MEDIA INFORMATION

A NOTE TO THE MEDIA, FANS AND OPPONENTS

Florida State graduate assistant Maryjane Gardner of the Sports Information Office is ready to assist you with any questions or requests you may have about the Seminole women's tennis program. Please do not hesitate to phone, fax or write a letter to the FSU Sports Information Office at P.O. Box 2195, Tallahassee, Florida 32316, phone - (850) 644-2016, fax - (850) 644-3820, email - mg03f@fsu.edu, if we can further assist you.

HOW TO COVER THE SEMINOLES

Members of the media are supplied with weekly press releases, including updated individual tournament and career statistics, as well as conference and national rankings and information on upcoming matches or events. Results and statistics may be obtained through the sports information office via email, fax or by accessing the official Florida State website - www.seminoles.com. Pertinent team and player information will also be available at the Scott Speicher Tennis Center prior to all home matches. If you would like to schedule interviews with the coaches or student-athletes, contact Gardner at least 24 hours in advance.

WHERE THE HOME MATCHES WILL BE

All 2006-07 Seminole tennis home matches will take place at the Scott Speicher Tennis Center (capacity 1000), located off of Chieftain Way, directly behind Tully Gymnasium. Parking for the facility is located to the west of the tennis center. Media members will be provided parking passes and will be seated in a designated area. Please notify the sports information office prior to home matches for credentials. Any accredited photographer wishing to shoot the matches must check in with Gardner prior to the match, so proper credentials can be assigned.

FSU ON THE WEB

2006-07 OUTLOOK

Hyde On The Expectations Of The Season:

"After having seen this team in action during the fall, all of us are very excited for what's to come for the spring season. One thing that sets this season apart from my first two years at FSU is the depth we have. Our team has eight very solid players that are all very capable of playing in the line up and competing at high levels. It's refreshing to have this kind of depth, and this also helps to keep each person very focused and motivated to stay the course. First and foremost, however, nothing great will happen for us unless we put the work in. You can have all the talent in the world on a team, but without committing to each and every day and without the work being put in, you will never know how good you can be, or should be. That's a big part of what we expect and demand from this team each day. There are no short cuts to the top and our goal of an ACC Championship is a constant reminder for the team to keep their noses to the grindstone. I want our seniors to experience their best year to date, and when they look back years down the road, I want them to remember the 2006-07 season vividly in their minds and hearts. Right now, we are on the right track, and we just have to keep working."

THE SCHEDULE

Hyde understands the importance of playing a strong schedule during the season, and this year's schedule is no exception. The Seminoles begin the season against Penn State and Northwestern, and open at home against Jacksonville on Saturday, January 27th. The night before, the FSU women's and men's tennis team will host their 5th Annual First Serve Tennis Banquet to help kick off the season for the Seminoles. The next two weekends, the women will travel first to Athens to compete against the Georgia Bulldogs, and then travel to Texas (home of Jessica Wente) for matches against Rice and Houston. They return home to host state of Florida competition in Stetson and Rice, then hit the road to play SEC conference foe LSU in Baton Rouge. They will return home to face rival Florida on February 28th. They will conclude all non-conference play during a Spring Break trip to south Florida to play ACC opponent Miami and Florida International.

Nicola Slater

Carolyn Walter

With last season's addition of Virginia Tech and Boston College to the ACC, the Seminoles are becoming quickly familiar with these schools, after taking 4-3 wins against both teams last spring. FSU will host NC State, Wake Forest, Virginia, Virginia Tech, Boston College and Maryland at home this spring while traveling to play Miami, Clemson, Georgia Tech, North Carolina and Duke on the road. The ACC Tennis Championships take place in Cary, NC April 18-22 and NCAA Regional play begins May 11-12 with sites to be announced. The NCAA Sweet 16 and Individual Championships will take place at the University of Georgia May 21-26, 2007.

2006-07 OUTLOOK

Hyde On The Schedule:

"The ACC has taken over as being the best conference in the nation. Our non-conference schedule will be quite challenging, but the team clearly knows that once we begin conference play in March, there will not be an easy day for us. Every time we step on the court to compete, we will have to bring our 'A' game to succeed to the levels we have in mind. It's very exciting to play in this conference, and the constant exposure to high level competition and our competitive experiences within this conference will undoubtedly make us a better team. It is a critical time in the growth of this program and our schedule will surely provide us with opportunities to play the best in the nation."

