

Seminoles in Australia

Thanks to the generosity of a private donor, the Florida State soccer team wrapped up the school year by spending 13 days playing, practicing and enjoying Australia. The once in a lifetime opportunity allowed the team to visit Sydney, Canberra, the Gold Coast, Brisbane and South Standbroke Island. The players and staff had an opportunity to surf, visit the Sydney Opera House, the Sydney Harbour Bridge, Currumbin Wildlife Sanctuary, explore the waterfalls of Springbrook National Park and visit the Australia rain forest. They also played four games including three against the Australian Olympic team who are participating in the 2004 Athens Olympic Games. The trip provided the student-athletes an opportunity they probably would have never received had they not come to play soccer at Florida State University.
