

Springs, one of the world's deepest freshwater springs and site of many underwater scenes in the "Tarzan" movies with Johnny Weissmuller and Maureen O'Sullivan. Safaris aboard glass-bottomed and jungle cruise boats whisk visitors within arm's length of "The Other Florida."

Outdoor enthusiasts enjoy adventures including boating and fishing on area lakes, rivers, ponds and the Gulf — just 30 minutes away. Lakes Seminole,

financial institution. The nostalgic Old Town Trolley, a replica turn-of-the-century street car, carries passengers through restored Adams Street Commons to numerous other historical downtown shops for *free* — unheard of even 100 years ago.

Minutes from downtown lies the Governor's Mansion, which resembles the home of Florida's military hero Andrew Jackson; and the 52-acre natural animal habitat and 1880s farm of the Tallahassee Museum of History and Natural Science, which provide the rare chance to walk and talk with native Florida animals.

Tallahassee remains firmly linked with the past as evidenced by the unearthed 1539 winter encampment of Spanish Hernando de Soto, the site of the first Christmas celebration in America. Visitors travel back through time as they stand in the shadow of a giant 12,000-year-old American Mastodon at the Museum of Florida History or explore other historical spots including The Knott House that Rhymes, The Columns, San Luis Mission, Lake Jackson State Archaeological Site, Natural Bridge Battlefield, First Presbyterian Church, Brokaw-McDougall House, Goodwood Plantation and Adams Street Commons.

Nearby, alligators lazing in the sunshine and anhinga "snake birds" perched on twisted cypress branches are seen at Wakulla

Jackson and Talquin are renowned in the bass fishing world for yielding the "big ones," and dense forests offer an abundance of prize-winning game. Local wildlife areas such as the Florida National Scenic Trail, St. Marks National Wildlife Refuge and Apalachicola National Forest are among many spots for camping, picnicking, swimming, biking and exploring.

Appealing to the strokes of different folks, Tallahassee also features 99 holes of golf on six courses and a proliferation of tennis centers. Sideline athletes cheer the nationally-ranked Florida State Seminoles, Florida A&M Rattlers and the Tallahassee Tiger Sharks, of the East Coast Hockey League. And always a sure bet are the nearby greyhound races.

A sport of sorts, shopping at two regional malls and many specialty centers offer many "playing options" — from popular chains to curiosity and antique shops.

Cultural interests are sparked by widely-acclaimed museums and galleries and elaborate entertainment at the 14,000-seat Tallahassee-Leon County Civic Center.

Tallahassee is a collaboration of power-play politics and classical character splashed with a twist of Southern beauty and charm. Tallahassee is Florida with a Southern accent.

fsu swimming & diving

# This is Florida State

Florida State University, celebrating its golden anniversary as a coeducational graduate research institution in 1997, has joined the nation's elite in both academics and athletics.

Located on the oldest continuous site of higher education in Florida and building rapidly on the framework of a highly regarded liberal arts college for women, the University has emerged over the past 50 years as an institution of national and international esteem. Its stature is evidenced by a number of additions to its record of excellence in the 1990s:

>> In 1994, Florida State was classified a "Research University I" by the Carnegie Foundation, placing it among the nation's top research universities.

>> In 1994, the college referral service, "Who's Who Among American High School Students," placed FSU among its top 10 — with such universities as Harvard, Duke, Stanford, North Carolina-Chapel Hill, Michigan-Ann Arbor and Yale — of most frequent choices of more than 100,000 of the nation's best and brightest high school students who asked that a specific college be notified of their recognition in "Who's Who."

>> Vice President of the United States Al Gore spoke

Center is a national leader in "smart card" systems.

>> At the forefront of supercomputing since obtaining its first high-speed computer in 1985, FSU took yet another step in ultrafast and parallel computing in 1990 when it acquired two supercomputers, the Thinking Machine Corp. Connection Machine and the Cray Y-MP.

>> In fall 1994, the first tenants moved into the east side of the \$100 million University Center, a classroom-and-office facility at Doak Campbell Stadium; the stadium's south end zone also was enclosed and the adjacent Moore Athletic Center expanded. With the completion of the west side in 1996, University Center now provides 550,000 square feet of much needed academic space and a centralized location for student services.

