In 1982, **Lex Wood** became the first player from the Florida State tennis program to be inducted into the FSU Athletics

Lex Wood

Hall of Fame. He was first a player for the Seminoles from 1961 through the 1963 season, then the program's head coach from 1965 through 1969.

When Wood arrived from his native South Africa in 1962, head coach Eddie Cubbon knew he had a leader amongst his new crop of tennis players. For the following three seasons he would become a mainstay among the nation's top 20 players, playing at No. 1 singles and doubles.

In 1964, his singles match record was 22-1 and his career mark was 51 victories in 54 singles matches. Over the course of his Florida State career, Wood defeated many great collegiate players including a former U.S. Davis

Cup player, Marty Riessen. As head coach, his Seminoles went an impressive 89-33 during his tenure. His last two teams in 1968 and 1969 went 19-3 and 23-5 in dual match play, respectively.

A fine student, Wood received his master's and doctoral degrees from FSU in education. Following his near-decade with FSU, Wood traveled south to the University of Central Florida, where he served as an educator and coach for many more years to follow.

Over six decades of service to FSU athletics, **Don Loucks** was inducted into the Florida State Athletics Hall of Fame in 1985. In 1936, Loucks started off his relationship with FSU as the coach of every sport at the Florida State College for Women. He was the "pioneer" of many of the current athletic programs.

In 1947, he was the first coach for the men's basketball team and a year later was named the first tennis coach. His hoops team scored the first victory for the newly-formed athletics program. His tennis team was the first to have a winning season, going 9-4.

Loucks served as Dean of Men from 1957 through 1967 and during this time, he served as a lead figure in the Seminole athletics program, as well as in the department of education. He retired from the ath-

letics department in 1980 as professor emeritus in physical education. His dedication did not go unnoticed as the varsity tennis courts were re-named in his honor. The Scott Speicher Tennis Center was built around his courts.

His accolades go far beyond the tennis courts, yet Dr. **Ray Bellamy's** triumphs at the net still stand out as one of the best as he was inducted into the FSU Athletics Hall of Fame in 1992. He served as his team's captain in 1960 and 1961, and during those two years only lost a total of three matches.

Marco Aibilhoa

As a model student and athlete during his undergraduate years, 1957 through 1961, Bellamy was involved in many facets of the university that continue to show the benefits of his early presence. He was vice president of his senior class, a member of the Gold Key honorary society and Omicron Delta Kappa honorary fraternity. In addition, Bellamy was president of the Sigma Chi Fraternity. He then went on to earn a doctorate in medical studies.

After leaving FSU and joining the United States Navy, Bellamy went on to become the All-Navy doubles champion and played on the All-Navy team in 1967 and 1968 while serving as a flight surgeon.

After returning to the state of Florida to begin his practice, Bellamy became the state's 35-and-over singles and doubles champion during the 1970's.

Paul Haarhuis, the "Dutchman" from Eindhoven, The Netherlands, came to Florida State in 1986 after

transferring from Armstrong State College in Savannah, Georgia. He went on to become one of the best tennis players ever to come out of FSU. His induction into the Florida State Athletics Hall of Fame in 1993 is a symbol of the university's appreciation for the positive presence he added to the program from 1986 through 1988.

His first two collegiate seasons, prior to transferring to FSU went quickly as he garnered a 64-2 overall record, including a 35-0 sophomore season. With the Seminoles, his first season was a true success as he went 35-5 in singles competition and 25-5 in doubles. Included in his long list of accolades was the first-ever Men's Intercollegiate Invitational Tennis Championships held in Panama City.

At one point, Haarhuis had 24 consecutive wins, including his reign as the Metro Conference Most Valuable Player. He was given this honor by way of winning the number one singles and doubles crowns, including an invitation to the NCAA Championships for doubles.

Once his collegiate career was finished Haarhuis had a 72-9 overall singles record for his two years and consecutive Metro Conference MVP awards.

As successful as Haarhuis was for Florida State, his career flourished even more once he turned professional in 1989. Through the 2003 season, Haarhuis had career earnings totaling over seven millions dollars.

During his 14-year run on the ATP tour, Haarhuis has amassed 54 doubles titles including six Grand Slam championships. He won his lone singles title in 1995 during an event in Jakarta.

Marco Abilhoa, the native of Brazil, was one of the great Florida State Seminole tennis players who made an impact on the collegiate scene. Prior to enrolling, he was ranked No. 3 in the Brazilian Juniors, when former FSU head coach Randy Jobson discovered him.

A five-year member of the Seminole tennis program from 1980 through 1984, Abilhoa was at the top of the Metro Conference. He was the No. 1 singles and doubles champion in 1981 and 1982. After dominating for his first two seasons, he was sidelined and redshirted for the 1983 season. Upon his return in 1984, Abilhoa went straight back to the place where he left off, at the top of the Metro Conference. His dominating presence earned him a record three Metro MVP awards in 1981, 1982 and 1984.

Joey Rive, a West Palm Beach native, played for the Seminoles from 1981 through 1985. As one of the top players ever to compete at Florida State, Rive led the team in wins in 1983, 1984 and 1985. During his period at number one singles,

he was nationally ranked among the Top 25 in the nation.

His stellar performance for the Tribe resulted in three Metro Conference singles championships in 1983, 1984 and 1985 and two doubles championships in 1983 and 1985, including the conference's top crown, the MVP in 1985. His Metro success led to his invitation to the 1985 NCAA tournament and to the 1987 **Tennis Magazine** Sportsman of the Year award.

