## 2007-08 ACC Men's Tennis "Tradition of Excellence"

### THE TRADITION

**Consistency. It is the mark of true excellence in any endeavor.**

However, in today's intercollegiate athletics, competition has become so balanced and so competitive that it is virtually impossible to maintain a high level of consistency.

Yet the Atlantic Coast Conference has defied the odds. Now in its 55th year of competition, the ACC has long enjoyed the reputation as one of the strongest and most competitive intercollegiate conferences in the nation. And that is not mere conjecture, the numbers support it.

Since the league's inception in 1953, ACC schools have captured 105 national championships, including 56 in women's competition and 49 in men's. In addition, NCAA individual titles have gone to ACC student-athletes 139 times in men's competition and 86 times in women's action.

Men's tennis in the ACC has displayed tremendous success on and off the court since it was introduced as a conference sport in 1954. In 2007, the ACC established a new precedent as the league – for the first time ever – claimed a national singles championship, had a student-athlete garner National Player of the Year honors, advanced a team to the national semifinals and set a new conference record with 10 schools selected to the NCAA Tournament.

Last year, Virginia's Somdev Devvarman became the first student-athlete in ACC men's tennis history to be crowned NCAA Men's Tennis Singles Champion and named ITA National Player of the Year. Devvarman posted a 6-0 record that included an upset victory over the top-ranked player in the nation to capture the coveted singles title.

After setting a new mark two years ago with nine schools qualifying for the NCAA Tournament, the ACC shattered that record in 2007 as 10 teams were picked to compete in the national postseason event. The same nine teams from 2006 returned to the NCAA last year with Virginia Tech joining the group for the first time since becoming an ACC member. In addition, Virginia became the first ACC school to appear in the national semifinals.

The ACC has established itself as one of the nation's premier conferences in the sport, as evident by national rankings, national victories and the numerous accolades (national and regional) collected by both ACC student-athletes and coaches over the years. In 2007, seven of the ACC schools capped off the season ranked in the final ITA Team Rankings Top 25 poll with Virginia leading the league with a school-best No. 2 showing.

The league has found similar success off the court with at least 30 student-athletes selected Academic All-Americans by ITA, CoSIDA or both.

Approximately 150 student-athletes have received All-American citations by the ITA, NCAA or both national organizations, which includes the league's first ITA National Player of the Year in Virginia's Devvarman. Duke's Phillip King, the first player in league history to be named ITA All-American four times, was recognized as the ITA National Rookie of the Year in 2001.

The ACC also boasts a distinguished coaching lineage in three-time National Coach of the Year Chuck Kriese of Clemson and Virginia assistant coach Tony Bresky. Kriese was named both the ITA and USTA National Coach of the Year in 1981 and later picked up the USTA award again in 1986. Bresky was tabbed ITA National Assistant Coach of the Year in 2005.

In addition, the league has had a coaching staff member (head and/or assistant) tabbed for regional honors in seven of the last eight years. Kriese notched the top coaching honor in the Southern region five times (1981, 1984-86, 1988), while Duke's Jay Lapidus was a four-time recipient (1995, 1999, 2001, 2003) in Region II.

Since 2000, the ACC has been well-represented in the NCAA Tournament with North Carolina and Duke regular postseason contenders every year. Georgia Tech and Wake Forest have been NCAA participants since 2001, while Clemson has competed in the national event annually since 2003, and the league's strength and number increased with the additions of Florida State and Virginia Tech in 2004. Miami and NC State were among the league's first record-nine teams in the 2006 NCAA and last year, the Hurricanes and Wolfpack were part of a new league record 10 teams to return to the national postseason event that also included Virginia Tech.

With the NCAA conducting a single elimination tournament since 1977, the ACC has been a regular conference contender in all except one year (1991). The league has had at least one team advance to the NCAA quarterfinals in 19 of the past 31 years, including the last four seasons. Virginia set the bar higher in 2007, as the Cavaliers were the first team in ACC men's tennis history to reach the national semifinals.

### 2006-07 NATIONAL CHAMPIONSHIPS

Field Hockey ..... Maryland  
Women's Soccer ..... North Carolina  
Women's Tennis ..... Georgia Tech  
Women's Golf ..... Duke  
Men's Track & Field ..... Florida State

### THE CHAMPIONSHIPS

The conference will conduct championship competition in 24 sports during the 2007-08 academic year - 12 for men and 12 for women.

The first ACC championship was held in swimming on February 25, 1954. The conference did not conduct championships in cross country, wrestling or tennis during the first year.

The 12 sports for men include football, cross country, soccer, basketball, swimming, indoor and outdoor track, wrestling, baseball, tennis, golf and lacrosse. Fencing, which was started in 1971, was discontinued in 1981.

Women's sports were initiated in 1977 with the first championship meet being held in tennis at Wake Forest University.

Championships for women are currently conducted in cross country, field hockey, soccer, basketball, swimming, indoor and outdoor track, tennis, golf, lacrosse, softball and rowing.

### A HISTORY

The Atlantic Coast Conference was founded on May 8, 1953, at the Sedgefield Inn near Greensboro, N.C., with seven charter members - Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest - drawing up the conference by-laws.

The withdrawal of seven schools from the Southern Conference came early on the morning of May 8, 1953, during the Southern Conference's annual spring meeting. On June 14, 1953, the seven members met in Raleigh, N.C., where a set of bylaws was adopted and the name became officially the Atlantic Coast Conference.

Suggestions from fans for the name of the new conference appeared in the region's newspapers prior to the meeting in Raleigh. Some of the names suggested were: Dixie, Mid South, Mid Atlantic, East Coast, Seaboard, Colonial, Tobacco, Blue-Gray, Piedmont, Southern Seven and the Shoreline.

Duke's Eddie Cameron recommended that the name of the conference be the Atlantic Coast Conference, and the motion was passed unanimously. The meeting concluded with each member institution assessed \$200.00 to pay for conference expenses.

On December 4, 1953, conference officials met again at Sedgefield and officially admitted the University of Virginia as the league's eighth member. The first, and only, withdrawal of a school from the ACC came on June 30, 1971, when the University of South Carolina tendered its resignation.

The ACC operated with seven members until April 3, 1978, when the Georgia Institute of Technology was admitted. The Atlanta school had withdrawn from the Southeastern Conference in January of 1964.

The ACC expanded to nine members on July 1, 1991, with the addition of Florida State University.

The conference expanded to 11 members on July 1, 2004, with the addition of the University of Miami and Virginia Polytechnic Institute and State University. On October 17, 2003, Boston College accepted an invitation to become the league's 12th member starting July 1, 2005.

### THE SCHOOLS

Boston College was founded in 1863 by the Society of Jesus to serve the sons of Boston's Irish immigrants and was the first institution of higher education to be founded in the city of Boston. Originally located on Harrison Avenue in the South End of Boston, the College outgrew its urban setting toward the end of its first 50 years. A new location was selected in Chestnut Hill and ground for the new campus was broken on June 19, 1909. During the 1940s, new purchases doubled the size of

# ATLANTIC COAST CONFERENCE

the main campus. In 1974, Boston College acquired Newton College of the Sacred Heart, 1.5 miles away. With 15 buildings on 40 acres, it is now the site of the Law School and residence halls. In 2004, BC purchased 43 acres of land from the archdiocese of Boston; this now forms the Brighton campus.

Clemson University is nestled in the foothills of the Blue Ridge Mountains near the Georgia border, and the tiger paws painted on the roads make the return to I-85 easier. The school is built around Fort Hill, the plantation home of John C. Calhoun, Vice President to Andrew Jackson. His son-in-law, Tom Clemson, left the land to be used as an agricultural school, and in 1893 Clemson opened its doors as a land-grant school, thanks to the efforts of Ben Tillman.

Duke University was founded in 1924 by tobacco magnate James B. Duke as a memorial to his father, Washington Duke. Originally the school was called Trinity College, a Methodist institution, started in 1859. In 1892, Trinity moved to west Durham where the east campus with its Georgian architecture now stands. Nearby are Sarah P. Duke gardens, and further west the Gothic spires of Duke chapel overlook the west campus.

Florida State University is one of 11 universities of the State University System of Florida. It was established as the Seminary West of the Suwannee by an act of the Florida Legislature in 1851, and first offered instruction at the post-secondary level in 1857. Its Tallahassee campus has been the site of an institution of higher education longer than any other site in the state. In 1905, the Buckman Act reorganized higher education in the state and designated the Tallahassee school as the Florida Female College. In 1909, it was renamed Florida State College for Women. In 1947, the school returned to a co-educational status, and the name was changed to Florida State University.

