## THE BEST OF THE BEST

### PAUL HAARHUIS

*Paul Haarhuis*, the "Dutchman" from Eindhoven, The Netherlands, came to FSU in 1986 after transferring from Armstrong State College in Savannah, Ga. He went on to become one of the best tennis players ever to come out of FSU and was inducted into the FSU Athletics Hall of Fame in 1993.

His first two collegiate seasons, prior to transferring to FSU went quickly as he garnered a 64-2 overall record, including a 35-0 sophomore season—the only undefeated season in school history. With the Seminoles, his first season was a true success as he went 35-5 in singles competition and 25-5 in doubles. Included in his long list of accolades was the first-ever Men's Intercollegiate Invitational Tennis Championships held in Panama City.

At one point, Haarhuis had 24 consecutive wins, including his reign as the Metro Conference MVP. He was given this honor by way of winning the number one singles and doubles crowns, including an invitation to the NCAA Championships for doubles.

Once his collegiate career was finished Haarhuis had a 72-9 overall singles record for his two years and consecutive Metro Conference MVP awards, including 1984 when he helped lead the Seminoles to their third team title in four years.

As successful as Haarhuis was for FSU, his career flourished even more once he turned professional in 1989. Through the 2003 season, Haarhuis had career earnings totaling over \$7.7 million dollars.

During his 14-year run on the ATP tour, Haarhuis amassed 54 doubles titles including six Grand Slam championships. He won the career Grand Slam with three French Open titles and one championships at Wimbledon, the US Open and Australian Open. He won his lone singles title in 1995 during an event in Jakarta.

Ranked number one in the world in doubles on January 31, 1994, he claimed his last doubles title in 2002 when he captured his third French Open championships. The very next year he reached his highest singles ranking, holding the number 18 spot in the world on Nov. 6.

Over the course of his Florida State career, Wood defeated many great collegiate players including a former U.S. Davis Cup player, Marty Riessen. As head coach, his Seminoles went an impressive 89-33 during his tenure. His last two teams in 1968 and 1969 went 19-3 and 23-5 in dual match play, respectively.

A fine student, Wood received his master's and doctoral degrees from FSU in education. Following his near-decade with FSU, Wood traveled south to the University of Central Florida, where he served as an educator and coach for many more years to follow.

### DON LOUCKS

After six decades of service to FSU athletics, *Don Loucks* was inducted into the Florida State Athletics Hall of Fame in 1985. In 1936, Loucks started off his relationship with FSU as the coach of every sport at the Florida State College for Women. He was the "pioneer" of many of the current athletic programs.

In 1947, he was the first coach for the men's basketball team and a year later was named the first tennis coach. His hoops team scored the first victory for the newly-formed athletics program. His tennis team was the first to have a winning season, going 9-4.

Louks served as Dean of Men from 1957 through 1967 and during this time, he served as a lead figure in the Seminole athletics program, as well as in the department of education. He retired from the athletics department in 1980 as professor emeritus in physical education. His dedication did not go unnoticed as the varsity tennis courts were re-named in his honor. The Scott Speicher Tennis Center was built around his courts.

### LEXWOOD

In 1982, *Lex Wood* became the first player from the Florida State tennis program to be inducted into the FSU Athletics Hall of Fame. He was first a player for the Seminoles from 1961 through the 1963 season, then the program's head coach from 1965 through 1969.

When Wood arrived from his native South Africa in 1962, head coach Eddie Cubbon knew he had a leader amongst his new crop of tennis players. For the following three seasons he would become a mainstay among the nation's top 20 players, playing at No. 1 singles and doubles.

In 1964, his singles match record was 22-1 and his career mark was 51 victories in 54 singles matches.

### DR. RAY BELLAMY

His accolades go far beyond the tennis courts, yet *Dr. Ray Bellamy's* triumphs at the net still stand out as one of the best as he was inducted into the FSU Athletics Hall of Fame in 1992. He served as his team's captain in 1960 and 1961, and during those two years only lost a total of three matches.

As a model student and athlete during his undergraduate years, 1957 through 1961, Bellamy was involved in many facets of the university that continue to show the benefits of his early presence. He was vice president of his senior class, a member of the Gold Key honorary society and Omicron

Delta Kappa honorary fraternity. He then went on to earn a doctorate in medical studies.

After leaving FSU and joining the United States Navy, Bellamy went on to become the All-Navy doubles champion and played on the All-Navy team in 1967 and 1968 while serving as a flight surgeon.

After returning to Florida to begin his practice, Bellamy became the state's 35-and-over singles and doubles champion in the 1970's.

# TOP NOLES

## THE BEST OF THE BEST

### MARCO ABILHOA

*Marco Abilhoa*, the native of Brazil, was one of the great Florida State Seminole tennis players who made an impact on the collegiate scene. Prior to enrolling, he was ranked No. 3 in the Brazilian Juniors, when former Florida State head coach Randy Jobson discovered him.

A five-year member of the Seminole tennis program from 1980 through 1984, Abilhoa was at the top of the Metro Conference. He was the No. 1 singles and doubles champion in 1981 and 1982. After dominating for his first two seasons, he was sidelined and redshirted for the 1983 season.

Upon his return in 1984, Abilhoa went straight back to the place where he left off, at the top of the Metro Conference. His dominating presence earned him a record three Metro MVP awards in 1981, 1982 and 1984.