Following his FSU career, Rive played the ATP tour where he reached as high as No. 57 in the world in 1988. He returned back to Tallahassee, where he served as an assistant from 1993 to 1994. He is currently the head coach at TCU.

After earning NAIA All-American honors at Huntington College in Montgomery, Ala., **Stephen Noteboom**, the second "Dutchman" to thrive at Florida State for the Seminoles for the 1990 through 1992 seasons.

Almost immediately making his presence known, Noteboom grabbed the Metro Conference's coveted MVP

award for winning the title at No. 1 singles and doubles. That same year, he earned an invitation to the 1991 NCAA Championships for singles.

During his pro career, Noteboom captured a pair of doubles titles. He joined up with Fernon Wibier to win the Ordina Open. Two years he and Lan Bale teamed up to win the BMW Open.

Brian Stanton of Coral Springs and **Ken McKenzie** of Tallahassee finished up their playing careers with the Tribe in 1995. As a doubles team, the duo ended their final campaign earning collegiate tennis' top honor, an ITA All-America award.

The doubles pair received the 1995 accolade after a superb run in the NCAA Championships. What may be the most impres-

sive feat for them was being ranked among the nation's top 10 doubles tandems throughout the season.

During his stay at FSU, Stanton won back to back Junior Davis Cup singles titles in 1993 and 1994, won the 1993 Junior Davis Cup in doubles and was named to the All-ACC team his sophomore and junior seasons.

McKenzie left behind a void in doubles that was a great challenge to fill. He and Stanton guided No. 1 doubles to an impressive No. 3 national ranking, the highest ranking the program has ever received. He also was also impressive on the singles side earning ACC Flight Championships at No. 2 singles in 1994 and No. 3 singles in 1995.

Jason White finished his four-year run with the Seminoles in 1995, his best season as a player by far. As the top singles and doubles player, White was given a lot of responsibility as FSU's captain.

Even though he won the ACC Championship at No. 4 singles in 1994 and a pair of championships at No. 2 doubles in 1994 and 1995, White was still on top of ACC tennis in 1996. Nationally ranked for most of the year, the senior from Longwood received a bid to the 1996 NCAA Tournament after being edged out for the championships at No. 1 singles.

SUPPORT SERVICES

THE TEAM BEHIND THE SCENES

ACADEMIC SUPPORT

Academic, personal and professional support are essential to college success. At the Florida State University, we have developed an outstanding support program which enables student-athletes to reach their full potential. Our philosophy is "to offer an academic support program integrated with the total university that will assist all student-athletes with the transition into college and provide continued support in all phases of academic and professional development culminating with graduation, job placement or graduate school."

To accomplish this goal we have developed an academic environment which facilitates the academic success of student-athletes. Student success is encouraged through competent academic counseling, career exploration, planning and placement and academic assistance through tutorial programs.

Our program operates on a "proactive" rather than "reactive" approach. At Florida State, our academic staff does not wait for academic crises to occur. We gather important background information and build an academic profile on all student-athletes to assess their needs in advance. We also stay informed on the daily progress of each student-athlete.

The academic support services are located in the state-of-the-art University Center and are on the sixth floor of the \$126 million facility. It includes private study carrels, a tutorial study area and a computer lab outfitted with 20 IBM computers and laser printers. In addition, athletic sky boxes are utilized for group in individual tutorial instruction.

FSU offers 17 Schools and Colleges with 300 undergraduate and graduate degrees.

MARK MELENEY

Mark Meleney is in his eighth year as the Director of the Athletic Academic Support Program. He brings to the position 18 years of advising experience to FSU. Meleney directs a staff of six professional counselors, two graduate assistants and an administrative assistant.

Over the last eight years, Meleney has played an integral role in the development of a comprehensive program of student athlete support, which in 1996 won an "Award of Excellence" from **Athletic Management Magazine**.

In addition to his duties directing the Academic Support Program, Meleney evaluates all recruits for the academic potential, monitors academic progress and eligibility for student athletes and serves as a liaison to the academic community. He also serves as a member of the administrative team for both the Athletics Department and the Division of Undergraduate Studies.

A native of Iowa, Meleney began his college education at Buena Vista College, where he earned varsity letters in football and basketball. Upon transferring to Florida State, he earned bachelor's degrees in management and finance in 1986 and received his M.S. degree in athletic administration in 1997. A member of the National Association of Academic Advisors for Athletes, Meleney is married to the former Sarah Cawthon. The two have a ten-year-old daughter, Montana Shea.

KEVIN WHITE

Kevin White is in his sixth year as a member of Florida State's academic support staff and serves as the tennis program's academic counselor. White is responsible for coordinating and monitoring completion of degree requirements as well as overseeing study hall and tutorial services

while watching over academic progress of the Seminole student-athletes. In addition, he assists the department in the recruitment of prospective student-athletes when they come to campus.

A native of Seat Pleasant, Md., White attended James Madison University on a football scholarship. He was a three-year letterwinner for the Dukes and received his bachelor's degree in sociology and communication in May of 1991.

LIFE SKILLS

THE TEAM BEHIND THE SCENES

THE N.O.L.E.S. PROGRAM NEW OPPORTUNITIES FOR LEADERSHIP, EDUCATION AND SERVICE

Developed by the Florida State University Department of Athletics, the NOLES program represents a commitment to the total growth and development of the student-athlete. This program establishes an administrative commitment to academic and athletic excellence. Those efforts will be supported with programs and services in personal development, career development and community service.