>> In 1990, Florida State ranked second in popularity nationwide among high school seniors, based on the number of students who request that their Scholastic Aptitude Test (SAT) scores be sent to an institution. FSU was the only institution listed among the top 10 choices of both black and white college-bound students.

at the dedication of the National High Magnetic Field Laboratory at Florida State in 1994. The National Science Foundation established the \$100 million magnet lab in 1990 at FSU, which is partnered in research with the Los Alamos National Laboratory and the University of Florida. A Nobel laureate in physics and a top Russian physicist were among the first scholars drawn to the faculty. The world's largest magnet — two stories high and capable of generating 45 tesla or 1 million times the Earth's magnetic field — was installed in 1995 at the NHMFL, located in the off-campus research complex, Innovation Park. In 1996, the NSF renewed and increased by 50 percent the NHMFL's funding for another five years.

>> FSU created the first multipurpose student identification/banking card. The Card Application Technology

>> FSU's high-tech program in structural biology in 1991 received the University's largest single foundation grant, \$4 million.

>> Capping more than a decade of national prominence in intercollegiate athletics, Florida State's athletic teams, nicknamed "Seminoles," joined the Atlantic Coast Conference as its ninth member in 1990. The FSU football team won the 1993 National Championship and its quarterback, Charlie Ward, won the University's first Heisman Trophy.

>> The Dr. Bobby E. Leach Center, a state-of-the-art student recreation facility, with a pool, saunas, basketball and racquet-sport courts, was completed in 1991.

>> FSU ranked 20th in the nation for 1990-91 in the number of black Ph.D. students it graduates. Over the

fsu swimming & diving

five years, 1986 to 1990, FSU ranked eighth nationally by granting doctorates to 70 African-Americans.

As this list of highlights attests, Florida State is excelling in the 1990s with exceptional strength, energy and vision for the future.

Under the leadership of the University's 12th president, Talbot "Sandy" D'Alemberte, who took office in January 1994, FSU will continue to build on the foundation of its history of excellence in scholarship, research and service.

A senior member of the 10-member State University System, FSU was founded as an institution of higher learning in 1851 by legislative act and began in Tallahassee with its first students in 1857.

Today, FSU's operating budget is \$474.3 million. Faculty and administrators generate more than \$102 million annually in external funding to supplement state-sponsored research. Three direct-support organizations serve to bolster the University: FSU Foundation, which raises millions in private gifts to support academics, Seminole Boosters and FSU Alumni Association.

The main campus is spread over 451.6 acres in Tallahassee; FSU, which has one of the smallest campuses in the SUS, has been actively acquiring land in the 1990s after years of being landlocked at 347 acres. FSU owns 1,281 acres in Leon, Bay, Franklin and Sarasota counties.

Within the state, the University maintains facilities at its 25-acre campus in Panama City, its Marine Laboratory on the Gulf of Mexico, the Appleton Museum in Ocala and the Asolo Performing Arts Center in Sarasota. The Center for Professional Development and Public Service, housed in the Augustus B. Turnbull III Florida State Conference Center on the edge of the campus, provides extensive credit and non-credit continuing education programs statewide.

Florida State offers 286 graduate and undergraduate degree programs through its eight colleges — Arts and Sciences; Business; Communication; Education; Engineering (operated jointly with Florida A&M University, a historically black institution); Human Sciences;

Law; and Social Sciences (which also incorporates the Reubin Askew School of Public Administration and Policy) — and eight schools — Criminology and Criminal Justice; Information Studies; Motion Picture, Television and Recording Arts; Music; Nursing; Social Work; Theatre; and Visual Arts and Dance.

With 1,655 members, the FSU faculty has included nine National Academy of Sciences elected members, nine American Academy of Arts and Sciences fellows and five Nobel laureates. It is backed by 2,887 administrative/professional and support staff.

Library holdings at Florida State include 2.1 million book titles, 16,384 serials and 4.5 million microforms. The main library facility, the Robert M. Strozier Library, is linked by computer to other state university and national research libraries. The Paul A.M. Dirac Science Center Library is located at the heart of the University's science research complex. FSU also maintains extensive music, library science and law libraries.

Graduate students, who number more than 5,929, pursue advanced degrees in fields as diverse as business administration and theoretical particle physics. A majority of research done at FSU is the direct result of student effort, culminating in numerous books, monographs and journal articles relating to the whole spectrum of intellectual interests and the practical needs of society.