### JOEY RIVE

*Joey Rive*, a West Palm Beach native, played for the Seminoles from 1981 through 1985. As one of the top players ever to compete at Florida State, Rive led the team in wins in 1983, 1984 and 1985. During his period at number one singles, he was nationally ranked among the Top 25.

His stellar performance for the Tribe resulted in three Metro Conference singles championships in 1983, 1984 and 1985 and two doubles championships in 1983 and 1985, including the conference's top crown, the MVP in 1985. His Metro success led to his invitation to the 1985 NCAA tournament and to the 1987

*Tennis Magazine* Sportsman of the Year award.

Following his FSU career, Rive played the ATP tour where he reached as high as No. 57 in the world in 1988. He returned back to Tallahassee, where he served as an assistant from 1993 to 1994. He is currently the head coach at TCU.

### STEPHEN NOTEBOOM

After earning NAIA All-American honors at Huntington College in Montgomery, Ala., *Stephen Noteboom*, the second "Dutchman" to thrive at Florida State for the Seminoles for the 1990 through 1992 seasons.

Almost immediately making his presence known, Noteboom grabbed the Metro Conference's coveted MVP award for winning the title at No. 1 singles and

doubles. That same year, he earned an invitation to the 1991 NCAA Championships for singles.

During his pro career, Noteboom captured a pair of doubles titles. He joined up with Feron Wibier to win the Ordina Open. Two years later he team up with Lan Bale to win the BMW Open.

### BRIAN STANTON & KEN MCKENZIE

*Brian Stanton* of Coral Springs and *Ken McKenzie* of Tallahassee finished up their playing careers with the Tribe in 1995. As a doubles team, the duo ended their final campaign earning collegiate tennis' top honor, an ITA All-America award.

The doubles pair received the 1995 accolade after a superb run in the NCAA Championships. What may be the most impressive feat for them was being ranked among the nation's top 10 doubles tandems throughout the season.

During his stay at FSU, Stanton won back to back Junior Davis Cup singles titles in 1993 and 1994, won the 1993 Junior Davis Cup in doubles, and was named to the All-ACC team his sophomore and junior seasons.

McKenzie left behind a void in doubles that was a great challenge to fill. He and Stanton guided No. 1 doubles to an impressive No. 3 national ranking, the highest ranking the program has ever received. He also was also impressive on the singles side earning ACC Flight Championships at No. 2 singles in 1994 and No. 3 singles in 1995.

### JASON WHITE

*Jason White* finished his four-year run with the Seminoles in 1995, his best season as a player by far. As the top singles and doubles player, White was given a lot of responsibility as FSU's captain.

Even though he won the ACC Championship at No. 4 singles in 1994 and a pair of championships at No. 2 doubles in 1994 and 1995, White was still on top of ACC tennis in 1996. Nationally ranked for most of the year, the senior from Longwood received a bid to the 1996 NCAA Tournament after being edged out for the championships at No. 1 singles.

# SUPPORT SERVICES

## THE TEAM BEHIND THE SCENES

### ACADEMIC SUPPORT

Academic, personal and professional support is essential to college success. At The Florida State University, an outstanding support program has been developed that enables student-athletes to reach their full potential.

Florida State Athletic Academic Support Program Director, Mark Meloney states, "Our philosophy is to offer an academic support program integrated with the total University that will assist all student-athletes with the transition into college and provide continued support in all phases of academic and professional development, culminating with graduation, job placement or graduate school."

FSU's program operates on a "proactive" rather than "reactive" approach. The academic staff does not wait for crises to occur. They gather important background information on each entering student-athlete, build an academic profile, and develop individualized support programs which are tailored to the unique needs of each student-athlete. They also stay informed on the daily progress through consistent communication with the Florida State faculty.

Over the summer academic support, along with several other departments, moved into their new home, the newly constructed Moore Athletic Center. The multi-million dollar structure, which is located in the north end zone of Doak Campbell Stadium, is the new home of Florida State athletics. Some of features of the new academic support area include a 32-station computer lab for student-athletes, 10 private tutorial rooms and a five-station "Learning Center" for student-athletes with learning deficiencies and/or disabilities.

FSU offers 17 Schools and Colleges with 300 undergraduate and graduate degrees.

**D'WAYNE ROBINSON**  
**ACADEMIC COUNSELOR**

D'Wayne Robinson is in his first year with the Florida State Athletic Academic Support Program as a counselor for the defensive unit of the football program. He brings 10 years of teaching, counseling and administrative experience to the FSU program.

Robinson's duties include monitoring academic eligibility, advisement and assisting in the recruitment of all prospective student-athletes.

Prior to his appointment at FSU, Robinson served as Assistant Athletics Director for Internal Operations and Head Golf Coach at Alcorn State University. He has also done extensive work in community and youth development while serving as a teacher and Director of the Educational Opportunities and Scholarship Program at Chicago H.S. for Agricultural Sciences in Chicago, Illinois. As director, he developed and implemented several programs that supported career aspirations of underprivileged youth.

A native of Mississippi, Robinson received a bachelor's of science degree in chemistry from Tougaloo College in 1989. He did further studies at the University of Illinois-Chicago in Public Health and later received his master's degree in education from Alcorn State. A member of the National Association of Academic Advisors for Athletes (N4A), Robinson is working towards his Ph.D. in higher education at FSU.