THE VETERANS

This year's team is extremely balanced returning six women to the squad, including two seniors, two juniors and two sophomores. Senior **Miranda Foley** (Cambridge, England/ Hills Road Sixth Form College) returns this season following a shoulder injury and looks to add depth in the lineup. Senior **Nicola Slater** (Ayr, Scotland/ Southern Mississippi) will conclude her career at Florida State as half of the number one doubles team. With a trip to the National Indoor Championships in the fall season, Slater looks to dominate on the court. Junior **Carolin Walter** (Bingen, Germany/ Baylor University) returns to the court ranked 64th after an injury during the season. She was ranked 18th last season before being hurt.

Hyde On Walter:

"Carolin, in our opinion, could defiantly be at the top of the rankings. Prior to her injury, she was ranked in the top 20 nationally, so she knows what it takes to compete and be successful at that level. After having so much time off from the competition, she's still not playing to her highest level. She's realizing that getting back to that place is a process, and she respects that. This fall has been good for her as far as match play and match toughness goes, and we expect that by spring she will be closer to the tennis she was playing prior to her injury."

Junior **Tapiwa Marobela** (Gaborone, Botswana/ Clapham) is coming off of a solid season and looks to add valuable experience to the squad. Sophomores **Ania Rynarzewska** (Inowroclaw, Poland/ Warsaw School Complex- Polish Embassy) and **Suzanna Mansour** (Greenacres, Fla./ Trinity Christian Academy) both return to the squad after having solid freshman campaigns during the 2005-06 season. Rynarzewska played at the #1 spot on 14 occasions last season for the Seminoles while Mansour went 11-8 in dual match play.

THE NEWCOMERS

Florida State signed two very experienced players who have already made an impact on Florida State. Freshmen Lauren Macfarlane (Ogden, Utah) and Jessica Wente (Whitehouse, Texas) have already opened people's eyes since being at FSU after the two worked their way through the FSU hosted ITA College Summer Circuit Tournament in July, playing each other in the final after beating numerous seasoned college players along the way. This fall, Macfarlane paired with Slater to make their way to the NCAA South Region final in doubles, which was followed by the first ever invite for an FSU duo to compete at the ITA National Indoor Championships. At this event, they beat then #2 nationally ranked Suzi Babos and Zsuzsanna Fodor from Cal-Berkley. Wente won the #4 singles flights at this years Seminole Invitational, and won third place at the San Diego State University Fall Invitational at the #3 positions, while winning the #3 doubles flight with partner Miranda Foley.

Hyde On The Freshmen:

"We are very exciting about our freshmen recruiting class at FSU. They both have come in already and raised the level of play on this team, while also creating a greater depth to our line-up. They both work very hard, they want to learn and every time we talk to them, they really listen. They want to improve and have really bought in to what we are trying to do, and in such a short time. Their energy and enthusiasm is contagious, and this transfers down the courts during practice and matches. I think it is very clear how happy they are and how excited they are to be a part of the Seminole family."

2006 FALL SEASON

Florida State had an amazing fall season to kick-off the 2006-07 season. The freshman stepped up immediately producing wins for the Seminoles, while the returnees did a great job building off of their experiences at FSU. Senior Nicola Slater and freshman Lauren Macfarlane were the first FSU women's doubles team to be selected to compete in the Indoor National Championships. At the San Diego State Fall Invitational, the Seminoles won 46 of 53 matches played, winning two of three doubles flights and three of five singles flights along the way. At the ITA South Regional Tournament, the Seminoles had an impressive showing again. Rynarzewska beat the top rated player Laura Valverdu of Miami, Walter made her way to the Quarterfinals, Foley and Walter paired to win the flight #2 doubles championship, while Slater and Macfarlane worked their way to the finals of the #1 doubles flight, knocking out one Georgia Tech team and two Florida doubles teams along the way. After hosting the Seminole Invitational, the team walked away with four flight championships and five second place finishes. The squad finishes the 2006 fall season at the University of Miami Fall Invitational, with nationally ranked opponents from Miami, Iowa, Vanderbilt, Clemson, Florida International and Florida Atlantic.

JENNIFER HYDE

HEAD COACH

3rd Season :: Florida State, '95

Former Seminole Jennifer Hyde, one of the most talented young coaches in the nation, enters her third season as head coach of the Florida State women's tennis program. She was hired to coach the Seminoles on July 7, 2004.