Next to I-85 in downtown Atlanta stands Georgia Institute of Technology, founded in 1885. Its first students came to pursue a degree in mechanical engineering, the only one offered at the time. Tech's strength is not only the red clay of Georgia, but a restored gold and white 1930 model A Ford Cabriolet, the official mascot. The old Ford was first used in 1961, but a Ramblin' Wreck had been around for over three decades. The Ramblin' Wreck fight song appeared almost as soon as the school opened, and it is not only American boys that grow up singing its rollicking tune, for Richard Nixon and Nikita Krushchev sang it when they met in Moscow in 1959.

The University of Maryland opened in 1856 as an agricultural school nine miles north of Washington, D.C., on land belonging to Charles Calvert, a descendant of Lord Baltimore, the state's founding father. The school colors are the same as the state flag: black and gold for George Calvert (Lord Baltimore) and red and white for his mother, Alice Crossland. Maryland has been called the school that Curley Byrd built, for he was its quarterback, then football coach, athletic director, assistant to the president, vice-president, and finally its president. Byrd also designed the football stadium and the campus layout, and suggested the nickname Terrapin, a local turtle known for its bite, when students wanted to replace the nickname Old Liners with a new one for the school.

The University of Miami was chartered in 1925 by a group of citizens who felt an institution of higher learning was needed for the development of their young and growing community. Since the first class of 560 students enrolled in the fall of 1926, the University has expanded to more than 15,000 undergraduate and graduate students from every state and more than 114 nations from around the world. The school's colors, representative of the Florida orange tree, were selected in 1926. Orange symbolizes the fruit of the tree, green represents the leaves and white, the blossoms.

The University of North Carolina, located in Chapel Hill, has been called "the perfect college town," making its tree-lined streets and balmy atmosphere what a college should look and feel like. Its inception in 1795 makes it one of the oldest schools in the nation, and its nickname of Tar Heels stems from the tar pitch and turpentine that were the state's principal industry. The nickname is as old as the school, for it was born during the Revolutionary War when tar was dumped into the streams to impede the advance of British forces.

North Carolina State University is located in the state capital of Raleigh. It opened in 1889 as a land-grant agricultural and mechanical school and was known as A&M or Aggies or Farmers for over a quar-

ter-century. The school's colors of pink and blue were gone by 1895, brown and white were tried for a year, but the students finally chose red and white to represent the school. An unhappy fan in 1922 said State football players behaved like a pack of wolves, and the term that was coined in derision became a badge of honor.

The University of Virginia was founded in 1819 by Thomas Jefferson and is one of three things on his tombstone for which he wanted to be remembered. James Madison and James Monroe were on the board of governors in the early years. The Rotunda, a half-scale version of the Pantheon which faces the Lawn, is the focal point of the grounds as the campus is called. Jefferson wanted his school to educate leaders in practical affairs and public service, not just to train teachers.

Virginia Tech was established in 1872 as an all-male military school dedicated to the original land-grant mission of teaching agriculture and engineering. The University has grown from a small college of 132 students into the largest institution of higher education in the state during its 132-year history. Located in Southwest Virginia on a plateau between the Blue Ridge and Alleghany Mountains, the campus consists of 334 buildings and 20 miles of sidewalks over 2,600 acres. The official school colors - Chicago maroon and burnt orange - were selected in 1896 because they made a "unique combination" not worn elsewhere at the time.

Wake Forest University was started on Calvin Jones' plantation amid the stately pine forest of Wake County in 1834. The Baptist seminary is still there, but the school was moved to Winston-Salem in 1956 on a site donated by Charles H. and Mary Reynolds Babcock. President Harry S. Truman attended the ground-breaking ceremonies that brought a picturesque campus of Georgian architecture and painted roofs. Wake's colors have been black and gold since 1895, thanks to a badge designed by student John Heck who died before he graduated.

## Before the ACC

### Dixie Conference Affiliation (1949-1951)

The 1949, 1950 and 1951 teams, coached by Florida State tennis pioneer, H. Don Loucks (1949-50) and Ralph Matherly (1951), won the Dixie Conference team championship for three consecutive years. The Dixie Conference was made up of seven small schools within the Southeast including Florida State, Stetson, Millsaps, Mercer, Howard, Lambuth and Oglethorpe.

### Metro Conference Championship History (1976-91)

The Metro Conference, originally tabbed the Metro Six, was formed on June 13, 1975. It's charter members included Cincinnati, Georgia Tech, Louisville, Memphis State, St Louis and Tulane.

Expansion was soon on the horizon, as the league membership increased its size to seven schools when the Florida State University was admitted on July 28, 1976.

After Georgia Tech left the conference following the 1978 season, Virginia Tech quickly filled the void. Then St. Louis left the Metro. But waiting in the wings was the University of South Carolina who joined in 1983 to increase the membership to eight schools. However, Tulane forfeited its membership when its basketball program was discontinued following the 1984-85 season.

# THIS IS FLORIDA STATE

**F**rom its pre-Civil War beginnings as the Seminary West of the Suwannee to a nearly four-decade stint as the Florida State College for Women to its return to coeducational status as a university, Florida State University has developed into an internationally acclaimed research institution with excellence in teaching, research and public service.

The university enrolls almost 40,000 undergraduate, graduate and professional students. Of these, 28 percent are minorities. Students are from all 50 states and the District of Columbia, as well as 133 foreign countries.

Florida State offers an impressive breadth of academic degree programs. Students may take courses of study leading to a baccalaureate degree in 99 programs, a master's degree in 112 degree programs, a doctorate in 73 degree programs, a specialist certification in 26 degree programs, and a professional designation in two degree programs. Courses are offered through 16 colleges — Arts and Sciences; Business; Communication; Criminology and Criminal Justice; Education; En-

gineering; Human Sciences; Information; Law; Medicine; Motion Picture, Television and Recording Arts; Music; Nursing; Social Sciences; Social Work; and Visual Arts, Theatre and Dance.

Students have the opportunity to work and study alongside members of the prestigious National Academy of Sciences, members of the American Academy of Arts and Sciences, winners of the Pulitzer Prize and a Nobel laureate. Florida State faculty also lead several scholarly fields in citations of published work.

Several members of the Florida State faculty were recognized with major awards in 2007. Trailblazing chemistry Professor Alan G. Marshall, who has won worldwide acclaim for contributions to the field of analytical chemistry, received the prestigious 2007 Chemical Pioneer Award from the American Institute of Chemists, and Eliza Dresang, the Eliza Atkins Gleason Professor in the College of Information, won the 2007 Scholastic Library Publishing Award.

Florida State has many academic programs that consistently rank among those at the nation's top 25 public universities, including programs in business, chemistry, creative writing, criminology, ecology and evolutionary biology, information, law, meteorology, oceanography, physics, political science, psychology, public policy, sociology and statistics.

## **The university had many noteworthy achievements in 2006-07. Among them:**

- Florida State hired clusters of stellar professors, national and international leaders in their fields, in one of the most ambitious, innovative hiring plans in the United States — part of the Pathways of Excellence Initiative, the university's effort to become one of the nation's top research and graduate education universities.
- FSU doctoral faculty in five academic areas were ranked among

# THIS IS FLORIDA STATE

the tops in the nation according to the Faculty Scholarly Productivity Index: social work — #4; Spanish — #4; marketing — #5; oceanography — #8; and atmospheric sciences — #10.

- FSU was ranked No. 1 in the nation among top research universities in graduation rates for African-Americans.
- The university increased its production of Ph.D.s by 18 percent in 2006 and won a new record in research grants, about \$200 million.
- FSU had a building boom with \$500 million worth of facilities under design or construction.
  - Officials broke ground on a new facility that could vault Florida State to the top of the list of American universities specializing in research into new materials. The \$17-million building will house the Center of Excellence in Advanced Materials.
- The first groups of College of Medicine students arrived at newly established Regional Medical School campuses in Fort Pierce and Daytona Beach.
- FSU Student Government President Joe O'Shea won a prestigious Truman Award. O'Shea also was one of just 20 undergraduates named to USA Today's elite 2007 All-USA College Academic First Team.
- The Florida State track and field team won its second-in-a-row NCAA championship and was honored at the White House.

At FSU, students have the opportunity to conduct research in specialized interdisciplinary centers, such as the National High Magnetic Field Laboratory, the Institute of Molecular Biophysics, and the School of Computational Science; to participate in interdisciplinary work across campus, such as programs that integrate economics, geography, climate forecasting, law and other en-

vironmental courses and programs; and to work with faculty to forge new relationships among professions, including medicine, the physical sciences, engineering, business and law.

