A Note to the Media, Fans and Opponents

Florida State softball contact Elliott Finebloom of the Sports Information Office is ready to assist you with any questions or requests you may have about the 2001 Seminole Softball program, media guide, coaches and student-athletes. Please do not hesitate to phone, fax or write a letter to the sports information office at P.O. Box 2195; Tallahassee, Florida 32316; (850) 644-5656 phone; (850) 644-3820 fax, if we can further assist you.

Players & Coaches Interviews

All players and coaches interviews can be arranged through the sports information office by contacting Elliott Finebloom at (850) 644-5656 at least 24 hours in advance. Players home phone numbers will not be released.

How to Cover the Seminoles

Members of the media are supplied with weekly press releases, including updated individual tournament and career statistics, as well as conference and national rankings and information on upcoming games. This information may be obtained in the sports information office or at www.seminoles.com

Where the Home Matches will be

All 2000 Seminole softball home games take place at the Seminole Soccer/Softball Complex (capacity 1000). The softball field is located just south of the FSU football practice field off of Stadium Drive. Media members will be provided parking passes and will be seated in a designated area. Please notify the sports information office prior to home matches for credentials to be assigned. Any accredited photographer wishing to shoot the matches must check in with Finebloom prior to gameday so proper credentials can be assigned.

FSU on the Web

Check out the Florida State softball program on the web. Go to your internet site and type in www.seminoles.com. Once you are in the site follow the directions to the home of the Seminoles web page.

Florida State Endowments

Betty Palmer

The first endowed position scholarship for women's athletics at FSU was named in honor of Betty Palmer and fully-funded by Dr. Fran Cannon. The scholarship is held by the Seminoles starting shortstop and honors a woman who preached values as well as skills and shaped the lives of many young women throughout her life as a faculty member at FSU and a recreation supervisor.

Dr. JoAnne Graf

The architect of one of the most successful Division I softball programs in collegiate sports and the first Division I coach to reach the 1,000 win plateau, this fully-endowed scholarship honors FSU head coach Dr. JoAnne Graf. Coach Graf has achieved an unprecedented level of success throughout her 22 seasons at the helm of the Seminole softball program. Not only has she won two slow pitch National Championships but her teams have appeared in five College World Series, made 13 NCAA Regional appearances and won eight ACC titles. This endowment will ensure Coach Graf's winning legacy for years to come. Funds are continuing to be raised for this scholarship.

Judy Spainhour

This fully-endowed scholarship is funded by Professors Charles and Joan Haworth in honor of Judy Spainhour. The gift is made in appreciation of Judy's spirit and support of FSU's women's softball. The Haworths are recognizing Judy for her special sense of humor and warmth and her continued support of FSU athletics.

Carla Bingham

The fourth endowed scholarship for Seminole softball is in honor of one of our own. Carla Bingham was a two-time All-American and played third base for FSU in 1982 and 1983. She helped FSU to a 102-21 record over those two seasons and was a member of FSU's 1982 AIAW National Championship team. In 1997, Carla lost her battle with breast cancer and this scholarship assures her memory will live forever. This scholarship is continuing to be funded.

Kari Keith

Kari Keith was an amazing athlete who came to Florida State on a softball scholarship in 1986 but went on to become a twosport star on the track and the softball diamond. Keith, from Ft. Lauderdale, FL, played softball for all four years and was named to the Lady Seminole Invitational All-Tournament Team in 1987 and 1988. Although she had never picked up a javelin in her life, Keith broke the school record and qualified for the NCAA championships in just her second meet ever. She was in training for the 1992 Olympic games when she lost her life in a two-car accident in Tallahassee. This endowed scholarship pays tribute to one of FSU's best and brightest.

2001 Season Outlook

The Seminoles enter the 2001 season very optimistic and excited due to the way they finished the 2000 campaign. Although the squad started off slow due to a large turnover in starters and coaches, they finished strong and established themselves as one of the teams to beat in 2001. It was a tough ending to the 2000 season since the Seminoles finished one game short of the College World Series but the team they lost to (UCLA) ended up finishing second in the World Series. FSU once again has its sites set on a trip to Oklahoma City for a shot at the national championship.

The 2001 squad is also excited about their ACC competition, which continues to improve every year. It will be tough for the Seminoles to win their seventh straight conference championship but that is always one of their goals. This year's team features a great group of kids coming back and a bunch of super newcomers that should lead to a very exciting season. Head coach JoAnne Graf believes the 2001 squad is going to have a lot of fun and will play well together. The Seminoles are looking forward to another great year.

Position Breakdown

Pitchers

The Seminoles head into the new season with an exceptional group of players at the pitching position. Returnees Leslie Malerich and Jen White-Stokes should offer the maturity and leadership needed, while newcomer Jessica van der Linden brings the necessary skills and a fresh approach to a difficult position.

Leslie Malerich was FSU's No. 1 pitcher last year and dominated conference play and post-season play in an exceptional overall year. She went 35-15 and posted a 1.21 ERA. Malerich has received a number of awards including All-ACC, ACC Tournament MVP, All-Regional Tournament team and second team All-Southeast region. By gaining maturity and experience every year, she has become a much tougher player.

Jen White-Stokes is a senior who possesses the necessary composure on the mound and she was 13-9 with a 2.48 ERA and 14 complete games in 2000. This is the first time she has entered a season completely healthy since her freshman year and that should benefit both her personal play and the team greatly. The Seminoles are looking forward to Jen having a confident and injury-free year.

Jessica van der Linden is a newcomer to the Seminoles and she is the first left-handed pitcher the school has ever had. Though she has yet to face a college hitter because of an injury sustained last fall, she is extremely competitive and intense on the mound. Her versatility should allow her to gain the confidence needed to play at this level and she should improve throughout the season as she gets used to the college game. Her resourcefulness will allow her to play first base or an outfield position, as well as the pitching position.

Infield

The competition to start at first base is wide-open as the Seminoles enter the season. Three talented players will be vying for the starting nod. Van der Linden, who will also be pitching this year, played first base occasionally in high school, as well as in 18 and under softball leagues. She is very familiar with the position and has the advantage of being left-handed.

Beth Wade is a redshirt freshman that is still adjusting to the fast pitch game. She has played baseball and will be competing for the first base position. Elisa Velasco worked at first base in the fall and will compete for playing time at the position when she is not catching.

2001 Seaso

Brandi Stuart is a great all-around player and she returns after starting every game last year. She is a strong defensive player with tremendous range. She also gives the Seminoles a lot of speed and power at the plate. Freshman Skyla Cox should also see significant playing time at second base. She will learn a lot playing behind Stuart and that will help her gain valuable experience and confidence at the collegiate level.

Natalie Bennett enters the 2001 season as the Seminole's starting short-stop and she should really solidify the front of the infield. After coming in last year as a junior college transfer from Drake, Bennett proved that she is an exceptional defensive player and she should show improvement on the offensive end this season. Stephanie Elowsky, who appeared in 32 games last season, will back up Bennett at short.

Much like the opposite corner of the field, third base will also be a battle between three outstanding players. Staci Brandon, Becky Brock and Jackie Hirschfield will go into the 2001 season competing for the starting nod at third. Brandon, who played left field last year, spent much of her junior college career at the third base. She batted .370, recorded 25 RBI's and finished second on the team with a slugging percentage of .453.

