## THIS IS FLORIDA STATE TENNIS »

When Dwayne Hultquist came to Tallahassee 10 years ago, his goal was to build the Seminoles into a conference and national powerhouse. Armed with his best collection of talent in the program's history Florida State now looks to build on the foundation Hultquist and his players have established and make the Garnet and Gold a contender for ACC and National Championships.

### **SIX CONSECUTIVE NCAA TOURNAMENT APPEARANCES**

Florida State has been a regular in the postseason under Hultquist including the team's landmark quarterfinal appearance in 2005 and last season's trip to the Round of 16.

### **2005 NCAA QUARTERFINALS**

The Seminole's officially arrived as a threat at the national level with their run to the "Elite Eight" in 2005. Florida State upset Kentucky and Illinois en route to the quarterfinals.

### **2008 NCAA ROUND OF 16**

For the second consecutive year, Florida State hosted an NCAA Regional and for the first time, the Garnet

and Gold advanced to the Round of 16 in front of their home crowd. FSU won a dramatic 4-3 match against South Alabama to clinch the trip to Tulsa, Okla.

### **TWO SINGLES ALL-AMERICANS IN THE LAST FOUR YEARS**

To be the best, you have to recruit the best and the Seminoles have had two great players in Mat Cloer and Jean-Yves Aubone. The duo both earned All-American singles honors in the careers and both earned a career high ranking of No. 13. Cloer is now an assistant coach for Florida State while Aubone still has two more years to establish himself as the greatest Seminole tennis player of all-time.

### **HIGHEST RANKING IN SCHOOL HISTORY IN 2008 (7TH)**

Florida State vaulted to the No. 7 position in the ITA rankings on March 8, marking the highest ranking in program history. The Seminoles have improved their ranking in each of the past three seasons and if they can do the same in 2009 the Garnet and Gold could find themselves in the top five and in competition for being one of the best in the nation.

## 2007-08 SEASON PREVIEW ►

After a trip to the NCAA Round of 16 in 2008, Florida State men's tennis looks to take the next step and become a team that will compete for a National Championship. With six consecutive trips to the NCAA Tournament and an experienced roster, the Seminoles have the pieces in place to make a run at the ACC title and be a contender on the national scene.

### SINGLES

The Seminoles begin the season with three players ranked in the FILA/ITA preseason singles rankings. Junior Jean-Yves Aubone is ranked 13th, sophomore Clint Bowles 47th and senior Maciek Sykut 119th.

It is no secret that FSU will be anchored by Aubone at the No. 1 position. After earning All-American honors in 2008, Aubone has proven that he is one of the elite players in college tennis and has the ability to beat any player in the country on any given day. The Garnet and Gold return four players who won more than 20 matches last season led by All-ACC performer Clint Bowles (27). The sophomore played at the No. 2 position for most of the 2008 season and has the chance to raise his game in his second collegiate season. Seniors Maciek Sykut, Chris Cloer and Drew Bailey will provide great leadership in the bottom half of the lineup for the Seminoles. Sykut will begin the year in a familiar spot,

the No. 4 position with Cloer and Bailey rounding out the lineup at No. 5 and No. 6, respectively. The newcomer who will make the biggest impact is junior Vahid Mirzadeh. The Wellington, Fla., native will immediately play in the top half of Florida State's lineup and with a tremendous net game, he could be a dominant presence for the Seminoles.

## DOUBLES

Florida State returns one of the top doubles tandems in the country with preseason No. 12-ranked Jean-Yves Aubone and Clint Bowles. The pair broke the school record for most doubles wins in a single season (28) in 2008 and will be counted on at the No. 1 position once again for the Seminoles. At No. 2, a pair of seniors will team up for the Garnet and Gold as Drew Bailey and Maciek Sykut take the court together. The duo has played together in the past and look to redevelop their chemistry and become another strong team. It is a luxury to be able to put your best doubles player at the No. 3 position and that is exactly what Florida State can do with Vahid Mirzadeh. Mirzadeh is one of the elite doubles players in the country and will team with senior Chris Cloer at the No. 3 position for the Seminoles. With three solid doubles teams, FSU will be tough to beat one through three.

## SCHEDULE

Once again Florida State will challenge itself with one of the toughest schedules in the nation. The Seminole's schedule includes 14 matches against opponents from the 2008 NCAA tournament. The difficult slate of matches will include home dates against three teams who made the round of 16 last season. NCAA runner-up Texas will visit Tallahassee in January while rival Florida and NCAA semifinalist Virginia will both come to town in March. Overall, Florida State will face eight teams that ranked in the top 25 in 2008 including conference foes Virginia, North Carolina and Miami.

## HEAD COACH DWAYNE HULTQUIST

10TH SEASON | ALPHARETTA, GA | PENN STATE '86

"After nine seasons, Hultquist has led FSU onto the national scene with a team that will soon be in consideration for a national championship."

Top: Coach Dwayne Hultquist.

Left: Coach Dwayne Hultquist and his family: wife Angela and daughters Devan, Avery, Addison, and Mackenzie.

## BIO ➔

Under Dwayne Hultquist's leadership, Florida State men's tennis has emerged as one of the top programs in the nation. When Hultquist took over the Florida State program in 1999, the Seminoles were struggling to compete in the state of Florida, let alone at the Atlantic Coast Conference or national level. But after nine seasons, Hultquist has led FSU onto the national scene with a team that will soon be in consideration for a national championship.

The 2008 season was a year of records for Florida State culminating in a trip to the round of 16 of the NCAA Tournament. The Seminoles achieved their highest ranking in program history at No. 7 and individually saw Jean-Yves Aubone earn the highest singles' ranking in the school's history. FSU's 21 victories marked the second time Hultquist has led his squad to a 20-win season during his tenure.

Under the direction of Hultquist, Florida State players rose to new heights in 2008 with Aubone earning singles All-American honors and along with Sam Chang and Clint Bowles All-ACC accolades. Aubone and Bowles also broke the school record for doubles victories in a single season (28).

On the Florida State career charts, the 21 wins during 2008 moved Hultquist up to second in all-time victories with a 138-95 record over nine years. Hultquist will take over the top spot on the list with four victories in 2008 surpassing David Barron (141 wins).

In 2007 Hultquist led Florida State to a 17-10 record and the Seminoles received their highest ranking at No. 10 during the season. FSU also hosted an NCAA Regional for the first time in school history.

Hultquist has also proven himself as one of the best recruiters in the country. In the last two years, he has recruited some of the top high school talent in the nation, evident by Florida State's top ranked recruiting class in 2006 and the signing of one of the nation's best in Blue Chip recruit Clint Bowles.

Undoubtedly, year six in the Hultquist era was the best season in school history. For starters, the Tribe not only made their third straight trip to the national summit, but FSU reached the 2005 NCAA Elite Eight for the first time ever. Florida State also finished with its then highest-ever national ranking at No. 13 and stamped its first 20-plus win season since 1985. Hultquist led his squad to an impressive 21-8 mark and a second-place finish in the ACC. Under Hultquist's tutelage in 2005, Mat Cloer became the school's first singles' All-American and won the program's first national honor with the ITA Arthur Ashe Award.

Hultquist hit the ground running in the fall of 2005 and led his troop to an impressive fall campaign. For the Seminoles' efforts, Florida State not only earned the school's first invitation to the 2006 USTA/ITA National Men's Team Indoor Championship, but also garnered a respectable preseason ranking of No. 11 by the Intercollegiate Tennis Association.

In Hultquist's fifth season, FSU reached heights it hadn't seen since the mid 1990's. The Tribe's second trip to the national summit was their first back-to-back appearances since the 1997-98 campaigns, and they ended the 2004 year ranked for the 11th season in a row with a 10-13 record.

Individual honors were also bountiful in 2004 with Mat Cloer claiming his second ACC Player of the Year honor, only the third time in league history that the award has gone to the same player in back-to-back years. Then-freshman Jonathas Sucupira was named to the All-ACC team, a first by an FSU rookie since 1992.

Florida State had a break-out year during Hultquist's fourth season as the 2003 squad returned to the NCAA Tournament for the first time since 1998 and ended the year with a 15-10 mark. The Seminoles produced their best finish in the ACC standings, taking second, while winning the ACC Indoor Doubles Championship for the second year in a row.

Individual accolades rolled in as Hultquist's former aide, Ty Braswell, was named ITA Assistant Coach of the Year. On the court, Cloer became the first Seminole to earn ACC Player of the Year honors.

With a passion for the sport of tennis, Hultquist always wanted to accomplish one thing. That one thing was the desire to become a successful Division I collegiate coach. In the summer of 1999, Hultquist's hiring as the Seminole head men's tennis coach culminated a decade-long journey to fulfill his dream.

In his first year, Hultquist brought the Seminoles a winning record of 14-10. In his second year, the men's team entered the 2001-02 season ranked No. 59 by the ITA.

Hultquist arrived at Florida State after serving eight years as an assistant coach at the University of Texas. While working under legendary coach Dave Snyder, Hultquist became known for his excellent recruiting abilities. He was also responsible for scheduling, fundraising, individualized coaching and many of the day-to-day operations of the program. While at Texas, Hultquist coached nine All-Americans, helped lead the Longhorns to six conference titles and made it to the NCAA Tournament Sweet 16 in each of his eight years.

Hultquist began his tennis career at Penn State where he was a four-year letterman and team captain in 1986. During that same year, he was an NCAA Tournament qualifier in doubles, and earned all-conference honors in both singles and doubles. After graduating from Penn State, Hultquist turned pro, playing in the United States, Israel and Asia. During his career, Hultquist was selected to play on national teams that traveled to Korea and China for competition.

Hultquist's coaching career began when he started working with USTA in 1988. During his tenure at the USTA, he traveled with the Boy's National Team to South America as well as the Orange Bowl and Easter Bowl tournaments.

In 1991, Hultquist began his collegiate coaching career when he accepted a graduate assistant position at the University of Kentucky, where he was responsible for recruiting and co-directing the National Collegiate Indoor Team Championships.

Hultquist is married to the former Angela White. The couple has four daughters, Devan (10), Avery (8), Addison (5), and Mackenzie (2).

## ASSISTANT COACH NICK CROWELL

6TH SEASON | AMARILLO, TX | TEXAS 2000

"In his sixth year on staff at Florida State, assistant coach Nick Crowell continues to prove that he is one of the elite coaches in the country."

## BIO ➔

In his sixth year on staff at Florida State, assistant coach Nick Crowell continues to prove that he is one of the elite coaches in the country. After another successful campaign in 2008, Crowell has been elevated to the assistant coach position at FSU.

In the summer of 2008 Crowell was selected to coach Team Florida in the USTA National 18s Team Championships. Under his tutelage, Team Florida made the finals of the tournament which was their best showing in the history of the event.