Hyde's first season leading Florida State was nothing short of successful. Her team was ranked as high as No. 29 in the country and they finished the season with an 11-12 record. Florida State earned a berth into the NCAA Tournament and the team also received multiple accolades for their academic performance.

During Hyde's second season leading Florida State, she coached the team to a 9-13 record. Her team once again received multiple academic accolades for their work off the court. It was the eighth straight year the women's tennis team won the Golden Torch Award, which is given to the team with the highest g.p.a. on campus.

A 1995 graduate of Florida State, Hyde returned to Tallahassee from the University of Houston where she spent five seasons as the head coach. She brought with her a wealth of coaching experience after also assisting at four other universities in three different conferences - the SEC, the Big 10 and the ACC.

Hyde is the fifth head coach of the Seminole program, which began in the late 1970s, and second former player to coach the women's tennis team. She replaced Lise Gregory, who left Tallahassee to pursue other interests after eight successful seasons at Florida State.

The 2003-04 campaign proved to be Hyde's most successful at Houston, on and off the court. Hyde led the Cougars to a third-place finish in Conference USA and the program's most dual match wins since 1997. The level of play Houston faced in 2003-04 was also the toughest the program had ever faced. In the classroom, her team achieved the highest GPA in the history of the athletics department and earned annual team academic All-America status.

Hyde was a four-year letter winner for the Seminoles from 1991-94, a successful era for women's tennis at Florida State. During the 1993 season, Hyde and teammate Jenny Graf were runner-up ACC flight champions at number two doubles. She was a 1994 NCAA Championship participant and also served as the Seminoles' team captain that same season. FSU concluded the 1994 season with a final national ranking of No. 17, the highest finish to date for a Florida State women's tennis team. Hyde graduated from FSU with a degree in leisure services and studies with an emphasis in recreational management with a minor in psychology.

After her collegiate playing career at Florida State, Hyde began her coaching career at her alma mater where she served as a graduate assistant coach. She went on to assistant coaching stints with the women's programs at the University of Iowa (1995-97), the University of Alabama (1997-98) and the University of North Carolina (1998-99). At UNC, she was part of the most successful women's tennis season in the program's history at that point. Hyde was instrumental in progressing a previously unranked Tar Heel team to a top 25 national ranking and the school's first-ever tennis berth in the NCAA tournament, where they won their first-round match. As the recruiting coordinator at North Carolina, she identified and signed a top five nationally ranked junior and a top three nationally ranked Australian junior.

An Alpharetta, Ga., native, Hyde, an ITA and NCAA Southwest Region Selection Committee member, enjoys playing golf, traveling, hiking and boating. During the summer, Hyde was able to travel to Europe and visit Italy for the first time.

OLIVER FOREMAN

ASSISTANT COACH

2nd Season :: Middle Tennessee State, '02

Oliver Foreman is entering his second season as the assistant women's tennis coach at Florida State University. A few of Foreman's duties will include player development and recruiting. Foreman most recently worked as a volunteer assistant coach at the Ali Hamadeh Tennis Academy in 2004. During his brief stint there, he coached four juniors to the Super Nationals Tournament and also aided in generating a prestigious junior development program with over 40 juniors. While at Ali Hamadeh's Tennis Academy, Foreman also worked with helping athletes in strength and conditioning programs.

Foreman played on the Professional Tennis Tour from 2002-2004 where he was the Irish National Open singles and doubles champion in 2002. Foreman also made it to the last round pre-qualifying for Wimbledon in 1998 and 2000.

Prior to his career on the Professional Tennis Tour, Foreman played his collegiate tennis at Middle Tennessee State. Foreman, who was team captain in 2002, received multiple accolades over his four years at MTSU including being named to the Ohio Valley All-Conference Team (1998, 1999) and the Sunbelt All-Conference Team (2001, 2002). Foreman is no stranger to Florida State as he returns to the place where he won the 1999 Seminoles Fall Classic Doubles Tournament. FLORIDA STATE

2005-06 SEASON IN REVIEW

SEASON REVIEW

In Jennifer Hyde's second season as head coach for Florida State, the No. 72-ranked Seminoles women's team concluded the season with a respectable 9-13 overall finish and a 2-9 mark in the Atlantic Coast Conference (ACC) for tenth place. After losing a pair of players, redshirt senior Miranda Foley and junior Carolin Walter in the beginning of the season to injuries, the team shifted singles and doubles play the remainder of the season. The squad ended up playing a total of 13 different doubles teams. The season began well winning seven of nine matches with a four game winning streak to Auburn, Bethune-Cookman, FAMU and Stetson with scores of 4-3, 7-0, 5-0 and 6-1, respectively. They team also went on to defeat Georgia Southern, Troy and Alabama-Birmingham during that spread. In the first matches between Boston College and Virginia Tech in conference play, the Seminoles were able to win both matches 4-3.