Becky Brock started 55 games last season and her .955 fielding percentage is a strong testament to her defensive skills. Hirschfield has shown a great deal of improvement from last season both offensively and defensively and her speed and range have improved considerably. The battle for the starting job at third should be closely contested throughout the pre-season.

Elisa Velasco, Julie Jordan and Kimmie Carter will all be fighting for the starting catching position. They are all equally consistent, have similar playing experience and are adept at calling games. Each is an exceptional catcher and Coach Graf is comfortable with all three players behind the plate. This is another position that the coaching staff hopes will produce the best starter through heated competition.

Outfield

Monique Marier is projected to start in left field and she has the strongest arm in the outfield. Marier should also be a strong offensive player this year after leading the nation in junior college with 27 home runs in 1999.

Rita Brooks, FSU's 18th All-American, started every game in 2000 and heads into 2001 as the starter in center field. Brooks was named first team All-Southeast Region, All-ACC and a member of the ACC All-Tournament Team after leading the Seminoles and the conference with a .401 batting average. Brooks is an exceptional player and FSU's best base runner. She was tied for the team led in stolen bases (42) and led the Seminoles in hits (99), triples (8), runs scored (54) and at bats (247). Her 99 hits in 2000 established a new single-season record for Florida State. If Brooks is able to get on base like the coaches know she is capable of, the Seminoles should see a lot of victories again this season.

Freshman Leah Armstrong possesses exceptional athletic ability and enters FSU after garnering All-State honors last season. Armstrong will be extremely valuable as a pinch runner and should also see time in center field while she learns how the team operates.

n Outlook

Two returnees and an impressive freshman will handle right field duties this season. When Carter is not catching, she will be using her skills in right field. Gauger will also be used in right and as a designated hitter, one of her best positions. Velasco could also see some action in right field when she is not catching or playing first.

The 2001 Senior Class

Coach Graf believes she enters the 2001 season with a strong senior class. "In the past, we have lacked senior leadership," said Graf. "I don't think that is going to be a problem this season". The Seminoles have a number of exceptional leaders and Natalie Bennett is one of them. She is mature, she is enthusiastic and she loves the game of softball. Bennett is a great leader in FSU's infield and the coaching staff feels very lucky that Bennett transferred to Florida State from Drake last season.

Staci Brandon, despite entering just her second year after transferring from Pheonix College, has been an impact player for FSU. She got off to a slow start in 2000 but just exploded as she got into shape and got used to Division I pitching. Brandon is a natural leader since she does not like to lose and won the team's clutch award last season. Brooks, also a transfer student, should provide needed leadership in the outfield. She is an outstanding athlete and Graf feels fortunate just to get the opportunity to coach a player of Brooks' caliber. Brooks is a great player already and she isn't even at her full potential yet. She was the first outfielder selected in the 2000 WPSL senior draft and the Seminole coaching staff believes she is good enough to represent the USA on the Olympic softball team. She has that type of ability and just needs to push herself and want it badly enough.

Stephanie Elowsky and Robin Gauger both came into the program and had to fill backup roles which was tough for them but they have done it for the team. Graf expects that type of contribution to continue this year. Playing in back-up roles has been mentally tough on both of them but they have responded well and that speaks volumes about the type of leadership they continually exhibit.

"When younger players see that it is OK to fill a role and take pride in the important contribution they can still make, it is a vital part of the success of any athletic program," said Graf. "These kids go to class, they don't get in trouble and they have set some good guidelines for the younger players and the rest of the team."

The 2001 Squad

This 2001 Seminoles are an interesting mixture. The team isn't all power or all speed. They aren't going to hit every ball over the fence but they should have better overall team speed than in past seasons. The 2001 squad will be very aggressive offensively since they return a strong pitching staff and feel very confident that that staff will keep them in almost every game.

"I don't think there is a team we can't compete with. If you look at our scores from last year, no one really blew us away," said Graf. "We were in every ball game and I think it will be the same this year."

Dr. JoAnne Graf

15 15 10 10 A

Head Coach Florida State University Florida State '75 23rd Season 1055-312-6

Dr. JoAnne Graf and Florida State University softball. You simply can't think of one without thinking of the other, because for the past 22 years, this relationship has developed into the creation of one of the nation's premier softball programs.

Over the past two decades, Graf has maintained the philosophy that hard work and dedication produce positive results. It is because of this attitude, there are not many things that Graf has not accomplished in her 22-year coaching career.

It seems with each and every year, Graf celebrates yet another land-mark accomplishment. On May 6, 1999 in a 2-1 victory over rival-South Florida, Graf became the first coach in Division I softball to earn 1,000 Division I wins, including slow and fast pitch competition. Adding even more flavor to this amazing feat is that each of every one of Graf's 1,000 victories came at Florida State. Now that's loyalty at its finest!

Graf has been named the ACC Coach of the Year three times after leading the Seminoles to consecutive conference titles in 1992 and 1993 and co-championship status in 1997. In 1995, she was selected the ACC/Metro Conference Coach of the Year after guiding Florida State to a 9-1 league record and an automatic bid to NCAA regional play. She has led FSU to 12 seasons of 50 wins or more, including two seasons when the 'Noles recorded more than 60 victories. She has guided FSU to eight ACC championship titles.

Under Coach Graf's direction, Florida State has been to the NCAA College World Series in Oklahoma City five times and in 17 years of fast-pitch competition, she has directed the Seminoles to 13 NCAA regional tournament appearances. Florida State has also finished among the nation's top 13 teams in 11 of the past 15 seasons, with its highest ranking coming in 1990 when the Lady Seminoles placed third at the College World Series. But the success didn't begin there. In her first five years at Florida State, Graf accumulated 219 wins playing the best slow-pitch competition in the nation. She claimed two national titles while coaching five All-Americans as she established a solid basis to build upon.

Graf, who was voted the South Region Coach-of-the-Year in 1986, has seen 62 of her players selected to NCAA All-South Region teams, including three players in 2000. Her coaching has produced 12 All-Americans since 1990,

including three first team selections in left fielder Danielle Cox (1999), center fielder Shama Wilson (1996) and second baseman Lisa Davidson (1993).

A 1975 graduate of Florida State, Graf returned to her alma mater after two years at the University of North Carolina-Greensboro where she earned her master's degree in physical education. Graf also worked in the athletic department at UNC-Greensboro as head coach for the university's men's and women's swim teams while also serving as assistant softball coach.

Graf, who serves as director of the FSU softball camp each summer, is a former president of the Florida Collegiate Athletic Association. She has also served as a member of the NCAA Softball Committee and chaired the NCAA Softball Advisory Committee for the South Region.

In 1992, Graf added "Dr." to her name after completing her doctorate degree in athletic administration at FSU $\,$

Louie Berndt

Assistant Coach Florida State University Western Michigan '83 2nd Season

Louie Berndt, an FSU assistant coach in 1989, returned to Florida State in 1999 to serve as the top assistant coach for the Seminole softball program.

Berndt comes to FSU after serving as the head softball coach at Marshall University the past six seasons. Berndt was brought to Marshall to help jumpstart its softball program which was reinstated in 1993. In 1994, Berndt made her head coaching debut and guided the Thundering Herd to a 17-21 record. In 1995, in just her second season at the helm, Berndt led Marshall to its first ever Southern Conference Tournament title and to its first NCAA Tournament. She was named the Southern Conference Coach of the Year in 1996 after the squad set numerous school records with a 39-23 record.

