

ACC Bio

The Tradition

Consistency. It's the mark of true excellence in any endeavor. However, in today's intercollegiate athletics, competition has become so balanced and so competitive that it is virtually impossible to maintain a high level of consistency.

Yet the Atlantic Coast Conference has defied the odds. Now in its 46th year of competition, the ACC has long enjoyed the reputation as one of the strongest and most competitive intercollegiate conferences in the nation. And that is not mere conjecture, the numbers support it.

Since the league's inception in 1953, ACC schools have captured 72 national championships, including 37 in men's competition and 35 in women's. In addition, 108 men and 26 women have earned the coveted title of NCAA champion.

1998-99 in Review

The 1998-99 academic year concluded with the league pocketing three more national team titles and seven individual NCAA crowns. In all, the ACC has won 32 national team titles in the last nine years. The past year, the ACC was the only Division 1-A conference to have a team play in the national championship game in men's and women's basketball and football.

The ACC's 1998-99 national champions were Maryland in women's lacrosse, Virginia in men's lacrosse and Duke in women's golf. In addition, the ACC had six other teams participate in national title games — Florida State in football and baseball, Virginia in women's lacrosse, Duke in men's and women's basketball and North Carolina in women's soccer. Overall, ACC teams posted a 66-45-1 (.595) mark in NCAA Tournament play.

The ACC placed at least one team in the Top 10 nationally in 15 of the 24 sports sponsored by the league. Other records of note during the 1998-99 season include 76 teams competing at NCAA Championships, five bowl teams and 28 Top 10 showings.

Seven ACC teams, in seven different sports representing six of the nine member institutions, earned a No. 1 ranking during the course of the past academic year.

The ACC Academic Honor Roll record was broken for the 12th-straight year in 1998-99 as 1,552 student-athletes were recognized for their work in the classroom.

The Championships

The conference will conduct championship competition in 25 sports during the 1999-2000 academic year — 12 for men and 13 for women.

The first ACC championship was held in swimming on February 25, 1954. The conference did not conduct championships in cross country, wrestling or tennis during the first year.

The 12 sports for men include football, cross country, soccer, basketball, swimming, indoor and outdoor track, wrestling, baseball, tennis, golf and lacrosse. Fencing, which was started

in 1971, was discontinued in 1981.

Women's sports were initiated in 1977 with the first championship meet being held in tennis at Wake Forest University, October 6-8. Conference championships for women are currently conducted in cross country, volleyball, field hockey, soccer, basketball, swimming, indoor and outdoor track, tennis, golf, lacrosse, softball and rowing.

The History

The Atlantic Coast Conference was founded on May 8, 1953, at the Sedgefield Inn near Greensboro, N.C., with seven charter members - Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest - drawing up the conference bylaws.

The withdrawal of seven schools from the Southern Conference came early on the morning of May 8, 1953, during the Southern Conference's annual spring meeting. On June 14, 1953, the seven members met in Raleigh, N.C., where a set of bylaws was adopted and the name officially became the Atlantic Coast Conference.

On December 4, 1953, conference officials met again at Sedgefield and officially admitted the University of Virginia. The first, and only, withdrawal of a school from the ACC came on June 30, 1971 when the University of South Carolina tendered its resignation.

The conference operated with seven members until April 3, 1978, when Georgia Tech was admitted. The Atlanta school withdrew from the Southeastern Conference in January of 1964. The ACC expanded to nine members on July 1, 1991, with the addition of Florida State.

Speicher Tennis Center

With the first stage of construction completed in the Summer of 1993, the Scott Speicher Tennis Center at the Donald Loucks Courts opened its gates to the public for the first time at a Children's Miracle Network charity tournament. Since then, many successful and admirable tournaments have graced the courts at one of Florida State University's premier athletic facilities.

Costing \$1.2 million to build and then another \$800,000 for recent additions, Florida State's Speicher Tennis Center has become an example of the increasing dedication and commitment the University has to all of its 17 varsity athletic programs.

The Speicher Tennis Center houses 12 lighted hard

courts, over 1,000 court level seats, coaching offices, men's and women's locker rooms, equipment and storage rooms, a team lounge and a public address system. The growing pride Florida State has for its tennis program and its premier tennis center was honored just after its opening in 1994, when the United States Tennis Association (USTA) awarded the structure with its "Top Notch" facility award.