# LIFE SKILLS

## THE TEAM BEHIND THE SCENES

### THE N.O.L.E.S. PROGRAM

### NEW OPPORTUNITIES FOR LEADERSHIP, EDUCATION AND SERVICE

Developed by the Florida State University Department of Athletics, the NOLES program represents a commitment to the total growth and development of the student-athlete. This program establishes an administrative commitment to academic and athletic excellence. Those efforts will be supported with programs and services in personal development, career development and community service.

*Pam Overton*  
Associate  
Athletics  
Director / SWA

#### PERSONAL DEVELOPMENT

Fostering the development of personal growth is a fundamental component of the NOLES program. These support programs ensure that the student-athlete will be provided opportunities to focus on personal growth issues such as values clarification, goal setting, fiscal planning, decision-making and personal responsibility. Programming focuses on helping student-athletes develop a healthy lifestyle while they are at Florida State and habits that will benefit them for life.

*John Lata*  
Director of  
Student  
Services

#### CAREER DEVELOPMENT

Preparing for life after college sports is a major focus of the NOLES Career Development program. The program is designed to work cooperatively with the University's Career Services to acquaint students with the job search process, provide networking opportunities and ultimately assist with job placement. This program places a priority on the development of the total person, with the goal of developing individuals who will have rewarding careers and productive lifestyles after they leave Florida State.

dividuals who will have rewarding careers and productive lifestyles after they leave Florida State.

#### COMMUNITY SERVICE

Serving the community is the focus of our Seminole Spirit program. Student-athletes are challenged to give service to our community and individuals who are in need. With a clearly defined program of service, student-athletes are given the opportunity to develop the foundation for a lifelong commitment to volunteerism. The Seminole Spirit Student-Athlete Speakers' Bureau enables student-athletes to improve their speaking skills, develop effective communication and impact the lives of others through their service as role models in our community.

#### LEADERSHIP DEVELOPMENT

The Florida State University Department of Athletics is committed to developing programs of excellence that foster leadership development. The foundation of the leadership development program is the Seminole Leadership Institutes that are held four times a year. These institutes

offer student-athletes the opportunity to learn skills that will benefit them as students, as athletes, and as they pursue their goals after leaving Florida State. The Institutes have the opportunity to use the values and work ethic taught by athletic participation as the framework for their leadership development. The Institutes attract outstanding guest speakers who challenge Seminole student-athletes to achieve their greatest potential and use their leadership skills to positively influence others.

The Student-Athlete Advisory Council (SAAC) serves as the advisory board to the NOLES program and the athletics administration. The prestigious board, comprised of two representatives of each athletic team at FSU, also recommends programming and serves as a liaison between student-athletes and the athletics administration. The Advisory Council plans and implements various events for student-athletes and serves as the department's most visible ambassadors. The SAAC hosts the annual Golden Nole banquet and plans such events as orientation for incoming student-athletes.

# STRENGTH & CONDITIONING

## THE TEAM BEHIND THE SCENES

*Dave Plettl*

The FSU strength and conditioning program is designed to improve athletic performance through an individualized regimen of stretching, lifting, speed, power, agility and conditioning drills. The goal of the program is to maximize the on-court performance of each athlete, while reducing the risk of injury.

Physical development is critical in order to excel at the collegiate level. FSU's strength and conditioning staff is continuously researching and following the most scientifically sound and up-to-date principles of strength training to safely maximize the athletic potential of its players.

Strength coach Dave Plettl, who is in his fifth year on the Florida State strength and conditioning staff, individually customizes programs for each of the athletes beginning with pre-conditioning before the season gets underway.

Plettl, a native of Bailey, Colo., is a 1991 graduate of the University of Colorado, where he earned a bachelor's degree in political science and history. He came to Florida State from the University of Texas where he served two years as an assistant strength and conditioning coach with the football, men's tennis, women's golf and rowing programs.

While at Colorado, Plettl worked as a student assistant athletic trainer his first year and then moved to the strength and conditioning staff in 1987 where he spent the next 10 years. Plettl was a student assistant/graduate assistant from 1987-92, the interim coach from 1992-93 and associate strength and conditioning coach from 1993-97. He worked primarily with the football, men's and women's basketball, volleyball and soccer programs at CU.

Plettl received Master specialist in Sports Conditioning from the International Sports Sciences Association in September 2001 as well as by the Collegiate Strength and Conditioning Coaches Association in May, 2003. He and his wife, the former Christa Miller, are the proud parents of three-year-old Lydia Rose and Rebecca Rose, who was born in February of 2004.

## THE ROGER HOLLER

### CHAMPIONS TRAINING COMPLEX

Off the court, Florida State men's tennis trains in a pair of top-notch facilities. During the summer of 2003, Seminole athletics moved into the new 20,000 square-foot Champions Training Center located at Doak Campbell Stadium.

The facility includes 24 self-contained Powerlift work stations, 12 Olympic lifting platforms, more than 50 machines for specific training of any and every body part and more than a dozen machines for cardiovascular training. "The Bod Pod" in the Body Composition Area is one of the most reliable means of body composition testing. In addition, the complex is equipped with a concert quality sound system and 8x8 video board

In addition, the Seminoles utilize the newly renovated weight room at Tully Gymnasium. The weight room has been tripled in size and includes \$140,000 worth of new equipment.