Berndt also developed a softball Booster Club while at Marshall and designed a new 1,000-square foot softball locker room, complete with a players' lounge, an adjacent 1,680-square foot indoor batting cage and a playing field located in the heart of campus. Several of Berndt's players at Marshall received All-Conference accolades, including back-to-back freshman "Player of the Year" honors.

Berndt is a graduate of Western Michigan University, where she was a two-time All-American at second base. She led the Broncos to three NCAA Tournament bids, including two World Series berths. The team leader in hitting three straight seasons, Berndt had a career .321 batting average and .973 fielding percentage. An All-Mid American Conference and NCAA All-Region selection, Berndt was also invited to the Pan American Team tryouts and was selected to play in the Tri-Nation Games in Colorado Springs, Colo., during her senior year.

In 1985, Berndt turned her efforts to the coaching ranks as an assistant coach at Nicholls State. She helped lead Nicholls to a school-record 47 wins that year. In 1987, the Lady Colonels won the Gulf Star Conference Championship. Berndt joined the Florida State staff as a pitching and outfield coach for the 1989 season. She helped the Seminoles to a Top 20 ranking and a second-place finish at the Southwest Regionals. From 1989 to 1993, Berndt helped rebuild a struggling Ohio State softball program. The Buckeyes won the Big Ten Championship in 1990 and advanced to NCAA Regionals.

Some of Berndt's responsibilities at Florida State will include recruiting, coaching the outfield and serving as the coordinator of the JoAnne Graf softball summer camps.

Heather Compton

Assistant Coach Florida State University UCLA '94 2nd Season

Former UCLA standout Heather Compton, a pitcher with the Tampa Bay Firestix and Ohio Pride of the Women's Professional Softball League, joined the Florida State softball staff as an assistant coach in 1999.

An outstanding collegiate pitcher, Compton is a 1994 graduate of UCLA where she earned a degree in political science while lettering four years for the Bruins' softball team. She led UCLA to World Series appearances in each of her four seasons and was a member of the Bruins' 1990 and 1992 national championship teams. Compton garnered first team All-American honors in 1991 and was also named to the All-College World Series team. She ranks among UCLA's career leaders in five categories, including wins (67), appearances (84), strikeouts (540), innings pitched (538.2) and ERA (0.52).

Compton also has international playing experience. She was a member of the USA National Team that earned a gold medal at the 1994 Pan American Games in Guatemala and then went on to play for league champion Poneke Kilbernic Softball Club in New Zealand from 1994 through 1996. She spent the summer of 1996 with the Brioski Junior Softball Team and posted the best record in the Italian Pro Softball League.

Compton, who also taught three years of social studies and special education at Righetti High School in California, will serve as the Seminoles' pitching coach and also taught two physical education classes at FSU.

Compton also had tremendous success with the Ohio Pride of the WPSL. During the 2000 season, Compton compiled a 7-3 record with a 1.34 ERA. She pitched seven complete games, recorded three shutouts, pitched 68 innings and held opponents to a .150 batting average. Compton also set a WPSL record by striking out 17 batters in one game and capturing WPSL AT&T Wireless Services Pitcher of the Week honors on three ocassions. She culminated her season by being named to the 2000 WPSL All-Star Team where she pitched against USA softball in Honolulu, HI.

Seminoles in the Pros

2000 Season Review

ZBBBBBBBC

FSU MAKES 13th REGIONAL APPEARANCE

Florida State entered the West Regional with the daunting task of facing No. 20 Long Beach State, No. 15 Iowa State and No. 3 UCLA if the team hoped to advance to its sixth College World Series. The Seminoles opened the regional with a 2-0 win over Long Beach State and a 4-1 victory over Iowa State. FSU, ranked No. 24 at the time, then dropped their next game to the hometown Bruins by the score of 6-1. FSU bounced back and staved off elimination with an impressive 4-2 win over the Hawkeyes. Florida State had to once again go up against the Bruins if the squad wanted the opportunity to head to Oklahoma City for the CWS. The Seminoles dropped the match 7-1 to UCLA in the championship game and ended their season at 51-27.

SEMINOLES COUNTINUE ACC DOMINANCE WITH SIXTH-STRAIGHT ACC TITLE

Just like their football counterparts, the Florida State softball team is in the midst of a decade of dominance in the Atlantic Coast Conference. In 2000, the Seminoles captured their eighth conference championship since joining the ACC nine years ago. FSU had to win three games on the final day of the tournament to secure its sixth straight title but with tournament MVP Leslie Malerich on the mound an eighth title didn't seem like an unreachable goal. In her third victory of the day (FSU defeated Maryland 3-0 and Virginia 3-1 earlier in the day to advance to the championship game), Malerich, who pitched 17 and two-thirds innings of shutout softball on Monday alone, recorded a 2-0 victory over Virginia for her 15th shutout of the season and the 2000 ACC Championship.

BROOKS EARNS ALL-AMERICAN

Serita Brooks was named to the 2000 Louisville Slugger All-America second team. Brooks, who started all 78 games at center field for Florida State, led the Seminoles and the Atlantic Coast Conference with a .401 batting average. A first team All-Southeast Region selection, Brooks also earned All-Tournament team honors at the Los Angeles regional after batting .317 with three RBI. She was the team leader in hits with 99, runs scored with 54, triples with eight, stolen bases with 42 and at bats with 247. An All-ACC selection, Brooks, whose 99 hits tied the FSU single-season record, had 30 multi-hit games on the year and hit safely in 23 of the last 25 games of the season. With the distinction, Brooks become the 18th Seminole softball player to earn All-America honors.

EASTON HONORS

Four Florida State softball players were named to Easton All-American teams. The Seminoles, who were one game away from going to the College World Series, tied UCLA and LSU for the most players on the three teams. Serita Brooks earned first team honors, Staci Brandon was named to the second team while Leslie Malerich and Brandi Stuart garnered third team recognition.

ALL REGION HONORS

Staci Brandon and Serita Brooks earned All-Southeast Region first team honors while Leslie Malerich earned second team recognition.

ALL-ACC HONORS

Four Florida State softball players garnered All-Atlantic Coast Conference honors for the 2000 season. Staci Brandon, Serita Brooks, Leslie Malerich and Brandi Stuart were all selected to the squad after leading the team to FSU's 8th ACC Tournament crown.

ACC ALL-TOURNAMENT TEAM HONORS

FSU was well-represented on the 2000 ACC Championships All-Tournament Team. Joining Leslie Malerich, who earned Most Valuable Player honors, were Serita Brooks, Natalie Bennett and Staci Brandon.

The final SASA standings...

| _ | |
|-------------|-----|
| FSU | 8-2 |
| UNC | 8-2 |
| UVA | 5-5 |
| Maryland | 4-6 |
| Ga. Tech | 3-7 |
| E. Carolina | 2-8 |

WHY SHE'S THE BEST

With practically an entire new team and coaching staff, Coach Graf had quite a year! Just three starters and 11 letterwinners returned from last year's squad. With the exception of catcher, FSU replaced the entire infield and also had newcomers in both left and center fields.

This year's pitching ace Leslie Malerich started just 19 games last year and had just 12 complete games. Coach Graf also welcomed a new staff in assistants Louie Berndt and Heather Compton. The Lady

Seminoles met nearly all their goals last season... achieving a team GPA of over 3.0 (3.115), winning the ACC and getting to regionals.

WHY WAS IT IMPORTANT?

