# Speicher Tennis Center

With the first stage of construction completed in the Summer of 1993, the Scott Speicher Tennis Center at the Donald Loucks Courts opened its gates to the public for the first time at a Children's Miracle Network charity tournament. Since then, many successful tournaments including the NCAA Women's Championships, have graced the courts at one of Florida State University's premier athletic facilities.

Costing \$1.2 million to build and then another \$800,000 for recent additions, Florida State's Speicher Tennis Center has become an example of the increasing dedication and commitment the University has to all of its 17 varsity athletic programs.

The Speicher Tennis Center houses 12 lighted hard courts, over 1,000 court level seats, coaching offices, men's and women's locker rooms, equipment and storage rooms, a team lounge and a public address system. The growing pride Florida State has for its tennis program and its premier tennis center was honored just after its opening in 1994, when the United States Tennis Association (USTA) awarded the structure with its "Top Notch" facility award.

The Speicher Tennis Center was named in honor of Lieutenant Commander Michael Scott Speicher, a graduate of Florida State University and the first American casualty during Operation Desert Storm. By Presidential directive, the facility bears the name the "Scott Speicher Tennis Center."

H. Donald Loucks was the program's first tennis coach and is aptly known

as the pioneer of Florida State tennis. He began his coaching career in 1936 at the University School of Florida State College for Women where he coached all sports. This was the beginning of an association with Florida State which crossed six decades, 1936 - 1980, ending in his retirement as Professor Emeritus of Physical Education. In 1942, while serving as an officer in the Army, Loucks was stationed at West Point where he coached plebe basketball and tennis teams.

In 1947, Loucks became Florida State's first basketball coach and a year later was named the schools' first tennis coach. His tennis team was the first athletic team to have a winning season. The varsity tennis courts were named for him in 1981. He served as Dean of Men from 1957 - 1967 and was known as a servant of leadership, service and devotion to many worthy causes.

The Speicher Tennis Center was designed by EMO/Architects, Inc., a Tallahassee-based architectural firm, in collaboration with Global Consult Group, Inc., an internationally recognized Tennis Facility Design Consultant. The complex was funded by private sources and supervised through the state university system of Florida.

Through its short four year existence, the Scott Speicher Tennis Center at the Donald Loucks Courts has served as the home courts for all Florida State men's and women's home dual matches, the annual Seminole Fall Classics, City of Tallahassee tennis championships, various USTA regional and zonal tournaments, the 1994 and 1995 Men's intercollegiate men's tournament and the annual Children's Miracle Network Charity Invitational benefitting Shands Hospital in Gainesville.

Davidson Kozslowski

# Top Noles

In 1982, **Lex Wood** became the first player from the Florida State tennis program to be inducted into the FSU Athletics Hall of Fame. He was first a player for the Seminoles from 1961 through the 1963 season, then the program's head coach from the 1965 through 1969.

When Wood arrived from his native South Africa in 1962, head coach Eddie Cubbon knew he had a leader amongst his new crop of tennis players. For the following three seasons he would become a mainstay among the nation's top twenty players, playing at No. 1 singles and doubles.

In 1964, his singles match record was 22-1 and his career mark was 51 victories in 54 singles matches. In the course of his Florida State career, Wood defeated many great collegiate players including a former U.S. Davis Cup player, Marty Riessen. As the head coach, his Seminoles went an impressive 89-33 during his tenure. His last two teams in 1968 and 1969 went 19-3 and 23-5 in dual match play, respectively.

A fine student, Wood received his masters and doctoral degrees from FSU in Education. Following his near-decade with FSU, Wood traveled south to the University of Central Florida, where he served as an educator and coach for many more years to follow.

Over six decades of service to Florida State athletics, **Don Loucks** was inducted to the Florida State Athletic Hall of Fame in 1985. In 1936, Loucks started off his relationship with FSU as the coach of all sports for the University School of Florida State College for Women. He was the "pioneer" of many of the successful athletic programs that currently thrive.

In 1947, he was the first basketball coach for the men's basketball team and a year later was named the first tennis coach. His hoops team scored the first victory for the newly-formed athletic program. His tennis team was the first to have a winning season, going 9-4.