Students at Florida State also are encouraged to participate in international education through the university's programs in England, Italy, Switzerland, France, Panama, China, Costa Rica, Spain, Russia, the Czech Republic, Greece, Croatia, Germany, Ireland and the Caribbean. The university's study sites in Valencia, Spain; Florence, Italy; London, England; and the Republic of Panama are considered by many to be among the nation's best.

FSU's main campus is spread over 450.5 acres in Tallahassee. Within the state, the university maintains facilities in Panama City, at its Coastal and Marine Laboratory on the Gulf of Mexico, and at the Asolo Performing Arts Center in Sarasota. In addition, Academic & Professional Program Services provides non-credit professional outreach, online academic degree programs, support for faculty and students in the campus.fsu.edu teaching and learning environment, faculty development and assessment services. APPS also hosts seminars for organizations from all over the country, and organizes faculty conferences and special campus events.

Florida State also operates the Ringling Center for the Cultural Arts in Sarasota, which includes the John and Mable Ringling Museum of Art, the largest museum/university complex in the nation.

Library holdings at Florida State include 2.9 million book titles and 9.1 million microforms. The university's library holdings rank among the top 30 public research universities in the United States.

The main library facility, the Robert M. Strozier Library, is linked by computer to other state university and national research libraries. Florida State also maintains science, music, library and information sci-

ence, medicine, engineering and law libraries, as well as the Mildred and Claude Pepper Library, which houses the papers, photographs, audio recordings, video recordings and memorabilia of the longtime congressman from Florida. Library materials and services also are available at the university's Panama City campus, as well as at the international study centers, and a collection of art and related materials is on display at the John and Mable Ringling Museum of Art in Sarasota. Collectively, the Florida State libraries are a member of the Association of Research Libraries, an association of the top research university libraries in the United States.

**BACKGROUND:** The Florida State University is one of eleven units of the Division of Colleges and Universities of the Florida Board of Education... It was established as the Seminary West of the Suwannee by an act of the Florida Legislature in 1851 and first offered instruction at the postsecondary level in 1857... Its Tallahassee campus has been the site of an institution of higher education longer than any other site in the state... In 1905, the Buckman Act reorganized higher education in the state and designated the Tallahassee school as the Florida Female College... In 1909, it was renamed Florida State College for Women... In 1947, the school returned to co-educational status, and the name was changed to The Florida State University... It has grown from an enrollment of 2,583 in 1946 to an enrollment of 40,474 in the Fall Semester 2006.

**ENROLLMENT (FALL, 2005):** Total, 40,474... 76.7% undergrad, 20.2% grad, 3.1% unclassified... 79.9% in-state... 93.8% from the United States... students from all 50 states and the District of Columbia are in attendance... 18 states contributed over 100 students each... 19 foreign countries contributed over 25 students each... female, 56.4%... male, 43.6%... minority, 24.9%... international, 3.2%.

**ACREAGE:** Main Campus: 451.6 acres in Tallahassee, Leon County (main campus)... Panama City Branch: 25.6 acres in Panama City, Bay County... The university owns a total of 1,530.4 acres in Leon, Bay, Franklin, Sarasota, & Gadsden counties... Sites are leased in Marion and Leon counties in Florida, and other locations overseas.

**COLLEGES/DEGREE PROGRAMS:** With 16 colleges and schools, students may take courses of study leading to the baccalaureate degree in 99 degree programs, to the master's degree in 112 degree programs, to the advanced master's degree in one program, to the specialist degree in 26 degree programs, to the doctorate degree in 73 degree programs, and to the professional degree in two degree programs. The academic divisions are the Colleges of Arts and Sciences, Business, Communication, Criminology and Criminal Justice, Education, Engineering, Human Sciences, Information, Law, Medicine, Music, Social Science, Social Work and Visual Arts, Theatre and Dance; and the Schools of Motion Picture, Television, and Recording Arts and Nursing.

**OPERATING BUDGET (2006-07):** \$1,011,736,496

**DEGREES AWARDED FOR 2005-06:** Bachelor, 6,938... Masters, 1,821... Doctorate, 325... Medical Doctorate, 36... Specialist, 51... Judge Doctorate, 240... Total, 9,411

**ENTERING FRESHMAN FACTS (FALL, 2006):** The middle 50 percent High School GPA, 3.3-3.9; SAT score 1090-1240, ACT score 23-27. There were 46 National Merit Scholars, 17 National Achievement Scholars, and 16 Hispanic Scholars enrolled as undergraduate students during the Fall 2006 term.

**RETENTION RATE:** First year, 100%... second year, 88%... third year, 77%... fourth year, 74%.

**FACULTY/STAFF:** Total 2,291... FSU's faculty includes some past graduates, such as former astronauts Dr. Norm Thagard, who teaches Electrical Engineering, and Winston Scott who serves as Vice President of Student Affairs... FSU's faculty has included six dynamic Nobel Laureates: 12 members elected to National Academy of Sciences... 10 members of the American Academy of Arts and Sciences... and two Pulitzer Prize winners Ellen T. Zwilich and Robert Olen Butler.

**EDUCATIONAL ADVANTAGES:** Florida State University has a uniqueness in providing programs that are consistent in excellence across the board, from fine arts and humanities to the hard sciences... The balance of programs is based on FSU's long tradition as a leading liberal arts institution combined with its position as one of the top 10 universities in generating research-based revenues... FSU is the most wired campus

### EDUCATIONAL OPPORTUNITIES

**ABROAD:** FSU offers a variety of overseas study opportunities for students during the regular academic year. FSU has study centers located in Florence, Italy; Panama City, Republic of Panama; Valencia, Spain; and London, England. Courses at the study centers are offered each semester and cover a wide range of subject areas perfect for meeting general and liberal studies requirements. International Programs also offers study programs, some general and some major specific, in: Cairns, Australia; Salvador, Brazil; Tianjin, China; San Jose, Costa Rica; Dubrovnik, Croatia; Prague, Czech Republic; Napo, Ecuador; London, England; Paris, France; Dublin, Ireland; Tokyo, Japan; Moscow, Russia; and Leysin, Switzerland. A summer Law program is offered in Oxford, England. There is one Linkage Institute, FLORICA, in Costa Rica, and Beyond Borders programs in Turrialba, Costa Rica, Kingston, Jamaica, and Dresden, Germany.

### EXTRACURRICULAR ACTIVITIES:

FSU has over 400 student organizations that allow students to find their own niche.

**FINANCIAL AID:** FSU offers two types of financial assistance: need-based and merit-based... Over \$160 million is given away for financial assistance each year.

**STUDENT/FACULTY RATIO:** 18-1... Many of the general education classes are large, lecture classes; however, over 70 percent of major classes have less than 40 students.

**RESEARCH:** The Florida State University has built a reputation as a strong research center in both the sciences and the humanities. It is expected that more than \$100 million in external funds will be generated this year by the university faculty and administration as supplements to state funds used for research. These external funds are in the form of contracts and grants from private foundations, industries, and government agencies, and are used to support research, improve research facilities, and provide stipends for graduate students.

**SPONSORED RESEARCH (2005-06):** \$173,605,359

**LIBRARY HOLDINGS:** The University Library System contains over 2.9 million volumes, of which more than 334,000 are available electronically as e-books. The libraries subscribe to more than 51,000 current serials including academic journals, professional and trade journals, and major newspapers from around the country and the globe in both paper and electronic formats. The libraries also subscribe to more than 300 databases. The FSU Libraries include 8 libraries on campus: The Robert Manning Strozier Library, Paul A. M. Dirac Science Library, Mildred and Claude Pepper Library, Warren Allen Music Library, Harold Goldstein Library and Information Science Library, College of Law Library, College of Medicine Medical Library, and the College of Engineering Library. Library materials and services are also available at the FSU Panama City Campus, as well as International Programs study centers in London, Florence, and Panama, and a collection of art and related materials at the John and Mable Ringling Museum of Art in Sarasota, Florida.

# THIS IS TALLAHASSEE

Among low, rolling Hills, down moss-draped canopy roads, within picturesque historical districts, and across seas of flowering azaleas lies a magical part of the Sunshine State — Tallahassee — Florida’s capital city. With its intriguing combination of power-play politics and classic character splashed with a twist of beauty and charm, Tallahassee is a genteel Southern belle with good manners, old plantation homes and y’all-come hospitality — a side of Florida few expect to find.

With the Gulf of Mexico just 25 miles south and the Georgia border only 14 miles north, Tallahassee rests between the foothills of the Appalachian Mountains and the juncture of Florida’s panhandle and peninsula in an area known as “The Big Bend.” Nearer in miles to Atlanta than to Miami, Tallahassee more closely resembles its’ Georgia neighbor than Florida in topography, climate and lifestyle.