FSU's last road swing to Virginia and Maryland may have been the most important series of the season. With the sweep of both Virginia and Maryland, the Seminoles earned the SASA automatic bid to regionals. The five ACC schools and East Carolina make up the Southern Atlantic Softball Alliance. All six teams play a doubleheader throughout the season and the team with the best record at the end of that competition earns an automatic bid to regionals. FSU and North Carolina each finished with an 8-2 record, but the Tribe swept the Tar Heels in head-to-head competition.

MISS CLUTCH

Teresa Edenfield made just about every hit count. The senior had 50 hits on the year and a team-leading 46 RBI off those hits. Edenfield had the best season of her FSU career. Coming into the season, she had just 34 career RBI but ended 2000 with more than doubled that mark. She had 12 career doubles through the first three years and had 11 in 2000 alone. She also set marks in hits with 50 (previous high was 31 in 1998), and home runs with four (had just one previously).

MALERICH AMONG ELITE GROUP

Leslie Malerich led the Seminole pitching staff with 35 wins. She picked up three wins alone in the final day of the ACC Tournament with the last win giving her her 30th win of the season. Only four other FSU pitchers have reached the 30-win mark since the Tribe went to fastpitch in 1984. They are Christy Larsen, 33 (1991); Toni Gutierrez, 35 (1992); Renee Espinoza, 30 (1996) and Kristy Fuentes, 32 (1997).

ACC PITCHERS AND PLAYERS OF THE WEEK

FSU was well represented in the league's weekly honors last season...

| Weekly | Honors | |
|----------|------------------|----------------------|
| May 8 | Teresa Edenfield | Player |
| May 1 | Leslie Malerich | Player (tourney MVP) |
| April 24 | Brandi Stuart | Player |
| • | Leslie Malerich | Pitcher |
| April 17 | Staci Brandon | Player |
| • | Leslie Malerich | Pitcher |
| March 27 | Leslie Malerich | Pitcher |
| March 20 | Leslie Malerich | Pitcher |
| Feb. 28 | Serita Brooks | Player |
| Feb. 21 | Leslie Malerich | Pitcher |

RECORDS AND NEARING RECORDS

With 58 appearances in 2000, Leslie Malerich surpassed the previous record of 48 appearances held by Kristy Fuentes in 1997. Serita Brooks set a new record for hits in a single season with 99, passing Danielle Cox's record of 98 hits set in 1999. She also set the at bats record with 247, passing Susan Buttery who had 240 in 1992. Teresa Edenfield's 46 RBIs was just three away from the single season mark of 49 set by Penny Siqueiros in 1992. With 49 strikeouts, Edenfield also set a new single-season mark, surpassing Leslie Barton's 42 in the 1991 season. Natalie Bennett's 22 sacrifices was just three away from Shannon Mitchem's 25 in 1992.

GO-TO GIRL

FSU won 17 of its last 19 regular-season games last year and Leslie Malerich was probably the main reason. Malerich earned 13 of those victories and was the pitcher of record, going 8-2, in 10 straight games from April 8th to April 21st.

2000 Seas

ON A ROLL

Heading into the ACC Tournament, Brandi Stuart was on a 10-game hitting streak and hit safely in 17 of the last 20 games. In the tourney, however, Stuart went hitless until the final game, in which she had a single.

GET THE BROOM OUT

The Tribe recorded 12 sweeps this season, including the last five series of the year.

PUTTING A STOP TO 'EM

ACC Tourney MVP Leslie Malerich pitched 17 and two-thirds innings of shutout ball on the final day of the ACC Tournament. Prior to Auburn's run in the 13th inning in the second game of the doubleheader on April 15th, Malerich had pitched 25.1 consecutive innings without giving up a run. She pitched 16 innings that Saturday alone. Early in the season, Malerich had a stretch in which she didn't give up an earned run in 46 consecutive innings.

SHUTTING 'EM OUT!

Florida State pitching produced 23 shutouts in 2000, including a no-hitter against Florida A&M and a perfect game against Princeton. Leslie Malerich led the unit with 16 solo and two combined shutouts. The Seminoles were shut out seven times last year.

HOME RUN CLUB

The Seminoles had 17 home runs last year while FSU pitching has allowed 13. The Tribe had a total of seven in 1999. Teresa Edenfield led the team with four, Kelly Miller had three while Kimmy Carter, Brandi Stuart, Natalie Bennett and Serita Brooks each had two and Jenn White-Stokes and Andi Lyons each had one.

ON THE BASEPATHS

The Seminoles definitely have speed in the line-up. Serita Brooks and Brandi Stuart led the team with 42 apiece. As a team, FSU recorded 117 stolen bases to its opponents' 38.

TOO CLOSE FOR COMFORT

The Seminoles were 48-25 heading into regionals. Eleven of the Tribe's 25 losses in the regular season were by just one run and five of those games went extra innings before being decided.

BROOKS AND BRANDON TIE ACC MARK

Serita Brooks, who batted .529, and Staci Brandon, who batted .500 with a team-high four RBI, each recorded nine hits in the ACC Tournament, tying the tournament record for hits.

TOO MANY HITS

Auburn belted 16 hits in the second game of the April 15th doubleheader (10 in first seven hittings). It's the most hits that FSU pitching allowed in 2000. UNC had 10 hits in the first game of the DH, marking just the third time that FSU pitching had allowed double-digit hits last season. FSU had a 1-2 record in those games.

NEW HIGH

FSU set a new season-high with 14 hits in game two of the DH with Auburn on April 15th, but only eight of the hits were in the first seven innings. The Tribe did it for real in its 10-3 win over Maryland on May 4th.

MARATHON GAME

Game two of the Auburn series went 13 innings, three hours and 52 minutes. The two teams combined for 30 hits. The 13 innings were the most innings FSU had played in a game last season. It moved the Tribe to 2-6 in extra-inning ball games in 2000. Prior to the game with Auburn, the Seminoles went nine innings in a 1-0 win over Bethune-Cookman on Feb. 19.

LIKE TO WIN BIG

When the Seminoles win, they seem to win big! The Tribe was 18-3 in games decided by five or more runs. FSU hasn't had as much success with the close games though. The Seminoles were 13-11 in one-run games.

WASN'T IT JUST GRAND!

Freshman Brandi Stuart blasted a grand slam home run in the bottom of the seventh inning of game one vs. Florida to lift the Lady Seminoles to a 6-3 victory over the Gators. It was Stuart's first career grand slam and her second home run of the year. Stuart was the only freshman playing on the team last season (Beth Wade redshirted).

MORE ALL TOURNAMENT HONORS

The Seminoles were well represented on the UTC Frost Cutlery Challenge All-Tournament Team. Joining Malerich, who also earned MVP honors, were Becky Wallace, Brandi Stuart and Teresa Edenfield. Wallace batted .462 with two RBIs. Stuart batted .353 with three runs scored and three RBIs while Edenfield batted .316 with four RBIs.

COME-FROM-BEHIND

Florida State showed some real fight against Wisconsin in the final day of the UTC Frost Cutlery Challenge. Down 5-0 after two innings, the Tribe scored two runs in the fourth and then exploded for four runs on five hits in the seventh inning. After giving up five runs in the second inning, Jenn White-Stokes allowed just three Badger hits the next four innings and Leslie Malerich came into the game in the seventh to earn the save.