He served as Dean of Men from 1957 through 1967 and during this time he served as a lead figure in the Seminole athletic program, as well as in the department of education. He retired from the Athletic Department in 1980 as Professor Emeritus of Physical Education. His dedication did not go unnoticed as the

Varsity Tennis Courts were renamed in his honor. The Scott Speicher Tennis Center was built around his courts.

His accolades go far beyond the tennis courts, yet **Dr. Ray Bellamy's** triumphs at the net still stand out as one of the best as he was inducted into the Florida State Athletic Hall of Fame in 1992. He served as his team's captain in 1960 and 1961, and during those two years he only lost a total of three matches.

As a model student and athlete during his undergraduate years, 1957 through 1961, Bellamy was involved in many facets of the University that continue to show the benefits of his early presence. He was vice-president of his senior class, a member of the Gold Key honorary society and Omicron Delta Kappa honorary fraternity. In addition, Bellamy was president of the Sigma Chi Fraternity. He then went on to earn a doctorate in medical studies.

After leaving FSU and joining the United States Navy, Bellamy went on to become the All-Navy doubles champion and played on the All-Navy team in 1967 and 1968 while serving as flight surgeon.

After returning to the state of Florida to begin his practice, Bellamy became the state's 35-and-over singles and doubles champion during the 1970's.

**Paul Haarhuis**, the "Dutchman" from Eindhoven, The Netherlands, came to Florida State in 1986 after transferring from Armstrong State College in Savannah, Georgia. He went on to become the best tennis player ever to come out of FSU. His induction into the Florida State Athletic Hall of Fame in 1993 is a symbol of the university's appreciation for the positive presence he added to the program during his undergraduate years, 1986 through 1988.

His first two seasons prior to joining the Seminoles went quickly as he garnered a 64-2 overall record, including a 35-0 sophomore season. With the Seminoles, his first season was a true success as he went 35-5 in singles competition and 25-5 in doubles. His biggest feat was claiming the first-ever Men's Intercollegiate Invitational Tennis Championships held in Panama City.

At one point, he had 24 consecutive wins, including his reign as the Metro Conference Most Valuable Player. He was given this honor by way of winning the number

one singles and doubles crowns, including an invitation to the NCAA Championships for doubles.

Once his collegiate career was finished he had a 72-9 overall singles record for his two years and consecutive Metro Conference MVP awards. In the pro's he still thrives. His list of victories over top-opponents includes John McEnroe and Boris Becker.

**Marco Abilhoa**, the native of Brazil was one of the great Florida State Seminole tennis players make an impact on the collegiate scene. Prior to enrolling, he was ranked No. 3 in the Brazilian Juniors, when former FSU head coach Randy Jobson discovered him.

A five-year member of the Seminole tennis program from 1980 through 1984, Abilhoa was at the tops of the Metro Conference. He was the No. 1 singles and doubles champion in 1981 and 1982. After dominating for his first two seasons he was then sidelined and redshirted for the 1983 season. Upon his return in 1984, he went straight back to the place where he left off, at the top of the Metro Conference. His dominating presence earned him a record three Metro MVP awards in 1981, 1982, and 1984.

"If Marco can get himself so that he's pumped and psyched to play, and can keep his mind clear of distractions, there isn't anyone in the country that he can't beat," added Jobson.

**Joey Rive**, a West Palm Beach native, played for the Seminoles from 1981 through 1985. He was one of the top players ever to compete at Florida State, Rive led the team in wins in 1983, 1984 and 1985. During his period at number one singles, he was nationally ranked among the Top 25 in the nation.

His stellar performance for the Tribe resulted in three Metro Conference singles championships in 1983, 1984 and 1985 and two doubles championships in 1983 and 1985, including the conference's top crown, the MVP in 1985. His Metro success led to his invitation to the 1985 NCAA tournament and to the 1987 *Tennis Magazine* Sportsman of the Year award.

Following his FSU career, Rive played the ATP tour where he reached as high as No. 57 in the world in 1988. He returned back to Tallahassee, where he served as an assistant coach from 1993 to 1994. He is currently the head coach at the University of Alabama.

After earning All-American honors at NAIA Huntington College in Montgomery, Ala., **Stephen Notebloom**, the

second "Dutchman" to thrive at Florida State joined the Seminoles for the 1990 through 1992 seasons.