Like the city itself, the story of how Tallahassee was chosen as the state capital is rich in history. In 1823, two explorers set out — one on horseback from St. Augustine and the other by boat from Pensacola — to establish a permanent, central location for the seat of government. The two met at a beautiful site that the Creek and Seminole Indians called “tallahassee” — derived from the words “talwa,” meaning town, and “ahassee,” meaning old. This historic meeting place remains Florida’s capital today.

The New Capitol building rises at the center of Tallahassee’s downtown as a sleek modern structure, juxta-

## CLIMATE

Tallahassee has the mild, moist climate characteristics of the Gulf States and experiences a subtropical summer similar to the rest of Florida. In contrast to the Florida peninsula, however, the panhandle, of which Tallahassee is a part, experiences four seasons.

## DONALD L. TUCKER CENTER

The Donald L. Tucker Center is a multi-purpose convention and entertainment facility featuring a 12,100 seat arena, Luxury Suites and Club Seats and over 52,000 sq. ft. of meeting and exhibition space plus an arena view restaurant, Spotlight Grille. The Civic Center hosts a wide variety of concerts, family shows, Broadway shows, ice shows and sporting events including FSU basketball.

It is easy to understand why over one million people a year flock to the Donald L. Tucker Center, what with the varied array of attractions it offers. Some people go to the Tucker Center to enjoy the sounds of rock, country, pop and urban concerts. Some go for the thrills of basketball, rodeos and three-ring spectaculars. While others come for conventions, banquets, expositions, or consumer and trade shows.

Located downtown on Pensacola Street, the Tucker Center is only two blocks from the Capitol building.

posed next to the Old Capitol, built in the more classic domed style. A gallery atop the 22-story New Capitol provides a sweeping view of the hilly city and its tree-lined streets. From it, you can see all the way to Georgia, 20 miles away.

Around the capitol complex, a 10-block historic district spreads, preserving the town's gracious old homes along a linear park and holding an historic inn, bars and restaurants patronized by Senators and sophomores alike. With no shortage of culture, downtown also offers museums, theater and art galleries. Artists have turned the old warehouses of Downtown Industrial Park into the studios and cafes of Railroad Square. The Museum of Florida History, nearby, is highly acclaimed for its scan of the state's past, and The Mary Brogan Museum of Art & Science, along with changing art exhibits, brings learning to a kid's level with hands-on exhibits. Other sightseeing favorites include the floral masterpiece of Alfred B. Maclay State Gardens; Bradley's Country Store; FAMU Black Archives; and the Tallahassee Antique Car Museum.

The area surrounding Tallahassee reveals numerous other historic and archaeological treasures, such as De Soto State Archaeological and Historical Site, Lake Jackson State Archaeological Site, Mission San Luis, Natural Bridge Battlefield and San Marcos de Apalache. Visitors can explore prehistoric Florida at the Museum of Florida

History, where they are greeted by a giant 12,000-year-old mastodon pulled from nearby Wakulla Springs.

On the shores of Wakulla Springs, alligators still laze under the watchful eyes of "snake birds" perched on twisted cypress trees. The site of many underwater scenes in "Tarzan" movies, it's one of the world's deepest freshwater springs. Glass-bottomed boat tours across these mystical waters are available.

Nearby small towns offer fascinating excursions to places such as Pebble Hill Plantation, Florida Caverns State Park, Monticello Opera House and St. George Island.

## COACHING EXCELLENCE...

When it comes to legendary head coaches, it is hard to argue anyone has been as fortunate. The Seminoles have had three coaches who have established records that rank them with the greatest coaches in NCAA history.

Florida State is the only NCAA school with three coaches in the top five for all-time victories in their respective sport and in the top five in wins and winning percentage among active coaches. Bobby Bowden (football), JoAnne Graf (softball) and Mike Martin (baseball) have combined for 3,030 wins and each coach appears in the top four for active winning percentage, active wins or all-time victories.

The caliber of coaches at Florida State is second to none and year after year, these coaches are recognized for excellence nationally, regionally and at the conference level. Track and field and cross country head coach Bob Braman capped off another spectacular season as he guided the Seminoles to their second consecutive men's outdoor track and field national championship in 2007. Braman, the ACC Indoor and Outdoor Coach of the Year, was also recognized on the men's side as the Co-Coach of the Year in the South District, while being honored as the East Region and National Coach of the Year during the outdoor season. Jennifer Hyde collected South Region Wilson/ITA Coach of the Year accolades as she led the women's tennis team to one of the finest turn-a-rounds in school history. After leading the women to their first conference championship a season ago, swimming and diving head coach Neil Harper guided the men to their first league title en route to being named the ACC Coach of the Year. Martin's legacy was secured as he was enshrined into the American Baseball Coaches Association Hall of Fame on January 5, 2007. He would round out the accolades in 2006-07 claiming his fifth ACC Coach of the Year honor.

## IN THE COMMUNITY...

Seminole student-athletes are committed to making a positive impact on the community, serving over 5,500 hours of community service during the 2006-07 school year. They help to raise thousands of dollars in direct support to charities.

The National Consortium for Academics and Sports honored FSU Athletics for the most successful outreach and community service program in which FSU student-athletes impacted the lives of over 150,000 youths.

Student-Athletes have volunteered their time to work with elementary, middle, and high school students within the Leon County School system. In addition, Seminole student-athletes have participated in projects such as Kids' Day (hosted by the Boys and Girls Club), Bowl for Kids' Sake (fundraiser for Big Brothers Big Sisters), The Heart Ball (fundraiser for the American Heart Association), Relay for Life, and Special Olympics to name a few.

Coach Mike Martin

## POSTGRADUATE SCHOLARSHIPS...

In November 2005, two-time All-American shot putter Garrett Johnson became just the second FSU student and first FSU student-athlete to be selected a Rhodes Scholar when he was chosen as one of 32 college students from throughout the United States to study at the University of Oxford and one of less than 100 from around the world who joined the prestigious academic program in 2006. The program's criteria are based on academic success, leadership potential, personal integrity and physical vigor.

Florida State athletes have earned over \$350,000 in post-graduate scholarships in the past 13 years as well as other numerous academic honors and awards. They have also received 33 post-graduate scholarships from the ACC since 1993 including Sarah Griffin (volleyball), Alex Kennon (swimming and diving), Tom Lancashire (track and field) and Kelly Rowland (soccer) who were among 45 recipients of the scholarship awards in 2007. In addition, Garrett Johnson (track and field) earned the ACC Scholar Award in 2006.

In 1996, Seminole senior Daryl Bush was the first ever recipient of the State Farm National Scholar Athlete of the Year award, now given annually.

Florida State boasts two NACDA Post-Graduate Award winner in the last seven years. The scholarship, which was originated in 2001, grants \$10,000 scholarships to its recipients.

## IN THE CLASSROOM...

Florida State named a school-record 204 student-athletes to the Atlantic Coast Conference Honor Roll in 2007. At the conclusion of the 2006-07 school year, seven of Florida State's athletic teams had a 3.0 or better cumulative grade point average. In the spring 2007 semester 10 Seminole teams had at least a 3.0 semester GPA while the average team semester GPA was a 2.80.

Since joining the ACC in 1991, Florida State has had seven National Football Foundation and College Hall of Fame National Scholar Athlete Award winners.

In 2001, Heisman Trophy winning quarterback Chris Weinke was the recipient of the inaugural ACC Scholar Award which is presented annually to an excellent athlete and top scholar who plans to pursue a professional athletic career. Since 2001, football's Chris Hope (2002), baseball's Matt Lynch (2003) and track and field's Garrett Johnson (2006) have also earned the award.

Six Seminole student athletes earned the prestigious Arthur Ashe Junior Sports Scholar Award including FSU football player Myron Rolle. The Arthur Ashe Jr. Sports Scholar Awards were established in 1992 and serve to honor minority student athletes who exhibit academic excellence and community activism, as well as athletic prowess.

Florida State had 13 student-athletes garner District Academic All-American honors in 2006-07 including Drew Weatherford (Football), Mami Yamaguchi and Katrin Schmidt (Soccer), Sarah Griffin (Volleyball), Nikki Anthony and Alicia Gladden (Women's Basketball), Melissa May (Softball), Roomy Altman (Swimming), Caroline Westrup (Women's Golf), Jonas Blitz (Men's Golf), Alex Kennon (Swimming) and Javier Garcia-Tuning, Tom Lancashire and Andrew Lemoncello (Track & Cross Country).

Florida State has more all-time ACC Academic Honor Roll selections (2,412) than all-time All-ACC honorees (1,783). Since 1970, 32 FSU student-athletes have earned National Academic All-American honors. Florida State boasted one NCAA Postgraduate Scholarship winner (Alex Kennon - Swimming) in 2007 as well.