FSU, a residential campus, places a high priority on its 30,264 students and their needs and interests (of the student population: 45 percent are male; 55 percent are female; 20.1 percent are minorities; and 2.5 percent are foreign students). The University Honors Program, Disabled Student Services, International Student Center, Student Government, Flying High Circus and intramural sports are among more than 200 organizations and activities in which students may participate.

In all areas of its mission — excellence in teaching, research and public service — Florida State University is advancing boldly toward the 21st century.

1998

## ACADEMIC SUPPORT

Academic, personal and professional support are essential to college success. At Florida State University, we have developed an outstanding support program which enables student-athletes to reach their full potential.

**Russ Barbarino**  
Men's Strength Coach

FSU's academic support philosophy is "to offer an academic support program integrated with the total university that will assess all student-athletes with the transition into college and provide continued support in all phases of academic and professional development culminating with graduation, job placement or graduate school."

**Ron Miller**  
Woman's Strength Coach

To accomplish this goal, FSU has developed an academic environment which facilitates the academic success of student-athletes. Student success is encouraged through competent academic counseling, career exploration, planning and placement and academic assistance through tutorial programs.

**Frank Bradley**  
Men's Team Manager

The program operates on a "proactive" rather "reactive" approach. At Florida State, the academic staff does not wait for an academic crisis to occur. They gather important background information and build an academic profile on all student-athletes to assess their needs in advance. Coaches also stay informed on the daily progress of each student athlete.

The academic support services are located in the state-of-the-art University Center and are on the sixth floor of the \$126 million facility. It includes private study carrels, a tutorial study area and a computer lab outfitted with 16 new IBM computers and laser printers. In addition, athletic sky boxes are utilized for group and individual tutorial instruction.

FSU offers 16 Schools and Colleges with 99 undergraduate degrees and 75 post-baccalaureate degrees.

## STRENGTH AND CONDITIONING

Strength training and conditioning are an important part of an athlete's performance. At Florida State, a supervised program has been developed for swimming and diving, emphasizing the objectives of not building bodies, but strengthening and conditioning them. Women's strength coach Ron Miller, a former ACC Senior Scholarship Athlete of the Year for the FSU men's basketball team, and men's strength coach Russ Barbarino individually customize programs for each of the athletes beginning with pre-conditioning before the season gets underway. Miller, who is a member of both the National Strength and Conditioning Association and Aerobics and Fitness Association of America, works with the players in sport specific training which includes conditioning the major muscle groups used in swimming and diving. FSU takes pride in customizing the programs to help student-athletes reach their maximum potential.

## WEIGHT ROOM

The Tully Gymnasium weight room recently took on a whole new look following a complete renovation in the summer of 1996. The facility, which was expanded by 2,000 square feet, is now 3,500 square feet in size with a new stereo system, drop ceiling, lighting and mondo rubber flooring.

Over \$140,000 worth of new exercise equipment was added to the Lady Seminole weight room, including 16 cardiovascular pieces such as Life Fitness, Stairmaster and Textrix. All Florida State women athletes train in the state-of-the-art facility.

## MEDICAL CARE AND TREATMENT

An athlete can expect to receive the best care and treatment possible with the athletic training team at Florida State University. Prior to competition, all FSU student-athletes undergo screening in order to detect any potential injuries. If a problem is detected, the athlete may be placed on a prevention care system which may include any kind of treatment from icing to exercising. Head women's trainer Robin Gibson oversees the athletic training duties for swimming and diving. Women's trainer Jeremy Crow and men's trainer Andrew Orrillo

**Robin Gibson**  
ATC, LAT

handle the day to day activities and athletic training for the teams.

Though the prevention of injuries is the main objective, some injuries are unavoidable. Rehabilitation is another component of the Florida State training room. The FSU athletic training staff will work with the athlete and provide an intense rehabilitation schedule that will allow the athlete to successfully rehabilitate after an injury. Some injuries and illnesses may be referred to the Seminole team physicians at the Tallahassee Orthopedic Center, who, for many years, have worked in conjunction with the FSU athletic training staff in successfully rehabilitating athletes after an injury.

Nutrition counseling and drug testing are also responsibilities of the athletic training team which is dedicated to providing the best care possible for all FSU student-athletes.