Almost immediately making his presence known, Notebloom grabbed the Metro Conference's coveted MVP award for winning the title at No. 1 singles and doubles. That same year he earned an invitation to the 1991 NCAA Championships for singles. A feat that has been duplicated by very few Seminoles Notebloom went onto the professional level following graduation.

**Brian Stanton** of Coral Springs and **Ken McKenzie** of Tallahassee finished up their playing careers with the Tribe in 1995. As a doubles team the duo ended their final campaign earning collegiate tennis' top honor, ITA All-America.

The doubles pair received the 1995 award after a superb run in the NCAA Championships. What may be the most impressive feat for them was being ranked among the nation's top 10 doubles tandems throughout the season.

During his stay at FSU, Stanton won back to back Junior Davis Cup singles titles in 1993 and 1994, won the 1993 Junior Davis Cup in doubles and was named to the All-ACC team his sophomore and junior seasons. He then served as graduate assistant coach in 1996.

McKenzie leaves behind a void in doubles that will be a great challenge to fill. He and Stanton guided No. 1 doubles to an impressive No. 3 national ranking, the highest ranking the program has ever received. He also was also impressive on the singles side earning ACC Flight Championships at No. 2 singles in 1994 and No. 3 singles in 1995.

**Jason White** recently finished up his four-year run with the Seminoles in 1995, his best season as a player by far. As the top singles and doubles player, White was charged with a lot of responsibility as the team's captain.

Even though he won the ACC Championship at No. 4 singles in 1994 and a pair of championships at No. 2 doubles in 1994 and 1995, White was still on top of ACC tennis 1996. The senior from Longwood, who was nationally ranked in singles and doubles for nearly the entire season, went down to the wire and was edged out of the championship at No. 1 singles by just one loss. Not to go unnoticed he received an invitation to the 1996 NCAA Championships in singles for his conference efforts.

# Atlantic Coast Conference

Instilling a standard of excellence in its athletes, the Atlantic Coast Conference, now in its 46th year of collegiate competition, has long been a leader in athletics and academics. Spanning the past five decades, the ACC has placed its schools on the forefront of athletic advancement with its state-of-the-art athletic facilities and numerous progressive academic support systems.

Men's tennis began in the Atlantic Coast Conference in 1954. From 1954 to 1978, North Carolina dominated the conference championships. During that time, there were only three years that the Tar Heels were absent from the team championships. In the 1980's, it was Clemson that mounted a streak, winning the crown nine times in 10 years. North Carolina and Duke have split the dominance in the early 1990's, with Florida State making a run in one of the nation's best tennis conferences.

The tradition of ACC men's tennis is historically strong and 1998 was no exception. The ACC finished the year with four of its schools, including FSU, ranked in the Rolex/ITA national Top 50, and all but one league school was ranked among the ITA Top 100. Duke maintained its standing as one of the countries top program with a final Top 15 ranking, but

Michael Ingham

Ty Braswell

Virginia (37), FSU (47) and North Carolina (49) all pushed into the Top 50. Georgia Tech ranked 52nd last year, Clemson 58th, Wake Forest 63rd and NC State 67th.

Although the Blue Devils were the only ACC team represented at the 1998 NCAA Division I Men's Tennis Championships, six other ACC schools took place in the earlier rounds of the NCAA regional competition. The conference also did well in the singles and doubles portion of the nine-day Championships earning four singles and one doubles invitation.

Last year's Seminole took an impressive 8-1 dual match record into their first ACC match with Wake Forest. The Tribe pushed their record to 9-1 with a 5-2 win over the Demon Deacons in Tallahassee. The Seminoles lost to North Carolina and then 11th ranked Duke, before winning three straight ACC matches to close out March with a 13-3 overall record and 3-2 ACC mark. A win over Maryland preceded consecutive losses at Virginia and Georgia Tech to give the 'Noles a 4-4 regular season ACC finish.

Entering the ACC Tournament FSU was seeded fifth and faced fourth seed Georgia Tech in their home city of Atlanta. FSU had lost to Yellow Jackets just six days earlier, but rallied for a 4-1 first round win. The win bracket forced the Tribe into a second round match with ACC top seed Duke and the Blue Devils prevailed sending FSU home 1-1 at the conference finals, however it marked the fourth straight year that FSU had moved to the semifinals of the ACC Tournament.

