"The new practice facility at the Seminole Golf Course is truly amazing and will help the Florida State players improve in every aspect of their games. You can practice any kind of shot, from any distance, with any club, and the facility is especially good for your short game. If we had the same facility when I was there I would have a few NCAA championship rings to my name."

"The Florida State golf program is blessed with an unbelievable practice facility – one I wish was in place when I was a student-athlete. To be able to work on your game on a well designed practice facility will help the Seminole players become world class golfers."