INSIDE-THE-PARK

Junior Serita Brooks used her speed to round the bases for her second home run of the season vs. Ohio, but first in-the-park home run. It is the third in-the-park home run for the Seminoles in 2000 as Jenn White-Stokes recorded one vs. FAMU on February 12th and Natalie Bennett had one on April 22nd vs. Campbell.

ALL-TOURNAMENT HONORS

Juniors Staci Brandon and Serita Brooks were named to the 2000 Tallahassee Democrat Florida State Invitational All-Tournament team. Brandon led all FSU players with a .750 batting average on 9-of-12 at the plate with two RBIs and three runs scored. Brooks hit .529 on 9-of-17, including a double and a triple, and scored two runs and drove in three others.

EDENFIELD CAME BACK STRONG

Senior Teresa Edenfield missed the majority of the FSU Invitational with a sprained left knee. She saw one at bat in the five games and it was a hit against Northern Iowa. Edenfield returned to action on Wednesday, March 22nd and played in all eight of FSU's games that week and what a week she had! She batted .346 with nine hits, including two doubles, and a team-leading seven RBIs.

PERFECTION!

Leslie Malerich faced 21 batters and threw five strikeouts against Princeton for her first career perfect game at FSU! It was also her sixth shutout of the 2000 season.

BROOKS HONORED

Junior Serita Brooks was named to the Fresno State Hallowell Chevrolet All-Tournament team after batting .474 with two RBI's and going a perfect 4-4 in stolen bases.

About the ACC

The Tradition

Consistency. It's the mark of true excellence in any endeavor. However, in today's intercollegiate athletics, competition has become so balanced and so competitive that it is virtually impossible to maintain a high level of consistency.

Yet the Atlantic Coast Conference has defied the odds. Now in its 46th year of competition, the ACC has long enjoyed the reputation as one of the strongest and most competitive intercollegiate conferences in the nation. And that is not mere conjecture, the numbers support it.

Since the league's inception in 1953, ACC schools have captured 72 national championships, including 37 in men's competition and 35 in women's. In addition, 108 men and 26 women have earned the coveted title of NCAA champion.

2000 In Review

The 1999-2000 Academic year concluded with the league pocketing four more national team titles and four individual ACC crowns. In all, the ACC has won 36 national team titles in the last ten years. The ACC's 1999-2000 national champions were Maryland in women's lacrosse and women's field hockey, North Carolina in women's soccer and Florida State in football. In addition, Georgia Tech was runner up in men's golf. Overall, ACC teams posted a 79-54-2 (.593) mark in NCAA Tournament play. The ACC placed at least one team in the Top 10 nationally in 19 of the 25 sports sponsored by the leagues. Other records of note during the 1999-2000 season include 85 teams competing at NCAA Championships, five football bowl appearances and 35 Top 10 showings. The ACC Academic Honor Roll record was broken for the 13th straight year in 1999-2000 as 1,659 student-athletes were recognized for their work in the classroom.

The Championships

The conference will conduct championship competition in 25 sports during the 1999-2000 academic year - 12 for men and 13 for women

The first ACC championship was held in swimming on February 25, 1954. The conference did not conduct championships in cross country, wrestling or tennis during the first year.

The 12 sports for men include football, cross country, soccer, basketball, swimming, indoor and outdoor track, wrestling, baseball, tennis, golf and lacrosse. Fencing, which was started in 1971, was

discontinued in 1981.

Women's sports were initiated in 1977 with the first championship meet being held in tennis at Wake Forest University, October 6-8. Conference championships for women are currently conducted in cross country, volleyball, field hockey, soccer, basketball, swimming, indoor and outdoor track, tennis, golf, lacrosse, softball and rowing.

The History

The Atlantic Coast Conference was founded on May 8, 1953, at the Sedgefield Inn near Greensboro, N.C., with seven charter members - Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest - drawing up the conference bylaws.

The withdrawal of seven schools from the Southern Conference came early on the morning of May 8, 1953,

during the Southern Conference's annual spring meeting. On June 14, 1953, the seven members met in Raleigh, N.C., where a set of bylaws was adopted and the name officially became the Atlantic Coast Conference.

On December 4, 1953, conference officials met again at Sedgefield and officially admitted the University of Virginia. The first, and only, withdrawal of a school from the ACC came on June 30, 1971 when the University of South Carolina tendered its resignation.

The conference operated with seven members until April 3, 1978, when Georgia Tech was admitted. The Atlanta school withdrew from the Southeastern Conference in January of 1964. The ACC expanded to nine members on July 1, 1991, with addition of Elorida State.

FIELD OF DREAMS

Florida State's dream of a new, state-of-the-art softball complex became reality when ground was broken in a ceremony in the spring of 1998. Construction workers worked continuously to complete the facility which also houses the Seminole soccer stadium. The result was the creation of one of the nation's premier collegiate softball and soccer facilities.

The complex, which was completed in the spring of 1999, includes ticket and concessions buildings and spacious press boxes, including press seating and radio/television booths. The two-level team building features a reception area, softball and soccer coaches offices which overlook their respective stadiums, a combined workroom, large team and coaches lockerrooms and training and equipment rooms.

The Seminole Softball/Soccer Complex is located in between the Dick Howser Baseball Stadium and the Mike Long Track on Chieftan Way. The facility can be accessed from both Chieftan Way and Stadium Drive.

The Florida State Soccer/Softball Complex was "officially" opened with a ribbon-cutting ceremony on Saturday, April 17th. The event, which was held in conjunction with Florida State's 30th Anniversary of Women's Intercollegiate Athletics Spring Celebration, drew approximately 150 spectators, including University dignitaries and Athletics Department personnel. Several former Florida State student-athletes and staff also returned for the monumental event.

The ceremony began with the ribbon-cutting at the front gates of the complex. FSU President Sandy D'Alemberte, Director of Athletics Dave Hart, Softball Head Coach Dr. JoAnne Graf and Soccer Head Coach Patrick Baker, and team representatives did the honors. Among the speakers in the program were D'Alemberte, Hart, Associate Athletics Director Kim Record and Dianne Montgomery, Dean of the School of Social Work, who serves as Chair of the Title IX Committee and is a member of the FSU Athletics Board. Dr. Judith Blucker, FSU's

> first softball coach and now a Vice President at Florida International University, also addressed the crowd.

> > Following a tour of the facility and a barbeque, the Lady Seminoles entertained International!

This is Tall

Near, but far from the glaring strips of neon amusement, and the castles and crowds of Disney, lies another magical place in the Sunshine State — one of plantations, politics and great pride. Often described as "The Other Florida" with its deep-rooted history, rolling hills, canopy roads of moss-draped oaks, cool climate and Southern-style hospitality; it is a Florida few have seen. It is Tallahassee — Florida with a Southern accent.

Best known as Florida's capital, Tallahassee is an intimate neo-metropolitan city where the power of state government, the academic and the artistic are complemented by subtle, old-fashioned charm. It is the perfect two- or three-day diversion for the more than 41 million annual visitors to Florida and 13 million residents.

Tallahassee touts a menagerie of sights including one of the world's deepest freshwater springs, site of America's first Christmas, a wildlife habitat, Capitol buildings, fascinating museums of history, sprawling plantations, highly acclaimed fishing and hunting adventures and nearby beaches. Spirited area festivals range from celebrations of Tallahassee's spectacular spring and swamp stomps to genuine rattlesnake roundups and seafood festivals.