RYNARZEWSKA RAKES IN POSTSEASON AWARDS

Freshman Ania Rynarzewska (Inowroclaw, Poland) etched her name in the Florida State record books from the beginning. After playing 15 matches from the one spot in singles and eight matches in the one spot for doubles, she was selected to the 2006 All-Conference Team and All-ACC Academic Team. The communications major went 11-10 in doubles play including six wins in seven matches and won six singles matches in a span of nine matches. Teaming up with Mansour, they upset the No. 47-ranked Elazari/Larson of Virginia Tech 8-5.

WOMEN'S TENNIS WINS GOLDEN TORCH AWARD...AGAIN

While recognizing the academic performances of individual student-athletes and top team performances, the women's tennis team repeated as the team Golden Torch winners with the top overall academic performance of any Seminole women's team. Freshman tennis player Lisa Nystrom-Skold tied with freshman golfer Caroline Larsson and junior swimmer Katie Ronan as the winner of the women's overall Golden Torch. This was the tenth

straight season the women's tennis team has come out on top and the 15th win overall. This is also the seventh time a women's tennis player has won the individual award. The Golden Torch is given to the team and individual with the highest GPA.

LONE SENIOR CONCLUDES CAREER AS A NOLE

Lone senior Alina Mihailescu (Constanta, Romania) concluded her career going 6-15 in singles and 5-15 in doubles action. Her final match concluded with her final win pairing with sophomore Tapiwa Marobela to defeat Wake Forest in doubles play. Her final season was highlighted with a victory over No. #105 ranked Tarryn Rudman of Georgia Tech 6-3, 4-6, 1-0(8). Mihailescu finished her career with a career record in singles of 38-38. Her final doubles record was 6-15 playing a 20 of those matches her final year. The senior graduated with a degree in finance from Florida State during spring commencement.

CH - CH - CH - CH - CHANGES

With the loss of two players due to injuries, the lineup changed significantly throughout the season. Eight of the nine student-athletes on the roster represented Florida State during singles play. Redshirt-senior Miranda Foley was out before the season began while junior Carolin Walter only played the first two matches of the season. Walter won her first two matches in singles and doubles play. She went 6-1, 6-1 and 6-2, 6-0 in singles while going 9-7 and 8-0 with partner Nicola Slater in doubles. The most significant changes occurred in doubles play with thirteen different pairs. The most consistent partners were freshmen Suzanna Mansour and Ania Rynarzewska who played 18 matches together. Six different pairs played only one match with one another.

COACHING EXCELLENCE...

When it comes to legendary head coaches, it is hard to argue anyone has been as fortunate. The Seminoles have had three coaches who have established records that rank them with the greatest coaches ever to roam an NCAA sideline.

Florida State is the only NCAA school with three coaches in the top five for all-time victories in their respective sport and in the top five in wins and winning percentage among active coaches. Bobby Bowden (football), JoAnne Graf (softball) and Mike Martin (baseball) have combined for 3,149 wins and each coach appears in the top four for active winning percentage, active wins or all-time victories.

The caliber of coaches at Florida State is second to none and year after year, these coaches are recognized for excellence nationally, regionally and at the conference level. For the second straight season, **Bob Braman was recognized for his stellar year in both cross country (2004 & 2005 NCAA South Region Coach of the Year) and both indoor and outdoor track and field when he was named the 2005 & 2006 ACC Coach of the Year as well as region Coach of the Year honors for both sports. He capped off the banner season with National Coach of the Year honors after leading the Seminoles to the 2006 Men's Track and Field Outdoor National Championship. Neil Harper earned Women's Swimming ACC Coach of the Year honors in 2006 while first year soccer coach Mark Krikorian made an immediate impact at FSU earning ACC Coach of the Year honors as well as National Coach of the Year honors by both Soccer America and Soccer Buzz.**

IN THE COMMUNITY...

