Atlantic Coast Conference

The Atlantic Coast Conference has long served as a model of collegiate women's tennis. With a high academic standard and sound fundamental belief in tennis, these nine programs: Florida State, Clemson, Duke, Georgia Tech, Maryland, North Carolina, North Carolina State, Virginia and Wake Forest have all excelled beyond the point of expectation.

Long known for its talented depth, the ACC has been no stranger to the national scope, as all of its nine programs during the 1996-97 season were nationally ranked, with Duke and Wake Forest surfacing in the Top 10. With players scattered throughout the national rankings from No. 1 to 100, the ACC had five ITA All-Americans. The FSU women were represented on the regular season ACC flight champion list in '97, as freshman Ali Weber claimed the No. 5 singles flight championship. Seniors Lori Sowell and Ann Olsson were also named to the All-ACC team. It was Sowell's third consecutive honor and Olsson's first.

At the 1997 ACC Championships in Norcross, Ga., the Lady Seminoles were seeded third behind Duke and Wake Forest. FSU faced No. 6 seed Georgia Tech in the first round. The Lady Seminoles won the opening match 5-1. FSU had reached the semifinal rounds each season since joining the conference in 1992. Second-seeded Wake Forest, holding a Top 10 national ranking, defeated the Lady 'Noles 5-1.

Although the Duke Blue Devils have been

the team to beat in ACC women's tennis over the past decade, the league has witnessed streaks of champions. North Carolina had the most success in the early years, winning championships from 1977 to 1980. From 1981 to 1987, Clemson strung together seven consecutive titles. Duke was the team that snapped the Lady Tigers winning streak in 1988, and have been on top of the ACC women's tennis scene ever since.

The 1997 season will be the 21st year of women's tennis competition for the Atlantic Coast Conference. Beginning in 1977, the ACC started crowning a conference champion. This process has not been without its changes during the past 21 years though. In 1982, the tournament was held in the spring for the first time. In 1990, the tournament determined the ACC team champion while the singles and doubles champions were determined during regular season play.

Speicher Tennis Center

With the first stage of construction completed in the Summer of 1993, the Scott Speicher Tennis Center at the Donald Loucks Courts opened its gates to the public for the first time at a Children's Miracle Network charity tournament. Since then, many successful and admirable tournaments have graced the courts at one of Florida State University's premier athletic facilities.

Costing \$1.2 million to build and then another \$800,000 for recent additions, Florida State's Speicher Tennis Center has become an example of the increasing dedication and commitment the University has to all of its 17 varsity athletic programs.

The Speicher Tennis Center houses 12 lighted hard courts, over 1,000 court level seats, coaching offices, men's and women's lockerrooms, equipment and storage rooms, a team lounge and a public address system. The growing pride Florida State has for its tennis program and its premier tennis center was honored just after its opening in 1994, when the United States Tennis Association (USTA) awarded the structure with its "Top Notch" facility award.

The Speicher Tennis Center was named in honor of Lieutenant Commander Michael Scott Speicher, a graduate of Florida State University and the first American casualty during Operation Desert Storm. By Presidential directive, the facility bears the name the "Scott Speicher Tennis Center."

H. Donald Loucks was the program's first tennis coach and is aptly known as the pioneer of Florida State tennis. He began his coaching career in 1936 at the University School of Florida State College for Women where he coached all sports. This was the beginning of an association with Florida State which crossed six decades, 1936 - 1980, ending in his retirement as Professor Emeritus of Physical Education. In 1942, while serv-

ing as an officer in the Army, Loucks was stationed at West Point where he coached plebe basketball and tennis teams.

In 1947, Loucks became Florida State's first basketball coach and a year later was named the schools' first tennis coach. His tennis team was the first athletic team to have a winning season. The varsity tennis courts were named for him in 1981. He served as Dean of Men from 1957 - 1967 and was known as a servant of leadership, service and devotion to many worthy causes.

The Speicher Tennis Center was designed by EMO/ Architects, Inc., a Tallahassee-based architectural firm, in collaboration with Global Consult Group, Inc., an internationally recognized Tennis Facility Design Consultant. The complex was funded by private sources and supervised through the state university system of Florida.