The Speicher Tennis Center was named in honor of Lieutenant Commander Michael Scott Speicher, a graduate of Florida State University and the first American casualty during Operation Desert Storm. By Presidential directive, the facility bears the name the "Scott Speicher Tennis Center."

H. Donald Loucks was the program's first tennis coach and is aptly known as the pioneer of Florida State tennis. He began his coaching career in 1936 at the University School of Florida State College for Women where he coached all sports. This was the beginning of an association with Florida State which crossed six decades, 1936 - 1980, ending in his retirement as Professor Emeritus of Physical Education. In 1942, while serving as an officer in the Army, Loucks was stationed at West Point where he coached plebe basketball and tennis teams.

In 1947, Loucks became Florida State's first basketball coach and a year later was named the schools' first tennis coach. His tennis team was the first athletic team to have a winning season. The varsity tennis courts were named for him in 1981. He served as Dean of Men from 1957 - 1967 and was known as a servant of leadership, service and devotion to many worthy causes.

The Speicher Tennis Center was designed by EMO/Architects, Inc., a Tallahassee-based architectural firm, in collaboration with Global Consult Group, Inc., an internationally recognized Tennis Facility Design Consultant. The complex was funded by private sources and supervised through the state university system of Florida.

Through its short six year existence, the Scott Speicher Tennis Center at the Donald Loucks Courts has served as the home courts for all Florida State men's and women's home dual matches, the annual Seminole Fall Classics, City of Tallahassee tennis championships, various USTA regional and zonal tournaments, the 1994 and 1995 Men's intercollegiate men's tournament and the annual Children's Miracle Network Charity Invitational benefitting Shands Hospital in Gainesville.

On Scott Speicher Tennis Center

"Probably one of the best centers in the states -- couldn't ask for more."

- **Nanette Duxin**

"Our tennis center has great facilities. I like our courts very much and I know that we are very confident when we play on them."

- **Alida Gallovits**

"Compared from what I've seen until now, the Scott Speicher Center belongs in the group considered the better facilities."

- **Marina Raic**

"It's an amazing facility that meets all of our needs."

- **Christy Travis**

Golden Spear Club

About the Golden Spear Club

The Golden Spear Club is designed to provide "grass roots" support for the men's and women's tennis programs at Florida State University. The objective of the club is to assist the athletic department in promoting FSU tennis in Leon County and throughout Florida and to assist in generating interest and enthusiasm for the program.

Membership in the Golden Spear Club helps support the club's activities and the Florida State University tennis program. Although Golden Spear Club memberships are not accompanied with Booster Club benefits, you can take pride in the fact that FSU tennis will remain nationally competitive because of the support. As the 1999-2000 season gets underway, membership in the club has reached over 100 Seminole supporters.

Through the Golden Spear's commitment to FSU tennis, a junior team tennis league kicked off this past fall with over 30 participants. FSU players from both the men's and women's teams volunteered as coaches for the six junior league teams. On three Sundays this past fall, participants, aged seven to 14, competed for various FSU prizes and giveaways. Due to the success of the junior team tennis league, Golden Spear founders and supporters have increased their efforts to bring the excitement of tennis to all that are interested. FSU Athletics welcomes you to become a part of the Golden Spear Club and join other tennis enthusiasts in the fun of supporting Florida State tennis. Go Noles!

How to Become a Golden Spear Club Member

Membership: \$25, Juniors (18 and under); \$50, Adult; \$75, Family (includes up to 2 adults and 3 children)

Benefits of Club Membership:

- Seminole Tennis T-shirt (one per membership)
- 2 pro-ams with men's and women's teams and coaches
- Limited use of varsity courts
- Quarterly Newsletter
- Complimentary Parking During Matches

For more information call: Tim Bauer, assistant women's tennis coach, at (850) 644-1099 or by fax (850) 644-3451.

World's No. 4 Ranked Player Plays Exhibition at FSU courtesy of the Golden Spear Club

The Golden Spear Club helped kick off the 1998-99 season last year by giving the FSU women's tennis program and the Tallahassee community a special treat in November, tennis star Amanda Coetzer was brought in to play an exhibition match at the Scott Speicher Tennis Center. Coetzer shared some old memories with fellow South African tennis pro and head FSU coach Lise Gregory. Coetzer earned the nickname "Giant Killer" on the tour and ranked fourth in 1997 scoring three victories over Steffi Graf and one against Martina Hingis.