When you consider the top athletes who don the Garnet and Gold, it's easy to see why Florida State has enjoyed such success over the years. Of the 37 national awards for athletic achievements Florida State student-athletes have earned, eight have been for the top athlete in the nation award in their respective sports. Florida State boasts two Heisman Trophy winners, three Golden Spikes winners, a USA Softball National Player of the Year, a National Men's Track Athlete of the Year and a Honda Award winner for softball.

From football, to diving, to tennis, to track and field, several of Florida State's student-athletes achieve All-America status each year. FSU boasts 749 first team All-America selections as well as several regional and national award winners. Over the years, FSU has enjoyed 1,783 All-ACC selections. Even more impressive is that 30 student-athletes have been crowned individual national champions in their respective sports.

**TOP TEAMS...**

Great athletes make great teams and Florida State has a rich history when it comes to great teams on both the national and conference level and has earned 13 national championships over the years including the back-to-back 2006 and 2007 NCAA Men's Outdoor Track and Field titles. In 1999, the Florida State Seminoles became the first football team to go wire-to-wire as the Associated Press' No. 1 team when the squad went 12-0 on its way to the program's second national championship. FSU teams have combined for 159 NCAA Tournament appearances and 39 ACC team titles. Florida State's team sports have earned 8,419 victories and eight of the Florida State's team sports have an all-time winning record.

**THOMAS  
KENT "T.K."  
WETHERELL  
PRESIDENT**

Dr. Thomas Kent "T.K." Wetherell became the 13th president of Florida State University on January 6, 2003. He is the first university alumnus to serve as president of Florida State. A career educator with more than 30 years of experience in the State of Florida's educational system, Dr. Wetherell is also the only FSU president with experience in all four major divisions within higher education, having held positions in the offices of academic affairs, student services, business affairs, and college development. He has held leadership positions in two-year as well as four-year colleges, and he has served as a faculty member in both public and private institutions of higher education.

Dr. Wetherell is recognized as a high-energy, student-oriented president. He is an innovator who challenges faculty, staff and administrators to set high professional and personal standards. During his tenure as president, Florida State realized its dream of establishing, receiving full accreditation and graduating the first class of the nation's first public new allopathic medical school in the last 25 years. Under Dr. Wetherell's leadership Florida State has undertaken the university's most extensive construction program, adding three new residence halls, a general purpose classroom building, new food services facilities, parking garages, an alumni center, research facilities, massive renovation projects, a Heritage Walk system throughout campus, as well as the construction of a new medical school.

Dr. Wetherell established the Pathways of Excellence program designed to enhance Florida State University's stature as a public graduate research university. The Pathways of Excellence program is designed with

the Association of American Universities evaluation criteria as its basis. In addition to issuing a challenge to the university's community to reach a higher level academically, Dr. Wetherell also made available online data that will allow the public and individual faculty to monitor the university's and their respective academic department's success in this endeavor.

Dr. Wetherell is an outstanding advocate for higher education and has been called the state's most "politically astute president." In addition to his political insight, Dr. Wetherell is expert in resource development and led the university to successfully complete Florida State's second major capital campaign. During the campaign Dr. Wetherell gave the largest gift a seated president of a public research university has ever given to an institution in the United States. As president, Dr. Wetherell has also been the university's most vocal advocate for a community service program as part of students' college experience.

Dr. Wetherell has been inducted into Florida State University's Hall of Fame and was the recipient of the prestigious Moore-Stone Award, the Circle of Gold Award and the university's Distinguished Service Award. In addition, he has also been awarded an honorary Doctorate of Letters from Flagler College.

Dr. Wetherell served in the Florida House of Representatives from 1980 to 1992, the last two years as Speaker of the House. During his tenure in the House he served as chairman of

the appropriations committee and the higher education committee. The Miami Herald named him one of the Top Ten Legislative Leaders in the House each year from 1987 until 1992. During his years in the legislative process Florida enacted some of the most progressive education legislation in America.

A third-generation Floridian, Dr. Wetherell was born on December 22, 1945 in Daytona Beach, Florida. He attended Port Orange Elementary School and Mainland Senior High School, where he was active in service clubs, student government and athletics. He attended Florida State University on a football scholarship and played on the 1963-67 football teams. He still holds the record for the longest kickoff return in Florida State University history. He earned his bachelor's and master's degrees in social studies education from FSU in 1967 and 1968 respectively. He earned a doctorate in education administration from FSU in 1974.

Dr. Wetherell is married to Virginia B. Wetherell, who was appointed by Governor Chiles as Secretary of the Florida Department of Environmental Protection from 1991 to 1998. She previously served as a state legislator representing Pensacola. She currently is president of Wetherell Consulting Services. They are the parents of three children: Kent, Blakely, and Page, and have two grandchildren: Emily and Tyler. Wetherell's personal interests include outdoor recreation, travel and aviation.

**DAVE HART,  
JR.**

**DIRECTOR OF  
ATHLETICS**

His peers use terms and words such as class, integrity, respect, visionary and national leader to describe Dave Hart, Jr. Bolstered by his leadership and vision, the current and future state of a still young athletics program at Florida State University is vibrant and inspiring. Hart is widely viewed as one of the nation's top athletics directors. It is a reputation he has earned.

Dave Hart begins his 13th year as Florida State's Athletics Director. Hart has led the FSU athletics program since 1995 with comprehensive success in mind. The athletics department budget has more than doubled along with revenues since Hart arrived, with a high percentage of that increase going towards the growth and development of women's athletics programs at FSU. Student-athletes continue to reach new heights in academic performance within University, Conference and national circles. Community service participation by student-athletes is at an all-time high with every team giving back to the community throughout the year. Florida State student-athletes, coaches, administrators and teams are being recognized nationally on a regular basis for honors and awards. Excellence in competition is evidenced across the board with the Seminoles ranking in the Top 20 nationally in the Directors' Cup again this year. Facility enhancements are remarkable and serve as a collective point of pride for current and former student-athletes, coaches, staff, alumni and fans. All of these accomplishments were recognized during the second cycle of NCAA Certification this past year.

In recognizing Hart's position within intercollegiate athletics, ACC Commissioner John Swofford said, "Dave Hart is one of the best and most respected athletics directors in the business. He thoroughly understands the nuances of major college athletics, and he has superb values to go along with his vast experience in the field. He is a proven leader within our conference as well as at the national level."

Hart has served on several prestigious committees at conference and national levels during his career in athletics administration. He has been a member of the NCAA Council, the NCAA Honors and Awards Committee and the NCAA Special Events and Postseason Bowls Committee as well as a consultant to the NCAA Student-Athlete Advisory Council.

Hart has also held positions of considerable influence within conference and national circles. He served as President of both the

National Association of Collegiate Directors of Athletics and the Division I-A Athletics Directors' Association. Hart has been recognized by his peers in intercollegiate administration with the honor of being named Athletics Director of the Year in the Southeast Region in 2000 and 2005. In the seven year existence of the AD of the Year Award, he is one of only three athletics directors' in Division I-A to receive the regional award twice. He has also received the Robert R. Neyland Award for lifetime achievement in his profession as well as the Athletics Directors' Award for advancing the quality and progress of student-athletes and the athletics program while at Florida State. He currently is Vice Chairman of the NCAA Football Board of Directors where he represents NACDA and serves with commissioners of Division I-A conferences as well as NCAA President, Myles Brand. He is also one of eleven athletics directors nationally who serve as an advisory group to presidents and conference commissioners in ongoing meetings and discussions regarding BCS format options and related issues regarding post-season football. In addition to serving in prominent leadership roles nationally, Hart has been directly involved in the renegotiations of the ACC's football and basketball television contracts, which are considered to be the nation's best. He has chaired the ACC Television Committee as well as the ACC Men's Basketball and Football committees. A long-time advocate of conference expansion, Hart played an instrumental role in the Atlantic Coast Conference expansion process which resulted in the addition of three new members in Miami, Virginia Tech and Boston College while immediately elevating the national profile of the ACC.

A popular speaker at the national level, Hart has made numerous speaking presentations nationally and presented seminars on such topics as student-athlete welfare, marketing, gender equity, facility master planning, negotiation skills and personnel transition. He was an instructor at the National Association of Collegiate Directors of Athletics Management Institute for ten years and currently is an annual presenter at the Division I-A Athletics Directors' Institute sharing with peers his knowledge and experiences relating to athletics administration.

Since his arrival at Florida State, Hart has negotiated unprecedented multi-million dollar contracts for the department totaling in excess of 175 million dollars while planning and guiding the development and implementation of an extensive and comprehensive facilities master plan for athletics which totals more than 140 million dollars. He initiated a multi-faceted Student Development/Life Skills program for all student-athletes at FSU, which has been recognized nationally as a "Program of Excellence" by the Division I-A Athletics Directors' Association. He spearheaded the rewriting of the department's mission statement to put the student-athlete at the core of everything the athletics department does in its goal to build comprehensive excellence throughout the

many components of the department.