With the Gulf of Mexico just 20 miles south and the Georgia border only 14 miles north, Tallahassee rests between the foothills of the Appalachian Mountains and the juncture of Florida's panhandle and peninsula. Nearer in miles to Atlanta than to Miami, Tallahassee

more closely resembles its Southern neighbors than Florida in topography, climate and lifestyle.

Accentuating Tallahassee's Southern persona are lush rolling hills, likened to the seven hills of Rome, and five "official" canopy roads of patriarch oaks. The fertile, rich soil and four distinct, yet pleasant, seasons breed floral brilliance and natural vitality year-round.

Like the city itself, the story of how Tallahassee was chosen as the state capital is rich in history. In 1823, two explorers set out — one on horseback from St. Augustine and the other by boat from Pensacola — to find a permanent, central location for the Legislature to convene. The two met at a beautiful site that the Creek and Seminole Indians called "tallahassee" — derived from the words "talwa" meaning town and "ahasee" meaning old. The rendezvous point remains Florida's capital.

The "old town" has undergone many changes, but one thing remains the same — it is still a government town fiercely proud and dedicated to preserving its heritage. The Capitol buildings, both old and new, epitomize Tallahassee's perseverance. The 22nd floor of the New Capitol provides a panoramic scope of a sophisticated Southern city awash in a sea of flowering azaleas, snowy dogwoods, towering pines, fragrant magnolias, and hundreds of shimmering lakes, springs, swamps, rivers and sink holes. Special legislative viewing galleries are open during the legislative session.

Below, in the shade of giant live oaks, proudly stands the Old Capitol, originally constructed in 1845 and restored to its 1902 splendor complete with red-and-white candy-striped awnings, a dome adorned with stained glass, antique furnishings and political memorabilia.

ahassee

Across from the Old Capitol are the 40-foot twin granite towers of the Vietnam Veteran's Memorial, and the blue stone Union Bank, Florida's

oldest surviving financial institution. The nostalgic Old Town Trolley, a replica turn-of-the-century street car, carries passengers through restored Adams Street Commons to numerous other historical downtown shops for free — unheard of even 100 years ago.

Minutes from downtown lies the Governor's Mansion, which resembles the home of Florida's military hero Andrew Jackson; and the 52-acre natural animal habitat and 1880s farm of the Tallahassee Museum of History and Natural Science, which provide the rare chance to walk and talk with native Florida animals

Tallahassee remains firmly linked with the past as evidenced by the unearthed 1539 winter encampment of Spanish Hernando de Soto, the site of the first Christmas celebration in America. Visitors travel back through time as they stand in the shadow of a giant 12,000-year-old American Mastodon at the Museum of Florida History or explore other historical spots including The Knott House that Rhymes, The Columns, San Luis Mission, Lake Jackson State Archaeological Site, Natural Bridge Battlefield, First Presbyterian Church, Brokaw-McDougall House, Goodwood Plantation and Adams Street Commons.

Nearby, alligators lazing in the sunshine and anhinga "snake birds" perched on twisted cypress branches are seen at Wakulla Springs, one of the world's deepest fresh water springs and site of many underwater scenes in the "Tarzan" movies with Johnny Weissmuller and Maureen O'Sullivan. Safaris aboard glass-bottomed and jungle cruise boats whisk visitors within arm's length of "The Other Florida."

Outdoor enthusiasts enjoy adventures including boating and fishing on area lakes, rivers, ponds and the Gulf — just 30 minutes away. Lakes Seminole, Jackson and Talquin are renowned in the bass fishing world for yielding the "big ones," and dense forests offer an abundance of prize-winning game. Local wildlife areas such as the Florida National Scenic Trail, St. Marks National Wildlife Refuge and Apalachicola National Forest are among many spots for camping, picnicking, swimming, biking and exploring.

Appealing to the strokes of different folks, Tallahassee also features 99 holes of golf on six courses and a proliferation of tennis centers. Sideline athletes cheer the nationally-ranked Florida State Seminoles, Florida A&M Rattlers and the Tallahassee Tiger Sharks, of the East Coast Hockey League, Tallahassee Thunder of Arena 2 football league. And always a sure bet are the nearby greyhound races.

A sport of sorts, shopping at two regional malls and many specialty centers offer many "playing options" — from popular chains to curiosity and antique shops.

Cultural interests are sparked by widely-acclaimed museums and galleries and elaborate entertainment at the 14,000-seat Tallahassee-Leon County Civic Center.

Tallahassee is a collaboration of power-play politics and classical character splashed with a twist of Southern beauty and charm. Tallahassee is Florida with a Southern accent.

This i

Florida State University, a coeducational graduate research institution, stands among the nation's elite in both academics and athletics, as it celebrates its sesquicentennial anniversary in 2001.

Located on the oldest continuous site of higher education in Florida and building upon the impeccable reputation of its beginnings as a distinguished liberal arts college for women, the university has grown in the past 53 years as an institution of national and international esteem. Its stature is evident in its recent record of excellence:

*In 1994, Florida State was classified a "Research University I" by the Carnagie Foundation, placing it among the nation's top research universities.

*In 2000, following approval by the 2000 Florida Legislature, FSU created the Institute of Medical Sciences as a transitional unit that will evolve into the College of Medicine by fall 2001. The college

will increase the quality of Florida medical care by training primary care physicians with a focus on treating the elderly and people in underserved areas such as rural communities and inner cities.

*In 2000, FSU bought the **most powerful university-owned supercomputer in the world.** The IBM RS/6000 Supercomputer can perform 2.5 trillion calculations per second. Located in the School of Computational Science and Information Technology, the supercomputer will be used by FSU researchers to predict hurricanes and compare DNA sequences as complex as those of the human genome.

*In 2000, FSU was ranked 18th among universities in the "America's Most Wired Colleges" ranking by Yahoo! Internet Life Magazine.

*The Challenger Learning Center of Tallahassee, a project of the FAMU-FSU College of Engineering, is scheduled to open in March 2002. The center, to be built on Kleman Plaza in downtown Tallahassee, will feature a space mission simulator common to all of the centers, and a 300 seat IMAX theater and a domed planetarium laser theater. It will serve middle schools in a 66-county area of North Florida, Southeast Alabama and South Georgia. The 39 Challenger Learning Centers throughout the United States, Canada and Europe introduce more than 350,000 middle school students annually to the exciting possibilities of science, engineering and technology.

*LEXIS®-NEXIS® Academic Universe, the online information service that FSU helped develop and test from 1995 to 1998, is now used at more than 1,200 universities and colleges.

*As a testament to FSU's effort to foster a spirit of community service among its students, FSU ranks second in Florida and third in the Southeast for producing 27 currently serving Peace Corps volunteers. The Center for Civic Education and Service was established in 1994 to promote civic responsibility and community involvement through service as integral elements of the liberal arts education at FSU. Through ServScript, students' service may be recorded on their official academic transcript.

*In 2000, the Ph.D. program in the College of Business has the highest minority enrollment of any Ph.D. business program in the United States. In recent years, it has graduated more minority doctoral students than any other Ph.D. granting institution.

*In 2000, the National Geographic Society and FSU started the **Florida Geographic Alliance** that will bolster geographic education among Florida school children by preparing and equipping Florida's K-12 teachers with better information and tools.

