newly-formed athletic program. His tennis team was the first to have a winning season, going 9-4.

He served as Dean of Men from 1957 through 1967 and during this time he served as a lead figure in the Seminole athletic program, as well as in the department of education. He retired from the Athletic Department in 1980 as Professor Emeritus of Physical Education. His dedication did not go unnoticed as the Varsity Tennis Courts were renamed in his honor. The Scott Speicher Tennis Center was built around his courts.

His accolades go far beyond the tennis courts, yet **Dr. Ray Bellamy's** triumphs at the net still stand out as one of the best as he was inducted into the Florida State Athletic Hall of Fame in 1992. He served as his team's captain in 1960 and 1961, and during those two years he only lost a total of three matches.

As a model student and athlete during his undergraduate years, 1957 through 1961, Bellamy was involved in many facets of the University that continue to show the benefits of his early presence. He was vice-president of his senior class, a member of the Gold Key honorary society and Omicron Delta Kappa honorary fraternity. In addition, Bellamy was president of the Sigma Chi Fraternity. He then went on to earn a doctorate in medical studies.

After leaving FSU and joining the United States Navy, Bellamy went onto become the All-Navy doubles champion and played on the All-Navy team in 1967 and 1968 while serving as flight surgeon.

After returning to the state of Florida to begin his practice, Bellamy became the state's 35-and-over singles and doubles champion during the 1970's.

Paul Haarhuis, the "Dutchman" from Eindhoven, The Netherlands, came to Florida State in 1986 after transferring from Armstrong State College in Savannah, Georgia. He went on to become the best tennis player ever to come out of FSU. His induction into the Florida State Athletic Hall of Fame in 1993 is a symbol of the university's appreciation for the positive presence he added to the program during his undergraduate years, 1986 through 1988.

His first two seasons prior to joining the Seminoles went quickly as he garnered a 64-2 overall record, including a 35-0 sophomore season. With the Seminoles, his first season was a true success as he went 35-5 in singles competition and 25-5 in doubles. His biggest feat was claiming the first-ever Men's Intercollegiate Invitational Tennis Championships held in Panama City.

At one point, he had 24 consecutive wins, including his reign as the Metro Conference Most Valuable Player.

● Donald Loucks

MEN'S HONORS HISTORY FSU ATHLETIC HALL OF FAME (INDUCTED)

- Alexander T. "Lex" Wood (1982)
- H. Donald Loucks (1985)
- Dr. Ray Bellamy (1992)
- Paul Haarhuis (1993)

He was given this honor by way of winning the number one singles and doubles crowns, including an invitation to the NCAA Championships for doubles.

Once his collegiate career was finished he had a 72-9 overall singles record for his two years and consecutive Metro Conference MVP awards. In the pro's he still thrives. His list of victories over top-opponents includes John McEnroe and Boris Becker.

Marco Abilhoa, the native of Brazil was one of the great Florida State Seminole tennis players make an impact on the collegiate scene. Prior to enrolling, he was ranked No. 3 in the Brazilian Juniors, when former FSU head coach Randy Jobson discovered him.

A five-year member of the Seminole tennis program from 1980 through 1984, Abilhoa was at the tops of the Metro Conference. He was the No. 1 singles and doubles champion in 1981 and 1982. After dominating for his first two seasons he was then sidelined and redshirted for the 1983 season. Upon his return in 1984, he went straight back to the place where he left off, at the top of the Metro Conference. His dominating presence earned him a record three Metro MVP awards in 1981, 1982, and 1984.

"If Marco can get himself so that he's pumped and psyched to play, and can keep his mind clear of distractions, there isn't anyone in the country that he can't beat," added Jobson.

Joey Rive, a West Palm Beach native, played for the Seminoles from 1981 through 1985. He was one of the top players ever to compete at Florida State, Rive led the team in wins in 1983, 1984 and 1985. During his period at number one singles, he was nationally ranked among the Top 25 in the nation.

His stellar performance for the Tribe resulted in three Metro Conference singles championships in 1983, 1984 and 1985 and two doubles championships in 1983 and 1985, including the conference's top crown, the MVP in 1985. His Metro success led to his invitation to the 1985 NCAA tournament and to the 1987 *Tennis Magazine* Sportsman of the Year award.

Following his FSU career, Rive played the ATP tour where he reached as high as No. 57 in the world in 1988. He returned back to Tallahassee, where he served as an assistant coach from 1993 to 1994. He is currently the head

coach at the University of Alabama.

to thrive at Florida State joined the Seminoles for the 1990 through 1992 seasons. Almost immediately making his presence known, Notebloom grabbed the Metro Conference's coveted MVP award for winning the title at No. 1 singles and doubles. That same year he earned an invitation to the 1991 NCAA Championships for singles. A feat that has been duplicated by very few Seminoles Notebloom went onto the professional level following graduation.