Hart took a leadership role in the athletics department's first major Capital Campaign, in concert with Seminole Boosters, which raised over 75 million dollars for athletics facilities. A second capital campaign is underway to endow athletics scholarships for all sports at Florida State. Within the Facilities Master Plan, the Soccer/Softball facility was the first new facility to be built and remains one of the nation's finest. Major renovations to the Tennis and Volleyball facilities have also been completed. The state-of-the-art Golf Facility and Teaching Center and the Basketball Training Center are among the nations very best. The Dick Howser Baseball Stadium and the new Moore Athletics Center, have few, if any, peers. A new aquatics facility and completion of the renovation to the Mike Long Track building are underway. The planned "Legacy Walk" will ultimately showcase FSU tradition and Athletics heritage around the University Center.

Hart has made major hires within coaching and administrative areas of the department, while dramatically increasing exposure for all Seminole Athletics since his arrival at FSU. Through the negotiation of television contracts with Sun Sports as well as ACC contracts with regional sports carriers and ABC and ESPN, Florida State enjoys outstanding visibility in all sports on an annual basis.

Under Hart's direction, FSU formalized a varsity club to encourage the participation of former student-athletes in athletics department activities and a new focus has been placed on the growth of women's athletics at FSU. That commitment is reflected in the increased allocation of funding, competitive success and facility improvements. Also during Hart's tenure, FSU has been home to the inaugural National Student-Athlete of the Year, a State of Florida Woman of the Year recipient and a Rhodes Scholar. A record number of FSU student-athletes have made the ACC Academic Honor Roll, been recipients of NCAA post-graduate scholarship awards and obtained degrees during the past ten years. Student-athlete community service involvement has become a priority since Hart's arrival. Student-athletes at FSU contributed over 5,000 hours this past year to community outreach projects with the women's golf team winning the Athletics Director's Cup for community service.

A 1971 graduate of Alabama, Hart played basketball for the Crimson Tide and earned a master's degree in 1972 while serving as a graduate assistant basketball coach. He coached and taught at the high school level before joining the East Carolina athletics program in 1983 where his vision and leadership enabled that program to reach goals thought to be unattainable.

Hart met his wife, the former Pam Humble, while at Alabama and they have three children, Rick, Jamie and Kelly. The Harts' also have four grandchildren, Trevor, Caroline, McKinley and Olivia.

## Student Services & Personal Development

### NEW OPPORTUNITIES FOR LEADERSHIP, EDUCATION AND SERVICE (N.O.L.E.S)

#### LIFE SKILLS

Developed by the Florida State University Department of Athletics, the N.O.L.E.S. program represents a commitment to the total growth and development of each student-athlete. The program establishes an administrative commitment to academic and athletic excellence. Those efforts will be supported with programs and services in personal and career development service.

**JOHN LATA**  
Director of Student Services

#### PERSONAL DEVELOPMENT

Fostering the development of personal growth is a fundamental component of the N.O.L.E.S. program. The support programs ensure that the student-athlete will be provided with opportunities to focus on personal growth areas such as value clarification, goal setting, fiscal planning, decision making and personal responsibility. Programming focuses on helping the student-athlete develop a healthy lifestyle while they are at Florida State and habits that will benefit them for life.

#### CAREER DEVELOPMENT

Preparing for life after college is a major focus of the N.O.L.E.S. program. The program is designed to work in cooperation with Florida State's Career Center to acquaint students with the job search process, provide networking opportunities and ultimately assist with job placement. The program places a priority on the development of the total person, with the goal of

developing individuals who will have rewarding careers and productive lifestyles after they leave Florida State. The newest addition to the Career Development program is the Senior Transition Seminar offered through the Office of Student Services. The course is offered to all senior student-athletes with exhausting eligibility and is designed to assist with resume building, networking with former student-athletes, and tips on transitioning from intercollegiate athletics into the working world.

#### COMMUNITY SERVICE

Serving the community is the focus of the Seminole Spirit program. Student-athletes are challenged to provide service to our community and individuals who are in need. With a clearly defined program of service, student-athletes are given the opportunity to develop lifelong commitment to volunteerism. Over the years, the commitment to community service has grown leaps and bounds. The FSU athletic department was recently recognized by the National Consortium for Academics and Sports for the most successful outreach and community service program in which FSU student-athletes impacted the lives of over 150,000 youths.

#### LEADERSHIP DEVELOPMENT

The Florida State University Department of Athletics is committed to developing programs of excellence that foster leadership development. The Student-Athlete Advisory Council (SAAC) has been in place in the Florida State University Athletic Department for ten years, and consists of a fantastic group of motivated student-athletes. The SAAC consists of 42 student-athletes, at least two from every team, and they meet every two weeks to discuss issues confronting student-athletes, here at FSU, as well as in the Atlantic Coast Conference and across the

nation. The SAAC at FSU has many responsibilities: they take the lead on a variety of events, starting with the New Student-Athlete Orientation, Peers Helping Athletes Transition (PHAT) Tuesdays with freshmen student-athletes, the Culture Fest (student-athletes celebrating diversity within the athletic department), the Welcome Back Picnic and culminating with the Golden Nole Awards year ending banquet where seniors from each team are honored and student-athletes who have excelled in the area of community service are awarded.

## Florida State University Compliance Office

The following information is provided by the Florida State Office of Compliance for prospective student-athletes. It is intended as a guideline to introduce you to some of the rules governing NCAA athletics.

### Key Definitions You Should Know

**Representative of Athletics Interests:** A representative of the institution's athletics interests (AKA Booster) is an individual

**BOB MINNIX**  
Senior Associate  
Athletics Director  
for Compliance

**BRIAN BATTLE**  
Associate Athletics  
Director for  
Compliance

**ELIZABETH  
BOOKWALTER**  
Compliance  
Coordinator

who is known (or should have been known) by a member of the institution's athletic department to:

- Have participated in or to be a member of an agency or organization promoting the institution's intercollegiate athletics program;
- Have made financial contributions to the athletics department of to an athletics booster organization of that institution;
- Be assisting or to have been requested (by the athletics department staff) to assist in the recruitment of prospects;
- Be assisting or to have assisted in providing benefits to enrolled student-athletes or their families; or
- Have been otherwise in promoting the institution's athletics program.

Once an individual is identified as a representative, the person retains that identity forever

**Prospective Student-Athlete:** A prospective student-athlete ("prospect") is a student who has started classes for

the ninth grade, regardless whether he or she participates in athletics. A prospective student-athlete maintains his or her identity as a prospect, even after he or she signs a National Letter of Intent or financial aid agreement, until he or she attends the first day of practice or participates in an official team practice, whichever is earlier.

**Contact:** A contact is any face-to-face encounter between a prospect or the prospect's parents, relatives or legal guardian(s) and an institutional staff member during which any dialogue occurs in excess of an exchange of a greeting. In the sport of golf, a coach can contact you once in the month of April at your school and three more times after July 1 before your senior year in high school.

**Evaluation:** An evaluation is any off-campus activity designed to assess your academic qualifications or athletic ability, including any visit to your high school (during which no contact occurs) or the observation of any practice or competition in which you participate.

### Phone Calls and Letters

During the month of March during your junior year in high school, a coach may make one phone call to you. After that, phone calls from faculty members and coaches (but not boosters) are permitted beginning July 1 before your senior year in high school. A coach or faculty member is limited to one phone call per week except that unlimited phone calls may be made:

- During the five days immediately before your official visit to the university.
- On the day of a coach's off-campus contact with you.
- During the time beginning with the National Letter of Intent signing date through the two days after the signing date and after a National Letter of Intent or scholarship agreement is signed.

A prospect of any age could receive the following from a coach

- Questionnaire
- Camp brochure
- NCAA educational information

### After September 1 of a prospect's junior year, a coach could provide

- Written correspondence, including letters, e-mails, instant messages and text messages
- Game programs (only on an official or unofficial visit)
- Media Guide
- Official academic, admission and student services publications and videotapes produced by the institution and are available to all students
- Any other information may be provided via the institution's web site.

### Who is Permitted to Recruit for FSU?

Only Florida State University coaches who have successfully completed the NCAA Re-

cruiting Rules Examination on an annual basis may be involved in the recruitment process. Boosters may not make any recruiting contacts. This includes letters, telephone calls or face-to-face contact on or off campus with a prospect or the prospect's parents.