Crowell's specialty has always been doubles and Florida State made tremendous strides in that area in 2008. He helped the duo of Jean-Yves Aubone and Clint Bowles who had never played together and turned them into Florida State's all-time record holders for double's victories in a single season (28). The pair also advanced to the second round of the NCAA doubles tournament falling one win shy of All-American honors. Crowell also worked with Drew Bailey and Brad Mixson who dominated at the No. 3 position with a 17-5 mark. The doubles point was one of the main reasons Florida State was able to advance to the round of 16 for the second time in school history.

In May 2006, Crowell was named the ITA Mid-east Region Men's Tennis Assistant Coach of the Year and became a finalist for the national award.

"Nick brings a lot of dedication, energy and enthusiasm to our program," said head coach Dwayne Hultquist.

While earning All-American honors in doubles play for the Longhorns, Crowell played for current FSU head coach, Dwayne Hultquist, who was an assistant coach at the time. Since Crowell's arrival, Florida State has reached the NCAA Championships every season and shattered several team records.

The 2006 season found the Seminoles concluding the year with a respectable 18-12 record with arguably the hardest strength of schedule in the nation. Florida State's 18 wins tied as the second-most number of program victories in the last 16 seasons. FSU advanced to the second round of the NCAA Championship and made the school's first four-peat appearance in the Big Dance since its run of five consecutive trips from 1994-98. Crowell was a big factor in the success of Ytai Abougzir, who became the first Seminole in 12 seasons to qualify for both the NCAA Singles and Doubles Championship.

In 2005, Hultquist and Crowell led the Tribe to a Cinderella-run that included a trip to the NCAA Elite Eight for the first time in school history. Florida State also finished with its highest-ever national ranking at No. 13 and stamped in the record book its first 20-plus win season since 1985.

After a few months off, the pair of Seminole coaches hit the ground running in the fall of 2005 and led their troop to an impressive

fall campaign. For the Seminoles efforts, Florida State not only earned the school's first invitation to the 2006 USTA/ITA National Men's Team Indoor Championship, but also garnered a respectable preseason ranking of No. 11 by the Intercollegiate Tennis Association.

In his first year with the Seminoles during the 2004 season, FSU reached heights it hadn't seen since the mid 1990's. The Tribe's second trip to the national summit was their first back-to-back appearance since the 1997-98 campaigns and they ended the 2004 year ranked for the 11th season in a row with a 10-13 record.

Since graduating from Texas in 2000 with a bachelor's degree in sports management, Crowell has been playing professionally on the Challenger and FUTURES tours. He reached the semifinals in doubles play at the Seascapes Challenger (Aptos, Calif.) and the Challenger of Dallas. Unfortunately, an injury cut his career short and he became a teaching pro at Holly Tree Country Club in Tyler, Texas.

"The thing that separated Nick from the other candidates was, not only was he a great player, being a two-time All-American, but there was the connection we had back at Texas and the success we had there," Hultquist said. "My last three years we won the Big 12 every year and Nick was a huge part of that. He understands what it means to be at a top five program."

Early in his career at Texas, Crowell established himself as one of the top doubles players in the country. During his freshman season, he teamed up with Paul Martin to advance to the quarterfinals of the doubles draw at the NCAA Tournament, earning him his first All-American honor.

That season he also earned the Big 12 Conference and ITA Region VI Freshman of the Year awards. His rookie of the year accolade from the league would be the first of many for Crowell. Starting his sophomore year, he earned all-conference honors his last three seasons in singles and doubles.

Finishing his career just as he started it, Crowell captured his second All-American honor during his senior season as he and playing partner Michael Blue advanced to the round of 16 at the NCAA Tournament. Earlier in the season, the two paired up to win the doubles title at the ITA National Indoor Tournament.

With nearly 100 doubles victories during his tenure with the Longhorns, Crowell ranks third in school history with 98 triumphs. His 29 doubles wins with Martin during 1997 still ranks in the top five. Sparked by a 35-win season in 1997, he ranks 15th on the all-time singles list.

A native of Amarillo, Texas, the 29-year-old Crowell is married to the former Lindsey Smith of Tallahassee.

## BIO ➤

As one of Florida State's best players, Mat Cloer helped bring the Seminoles to new heights. Now as he enters his second year as an assistant coach, he hopes to finish what he started.

In his first season as the volunteer assistant coach, Cloer put his imprint on the Seminoles with an emphasis on singles play. Under the guidance of Cloer, six players earned more than 20 singles victories led by Clint Bowles who won 27 matches in 2007-08. He also worked closely with senior Sam Chang and his brother, junior Chris Cloer who both had separate eight match winning streaks during the dual match season. The former singles All-American also helped lead Florida State to the NCAA round of 16 for the second time in school history. Cloer was a player on the Seminoles first team to make it to the 'final site.'

Competing for the Seminoles from 2002-2005, Cloer finished his career just seven wins shy of becoming the all-time career singles leader in school history. He left Florida State with 85 singles wins and 69 doubles victories. Cloer was a two-time ACC Player of the Year and during the 2004-2005 season, he became the first player in school history to earn All-American honors in singles.

Cloer took his talents with him to the pro circuit after he finished his collegiate career. He has traveled all over the United States and also made stops in Mexico and Asia to showcase his talents before he stopped playing on the circuit in April of 2007. He reached a world ranking of 780 during his professional playing career.

After working the summer of 2007 at a tennis country club in Rye, N.Y., Cloer returns to Florida State as he looks to continue to bring Seminole tennis much success. Cloer hails from Brevard, N.C. and is married to the former Lauren Hoffert.

# 2007-2008 SEASON REVIEW »

## GROUNDBREAKING SUMMER FOR SEMINOLES

During the summer of 2008 several Florida State tennis players proved that they will be contenders not only at the collegiate level, but on the professional circuit as well. The Seminoles were led by Jean-Yves Aubone who captured his first career professional title at a USTA Futures event in Peoria, Ill. In addition to his championship, Aubone also made the finals of the Futures tournament in Joplin, Mo., and the semifinals of the tournament in Rochester, N.Y. On the strength of those results, Aubone earned a wild card into qualifying for the U.S. Open where he won his first round match before falling in the second round to No. 136 in the world, Bjorn Phau. In doubles, Vahid Mirzadeh won a USTA Futures doubles tournament in Tampa, Fla., to prove that he will be a welcomed addition to the squad in 2009.

## THREE SEMINOLES NAMED TO THE ACC ACADEMIC HONOR ROLL

Florida State landed three members of the men's tennis team on the 2008 ACC Academic Honor Roll. Junior Drew Bailey and sophomores Jean-Yves Aubone and Micheal O'Shea all made the list. All three of the Seminole's have been a part of the ACC Academic Honor Roll every year they've played for FSU, while Aubone was also named a member of the 2008 All-ACC Academic Team.

## FLORIDA STATE ADVANCES TO ROUND OF 16

The 14th-ranked Florida State men's tennis team swarmed teammate Clint Bowles after the freshman clinched the Seminoles second round victory against No. 62 South Alabama. The 4-3 win sent FSU to the round of 16 for the second time in the program's history.

It looked like it was going to be an easy day for Florida State after the team jumped out to a quick 3-0 lead in singles. Sophomore Brad Mixson closed out Michael O'Brien on court six 6-1, 6-0 winning the last 11 games of the match and on court five junior Chris Cloer defeated Aaron Krisan 6-2, 6-1 to give the Seminoles the big lead.

The match, however, came down to No. 85 Bowles and Robert Hodel on court number two. Bowles won the first set 7-5 and was up 5-2 in the second, but Hodel was able to save three match points and win the last five games of the second set to even the match with a 7-5 victory. In the third set, Bowles broke Hodel to start things off and he never looked back cruising to a 6-1 victory which set off a raucous celebration on the court. In Tulsa, Okla., the Seminoles dropped their round of 16 match to third-ranked UCLA 4-0.

## AUBONE AND BOWLES QUALIFY FOR THE 2008 NCAA SINGLES AND DOUBLES CHAMPIONSHIPS

Florida State men's tennis players Jean-Yves Aubone and Clint Bowles qualified for the 2008 NCAA singles and doubles championships in Tulsa, Okla. Aubone qualified in both singles and doubles while Bowles will play with Aubone in doubles competition.

Aubone's No. 13 ranking in singles earned him a top 16 seed in the tournament which automatically qualified him for All-American status. He joins assistant coach Mat Cloer as the only two men's singles' All-Americans in Florida State history. The Miami, Fla., native won his first round match against Mississippi State's Phillippe Frayssinoux before bowing out in the second round to No. 16-ranked Bryan Koniecko of Ohio State.

The Seminoles also placed the team of Aubone and freshman Bowles in the doubles tournament. The 15th-ranked duo in the country won their first round match against Ralph Knupfer and Christoph Muller of Rice. In the second round Aubone and Bowles were knocked out of the tournament by Ohio State's Drew Eberly and Justin Kronauge.

## 2007-2008 SEASON REVIEW ➤

### SEMINOLES HOST NCAA REGIONAL FOR SECOND CONSECUTIVE SEASON

For the second consecutive season the Florida State men hosted an NCAA Regional at the Scott Speicher Tennis Center. As the region's No. 1 seed, the Garnet and Gold hosted fourth-seeded Samford, second-seeded Alabama and third-seeded South Alabama.

### AUBONE NAMED ITA MIDEAST REGION PLAYER TO WATCH

Sophomore Jean-Yves Aubone's impressive sophomore campaign received recognition as he was named ITA Mideast Region Player to watch. To win the award a player must be ranked in the top 20 at some point during the season and must not have won a national tournament. Aubone finished the season ranked in the top 20 in both singles and doubles.

### TWENTY WINS FOR A SECOND TIME

For the second time in head coach Dwayne Hultquist's career the Florida State Seminoles have won more than 20 matches in a single season. FSU's 21 wins matches the teams total from 2005 when the Garnet and Gold reached the quarterfinals at the NCAA Championships.

### FLORIDA STATE MAKES SEMIFINAL APPEARANCE AT THE 2008 ACC TOURNAMENT

The Florida State Seminoles went 1-1 at the 2008 ACC Championships in Altamonte Springs, Fla. After receiving a first round bye, the Seminoles defeated sixth seeded Duke 4-0 to advance to the semifinals to face seventh-seeded Miami. The Hurricanes upset FSU 4-3 winning the contest in a dramatic three-set match on court two. The highlight for the Garnet and Gold came on court one where sophomore Jean-Yves Aubone upset the No. 3 player in the country Daniel Vallverdu 7-6(7), 2-6, 6-4.

### ALL-ACC PERFORMERS

Senior Sam Chang, sophomore Jean-Yves Aubone and Clint Bowles earned All-ACC honors for the Seminoles in 2008. Florida State was one of three ACC schools to have three players on the list. Chang and Aubone both had 10-2 records during ACC play, while Bowles finished

the conference slate with a 7-6 mark and was one of three freshman to earn All-ACC honors.

### ACC SEASON FOR THE RECORD BOOKS

The Florida State Seminoles ended the 2008 ACC regular season with a 9-2 record. The nine victories is the most by a Seminole squad since they joined the conference in 1992. All six of FSU's main singles players finished league play with records above .500 led by senior Sam Chang's 10-1 line. No. 1 player Jean-Yves Aubone was second for the Garnet and Gold posting an 8-2 record with his only two losses being to the No. 1 and No. 3 ranked players in the country.