Brian Stanton of Coral Springs and **Ken McKenzie** of Tallahassee finished up their playing careers with the Tribe in 1995. As a doubles team the duo ended their final campaign earning collegiate tennis' top honor, ITA All-America.

The doubles pair received the 1995 award after a superb run in the NCAA Championships. What may be the most impressive feat for them was being ranked among the nation's top 10 doubles tandems throughout the season.

During his stay at FSU, Stanton won back to back Junior Davis Cup singles titles in 1993 and 1994, won the 1993 Junior Davis Cup in doubles and was named to the All-ACC team his sophomore and junior seasons. He then served as graduate assistant coach in 1996.

McKenzie leaves behind a void in doubles that will be a great challenge to fill. He and Stanton guided No. 1 doubles to an impressive No. 3 national ranking, the highest ranking the program has ever received. He also was also impressive on the singles side earning ACC Flight Championships at No. 2 singles in 1994 and No. 3 singles in 1995.

Jason White recently finished up his four-year run with the Seminoles last season, his best season as a player by far. As the number singles and doubles player, White was charged with a lot of responsibility as the team's captain.

Eventhough he won the ACC Championship at No. 4 singles in 1994 and a pair of championships at No. 2 doubles in 1994 and 1995, White was still on top of ACC tennis 1996. The senior from Longwood, who was nationally ranked in singles and doubles for nearly the entire season, went down to the wire and was edged out of the championship at No. 1 singles by just one loss. Not to go unnoticed he received an invitation to the 1996 NCAA Championships in singles.

THE ATLANTIC COAST CONFERENCE

Instilling a standard of excellence in its athletes, the Atlantic Coast Conference, now in its 44th year of collegiate competition, has long been a leader in athletics and academics. Spanning through the past five decades, the ACC has placed its schools on the forefront of athletic advancement with its state-of-the-art athletic facilities and numerous progressive academic support systems.

Men's tennis began in the Atlantic Coast Conference in 1954. From 1954 to 1978, North Carolina dominated the conference championships. During that time, there were only three years that the Tar Heels were absent from the team championships. In the 1980's, it was Clemson that mounted a streak, winning the crown nine times in 10 years. North Carolina and Duke have split the dominance in the early 1990's, but Florida State is set in their ways to make a strong run for the title in '97.

The tradition of ACC men's tennis is historically strong and 1996

took no exception to that fact. The ACC had at one time or another seven schools ranked in the Rolex/ITA national Top 50, with Duke University a mainstay in the Top 10. Duke, North Carolina, North Carolina State, Wake Forest, Clemson, Virginia, Georgia Tech, and Florida State all positioned themselves among the elite Top 50 at least one week during the course of the past season.

Although the Blue Devils were the lone team representative at the 1996 NCAA Division I Men's Tennis Championships in Athens, Georgia, four other ACC schools took place in the earlier rounds of the NCAA regional competition. The conference also did well in the singles and doubles portion of the nine-day Championships earning five singles and three doubles invitations.

With its only two regular season losses at the hands of North Carolina and Clemson, the Seminoles (7-2), with a season-high national ranking of No. 27, finished for second place in the conference, meriting the second seed at the conference championships at the Gatewood Country Club in Greenwood, South Carolina. In the opening quarterfinal round the Seminoles defeated seventh-seed Wake Forest, giving the third-seeded Blue Devils another shot at redemption for an earlier season loss to FSU in Tallahassee, which, by way of a head-to-head tiebreaker forced Duke into that third place position. The second time turned out to be not as sweet for Florida State, as Duke was able to earn the victory and place in the conference championship match.

1996 marked the second straight season the Seminoles finished with a second place conference finish. The Tribe have not posted lower than a third place finish since joining the illustrious conference and have had All-ACC honorees or champions each of those seasons.

SUPPORT SERVICES

AN OVERVIEW OF AN ACADEMIC SUPPORT PROGRAM ON THE RISE

Academic, personal and professional support are essential to college success. At Florida State University, we have developed an outstanding support program which enables student-athletes to reach their full potential.

Our philosophy is "to offer an academic support program integrated with the total university that will assist all student-athletes with the transition into college and provide continued support in all phases of academic and professional development culminating with graduation, job placement or graduate school."

To accomplish this goal we have developed an academic environment which facilitates the academic success of student-athletes. Student

success is encouraged through competent academic counseling, career exploration, planning and placement and academic assistance through tutorial programs.