Following the ACC Championships, the conference place all but two teams in NCAA Regional action with: Duke, Virginia, North Carolina, Clemson, FSU, Georgia Tech and Wake Forest all moving into NCAA play. The brackets dealt the league a tough blow in the NCAA's pairing FSU and Virginia against one another in the first round at VCU assuring the league of losing at least one team right of the bat, and the Cavaliers were able to advance ending FSU's season at 17-8.

# Support Services

## An Overview of an Academic Support Program on the Rise

**A**cademic, personal and professional support are essential to college success. At the Florida State University, we have developed an outstanding support program which enables student-athletes to reach their full potential.

Our philosophy is "to offer an academic support program integrated with the total university that will assist all student-athletes with the transition into college and provide continued support in all phases of academic and professional development culminating with graduation, job placement or graduate school."

To accomplish this goal we have developed an academic environment which facilitates the academic success of student-athletes. Student success is encouraged through competent academic counseling, career exploration, planning and placement and academic assistance through tutorial programs.

Our program operates on a "proactive" rather than "reactive" approach. At Florida State, our academic

staff does not wait for academic crises to occur. We gather important background information and build an academic profile on all student-athletes to assess their needs in advance. We also stay informed on the daily progress of each student-athlete.

Our academic support staff includes a director, five counselors, and three graduate interns forming a group of professionals serving the needs of all our student-athletes. Mark Meleney is entering his second year as the director of the Athletics Academics Support after serving as one of the program's academic counselors for eight years prior. Academic Counselor Kevin White will handle the women's tennis program duties in 1997.

In 1994, the academic programs moved to the state-of-the-art University Center and are located on the 6th floor of the \$126,000,000 facility. It includes private study carrels, a tutorial study area and a computer lab outfitted with 16 state-of-the-art IBM computers and laser printers. In addition, athletic sky boxes are utilized for group and individualized tutorial instruction sessions.

## Strength, Conditioning, Medical Care and Treatment

Strength training, conditioning, medical care and treatment are a vital aspect of an athlete's performance on the court. At Florida State, a specially designed program is developed for men's tennis team, emphasizing the objectives of strengthening and conditioning the athletes along with the proper medical attention and injury prevention.

Strength and Conditioning Coach Russ Barbarino, who is in his 4th season, individually customizes programs for each of the athletes, beginning with pre-conditioning, before the season even gets underway. Student Athletic Trainer Chris Summers, will handle the athletic training duties for the men's tennis team.

Barbarino, who earned his Bachelor's degree in Physical Education from Kean University of New Jersey, received first-hand experience as the school's football strength and conditioning coach. He then went on to earn his Master's degree in Sports Administration from Florida State, where he is currently pursuing a post-graduate degree in the same field.

An active member of the World Natural Powerlifting Federation and the American Drug-Free Powerlifting Association, Barbarino has become a two-time world, three-time national and eight-time state powerlifting champion. He has also established himself as a repeat world, national and state record holder in several powerlifting events.

This season, Barbarino, a certified National Strength and Conditioning Association member, and certified Advanced Personal Trainer with the International Fitness Professionals Association, is customizing a

sound and comprehensive workout for the men's tennis team. The workout is instrumental in improving muscular endurance, strength, power, speed and cardiovascular conditioning on the court. FSU takes pride in customizing the programs to help student athletes reach their maximum potential.

Athletes at Florida State University receive the best care and treatment possible. All of the student athletes undergo a preseason examination in order to prevent and detect any potential injuries that an athlete may incur. If a problem is detected, the athlete is placed on a prevention care program which may include any kind of treatment from icing to exercising.

Though preventing injuries is the main objective, they are sometimes a part of participating in athletics. Rehabilitation is another important component of the Seminole training room. Summers and the rest of the FSU training staff will work with the athlete and provide an intense rehabilitation schedule that will allow the athlete to successfully rehabilitate after an injury. More serious injuries and illnesses are referred to the Seminole team physicians at the Tallahassee Orthopedic Center, who for many years have worked in conjunction with the FSU training room in successfully rehabilitating numerous athletes after an injury.

Summers, a Port St. Joe native, is in the process of earning a degree in Health Education at Florida State. He served as the Tallahassee Community College baseball trainer the past three years.

Nutrition counseling and drug testing are also responsibilities of the athletic training team which is dedicated to providing the best care possible for all FSU student-athletes.