**Florida State University Academic Support Staff**

fsu swimming & diving

## THE NOLES PROGRAM

**NEW OPPORTUNITIES FOR LEADERSHIP EDUCATION AND SERVICE**

clearly defined program of service, student-athletes are given the opportunity to develop the foundation for a lifelong commitment to volunteerism. The Seminole Spirit Student-

Athlete Speakers' Bureau enables student-athletes to improve their speaking skills, develop effective communication and impact the lives of others through their service as role models in our community.

Developed by the Florida State University Department of Athletics, the NOLES program represents a commitment to the total growth and development of the student-athlete. This program establishes an administrative commitment to academic and athletic excellence. Those efforts will be supported with programs and services in personal development, career development and community service.

### PERSONAL DEVELOPMENT

Fostering the development of personal growth is a fundamental component of the NOLES program. These support programs ensure that the student-athlete will be provided opportunities to focus on personal growth issues such as values clarification, goal setting, fiscal planning, decision making and personal responsibility. Programming focuses on helping student-athletes develop a healthy lifestyle while they are at Florida State and habits that will benefit them for life.

### CAREER DEVELOPMENT

Preparing for life after college sports is a major focus of the NOLES Career Development program. The program is designed to work cooperatively with the University's Career Services to acquaint students with the job search process, provide networking opportunities and ultimately assist with job placement. This program places a priority on the development of the total person, with the goal of developing individuals who will have rewarding careers and productive lifestyles after they leave Florida State.

### COMMUNITY SERVICE

Serving the community is the focus of our Seminole Spirit program. Student-athletes are challenged to give service to our community and individuals who are in need. With a

### LEADERSHIP DEVELOPMENT

The Florida State University Department of Athletics is committed to developing programs of excellence that foster leadership development. The foundation of the leadership development program are the Seminole Leadership Institutes that are held four times a year. These Institutes offer student-athletes the opportunity to learn skills that will benefit them as students, as athletes, and as they pursue their goals after leaving Florida State. The Institutes are based on building communication skills. Students have the opportunity to use the values and work ethic taught by athletic participation as the framework for their leadership development. The Institutes attract outstanding guest speakers who challenge Seminole student-athletes to achieve their greatest potential and use their leadership skills to positively influence others.

The Student-Athlete Advisory Council (SAAC) serves as the advisory board to the NOLES program and the athletics administration. The prestigious board, comprised of two representatives of each athletic team at FSU, also recommends programming and serves as a liaison between student-athletes and the athletics administration. The Advisory Council plans and implements various events for student-athletes and serves as the department's most visible ambassadors. The SAAC hosted the annual Golden Nole banquet and planned such events as orientation for incoming student-athletes and the back-to-school picnic.

The following information is provided by the Florida State Office of Compliance for prospective student athletes. It is intended as a guideline to introduce some of the rules governing NCAA athletic involvement.

## >>WHO IS PERMITTED TO RECRUIT FOR FSU?

Only Florida State University coaches who have successfully completed the NCAA Recruiting Rules Examination on an annual basis may be involved in the recruitment process. Representatives of our athletics interests **may not** make any recruiting contacts. This includes letters, telephone calls or face-to-face contact on or off campus with a prospect or the prospect's parents.

## >>KEY TERMS YOU SHOULD KNOW

You become a **prospective student-athlete** if you have started classes for the ninth grade. Before the ninth grade, you become a prospective student-athlete if the college provides you (or your relatives or friends) any financial aid or other benefits that the college does not provide to prospective students generally.

A **contact** is any face-to-face encounter between a prospect or the prospect's legal guardian and an institutional staff member or athletic representative during which any dialogue occurs in excess of an exchange of greeting. NOTE: At the Division I level, athletic representatives (boosters) may not contact you for the purpose of recruiting. A college coach may contact you in person off the college campus beginning July 1 after completion of your junior year in high school.

An **evaluation** is any off-campus activity designed to access your academic qualifications or athletic ability, including any visit to your high school (during which no contact occurs) or the observation of any practice or competition in which you participate.

During your senior year, you can have one expense-paid **official visit** to a particular campus. You may receive no more than five visits. During your official visit, which may not exceed 48 hours, you may receive round-trip transportation between your home and the campus, and you (and your parents) may receive meals, lodging and complimentary admission to campus athletics events.