Our program operates on a "proactive" rather than "reactive" approach. At Florida State, our academic staff does not wait for academic crises to occur. We gather important background information and build an academic profile on all student-athletes to assess their needs in advance. We also stay informed on the daily progress of each student-athlete.

Our academic support staff includes a director, five counselors, and three graduate interns forming a group of professionals serving the needs of all our student-athletes. The director, Dr. Roger Grooters, is starting his fourth year as the head of the program coming to FSU after developing a premier program at the University of Nebraska in his 6-year tenure.

In 1994, the academic programs moved to the state-of-the-art University Center and are located on the 6th floor of the \$126,000,000 facility. It includes private study carrels, a tutorial study area and a computer lab outfitted with 16 new IBM computers and laser printers. In addition, athletic sky boxes are utilized for group and individualized tutorial instruction.

TUTORIAL PROGRAM

The Athletic Department at Florida State University has made a commitment to providing our student-athletes with one of the finest and most comprehensive tutorial programs in the nation. The tutorial program is just one of several key support programs that are available to all student-athletes as they progress towards their ultimate goal of obtaining a college degree.

The Academic Support Program has a staff of between 80 and 90 tutors each semester who are committed to providing a proactive and individualized approach to insure academic suc-

cess. The tutors are usually seniors or graduate students who have outstanding academic backgrounds. Through an orientation session provided each semester by the Tutorial Coordinator, they acquaint themselves with the purposes, objectives, and responsibilities involved with the tutorial program.

Tutorial assistance is available for all academic coursework that is offered by the university and it is the responsibility of the Tutorial Coordinator to provide each student-athlete with this assistance in a timely fashion. Student-athletes may request a tutor or one may be assigned to them depending upon the circumstances.

ACADEMIC MENTORS

Mentors are academic role models who have demonstrated the ability to teach and give guidance in areas of academic developmental skills.

Each semester mentors begin the process by sitting down with their assigned student-athletes and assist them in identifying their academic responsibilities. A calendar is developed which becomes a visual blueprint of each student-athlete's academic requirements. This tool introduces the student-athlete to the concept of time management. Students learn to plan projects days and weeks in advance. Such planning aids them in developing strong study habits.

Mentors are also responsible for providing assistance in the development of skills such as note taking, test preparation, and communication with faculty. In essence, mentors become an extension of the academic counselor as they keep the academic performance of their student-athletes under close observation.

A mentor will spend two or three hours per week during the first few weeks of the semester and normally one or two hours a week with their assigned student-athlete thereafter. In ideal relationships, by mid semester, the mentor becomes a strong study partner, there to assist the student-athlete through the learning process.

STUDY HALL

In an effort to help ensure academic success of the student-athletes, professionally supervised study sessions for each of its athletic teams are required. The main focus of the study hall program is to help students develop consistent and appropriate study patterns by providing a structured setting to work on class assignments, and to provide tutorial assistance before academic problems arise.

Although the criteria for mandatory study hall is left to the discretion of the academic counselor for their respective sport, typically, all freshmen, first year transfers, and upperclassmen who have not achieved a satisfactory cumulative grade point average will be required to attend. Additionally, each coach is regularly notified of any absences, tardiness, or inappropriate use of study time of student-athletes who are attending study hall.

Mark Meloney
INTERIM DIRECTOR

STRENGTH, CONDITIONING & MEDICAL TREATMENT

Strength training and conditioning is an important part of an athlete's performance on the court. At Florida State, a specially designed program is developed for tennis, emphasizing the objectives of strengthening and conditioning the athletes. Graduate Assistant Strength Coach Russ Barbarino customizes programs for each of the athletes, beginning with pre-conditioning, before the season gets underway.

Barbarino, who earned his degree in physical educa-

tion from Kean College received first-hand experience as the college's football strength and conditioning coach.

A certified member of the World Natural Powerlifting Federation and the American Drug-Free Powerlifting Association, Barbarino has become a repeat world-record holder in several events.

Barbarino was a two-time world, three-time national and seven-time state powerlifting champion. He has also become a repeat world, national and state record holder in several powerlifting events.

This season, Barbarino, a National Strength and Conditioning Association member, is customizing a sound workout for the men's tennis team. The workout is instrumental in improving muscular endurance, strength and cardiovascular conditioning on the court. The coaches believe so strongly in the program that they even participate themselves. FSU takes pride in customizing the programs to help student athletes reach their maximum potential.

Athletes at Florida State University receive the best care and treatment possible. All of the student athletes undergo a preseason examination in order to prevent and detect any potential injuries that an athlete may incur. If a problem is detected, the athlete is placed on a prevention care program which may include any kind of treatment from icing to exercising.