The Florida State strength and conditioning program is designed to improve athletic performance through an individualized regimen of stretching, lifting, speed, power, agility and conditioning drills. The goal of the program is to maximize the on-field performance of each athlete, while reducing the risk of injury.

# ATHLETIC TRAINING

## THE TEAM BEHIND THE SCENES

### THE DON FAULS ATHLETIC TRAINING ROOM

Florida State Athletic Training has experienced a very exciting time as construction on the brand new Don Fauls Athletic Training Room was completed last spring. The 15,000-square foot athletic training room is housed off Doak Campbell Stadium and is used by all 19 Seminole varsity teams. This facility is adequately equipped with the latest advances that the field of sports medicine has to offer.

Some of the attractions include an inhouse pharmacy, x-ray machine and two physician evaluation rooms. There is also a 4,000 square foot rehabilitation room with the latest version of a Biodex isokinetic testing machine. The treatment area includes 24 treatment tables with various modalities, computer injury tracking devices, and 18 taping benches.

Each physician evaluation room is equipped with the latest advances in computer injury tracking software. The Inhouse pharmacy also serves FSU's athletes for diagnostic fluoroscopy. The first rehabilitation area has a floor that consists of rubberized tiling, allowing maximum efficiency during functional rehabilitative training. The second rehabilitation area consists of ample equipment options.

The rehabilitation areas are equipped with the newest version of the Biodex System 3. This isokinetic testing/workout device provides pivotal biofeedback data during the injury recovery process. The rehabilitation area also includes a fully equipped cardiovascular workout area.

*Ajaya Williams*

Whether it's something as small as a sore muscle or as serious as a torn ligament, athletic trainer Ajaya Williams is there every step of the way for the men's tennis team. Williams is in her first year as a graduate assistant trainer at Florida State University.

Prior to joining the staff at Florida State, the Brooklyn, N.Y., native earned her bachelor's degree in athletic training, with a minor in physical education, at Hofstra University in Hempstead, NY.

As an undergrad, Williams worked with a number of the Pride's varsity sports, including football, men's basketball, softball, field hockey, men's lacrosse and wrestling. During her third three-year, the softball program won its third Colonial Athletic Association title.

Away from her responsibilities at Hofstra, Williams was very active in athletic training in the New York City area. Certified in first aid and CPR, she worked at the World Fencing Tournament as a medical provider and in the same capacity for the New York Dragons of the Arena Football League.

Currently pursuing a master's degree in sports administration, Williams was an athlete herself, playing basketball and volleyball at New Utrecht High School. Athleticism runs in the Williams family as her father Eugene played football at St. John's University.

Athletes receive the best care and treatment possible from the athletic training team at FSU. Prior to competition, all FSU student-athletes undergo screening in order to detect any potential injuries.

Though the prevention of injuries is the main objective, some injuries are unavoidable. The FSU athletic training staff will work with the athlete and provide an intense rehabilitation schedule that will allow the athlete to successfully rehabilitate after an injury. Nutrition counseling and drug testing are also responsibilities of the athletic training team which is dedicated to providing the best care possible for all FSU student-athletes.

# NCAA COMPLIANCE

## THE TEAM BEHIND THE SCENES

The following information is provided by the Florida State Office of Compliance for prospective student-athletes. It is intended as a guideline to introduce some of the rules governing NCAA athletic involvement.

### WHO IS PERMITTED TO RECRUIT FOR FSU?

Only Florida State coaches who have successfully completed the NCAA Recruiting Rules Examination on an annual basis may be involved in the recruitment process. Representatives of our athletics interests may not make any recruiting contacts. This includes letters, telephone calls or face-to-face contact on or off campus with a prospect or the prospect's parents.

### KEY TERMS YOU SHOULD KNOW

You become a prospective **student-athlete** if you have started classes for the ninth grade. Before the ninth grade, you become a prospective student-athlete if the college provides you (or your relatives or friends) any financial aid or other benefits that the college does not provide to prospective students generally.

A **contact** is any face-to-face encounter between a prospect or the prospect's legal guardian and an institutional staff member or athletic representative during which any dialogue occurs in excess of an exchange of greeting. NOTE: At the Division I level, athletic representatives (boosters) may not contact you for the purpose of recruiting. A college coach may contact you in person off the college campus beginning July 1 after completion of your junior year in high school.

An **evaluation** is any off-campus activity designed to assess your academic qualifications or athletic ability, including any visit to your high school (during which no contact occurs) or the observation of any practice or competition in which you participate.

During your senior year, you can have one expense-paid **official visit** to a particular campus. You may take no more than five visits. During your official visit, which may not exceed 48 hours, you may receive round-trip transportation between your home and the campus, and you (and your parents) may receive meals, lodging and complimentary admission to campus athletics events.