## PHONE CALLS AND LETTERS

Phone calls from faculty members and coaches (but not boosters) are permitted beginning July 1 after completion of your junior year. A college coach or faculty member is limited to **one telephone call per week** except when it is:

- > During the five days immediately before your official visit to the university
- > On the day of a coach's off-campus contact with you
- > During the time beginning with the initial National Letter of Intent signing date in your sport through the two days after signing date

Letters from coaches and faculty members (but not boosters) are not permitted until September 1 at the beginning of your junior year in high school. A Division I university may provide you with the following printed materials:

- > General correspondence, including letters, U.S. Postal Service postcards and institutional note cards
- > Game programs which may not include posters and one Student Athlete Handbook can be provided only during official or unofficial visits to the university's campus
- > NCAA educational information
- > Pre-enrollment information subsequent to signing a National Letter of Intent with the university
- > One athletic publication which may include only one color of printing inside the covers

> Official academic, admissions and student services publications published or videotapes produced by the institution and available to all students

> Schedule cards

> Questionnaires which may be provided prior to your junior year

> Summer camp brochures which may be provided prior to your junior year.

## >>ALUMNI AND BOOSTERS DO'S AND DONT'S

You **may** forward information about prospective student-athletes to the appropriate coaches.

You **may** have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and the Compliance Office is aware that you are making these contacts in regard to employment.

You **may** have a telephone conversation with a prospect **only** if the prospect initiates the call. Such a call may not be prearranged by an institutional staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about our athletics programs to an athletics department staff member/coach.

You **may** view a prospect's contest at your own initiative provided you do not contact the prospect or his/her parents. In addition, you may not contact a prospect's coach, principal, or counselor in an attempt to evaluate the prospect.

You **may** continue established family relationships with friends and neighbors. Contacts with sons and daughters of these families are permitted as long as they are not made for recruiting purposes or encouraged by Florida State University coaches.

You **may not** become involved in making arrangements to receive money or financial aid of any kind for a prospect or the prospect's family and friends.

You **may not** make contact with a prospective student-athlete and his/her parents when the prospect is on campus for an official or unofficial recruiting visit.

You **may not** transport, pay or arrange for payment of transportation costs for a prospect, and his/her relatives or friends to visit campus (or elsewhere).

You **may not** pay or arrange for payment of summer camp registration fees for a prospect.

You **may not** provide **anything** to a prospect, the prospect's family or friends without prior approval from the athletics' Compliance Office.

**ROBERT MINNIX**

Assoc. AD for Compliance and Legal Affairs

1998

# 30th Year Anniversary of Women's Sports

Florida State kicked off the year celebration when volleyball's Gabrielle Reece returned to Tallahassee in July to help unveil the 30th Anniversary logo.

While women's athletics has held a rich tradition in Tallahassee since the 1920's when Florida State was the Florida College for Women, the 1998 season marks the 30th Anniversary for a continuous women's athletics program at Florida State University.

Through the years, a foundation of excellence, both athletically and academically, has been planted upon which a winning tradition continues to grow.

**FSU'S WOMEN'S NATIONAL CHAMPIONS**

- Golf** 1981 AIAW Championship
- Softball** 1981 & 1982 AIAW Champs
- Track** 1984 NCAA Outdoor Champs
- Track** 1985 NCAA Indoor Champs

## 30 Years of Excellence

### 1968-1973

In 1968, the **volleyball** team was Florida State's first women's intercollegiate athletics team.

Women's **track and field** was added as an intercollegiate sport in 1969. The **volleyball** squad played in its first national tournament in 1972.

### 1974-1978

The **Lady Seminole logo** became the symbol for Florida State women's athletics in the 1974-75 season.

By the 1975-76 season, Florida State University sponsored seven women's **intercollegiate teams**.

### 1979-1983

**Sharon Spuler**—Swimming 11-time All-American.

**Lenore Gribble**—Swimming 10-time All-American.

The 1981 season marked the first of two straight **AIAW National Championships** for Head Coach JoAnne Graf and the Lady Seminole softball program.

Head Coach Verlyn Giles led Florida State to the 1981 **AIAW National Collegiate Golf Champion-ship title**.

Softball's **Darby Cottle**, a two-time All-American, was named the slowpitch **National Player of the Year** in 1982.

**Jamie Kaplan** (pictured) and **Lee McGuire** were the first two women's **tennis** players at Florida State to earn an invitation to the NCAA tournament.