PERSONAL DEVELOPMENT

Fostering the development of personal growth is a fundamental component of the NOLES program. These support programs ensure that the student-athlete will be provided opportunities to focus on personal growth issues such as values clarification, goal setting, fiscal planning, decision making and personal responsibility. Programming focuses on helping student-athletes develop a healthy lifestyle while they are at Florida State and habits that will benefit them for life.

CAREER DEVELOPMENT

Preparing for life after college sports is a major focus of the NOLES Career Development program. The program is designed to work cooperatively with the University's Career Services to acquaint students with the job search process, provide networking opportunities and ultimately assist with job placement. This program places a priority on the development of the total person, with the goal of developing individuals who will have rewarding careers and productive lifestyles after they leave Florida State.

COMMUNITY SERVICE

Serving the community is the focus of our Seminole Spirit program. Student-athletes are challenged to give service to our community and individuals who are in need. With a clearly defined program of service, student-athletes are given the opportunity to develop the foundation for a lifelong commitment to volunteerism. The Seminole Spirit Student-Athlete Speakers' Bureau enables student-athletes to improve their speaking skills, develop effective communication and impact the lives of others through their service as role models in our community.

LEADERSHIP DEVELOPMENT

The Florida State University Department of Athletics is committed to developing programs of excellence that foster leadership development. The

foundation of the leadership development programs are the Seminole Leadership Institutes that are held four times a year. These Institutes offer student-athletes the opportunity to learn skills that will benefit them as students, as athletes, and as they pursue their goals after leaving Florida State. The Institutes are based on building communication skills. Students have the opportunity to use the values and work ethic taught by athletic participation as the framework for their leadership development. The Institutes attract outstanding guest speakers who challenge Seminole student-athletes to achieve their greatest potential and use their leadership skills to positively influence others.

The Student-Athlete Advisory Council (SAAC) serves as the advisory board to the NOLES program and the athletics administration.

The prestigious board, comprised of two representatives of each athletic team at FSU, also recommends programming and serves as a liaison between student-athletes and the athletics administration. The Advisory Council plans and implements various events for student-athletes and serves as the department's most visible ambassadors. The SAAC hosts the annual Golden Nole banquet and plans such events as orientation for incoming student-athletes and the back-to-school picnic.

STRENGTH & CONDITIONING

THE TEAM BEHIND THE SCENES

STRENGTH & CONDITIONING

Dave Plettl

"The Strong Shall Survive" is the motto of the strength and conditioning staff at Florida State. It is also this philosophy that has made Seminole athletes in all sports among the strongest, fastest and fittest anywhere. At Florida State, the strong not only survive, they win too!

Strength training, conditioning, medical care and treatment are vital aspects of an athlete's performance on the court. At Florida State, a specially designed program is developed for the men's tennis team, emphasizing the objectives along with the proper medical attention and injury prevention.

Strength coach Dave Plettl, who is in his fourth year on the Florida State strength and conditioning staff, individually customizes programs for each of the athletes beginning with preconditioning before the season gets underway.

Plettl, a native of Bailey, Colorado, is a 1991 graduate of the University of Colorado, where he earned a bachelor's degree in political science and history. He came to Florida State from the University of Texas where he served two years as an assistant strength and conditioning coach with the football, men's tennis, women's golf and rowing programs.

While at Colorado, Plettl worked as a student assistant athletic trainer his first year and then moved to the strength and conditioning staff in 1987 where he spent the next 10 years. Plettl was a student assistant/graduate assistant from 1987-92, the interim coach from 1992-93 and associate strength and conditioning coach from 1993-97. He worked primarily with the football, men's basketball, volleyball and soccer programs at Colorado.

Plettl, who is a certified Level II specialist in sports conditioning, works with both the men's and women's basketball programs at Florida State University while adding women's tennis this season. He is married to the former Christa Miller. The couple had their first child, Lydia in April of 2001.

WEIGHT ROOM

Off the court, Florida State men's tennis trains in a pair of top-notch facilities. During the summer of 2003, Seminole athletics moved into the new 20,000 square-foot Champions Training Center located at the football stadium. The facility includes 24 self-contained Powerlift work stations, 12 Olympic lifting platforms, more than 50 machines for specific training of any and every body part and more than a dozen machines for cardiovascular training. "The Bod Pod" in the Body Composition Area is one of the most reliable means of body composition testing.

In addition, the Seminoles utilize the newly renovated weight room at Tully Gymnasium. The weight room has been tripled in size and includes \$140,000 worth of new equipment.

MEDICAL CARE AND TREATMENT

Diana Caruso

An athlete can expect to receive the best care and treatment possible from the athletic training staff at Florida State University. Prior to competition, all FSU student-athletes undergo screening in order to detect any potential injuries. If a problem is detected, the athlete may be placed on a prevention care system which may include any kind of treatment from icing to exercising.

Diana Caruso joined the Florida State Athletic Training staff in July of 2002 and is in her second season of handling the athletic training duties for the men's and women's tennis teams.

Caruso is a 2002 graduate of West Virginia University where she received a bachelor of science degree in athletic training. While at West Virginia, Caruso served as a student athletic trainer for three years while working with women's basketball, track, soccer and tennis teams.