### PHONE CALLS & LETTERS

Phone calls from faculty members and coaches (but not boosters) are permitted beginning July 1 after completion of your junior year. A college coach or faculty member is limited to one telephone call per week except when it is:

- During the five days immediately before your official visit to the university
- On the day of a coach's off-campus contact with you
- During the time beginning with the initial National Letter of Intent signing date in your sport through the two days after signing date

Letters from coaches and faculty members (but not boosters) are not permitted until Sept. 1 at the start of your junior year in high school. A Division I university may provide you with the following printed materials:

- General correspondence, including letters, U.S. Postal Service postcards and institutional note cards
- Game programs which may not include posters and one Student Athlete Handbook can be provided only during official or unofficial visits to the university's campus

**Bob Minnix**  
Associate AD  
Compliance

**Brian Battle**  
Director of  
Compliance

**Heather McAtee**  
Compliance  
Coordinator

- Pre-enrollment information subsequent to signing a National Letter of Intent with the university
- One athletic publication which may include only one color of printing inside the covers
- Official academic, admissions and student services publications published or videotapes produced by the institution and available to all students
- Schedule cards
- Questionnaires which may be provided prior to your junior year
- Summer camp brochures which may be provided prior to your junior year.

### ALUMNI & BOOSTERS DO'S & DON'TS

**You may** forward information about prospective student-athletes to the appropriate coaches.

**You may** have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and the Compliance Office is aware that you are making these contacts in regard to employment.

**You may** have a telephone conversation with a prospect only if the prospect initiates the call. Such a call may not be prearranged by an institutional staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about our athletics programs to an athletics department staff member/coach.

**You may** view a prospect's contest at your own initiative provided you do not contact the prospect or his/her parents. In addition, you may not contact a prospect's coach, principal, or counselor in an attempt to evaluate the prospect.

**You may** continue established family relationships with friends and neighbors. Contacts with sons and daughters of these families are permitted as long as they are not made for recruiting purposes or encouraged by Florida State University coaches.

**You may not** become involved in making arrangements to receive money or financial aid of any kind for a prospect or the prospect's family and friends.

**You may not** make contact with a prospective student-athlete and his/her parents when the prospect is on campus for an official or unofficial recruiting visit.

**You may not** transport, pay or arrange for payment of transportation costs for a prospect, and his/her relatives or friends to visit campus (or elsewhere).

**You may not** pay or arrange for payment of summer camp registration fees for a prospect.

**You may not** provide anything to a prospect, the prospect's family or friends without prior approval from the athletics' Compliance Office.

# THIS IS FLORIDA STATE

## THE OLDEST CONTINUOUS SITE FOR HIGHER EDUCATION IN FLORIDA

Florida State University, a graduate research institution, stands among the nation's elite in both academics and athletics. Located on the oldest continuous site of higher education in Florida, the university is situated in the heart of the state's capital city. The university's main campus blends Jacobean Revival and modern styles of architecture with the oaks, pines, dogwoods and azaleas of North Florida.

As the university has progressed and grown — from its pre-Civil War beginnings as the Seminary West of the Suwannee, to the Florida State College for Women and, finally, returning to coeducational status as a university in 1947 — it has developed into an acclaimed research institution, a top-ranked competitor in intercollegiate athletics and a standard-setter in the basic sciences and the performing arts.

The university has entered the 21st century with excellence in all areas of its mission — teaching, research and public service, including many noteworthy milestones over the past year.

- In May 2004, Vice President Dick Cheney became the first U.S. vice president and the highest-ranking government official ever to deliver a commencement address at FSU.
- In the 2005 edition of the *U.S. News & World Report* guidebook "America's Best Graduate Schools," published in April 2004, the university's master's programs in public affairs were ranked 26th overall, and the specialty of public management administration ranked even higher at 15th. Also, public affairs master's programs in city management and urban policy ranked 24th, and public finance and budgeting ranked 26th.
- In March 2004, *Hispanic Magazine* ranked FSU 22nd among its "Top 25 Colleges for Latinos." Among only public schools, FSU rated 11th.

- FSU's art therapy program has received national approval, similar to accreditation, for its master's level program from the American Art Therapy Association. FSU is only the 31st school nationally to achieve this recognition.
- In the spring of 2004, FSU made available its public service video "Avoiding the Credit Card Monster," 10 minutes of basic financial advice to youthful credit novices, to every high school and K-12 institution in the nation.
- In March 2004, FSU celebrated the National High Magnetic Field Laboratory's 10th anniversary of scientific research and educational outreach. FSU operates the lab, unique to the Western Hemisphere, in conjunction with the University of Florida and the Los Alamos National Laboratory.

- The FSU department of psychology was recognized by the American Psychological Association for its clinic that provides mental health services to the community and training and research opportunities for students.
- Faculty members in the FSU School of Information Studies began editing *Library Quarterly*, the pre-eminent scholarly journal of research in library and information studies, with its October 2003 issue.
- The FSU College of Medicine added a doctoral program in biomedical sciences in the fall of 2003, with the first seven students recruited to begin this fall.
- President T.K. Wetherell and his wife, Virginia B. Wetherell, made the largest personal donation to a public university in the US by a sitting president. Through their estate, the Wetherells will leave to FSU their 1,000-acre Oak Hill Plantation in Jefferson County, worth \$7.5 million.
- In October 2003, the FSU athletic training/sports medicine major received national accreditation by the Commission on Accreditation of Allied Health Education Programs. The major is offered in the department of nutrition, food and exercise sciences in the College of Human Sciences.
- In October 2003, the Chinese Ministry of Education gave 1,000 new Chinese books to FSU in recognition of the university's growing Chinese studies program.
- The FSU Museum of Fine Arts achieved the highest honor for a museum accreditation by the American Association of Museums.
- On Aug. 29, 2003, FSU launched its "everythingFSU" gateway on the World Wide Web at fsu.com. The gateway showcases the best of the university each day, including news and features, and offers users a unique electronic postcard service.