### 1984-1988

One of the most prolific scorers ever to play at Florida State, **Sue Galkantas** scored an unbelievable **2,323 points**, the most points scored by a basketball player — male or female — in FSU history.

## Lady Seminole Milestones

fsu swimming & diving

The Florida State **track and field** team brought home the NCAA Outdoor National Title in 1984 and the NCAA Indoor National Title in 1985.

In 1987, **All-American Tiffany Daniels** led the Lady Seminoles to their first College

World Series.

## 1989-1993

**Volleyball** won five Metro Conference Tournaments, three during the career of standout Gabrielle Reece. Reece has gone on to captain Team Nike in the Bud Light Four-Woman Tour.

**Kim Batten** established herself as one of the finest **track** athletes in school history. The nine-time All-American set the world record

in 1995 with the addition of **women's soccer**. These 1995 ACC Individual champions are just a glimpse of the success that the FSU women's **swimming** team has had.

in the 400-meter hurdles in 1995 and won the Silver Medal in the 1996 Summer Olympics in Atlanta, Ga.

Florida State **golf's Kathy Grant** won the 1990 Metro Conference Individual championship title in 1990.

The 1990-91 **women's basketball** team placed first at the 1991 Metro Conference Tournament and went on to record its first win in NCAA Tournament play and advanced to the tournament's second round.

In 1992 the Lady Seminole **softball** team earned its first of six ACC Tournament titles (to date) on its way to recording a program best 63-9 record.

## 1994-1998

A new era of Florida State athletics began

All-American **Lori Sowell** gave FSU its best-ever individual performance at the NCAA Division I **Tennis** Championships when she reached the third round at the 1996 Championships which was hosted by Florida State.

**Shamalene Wilson**

began her **softball** career as ACC Rookie of the Year and four years later concluded with ACC Player of Year honors as well as First Team All-American

accolades.

In 1997, softball's **Dr. JoAnne Graf** became just the second coach in NCAA Division I softball history to amass **900 victories**.

Groundbreaking ceremonies for Florida State's new **state-of-the-art soccer/softball complex** were held in the spring of 1998.

fsu swimming & diving

# Women's 1997-1998 Review

Despite a sixth place finish at the Atlantic Coast Conference meet last February, the women's swimming and diving team finished the year 5-2, winning their only ACC dual meet of the year with a victory over North Carolina State in October. The Lady Seminoles took the season as a learning experience and carry over those lessons to the 1998-99 season.

The Lady Seminoles opened the season hosting Miami and took away a 124-119 win. FSU swept Florida Atlantic (158-85), Florida A & M (206-18) and Indian River Community College (141-102) in a quad meet the following weekend in Tallahassee. Kristie McRoberts won the first event of the day in the 1000 Free with a 10:36.01 finish as Meagan Bradley finished only 4 seconds behind her. Sherri Fowler added points for the Lady Seminoles as she won the 500 Free and finished third in the 200 Free. The divers took the top three spots in the 1-meter diving and took the first, second and fourth place finishes in the 3-meter. The Lady Seminoles hosted North Carolina State Halloween weekend without their All-American Anne Blachford as she was out with a broken collarbone. In the final home meet of the season, Kristen Adams led the way for the women as she won the 200 and 500 Free. Other first place finishes included Ann Parker in the 100 Free, Kristie McRoberts in the 1000 Free, Sherri Fowler in the 200 IM and Samantha White in the 200 Breast. With eight first place finishes the Lady Seminoles took the win 134-109.

Florida State then headed to Auburn for the Auburn Invitational where the Lady Seminoles finished fourth. Fowler led the team with a 5th place finish in the 400 IM and 200 Fly and 9th in the 500 Free. Adams also added points finishing 7th in the 500 Free, 9th in the 100 Free and 13th in the 400 IM. McRoberts finished 6th in the 1650 and Samantha White finished 9th in the 100 Breast to round out the scoring. The Lady Seminoles then traveled to Gainesville to take on the Florida Gators. Despite

many top three finishes, the Lady Seminoles took their first loss of the season 83-157. Fowler won the 200 Fly and finished 3rd in the 500 Free and 2nd in the 200 IM. Blachford also added valuable points with a 3rd place finish in the 200 IM and 200 Breast as Adams finished 2nd in the 500 Free and 3rd in the 100 and 200 Free events.