### DYNAMIC DUO

Sophomore Jean-Yves Aubone and freshman Clint Bowles put their names atop the Florida State record books in 2008. The duo currently notched 28 doubles' wins on the season. The pair will move ahead of Jeff Grosilmond and Chris Westerhof on FSU's single season doubles' victories list.

### PLAYER OF THE WEEK TIMES THREE

The Florida State Seminoles earned three ACC Player of the Week awards in 2008 led by freshman sensation Clint Bowles' two honors. Bowles won his first award for his match clinching victory over No. 22-ranked Basaam Beidas of Pepperdine. The Tampa, Fla., native's second honor came after posting two ranked victories against No. 4 Texas and No. 11 Rice. FSU's other ACC Player of the Week award went to sophomore Jean-Yves Aubone who won matches against No. 25 Texas A&M and No. 36 Georgia Tech.

### ON THE ATP TOUR

Freshman Clint Bowles earned a wild-card for the 2008 Delray Beach Invitational for winning the USTA Boys' 18 Clay Court National Championships in July. At the tournament, Bowles lost a tough first-round match to the 105th-ranked player in the world Paul Capdeville of Chile, 6-2, 6-4.

### LEAVING A LEGACY

Senior Sam Chang finished his career as a Seminole in the top 10 on Florida State's career singles, doubles and overall wins' lists. Chang ended his Seminole career tied for fifth on the career singles' wins list and seventh on the career doubles and overall wins' lists and with a great finish to 2008.

## THIS IS THE ACC ➔

### THE TRADITION

Consistency. It is the mark of true excellence in any endeavor.

However, in today's intercollegiate athletics, competition has become so balanced and so competitive that it is virtually impossible to maintain a high level of consistency.

Yet the Atlantic Coast Conference has defied the odds. Now in its 56th year of competition, the ACC has long enjoyed the reputation as one of the strongest and most competitive intercollegiate conferences in the nation. And that is not mere conjecture, the numbers support it.

Since the league's inception in 1953, ACC schools have captured 109 national championships, including 57 in women's competition and 52 in men's. In addition, NCAA individual titles have gone to ACC student-athletes 145 times in men's competition and 92 times in women's action.

### 2007-08 IN REVIEW

The 2007-08 academic year saw league teams capturing four national team titles and 12 individual NCAA crowns. In all, the ACC has won 43 national team titles over the last 12 years. The ACC has won two or more NCAA titles in 26 of the past 28 years.

A total of 140 ACC teams placed in NCAA post-season competition in 2007-08. League teams compiled a 119-69 (.633) mark against non-conference opponents in NCAA championship competition. In addition, the ACC had 188 student-athletes earn first team All-America honors this past year. Overall, the league had 303 first, second or third team All-Americans. In addition, the ACC produced 11 national Players of the Year and five national Coach of the Year honorees.

In ACC men's tennis, seven of the league-record 10 teams that competed in the national postseason tournament a year ago returned to the 2008 NCAA Tournament. It marked the fifth straight year that at least seven ACC schools participated in postseason play. Duke, Florida State, Miami, North Carolina, Virginia, Virginia Tech and Wake Forest were among top 16 overall seeds in the 2008 NCAA Championship.

The ACC had 17 selections - 10 singles and seven doubles teams - participate in the NCAA Tournament in 2008. There were also 12 student-athletes among six ACC schools named to the 2008 Intercollegiate Tennis Association (ITA) All-America Team for Division I men's tennis. Virginia Somdev Devvarman repeated as NCAA Singles Champion and became the 13th player in the 124-year history of the NCAA Tournament to win consecutive titles and just the fourth to do so in the past 50 years.

### 2007-08 NATIONAL CHAMPIONSHIPS

Field Hockey ..... North Carolina  
Ice Hockey ..... Boston College  
Men's Soccer ..... Wake Forest  
Men's Track & Field ..... Florida State

### THE CHAMPIONSHIPS

The conference will conduct championship competition in 24 sports during the 2008-09 academic year - 12 for men and 13 for women.

The first ACC championship was held in swimming on February 25, 1954. The conference did not conduct championships in cross country, wrestling or tennis during the first year.

The 12 sports for men include football, cross country, soccer, basketball, swimming, indoor and outdoor track, wrestling, baseball, tennis, golf and lacrosse. Fencing, which was started in 1971, was discontinued in 1981.

Women's sports were initiated in 1977 with the first championship meet being held in tennis at Wake Forest University. Championships for women are currently conducted in cross country, field hockey, soccer, basketball, swimming, indoor and outdoor track, tennis, golf, lacrosse, softball and rowing with volleyball deciding its champion by regular season play.

### A HISTORY

The Atlantic Coast Conference was founded on May 8, 1953, at the Sedgefield Inn near Greensboro, N.C., with seven charter members - Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest - drawing up the conference by-laws.

The withdrawal of seven schools from the Southern Conference came early on the morning of May 8, 1953, during the Southern Conference's annual spring meeting. On June 14, 1953, the seven members met in Raleigh, N.C., where a set of bylaws was adopted and the name became officially the Atlantic Coast Conference.

Suggestions from fans for the name of the new conference appeared in the region's newspapers prior to the meeting in Raleigh. Some of the names suggested were: Dixie, Mid South, Mid Atlantic, East Coast, Seaboard, Colonial, Tobacco, Blue-Gray, Piedmont, Southern Seven and the Shoreline.

Duke's Eddie Cameron recommended that the name of the conference be the Atlantic Coast Conference, and the motion was passed unanimously. The meeting concluded with each member institution assessed \$200.00 to pay for conference expenses.

On December 4, 1953, conference officials met again at Sedgefield and officially admitted the University of Virginia as the league's eighth member. The first, and only, withdrawal of a school from the ACC came on June 30, 1971, when the University of South Carolina tendered its resignation.

The ACC operated with seven members until April 3, 1978, when the Georgia Institute of Technology was admitted. The Atlanta school had withdrawn from the Southeastern Conference in January of 1964. The ACC expanded to nine members on July 1, 1991, with the addition of Florida State University.

The conference expanded to 11 members on July 1, 2004, with the addition of the University of Miami and Virginia Polytechnic Institute and State University. On October 17, 2003, Boston College accepted an invitation to become the league's 12th member starting July 1, 2005.

### THE SCHOOLS

Boston College was founded in 1863 by the Society of Jesus to serve the sons of Boston's Irish immigrants and was the first institution of higher education to be founded in the city of Boston. Originally located on Harrison Avenue in the South End of Boston, the College outgrew its urban setting toward the end of its first 50 years. A new location was selected in Chestnut Hill and ground for the new campus was broken on June 19, 1909. During the 1940s, new purchases doubled the size of the main campus. In 1974, Boston College acquired Newton College of the Sacred Heart, 1.5 miles away. With 15 buildings on 40 acres, it is now the site of the Law School and residence halls. In 2004, BC purchased 43 acres of land from the archdiocese of Boston; this now forms the Brighton campus.

Clemson University is nestled in the foothills of the Blue Ridge Mountains near the Georgia border, and the tiger paws painted on the roads make the return to I-85 easier. The school is built around Fort Hill, the plantation home of John C. Calhoun, Vice President to Andrew Jackson. His son-in-law, Tom Clemson, left the land to be used as an agricultural school, and in 1893 Clemson opened its doors as a land grant school, thanks to the efforts of Ben Tillman.

Duke University was founded in 1924 by tobacco magnate James B. Duke as a memorial to his father, Washington Duke. Originally the school was called Trinity College, a Methodist institution, started in 1859. In 1892, Trinity moved to west Durham where the east campus with its Georgian architecture now stands. Nearby are Sarah P. Duke gardens, and further west the Gothic spires of Duke chapel overlook the west campus.

Florida State University is one of 11 universities of the State University System of Florida. It was established as the Seminary West of the Suwannee by an act of the Florida Legislature in 1851, and first offered instruction at the post-secondary level in 1857. Its Tallahassee campus has been the site of an institution of higher education longer than any other site in the state. In 1905, the Buckman Act reorganized higher education in the state and designated the Tallahassee school as the Florida Female College. In 1909, it was renamed Florida State College for Women. In 1947, the school returned to a co-educational status, and the name was changed to Florida State University.

Next to I-85 in downtown Atlanta stands Georgia Institute of Technology, founded in 1885. Its first students came to pursue a degree in mechanical engineering, the only one offered at the time. Tech's strength is not only the red clay of Georgia, but a restored gold and white 1930 model A Ford Cabriolet, the official mascot. The old Ford was first used in 1961, but a Ramblin' Wreck had been around for over three decades. The Ramblin' Wreck fight song appeared almost as soon as the school opened, and it is not only American boys that grow up singing its rollicking tune, for Richard Nixon and Nikita Krushchev sang it when they met in Moscow in 1959.

The University of Maryland opened in 1856 as an agricultural school nine miles north of Washington, D.C., on land belonging to Charles Calvert, a descendant of Lord Baltimore, the state's founding father. The school colors are the same as the state flag: black and gold for George Calvert (Lord Baltimore) and red and white for his mother, Alice Crossland. Maryland has been called the school that Curley Byrd built, for he was its quarterback, then football coach, athletic director, assistant to the president, vice-president, and finally its president. Byrd also designed the football stadium and the campus layout, and suggested the nickname Terrapin, a local turtle known for its bite, when students wanted to replace the nickname Old Liners with a new one for the school.

The University of Miami was chartered in 1925 by a group of citizens who felt an institution of higher learning was needed for the development of their young and growing community. Since the first class of 560 students enrolled in the fall of 1926, the University has expanded to more than 15,000 undergraduate and graduate students from every state and more than 114 nations from around the world. The school's colors, representative of the Florida orange tree, were selected in 1926. Orange symbolizes the fruit of the tree, green represents the leaves and white, the blossoms.

The University of North Carolina, located in Chapel Hill, has been called "the perfect college town," making its tree-lined streets and balmy atmosphere what a college should look and feel like. Its inception in 1795 makes it one of the oldest schools in the nation, and its nickname of Tar Heels stems from the tar pitch and turpentine that were the state's principal industry. The nickname is as old as the school, for it was born during the Revolutionary War when tar was dumped into the streams to impede the advance of British forces.

North Carolina State University is located in the state capital of Raleigh. It opened in 1889 as a land-grant agricultural and mechanical school and was known as A&M or Aggies or Farmers for over a quarter-century. The school's colors of pink and blue were gone by 1895, brown and white were tried for a year, but the students finally chose red and white to represent the school. An unhappy fan in 1922 said State football players behaved like a pack of wolves, and the term that was coined in derision became a badge of honor.

The University of Virginia was founded in 1819 by Thomas Jefferson and is one of three things on his tombstone for which he wanted to be remembered. James Madison and James Monroe were on the board of governors in the early years. The Rotunda, a half-scale ver-

sion of the Pantheon which faces the Lawn, is the focal point of the grounds as the campus is called. Jefferson wanted his school to educate leaders in practical affairs and public service, not just to train teachers.