### Alumni and Boosters Do's and Don'ts

- **You may** forward information about prospective student-athletes to the appropriate coaches.
- **You may** have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and the Compliance Office is aware you are making these contacts in regard to employment.
- **You may** have a telephone conversation with a prospect only if the prospect initiates the call. Such a call may not be prearranged by an institutional staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about our athletic programs to an athletics department staff member/coach.
- **You may** view a prospect's contest at your own initiative provided you do not contact the prospect or his/her parents. In addition, you may not contact a prospect's coach, principal or counselor in an attempt to evaluate the prospect.
- **You may** continue established family relationships with friends and neighbors. Contacts with sons and daughters of these families are permitted as long as they are not made for recruiting purposes or encouraged by Florida State University coaches.
- **You may not** become involved in making arrangements to receive money or financial aid of any kind for a prospect or the prospect's family and friends.
- **You may not** make contact with a prospective student-athlete and his/her parents when the prospect is on campus for an official or unofficial recruiting visit. You may not transport, pay or arrange for payment of transportation costs for a prospect and his/her relatives or friends to visit campus (or elsewhere).
- **You may not** pay or arrange for payment of summer camp registration fees for a prospect.
- **You may not** provide anything to a prospect, the prospect's family or friends without prior approval from the Compliance Office.

## Athletic Academic Support & Support Services

### Mission Statement:

**The primary focus of the Athletic Academic Support Program is to provide an environment which facilitates the academic success of each student-athlete. Student success is encouraged through competent academic counseling, study skills development, individualized assessment and support, and a wide array of tutorial services.**

### An Overview of an Award-Winning Academic Support Program

**MARLON  
DECHAUSAY**  
Academic Advisor

**A**cademic, personal and professional support is essential to college success. At The Florida State University, an outstanding support program has been developed that enables student-athletes to reach their full potential.

Florida State Athletic Academic Support Program Director, Mark Meleney states, "Our philosophy is to offer an academic support program integrated with the total University that will assist all student athletes with the transition into college and provide continued support in all phases of academic and professional development, culminating with graduation, job placement or graduate school."

Florida State's program operates on a "proactive" rather than "reactive" approach. The academic staff does not wait for crises to occur. They gather important background information on each entering student-athlete, build an academic profile, and develop individualized support programs which are tailored to the unique needs of each student athlete. They also stay informed on the daily progress of the student-athletes through consistent communication with the Florida State faculty.

In the summer of 2004, the Academic Support Program moved into their new home, a state-of-the-art facility in the newly constructed Moore Athletic Center. The multi-million dollar structure, which is located in the north end zone of Doak Campbell Stadium, is the home of Florida State athletics. Some of the features of the new academic support area include a 32-station computer lab for student-athletes, 10 private tutorial rooms, the use of two 50-seat classrooms, and a five-station "Learning Center" for student-athletes with learning deficiencies and/or disabilities. The compliance, student services, business, sports information and athletics marketing offices are also housed in the facility, providing a more efficient and functional department, thus allowing student-athletes the opportunity for balance and improved time management.

The academic support staff is comprised of a director, 2 associate directors, an administrative assistant, six academic counselors, two learning specialists, several graduate assistants, and approximately 50 tutors and mentors.

### Tutor & Mentor Program

The athletics department at Florida State University has made a commitment to providing the student-athletes with one of the finest and most comprehensive tutorial and mentor programs in the nation. The tutorial program is just one of several key support services that is available to all student-athletes as they progress towards their ultimate goal of obtaining a college degree. Florida State hires approximately 50 tutors a year, from

a variety of academic departments, who are committed to providing a proactive, individualized approach in assisting student-athletes with course comprehension and study skills. In addition, mentors are academic role models who have demonstrated the ability to teach and give guidance in areas of academic developmental skills. They are responsible for providing assistance in the development of skills such as note taking, test preparation and communication with faculty. In essence, mentors become an extension of the academic counselor as they keep the academic performance of their student-athletes under close observation and report to the academic counselors each week. The tutors and mentors are usually seniors or graduate level students who have outstanding academic backgrounds.

### Study Hall

In an effort to help ensure the academic success of the student-athletes, professionally supervised study sessions for each athletic team are organized. The main focus of the study hall program is to help students develop consistent and appropriate study patterns by providing a structured setting to work on class assignments and to provide tutorial assistance before academic problems arise. Although the criteria for study hall is left to the discretion of each academic counselor, typically most freshmen, first year transfers, and upperclassmen who have not yet achieved a satisfactory cumulative grade point average are asked to attend study hall.

**A**n athlete can expect to receive the best care and treatment possible with the athletic training team at Florida State. Prior to competition, all FSU student-athletes undergo screening in order to detect any potential injuries. If a problem is detected, the athlete may be placed on a prevention care system, which may include any kind of treatment from icing to exercising.

Though the prevention of injuries is the main objective, some injuries are unavoidable. Rehabilitation is another component of the Florida State training room. The FSU athletic training staff will work with the athlete and provide an intense rehabilitation schedule that will allow the athlete to successfully rehabilitate after an injury. Some injuries and illnesses may be referred to the Seminole team physicians at the Tallahassee Orthopedic Center who, for many years, have worked in conjunction with the FSU athletic training staff in successfully rehabilitating athletes after an injury. Nutrition counseling and drug testing are also responsibilities of the athletic training team which is dedicated to providing the best care possible for all FSU student-athletes.

## TRAINING ROOM

Florida State Athletic Training has experienced a very exciting time as construction on the brand new Don Fauls Athletic Training Room was completed in the spring of 2005. The 15,000 square foot athletic training room is housed off Doak Campbell Football Stadium and is used by all 19 Seminole varsity teams.

This facility is adequately equipped with the latest advances that the field of sports medicine has to offer. Some of the attractions include an in-house pharmacy, x-ray machine and two physician evaluation rooms. There is also a 4,000 square foot rehabilitation room with the latest version of a Biodex isokinetic testing machine. The treatment area includes 24 treatment tables with various modalities, computer injury tracking devices, and 18 taping benches.

Florida State's athletes have ample accessibility for aquatic therapy as the Don Fauls Athletic Training Room includes a 8' x 40' in-ground workout pool, a 9' x 16' in-ground cold whirlpool, a 9' x 16' in-ground warm whirlpool, and nine extremity whirlpools.

# THE UNIVERSITY

The FSU strength and conditioning program is designed to improve athletic performance through an individualized regimen of stretching, lifting, speed, power, agility and conditioning drills. The goal of the program is to maximize the on-field performance of each athlete, while reducing the risk of injury.

Before a strength program is designed for an athlete, they are put through a series of physical tests to evaluate their speed, power, strength, agility, and body composition. Once the testing is completed, a program is designed for each student-athlete that will specifically address his weaknesses and enhance his strengths.

The computerized workout programs show in detail the exercise, the number of sets, repetitions and amount of weight prescribed for each workout. Head Strength and Conditioning Coach Jon Jost and his staff of experts closely monitor progress to assure each student-athlete is on schedule to reach their goals. Physical development is critical in order to excel at the collegiate level.

FSU's athletics department is committed to excellence in every area. This includes providing its athletes with the most state-of-the-art facility and equipment. Florida State's Champions Training Complex provides the best platform to train its athletes to their full athletic potential.

## Top Seminoles The Best of the Best

### PAUL HAARHUIS

Paul Haarhuis, the "Dutchman" from Eindhoven, The Netherlands, came to FSU in 1986 after transferring from Armstrong State College in Savannah, Ga. He went on to become one of the best tennis players ever to come out of FSU and was inducted into the FSU Athletics Hall of Fame in 1993.

His first two collegiate seasons, prior to transferring to FSU went quickly as he garnered a 64-2 overall record, including a 35-0 sophomore season—the only undefeated season in school history. With the Seminoles, his first season was a true success as he went 35-5 in singles competition and 25-5 in doubles. Included in his long list of accolades was the first-ever Men's Intercollegiate Invitational Tennis Championships held in Panama City.

At one point, Haarhuis had 24 consecutive wins, including his reign as the Metro Conference MVP. He was given this honor by way of winning the number one singles and doubles crowns, including an invitation to the NCAA Championships for doubles.

Once his collegiate career was finished Haarhuis had a 72-9 overall singles record for his two years and consecutive Metro Conference MVP awards, including 1984 when he helped lead the Seminoles to their third team title in four years.

As successful as Haarhuis was for FSU, his career flourished even more once he turned professional in 1989. Through the 2003 season, Haarhuis had career earnings totaling over \$7.7 million dollars.

During his 14-year run on the ATP tour, Haarhuis amassed 54 doubles titles including six Grand Slam championships. He won the career Grand Slam with three French Open titles and one championships at Wimbledon, the US Open and Australian Open. He won his lone singles title in 1995 during an event in Jakarta.