Under the leadership of FSU's 13th president, T.K. Wetherell, who took office in January 2003, and its 13-member Board of Trustees, the university continues to build on the foundation of its history of excel-

## COMMUNITY SERVICE

FSU's student-athletes contributed over 4,000 volunteer hours in service to the community in 2003-2004. They also helped to raise thousands of dollars in direct support to charities.

Florida State student-athletes volunteered their time working with students from every elementary and middle school in Leon County as well as schools in nearby Wakulla and Gadsden counties.

## ACADEMICS

Seven of Florida State's athletic teams currently have a 3.0 or better cumulative grade point average. In the spring 2004 semester, 204 Seminole student-athletes achieved a minimum 3.00 semester GPA while average team semester GPA was a 2.939.

Since joining the ACC in 1991, FSU has had six National Football Foundation and College Hall of Fame National Scholar Athlete Award winners — the most among all ACC schools and a figure that ranks second nationally in the past 11 years.

Florida State student-athletes have earned \$260,000 in post-graduate scholarships over the past nine years. They have also received 21 post-graduate scholarships from the ACC since 1992.

## COACHING EXCELLENCE

When it comes to legendary head coaches, it is hard to argue anyone has been as fortunate as Florida State. The Seminoles have three coaches who have established records that rank them with the greatest coaches ever to roam an NCAA sideline.

Florida State is the only NCAA school with three coaches in the top 10 for all-time victories in their sport and in the top five in wins and winning percentage among active coaches. Mike Martin (baseball), Bobby Bowden (football) and JoAnne Graf (softball) have combined for 2,956 wins and each coach appears in the top two for either active winning percentage (Martin), active wins (Graf), or all-time wins (Bowden).

## Post-Graduate Scholarship Awards

Total — 21

In 1996, Seminole Daryl Bush was the first ever recipient of the State Farm National Scholar Athlete of the Year Award, now given annually.

Florida State boasts two NACDA Post-Graduate Award winners in the last four years. The scholarship, which was originated in 2001, grants \$10,000 scholarships to its recipients.

In 2001, former Seminole Chris Weinke was the recipient of the first ever ACC Scholar Award which is given annually to an excellent athlete and top scholar who is not going on to graduate school. Football's Chris Hope (2002) and baseball's Matt Lynch (2003) have also earned the distinction.

Florida State has more all-time ACC Honor Roll selections (1,671) than all-time All-ACC honorees (1,529). On top of that number, 24 Seminoles have been named Academic All-Americans and 21 Florida State athletes have received post-graduate scholarships.

lence in scholarship, research and service. The trustees are: Chairman John Thrasher of Orange Park; Harold Knowles, J. Stanley Marshall and Jim Smith, all of Tallahassee; Emily "June" Duda of Oveido; David Ford of Rosemont, Pa.; Dr. Jessie Furlow of Quincy; Manuel "Manny" Garcia III of Winter Springs; William "Andy" Haggard of Coral Gables; E. Ann McGee of Winter Springs; Derrick Brooks of Tampa; FSU Faculty Senate President Valliere Richard Auzenne and Student Government Association President Jarrett Eady.

A senior member of the State University System, FSU was founded as an institution of higher learning in 1851 by legislative act. It began in Tallahassee with its first class of male students in 1857 and added women in 1858.

FSU's operating budget is \$857 million. Faculty and administrators generate more than \$160 million annually in external funding to supplement state-sponsored research. Three direct-support organizations serve to bolster the university: the Seminole Boosters, the FSU Alumni Association and the FSU Foundation.

The main campus is spread over 448.3 acres in Tallahassee; FSU, which has one of the smallest campuses in the SUS, has been actively acquiring land in the 1990s. FSU encompasses 1,445.2 acres in Leon, Bay, Franklin, Gadsden and Sarasota counties.

Within the state, the university maintains facilities at its 25-acre campus in Panama City, its Marine Laboratory at Turkey Point on the Gulf of Mexico and the Asolo Performing Arts Center in Sarasota. The Center for Professional Development and Public Service, housed in the Augustus B. Turnbull III Florida Conference Center on the edge of the campus, provides extensive credit and non-credit continuing education programs statewide.

For years, FSU has reached far beyond Florida through international programs in Switzerland, France, Panama, Costa Rica, Spain, Russia, Vietnam, the Czech Republic, Greece, Croatia, Ireland, South Africa, Ghana and the Caribbean. FSU's student centers in Florence, Italy, and London, England, are considered by many to be the nation's best in Europe.

Florida State offers 300 graduate and undergraduate degree programs through its nine colleges — Arts and Sciences; Business; Communication; Education; Engineering (operated jointly with Florida

A&M University); Human Sciences; Law; Medicine; and Social Sciences (which also incorporates the Reubin O'D Askew School of Public Administration and Policy) — and eight schools — Criminology and Criminal Justice; Information Studies; Motion Picture, Television and Recording Arts; Music; Nursing; Social Work; Theatre; and Visual Arts and Dance.