Through its short three year existence, the Scott Speicher Tennis Center at the Donald Loucks Courts has served as the home courts for all Florida State men's and women's home dual matches, the annual Seminole Fall Classics, City of Tallahassee tennis championships, various USTA regional and zonal tournaments, the 1994 and 1995 Men's intercollegiate men's tournament and the annual Children's Miracle Network Charity Inviational benefiting Shands Hospital in Gainesville.

On Playing at the Scott Speicher Tennis Center

Ali Weber - "Our tennis center is one of the best in the country and it's always an advantage to play on our home turf."

Kylie Thompson - "There is no doubt that the Speicher complex is one of the finest in the country. It provides a wonderful homecourt advantage."

Kia Åsberg - "The Scott Speicher Tennis Center must be one of the nicest tennis facilities in the United States. It meets all needs of both players and spectators."

Support Services

An Overview of an Academic Support Program on the Rise

Academic, personal and professional support are essential to college success. At the Florida State University, we have developed an outstanding support program which enables student-athletes to reach their full potential.

Our philosophy is "to offer an academic support program integrated with the total university that will assist all student-athletes with the transition into college and provide continued support in all phases of academic and professional development culminating with graduation, job placement or graduate school."

To accomplish this goal we have developed an academic environment which facilitates the academic success of student-athletes. Student success is encouraged through compe-

tent academic counseling, career exploration, planning and placement and academic assistance through tutorial programs.

Our program operates on a "proactive" rather than "reactive" approach. At Florida State, our

academic staff does not wait for academic crises to occur. We gather important background information and build an academic profile on all student-athletes to assess their needs in advance. We also stay informed on the daily progress of each student-athlete.

Our academic support staff includes a director, five counselors, and three graduate interns forming a group of professionals serving the needs of all our student-athletes. Mark Meloney is entering his second year as the director of the Athletics Academics Support after serving as one of the program's academic counselors for eight years prior. Academic Counselor Kevin White will handle the women's tennis program duties in 1997.

In 1994, the academic programs moved to the state-of-the-art University Center and are located on the 6th floor of the \$126,000,000 facility. It includes private study carrels, a tutorial study area and a computer lab outfitted with 16 state-of-the-art IBM computers and laser printers. In addition,

athletic sky boxes are utilized for group and individualized tutorial instruction sessions.

On Florida State's Academics Support Program

Ali Weber - "The Academic Support system is really helpful at all levels, but I believe it is most effective in helping freshman adapt and adjust to being a student-athlete."

Kylie Thompson - "Florida State provides every opportunity for athlete's success in the classroom. The Academic Support staff ranks as one of the greatest advantages of being a Seminole athlete. It proves that Florida State is serious about their commitment to creating successful student-athletes, both on the court and in the classroom."

Mark Meloney
Director

Academic Support Staff

Strength, Conditioning, Medical Care & Treatment

Strength training, conditioning, medical care and treatment are a vital aspect of an athlete's performance on the field. At Florida State, a specially designed program is developed for women's tennis, emphasizing the objectives of strengthening and conditioning the athletes along with the proper medical attention.

Strength and Conditioning coach Ron Miller, assistant Joe Beckham and staff individually customize programs for each of the athletes, beginning with pre-conditioning, before the season even gets underway. Assistant Athletic Trainer Janet Brown, A.T.C., will handle the athletic training duties for the women's tennis team.

This season, Miller will be working with Beckham in customizing a sound workout for the women's tennis team. The workout is instrumental in improving muscular endurance, strength and cardiovascular conditioning on the field. The coaches believe so strongly in the program that they even participate themselves. FSU takes pride in customizing the programs to help student athletes reach their maximum potential.

Miller, who holds professional memberships in the National Strength and Conditioning Association and Aerobics and Fitness Association, works with the players in sport specific training which includes strengthening the major muscle groups used in soccer.

On Florida State's Strength and Conditioning Program

Ali Weber - "Strength and conditioning plays a big part of our practices and it shows in the matches."

Kylie Thompson - "Our weight and conditioning program is a huge benefit to the student-athlete at FSU. The weight room is amazing and gives our athletes that extra edge."