Although she traveled nearly 100,000 miles on the tour last year, Coetzer came to Tallahassee to take part in an exhibition to benefit the FSU program. The Golden Spear Club organized an outstanding exhibition program which included many of Tallahassee's USTA members, tennis supporters and Seminole fans. She hit a few balls with senior Ali Weber as well as playing a point with several lucky junior players. She posed for photos and signed autographs for nearly two hours after the exhibition.

Support Services

An Overview of an Academic Support Program on the Rise

Academic, personal and professional support are essential to college success. At the Florida State University, we have developed an outstanding support program which enables student-athletes to reach their full potential.

Our philosophy is "to offer an academic support program integrated with the total university that will assist all student-athletes with the transition into college and provide continued support in all phases of academic and professional development culminating with graduation, job placement or graduate school."

To accomplish this goal we have developed an academic environment which facilitates the academic success of student-athletes. Student success is encouraged through competent academic counseling, career exploration, planning and placement and academic assistance through tutorial programs.

Our program operates on a "proactive" rather than "reactive" approach. At Florida State, our academic staff does not wait for academic crises to occur. We gather important background information and build an academic profile on all student-athletes to assess their needs in advance. We also stay informed on the daily progress of each student-athlete.

Our academic support staff includes a director, five counselors, and three graduate interns forming a group of professionals serving the needs of all our student-athletes. Mark Meleney is entering his second year as the director

of the Athletics Academic Support after serving as one of the program's academic counselors for eight years prior. Academic Counselor Kevin White will handle the women's tennis program duties in 1999-2000.

In 1994, the academic programs moved to the state-of-the-art University Center and are located on the 6th floor of the \$126,000,000 facility. It includes private study carrels, a tutorial study area and a computer lab outfitted with 16 state-of-the-art IBM computers and laser printers. In addition, athletic sky boxes are utilized for group and individualized tutorial instruction sessions.

Mark Meleney
Director

Mark Meleney became Florida State's Director of Athletic Academic Support Programs in 1997 and brings 12 years of advising experience to the position. Over the past five years, Meleney has played an integral role in the development of a comprehensive program of student athlete support, which in 1996 won the "Program of Excellence" award from Athletic Management Magazine.

A native of Iowa, Meleney began his college education at Buena Vista College, where he earned varsity letters in football and baseball. Upon transferring to Florida State, he earned Bachelor's degrees in Management and Finance in 1986 and received a Master's in Athletic Administration from FSU in 1997. He is currently pursuing his Ph.D. in Athletic Administration.

Meleney oversees an academic staff comprised of five academic counselors, and administrative assistant, several graduate assistants, individualized learning specialists and a cadre of about 70 tutors and mentors.

Meleney and his wife Sarah are the parents of a five-year-old daughter, Montana Shea.

Athletic Care

Strength, Conditioning, Medical Care & Treatment

Strength training, conditioning, medical care and treatment are avital aspect of an athlete's performance on the field. At Florida State, a specially designed program is developed for women's tennis, emphasizing the objectives of strengthening and conditioning the athletes along with the proper medical attention.

Strength and Conditioning coach Ron Miller, assistant Steve Pishko and staff individually customize programs for each of the athletes, beginning with pre-conditioning, before the season even gets underway. Assistant Athletic Trainer Kari Langley, A.T.C., will handle the athletic training duties for the women's tennis team.

This season, Miller will be working with Pishko in customizing a sound workout for the women's tennis team. The workout is instrumental in improving muscular endurance, strength and cardiovascular conditioning on the field. The coaches believe so strongly in the program that they even participate themselves. FSU takes pride in customizing the programs to help student athletes reach their maximum potential.

Miller, who holds professional memberships in the National Strength and Conditioning Association and Aerobics and Fitness Association, works with the players in sport specific training which includes strengthening the major muscle groups used in soccer.

Athletes at Florida State University receive the best care and treatment possible. All of the student athletes undergo a preseason examination in order to prevent and detect any potential injuries that an athlete may incur. If a problem is detected, the athlete is placed on a prevention care program which may include any kind of treatment from icing to exercising.

Though preventing injuries is the main objective, they are sometimes a part of participating in athletics. Rehabilitation is another important component of the Seminole training room. Langley and the rest of the FSU training staff will work with the athlete and provide an intense rehabilitation schedule that will allow the athlete to successfully rehabilitate after an injury. More serious injuries and illnesses are referred to the Seminole team physicians at the Tallahassee Orthopedic Center, who for many years have worked in conjunction with the FSU training room in successfully rehabilitating numerous athletes after an injury.