Virginia Tech was established in 1872 as an all-male military school dedicated to the original land-grant mission of teaching agriculture and engineering. The University has grown from a small college of 132 students into the largest institution of higher education in the state during its 132-year history. Located in Southwest Virginia on a plateau between the Blue Ridge and Alleghany Mountains, the campus consists of 334 buildings and 20 miles of sidewalks over 2,600 acres. The official school colors - Chicago maroon and burnt orange - were selected in 1896 because they made a "unique combination" not worn elsewhere at the time.

Wake Forest University was started on Calvin Jones' plantation amid the stately pine forest of Wake County in 1834. The Baptist seminary is still there, but the school was moved to Winston-Salem in 1956 on a site donated by Charles H. and Mary Reynolds Babcock. President Harry S. Truman attended the ground-breaking ceremonies that brought a picturesque campus of Georgian architecture and painted roofs. Wake's colors have been black and gold since 1895, thanks to a badge designed by student John Heck who died before he graduated.

## DIXIE CONFERENCE AFFILIATION (1949-1951)

The 1949, 1950 and 1951 teams, coached by Florida State tennis pioneer, H. Don Loucks (1949-50) and Ralph Matherly (1951), won the Dixie Conference team championship for three consecutive years. The Dixie Conference was made up of seven small schools within the Southeast including Florida State, Stetson, Millsaps, Mercer, Howard, Lambuth and Oglethorpe.

## METRO CONFERENCE CHAMPIONSHIP HISTORY (1976-91)

The Metro Conference, originally tabbed the Metro Six, was formed on June 13, 1975. It's charter members included Cincinnati, Georgia Tech, Louisville, Memphis State, St Louis and Tulane.

Expansion was soon on the horizon, as the league membership increased its size to seven schools when the Florida State University was admitted on July 28, 1976.

After Georgia Tech left the conference following the 1978 season, Virginia Tech quickly filled the void. Then St. Louis left the Metro. But waiting in the wings was the University of South Carolina who joined in 1983 to increase the membership to eight schools. However, Tulane forfeited its membership when its basketball program was discontinued following the 1984-85 season.

## FLORIDA STATE UNIVERSITY ➔

WESTCOTT BUILDING

From its pre-Civil War beginnings as the Seminary West of the Suwannee to a nearly four-decade stint as the Florida State College for Women to its return to coeducational status as a university, Florida State University has evolved into an internationally recognized research institution. Committed to preparing graduates for the ever-expanding opportunities of a global society, FSU is celebrated not only for its world-class research but also for its teaching and record of public service.

Florida State University enrolls about 41,000 undergraduate, graduate and professional students, of which nearly 30 percent are minorities and 57 percent are women. FSU students come from every county in Florida, all 50 states and the District of Columbia, and more than 128 countries.

The university offers an impressive breadth of academic degree programs, including 99 at the bachelor's degree level; 112 at the master's level; 26 at an advanced master's/specialist's level; 73 at the doctoral level; and two at a professional degree level. Courses are offered through 16 colleges — Arts and Sciences; Business; Communication; Criminology and Criminal Justice; Education; Engineering; Human Sciences; Information; Law; Medicine; Motion Picture, Television and Recording Arts; Music; Nursing; Social Sciences; Social Work; and Visual Arts, Theatre and Dance.

Florida State is a Carnegie Doctoral/Research Extensive institution, awarding more than 2,000 graduate and professional degrees each year. Doctoral faculty in five academic areas have been ranked among the tops in the nation according to the Faculty Scholarly Productivity Index: social work — #4; Spanish — #4; marketing — #5; oceanography — #8; and atmospheric sciences — #10. FSU has many undergraduate and graduate academic programs that consistently rank among the nation's top 25 at public universities, among them programs in business, chemistry, communication disorders, creative writing, criminology, ecology and evolutionary biology, education, information, law, meteorology, oceanography, physics, political science, psychology, public policy, sociology and statistics.

At Florida State, students have the opportunity to work and study alongside members of the prestigious National Academy of Sciences; members of the American Academy of Arts and Sciences; winners of the Pulitzer Prize; Guggenheim Fellows; a Nobel laureate; and other globally recognized teachers and researchers, including faculty who lead several scholarly fields in citations of published work. Students can choose to conduct research in specialized interdisciplinary centers such as the National High Magnetic Field Laboratory, the Institute of Molecular Biophysics, and the School of Computational Science. They can participate in interdisciplinary work across campus through programs that integrate economics, geography, climate forecasting, law and other environmental courses and programs; or work alongside faculty to forge new relationships among professions, including medicine, the physical sciences, engineering, business and law.

Students at Florida State also are encouraged to participate in international education through the university's programs in England, Italy, Switzerland, France, Panama, China, Costa Rica, Spain, Russia, the Czech Republic, Greece, Croatia, Germany, Ireland and the Caribbean. The university's study sites in Valencia, Spain; Florence, Italy; and London, England are considered by many to be among the nation's best.

The university logged many noteworthy achievements in 2007-2008:

- Alan G. Marshall, FSU's Robert O. Lawton Professor of Chemistry and Biochemistry and director of the Ion Cyclotron Resistance Program at the National High Magnetic Field Laboratory, received the 2008 Ralph and Helen Oesper Award from the Cincinnati Section of the American Chemical Society -- eight of the past 26 awardees of the prestigious Oesper award went on to win the Nobel Prize.
- Professor Kathleen Yancey, director of the English department's graduate program in Rhetoric and Composition, became president of the National Council of Teachers of English.
- Max Gunzburger, a Francis Eppes Professor and director of the School of Computational Science, earned the distinguished W.T. and Idalia Reid Prize in Mathematics from the Society for Industrial and Applied Mathematics (SIAM) for his work in computational mathematics and his mathematical models of science and engineering problems.
- FSU Student Government President Joe O'Shea became one of just 32 U.S. college students selected for a 2008 Rhodes Scholarship, the oldest and most prestigious international study award bestowed on American students. O'Shea, who won a Truman Scholarship in 2007, also was one of just 20 undergraduates named to USA Today's 2007 All-USA College Academic First Team.
- FSU Film School student Paul Seetachitt crafted a 30-second public service announcement that took first place in a national competition sponsored by the Center for International Disaster Relief. Honors won by other Film School students over the past year included a Student Academy Award; two collegiate-level "Emmy" awards; and two Directors Guild of America awards for the nation's best minority and female student filmmakers.
- Over the past year, the university has won research grants totaling more than \$196 million.
- FSU was ranked No. 1 in the nation among top research universities in graduation rates for African-Americans.
- FSU is currently developing, designing, breaking ground for or constructing about \$500 million worth of facilities, and the new Chemical Sciences Laboratory and the James E. "Jim" King Life Sciences Building are world-class examples that herald the dawn of a new era for Florida State's science community.
- The FSU track and field team won its third-in-a-row NCAA championship.
- Thirteen FSU student-athletes and coaches from three sports represented the Seminoles and eight different countries at the 2008 Summer Olympic Games in Beijing, China. And, closer to home, a commitment to community service put FSU student-athletes at the top of the Outreach Honor Roll from the National Consortium for Academics and Sports.
- Two leaders in medicine, Florida State University and Mayo Clinic, signed an agreement to work as research partners in the quest to improve health care

outcomes for Floridians and all Americans. The agreement calls for interaction and collaboration between researchers at FSU and Mayo Clinic in Jacksonville, Fla., the establishment of joint research programs, and the exchange of scientific and educational literature and research -- and opens up unique opportunities to turn basic science into new cures for a variety of diseases, from cancer to Alzheimer's.

- The collective strength of biomedical research at Florida State and the scientists who lead it has earned an extremely competitive \$2 million High-End Instrumentation grant from the National Institutes of Health. The grant and an additional \$2.8 million in FSU matching funds will be used to purchase a state-of-the-art robotic electron microscope that will place the university among the very top imaging centers in the world. FSU scientists will use the unique robotic microscope to advance their cutting-edge research on HIV/AIDS, heart disease, hypertension and cancer.
- FSU is bringing together researchers with expertise in a variety of fields to develop new strategies for dealing with Florida's energy challenges. The new Florida Energy Systems Consortium is a collaborative effort among the state's 11 public universities to address key issues pertaining to energy, climate and the environment -- with a particular focus on promoting renewable energy. Florida Gov. Charlie Crist signed into law a comprehensive energy bill establishing the consortium and providing a total of \$50 million in funding, to be divided among four core institutions -- FSU (with \$8.75 million), the University of Central Florida, the University of Florida and the University of South Florida.
- The university has been selected as the lead institution for the new Florida Center for Advanced Aero-Propulsion, a collaborative project featuring the state's premier researchers in aerospace and aviation. Of \$14.57 million in funding appropriated to create the center, FSU will get the largest portion -- nearly \$6 million -- to oversee center operations and develop research and policy that unites scholars from various disciplines and universities.

Florida State's main campus is spread over 450.5 acres in Tallahassee. Within the state, the university maintains facilities in Panama City, at its Coastal and Marine Laboratory on the Gulf of Mexico, and at the Asolo Performing Arts Center in Sarasota. The university also operates the Ringling Center for the Cultural Arts in Sarasota, which includes the John and Mable Ringling Museum of Art -- the largest museum/university complex in the nation.

Library holdings at Florida State include 2.9 million book titles and 9.1 million microforms and rank among those at the nation's top 30 public research universities. Collectively, the FSU libraries belong to the Association of Research Libraries, whose membership is comprised of the top research university libraries in the United States.

## UNIVERSITY FACTS ➤

**BACKGROUND:** The Florida State University is one of eleven units of the Division of Colleges and Universities of the Florida Board of Education...It was established as the Seminary West of the Suwannee by an act of the Florida Legislature in 1851 and first offered instruction at the postsecondary level in 1857...Its Tallahassee campus has been the site of an institution of higher education longer than any other site in the state...In 1905, the Buckman Act reorganized higher education in the state and designated the Tallahassee school as the Florida Female College...In 1909, it was renamed Florida State College for Women...In 1947, the school returned to co-educational status, and the name was changed to The Florida State University...It has grown from an enrollment of 2,583 in 1946 to an enrollment of 41,065 in the Fall Semester 2007.

**ENROLLMENT (FALL, 2007):** Total, 41,065 ...76.7% undergrad, 20.8% grad, 2.5% unclassified...80.7% in-state...93.7% from the United States... students from all 50 states and the District of Columbia are in attendance...18 states contributed over 100 students each...21 foreign countries contributed over 25 students each...female, 55.7%...male, 44.3%...minority, 25.1%...international, 3.1%.

**ACREAGE:** Main Campus: 450.5 acres in Tallahassee, Leon County (main campus)...Panama City Branch: 25.6 acres in Panama City, Bay County...The university owns a total of 1,545.5 acres in Leon, Bay, Franklin, Sarasota, & Gadsden counties...Sites are leased in Marion and Leon counties in Florida, and other locations overseas.