Upon graduation, Caruso has continuing her education at Florida State serving as a graduate assistant athletic trainer while earning her master's degree in sport administration. Some of Caruso's responsibilities include designing, implementing and supervising the rehabilitation programs for the men's and women's tennis teams and assisting with other sports where needed.

A native of Harrisburg, Pa., Caruso is a certified member of the National Athletic Trainers Association and is also Red Cross CPR and First Aid certified.

Though the prevention of injuries is the main objective, some injuries are unavoidable. Rehabilitation is another component of the Florida State training room. The FSU athletic training staff will work with the athlete and provide an intense rehabilitation schedule that will allow the athlete to successfully rehabilitate after an injury. Some injuries and illnesses may be referred to the Seminole team physicians at the Tallahassee Orthopedic Center, who, for many years, have worked in conjunction with the FSU athletic training staff in successfully rehabilitating athletes after an injury.

NCAA COMPLIANCE

THE TEAM BEHIND THE SCENES

The following information is provided by the Florida State Office of Compliance for prospective student-athletes. It is intended as a guideline to introduce some of the rules governing NCAA athletic involvement.

WHO IS PERMITTED TO RECRUIT FOR FSU?

Only Florida State coaches who have successfully completed the NCAA Recruiting Rules Examination on an annual basis may be involved in the recruitment process. Representatives of our athletics interests may not make any recruiting contacts. This includes letters, telephone calls or face-to-face contact on or off campus with a prospect or the prospect's parents.

KEY TERMS YOU SHOULD KNOW

You become a prospective **student-athlete** if you have started classes for the ninth grade. Before the ninth grade, you become a prospective student-athlete if the college provides you (or your relatives or friends) any financial aid or other benefits that the college does not provide to prospective students generally.

A **contact** is any face-to-face encounter between a prospect or the prospect's legal guardian and an institutional staff member or athletic representative during which any dialogue occurs in excess of an exchange of greeting. NOTE: At the Division I level, athletic representatives (boosters) may not contact you for the purpose of recruiting. A college coach may contact you in person off the college campus beginning July 1 after completion of your junior year in high school.

An **evaluation** is any off-campus activity designed to access your academic qualifications or athletic ability, including any visit to your high school (during which no contact occurs) or the observation of any practice or competition in which you participate.

During your senior year, you can have one expense-paid **official visit** to a particular campus. You may receive no more than five visits. During your official visit, which may not exceed 48 hours, you may receive round-trip transportation between your home and the campus, and you (and your parents) may receive meals, lodging and complimentary admission to campus athletics events.

PHONE CALLS & LETTERS

Phone calls from faculty members and coaches (but not boosters) are permitted beginning July 1 after completion of your junior year. A college coach or faculty member is limited to one telephone call per week except when it is:

- During the five days immediately before your official visit to the university
- On the day of a coach's off-campus contact with you
- During the time beginning with the initial National Letter of Intent signing date in your sport through the two days after signing date

Letters from coaches and faculty members (but not boosters) are not permitted until September 1 at the beginning of your junior year in high school. A Division I university may provide you with the following printed materials:

- General correspondence, including letters, U.S. Postal Service postcards and institutional note cards
- Game programs which may not include posters and one Student Athlete Handbook can be provided only during official or unofficial visits to the university's campus
- NCAA educational information
- Pre-enrollment information subsequent to signing a National Letter of Intent with the university
- One athletic publication which may include only one color of printing inside the covers

- Official academic, admissions and student services publications published or videotapes produced by the institution and available to all students
- Schedule cards
- Questionnaires which may be provided prior to your junior year
- Summer camp brochures which may be provided prior to your junior year.

ALUMNI & BOOSTERS DO'S & DON'TS

You may forward information about prospective student-athletes to the appropriate coaches.

You may have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and the Compliance Office is aware that you are making these contacts in regard to employment.

You may have a telephone conversation with a prospect only if the prospect initiates the call. Such a call may not be prearranged by an institutional staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about our athletics programs to an athletics department staff member/coach.

You may view a prospect's contest at your own initiative provided you do not contact the prospect or his/her parents. In addition, you may not contact a prospect's coach, principal, or counselor in an attempt to evaluate the prospect.

You may continue established family relationships with friends and neighbors. Contacts with sons and daughters of these families are permitted as long as they are not made for recruiting purposes or encouraged by Florida State University coaches.

You may not become involved in making arrangements to receive money or financial aid of any kind for a prospect or the prospect's family and friends.

You may not make contact with a prospective student-athlete and his/her parents when the prospect is on campus for an official or unofficial recruiting visit.

You may not transport, pay or arrange for payment of transportation costs for a prospect, and his/her relatives or friends to visit campus (or elsewhere).

You may not pay or arrange for payment of summer camp registration fees for a prospect.

You may not provide anything to a prospect, the prospect's family or friends without prior approval from the athletics' Compliance Office.

THIS IS FLORIDA STATE

THE OLDEST CONTINUOUS SITE FOR HIGHER EDUCATION IN FLORIDA

Florida State University, a graduate research institution, stands among the nation's elite in both academics and athletics.

Located on the oldest continuous site of higher education in Florida, the university is situated in the heart of the state's capital city. The university's main campus blends Jacobean Revival and modern styles of architecture with the oaks, pines, dogwoods and azaleas of North Florida.

As the university has progressed and grown from its pre-Civil War beginnings as the Seminary West of the Suwannee, to the Florida State College for Women and, finally, returning to coeducational status as a university in 1947 it has developed into an acclaimed research institution, a top ranked competitor in intercollegiate athletics and a standard-setter in the basic sciences and the performing arts.