Seminole student-athletes are **committed to making a positive impact on the community**, serving almost **5,000 hours of community service** during the 2005-06 school year. They also helped to raise thousands of dollars in direct support to charities.

FSU student-athletes have volunteered their time working with students from every elementary and middle school in Leon County as well as schools in nearby Wakulla and Gadsden counties. In addition, the **Seminoles** have participated in projects such as **Habitat for Humanity, Relay for Life, Special Olympics, and Tallahassee Sports Ability**, just to name a few.

POSTGRADUATE SCHOLARSHIPS...

In November 2005, **two-time All-American shot putter Garrett Johnson** became just the **second FSU student and first FSU student-athlete to be selected a Rhodes Scholar** when he was chosen as one of 32 college students from throughout the United States to study at the University of Oxford and one of less than 100 from around the world who will join the prestigious academic program in October of 2006. The program's criteria is based on academic success, leadership potential, personal integrity and physical vigor.

Florida State student-athletes **have earned over \$350,000 in post-graduate scholarships** over the past 12 years. They have also received **29 post-graduate scholarships from the ACC since 1993** including David Castillo (football), Andrew Diakos (track & field) and LaKendra McColumn (track & field), who were among the 36 Atlantic Coast Conference scholar-athletes to be named recipients of the ACC Weaver James Corrigan Postgraduate Scholarship in 2005-06. In addition, Garrett Johnson (track & field) earned the ACC Scholar Award.

In 1996, Seminole **Daryl Bush** was the **first ever recipient of the State Farm National Scholar Athlete of the Year** award, now given annually.

Florida State **boasts two NACDA Post-Graduate Award winners** in the last six years. The scholarship, which was originated in 2001, grants \$10,000 scholarships to its recipients.

IN THE CLASSROOM...

Florida State named a **record 194 student-athletes to the 2006 Atlantic Coast Conference Honor Roll in 2005-06**. At the conclusion of the school year, **eight of Florida State's athletic teams had a 3.0 or better cumulative grade point average**. In the spring 2006 semester, 202 Seminoles achieved a minimum 3.0 semester GPA while the average team semester GPA was a 2.941.

Since joining the ACC in 1991, **FSU has had seven National Football Foundation and College Hall of Fame National Scholar Athlete Award winners** — a figure that ranks nationally in the past 14 years.

In 2001, former Seminole quarterback **Chris Weinke was the recipient of the first ever ACC Scholar Award** which is given annually to an excellent athlete and top scholar who plans to pursue a professional athletic career. Since then, football's Chris Hope (2002), baseball's Matt Lynch (2003) and track & field's Garrett Johnson (2006) have also earned the distinction.

Florida State had **six student-athletes garner National Academic All-American honors in 2005-06** when football senior David Castillo, softball senior Natasha Jacob and track and field's Garrett Johnson, Tom Lancashire, Javier Garcia-Tunon and Lacy Janson earned such status. **It marked the first time that six FSU student-athletes earned the honor in the same academic year.**

Florida State has **more all-time ACC Academic Honor Roll selections (2,208) than all-time All-ACC honorees (1,692)**. Since 1970, **32 FSU student-athletes have earned National Academic All-American honors** and 2006 marked the second straight year three or more FSU student-athletes earned the honor in the same season.

In 2006, **eight Seminole student athletes earned the prestigious Arthur Ashe Junior Sports Scholar Award** and football's **David Castillo** was named the **Arthur Ashe Junior National Male Scholar Athlete of the Year**. The Arthur Ashe Jr. Sports Scholar Awards were established in 1992 and serve to honor minority student athletes who exhibit academic excellence and community activism, as well as athletic prowess.

Football's Chris Hope received the 2002 NACDA Postgraduate Scholarship.

TOP ATHLETES...

When you consider the top athletes who don the Garnet and Gold, it's easy to see why Florida State has enjoyed such success over the years. Of the **36 national awards** for athletic achievements Florida State student-athletes have earned, **seven have been for the top athlete in the nation award in their respective sports**. Florida State boasts two Heisman Trophy winners, three Golden Spikes winners, a USA Softball National Player of the Year and a Honda Award winner for softball.