With 2,119 members, the FSU faculty has included 10 National Academy of Sciences elected members, four American Academy of Arts and Sciences members and five Nobel laureates. It is backed by 3,682 administrative and support staff members.

Library holdings at Florida State include 2.6 million book titles and 9 million microforms. The main library facility, the Robert M. Strozier Library, is linked by computer to other state university and national research libraries. The Paul A.M. Dirac Science Library is located at the heart of the university's science research complex. FSU also maintains music, library science and law libraries, and the Mildred and Claude Pepper Library.

FSU's 6,851 graduate students pursue advanced degrees in fields as diverse as business administration and theoretical particle physics. A majority of research done at FSU is the direct result of student effort, culminating in numerous books, monographs and journal articles relating to the whole spectrum of intellectual interests and the practical needs of society.

Of FSU's 37,328-student population, 56.3 percent are female, 43.7 percent are male, 27.6 percent are minorities, and 3.8 percent are foreign students.

## FLORIDA'S CAPITAL CITY

Among low, rolling hills, down moss-draped canopy roads, within picturesque historical districts, and across seas of flowering azaleas lies a magical part of the Sunshine State- Tallahassee, Florida's capital city. With its intriguing combination of power-play politics and classic character splashed with a twist of Southern beauty and charm, Tallahassee is a side of Florida few expect to find.

With the Gulf of Mexico just 25 miles south and the Georgia border only 14 miles north, Tallahassee rests between the foothills of the Appalachian Mountains and the juncture of Florida's panhandle and peninsula in an area known as "The Big Bend." Nearer in miles to Atlanta than to Miami, Tallahassee more closely resembles its Georgia neighbor than Florida in topography, climate and lifestyle.

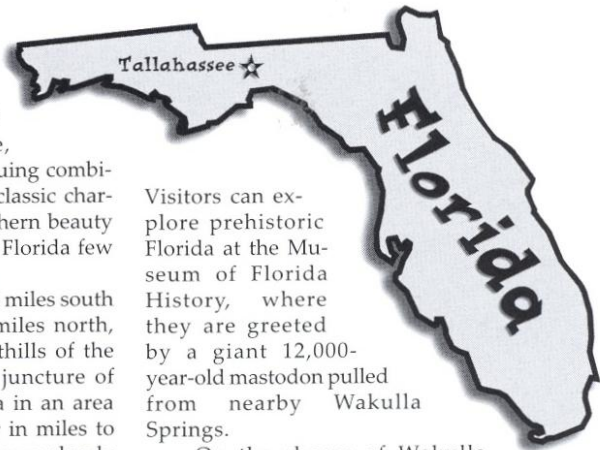

Like the city itself, the story of how Tallahassee was chosen as the state capital is rich in history. In 1823, two explorers set out — one on horseback from St. Augustine and the other by boat from Pensacola — to establish a permanent, central location for the seat of government. The two met at a beautiful site that the Creek and Seminole Indians called "tallahassee" — derived from the words "talwa," meaning town, and "ahassee," meaning old. This historic meeting place remains Florida's capital today.

Boasting more than 145 properties listed on the National Register of Historic Places, Tallahassee is a living showcase of Florida history and heritage. The crowning jewel of Florida's historic "Capitol Hill" is the Old Capitol, beautifully restored to its 1902 splendor complete with the red-and-white striped awnings, a dome adorned with stained glass, antique furnishings and political memorabilia. The 22nd-floor observatory of the New Capitol Building offers a breathtaking view of this surprising Southern city, awash in flowering azaleas, snowy dogwoods, towering pines, fragrant magnolias, and hundreds of lakes, springs, swamps, rivers and sink holes.

Charming downtown historic districts graced with lush linear parks lead visitors to the Knott House Museum, The Columns, First Presbyterian Church, John G. Riley House Museum and Old City Cemetery. Free walking tours and replica turn-of-the-century street cars carry passengers to antebellum mansions, picturesque churches and other downtown delights.

Minutes from downtown lies the lush 52-acre natural habitat and 1880s farm of the Tallahassee Museum of History and Natural Science, home to the rare Florida panther and other furry "natives."

The area surrounding Tallahassee reveals numerous other historic and archaeological treasures, such as De Soto State Archaeological and Historical Site, Lake Jackson State Archaeological Site, Mission San Luis, Natural Bridge Battlefield and San Marcos de Apalache.

Visitors can explore prehistoric Florida at the Museum of Florida History, where they are greeted by a giant 12,000-year-old mastodon pulled from nearby Wakulla Springs.

On the shores of Wakulla Springs, alligators still laze under the watchful eyes of "snake birds" perched on twisted cypress trees. The site of many underwater scenes in "Tarzan" movies, it's one of the world's deepest freshwater springs. Glass-bottomed boat tours across these mystical waters are available.

Other sightseeing favorites include the floral masterpiece of Alfred B. Maclay State Gardens; Bradley's Country Store; FAMU Black Archives; and the Tallahassee Antique Car Museum. Nearby small towns offer fascinating excursions to places such as Pebble Hill Plantation, Florida Caverns State Park, Monticello Opera House and St. George Island.