Rehabilitation is another important component of the Seminole training room. Though preventing injuries is the main objective, they are sometimes a part of participating in athletics. More serious injuries and illnesses are referred to the Seminole team physicians at the Tallahassee Orthopedic Center, who for many years have worked in conjunction with the FSU training room in successfully rehabilitating numerous athletes after an injury.

Note: Up until 1977, the NCAA champion was decided by the total of the individual scoring of all players on each team. One point was awarded for each match won, including singles and doubles. A single-elimination tournament featuring 16 teams began in 1977 and has since expanded to 32.

SPEICHER TENNIS CENTER

With the first stage of construction completed in the Summer of 1993, the Scott Speicher Tennis Center at the Donald Loucks Courts opened its gates to the public for the first time at a Children's Miracle Network charity tournament. Since then, many successful and admirable tournaments have graced the courts at one of Florida State University's premier athletic facilities.

Costing \$1.2 million to build and then another \$800,000 for recent additions, Florida State's Speicher Tennis Center has become an example of the increasing dedication and commitment the University has to all of its 17 varsity athletic programs.

The Speicher Tennis Center houses 12 lighted hard courts, over 1,000 court level seats, coaching offices, men's and women's lockerrooms, a equipment and storage rooms and an public address system. The growing pride Florida State has for its tennis program and its premier tennis center was honored just after its opening in 1994, when the United States Tennis Association (USTA) awarded the structure with its "Top Notch" facility award.

The Speicher Tennis Center was named in honor of Lieutenant Commander Michael Scott Speicher, a graduate of Florida State University and the first American casualty during Operation Desert Storm. By Presidential directive, the facility bears the name the "Scott Speicher Tennis Center."

H. Donald Loucks was the program's first tennis coach and is aptly known as the pioneer of Florida State tennis. He began his coaching career in 1936 at the University School of Florida State College for Women where he coached all sports. This was the beginning of an association with Florida State which crossed six decades, 1936 - 1980, ending in his retirement as Professor Emeritus of Physical Education. In 1942, while serving as an officer in

the Army, Loucks was stationed at West Point where he coached plebe basketball and tennis teams.

In 1947, Loucks became Florida State's first basketball coach and a year later was named the schools' first tennis coach. His tennis team was the first athletic team to have a winning sea-

● Speicher Dedication

son. The varsity tennis courts were named for him in 1981. He served as Dean of Men from 1957 - 1967 and was known as a servant of leadership, service and devotion to many worthy causes.

The Speicher Tennis Center was designed by EMO/Architects, Inc., a Tallahassee-based architectural firm, in collaboration with Global Consult Group, Inc., an internationally recognized Tennis Facility Design Consultant. The complex was funded by private sources and supervised through the state university system of Florida.

Through its short three year existence, the Scott Speicher

Tennis Center at the Donald Loucks Courts has served as the home courts for all Florida State men's and women's home dual matches, the annual Seminole Fall Classics, City of Tallahassee tennis championships, various USTA regional and zonal tournaments, the 1994 and 1995 Men's intercollegiate men's tournament and the annual Children's Miracle Network Charity Inviational benefitting Shands Hospital in Gainesville.

CONFERENCE INFO

DIXIE CONFERENCE AFFILIATION (1949-51)

The 1949, 1950 and 1951 teams, coached by Florida State tennis pioneer, H. Don Loucks (1949-50) and Ralph Matherly (1951), won the Dixie Conference team championship for three consecutive years. The Dixie Conference was made up of seven small schools within the Southeast, including Florida State, Stetson, Millsaps, Mercer, Howard, Lambuth and Ogelthorpe.

DIXIE CONFERENCE CHAMPIONS

1949-51

DIXIE CONFERENCE DOUBLES CHAMPIONS

Donald Seiffert, Class "A", 1949
Herbert Quay, Class "B", 1949

METRO CONFERENCE AFFILIATION (1976-1991)

The Metro Conference, originally tabbed the Metro Six, was formed on June 13, 1975. It's charter members included the Cincinnati, Georgia Tech, Louisville, Memphis State, St. Louis and Tulane.

Expansion was soon on the horizon, as the league membership increased to it's size to seven schools when the Florida State University was admitted on July 28, 1976.

After Georgia Tech left the conference following the 1978 season, Virginia Tech quickly filled the void. Then St. Louis left the Metro. But waiting in the wings was the University of South Carolina who joined in 1983 to increase the membership to eight schools. However, Tulane forfeited its membership when its basketball program was discontinued following the 1984-85 season.