From football, to diving, to tennis, to track and field, several of Florida State's student-athletes achieve All-America status each year. **FSU boasts 709 first team All-America selections** as well as several regional and national award winners. Over the years, **FSU has enjoyed 1,692 All-ACC selections**. Even more impressive is that **25 student-athletes have been crowned individual national champions** in their respective sports.

TOP TEAMS...

Great athletes make great teams and Florida State has a rich history when it comes to great teams on both the national and conference level and has earned 12 national championships over the years **including the 2006 NCAA Men's Outdoor Track and Field title**. In 1999, the Florida State Seminoles became the first football team to go wire-to-wire as the **Associated Press' No. 1 team** when the squad went 12-0 on its way to the program's second national championship. **FSU teams have combined for 143 NCAA Tournament appearances and 35 ACC team titles**. Florida State's team sports have earned 8,185 victories and eight of Florida State's team sports have an all-time winning record.

FLORIDA STATE

THIS IS FLORIDA STATE

From its pre-Civil War beginnings as the Seminary West of the Suwannee to a nearly four-decade stint as the Florida State College for Women to its return to coeducational status as a university, Florida State University has developed into an internationally acclaimed research institution with excellence in teaching, research and public service.

The university enrolls almost 40,000 undergraduate, graduate and professional students. Of these, 24.5 percent are minorities. Students are from all 50 states and the District of Columbia, as well as 137 foreign countries.

Florida State offers an impressive breadth of academic degree programs. Students may take courses of study leading to a baccalaureate degree in 94 programs, a master's degree in 107 degree programs, a doctorate in 73 degree programs, a specialist certification in 28 degree programs and a professional designation in two degree programs. Courses are offered through 16 schools and colleges — Arts and Sciences; Business; Communication; Criminology and Criminal Justice; Education; Engineering; Human Sciences; Information; Law; Medicine; Motion Picture, Television and Recording Arts; Music; Nursing; Social Sciences; Social Work; and Visual Arts, Theatre and Dance.

Students have the opportunity to work and study alongside members of the prestigious National Academy of Sciences, members of the American Academy of Arts and Sciences, winners of the Pulitzer Prize and a Nobel laureate. Florida State faculty also lead several scholarly fields in citations of published work.

Several members of the Florida State faculty were recognized with major awards in the 2005-2006 academic year, including two new members elected to the prestigious National Academy of Sciences; four Fulbright fellowships; two new fellows of the American Physical Society; the 2006 Medalist Award from the Florida Academy of Sciences; a Sloan Research Fellowship; and one professor, the legendary ballerina Suzanne Farrell, rewarded with Kennedy Center Honors.

Florida State has many academic programs that consistently rank among those at the nation's top 25 public universities, including programs in business, chemistry, creative writing, criminology, ecology and evolutionary biology, information, law, meteorology, oceanography, physics, political science, psychology, public policy, sociology and statistics.

The university had many noteworthy achievements during the 2005-2006 academic year. Among them:

- Florida State launched the Pathways to Excellence Initiative, which takes advantage of the university's unique strengths with significant new investments in research and graduate education. It is designed to target and hire 200 top faculty members who are national and international leaders in their respective fields to complement FSU's highly respected faculty, and to bring added value to the university's world-class research groups and centers through substantial investments in new facilities and enhancements to graduate education, particularly Ph.D. programs.
- The FSU CONNECT Campaign, launched in October 2001, officially concluded, having raised more than \$630 million to support the university.
- Sarasota philanthropist Dr. Helga Wall-Apelt's multi-tiered gift devoted to Asian art is the largest yet received by the John and Mable Ringling Museum of Art and the largest single gift to FSU, expected to exceed a total value of \$50 million.

WOMEN'S TENNIS

Dr. T.K. Wetherell congratulates Garrett Johnson on winning the Rhodes Scholarship

- U.S. News & World Report ranked the College of Information master's program 10th in the nation; the College of Arts and Sciences' nuclear physics program was 13th, as was its analytical chemistry program; and the College of Law's environmental law program was 14th, as was the higher education administration program in the College of Education. In addition, Hispanic Business magazine again ranked the law school among the Top 10 in the nation for Hispanics.
- The National High Magnetic Field Laboratory unveiled two world-record magnets that offer potential for scientific breakthroughs in a variety of fields. Standing 16 feet tall and weighing more than 15 tons, a 900-megahertz, superconducting NMR magnet was brought online following 13 years of design, development and testing. Science performed using this magnet will help scientists understand the workings of biological molecules, as well as the workings of the cell and the brain. In addition, a 35-tesla magnet, the highest-field "resistive" magnet in the world, was unveiled. It will be used primarily for physics and materials science research.
- An international reputation of excellence earned the Learning Systems Institute a \$6.2 million grant from the U.S. Department of Homeland Security to develop national performance standards and a training curriculum for port security and other personnel to prevent, deter and respond to terrorist acts along the 95,000 miles of U.S. shoreline.