**COLLEGES/DEGREE PROGRAMS:** With 16 colleges and schools, students may take courses of study leading to the baccalaureate degree in 101 degree programs, to the master's degree in 114 degree programs, to the advanced master's degree in one program, to the specialist degree in 26 degree programs, to the doctorate degree in 73 degree programs, and to the professional degree in two degree programs. The academic divisions are the Colleges of Arts and Sciences, Business, Communication, Criminology and Criminal Justice, Education, Engineering, Human Sciences, Information, Law, Medicine, Music, Social Science, Social Work and Visual Arts, Theatre and Dance; and the Schools of Motion Picture, Television, and Recording Arts and Nursing.

**OPERATING BUDGET (2007-08):** \$1,093,306,080

**DEGREES AWARDED FOR 2007-08:** Bachelor, 7,189...Masters, 1,989 Doctorate, 350...Medical Doctorate, 48...Specialist, 54...Judge Doctorate, 233... Total, 9,863

**ENTERING FRESHMAN FACTS (FALL, 2007):** The middle 50 percent High School GPA, 3.3-3.9; SAT score 1110-1260, ACT score 23-28. There were 55 National Merit Scholars, 12 National Achievement Scholars, and 15 Hispanic Scholars enrolled as undergraduate students during the Fall 2007 term.

**RETENTION RATE:** First year, 100%...second year, 88.1%...third year, 80.9%...fourth year, 76.1%

**FACULTY/STAFF:** Total 2,359...FSU's faculty includes some past graduates, such as former astronauts Dr. Norm Thagard, who teaches Electrical Engineering, and Winston Scott who serves as Vice President of Student Affairs ...FSU's faculty has included six dynamic Nobel Laureates: 12 members elected to National Academy of Sciences...10 members of the American Academy of Arts and Sciences...and two Pulitzer Prize winners Ellen T. Zwilich and Robert Olen Butler.

**EDUCATIONAL ADVANTAGES:** Florida State University has a uniqueness in providing programs that are consistent in excellence across the board, from fine arts and humanities to the hard sciences...The balance of programs is based on FSU's long tradition as a leading liberal arts institution combined with its position as one of the top 10 universities in generating research-based revenues...FSU was ranked 18th most connected university in the nation by Yahoo! Internet Life.

**EDUCATIONAL OPPORTUNITIES ABROAD:** FSU offers a variety of overseas study opportunities for students during the regular academic year. FSU has study centers located in Florence, Italy; Panama City, Republic of Panama; Valencia, Spain; and London, England. Courses at the study centers are offered each semester and cover a wide range of subject areas perfect for meeting general and liberal studies requirements. International Programs also offers study programs, some general and some major specific, in: Cairns, Australia; Salvador, Brazil; Tianjin, China; San Jose, Costa Rica; Dubrovnik, Croatia; Prague, Czech Republic; Napo, Ecuador; London, England; Paris, France; Dublin, Ireland; Tokyo, Japan; Moscow, Russia; and Leysin, Switzerland. A summer Law program is offered in Oxford, England. There is one Linkage Institute, FLORICA, in

Costa Rica, and Beyond Borders programs in Turrialba, Costa Rica, Kingston, Jamaica, and Dresden, Germany.

**EXTRACURRICULAR ACTIVITIES:** FSU has over 400 student organizations that allow students to find their own niche.

**FINANCIAL AID:** FSU offers two types of financial assistance: need-based and merit-based...Over \$160 million is given away for financial assistance each year.

**STUDENT/FACULTY RATIO:** 18-1... Many of the general education classes are large, lecture classes; however, over 80% of major classes have less than 50 students.

**RESEARCH:** The Florida State University has built a reputation as a strong research center in both the sciences and the humanities. It is expected that more than \$100 million in external funds will be generated this year by the university faculty and administration as supplements to state funds used for research. These external funds are in the form of contracts and grants from private foundations, industries, and government agencies, and are used to support research, improve research facilities, and provide stipends for graduate students.

**SPONSORED RESEARCH (2007-08):** \$201,569,624

**LIBRARY HOLDINGS:** The University Library System contains over 3.4 million volumes, of which more than 451,000 are available electronically as e-books. The libraries subscribe to more than 107,000 current serials including academic journals, professional and trade journals, and major newspapers from around the country and the globe in both paper and electronic formats. The libraries also subscribe to more than 350 databases. The FSU Libraries include 8 libraries on campus: The Robert Manning Strozier Library, Paul A. M. Dirac Science Library, Mildred and Claude Pepper Library, Warren Allen Music Library, Harold Goldstein Library and Information Science Library, College of Law Library, College of Medicine Medical Library, and the College of Engineering Library. Library materials and services are also available at the FSU Panama City Campus, as well as International Programs study centers in London, Florence, and Panama, and a collection of art and related materials at the John and Mable Ringling Museum of Art in Sarasota, Florida.

## **TALLAHASSEE, FLORIDA »**

Among low, rolling hills, down moss draped canopy roads, within picturesque historical districts, and across seas of flowering azaleas lies a magical part of the Sunshine State — Tallahassee — Florida's capital city. With its intriguing combination of power-play politics and classic character splashed with a twist of beauty and charm, Tallahassee is a genteel Southern belle with good manners, old plantation homes and y'all-come hospitality — a side of Florida few expect to find.

With the Gulf of Mexico just 25 miles south and the Georgia border only 14 miles north, Tallahassee rests between the foothills of the Appalachian Mountains and the juncture of Florida's panhandle and peninsula in an area known as "The Big Bend." Nearer in miles to Atlanta than to Miami, Tallahassee more closely resembles its' Georgia neighbor than Florida in topography, climate and lifestyle.

Like the city itself, the story of how Tallahassee was chosen as the state capital is rich in history. In 1823, two explorers set out — one on horseback from St. Augustine and the other by boat from Pensacola — to establish a permanent, central location for the seat of government. The two met at a beautiful site that the Creek and Seminole Indians called "tallahassee" — derived from the words "talwa," meaning town, and "ahassee," meaning old. This historic meeting place remains Florida's capital today.

The new Capitol building rises at the center of Tallahassee's downtown as a sleek modern structure, juxtaposed next to the Old Capitol, built in the more classic domed style. A gallery atop the 22-story New Capitol provides a sweeping view of the hilly city and its tree-lined streets. From it, you can see all the way to Georgia, 20 miles away.

40

Around the capitol complex, a 10-block historic district spreads, preserving the town's gracious old

homes along a linear park and holding a historic inn, bars and restaurants patronized by Senators and sophomores alike. With no shortage of culture, downtown also offers museums, theater and art galleries. Artists have turned the old warehouses of Downtown Industrial Park into the studios and cafes of Railroad Square. The Museum of Florida History, nearby, is highly acclaimed for its scan of the state's past, and The Mary Brogan Museum of Art & Science, along with changing art exhibits, brings learning to a kid's level with hands-on exhibits. Other sightseeing favorites include the floral masterpiece of Alfred B. Maclay State Gardens; Bradley's Country Store; FAMU Black Archives; and the Tallahassee Antique Car Museum.

The area surrounding Tallahassee reveals numerous other historic and archaeological treasures, such as De Soto State Archaeological and Historical Site, Lake Jackson State Archaeological Site, Mission San Luis, Natural Bridge Battlefield and San Marcos de Apalache. Visitors can explore prehistoric Florida at the Museum of Florida History, where they are greeted by a giant 12,000-year-old mastodon pulled from nearby Wakulla Springs.

On the shores of Wakulla Springs, alligators still laze under the watchful eyes of "snake birds" perched on twisted cypress trees. The site of many underwater scenes in "Tarzan" movies, it's one of the world's deepest freshwater springs. Glass-bottomed boat tours across these mystical waters are available.

Nearby small towns offer fascinating excursions to places such as Pebble Hill Plantation, Florida Caverns State Park, Monticello Opera House and St. George Island.

## DONALD L. TUCKER CENTER

The Donald L. Tucker Center is a multi-purpose convention and entertainment facility featuring a 12,100 seat arena, Luxury Suites and Club Seats and over 52,000 sq. ft. of meeting and exhibition space plus an arena view restaurant, Spotlight Grille. The Civic Center hosts a wide variety of concerts, family shows, Broadway shows, ice shows and sporting events including FSU basketball.

It is easy to understand why over one million people a year flock to the Donald L. Tucker Center, what with the varied array of attractions it offers. Some people go to the Tucker Center to enjoy the sounds of rock, country, pop and urban concerts. Some go for the thrills of basketball, rodeos and three-ring spectaculars. While others come for conventions, banquets, expositions, or consumer and trade shows.

Located downtown on Pensacola Street, the Tucker Center is only two blocks from the Capitol building.

### TALLAHASSEE UP CLOSE...

- Tallahassee is home to more than 60,000 college students between Florida State University, Florida A&M University and Tallahassee Community College.
- Nearly sixty percent of Tallahassee's population is between the ages of 18-44.
- The average maximum temperature in Tallahassee is 78 degrees and almost twenty-five percent of the year the temperature is above 90 degrees.
- There are over 150,000 people living in the Tallahassee area and over 300,000 in the metropolitan area.
- The capital of the State of Florida has been located in Tallahassee since 1823.
- The Gulf of Mexico is just 20 miles south of Tallahassee and the Georgia border is just 14 miles to the north.

### CANOPY ROADS

The abundance of trees and timber is a resource uncommon to many other areas of the state. The beauty of the local trees is exemplified in Maclay Gardens State Park, which is the site of several of Florida's champion trees including the flowering Dogwood, the Hawthorn tree, the Horsesugar tree, the Sweetbay Magnolia and the Silverbell tree. These trees and others often extend their branches over the roadway to create a canopied effect, a feature that is held in high esteem by local residents and visitors.

## WHERE'S THE BEACH?

Where sunny days are filled with the great outdoors...where time is measured by tides and life's rhythms move with the surf...beaches are just a short drive from Tallahassee.

### ALLIGATOR POINT

Natural dune public beach, 45 miles south of Tallahassee

### CARRABELLE.

Coarse public beach, featuring swimming and shelling, 60 miles southwest of Tallahassee

### DEKLE BEACH

Pristine sandy beach, clear water featuring boating, swimming, picnicking and more, 70 miles east of Tallahassee

### MASHES SANDS BEACH

Public beach, shallow bay water featuring swimming and crabbing, 40 miles southwest of Tallahassee

### ST. GEORGE ISLAND

Pristine 29-mile barrier island beach, clear water, featuring swimming, shelling, boating, and fishing, 80 miles southwest of Tallahassee

### SHELL POINT

Lovely, small peninsula surrounded by St. Marks Wildlife refuge. Secluded beach and clear water that is popular for sailing and windsurfing, 25 miles south of Tallahassee.

# ACADEMIC SERVICES ➔

## MISSION STATEMENT

The primary mission of the Athletic Academic Support program is to provide an environment that facilitates the academic success of each student-athlete. The focus is to provide a comprehensive support program integrated with the total University that will assist all student-athletes with the transition into college and provide continued support in all phases of academic and professional development, culminating with graduation, job placement or graduate school.

