QUALITY LEADERSHIP

When head coach Dwayne Hultquist took over at the helm of Florida State men's tennis in 2000, the Seminoles were 7th out of 9 teams in the ACC, and barely ranked in the top 60 nationally. Under his leadership, Florida State has grown in conference and national prominence. As the winningest coach in program history, Hultquist has brought a confidence and success that hasn't been seen before in Tallahassee.

PRESTIGIOUS PROGRAM

The Seminoles have gone to the NCAA Tournament for the last seven seasons, including three trips to the Round of 16 in the past five years. In 2005, they reached the "Elite Eight" after impressive upsets over Kentucky and Illinois en route to the quarterfinals. Florida State has also been ranked in the ITA top 20 at the end of season each year since 2005. On March 8, 2008, Florida State was ranked No. 7 in the country, which is the highest in program history.

NATIONAL ACCOLADES

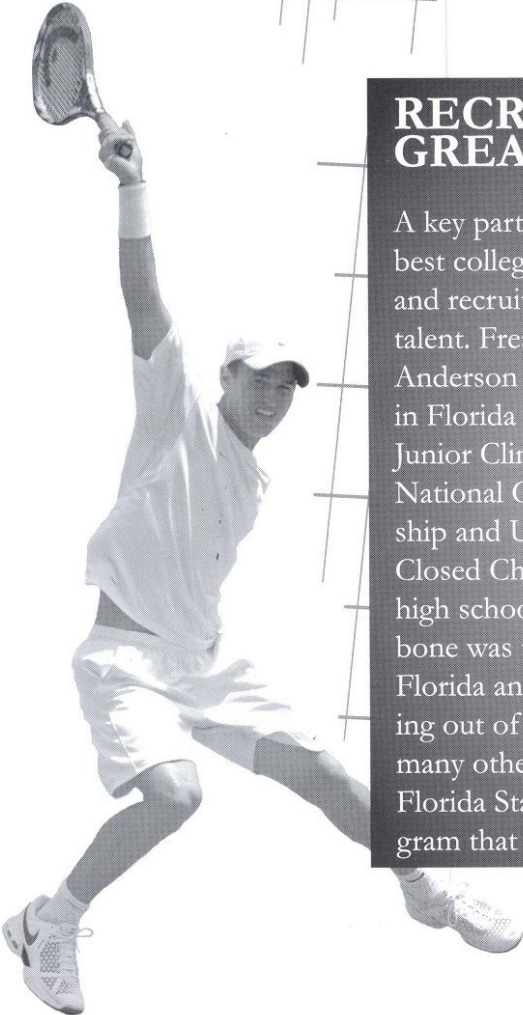

Having such a successful program over the past 10 years, it is not a surprise that there would be some exceptional athletes playing for the Seminoles. Mat Cloer, a two time ACC Player of the Year and now an assistant coach for FSU, was named the first All-American singles athlete in program history in 2005. 2009 ACC Player of the Year Jean-Yves Aubone has also been named an All-American in singles in both 2008 and 2009.

SEMINOLE TENNIS

RECRUITING GREAT TALENT

A key part of putting together the best collegiate team is going out and recruiting the best high school talent. Freshmen Connor Smith and Anderson Reed were ranked No. 1 in Florida and Alabama, respectively. Junior Clint Bowles won the 2007 National Clay Court Championship and USTA Florida Junior State Closed Championship as a senior in high school. Senior Jean-Yves Aubone was the No. 1 ranked player in Florida and No. 3 in the nation coming out of high school. These and many others have helped establish Florida State's reputation as a program that attracts elite talent.

GOLDEN ACES

SEMINOLE TENNIS

Helping to promote spirit and tradition, The Golden Aces will be assisting the nationally-ranked FSU men's tennis program in 2009-10. The group of 16 women will have many duties throughout the year, helping promote Florida State tennis throughout campus and the city of Tallahassee.

At each home match, they will be responsible for four different areas. The Golden Aces will be helping serve upper-level Golden Spear booster members during the pre-match Coach's Chat Socials. They will also be located in the reserved booster seating area at the Scott Speicher Tennis Center, helping assist members to their seats and being available to serve them throughout the match. There will be a boosters information table where some of the Golden Aces will be helping advertise Florida State men's tennis and inform match spectators on the numerous ways that they can help get involved and support the team. Lastly, the Golden Aces will help coordinate

the Ball Kids at each match. There will be kids at each court helping collect balls that get hit into the net or onto other courts to give a more professional experience for the athletes.

