# 2002-03 SWIMMING & DIVING REVIEW

## HARPER CONTINUES IMPRESSIVE REIGN AS HEAD SKIPPER

Head coach Neil Harper continued his winning ways at FSU in only his fourth year at the helm. The men tied a school record with 11 dual meet wins, a mark that had not been reached since 1962. The women swam their way to 12 victories, which stands as the second-best total in school history. Last year Harper led the women's team to a school-record 14 victories and the men to their first 10-win season since 1997. With both the men's and women's squads reaching 10 wins, Harper became the first FSU head coach in school history to lead both squads to double-digit victories in consecutive years. The feat is more outstanding when considering that the men's program finished its 54th year and the women completed its 27th year.

Harper recently improved his all-time dual meet win total to 43 for the women and 34 on the men's side. His 43 victories on the women's side are second best all-time at FSU, behind Terry Maul's (1976-1993 / 17 years) 125 wins. His combined record for the women's team is 43-13 (.768 winning percentage) and 34-15 (.846) for the men.

# THIS IS THE ACC

## THE TRADITION

Consistency. It's the mark of true excellence in any endeavor.

However, in today's intercollegiate athletics, competition has become so balanced and so competitive that it is virtually impossible to maintain a high level of consistency.

Yet the Atlantic Coast Conference has defied the odds. Now in its 51st year of competition, the ACC has long enjoyed the reputation as one of the strongest and most competitive intercollegiate conferences in the nation. And that is not mere conjecture, the numbers support it.

Since the league's inception in 1953, ACC schools have captured 88 national championships, including 44 in women's competition and 44 in men's. In addition, 114 men and 51 women have earned the coveted title of NCAA champion.

## 2002-03 IN REVIEW

The 2002-03 academic year concluded with the league pocketing three more national titles and nine individual crowns. In all, ACC schools have won 45 national championships over the last 13 years.

The conference's 2002-03 national champions were Wake Forest in field hockey, the Virginia men's lacrosse team and Clemson in men's golf. Overall, 95 ACC teams took part in post-season play, compiling an 84-64 (.568) record.

A total of 167 student-athletes from the league earned first, second or third-team All-America honors this past year.

*Emma Dutton*

In addition, the ACC produced three national Players of the Year, one national Rookie of the Year and four national Coach of the Year recipients.

The ACC placed at least one team in the top ten nationally in 16 of the 21 sports sponsored by the league for which polls were available. In all, 28 conference teams finished their season with a top-ten ranking.

## THE CHAMPIONSHIPS

The conference will conduct championship competition in 25 sports during the 2002-2003 academic year — 12 for men and 13 for women.

The first ACC championship was held in swimming on February 25, 1954. The conference did not conduct championships in cross country, wrestling or tennis during the first year.

The 12 sports for men include football, cross country, soccer, basketball, swimming, indoor and outdoor track, wrestling, baseball, tennis, golf and lacrosse. Fencing, which was started in 1971, was discontinued in 1981.

Women's sports were initiated in 1977 with the first championship meet being held in tennis at Wake Forest University.

Championships for women are currently conducted in cross country, volleyball, field hockey, soccer, basketball, swimming, indoor and outdoor track, tennis, golf, lacrosse, softball and rowing.

## A HISTORY

The Atlantic Coast Conference was founded on May 8, 1953, at the Sedgefield Inn near Greensboro, N.C., with seven charter members — Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest — drawing up the conference by-laws.

The withdrawal of seven schools from the Southern Conference came early on the morning of May 8, 1953, during the Southern Conference's annual spring meeting. On June 14, 1953, the seven members met in Raleigh, N.C., where a set of bylaws was adopted and the name became officially the Atlantic Coast Conference.

Suggestions from fans for the name of the new conference appeared in the region's newspapers prior to the meeting in Raleigh. Some of the names suggested were: Dixie, Mid South, Mid Atlantic, East Coast, Seaboard, Colonial, Tobacco, Blue-Gray, Piedmont, Southern Seven and the Shoreline.

Duke's Eddie Cameron recommended that the name of the conference be the Atlantic Coast Conference, and the motion was passed unanimously. The meeting concluded with each member institution assessed \$200.00 to pay for conference expenses.

On December 4, 1953, conference officials met again at Sedgefield and officially admitted the University of Virginia as the league's eighth member. The first, and only, withdrawal of a school from the ACC came on June 30, 1971, when the University of South Carolina tendered its resignation.

The ACC operated with seven members until April 3, 1978, when the Georgia Institute of Technology was admitted. The Atlanta school had withdrawn from the Southeastern Conference in January of 1964.

The ACC expanded to nine members on July 1, 1991, with the addition of Florida State University.
