## The University THIS IS FSU SOCCE

Last year was a magical time to play soccer at Florida State University. Seminole soccer players experienced it all over the last 12 months. They played for an ACC Championship. They advanced to the final four playing in the program's first ever College Cup and then they spent two weeks during the summer playing in Australia. While head coach Patrick Baker will not rest until his team reaches its ultimate goal of winning an ACC Title and a National Championship, for the fourth straight year he brought his program a step closer to realizing both of those goals.

In 2003 Florida State set new records for wins, ACC wins, best overall record, best conference record and highest ACC finish. The Tribe finished the year ranked in the top six of every poll in America and their season finished at the ultimate venue for collegiate soccer, the College Cup. Every year FSU soccer has reached new heights and the program has now taken its place among the elite programs in the nation. But being a Seminole and playing at FSU means so much more than just on the field accomplishments.

Being a member of the Florida State soccer team means you get to play in some of the most electric atmospheres in the nation. Last season FSU played in front 8,267 fans in Cary, NC at the College Cup. On three other occasions the Seminoles took the field in front of more than 3,000 fans and when the Tribe played in the Seminole Soccer Complex, the Tallahassee community continually filled the stadium with an energy unlike any in the nation. Florida State played in front of at least 1,000 fans six times at home in 2003 and the Seminoles went a perfect 6-0 in those games.

Being a Seminole means you are presented with once in a lifetime opportunities. In the summer of 2004 the Seminole soccer team spent two weeks traveling through Australia where they played three games versus the Australian Olympic team. The squad visited Sydney, Canberra, the Gold Coast, Brisbane and South Standbroke Island. The Tribe surfed the Gold Coast, visited the Sydney Opera House and the Sydney Harbour Bridge. They got up close and personal with koala bears, kangaroos, wallabies and all types of exotic birds at Currumbin Wildlife Sanctuary. The team also explored the waterfalls of Springbrook National Park and even paid a visit to the Aus-

tralia rain forest. While the NCAA permits International trips just once every four years, that dream trip became a reality for FSU's players this past summer.

When you play soccer at Florida State you not only get to play in the nation's premier soccer conference but you get to play for one of the top programs in that conference. Florida State and North Carolina are the only two ACC schools that have played for the conference title two of the last three years. Florida State and North Carolina are also the two teams in the ACC that have won the most games since 2000. And Florida State and North Carolina are the only two ACC teams that have advanced to the College Cup since 1992. Playing at Florida State is not just about being in the ACC, it is about excelling in the ACC.

Playing soccer at Florida State also means making memories on the field that will last a lifetime and sharing those memories with players and staff in a family atmosphere. It means calling up a teammate 10 years later and remembering the last 30 seconds of a double overtime win in West Virginia. Going over those last 20 seconds when a golden goal sent you and your teammates to the Elite Eight for the first time ever. Or remembering what it felt like as you counted off the last five seconds at Percy Beard Stadium. Knowing you had just gone on the road to Gainesville, defeated a highly ranked Gator team and made history by taking FSU to its first College Cup. It's the excitement the players felt in the pits of their collective stomachs as they left the locker room to take the field in the national semifinal. A game that was televised to millions of homes on

Playing soccer at Florida State also means that you get to have all those experiences while surrounded by a support staff that is in place to help you succeed in every way. Whether it is the Academic Support department providing an environment which facilitates the academic success of each student-athlete or the strength and conditioning staff whose goal is to maximize the on-field performance of each studentathlete while reducing the risk of injury. Florida State's Student Services and the N.O.L.E.S. Program (New Opportunities For Leadership, Education and Service) is dedicated to the total growth of the studentathlete and focuses on personal growth is-

sues such as values clarification, goal setting, fiscal planning, decision-making and personal responsibility.

One of the reasons those support groups can provide FSU's student-athletes with everything they need to succeed is the new Moore Athletic Center, which opened in the fall of 2004. The 176,000 square foot home of the Florida State Athletic Department houses all of FSU's support services under one roof allowing Seminole athletes a central location where they can get the help they need to thrive in all aspects of college life.

The Roger Holler Champions Training Complex is a 20,000 square foot training room with custom-built FSU equipment, platforms and weights. Academic Support's new offices include 32 computer labs for student-athletes, 10 private tutorial rooms and a five-station "Learning Center" for student-athletes with learning deficiencies and/or disabilities. The Don Fauls Athletic Training Room is 15,000 square feet and is used by all 19 Seminole varsity teams. Some of the features of the state-of-the-art training room are an in-house pharmacy, a 4,000 square foot rehabilitation room, an 8' x 40' in-ground workout pool, a 9' x 16' in-ground warm and cold whirlpool and nine extremity whirlpools.

With the unprecedented success on the field, brand new multi-million dollar facilities and unmatched levels of support, there has never been a better time to play soccer at Florida State University.

### SEMINOLE SOCCER COMPLEX

In 1995, Florida State introduced women's soccer as its 17th varsity sport. As a new state-of-the-art complex was in the planning stages, the team played its first three seasons on a renovated intramural field while Tully Gym housed the Seminole locker room. By the spring of 1998, Florida State's dream of a new complex started to become a reality, as ground was broken for the new facility and construction began. Although the new facility was not completed, the Seminoles began playing on their new field in the fall of 1998. The 1999 season marked the first full season in the new Seminole Soccer Complex, which is regarded as one of the nation's best with its new top-playing surface.

"We have the field of dreams in a beautiful stadium setting," said head coach Patrick Baker. "There are days when it looks too good to be true. Having the offices and locker rooms at the facility makes our complex all-inclusive. You don't have to leave for anything. Our players have everything at one site. It really is our home away from home."