Strength Coach

# Life Skills

## The N.O.L.E.S. Program

### NEW OPPORTUNITIES FOR LEADERSHIP, EDUCATION AND SERVICE

Developed by the Florida State University Department of Athletics, the NOLES program represents a commitment to the total growth and development of the student-athlete. This program establishes an administrative commitment to academic and athletic excellence. Those efforts will be supported with programs and services in personal development, career development and community service.

## Personal Development

Fostering the development of personal growth is a fundamental component of the NOLES program. These support programs ensure that the student-athlete will be provided opportunities to focus on personal growth issues such as values clarification, goal setting, fiscal planning, decision making and personal responsibility. Programming focuses on helping student-athletes develop a healthy lifestyle while they are at Florida State and habits that will benefit them for life.

## Career Development

Preparing for life after college sports is a major focus of the NOLES Career Development program. The program is designed to work cooperatively with the University's Career Services to acquaint students with the job search process, provide networking opportunities and ultimately assist with job placement. This program places a priority on the development of the total person, with the goal of developing individuals who will have rewarding careers and productive lifestyles after they leave Florida State.

## Community Service

Serving the community is the focus of our Seminole Spirit program. Student-athletes are challenged to give service to our community and individuals who are in need. With a clearly defined program of service, student-athletes are given the opportunity to develop the foundation for a lifelong commitment to volunteerism. The Seminole Spirit Student-Athlete Speakers' Bureau enables student-athletes to improve their speaking skills, develop effective communication and impact the lives of others through their service as role models in our community.

## Leadership Development

The Florida State University Department of Athletics is committed to developing programs of excellence that foster leadership development. The foundation of the leadership development program will be the two councils that represent the student-athletes at the University.

The Student-Athlete Advisory Council (SAAC) serves as the advisory board to the NOLES program and the athletics administration. The prestigious board, comprised of two representatives of each athletic team at FSU, also recommends programming and serves as a liaison between student-athletes and the athletics administration. The Advisory Council plans and implements various events for student-athletes and serves as the department's most visible ambassadors. The SAAC planned and hosted the annual Golden Nole banquet for the first time last year and have recently planned such events as orientation for incoming student-athletes and the back-to-school picnic.

Student Athletic Advisory Council

# NCAA Information

The following information is provided by the Florida State Office of Compliance for prospective student athletes. It is intended as a guideline to introduce some of the rules governing NCAA athletic involvement.

## Who is permitted to recruit for FSU?

**Only Florida State University coaches** who have successfully completed the NCAA Recruiting Rules Examination on an annual basis may be involved in the recruitment process. Representatives of our athletics interests **may not** make any recruiting contacts. This includes letters, telephone calls or face-to-face contact on or off campus with a prospect or the prospect's parents.

## Key terms you should know

You become a **prospective student-athlete** if you have started classes for the ninth grade. Before the ninth grade, you become a prospective student-athlete if the college provides you (or your relatives or friends) any financial aid or other benefits that the college does not provide to prospective students generally.

A **contact** is any face-to-face encounter between a prospect or the prospect's legal guardian and an institutional staff member or athletic representative during which any dialogue occurs in excess of an exchange of greeting. NOTE: At the Division I level, athletic representatives (boosters) may not contact you for the purpose of recruiting. A college coach may contact you in person off the college campus beginning July 1 after completion of your junior year in high school.

An **evaluation** is any off-campus activity designed to access your academic qualifications or athletic ability, including any visit to your high school (during which no contact occurs) or the observation of any practice or competition in which you participate.

During your senior year, you can have one expense-paid **official visit** to a

particular campus. You may receive no more than five visits. During your official visit, which may not exceed 48 hours, you may receive round-trip transportation between your home and the campus, and you (and your parents) may receive meals, lodging and complimentary admission to campus athletics events.

## Phone calls and letters

Phone calls from faculty members and coaches (but not boosters) are permitted beginning July 1 (August 15 for football) after completion of your junior year. A college coach or faculty member is limited to **one telephone call per week** except when it is:

- During the five days immediately before your official visit to the university
- On the day of a coach's off-campus contact with you
- During the time beginning with the initial National Letter of Intent signing date in your sport through the two days after signing date
- In the sport of football only, during the permissible off-campus contact periods and during the 48 hours prior to and 48 hours after 8:00 a.m. on the initial signing date for the National Letter of Intent.