The Lady Seminoles finished their fall season with a fourth place finish at the Georgia Invitational. Adams had the highest finishes of the meet with a 5th place finish in the 200 Free and a 9th place finish in the 100 Free. The divers added valuable points with 3rd, 4th and 5th place finishes on the one and three meter springboards.

FSU returned to action as they traveled to Louisiana State in the only dual meet of the spring season as the Lady Seminoles fell to LSU 97.5-141.5. Fowler won the 200 Fly as Blachford, Katie Decker and White took the top three positions in the 200 Breast. Adams contributed points with her 2nd place finishes in the 100 and 200 Free as Karin Holmstedt, Ann Parker, Kara Thomas and Blachford won the 400 Free Relay.

The Atlantic Coast Conference meet was the final stop for the Lady Seminoles. Despite a 6th place, the Lady Seminoles had many top finishes. Blachford took a 2nd place finish in the 100 Breast, a 4th place finish in the 200 Breast and a 5th place in the 200 IM. White finished 3rd in the 100 Breast and 9th in the 200 Breast as Adams finished 6th in the 200 Free, 8th in the 100 Free and 9th in the 500 Free. Adams also joined Tenelle Ramer, Ann Parker and Meagan Bradley on the 3rd place 800 Free Relay team. In diving action, Sarah Henderson finished 4th on the 1-meter as Marya Sabesky finished 7th on the 3-meter and 10th in the 1-meter. The divers completed their competition at the NCAA Regional Zonals in Athens, Georgia as all three of the divers competed on the one and three meter springboards.

# Men's 1997-98 Review

With a national champion, an undefeated season, and a 9th place finish at the 1997 NCAA's under their belt, the Florida State men's swimming team looked to have another successful year. The leadership from the upperclassmen helped guide the newcomers and the strong returners to another top year under Coach Don Gibb.

The Seminoles opened their season at home with a 145-90 win over University of Miami. The following weekend the men swept a home quad meet with Florida Atlantic, Florida A&M, and Indian River Community College with scores of 165-62, 196-24, and 166-68 respectively. The Noles then hosted Atlantic Coast Conference rival N.C. State in their final home meet and only conference meet of the year. During this meet, junior transfer Julio Santos outouched junior Brendon Dedekind in the 50 Free, an event in which Dedekind was the 1997 ACC Champion. The Seminoles then headed to the Auburn Invitational where they finished third and junior Stephen Parry qualified for the NCAA meet in the 200 Fly with a time of 1:45.83.

The Seminoles only loss of the season was against the University of Florida. After many lead changes, Florida State took the lead going into the final two events. The Gators won the 200 Breaststroke and the 400 Free Relay to take the meet and break FSU's 15 meet winning streak. The final meet for the Seminoles in 1997 was at the Georgia Invitational where they finished fourth.

As the Seminoles took off for the holidays, Parry, Dedekind, and sophomore Danny Chocron headed for the World Championships in Perth, Australia. Dedekind finished 6th in the 50 Free as Parry finished 6th in the 200 Fly. Chocron, who competed in the Open Water events, finished 16th in the 25K and 21st in the 5K. Louisiana State awaited the Noles in Baton Rouge, Louisiana after the holiday break. Parry and Dedekind led the Seminoles with Parry winning the 500 Free, 200 Free, and 200 Fly as Dedekind won the 50

Free and 100 Free with Santos finishing a close 2nd in both events. With a 3 point lead going into the 400 Free relay, Santos, Kevin Flanagan, Matt McVittie, and Dedekind clinched the win 127-115 with a first place finish in the event. The Noles completed their dual meet 6-1 and 1-0 in conference meets.

The Seminoles then headed to Charlottesville, Virginia for the ACC Championships. The men won the 200 and 400 Free Relays and the 200 Medley Relay and set many pool records. Dedekind won the 100 Breast and 50 Free in pool record times as well as finishing 2nd in the 100 Free. Parry finished 4th in the 100 Fly and 3rd in the 200 Fly. The Seminoles finished the conference meet 3rd behind North Carolina and Virginia.