## ACADEMIC ADVISING

The advisors in Academic Support serve as the lower-division advising unit for all student-athletes. The staff advises students through the Liberal Studies curriculum and degree prerequisites. The advisors work with the students in a number of areas related to the academic experience at Florida State University, but with a primary emphasis in advising and monitoring the progress toward the selected degree program, taking into consideration, all variables, which would enhance or impede each student's progress toward the goal of graduation.

## STUDY HALL

Professionally supervised study sessions for each athletic team are organized in order to help ensure the academic success of the student-athletes. The main focus of the study hall program is to help students develop consistent and appropriate study patterns by providing a structured setting to work on class assignments and to provide tutorial assistance before academic problems arise. Although the criteria for study hall is left to the discretion of each academic counselor, typically, most freshmen, first year transfers, and upperclassmen who have not yet achieved a satisfactory cumulative grade point average are asked to attend study hall.

## TUTOR AND MENTOR PROGRAM

The tutorial program is available to all student-athletes as they progress towards their ultimate goal of obtaining a college degree. Approximately, 65 tutors are hired a year, from a variety of academic departments. Each tutor is committed to providing a proactive, individualized approach in assisting student-athletes with course comprehension and study skills. The tutors are graduate level students or undergraduates that excel in a specific area of study. All mentors are graduate or PhD level students who have outstanding academic backgrounds.

Mentors are academic role models who have demonstrated the ability to teach and give guidance in areas of academic developmental skills. They are responsible for providing assistance in the development of skills such as note taking, test preparation, and communication with faculty. In essence, mentors become an extension of the academic counselor as they keep the academic performance of their student-athletes under close observation and report to the academic counselors each week.

## COMPUTER LAB

The Athletic Academic Support Computer Lab is located in the Athletic Academic Support wing at the Moore Athletics Center. It is outfitted with 30 PC compatible computers and several laser printers. The computer lab is available to student-athletes six days a week with extended hours during finals week. The entire Athletic Academic Support wing is also equipped with wireless internet.

## SUMMER BRIDGE PROGRAM

Athletic Academic Support, in conjunction with Athletic Student Services and the University, offers incoming student-athletes a "Summer Bridge Program" to aid in the transition from high school to college. The program is a week long intensive orientation that incorporates the University orientation with the athletics department orientation. This orientation highlights many different topics that are important for student-athlete success. In addition to introducing the student-athlete to academic policies and procedures, other topics covered include nutrition, student life, community service, technology on campus, media training and compliance.

## ACADEMIC HONORS AND AWARDS PROGRAM

The Academic Support Program is committed to recognizing the academic success of all student-athletes. The annual "Golden Torch Gala," a black-tie academic awards banquet organized by Seminole Boosters, Inc., occurs each fall. At this event, the ACC Honor Roll student-athletes, as well as the individuals with the highest GPA on their respective teams, and the men's & women's teams with the highest GPA are recognized.

Team meetings are held each year, during which time student-athletes are notified of potential honors and awards and are encouraged to apply. Combining a strong grade point average with athletic accomplishments, community service activities, and leadership experiences make for a student-athlete capable of obtaining unlimited academic honors, awards, and postgraduate opportunities.

Florida State University student-athletes have achieved great success in obtaining recognition for academic excellence. More than \$390,000 in Postgraduate Scholarship monies has been granted to FSU student-athletes over the past 14 years, as well as numerous other academic honors and awards. During the 2007-08 academic year, 13 Seminole student-athletes were named District Academic All-Americans, including Buster Posey and Matt Fairle (baseball), Myron Rolle (Football), Caroline Westrup (Golf), Becky Edwards, Kirsten van de Ven and Katrin Schmidt (Soccer), Robin Ahrberg, Carly Wynn and Melissa May (Softball), Mara Freshour (Women's Basketball) and Javier Garcia-Tunon and Lydia Willemse (Track & Cross Country).

At the conclusion of the 2007-08 school year, 170 Seminole student-athletes were named to the ACC Academic Honor Roll while six of Florida State's athletic teams had a 3.0 or better cumulative grade point average. In the spring 2008 semester, 197 Seminoles achieved a 3.0 GPA or better, eight athletic teams had a 3.0 or better GPA and the average team semester GPA was a 2.8. Eleven student-athletes made the Spring 2008 President's List with a perfect 4.0 GPA while 60 student-athletes earned Dean's List status with a GPA of 3.5 or better.

Kandia Batchelor (Track & Field), Whitney Brummett (Golf) and Abbie King (Swimming & Diving) were three of 41 Atlantic Coast Conference scholar-athletes named 2008 ACC Weaver-James-Corrigan Postgraduate Scholarship Award recipients.

Academic reform continues to take hold on college and university campuses nationwide, and according to the latest data from the NCAA, Florida State athletics is making the grade. All of FSU's athletic teams scored above the cut-point of 925 in the Academic Progress Rate data based on the last four years (2003-04 through 2006-07). Two Florida State athletic teams - softball and men's golf - earned Public Recognition Awards for earning high scores in the latest Academic Progress Rate (APR) compilation. These teams posted multi-year APR scores in the top 10 percent of all squads in their respective sports.

## MEDICAL TREATMENT ➤

An athlete can expect to receive the best care and treatment possible with the athletic training team at Florida State. Prior to competition, all FSU student-athletes undergo screening in order to detect any potential injuries. If a problem is detected, the athlete may be placed on a prevention care system, which may include any kind of treatment from icing to exercising.

Though the prevention of injuries is the main objective, some injuries are unavoidable. Rehabilitation is another component of the Florida State training room. The FSU athletic training staff will work with the athlete and provide an intense rehabilitation schedule that will allow the athlete to successfully rehabilitate after an injury. Some injuries and illnesses may be referred to the Seminole team physicians at the Tallahassee Orthopedic Center who, for many years, have worked in conjunction with the FSU athletic training staff in successfully rehabilitating athletes after an injury. Nutrition counseling and drug testing are also responsibilities of the athletic training team which is dedicated to providing the best care possible for all FSU student-athletes.

### TRAINING ROOM

Florida State Athletic Training has experienced a very exciting time as construction on the brand new Don Fauls Athletic Training Room was completed in the spring of 2005. The 15,000 square foot athletic training room is housed off Doak Campbell Football Stadium and is used by all 19 Seminole varsity teams.

This facility is adequately equipped with the latest advances that the field of sports medicine has to offer. Some of the attractions include an in-house pharmacy, x-ray machine and two physician evaluation rooms. There is also a 4,000 square foot rehabilitation room with the latest version of a Biodex isokinetic testing machine. The treatment area includes 24 treatment tables with various modalities, computer injury tracking devices, and 18 taping benches.

Florida State's athletes have ample accessibility for aquatic therapy as the Don Fauls Athletic Training Room includes a 8' x 40' in-ground workout pool, a 9' x 16' in-ground cold whirlpool, a 9' x 16' in-ground warm whirlpool, and nine extremity whirlpools.

Graduate Assistant Kellie Cox enters her second season in charge of Florida State men's and women's tennis teams. Cox graduated from Central Florida in 2007 with a degree in athletic training.

As a graduate student she gained valuable experience working with the Seminole football team during spring practice as well as FSU's rugby team. In her first season with the men's tennis program, Cox accompanied the Garnet and Gold to the NCAA Round of 16 in Tulsa, Okla.

Cox took advantage of the opportunity to step away from collegiate athletics and work with Mountain Dew Extreme Sports Tour for two years. She also has experience working with marathon and triathlon participants.

Cox is a nationally certified NATA-BOC athletic trainer and is certified in CPR and first aid. She is continuing her education in Florida State's sport management master's program.

## STRENGTH AND CONDITIONING ➤

Jon Jost, Director of Strength and Speed, oversees the women's tennis team's performance enhancement program that is implemented by Assistant Director Dave Plettli.

The FSU strength and conditioning program is designed to improve athletic performance through an individualized regimen addressing, flexibility, strength, power, balance, motor control, and conditioning. The goal of the program is to maximize the performance of each athlete, while reducing the risk of injury.

Before a strength program is designed for an athlete, they are put through a series of physical tests to evaluate their strengths and to identify areas of improvement. A program is then designed for each student-athlete that will address specific areas and enhance performance on the course.

Dave Plettli, who is in his ninth year as an assistant strength and conditioning coach at Florida State, works with the women's tennis program. He individually customizes programs for each of the athletes beginning with pre-conditioning before the season gets underway.

In the spring of 2005, Plettli, a native of Bailey, Colo., was named Master Strength and Conditioning Coach by the Collegiate Strength and Conditioning Coaches association (CSCCa). The honor is the highest given in the strength and conditioning profession and highlighted the organization's conference held in Salt Lake City.

"This is an incredible honor for Dave," CSCCa Executive Director Chuck Stiggins said. "Being named a Master Strength and Conditioning Coach signifies a commitment to student-athletes, a commitment to Florida State University athletics and a commitment to his profession. We are honored to have Dave as a member of our association. He is truly a standard bearer to all strength and conditioning coaches nationwide."

Plettli is a 1991 graduate of the University of Colorado, where he earned a Bachelor's degree in political science and history. He came to Florida State from the University of Texas where he served two years as an assistant strength and conditioning coach. Plettli received Master specialist in Sports Conditioning from the International Sports Sciences Association in September 2001 as well as by the Collegiate Strength and Conditioning Coaches Association in May 2004.

He and his wife, the former Christa Miller, are the proud parents of daughters, Lydia Rose and Rebecca Rose and son Samuel.

## STUDENT SERVICES ➤

### NEW OPPORTUNITIES FOR LEADERSHIP, EDUCATION AND SERVICE (N.O.L.E.S.)

Developed by the Florida State University Department of Athletics, the N.O.L.E.S. program represents a commitment to the total growth and development of each student-athlete. The program establishes an administrative commitment to academic and athletic excellence. Those efforts will be supported with programs and services in personal and career development service.

#### PERSONAL DEVELOPMENT

Fostering the development of personal growth is a fundamental component of the N.O.L.E.S. program. The support programs ensure that the student-athlete will be provided with opportunities to focus on personal growth areas such as values clarification, goal setting, fiscal planning, decision making and personal responsibility. Programming focuses on helping the student-athlete develop a healthy lifestyle while they are at Florida State and habits that will benefit them for life.

#### CAREER DEVELOPMENT

Preparing for life after college is a major focus of the N.O.L.E.S. program. The program is designed to work in cooperation with Florida State's Career Center to acquaint students with the job search process, provide networking opportunities and ultimately assist with job placement. The program place a priority on the development of the total person, with the goal of developing individuals who will have rewarding careers and productive lifestyles after the leave Florida State.