Ranked number one in the world in doubles on January 31, 1994, he claimed his last doubles title in 2002 when he captured his third French Open championships. The very next year he reached his highest singles ranking, holding the number 18 spot in the world on Nov. 6.

### ALEX WOOD

In 1982, Lex Wood became the first player from the Florida State tennis program to be inducted into the FSU Athletics Hall of Fame. He was first a player for the Seminoles from 1961 through the 1963 season, then the program's head coach from 1965 through 1969.

When Wood arrived from his native South Africa in 1962, head coach Eddie Cubbon knew he had a leader amongst his new crop of tennis players. For the following three seasons he would become a mainstay among the nation's top 20 players, playing at No. 1 singles and doubles.

In 1964, his singles match record was 22-1 and his career mark was 51 victories in 54 singles matches. Over the course of his Florida State career, Wood defeated many great collegiate players including a former U.S. Davis Cup player, Marty Riessen. As head coach, his Seminoles went an impressive 89-33 during his tenure. His last two teams in 1968 and 1969 went 19-3 and 23-5 in dual match play, respectively.

A fine student, Wood received his master's and doctoral degrees from FSU in education. Following his near-decade with FSU, Wood traveled south to the University of Central Florida, where he served as an educator and coach for many more years to follow.

### DON LOUCKS

After six decades of service to FSU athletics, Don Loucks was inducted into the Florida State Athletics Hall of Fame in 1985. In 1936, Loucks started off his relationship with FSU as the coach of every sport at the Florida State College for Women. He was the "pioneer" of many of the current athletic programs.

In 1947, he was the first coach for the men's basketball team and a year later was named the first tennis coach. His hoops team scored the first victory for the newly-formed athletics program. His tennis team was the first to have a winning season, going 9-4.

Loucks served as Dean of Men from 1957 through 1967 and during this time, he served as a lead figure in the Seminole athletics program,

as well as in the department of education. He retired from the athletics department in 1980 as professor emeritus in physical education. His dedication did not go unnoticed as the varsity tennis courts were renamed in his honor. The Scott Speicher Tennis Center was built around his courts.

### DR. RAY BELLAMY

His accolades go far beyond the tennis courts, yet Dr. Ray Bellamy's triumphs at the net still stand out as one of the best as he was inducted into the FSU Athletics Hall of Fame in 1992. He served as his team's captain in 1960 and 1961, and during those two years only lost a total of three matches.

As a model student and athlete during his undergraduate years, 1957 through 1961, Bellamy was involved in many facets of the university that continue to show the benefits of his early presence. He was vice president of his senior class, a member of the Gold Key honorary society and Omicron Delta Kappa honorary fraternity. He then went on to earn a doctorate in medical studies.

After leaving FSU and joining the United States Navy, Bellamy went on to become the All-Navy doubles champion and played on the All-Navy team in 1967 and 1968 while serving as a flight surgeon.

After returning to Florida to begin his practice, Bellamy became the state's 35-and-over singles and doubles champion in the 1970's.

### MARCO ABILHOA

Marco Abilhoa, the native of Brazil, was one of the great Florida State Seminole tennis players who made an impact on the collegiate scene. Prior to enrolling, he was ranked No. 3 in the Brazilian Juniors, when former Florida State head coach Randy Jobson discovered him.

A five-year member of the Seminole tennis program from 1980 through 1984, Abilhoa was at the top of the Metro Conference. He was the No. 1 singles and doubles champion in 1981 and 1982. After dominating for his first two seasons, he was sidelined and redshirted for the 1983 season.

Upon his return in 1984, Abilhoa went straight back to the place where he left off, at the top of the Metro Conference. His dominating presence earned him a record three Metro MVP awards in 1981, 1982 and 1984.

## JOEY RIVE

Joey Rive, a West Palm Beach native, played for the Seminoles from 1981 through 1985. As one of the top players ever to compete at Florida State, Rive led the team in wins in 1983, 1984 and 1985. During his period at number one singles, he was nationally ranked among the Top 25.

His stellar performance for the Tribe resulted in three Metro Conference singles championships in 1983, 1984 and 1985 and two doubles championships in 1983 and 1985, including the conference's top crown, the MVP in 1985. His Metro success led to his invitation to the 1985 NCAA tournament and to the 1987 Tennis Magazine Sportsman of the Year award.

Following his FSU career, Rive played the ATP tour where he reached as high as No. 57 in the world in 1988. He returned back to Tallahassee, where he served as an assistant from 1993 to 1994. He is currently the head coach at TCU.

## STEPHEN NOTEBOOM

After earning NAIA All-American honors at Huntington College in Montgomery, Ala., Stephen Noteboom, the second "Dutchman" to thrive at Florida State for the Seminoles for the 1990 through 1992 seasons.

Almost immediately making his presence known, Noteboom grabbed the Metro Conference's coveted MVP award for winning the title at No. 1 singles and doubles. That same year, he earned an invitation to the 1991 NCAA Championships for singles.

During his pro career, Noteboom captured a pair of doubles titles. He joined up with Fernon Wibier to win the Ordina Open. Two years later he team up with Lan Bale to win the BMW Open.

## BRIAN STANTON & KEN MCKENZIE

Brian Stanton of Coral Springs and Ken McKenzie of Tallahassee finished up their playing careers with the Tribe in 1995. As a doubles team, the duo ended their final campaign earning collegiate tennis' top honor, an ITA All-America award.

The doubles pair received the 1995 accolade after a superb run in the NCAA Championships. What may be the most impressive feat for them was being ranked among the nation's top 10 doubles tandems throughout the season.

During his stay at FSU, Stanton won back to back Junior Davis Cup singles titles in 1993 and 1994, won the 1993 Junior Davis Cup in doubles, and was named to the All-ACC team his sophomore and junior seasons.

McKenzie left behind a void in doubles that was a great challenge to fill. He and Stanton guided No. 1 doubles to an impressive No. 3 national ranking, the highest ranking the program has ever received. He also was also impressive on the singles side earning ACC Flight Championships at No. 2 singles in 1994 and No. 3 singles in 1995.

## JASON WHITE

Jason White finished his four-year run with the Seminoles in 1995, his best season as a player by far. As the top singles and doubles player, White was given a lot of responsibility as FSU's captain.

Even though he won the ACC Championship at No. 4 singles in 1994 and a pair of championships at No. 2 doubles in 1994 and 1995, White was still on top of ACC tennis in 1996. Nationally ranked for most of the year, the senior from Longwood received a bid to the 1996 NCAA Tournament after being edged out for the championships at No. 1 singles.

## MAT CLOER

Mat Cloer, a native of Brevard, N.C., became one of the greatest players in not only FSU history, but also conference history during his outstanding senior season in 2004-05. During that year, the two-time ACC Player of the Year became the first player in

school history to earn All-American honors in singles. He also received the national ITA/Arthur Ashe Leadership and Sportsmanship Award, the first national award for any FSU men's tennis player. Cloer, who competed for the Seminoles from 2002-05, was just seven wins shy of becoming the all-time career singles leader. He finished his FSU campaign with 85 singles victories and 69 doubles wins. # THE SEMINOLE EXPERIENCE

## Florida State Tennis: Helping Those in Need

The Florida State men's and women's tennis teams have proven year after year that being involved in the community is something that both teams value.

In December of 2006 the two teams combined to host a round robin tournament to raise money for the victims of Hurricane Katrina. Participants teamed up with members of the men's and women's team to raise a grand total of \$1,810.00.

"I'm amazed at the turnout," said tournament coordinator, Lauren Curtis. "To have 20 people paying to be out on the courts in 40 degree weather on a Friday night, as well as the support from the men's and women's tennis teams, just really shows people's desire to help those affected by the hurricanes last year."

Proceeds from the tournament were donated to the Church of Good Shepherd in Pass Christian, Mississippi to help restore local communities and families affected by Hurricane Katrina.

This season Florida State tennis, in conjunction with Florida A&M tennis, will help raise money for Door of Hope. The money raised will help with various empowerment services being

offered in an apartment complex in the south side of Tallahassee.

The complex houses 166 people, 102 of them being children and a majority of them being single, African American mothers. Some of the programs being offered, or will be in the future, are: after-school programs, literacy training, health/nutrition classes, homebuyer seminars, computer lab, employment program and day care.

**"I THINK THE TOURNAMENT WENT REALLY WELL," SAID HEAD COACH DWAYNE HULTQUIST. "WE WERE A LITTLE WORRIED THAT SOME PEOPLE WOULDN'T SHOW DUE TO THE WEATHER BUT EVERYONE CAME OUT FOR A GOOD CAUSE AND HAD A GREAT TIME."**