The Seminoles were proud to send six swimmers to the NCAA meet in six events and two relays and brought home another National Championship. Dedekind entered the meet with the top time in the country in the 50 Free and performed to that standard. He broke the Auburn pool record with his qualifying time of 19.17 and won the event later that night in a time of 19.22. Dedekind also finished 4th in the 100 Breast and 10th in the 100 Free. Parry, the defending champion in the 200 Fly, finished 4th in the event and also finished 14th in the 200 Free. McVittie and Santos both competed in the 50

and 100 Free as Brett Petersen competed in the 100 Breast. The relays also added important points in the meet. The 200 Free Relay team of Dedekind, Santos, McVittie and Kevin Flanagan finished 7th and set a new school record of 1:18.75. Parry joined Dedekind, Santos and McVittie on the 400 Free Relay team to set a new school record of 2:56.08 and finish 7th. The Seminoles finished the NCAA Championships in 13th place with 130 points. The finish was the best among Florida schools as Miami finished 15th and Florida finished 26th. FSU also had the top finish in the ACC as Virginia finished 17th, ACC Champion North Carolina finished 30th and Maryland finished 36th.

# Atlantic Coast Conference

## THE TRADITION

Consistency. It's the mark of true excellence in any endeavor.

However, in today's intercollegiate athletics, competition has become so balanced and so competitive that it is virtually impossible to maintain a high level of consistency.

Yet the Atlantic Coast Conference has defied the odds. Now in its 46th year of competition, the ACC has long enjoyed the reputation as one of the strongest and most competitive intercollegiate conferences in the nation. And that is not mere conjecture, the numbers support it.

Since the league's inception in 1953, ACC schools have captured 72 national championships, including 37 in men's competition and 35 in women's. In addition, 108 men and 26 women have earned the coveted title of NCAA champion.

## 1997-98 IN REVIEW

The 1997-98 academic year concluded with the league pocketing three more national team titles and nine individual crowns. In all, the ACC has won 29 national team titles the last eight years.

The ACC's 1997-98 national champions were North Carolina in women's soccer and field hockey and Maryland in women's lacrosse. In addition, the ACC had five other teams participate in national title games — Florida State in football, Virginia in men's soccer and women's lacrosse, Maryland in men's lacrosse and Duke in women's tennis. Overall, ACC teams posted a 77-58 (.570) mark in NCAA Tournament play.

The ACC placed at least one team in the Top 10 nationally in 16 of the 24 sports sponsored by the

league. Other records of note during the 1997-98 season include 85 teams competing at NCAA Championships, four bowl teams and 19 Top 10 showings.

Eight ACC teams, in six different sports, representing five of the nine member institutions, earned a No. 1 ranking during the course of the past academic year.

The ACC Academic Honor Roll record was broken for the 11th straight year in 1996-97 as 1,410 student-athletes were recognized for their work in the classroom.

## THE HISTORY

The Atlantic Coast Conference was founded on May 8, 1953, at the Sedgefield Inn near Greensboro, N.C., with seven charter members - Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest - drawing up the conference bylaws.

The withdrawal of seven schools from the Southern Conference came early on the morning of May 8, 1953, during the Southern Conference's annual spring meeting. On June 14, 1953, the seven members met in Raleigh, N.C., where a set of bylaws was adopted and the name officially became the Atlantic Coast Conference.

On December 4, 1953, conference officials met again at Sedgefield and officially admitted the University of Virginia. The first, and only, withdrawal of a school from the ACC came on June 30, 1971 when the University of South Carolina tendered its resignation.

The conference operated with seven members until April 3, 1978, when Georgia Tech was admitted. The Atlanta school withdrew from the Southeastern Conference in January of 1964. The ACC expanded to nine members on July 1, 1991, with the addition of Florida State.

# Seminoles Around the World

The success of the Florida State swimming program goes well beyond Atlantic Coast Conference and NCAA competition. In fact, Seminole swimming has expanded its competition worldwide! In recent years, seven Seminole swimmers have competed in numerous world competitions, representing five continents and six countries in international competition.

1998 Gold Medal World All-Star Team at Goodwill Games

Perterson, Parry, Ang, Dedkind at the Commonwealth Games

### STEPHEN PARRY:

- represents England in many major competitions around the world
- finished 6th in the 200 Fly at the 1995 World University Games at Tokyo
- British National Champion in the 100 and 200 Fly in 1996 and the 200 Fly in 1994 and 1995
- finished 3rd at the European Championships in the 200 Fly in 1997