### COMMUNITY SERVICE

Serving the community is the Focus of the Seminole Spirit program. Student-athletes are challenged to give service to our community and individuals who are in need. With a clearly defined program of service, student-athletes are given the opportunity to develop lifelong commitment to volunteerism. Over the years, the commitment to community service has grown leaps and bounds. The Florida State University department of athletics has been recognized in both of the last two years by the National Consortium for Academics and Sports for the most successful outreach and community service program in which Seminole student-athletes have impacted the lives of over 150,000 youths. The Women's Golf team has been a major contribution in the community service effort winning the Athletic Director's Cup for Service in each of the last seven years.

### LEADERSHIP DEVELOPMENT

The Florida State University Department of Athletics is committed to developing programs of excellence that foster leadership development. The Student-Athlete Advisory Council (SAAC) has been in place in the Florida State University Athletic Department for ten years, and consists of a fantastic group of motivated student-athletes. The SAAC consists of 42 student-athletes, at least two from every team, and they meet every two weeks to discuss issues confronting student-athletes, here at FSU, as well as in the Atlantic Coast Conference and across the nation. The SAAC at FSU has many responsibilities: they take the lead on a variety of events, starting with the New Student-Athlete Orientation, Peers Helping Athletes Transition (PHAT) Tuesdays, the International Student-Athlete Culture Feast, the Welcome Back Picnic and culminating with the Golden Nole Awards year ending banquet where seniors from each team are honored and student-athletes who have excelled in the area of community service are awarded.

## COMMUNITY SERVICE »

For the second consecutive year, the Florida State tennis teams proved that giving back to the community is a priority to its programs.

The men's and women's tennis teams joined with Florida A&M tennis on Friday, November 30, at Scott Speicher Tennis Center to raise money for charity. The Seminoles and Rattlers raised \$2,300 for Door of Hope Ministries which will help fund Sunrise Apartments. The apartment complex houses 166 people on the south side of Tallahassee, the majority of which are children and many of the residents are single mother. Some of the programs offered at the complex are: after-school programs, literacy training, health and nutrition classes, home buyer seminars, computer labs, an employment program and day care.

"I think it's great for our guys to get out here for a really great cause," said FSU assistant coach Mat Cloer. "It's a good night and we've got a lot of people out here. I don't know if we could ask for anything better."

The Seminoles also spent an afternoon with students from Gretchen Everhart School for Exceptional Students teaching them to play tennis. It is the goal of the Florida State men's and women's tennis programs to give back to the community they represent.

## THIS IS

## SCOTT SPEICHER TENNIS CENTER ►

With the first stage of construction completed in the summer of 1993, the Scott Speicher Tennis Center at the Donald Loucks Courts opened its gates to the public for the first time at a Children's Miracle Network charity tournament. Since then, many successful tournaments including the 1996 NCAA Women's Championships and 2007 and 2008 NCAA Regionals have graced the courts at one of Florida State University's premier athletic facilities.

Costing \$1.2 million to build and then another \$800,000 for recent additions, Florida State's Speicher Tennis Center has become an example of the increasing dedication and commitment the University has to all of its 19 varsity athletic programs.

The Speicher Tennis Center houses 12 lighted hard courts, over 1,000 court level seats, coaching offices, men's and women's locker rooms, equip-

ment and storage rooms, a team lounge and a public address system. The growing pride Florida State has for its tennis program and its premier tennis center was honored just after its opening in 1994, when the United States Tennis Association (USTA) awarded the structure with its "Top Notch" facility award.

The Speicher Tennis Center was named in honor of Lieutenant Commander Michael Scott Speicher, a graduate of Florida State University. Speicher was considered the first American casualty during Operation Desert Storm, but was later reclassified by the United State's government as missing in action in 2001 and missing/captured a year later. By Presidential directive, the facility bears the name the "Scott Speicher Tennis Center."

In 1947, Loucks became Florida State's first basketball coach and a year later was named the school's first tennis coach. His tennis team was the first athletic team. The varsity tennis courts were named for Loucks in 1981. He served as Dean of men from 1957-1967 and was known as a servant of leadership, service and devotion to many worthy causes.

The Speicher Tennis Center was designed by EMO/Architects, Inc., a Tallahassee-based architectural firm, in collaboration with Global Consult Group, Inc., an internationally recognized Tennis Facility Design Consultant. The complex was funded by private sources and supervised through the state university system of Florida.

Through its 15 year existence, the Scott Speicher Tennis Center at the Donald Loucks Courts has served as the home courts for all Florida State men's and women's home dual matches, the annual Seminole Fall Classics, City of Tallahassee tennis championships, various USTA regional and zonal tournaments, the 1994 and 1995 Men's Intercollegiate tournament and the annual Children's Miracle Network Charity Invitational benefiting Shands Hospital in Gainesville.

In 2007 and 2008, Florida State had the honor of hosting the first and second rounds of the NCAA Tournament at the Speicher Tennis Center.

"I think it is a big advantage to host and to be able to play on your home court," FSU men's tennis coach Dwayne Hultquist said. "To have the fans behind you and to be familiar with everything around you is important."

The past two years, the tennis center has also been the site for the ITA Summer Circuit for men's and women's tennis in which high school and collegiate athletes participate in singles and double matches.

## PROPOSED INDOOR FACILITY ➤

The next step towards building an elite program is Florida State's Indoor Tennis Facility. The Seminoles look to cut down on missed practices and cancelled matches due to inclement weather in addition to valuable practice time while preparing for National Indoor Championships during the spring season.

Phase I (of a three phased construction project for the Indoor Tennis Facility) is scheduled to begin in the spring of 2009. Florida State University along with Seminole Boosters will continue to raise money for the completion of the project. When the full build out is attained the facility will include:

- 6 INDOOR COURTS
- TEAM LOCKER ROOMS
- A TEAM LOUNGE AREA
- SEATING FOR ~500

The new facility will be located across the street from the FSU Broadcast Center and adjacent to the new Morcom Aquatics Facility and the Don Veller Seminole Golf Course and Club on Pottsdamer Road.

# NCAA COMPLIANCE ➔

The following information is provided by the Florida State University Compliance Office for prospective student-athletes, alumni and boosters. It is intended as a guideline to introduce you to some of the rules governing NCAA athletics.

## KEY DEFINITIONS YOU SHOULD KNOW

▪ **Representatives of Athletics Interests:** A representative of athletics interests, commonly called a booster, is any individual who is known (or should have been known) by a member of the institution's athletic department that has ever:

- Contributed financially to the athletics department or to its booster club.
- Joined the institution's booster club or any sport specific support group.
- Provided benefits to enrolled student-athletes or their families.
- Assisted in any manner in the recruitment of prospective student-athletes
- Promoted the institution's athletics program.
- Purchased season tickets.

\*\*\* Once an individual is identified as a representative, the person retains that identity forever. \*\*\*

▪ **Prospective Student-Athlete:** A prospective student-athlete "prospect" is any student who has started classes for the ninth grade regardless of his/her athletics ability and/or participation. Any student younger who receives any benefit from an institution or representatives of athletics interests immediately becomes a prospective student-athlete. In addition, student-athletes enrolled in preparatory school or two-year colleges or officially withdrawn from a four-year institution are considered prospective student-athletes. A prospective student-athlete remains a prospect even after he or she has signed a National Letter of Intent or accepts an offer of financial aid or admissions to attend an institution. The prospect remains a prospect until he/she reports for the first day of classes for a regular term (fall or spring) or the first official day of practice, whichever occurs earlier.

▪ **Contact:** A contact is any face-to-face encounter between a prospect or the prospect's parents, relatives or legal guardian(s) and an institutional staff member during which any dialogue occurs in excess of an exchange of a greeting.

▪ **Evaluation:** An evaluation is any off-campus activity designed to assess the prospect's academic qualifications or athletic ability, including any visit to his/her high school (during which no contact occurs) or the observation of a prospect's practice or competition at any site.

## PHONE CALLS AND LETTERS

Phone calls from coaches (but not boosters) are permitted beginning July 1 before the prospect's senior year in high school. A coach is limited to one phone call per week except that unlimited phone calls may be made:

- During the five days immediately before an official visit to the university;
- On the day of a coach's off-campus contact with a prospect; or

\* During the time beginning with the National Letter of Intent signing date through the two days after the signing date and the day after a National Letter of Intent or scholarship agreement is signed.

## A PROSPECT OF ANY AGE COULD RECEIVE THE FOLLOWING FROM A COACH:

- Questionnaire
- Camp brochure
- NCAA educational information
- Non-athletics institutional publications (official academic, admission and student services publications and videotapes produced by the institution and are available to all students)

## AFTER SEPTEMBER 1ST OF A PROSPECT'S JUNIOR YEAR, A COACH COULD PROVIDE:

- Written correspondence, including letters and e-mails
- Business Cards
- Media Guide
- Game programs (only on an official or unofficial visit)

- Pre-enrollment information after prospect signs National Letter of Intent or has been admitted
- Any other information may be provided via the institution's web site

## WHO IS PERMITTED TO RECRUIT FOR FLORIDA STATE UNIVERSITY?

Only Florida State coaches who have successfully completed the NCAA Recruiting Rules Examination on an annual basis may be involved in the recruitment process. Boosters may not make any recruiting contacts. This includes letters, telephone calls or face-to-face contact on or off campus with a prospect or the prospect's parents.

## ALUMNI AND BOOSTERS DO'S AND DON'TS

- You may forward information about prospects to the appropriate coaches.
- You may have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and the Compliance Office is aware you are making these contacts in regard to employment.
- You may have a telephone conversation with a prospect only if the prospect initiates the call. Such a call may not be prearranged by an institutional staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about our athletic programs to an athletics department staff member/coach.
- You may view a prospect's contest at your own initiative provided you do not contact the prospect or his/her parents. In addition, you may not contact a prospect's coach, principal or counselor in an attempt to evaluate the prospect.
- You may continue established family relationships with friends and neighbors. Contacts with sons and daughters of these families are permitted as long as they are not made for recruiting purposes or encouraged by Florida State University coaches.
- You may not become involved in making arrangements to receive money or financial aid of any kind for a prospect or the prospect's family and friends.
- You may not make contact with a prospect and his/her parents when the prospect is on campus for an official or unofficial recruiting visit.
- You may not transport, pay or arrange for payment of transportation costs for a prospect and his/her relatives or friends to visit campus (or elsewhere).
- You may not pay or arrange for payment of summer camp registration fees for a prospect.
- \* You may not provide anything to a prospect, the prospect's family or friends without prior approval from the Compliance Office.

## TOP SEMINOLES ➤

### PAUL HAARHUIS

Paul Haarhuis, the "Dutchman" from Eindhoven, The Netherlands, came to FSU in 1986 after transferring from Armstrong State College in Savannah, Ga. He went on to become one of the best tennis players ever to come out of FSU and was inducted into the FSU Athletics Hall of Fame in 1993.

His first two collegiate seasons, prior to transferring to FSU went quickly as he garnered a 64-2 overall record, including a 35-0 sophomore season—the only undefeated season in school history. With the Seminoles, his first season was a true success as he went 35-5 in singles competition and 25-5 in doubles. Included in his long list of accolades was the first-ever Men's Intercollegiate Invitational Tennis Championships held in Panama City.