The university has entered the 21st century with excellence in all areas of its

mission teaching, research and public service, including many noteworthy milestones:

- Beginning in fall 2003, the College of Law will offer its first graduate level law degree program, an LL.M. program for foreign lawyers to gain a better understanding of the United States' legal system.

- In March 2003, the department of dance joined the Association for Dance and Performance Telematics (ADaPT), the nation's only interdisciplinary association that uses video and digital technology to expand the creative possibilities of dance performance into the virtual world.

- In February 2003, the School of Motion Picture, Television and Recording Arts won the first, second and third place awards in the comedy category of the 24th annual Academy of Television Arts and Sciences Foundation College Television Awards. The sweep was a first in the history of the annual student competition.

- In February 2003, FSU and the city of Pembroke Pines entered into a first of its kind agreement to establish a charter school to open in August 2003 that will serve 550 kindergarten through fifth grade students and 50 autistic students.

- In February 2003, English Professor Mark Winegardner was chosen by Random House Publishers over several authors from around the world to write the sequel to Mario Puzo's *The Godfather*. Winegardner hopes to have the book written by the end of 2004.

- In January 2003, the College of Medicine's Center for Health Equity announced the opening of its Gadsden County office, which will focus on racial and ethnic disparity in maternal and child health issues there.

- During the fall 2002 semester, the Office of Graduate Studies began the pilot phase of the university's Electronic Theses/Dissertations Project that will eventually store all such scholarly work digitally in both the FSU University Libraries and the UMI/ProQuest Dissertation Archive, an offsite Library of Congress repository.

- In October 2002, the College of Medicine became the first new allopathic medical school in the country since 1982 to receive the approval of the Liaison Committee on Medical Education the nationally recognized accrediting authority for education programs leading to the M.D.

COMMUNITY SERVICE

FSU's student-athletes contributed over 4,500 volunteer hours in service to the community in 2002-2003. They also helped to raise \$64,000 in direct support to charities.

Florida State student-athletes volunteered their time working with students from every elementary and middle school in Leon County as well as schools in nearby Wakulla and Gadsden counties.

ACADEMICS

Seven of Florida State's 17 athletic teams — that's 41 percent — currently have a 3.0 or better grade point average.

Since joining the ACC in 1991, FSU has had six National Football Foundation and College Hall of Fame National Scholar Athlete Award winners — the most among all ACC schools and a figure that ranks second nationally in the past 10 years.

Florida State student-athletes have earned \$232,000 in post-graduate scholarships over the past eight years. They have also received 18 post-graduate scholarships for the ACC since 1992.

COACHING EXCELLENCE

When it comes to legendary head coaches, it is hard to argue anyone has been as fortunate as Florida State. The Seminoles have three coaches who have established records that rank them with the greatest coaches ever to roam an NCAA sideline.

Florida State is the only NCAA school with three coaches in the top 10 for all-time victories in their sport and in the top five in wins and winning percentage among active coaches. Mike Martin (baseball), Bobby Bowden (football) and JoAnne Graf (softball) have combined for 2,839 wins and each coach appears in the top two for either active winning percentage (Martin), active wins (Graf), or all-time wins (Bowden).

Post-Graduate Scholarship Awards

Total — 18

In 1996, Seminole Daryl Bush was the first ever recipient of the State Farm National Scholar Athlete of the Year Award, now given annually.

Florida State boasts two NACDA Post-Graduate Award winners in the last three years. The scholarship, which was originated in 2001, grants \$10,000 scholarships to its recipients.

In 2001, former Seminole Chris Weinke was the recipient of the first ever ACC Scholar Award which is given annually to an excellent athlete and top scholar who is not going on to graduate school. Football's Chris Hope (2002) and baseball's Matt Lynch (2003) have also earned the distinction.

Florida State has more all-time ACC Honor Roll selections (1,499) than all-time All-ACC honorees (1,479). On top of that number, 24 Seminoles have been named Academic All-Americans and 18 Florida State athletes have received post-graduate scholarships.

- In September 2002, FSU installed the IBM eServer p690, nicknamed Eclipse, which is the second phase of a computing system that can now perform 2.5 teraflops (2.5 trillion calculations per second) and is ranked No. 34 among all government, industry and academic supercomputers in the world (ranked by the University of Tennessee and the University of Mannheim in Germany, (www.top500.org).

- During the fall of 2002, FSU had 204 National Merit Scholars, 74 National Achievement Scholars and 203 Hispanic Scholars enrolled.

- In April 2002, the National Weather Service opened its 121st Weather Forecast Office in a four-story addition to the James J. Love Building, home of the FSU department of meteorology. It is the 14th WFO to be collocated on a university campus and will give FSU meteorology students first-hand experience observing and working with professional meteorologists.

- In April 2002, WFSU-TV was among nine public stations praised for their involvement with the PBS Ready to Learn service and early childhood literacy by President George W. Bush and First Lady Laura Bush during a White House ceremony.

- In February 2002, Florida Gov. Jeb Bush announced the creation of a \$2.5 million FSU center that will develop the best methods to teach reading, to be

headed by Joseph K. Torgesen, the FSU Robert M. Gagne Professor of Psychology and Education who is the nation's leading expert on how children learn to read. The center, which will collaborate with the University of Central Florida, will train teachers in what works.