Tallahassee is almost as rich in cultural treasures as it is in history. A widely-acclaimed collection of art, science and history museums and galleries, year-round festivals and non-stop entertainment at the 13,500-seat Tallahassee-Leon County Civic Center, feed a variety of cultural appetites. Visitors with a hunger for the great outdoors will find Tallahassee ideal for all types of outdoor recreation—from canoeing down dark, cypress-lined rivers and biking up steep slopes to exploring backcountry wildernesses and hunting for bobwhite quail. Area lakes, rivers, ponds and the Gulf — just 30 minutes away — offer a paradise for boating  
(Continued On Page 54)

## TALLAHASSEE

In 1823, the first civilian governor, William Pope DuVal, desired a central location for the legislature to meet. He sent one explorer on horseback from St. Augustine and another by boat from Pensacola — their rendezvous point was declared Florida's capital. Nestled among the rolling foothills of the Appalachian Mountains and located in a region of the Gulf of Mexico known as the Big Bend, the Capital region is known for its Southern characteristics, gracious hospitality and lush topography.

### CLIMATE

Tallahassee has the mild, moist climate characteristics of the Gulf States and experiences a subtropical summer similar to the rest of Florida. In contrast to the Florida peninsula, however, the panhandle, of which Tallahassee is a part, experiences four seasons.

Annual January temperature: 40-63° F  
Annual July temperature: 72-91° F  
Yearly average maximum temperature: 78.7°  
Yearly average minimum temperature: 55.7°  
Yearly average days above 90 degrees: 91.0  
Yearly average days below 32 degrees: 35.7

## ONE OF TEN ALL-AMERICA CITIES

### PHYSIOGRAPHY

Tallahassee's rolling landscape, typical of regions further north, is unique among the major cities of Florida. Some areas of the county, including the downtown ridge encompassing the Capitol complex, City Hall and the County Courthouse, exceed elevations of 200 feet. The highest elevation in Leon County is 288 feet, found in the northern part of the county. To the south of the city, the hills yield to the flat terrain that is typical throughout the peninsula of Florida.

*(Continued From Page 53)*

and fishing. Lakes Jackson and Talquin are renowned in the bass fishing world for yielding the "big ones." Local wildlife areas, such as the St. Marks National Wildlife Refuge and Apalachicola National Forest, are perfect spots for camping, picnicking, swimming, biking and exploring.

And while Tallahassee also features eight golf courses and plenty of places to raise a racquet, it's a wild array of spectator sports that leave the crowds screaming for more. The Florida State Seminoles and Florida A&M Rattlers provide collegiate action. And always a sure bet are the nearby greyhound races.

For another favorite "sport" — shopping — two large regional malls and many specialty centers offer an array of "playing options," from popular chains to curiosity and antique shops.

Unique shopping locales include downtown parks, lakeside cottages and small Southern towns. Tallahassee serves a scrumptious selection of tantalizing restaurants ranging from fast food to five-star. Local specialties include homemade country sausage, melt-in-your-mouth steaks, wild game and succulent seafood fresh from the Gulf.

From luxury to economy, accommodations are plentiful and include restored bed and breakfast's, rustic "gentlemen" lodges, beachside escapes and comfortable chain hotels. For those who choose to follow in the footsteps of early travelers, Tallahassee also boasts 15 beautiful campsites. Continuous air service, Amtrak and four major highways make it easy for visitors to get to Tallahassee. But no matter how you arrive, the history and hospitality of Tallahassee make it difficult to ever leave for long.

### Tallahassee-Leon County Civic Center

The Tallahassee-Leon County Civic Center is a multi-purpose convention and entertainment facility featuring a 13,500 seat arena, Luxury Suites and Club Seats and over 52,000 sq. ft. of meeting and exhibition space plus an arena view restaurant, Spotlight Grille. The Civic Center hosts a wide variety of concerts, family shows, Broadway shows, ice shows and sporting events including FSU basketball.

It is easy to understand why over one million people a year flock to the Tallahassee-Leon County Civic Center, what with the varied array of attractions it offers. Some people go to the Civic Center to enjoy the sounds of rock, country, pop and urban concerts. Some go for the thrills of basketball, rodeos and three-ring spectacles. While others come for conventions, banquets, expositions, or consumer and trade shows.

Located downtown on Pensacola Street, the Civic Center is only two blocks from the Capitol building.

## A RICH CULTURAL HISTORY

### Tallahassee's An All-America City!

On June 26, 1999, judges from the National Civic League named Tallahassee as one of 10 cities to win the prestigious All-America City (AAC) award from the 1999 All-America City conference in Philadelphia. The All-America City award is the most prestigious and coveted award a community can win. The annual award recognizes exemplary, grassroots and problem-solving efforts of communities that cooperatively tackle challenges and achieve measurable results. Judging is based on the overall level of community involvement in solving critical local problems, including public-private partnerships.

"This is clearly one of the most exciting things to ever happen to Tallahassee," said a jubilant Mayor Scott Maddox. "For those of us who call Tallahassee home, the All-America City award verifies what we've known for so long — that we have one of the greatest cities in all of America!"

### Canopy Roads

The abundance of trees and timber is a resource uncommon to many other areas of the state. The beauty of the local trees is exemplified in Maclay Gardens State Park, which is the site of several of Florida's champion trees including the flowering Dogwood, the Hawthorn tree, the Horsesugar tree, the Sweetbay Magnolia and the Silverbell tree. These trees and others often extend their branches over the roadway to create a canopied effect, a feature that is held in high esteem by local residents and visitors.