An athlete can expect to receive the best care and treatment possible with the athletic training team at Florida State University. Prior to competition, all FSU student-athletes undergo screening in order to detect any potential injuries. If a problem is detected, the athlete may be placed on a prevention care system which may include any kind of treatment from icing to exercising. Second year Assistant Athletic Trainer Kari Langley will handle the athletic training duties for the women's tennis team this season.

Langley is a 1996 graduate of Valdosta State University where she earned a Bachelor's degree with honors in sports medicine. She joined the Florida State staff in July after working the past two years as a graduate assistant athletic trainer at Michigan State University while pursuing a master's degree in Kinesiology.

At MSU, Langley's primary responsibility was serving as the head women's gymnastics athletic trainer. In addition to coordinating all phases of health care for the MSU gymnasts, some of Langley's other responsibilities included assisting with preseason football and student-athlete drug testing and coordinating mass physicals for 14 of MSU's athletic teams.

In addition to her women's tennis athletic training duties, Langley will also supervise the athletic training of women's basketball and coordinate annual drug testing of all FSU female athletes.

A native of Akron, Ohio, Langley is a certified member of the National Athletic Trainers Association and is also a certified Red Cross CPR/First Aid Instructor.

Though the prevention of injuries is the main objective, some injuries are unavoidable. Rehabilitation is another component of the Florida State training room. The FSU athletic training staff will work with the athlete and provide an intense rehabilitation schedule that will allow the athlete to successfully rehabilitate after an injury. Some injuries and illnesses may be referred to the Seminole team physicians at the Tallahassee Orthopedic Center, who, for many years, have worked in conjunction with the FSU athletic training staff in successfully rehabilitating athletes after an injury.

Events Manager

A member of the Florida State athletic staff since 1990, Melissa Dawson begins her ninth season with FSU and third as Intercollegiate Athletic Coordinator which, among other things, includes home event management and overseeing the equipment duties for various FSU athletic teams.

A native of Hernando, Fla., Dawson attended Florida State earning her undergraduate degree in Physical Education in April of 1992 and her Master's in Athletic Administration in April of 1996.

Life Skills

The N.O.L.E.S. Program

**NEW
OPPORTUNITIES FOR
LEADERSHIP,
EDUCATION AND
SERVICE**

Developed by the Florida State University Department of Athletics, the NOLES program represents a commitment to the total growth and development of the student-athlete. This program establishes an administrative commitment to academic and athletic excellence. Those efforts will be supported with programs and services in personal development, career development and community service.

Spirit Student-Athlete Speakers' Bureau enables student-athletes to improve their speaking skills, develop effective communication and impact the lives of others through their service as role models in our community.

Personal Development

Fostering the development of personal growth is a fundamental component of the NOLES program. These support programs ensure that the student-athlete will be provided opportunities to focus on personal growth issues such as values clarification, goal setting, fiscal planning, decision making and personal responsibility. Programming focuses on helping student-athletes develop a healthy lifestyle while they are at Florida State and habits that will benefit them for life.

Leadership Development

The Florida State University Department of Athletics is committed to developing programs of excellence that foster leadership development. The foundation of the leadership development program will be the two councils that represent the student-athletes at the University.

Career Development

Preparing for life after college sports is a major focus of the NOLES Career Development program. The program is designed to work cooperatively with the University's Career Services to acquaint students with the job search process, provide networking opportunities and ultimately assist with job placement. This program places a priority on the development of the total person, with the goal of developing individuals who will have rewarding careers and productive lifestyles after they leave Florida State.

The Student-Athlete Advisory Council (SAAC) serves as the advisory board to the NOLES program and the athletics administration. The prestigious board, comprised of two representatives of each athletic team at FSU, also recommends programming and serves as a liaison between student-athletes and the athletics administration. The Advisory Council plans and implements various events for student-athletes and serves as the department's most visible ambassadors. The SAAC planned and hosted the annual Golden Nole banquet for the first time last year.

Community Service

Serving the community is the focus of our Seminole Spirit program. Student-athletes are challenged to give service to our community and individuals who are in need. With a clearly defined program of service, student-athletes are given the opportunity to develop the foundation for a lifelong commitment to volunteerism. The Seminole

Student Athletic Advisory Council

NCAA Information

The following information is provided by the Florida State Office of Compliance for prospective student athletes. It is intended as a guideline to introduce some of the rules governing NCAA athletic involvement.