- In October 2001, FSU began its second capital campaign for private funds. The \$600 million FSU Connect campaign surpassed the halfway mark with \$306 million in May 2002. The university's first capital campaign, An Investment in Learning, closed in January 1998 with \$301 million, surpassing its original \$200 million goal.

- From October to November 2001, Pulitzer Prize-winning author Robert

Olen Butler, an FSU Francis Eppes Professor who holds the Michael Shaara Chair in Creative Writing, was the first author ever to write a short story live on the Internet. Butler allowed the world to watch him write an original short story, keystroke for keystroke, two hours a day for 19 days.

- In June 2001, NBC Nightly News anchor Tom Brokaw donated more than 5,000 collections of World War II memorabilia that had been sent to him as the result of his three-book series on "The Greatest Generation" to the FSU Institute on World War II and the Human Experience. FSU created the institute in 1998 to "save the memories of those who saved the world" by collecting letters, diaries, memoirs and photos from participants in the war effort, in order to preserve the materials for classroom teaching, scholarly research and public viewing.

- In May 2001, FSU welcomed the charter class of its College of Medicine.

- In March 2001, FSU opened the Center for the Advancement of Human Rights that trains undergraduate students from nine FSU colleges and schools to be human rights advocates so they can be placed with international human rights organizations.

- In the blackenterprise.com 2001 "Top Fifty Colleges for African Americans" rankings, FSU was rated 23rd in the nation, up from 26th in 1999.

- In the March-April 2001 issue of National Jurist that rated the nation's "most wired" law schools, the FSU College of Law was ranked 13th.

ATHLETICS DEPARTMENT MISSION STATEMENT

The Mission of the Department of Intercollegiate Athletics at The Florida State University shall be to produce National Collegiate Athletic Association (NCAA) Division I programs for men and women that are characterized by excellence. In addition, the Department strives to be recognized as a campus leader in terms of its ethics, nondiscrimination, and unquestioned fiscal integrity.

Excellence in intercollegiate athletics programs is determined by academic achievement and the development of character, maturity and a sense of fair play in athletic programs. It, moreover, engenders support for the University among its many constituent groups including students, faculty, alumni, and friends at the local, state and national levels. In striving to become a leader among our peers, the Department subscribes fully

to the philosophy and regulations set forth by the National Collegiate Athletic Association and operates within the fiscal regulations and nondiscriminatory procedures established by the Florida State Board of Trustees and the Florida Legislature.

It is the explicit philosophy of the Department that our student-athletes will be strongly encouraged and supported in their endeavors to towards a degree while simultaneously participating in an intercollegiate athletic program whose environment is consistent with the highest standards of academic scholarship, sportsmanship, ethics, and institutional loyalty.

Finally, the decisions and priorities of the Department should always focus on our student-athletes first, as individuals; second, as students; and third, as athletes.

• In 1994, the Carnegie Foundation classified FSU as a "Research University I," placing it among the nation's top research universities. In 2000, the distinction was renamed "Doctoral/Research University-Extensive."

Under the leadership of FSU's 13th president, T.K. Wetherell, who took office in January 2003, and its 13-member Board of Trustees, the university continues to build on the foundation of its history of excellence in scholarship, research and service. The trustees are: Chairman John Thrasher of Orange Park; Harold Knowles, J. Stanley Marshall and Jim Smith, all of Tallahassee; Emily "June" Duda of Oveido; David Ford of Rosemont, Pa.; Dr. Jessie Furlow of Quincy; Manuel "Manny" Garcia III of Winter Springs; William "Andy" Haggard of Coral Gables; E. Ann McGee of Winter Springs; Derrick Brooks of Tampa; FSU Faculty Senate President Valliere Richard Auzenne and Student Government Association President Patrick Sullivan.

A senior member of the State University System, FSU was founded as an institution of higher learning in 1851 by legislative act. It began in Tallahassee with its first class of male students in 1857 and added women in 1858.

FSU's operating budget is \$808 million. Faculty and administrators generate more than \$150 million annually in external

funding to supplement state-sponsored research. Three direct-support organizations serve to bolster the university: the Seminole Boosters, the FSU Alumni Association and the FSU Foundation.

The main campus is spread over 463.4 acres in Tallahassee; FSU, which has one of the smallest campuses in the SUS, has been actively acquiring land in the 1990s. FSU encompasses 1,423.2 acres in Leon, Bay, Franklin, Gadsden and Sarasota counties.

Within the state, the university maintains facilities at its 25-acre campus in Panama City, its Marine Laboratory at Turkey Point on the Gulf of Mexico, the Appleton Museum in Ocala and the Asolo Performing Arts Center in Sarasota. The Center for Professional Development and Public Service, housed in the Augustus B.

Turnbull III Florida Conference Center on the edge of the campus, provides extensive credit and non-credit continuing education programs statewide.

For years, FSU has reached far beyond Florida through international programs in Switzerland, France, Panama, Costa Rica, Spain, Russia, Vietnam, the Czech Republic, Greece, Croatia, Ireland, South Africa, Ghana and the Caribbean. FSU's student centers in Florence, Italy, and London, England, are considered by many to be the nation's best in Europe.