Along with their work at each home match, each member will be on a team that will focus on one of four different areas throughout the course of the year: spirit, events, scrapbook and marketing. The spirit team will create banners for the spring home matches and put together goodie bags for the players and coaches when they go to away matches. The events team will be planning and coordinating outside events like our spring banquet and

golf tournament in the fall. The scrapbook team will be collecting all articles in print and online to archive to help develop an archive of FSU men's tennis as well as being able to create a Senior Scrapbook for seniors each year to have to remember their time as a member of the Seminoles. The marketing team will assist FSU Sports Information and the Tallahassee Democrat in advertising home matches and other events. They will contact out-of-town boosters when FSU will be playing in their area.

For more information, please contact Alex Douglas at (850) 644-1893 or amd06j@fsu.edu beginning April 1, 2010.

SEMINOLE BOOSTERS

THE GOLDEN SPEAR CLUB

The Golden Spear Club is designed to provide "grass roots" support for the men's and women's tennis programs at Florida State University.

The objective of the club is to assist the athletics department in promoting FSU tennis throughout our community and country. The club serves in generating interest and enthusiasm for FSU tennis as well as providing funds that directly benefit our student athletes. Your donations strengthen the programs by providing equipment and access to unique travel opportunities.

Your membership to the Golden Spear Club is 100% TAX DEDUCTIBLE and helps support the club's activities and the Florida State University Tennis Program. Although Golden Spear Club memberships are not accompanied with traditional

Booster Club benefits. You will have personal opportunities to get to know the athletes you are sponsoring. You can take pride in the fact that FSU Tennis will remain nationally competitive because of your support.

We welcome you to become a part of the Golden Spear Club and join other tennis enthusiasts in the fun of supporting FSU Tennis. Go Noles!

TENNIS ENDOWED SCHOLARSHIP

From Miami to Minneapolis, and from Warsaw to Walla Walla, young men and women come to Florida State University to embrace educational excellence, and to compete as a Seminole. Many would not have the opportunity to receive that college education without their athletic scholarship. These young people work hard, and proudly represent Florida State as a winner on the national stage, attracting the attention to our University that winners bring.

Florida State Athletics provides each of our men's and women's teams with the maximum number of scholarships allowed by the NCAA. In addition to the student-athlete competitors, scholarships are also provided to student trainers, managers and graduate assistants who are vital to the athletic program.

The last 15 years have seen a three-fold rise in the cost of athletic scholarships at Florida State. Today, more than \$300,000 is needed to permanently endow a Florida State athletic scholarship. Most of

"Without the support of our fans we would have never experienced the successes we have. Now, more than ever, we need to continue to grow our club so that we can continue to take our team to the next level."

- Head Coach Dwayne Hultquist

the top public universities with whom Florida State competes and to whom we are compared, have endowed all of their athletic scholarships.

Established in 1986 under the direction of William M. Parker of Clearwater, the Seminole Boosters Endowed Scholarship Program is the final step toward perpetual funding of all scholarships for student-athletes at Florida State.

Those individuals who contribute to the endowment fund for athletic scholarships at Florida State University gain membership in the Seminole Heritage Foundation.

Thanks to the efforts of Ginny Futch, Betty Sprague and James Howarth the endowment of the Florida State tennis programs are well on their way.

THANK YOU

Florida State Men's Tennis is committed this season to connecting with our community through various events. We realize that in order to achieve success out on the courts, we need the support of our outside community. We want to thank all of our boosters for becoming a part of our team and helping to continue building the tradition of Florida State Tennis.

ANNUAL KICK-OFF BANQUET

SEMINOLE TENNIS

Each year, the Florida State men's and women's tennis programs serve up the Seminole Tennis Kick-Off Banquet to ring in the new season and get fans and supporters ready for the season. Boosters, local supporters, former coaches and athletes and many other faces come together annually to celebrate Florida State's success and recognize the accomplishments of the student-athletes on and off the court in academics and community service. The banquet gives the Florida State tennis programs the opportunity to show their appreciation to all the supporters for their continued efforts to keep Florida State among the elite tennis programs in the nation.