Letters from coaches and faculty members (but not boosters) are not permitted until September 1 at the beginning of your junior year in high school. A Division I university may provide you with the following printed materials:

- General correspondence, including letters, U.S. Postal Service postcards and institutional note cards
- Game programs which may not include posters and one Student Athlete Handbook can be provided only during official or unofficial visits to the university's campus
- NCAA educational information
- Pre-enrollment information subsequent to signing a National Letter of Intent with the university
- One athletic publication which may include only one color of printing inside the covers
- Official academic, admissions and student services publications published

**Robert Minnix**  
Assoc. AD for Compliance and  
Legal Affairs

or videotapes produced by the institution and available to all students

- Schedule cards
- Questionnaires which may be provided prior to your junior year
- Summer camp brochures which may be provided prior to your junior year.

## Alumni and Boosters Do's and Don'ts

**You may** forward information about prospective student-athletes to the appropriate coaches.

**You may** have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and the Compliance Office is aware that you are making these contacts in regard to employment.

**You may** have a telephone conversation with a prospect **only** if the prospect initiates the call. Such a call may not be prearranged by an institutional staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about our athletics programs to an athletics department staff member/coach.

**You may** view a prospect's contest at your own initiative provided you do not contact the prospect or his/her parents. In addition, you may not contact a prospect's coach, principal, or counselor in an attempt to evaluate the prospect.

**You may** continue established family relationships

1999	David Barron	John Vinson	13-10	.565	ACC (7th)		#

Note: Up until 1977, the NCAA champion was decided by the total of the individual scoring of all players on each team. One point was awarded for each match won, including singles and doubles. A single-elimination tournament featuring 16 teams began in 1977 and has since expanded to 32.

# Conference History

## Dixie Conference affiliation (1949-51)

The 1949, 1950 and 1951 teams, coached by Florida State tennis pioneer, H. Don Loucks (1949-50) and Ralph Matherly (1951), won the Dixie Conference team championship for three consecutive years. The Dixie Conference was made up of seven small schools within the Southeast, including Florida State, Stetson, Millsaps, Mercer, Howard, Lambuth and Ogelthorpe.

## Metro Conference Championship History (1976-91)

The Metro Conference, originally tabbed the Metro Six, was formed on June 13, 1975. It's charter members included the Cincinnati, Georgia Tech, Louisville, Memphis State, St. Louis and Tulane.

Expansion was soon on the horizon, as the league membership increased to its size to seven schools when the Florida State University was admitted on July 28, 1976.

After Georgia Tech left the conference following the 1978 season, Virginia Tech quickly filled the void. Then St. Louis left the Metro. But waiting in the wings was the University of South Carolina who joined in 1983 to increase the membership to eight schools. However, Tulane forfeited its membership when its basketball program was discontinued following the 1984-85 season.

## Team Competition

Year	Team Champion	Head Coach	Runner-Up	Site
1976	Memphis State		Georgia Tech	Memphis, Tennessee
1977	Memphis State		Cincinnati	Memphis, Tennessee
1978	Memphis State		<b>Florida State</b>	Tallahassee, Florida
1979	Memphis State		Virginia Tech	Tallahassee, Florida
1980	Memphis State		<b>Florida State</b>	Tallahassee, Florida
1981	<b>Florida State</b>	<b>Randy Jobson</b>	Memphis State	Tallahassee, Florida
1982	Virginia Tech		Memphis State	Memphis, Tennessee
1983	<b>Florida State</b>	<b>Randy Jobson</b>	Memphis State	New Orleans, Louisiana
1984	<b>Florida State</b>	<b>Richard McKee</b>	Memphis State	Memphis, Tennessee
1985	South Carolina			Memphis, Tennessee
1986	South Carolina			Columbia, South Carolina
1987	South Carolina		<b>Florida State</b>	Hattiesburg, Mississippi
1988	<b>Florida State</b>	<b>Richard McKee</b>	South Carolina	Tallahassee, Florida
1989	South Carolina		<b>Florida State</b>	Cincinnati, Ohio
1990	South Carolina		<b>Florida State</b>	Louisville, Kentucky
1991	South Carolina		<b>Florida State</b>	Memphis, Tennessee