Florida State offers 300 graduate and undergraduate degree programs through its nine colleges — Arts and Sciences; Business; Communication; Education; Engineering (operated jointly with Florida A&M University); Human Sciences; Law; Medicine; and Social Sciences (which also incorporates the Reubin O'D Askew School of Public Administration and Policy) — and eight schools — Criminology and Criminal Justice; Information Studies; Motion Picture, Television and Recording Arts; Music; Nursing; Social Work; Theatre; and Visual Arts and Dance.

With 2,043 members, the FSU faculty has included 10 National Academy of Sciences elected members, four American Academy of Arts and Sciences members and five Nobel laureates. It is backed by 5,262 administrative and support staff members.

Library holdings at Florida State include 2.5 million book titles and 6.8 million microforms. The main library facility, the Robert M. Strozier Library, is linked by computer to other state university and national research libraries. The Paul A.M. Dirac Science Library is located at the heart of the university's science research complex. FSU also maintains music, library science and law libraries, and the Mildred and Claude Pepper Library.

Florida State's 6,605 graduate students pursue advanced degrees in fields as diverse as business administration and theoretical particle physics. A majority of research done at FSU is the direct result of student effort, culminating in numerous books, monographs and journal articles relating to the whole spectrum of intellectual interests and the practical needs of society.

Of Florida State's 36,683-student population, 56 percent are female, 44 percent are male, 23.5 percent are minorities, and 4 percent are foreign students.

FLORIDA'S CAPITAL CITY

Among low, rolling hills, down mossdraped canopy roads, within picturesque historical districts, and across seas of flowering azaleas lies a magical part of the Sunshine State—Tallahassee, Florida's capital city. With its intriguing combination of power-play politics and classic character splashed with a twist of Southern beauty and charm, Tallahassee is a side of Florida few expect to find.

With the Gulf of Mexico just 25 miles south and the Georgia border only 14 miles north, Tallahassee rests between the foothills of the Appalachian Mountains and the juncture of Florida's panhandle and peninsula in an area known as "The

Big Bend." Nearer in miles to Atlanta than to Miami, Tallahassee more closely resembles its Georgia neighbor than Florida in topography, climate and lifestyle.

Like the city itself, the story of how Tallahassee was chosen as the state capital is rich in history. In 1823, two explorers set out — one on horseback from St. Augustine and the other by boat from Pensacola — to establish a permanent, central location for the seat of government. The two met at a beautiful site that the Creek and Seminole Indians called "tallahassee" — derived from the words "talwa," meaning town, and "ahassee" meaning old. This historic

meeting place remains Florida's capital today.

Boasting more than 145 properties listed on the National Register of Historic Places, Tallahassee is a living showcase of Florida history and heritage. The crowning jewel of Florida's historic "Capitol Hill" is the Old Capitol, beautifully restored to its 1902 splendor complete with the red-and-white striped awnings, a dome adorned with stained glass, antique furnishings and political memorabilia. The 22nd-floor observatory of the New Capitol Building offers a breathtaking view of this surprising Southern city, awash in flowering azaleas, snowy dogwoods, towering pines, fragrant magnolias, and hundreds of lakes, springs, swamps, rivers and sink holes.

Charming downtown historic districts graced with lush linear parks lead visitors to the Knott House Museum, The Columns, First Presbyterian Church, John

TALLAHASSEE

In 1823, the first civilian governor, William Pope DuVal, desired a central location for the legislature. He sent one explorer on horseback from St. Augustine and another by boat from Pensacola — their rendezvous point was declared Florida's capital. Nestled among the rolling foothills of the Appalachian Mountains and located in a region of the Gulf of Mexico known as the Big Bend, the Capital region is known for its Southern characteristics, gracious hospitality and lush topography.

CLIMATE

Tallahassee has the mild, moist climate characteristics of the Gulf States and experiences a subtropical summer similar to the rest of Florida. In contrast to the Florida peninsula, however, the panhandle, of which Tallahassee is a part, experiences four seasons.

Annual January temperature: 40-63° F
Annual July temperature: 72-91° F
Yearly average maximum temperature: 78.7°
Yearly average minimum temperature: 55.7°
Yearly average days above 90 degrees: 91.0
Yearly average days below 32 degrees: 35.7

TALLAHASSEE LEON COUNTY CIVIC CENTER

The Tallahassee-Leon County Civic Center is a multi-purpose convention and entertainment facility featuring a 13,500 seat arena, Luxury Suites and Club Seats and over 52,000 sq. ft. of meeting and exhibition space plus an arena view restaurant, Spotlight Grille. The Civic Center hosts a wide variety of concerts, family shows, Broadway shows, ice shows and sporting events including FSU basketball.

It is easy to understand why over one million people a year flock to the Tallahassee-Leon County Civic Center, what with the varied array of attractions it offers. Some people go to the Civic Center to enjoy the sounds of rock, country, pop and urban concerts. Some go for the thrills of basketball, rodeos and threeering spectaculars. While others come for conventions, banquets, expositions, or consumer and trade shows.

Located downtown on Pensacola Street, the Civic Center is only two blocks from the Capitol building and right across the street from Florida State University's Center for Professional Development/The Turnbull Center and the FSU Law School.

PHYSIOGRAPHY

Tallahassee's rolling landscape, typical of regions further north, is unique among the major cities of Florida. Some areas of the county, including the downtown ridge encompassing the Capitol complex, City Hall and the County Courthouse, exceed elevations of 200 feet. The highest elevation in Leon County is 288 feet, found in the northern part of the county. To the south of the city, the hills yield to the flat terrain that is typical throughout the peninsula of Florida.