The event is held on the eve of the home opener and usually draws more than 500 people. Past special guests have included NFL quarterback and former Seminole Brad Johnson and Tony Trabert, a five time Grand Slam winner and the 2009 speaker Malavai Washington who won 14 singles titles. This year's speaker is Dick Gould who coached Stanford to 17 NCAA Championship Titles.

SPEICHER TENNIS CENTER

SEMINOLE TENNIS

With the first stage of construction completed in the summer of 1993, the Scott Speicher Tennis Center at the Donald Loucks Courts opened its gates to the public for the first time at a Children's Miracle Network charity tournament. Since then, many successful tournaments including the 1996 NCAA Women's Championships and 2007 and 2008 NCAA Regionals have graced the courts at one of Florida State University's premier athletic facilities.

Costing \$1.2 million to build and then another \$800,000 for recent additions, Florida State's Speicher Tennis Center has become an example of the increasing dedication and commitment the University has to all of its 19 varsity athletic programs.

The Speicher Tennis Center houses 12 lighted hard courts, over 1,000 court level seats, coaching offices, men's and women's locker rooms, equipment and storage rooms, a team lounge and a public address system. The growing pride Florida State has for its tennis program and its premier tennis center was honored just after it's opening in 1994, when the United States Tennis Association (USTA) awarded the structure with its "Top Notch" facility award.

The Speicher Tennis Center was named in honor of

Lieutenant Commander Michael Scott Speicher, a graduate of Florida State University. Speicher was considered the first American casualty during Operation Desert Storm, but was later reclassified by the United State's government as missing in action in 2001 and missing or captured a year later. However, in 2009 Speicher's remains were found in the Anbar province of Iraq after a nearly 20-year search. The Scott Speicher family was later honored by Florida State at a home football game with a missing man formation flyover from the Navy. By Presidential directive, the facility bears the name the "Scott Speicher Tennis Center."

In 1947, Loucks became Florida State's first basketball coach and a year later was named the school's first tennis coach. His tennis team was the first athletic team. The varsity tennis courts were named for Loucks in 1981. He served as Dean of men from 1957-1967 and was known as a servant of leadership, service and devotion to many worthy causes.

The Speicher Tennis Center was designed by EMO/Architects, Inc., a Tallahassee-based architectural firm, in collaboration with Global Consult Group, Inc., an internationally recognized Tennis Facility Design Consultant. The complex was funded by private sources and supervised through the state university system of Florida.

Through its 15 year existence, the Scott Speicher Tennis Center at the Donald Loucks Courts has served as the home courts for all Florida State men's and women's home dual matches, the annual Seminole Fall Classics, City of Tallahassee tennis championships, various USTA regional and zonal tournaments, the 1994 and 1995 Men's Intercollegiate tournament and the an-

annual Children's Miracle Network Charity Invitational benefiting Shands Hospital in Gainesville.

The past three years, Florida State had the honor of hosting the first and second rounds of the NCAA Tournament at the Speicher Tennis Center.

"I think it is a big advantage to host and to be able to play on your home court," FSU men's tennis coach Dwayne Hultquist said. "To have the fans behind you and to be familiar with everything around you is important."

The tennis center has also been the site for the ITA Summer Circuit for men's and women's tennis in which high school and collegiate athletes participate in singles and double matches.

INDOOR FACILITY

The next step towards building an elite program is Florida State's Indoor Tennis Facility. The Seminoles look to cut down on missed practices and cancelled matches due to inclement weather in addition to valuable practice time while preparing for National Indoor Championships during the spring season.

Phase I (of a three phased construction project for the Indoor Tennis Facility) is scheduled to begin in the spring of 2009. Florida State University along with Seminole Boosters will continue to raise money for the completion of the project. When the full build out is attained the facility will include:

- 6 Indoor Courts
- Team Locker rooms
- A Team Lounge Area
- Seating for ~500

The new facility will be located across the street from the FSU Broadcast Center and adjacent to the new Morcom Aquatics Facility and the Don Veller Seminole Golf Course and Club on Pottsdamer Road.

"We're excited about it. I think it's going to help us not miss matches because of rain, and with practice. Also, just getting ready to play indoor tennis, most people in Florida haven't played very much indoor tennis, and our team is mostly Florida players. We need to practice a little bit more indoors and get ready for matches that may be played inside, so that will help us, having a facility we can practice in."