Who is permitted to recruit for FSU?

Only Florida State University coaches who have successfully completed the NCAA Recruiting Rules Examination on an annual basis may be involved in the recruitment process. Representatives of our athletics interests may not make any recruiting contacts. This includes letters, telephone calls or face-to-face contact on or off campus with a prospect or the prospect's parents.

Key terms you should know

You become a prospective student-athlete if you have started classes for the ninth grade. Before the ninth grade, you become a prospective student-athlete if the college provides you (or your relatives or friends) any financial aid or other benefits that the college does not provide to prospective students generally.

A contact is any face-to-face encounter between a prospect or the prospect's legal guardian and an institutional staff member or athletic representative during which any dialogue occurs in excess of an exchange of greeting. NOTE: At the Division I level, athletic representatives (boosters) may not contact you for the purpose of recruiting. A college coach may contact you in person off the college campus beginning July 1 after completion of your junior year in high school.

An evaluation is any off-campus activity designed to assess your academic qualifications or athletic ability, including any visit to your high school (during which no contact occurs) or the observation of any practice or competition in which you participate.

During your senior year, you can have one expense-paid official visit to a particular campus. You may receive no more than five visits. During your official visit, which may not exceed 48 hours, you may receive round-trip transportation between your home and the campus, and you (and your parents) may receive meals, lodging and complimentary admission to campus athletics events.

Phone calls and letters

Phone calls from faculty members and coaches (but not boosters) are permitted beginning July 1 (August 15 for football) after completion of your junior year. A college coach or faculty member is limited to one telephone call per week except when it is:

- During the five days immediately before your official visit to the university
- On the day of a coach's off-campus contact with you
- During the time beginning with the initial National Letter of Intent signing date in your sport through the two days after signing date
- In the sport of football only, during the permissible off-campus contact periods and during the 48 hours prior to and 48 hours after 8:00 a.m. on the initial signing date for the National Letter of Intent.

Letters from coaches and faculty members (but not boosters) are not permitted until September 1 at the beginning of your junior year in high school. A Division I university may provide you with the following printed materials:

- General correspondence, including letters, U.S. Postal Service postcards and institutional note cards
- Game programs which may not include posters and one Student Athlete Handbook can be provided only during official or unofficial visits to the university's campus
- NCAA educational information
- Pre-enrollment information subsequent to signing a National Letter of Intent with the university
- One athletic publication which may

include only one color of printing inside the covers

- Official academic, admissions and student services publications published or videotapes produced by the institution and available to all students
- Schedule cards
- Questionnaires which may be provided prior to your junior year
- Summer camp brochures which may be provided prior to your junior year.

Alumni and Boosters Do's and Don'ts

You may forward information about prospective student-athletes to the appropriate coaches.

You may have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and the Compliance Office is aware that you are making these contacts in regard to employment.

You may have a telephone conversation with a prospect only if the prospect initiates the call. Such a call may not be prearranged by an institutional staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about our athletics programs to an athletics department staff member/coach.

You may view a prospect's contest at your own initiative provided you do not contact the prospect or his/her parents. In addition, you may not contact a prospect's coach, principal, or counselor in an attempt to evaluate the prospect.

You may continue established family relationships.

Off the Court and in the Classroom

Head Coach Lise Gregory came to Florida State with a vision of making the Lady Seminole program one of the best in the nation. After three years and three straight trips to the NCAA Tournament, the Lady Seminoles are poised to solidify their 23rd ranking when the dual match season gets underway in January. However, quite possibly an impressive component of the Lady Seminole women's tennis program is not what they do on the court, but in the classroom.

In the fall, as the team trains and participates in tournaments, the focus is on getting a good start on the academic year. In each of Gregory's first three years at FSU, the women's tennis team has won the Golden Torch Award, an award given to the team with the highest GPA among FSU's athletic teams. The commitment to academic excellence has been a goal of Gregory's since she was an All-American at the University of Miami.

Gregory's goal of providing her players with a well-balanced experience as an FSU student-athlete seems to be coming to fruition as she enters her fourth year. Under Gregory's leadership, FSU has claimed 25 spots on the ACC Academic Honor Roll, including all nine members of the 1998-99 team. With a team GPA of 3.7, and eight of nine players returning from a team that won the third most matches in school history, the sky's the limit for the Lady Seminoles, both on and off the court.

Ali Weber, 3-time ACC Academic Honor Roll recipient.