Athletes at Florida State University receive the best care and treatment possible. All of the student athletes undergo a preseason examination in order to prevent and detect any potential injuries that an athlete may incur. If a problem is detected, the athlete is placed on a prevention care program which may include any kind of treatment from icing to exercising.

Though preventing injuries is the main objective, they are sometimes a part of participating in athletics. Rehabilitation is another important component of the Seminole training room. Brown and the rest of the FSU training staff will work with the athlete and provide an intense rehabilitation schedule that will allow the athlete to successfully rehabilitate after an injury. More serious injuries and illnesses are referred to the Seminole team physicians at the Tallahassee Orthopedic Center, who for many years have worked in conjunction with the FSU training room in successfully rehabilitating numerous athletes after an injury.

Brown, a licensed certified athletic trainer in the state of Florida, came to FSU in the Fall of 1995 to pursue her Master's study in Sports Administration. This will be her third season with the women's soccer program after spending the first two seasons as the graduate assistant trainer. She not only works closely with team physicians, but also provides evaluation and advanced first aid, injury prevention, rehabilitation, counseling and guidance, education and administration. Nutrition counseling and drug testing are also responsibilities of the athletic training team which is dedicated to providing the best care possible for all FSU student-athletes.

The N.O.L.E.S. Program

**NEW
OPPORTUNITIES FOR
LEADERSHIP,
EDUCATION AND
SERVICE**

Developed by the Florida State University Department of Athletics, the NOLES program represents a commitment to the total growth and development of the student-athlete. This program establishes an administrative commitment to academic and athletic excellence. Those efforts will be supported with programs and services in personal development, career development and community service.

Personal Development

Fostering the development of personal growth is a fundamental component of the NOLES program. These support programs ensure that the student-athlete will be provided opportunities to focus on personal growth issues such as values clarification, goal setting, fiscal planning, decision making and personal responsibility. Programming focuses on helping student-athletes develop a healthy lifestyle while they are at Florida State and habits that will benefit them for life.

Career Development

Preparing for life after college sports is a major focus of the NOLES Career Development program. The program is designed to work cooperatively with the University's Career Services to acquaint students with the job search process, provide networking opportunities and ultimately assist with job placement. This program places a priority on the development of the total person, with the goal of developing individuals who will have rewarding careers and productive lifestyles after they leave Florida State.

Community Service

Serving the community is the focus of our

Seminole Spirit program. Student-athletes are challenged to give service to our community and individuals who are in need. With a clearly defined program of service, student-athletes are given the opportunity to develop the foundation for a lifelong commitment to volunteerism. The Seminole Spirit Student-Athlete Speakers' Bureau enables student-athletes to improve their speaking skills, develop effective communication and impact the lives of others through their service as role models in our community.

Leadership Development

The Florida State University Department of Athletics is committed to developing programs of excellence that foster leadership development. The foundation of the leadership development program will be the two councils that represent the student-athletes at the University.

The Student-Athlete Advisory Council (SAAC) serves as the advisory board to the NOLES program and the athletics administration. The prestigious board, comprised of two representatives of each athletic team at FSU, also recommends programming and serves as a liaison between student-athletes and the athletics administration. The Advisory Council plans and implements various events for student-athletes and serves as the department's most visible ambassadors. The SAAC planned and hosted the annual Golden Nole banquet for the first time last year and have recently planned such events as orientation for incoming student-athletes and the back-to-school picnic.

Student Athletic Advisory Council

The following information is provided by the Florida State Office of Compliance for prospective student athletes. It is intended as a guideline to introduce some of the rules governing NCAA athletic involvement.

Who is permitted to recruit for FSU?

Only Florida State University coaches who have successfully completed the NCAA Recruiting Rules Examination on an annual basis may be involved in the recruitment process. Representatives of our athletics interests **may not** make any recruiting contacts. This includes letters, telephone calls or face-to-face contact on or off campus with a prospect or the prospect's parents.

Key terms you should know

You become a **prospective student-athlete** if you have started classes for the ninth grade. Before the ninth grade, you become a prospective student-athlete if the college provides you (or your relatives or friends) any financial aid or other benefits that the college does not provide to prospective students generally.