*In 1999, FSU was selected by the U.S. Department of Energy to become one of the research institutions to operate the Oak Ridge National Laboratory (ORNL), a multiprogram science and technology laboratory in Oak Ridge, Tenn., headed by the University of

s FSU

Tennessee-Battelle. The five-year management and operations contract is valued at about \$2.5 billion. FSU was invited to join ORNL because of its strong faculty research activities in material sciences, structural biology, computational sciences and magnet technologies.

- *In fiscal year 1999-2000, FSU reached the highest level of external funding for research in its history, attracting more than \$116.9 million. The amount represents a 15.5 percent increase over last year's award level.
- *In fiscal year 1999-2000, the FSU Foundation raised \$89.7 million, the largest amount ever raised in a single year at FSU. The amount represents a 21 percent increase over the previous year.
- *At more than \$287.4 million, FSU's endowment has been ranked 150th in the nation by the National Association of College and University Business Officers, the benchmark of higher education fundraising success, in 2000. Since 1994, FSU's endowment ranking has surpassed 156 other institutions.
- *Among public institutions with National Merit Scholar in 1999, FSU was ranked No. 12 with 284. Among those with National Achievement Scholars, FSU was ranked No. 3 with 73.

*In December 1999, researchers at the National High Magnetic Field Laboratory used a hybrid magnet to conduct the lab's first research in continuous magnetic fields of 45 tesla, or one million times the Earth's magnetic field. The \$100 million magnet lab which was established in 1990 by the National Science Foundation, is run by FSU in

partnership with the University of Florida and the Los Alamos National Laboratory. Vice President Al Gore spoke at the dedication of the magnet lab in October 1994.

*In 1999, FSU created the Institute on World War II and the Human Experience to "save the memories of those who saved the world" by collecting letters, diaries, memoirs and photos from participants in the war effort, in order to preserve the materials for classroom teaching, scholarly research and public viewing.

As this list of highlights attests, Florida State has excelled in the 1990s with exceptional strength, energy and vision for the future. Under the leadership of the university's 12th president, Talbot "Sandy" D'Alemberte, who took office in January 1994, FSU will continue to build on the foundation of its history of excellence in scholarship, research and service.

A senior member of the 10-member State University System, FSU was founded as an institution of higher learning in 1851 by legislative act and began in Tallahassee with its first students in 1857.

Support Services

Strength and Conditioning

The Strong Shall Survive is the motto of the strength and conditioning staff at Florida State. It is also this philosophy that has made Seminole athletes in all sports among the strongest, fastest and most fit anywhere. At Florida State, the strong not only survive, they win too! At Florida State, a supervised program has been developed for volleyball, emphasizing the objectives of not only building bodies, but strengthening and conditioning them.

Strength coach Janna Walkup, who is in

her first year on the Florida State strength and conditioning staff, individually customizes programs for each of the athletes beginning with pre-conditioning before the season gets underway. FSU takes pride in customizing the programs to help student-athletes reach their maximum potential.

Walkup, who was a member of the inaugural Seminole soccer team in 1996, was a four-year starter at defender for the Seminoles. A native of Orlando, Fla., Walkup earned a bachelor's degree in nutrition and fitness from FSU in April of 1999 and a master's degree in sports administration this summer. A certified personal trainer, Walkup became a Certified Strength and Conditioning Specialist in June.

Weight Room

The Tully Gymnasium weight room recently took on a whole new look following a complete renovation in 1996. The facility, which was expanded by 2,000 square feet, is now 3,500

square feet in size fresh with a new stereo system, drop ceiling, lighting and mondo rubber flooring.

Over \$140,000 worth of new exercise equipment was added to the Lady Seminole weight room, including 16 cardiovascular pieces such as Life Fitness, Stairmaster and Textrix. All Florida State women athletes train in the state-of-the-art facility.

Medical Care & Treatment

An athlete can expect to receive the best care and treatment possible with the athletic training team at Florida State. Prior to competition, all FSU student-athletes undergo screening in order to detect any potential injuries. If a problem is detected, the athlete may be placed on a prevention care system which may include any kind of treatment from icing to exercising.

Though the prevention of injuries is the main objective, some injuries are unavoidable. Rehabilitation is another component of the Florida State training room. The FSU athletic training staff will work with the athlete and provide an intense rehabilitation schedule that will allow the athlete to successfully rehabilitate after an injury. Some injuries and illnesses may be referred to the Seminole team physicians at the Tallahassee Orthopedic Center, who, for many years, have worked in conjuction with the FSU athletic training staff in successfully rehabilitating athletes after an injury. Nutrition counseling and drug testing are also responsibilities of the athletic training team which is dedicated to providing the best care possible for all FSU student-athletes.

Head Women's Athletic Trainer Robin Gibson handles the athletic training duties for the Lady Seminole softball team. Gibson, a 1985 graduate of San Diego State, is in her 14th year at Florida State. She began working at FSU as a graduate assistant in 1986 and worked with women's basketball for one season. She became a full-time member of the Seminole athletic training staff in 1988 -- the same year she began handling the training

duties for the softball team. Gibson was elevated to the Head Women's Trainer in 1990 and became the Associate Director of Sports Medicine in 1998. She oversees a staff of 15 fulltime and student trainers who handle the athletic training duties for all FSU's women's sports which comprises more than 200 student-athletes. Gibson is a licensed athletic trainer in the state of Florida and is a long-time member of the National Athletic Trainers' Association.

Academic Support

VIRES

Academic, personal and professional support are essential to college success. At Florida State University, we have developed an outstanding support program which enables student-athletes to reach their full potential.

FSU's academic support philosophy is "to offer an academic support program integrated with the total university that will assess all student-athletes with the transition into college and provide contin-

ued support in all phases of academic and professional development culminating with graduation, job place-

ment or graduate school."

To accomplish this goal, FSU has developed an academic environment which facilitates the academic success of student-athletes. Student success is encouraged through competent academic counseling, career exploration, planning and placement and academic assistance through tutorial programs and mentors.

The program operates on a "proactive" rather "reactive" approach. At Florida State, the academic staff does not wait for an academic crisis to occur. They gather important background information and build an academic profile on all student-athletes to assess their needs in advance. Coaches also stay informed on the daily progress of each student athlete.

The academic support services are located in the state-ofthe-art University Center and are on the sixth floor of the \$126 million facility. It includes private study carrels, a tutorial study area and a computer lab outfitted with 16 new IBM computers and laser printers. In addition, athletic sky boxes are utilized for group and individual tutorial instruction.

FSU offers 16 Schools and Colleges with 99 undergraduate degrees and 75 post-baccalaureate degrees.

Mark Meleney became Florida State's Director of Athletic Academic Support Programs in 1997 and brings 12 years of advising experience to the position. Over the past five years, Meleney has played an integral role in the development of a comprehensive program of student athlete support, which in 1996 won the "Program of Excellence" award from Athletic Management Magazine.

A native of Iowa, Meleney began his college education at Buena Vista College, where he earned varsity letters in football and base-

ball. Upon transferring to Florida State, he earned Bachelor's degrees in Management and Finance in 1986 and received a Master's in Athletic Administration from FSU in 1997. He is currently pursuing his Ph.D. in Athletic Administration.

Meleney oversees an academic staff comprised of five academic counselors, and administrative assistant, several graduate assistants, individualized learning specialists and a cadre of about 70 tutors and mentors.

Meleney and his wife Sarah are the parents

of a five-year-old daughter, Montana Shea.