The state-of-the-art Seminole Soccer Complex includes ticket and concession buildings and a spacious press box, including press seating, radio/television booths and high-speed Internet access. The two-level Mary Ann Stiles & Barry Smith Team Building houses the coaches' offices which overlook the soccer field, a reception area, a combined workroom, large team and coaches locker rooms, visiting team locker rooms and training and equipment rooms.

The Seminole Soccer Complex, which also houses the FSU Softball Complex, is located between Dick Howser Baseball Stadium and Mike Long Track on Chieftan Way. The facility can be accessed from both Chieftan Way and Stadium Drive.

# One of the Nation's

FSU's student-athletes contributed over 4,000 volunteer hours in service to the community in 2003-2004. They also helped to raise thousands of dollars in direct support to charities.

Florida State student-athletes volunteered their time working with students from every elementary and middle school in Leon County as well as schools in nearby Wakulla and Gadsden counties.

### ACADEMICS

Seven of Florida State's athletic teams currently have a 3.0 or better cumulative grade point average. In the spring 2004 semester, 204 Seminole student-athletes achieved a minimum 3.00 semester GPA while average team semester GPA was a 2.939.

Since joining the ACC in 1991, FSU has had six National Football Foundation and College Hall of Fame National Scholar Athlete Award winners — the most among all ACC schools and a figure that ranks second nationally in the past 11 years.

Florida State student-athletes have earned \$260,000 in post-graduate scholarships over the past nine years. They have also received 21 post-graduate scholarships from the ACC since 1992.

Award, for highest overall team GPA, seven straight years.

Football's Chris Hope received the 2002 NACDA Postgraduate Scholarship.

Academic All-American

When it comes to legendary head coaches, it is hard to argue anyone has been as fortunate as Florida State. The Seminoles have three coaches who have established records that rank them with the greatest coaches ever to roam an NCAA sideline.

Florida State is the only NCAA school with three coaches in the top 10 for all-time victories in their sport and in the top five in wins and winning percentage among active coaches. Mike Martin (baseball), Bobby Bowden (football) and JoAnne Graf (softball) have combined for 2,956 wins and each coach appears in the top two for either active winning percentage (Martin), active wins (Graf), or all-time wins (Bowden).

### Winningest Active D-I Coaches

Percentage

2. Mike Martin 3. Bobby Bowden 3. JoAnne Graf

#### Win:

1. Bobby Bowden 2. JoAnne Graf 5. Mike Martin

### Winningest D-I Coaches All-Time

1. Bobby Bowden 2. JoAnne Graf 7. Mike Martin

In 1996, Seminole Daryl Bush was the first ever recipient of the State Farm National Scholar Athlete of the Year Award, now given annually.

Florida State boasts two NACDA Post-Graduate Award winners in the last four years. The scholarship, which was originated in 2001, grants \$10,000 scholarships to its recipients.

In 2001, former Seminole Chris Weinke was the recipient of the first ever ACC Scholar Award which is given annually to an excellent athlete and top scholar who is not going on to graduate school. Football's Chris Hope (2002) and baseball's Matt Lynch (2003) have also earned the distinction.

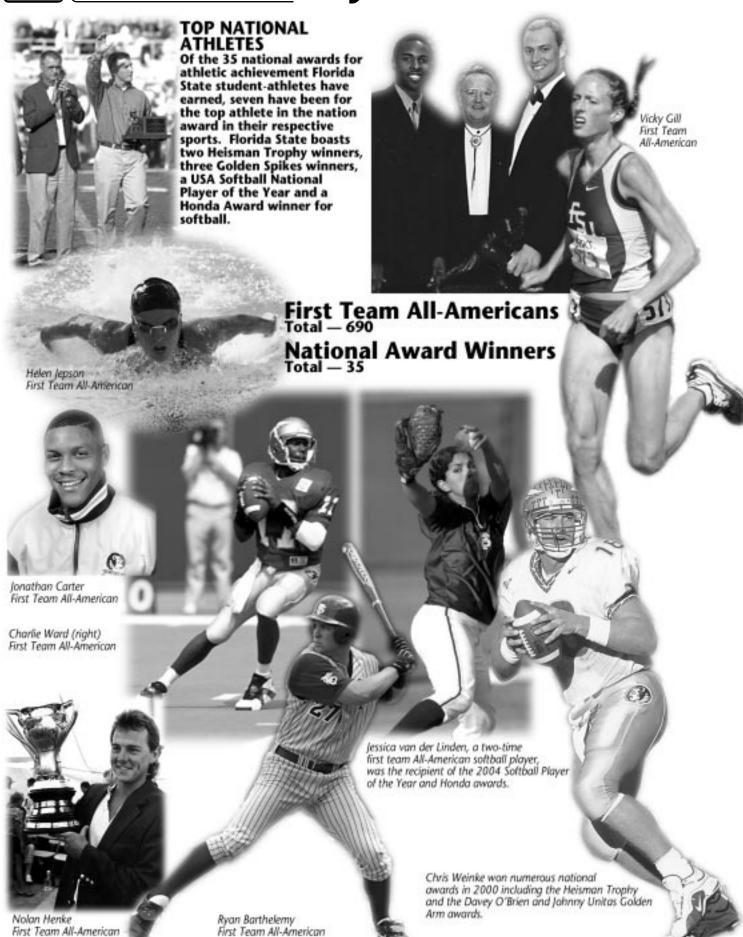

Florida State has more all-time ACC Honor Roll selections (1,671) than all-time All-ACC honorees (1,529). On top of that number, 24 Seminoles have been named Academic All-Americans and 21 Florida State athletes have received post-graduate scholarships.