G. Riley House Museum and Old City Cemetery. Free walking tours and replica turn-of-the-century street cars carry passengers to antebellum mansions, picturesque churches and other downtown delights.

Minutes from downtown lies the lush 52-acre natural habitat and 1880s farm of the Tallahassee Museum of History and Natural Science, home to the rare Florida panther and other furry "natives."

The area surrounding Tallahassee reveals numerous other historic and archaeological treasures, such as De Soto State Archaeological and Historical Site, Lake Jackson State Archaeological Site, Mission San Luis, Natural Bridge Battlefield and San Marcos de Apalache. Visitors can explore prehistoric Florida at the Museum of Florida History, where they are greeted by a giant 12,000-year-old mastodon pulled from nearby Wakulla Springs.

On the shores of Wakulla Springs, alligators still laze under the watchful eyes of "snake birds" perched on twisted cypress trees. The site of many underwater scenes

in "Tarzan" movies, it's one of the world's deepest freshwater springs. Glass-bottomed boat tours across these mystical waters are available.

Other sightseeing favorites include the floral masterpiece of Alfred B. Maclay State Gardens; Bradley's Country Store; FAMU Black Archives; and the Tallahassee Antique Car Museum. Nearby small towns offer fascinating excursions to places such as Pebble Hill Plantation, Florida Caverns State Park, Monticello Opera House and St. George Island.

Tallahassee is almost as rich in cultural treasures as it is in history. A widely-acclaimed collection of art, science and history museums and galleries, year-round festivals and non-stop entertainment at the 14,000-seat Tallahassee-Leon County Civic Center, feed a variety of cultural appetites.

Visitors with a hunger for the great outdoors will find Tallahassee ideal for all types of outdoor recreation—from canoeing down dark, cypress-lined rivers and biking up steep slopes to exploring backcountry wildernesses and hunting for bobwhite quail. Area lakes, rivers, ponds and the Gulf — just 30 minutes away —

offer a paradise for boating and fishing. Lakes Jackson and Talquin are renowned in the bass fishing world for yielding the "big ones." Local wildlife areas, such as the St. Marks National Wildlife Refuge and Apalachicola National Forest, are perfect spots for camping, picnicking, swimming, biking and exploring.

And while Tallahassee also features eight

golf courses and plenty of places to raise a racquet, it's a wild array of spectator sports that leave the crowds screaming for more. The Florida State Seminoles and Florida A&M Rattlers provide collegiate action. And always a sure bet are the nearby greyhound races.

For another favorite "sport" — shopping — two large regional malls and many specialty centers offer an array of "playing

options," from popular chains to curiosity and antique shops. Unique shopping locales include downtown parks, lakeside cottages and small Southern towns. Tallahassee serves a scrumptious selection of tantalizing restaurants

ranging from fast food to five-star. Local specialties include homemade country sausage, melt-in-your-mouth steaks, wild game and succulent seafood fresh from the Gulf.

From luxury to economy, accommodations are plentiful and include restored bed and breakfast's, rustic "gentlemen" lodges, beachside escapes and comfortable chain hotels. For those who choose to follow in the footsteps of early travelers, Tallahassee also boasts 15 beautiful campsites. Continuous air service, Amtrak and four major highways make it easy for visitors to get to Tallahassee. But no matter how you arrive, the history and hospitality of Tallahassee make it difficult to ever leave for long.

TALLAHASSEE'S AN ALL-AMERICA CITY

On June 26, 1999, judges from the National Civic League named Tallahassee as one of ten cities to win the prestigious All-America City (AAC) award from the 1999 All-America City conference in Philadelphia. The All-America

The abundance of trees and timber is a resource uncommon to many other areas in the state. These trees such as Dogwood, the Hawthorn tree, the Horsesugar tree, the Sweetbay Magnolia, the Silverbell tree and others often extend their branches over the roadway to create a canopied effect, a feature that is held in high esteem by local residents and visitors

City award is the most prestigious and coveted award a community can win. The annual award recognizes exemplary, grassroots and problem-solving efforts of communities that cooperatively tackle challenges and achieve measurable results. Judging is based on overall levels of community involvement including solving critical local problems.

"This is clearly one of the most exciting things to ever happen to Tallahassee," a jubilant Mary Scott Maddox said. "For those of us who call Tallahassee home, the All-America City award verifies what we've known for so long."

MUSEUMS AND CULTURE

The federal Institute of Museum and Library Services (IMLS) named the Tallahassee Museum of History and Natural Science as one of the nation's exemplary museums on September 19, 2000. The Tallahassee Museum, along with 176 other museums, was selected out of a field of 823 applications from museums throughout the nation in a highly competitive competition. The museum features a 52-acre natural habitat zoo, nature trails, authentic 1880s farmstead, hands-on Discovery Center, birds of prey aviary, reptile exhibits, annual events and more! Other points of interest include:

The Capitol

One of 5 tower Capitols in the U.S. features panoramic view from 22-floor observatory/art gallery, House and Senate viewing galleries.

Challenger Learning Center

The Challenger Learning Center of Tallahassee is a 32,000 square foot facility located on beautiful Kleman Plaza in downtown Tallahassee. The Challenger Learning Center is the K-12 outreach facility of the Florida A&M University — Florida State University College of Engineering and a visitor destination. The Center features a state-of-the-art Space Mission Simulator and utilizes the immersiveness of an IMAX theatre and a digital domed planetarium to create an unforgettable experience for all.