At one point, Haarhuis had 24 consecutive wins, including his reign as the Metro Conference MVP. He was given this honor by way of winning the number one singles and doubles crowns, including an invitation to the NCAA Championships for doubles.

Once his collegiate career was finished Haarhuis had a 72-9 overall singles record for his two years and consecutive Metro Conference MVP awards, including 1984 when he helped lead the Seminoles to their third team title in four years.

As successful as Haarhuis was for FSU, his career flourished even more once he turned professional in 1989. Through the 2003 season, Haarhuis had career earnings totaling over \$7.7 million dollars.

During his 14-year run on the ATP tour, Haarhuis amassed 54 doubles titles including six Grand Slam championships. He won the career Grand Slam with three French Open titles and one championships at Wimbledon, the US Open and Australian Open. He won his lone singles title in 1995 during an event in Jakarta.

Ranked number one in the world in doubles on January 31, 1994, he claimed his last doubles title in 2002 when he captured his third French Open championships. The very next year he reached his highest singles ranking, holding the number 18 spot in the world on Nov. 6.

### LEX WOOD

In 1982, Lex Wood became the first player from the Florida State tennis program to be inducted into the FSU Athletics Hall of Fame. He was first a player for the Seminoles from 1961 through the 1963 season, then the program's head coach from 1965 through 1969.

When Wood arrived from his native South Africa in 1962, head coach Eddie Cubbon knew he had a leader amongst

his new crop of tennis players. For the following three seasons he would become a mainstay among the nation's top 20 players, playing at No. 1 singles and doubles.

In 1964, his singles match record was 22-1 and his career mark was 51 victories in 54 singles matches. Over the course of his Florida

State career, Wood defeated many great collegiate players including a former U.S. Davis Cup player, Marty Riessen. As head coach, his Seminoles went an impressive 89-33 during his tenure. His last two teams in 1968 and 1969 went 19-3 and 23-5 in dual match play, respectively.

A fine student, Wood received his master's and doctoral degrees from FSU in education. Following his near-decade with FSU, Wood traveled south to the University of Central Florida, where he served as an educator and coach for many more years to follow.

### DON LOUCKS

After six decades of service to FSU athletics, Don Loucks was inducted into the Florida State Athletics Hall of Fame in 1985. In 1936, Loucks started off his relationship with FSU as the coach of every sport at the Florida State College for Women. He was the "pioneer" of many of the current athletic programs.

In 1947, he was the first coach for the men's basketball team and a year later was named the first tennis coach. His

hoops team scored the first victory for the newly-formed athletics program. His tennis team was the first to have a winning season, going 9-4.

Loucks served as Dean of Men from 1957 through 1967 and during this time, he served as a lead figure in the Seminole athletics program, as well as in the department of education. He retired from the athletics department in 1980 as professor emeritus in physical education. His dedication did not go unnoticed as the varsity tennis courts were renamed in his honor. The Scott Speicher Tennis Center was built around his courts.

### DR. RAY BELLAMY

His accolades go far beyond the tennis courts, yet Dr. Ray Bellamy's triumphs at the net still stand out as one of the best as he was inducted into the FSU Athletics Hall of Fame in 1992. He served as his team's captain in 1960 and 1961, and during those two years only lost a total of three matches.

As a model student and athlete during his undergraduate years, 1957 through 1961, Bellamy was involved in many

facets of the university that continue to show the benefits of his early presence. He was vice president of his senior class, a member of the Gold Key honorary society and Omicron Delta Kappa honorary fraternity. He then went on to earn a doctorate in medical studies.

After leaving FSU and joining the United States Navy, Bellamy went on to become the All-Navy doubles champion and played on the All-Navy team in 1967 and 1968 while serving as a flight surgeon.

After returning to Florida to begin his practice, Bellamy became the state's 35-and-over singles and doubles champion in the 1970's.

### MARCO ABILHOA

Marco Abilhoa, the native of Brazil, was one of the great Florida State Seminole tennis players who made an impact on the collegiate scene. Prior to enrolling, he was ranked No. 3 in the Brazilian Juniors, when former Florida State head coach Randy Jobson discovered him.

A five-year member of the Seminole tennis program from 1980 through 1984, Abilhoa was at the top of the Metro Conference. He was the No. 1

singles and doubles champion in 1981 and 1982. After dominating for his first two seasons, he was sidelined and redshirted for the 1983 season. Upon his return in 1984, Abilhoa went straight back to the place where he left off, at the top of the Metro Conference. His dominating presence earned him a record three Metro MVP awards in 1981, 1982 and 1984.

### JOEY RIVE

Joey Rive, a West Palm Beach native, played for the Seminoles from 1981 through 1985. As one of the top players ever to compete at Florida State, Rive led the team in wins in 1983, 1984 and 1985. During his period at number one singles, he was nationally ranked among the Top 25.

His stellar performance for the Tribe resulted in three Metro Conference singles championships in 1983, 1984 and

1985 and two doubles championships in 1983 and 1985, including the conference's top crown, the MVP in 1985. His Metro success led to his invitation to the 1985 NCAA tournament and to the 1987 Tennis Magazine Sportsman of the Year award.

Following his FSU career, Rive played the ATP tour where he reached as high as No. 57 in the world in 1988. He returned back to Tallahassee, where he served as an assistant from 1993 to 1994. He is currently the head coach at TCU.

### STEPHEN NOTEBOOM

After earning NAIA All-American honors at Huntington College in Montgomery, Ala., Stephen Noteboom, the second "Dutchman" to thrive at Florida State for the Seminoles for the 1990 through 1992 seasons.

Almost immediately making his presence known, Noteboom grabbed the Metro Conference's coveted MVP award for winning the title at No. 1 singles and doubles. That same year, he earned an

invitation to the 1991 NCAA Championships for singles.

During his pro career, Noteboom captured a pair of doubles titles. He joined up with Fernon Wibier to win the Ordina Open. Two years later he team up with Lan Bale to win the BMW Open.

### BRIAN STANTON & KEN MCKENZIE

Brian Stanton of Coral Springs and Ken McKenzie of Tallahassee finished up their playing careers with the Tribe in 1995. As a doubles team, the duo ended their final campaign earning collegiate tennis' top honor, an ITA All-America award.

The doubles pair received the 1995 accolade after a superb run in the NCAA Championships. What may be the most impressive feat for them was being ranked among the nation's top 10 doubles tandems throughout the season.

During his stay at FSU, Stanton won back to back Junior Davis Cup singles titles in 1993 and 1994, won the 1993 Junior Davis Cup in doubles, and was named to the All-ACC team his sophomore and junior seasons.

McKenzie left behind a void in doubles that was a great challenge to fill. He and Stanton guided No. 1 doubles to an impressive No. 3 national ranking, the highest ranking the program has ever received. He also was also impressive on the singles side earning ACC Flight Championships at No. 2 singles in 1994 and No. 3 singles in 1995.

### JASON WHITE

Jason White finished his four-year run with the Seminoles in 1995, his best season as a player by far. As the top singles and doubles player, White was given a lot of responsibility as FSU's captain.

Even though he won the ACC Championship at No. 4 singles in 1994 and a pair of championships at No. 2 doubles in 1994 and 1995, White was still on top of ACC tennis in 1996.

Nationally ranked for most of the year, the senior from Longwood received a bid to the 1996 NCAA Tournament after being edged out for the championships at No. 1 singles.

### MAT CLOER

Mat Cloer, a native of Brevard, N.C., became one of the greatest players in not only FSU history, but also conference history during his outstanding senior season in 2004-05. During that year, the two-time ACC Player of the Year became the first player in school history to earn All-American honors in singles. He also received the national ITA/Arthur Ashe Leadership and Sportsmanship Award, the first national award for

any FSU men's tennis player. Cloer, who competed for the Seminoles from 2002-05, was just seven wins shy of becoming the all-time career singles leader. He finished his FSU campaign with 85 singles victories and 69 doubles wins. Cloer is still having an impact with the Seminoles in his second year as an assistant head coach for Florida State.

## ABOUT THE GOLDEN SPEAR CLUB

The Golden Spear Club is designed to provide "grass roots" support for the men's and women's tennis programs at Florida State University.

The objective of the club is to assist the athletics department in promoting FSU tennis in Leon County and throughout Florida and to assist us in generating interest in and enthusiasm for our program.

Your membership to The Golden Spear Club is **TAX DEDUCTIBLE** and helps support the club's activities and the Florida State University Tennis Program. Although Golden Spear Club memberships are not accompanied with Booster Club benefits, you can take pride in the fact that FSU Tennis will remain nationally competitive because of your support.

We welcome you to become a part of the Golden Spear Club and join other tennis enthusiasts in the fun of supporting FSU Tennis. Go Noles!

## TENNIS ENDOWED SCHOLARSHIP

From Miami to Minneapolis, and from Warsaw to Walla Walla, young men and women come to Florida State University to embrace educational excellence, and to compete as a Seminole. Many would not have the opportunity to receive that college education without their athletic scholarship. These young people work hard, and proudly represent Florida State as a winner on the national stage, attracting the attention to our University that winners bring.

Florida State Athletics provides each of our men's and women's teams with the maximum number of scholarships allowed by the NCAA. In addition to the student-athlete competitors,

scholarships are also provided to student trainers, managers and graduate assistants who are vital to the athletic program.

The last 15 years have seen a three-fold rise in the cost of athletic scholarships at Florida State. Today, more than \$300,000 is needed to permanently endow a Florida State athletic scholarship. Most of the top public universities with whom Florida State competes and to whom we are compared, have endowed all of their athletic scholarships.

Established in 1986 under the direction of William M. Parker of Clearwater, the Seminole Boosters Endowed Scholarship Program is the final step toward perpetual funding of all scholarships for student-athletes at Florida State.

Those individuals who contribute to the endowment fund for athletic scholarships at Florida State University gain membership in the Seminole Heritage Foundation.

Thanks to the efforts of Ginny Futch, Betty Sprague and James Howarth the endowment of the Florida State tennis programs are well on their way.

## FLORIDA STATE TENNIS KICK-OFF BANQUET ►

Each year, the Florida State men's and women's tennis programs begin their season by hosting the annual Kick-off Banquet. Boosters, local tennis fans and former coaches and athletes come together to celebrate both successful programs for their contributions on the court as well as in the classroom and in the community. The banquet gives both teams the chance to show their appreciation for all the supporters and their continued efforts to keep Florida State among the elite tennis programs in the nation.

The event is hosted in January and more than 500 supporters pack the University Center to show their support for the Seminoles. Last year's guest was one of the greatest American tennis players of all-time Tony Trabert, a five-time Grand Slam champion and former No. 1 player in the world. This year's banquet will feature Malavai Washington, a former Wimbledon finalist and collegiate great at the University of Michigan.

"When we started the banquet seven years ago we didn't know how many people would show up and not it's grown every year," head coach Dwayne Hultquist said. "It's gotten to the point where we have more than 500 people come and it's tremendous for our program. Our kids get inspired having this support behind them and I think it's led to a lot of things like our indoor court project and people donating to our program."