MARK MELENEY

Amy White is in her sixth year with the FSU Athletic Academic Support Staff where she serves as the Academic Counselor for the volleyball, baseball, soccer and men's and

women's golf teams.

White is responsible for coordinating support services for these student-athletes, monitoring their academic progress and counseling them

on academic issues such as course and major selection, study habits and

eligibility requirements. She also assists in the recruiting process for these pro-

grams.

In addition to her

counseling duties, White is the Academic Honors, Awards and Scholarship Coordinator, as well as the coordinator of the annual Golden Torch Gala, a black-tie event which recognizes the student-athletes for academic achievements. She also serves as the sports psychology consultant for all FSU student-athletes.

AMY WHITE

A native of Pensacola, Fla., White is a 1993 graduate of the University of West Florida where she earned a Bachelor's degree in psychology. She received a Master's degree in sports psycholo-

gy from Florida State in 1995 and is currently a Ph.D. candidate in sports psychology.

Life Skills and Student Development

CEBBBBBBBBB

the n.o.l.e.s. program

NEW
OPPORTUNITIES FOR
LEADERSHIP
EDUCATION AND
SERVICE

Developed by the Florida State University Department of Athletics, the NOLES program represents a commitment to the total growth and development of the student-athlete. This program establishes an administrative commitment to academic and athletic excellence. Those efforts will be supported with programs and services in personal development, career development and community service.

Personal Development

Fostering the development of personal growth

is a fundamental component of the NOLES program. These support programs ensure that the student-athlete will be provided opportunities to focus on personal growth issues such as values clarification, goal setting, fiscal planning, decision making and personal responsibility. Programming focuses on helping student-athletes develop a healthy lifestyle while they are at Florida State and habits that will benefit them for life.

Career Development

Preparing for life after college sports is a major focus of the NOLES Career Development program. The program is designed to work cooperatively with the University's Career Services to acquaint students with the job search process, provide networking opportunities and ultimately assist with job placement. This program places a

AMY MAGNUSON Sports Nutritionist

priority on the development of the total person, with the goal of evel-

> oping individuals who will have rewarding careers and productive lifestyles after they leave Florida State.

Community Service

Serving the community is the focus of our Seminole Spirit program. Student-athletes are challenged to give service to our community and individuals who are in need. With a clearly defined program of service, student-athletes are given the opportunity to develop the foundation for a lifelong commitment to volunteerism. The Seminole Spirit Student-Athlete Speakers' Bureau enables student-athletes to improve their speaking skills, develop effective communication and impact the lives of others through their service as role models in our community.

Leadership Development

The Florida State University Department of Athletics is committed to developing programs of excellence that foster leadership development. The foundation of the leadership development program are the Seminole Leadership Institutes that are held four times a year. These Institutes offer student-athletes the opportunity to learn skills that will benefit them as students, as athletes, and as they pursue their goals after leaving Florida State. The Institutes are based on building communication skills. Students have the opportunity to use the values and work ethic taught by athletic participation as the framework for their leadership development. The Institutes attract outstanding guest speakers who challenge Seminole student-athletes to achieve their greatest potential and use their leadership skills to positively influence others.

The Student-Athlete Advisory Council (SAAC) serves as the advisory board to the NOLES program and the athletics administration. The prestigious board comprised of two representatives of each athletic team at FSU, also recommends programming and serves as a liaison between student-athletes and the athletics administration. The Advisory Council plans and implements various events for student-athletes and serves as the department's most visible ambassadors. The SAAC hosts the annual Golden Nole banquet and plans such events as orientation for incoming student-athletes and the back-to-school picnic.

Associate Athletics Director For Student Services Pam Overton was presented with the first annual Dr. Gene Hooks Award for the outstanding CHAMPS program coordinator as chosen by the Division I-A Athletics Directors.

NCAA Compliance

The following information is provided by the Florida State Office of Compliance for prospective student athletes. It is intended as a guideline to introduce some of the rules governing NCAA athletic

Who is Permitted to Recruit for FSU?

Only Florida State University coaches who have successfully completed the NCAA Recruiting Rules Examination on an annual basis may be involved in the recruitment process. Representatives of our athletics interests may not make any recruiting contacts. This includes letters, telephone calls or face-to-face contact on or off campus with a prospect or the prospect's parents.

Key Terms You Should Know

You become a prospective student-athlete if you have started classes for the ninth grade. Before the ninth grade, you become a prospective student-athlete if the college provides you (or your relatives or friends) any financial aid or other benefits that the college does not provide to prospective students generally.

A contact is any face-to-face encounter between a prospect or the prospect's legal guardian and an institutional staff member or athletic representative during which any dialogue occurs in excess of an

exchange of greeting. NOTE: At the Division I level, athletic representatives (boosters) may not contact you for the purpose of recruiting. A college coach may contact you in person off the college campus beginning July 1 after completion of your junior year in high school.

An evaluation is any off-campus activity designed to access your academic qualifications or athletic ability, including any visit to your high school (during which no contact occurs) or the observation of any practice or competition in which you participate.

During your senior year, you can have one

expense-paid official visit to a particular cam-

pus. You may receive no more than five visits.

During your official visit, which may not exceed

48 hours, you may receive round-trip transportation between your home and the campus,

and you (and your parents) may receive meals,

lodging and complimentary admission to cam-

BRIAN BATTLE Assistant Director

of Compliance

- During the five days immediately before your official visit to the university
- On the day of a coach's off-campus contact with you
- During the time beginning with the initial National Letter of Intent signing date in your sport through the two days after signing date

Letters from coaches and faculty members (but not boosters) are not permitted until September 1 at the beginning of your junior year in high school. A Division I university may provide you with the following printed materials:

pus athletics events.

- General correspondence, including letters, U.S. Postal Service postcards and institutional note cards
- Game programs which may not include posters and one Student Athlete Handbook can be provided only during official or unofficial visits to the university's campus
- NCAA educational information
- Pre-enrollment information subsequent to signing a National Letter of Intent with the university
- One athletic publication which may include only one color of printing inside the covers
- Official academic, admissions and student services publications published or videotapes produced by the institution and available to all students
- Schedule cards
- Questionnaires which may be provided prior to your junior year
- Summer camp brochures which may be provided prior to your junior year.

Alumni and Boosters Do's and Don'ts

You may forward information about prospective student-athletes to the appropriate coaches.

You may have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and the Compliance Office is aware that you are making these contacts in regard to employment.

You may have a telephone conversation with a prospect only if the prospect initiates the call. Such a call may not be prearranged by an institutional staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about our athletics programs to an athletics department staff member/coach.

You may view a prospect's contest at your own initiative provided you do not contact the prospect or his/her parents. In addition, you may not contact a prospect's coach, principal, or counselor in an attempt to evaluate the prospect.

You may continue established family relationships with friends and neighbors. Contacts with sons and daughters of these families are permitted as long as they are not made for recruiting purposes or encouraged by Florida State University coaches.

You may not become involved in making arrangements to receive money or financial aid of any kind for a prospect or the prospect's family and friends.

You may not make contact with a prospective, student-athlete and his/her parents when the prospect is on campus for an official or unofficial recruiting visit.

You may not transport, pay or arrange for payment of transportation costs for a prospect, and his/her relatives or friends to visit campus (or elsewhere).

You may not pay or arrange for payment of summer camp registration fees for a prospect.

You may not provide anything to a prospect, the prospect's family or friends without prior approval from the athletics' Compliance Office.