A **contact** is any face-to-face encounter between a prospect or the prospect's legal guardian and an institutional staff member or athletic representative during which any dialogue occurs in excess of an exchange of greeting. **NOTE:** At the Division I level, athletic representatives (boosters) may not contact you for the purpose of recruiting. A college coach may contact you in person off the college campus beginning July 1 after completion of your junior year in high school.

An **evaluation** is any off-campus activity designed to assess your academic qualifications or athletic ability, including any visit to your high school (during which no contact occurs) or the observation of any practice or competition in which you participate.

During your senior year, you can have one expense-paid **official visit** to a particular campus. You may receive no more than five visits. During your official visit, which may not exceed 48 hours, you may receive round-trip transportation between your home and the campus, and you (and your parents) may receive meals, lodging and complimentary admission to campus athletics events.

Phone calls and letters

Phone calls from faculty members and coaches (but not boosters) are permitted beginning July 1 (August 15 for football) after completion of your junior year. A college coach or faculty member is limited to **one telephone call per week** except when it is:

- During the five days immediately before your official visit to the university
- On the day of a coach's off-campus contact with you
- During the time beginning with the initial National Letter of Intent signing date in your sport through the two days after signing date
- In the sport of football only, during the permissible off-campus contact periods and during the 48 hours prior to and 48 hours after 8:00 a.m. on the initial signing date for the National Letter of Intent.

Letters from coaches and faculty members (but not boosters) are not permitted until September 1 at the beginning of your junior year in high school. A Division I university may provide you with the following printed materials:

- General correspondence, including letters, U.S. Postal Service postcards and institutional note cards
- Game programs which may not include posters and one Student Athlete Handbook can be provided only during official or unofficial visits to the university's campus
- NCAA educational information
- Pre-enrollment information subsequent to signing a National Letter of Intent with the university
- One athletic publication which may include only one color of printing inside the covers
- Official academic, admissions and student services publications published or videotapes produced by the institution and available to all students
- Schedule cards
- Questionnaires which may be provided prior to your junior year
- Summer camp brochures which may be provided prior to your junior year.

Alumni and Boosters

Do's and Don'ts

You may forward information about prospective student-athletes to the appropriate coaches.

You may have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and the Compliance Office is aware that you are making these contacts in regard to employment.

You may have a telephone conversation with a prospect **only** if the prospect initiates the call. Such a call may not be prearranged by an institutional staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about our athletics programs to an athletics department staff member/coach.

You may view a prospect's contest at your own initiative provided you do not contact the prospect or his/her parents. In addition, you may not contact a prospect's coach, principal, or counselor in an attempt to evaluate the prospect.

You may continue established family relationships with friends and neighbors. Contacts with sons and daughters of these families are permitted as long as they are not made for recruiting purposes or encouraged by Florida State University coaches.

You may not become involved in making arrangements to receive money or financial aid of any kind for a prospect or the prospect's family and friends.

You may not make contact with a prospective student-athlete and his/her parents when the prospect is on campus for an official or unofficial recruiting visit.

You may not transport, pay or arrange for payment of transportation costs for a prospect, and his/her relatives or friends to visit campus (or elsewhere).

You may not pay or arrange for payment of summer camp registration fees for a prospect.

You may not provide **anything** to a prospect, the prospect's family or friends without prior approval from the athletics' Compliance Office.

Conference Info

Metro Conference History

The Metro Conference, originally tabbed the Metro Six, was formed on June 13, 1975. It's charter members included the Cincinnati, Georgia Tech, Louisville, Memphis State, St. Louis and Tulane.

Expansion was soon on the horizon, as the league membership increased to it's size to seven schools when the Florida State University was admitted on July 28, 1976.

After Georgia Tech left the conference following the 1978 season, Virginia Tech quickly filled the void. Then St. Louis left the Metro. But waiting in the wings was the University of South Carolina who joined in 1983 to increase the membership to eight schools. However, Tulane forfeited its membership when its basketball program was discontinued following the 1984-85 season.

Year	Site	Team Champion	Individual Champion
1981	Tallahassee, Florida	Florida State	Suzanne Doumar, Florida State
1982	Memphis, Tennessee	Tulane	Andrea Fink, Virginia Tech