- Student-athlete Garrett Johnson, an outstanding graduate student studying public administration and one of the best shot putters in the world, won a Rhodes Scholarship — just one of many FSU students furthering their educations through prestigious academic awards.

Students at Florida State have the opportunity to conduct research in specialized interdisciplinary centers, such as the National High Magnetic Field Laboratory, the Institute of Molecular Biophysics, and the School of Computational Science; to participate in interdisciplinary work across campus, such as programs that integrate economics, geography, climate forecasting, law and other environmental courses and programs; and to work with faculty to forge new relationships between disciplines, including medicine, the physical sciences, engineering, business and law.

Students also are encouraged to participate in international education through the university's programs in England, Italy, Switzerland, France, Panama, China, Costa Rica, Spain, Russia, the Czech Republic, Greece, Croatia, Germany, Ireland and the Caribbean. The university's study sites in London, the Republic of Panama, Valencia, Spain, and Florence, Italy, are considered by many to be among the nation's best. In

2006, Florida State signed a cooperative agreement with the newly formed International Valencian University in Spain, becoming its North American partner — another example of Florida State's growing prominence in the international academic community.

Florida State's main campus is spread over 450.5 acres in Tallahassee. Within the state, the university maintains facilities in Panama City, at its Coastal and Marine Laboratory on the Gulf of Mexico, and at the Asolo Performing Arts Center in Sarasota. Also in Sarasota, Florida State operates the Ringling Center for the Cultural Arts, which includes the John and Mable Ringling Museum of Art, the largest museum/university complex in the nation.

Extensive credit and non-credit continuing education programs are offered statewide via Academic and Professional Program Services, housed in the Augustus B. Turnbull III Florida Conference Center on the edge of the Florida State campus. In addition, library holdings at Florida State include 2.8 million book titles and 9.1 million microforms. The university's library holdings rank among the top 30 public research universities in the United States.

The university's main library facility, the Robert M. Strozier Library, is linked by computer to other state university and national research libraries. Florida State also maintains science, music, library and information science, medicine, engineering and law libraries, as well as the Mildred and Claude Pepper Library, which houses the papers, photographs, audio recordings, video recordings and memorabilia of the longtime congressman from Florida. Library materials and services also are available at the university's Panama City campus, as well as at the international study centers, and a collection of art and related materials is on display at the John and Mable Ringling Museum of Art in Sarasota. Collectively, the Florida State libraries are a member of the Association of Research Libraries, an association of the top research university libraries in the United States.

RETENTION RATE: First year, 100%...second year, 86.2%...third year, 75.7%...fourth year, 71.8%.

FACULTY/STAFF: Total 2,239...FSU's faculty includes some past graduates, such as former astronauts Dr. Norm Thagard, who teaches Electrical Engineering, and Winston Scott who serves as Vice President of Student Affairs...FSU's faculty has included six dynamic Nobel Laureates: 11 members elected to National Academy of Sciences...10 members of the American Academy of Arts and Sciences.

EDUCATIONAL ADVANTAGES: Florida State University has a uniqueness in providing programs that are consistent in excellence across the board, from fine arts and humanities to the hard sciences...The balance of programs is based on FSU's long tradition as a leading liberal arts institution combined with its position as one of the top 10 universities in generating research-based revenues...FSU is the most wired campus in Florida, and was recently ranked 18th most connected university in the nation by Yahoo! Internet Life.

EDUCATIONAL OPPORTUNITIES ABROAD: FSU offers a variety of overseas study opportunities for students during the regular academic year. FSU has study centers located in Florence, Italy; Panama City, Republic of Panama; Valencia, Spain; and London, England. Courses at the study centers are offered each semester and cover a wide range of subject areas perfect for meeting general and liberal studies requirements. International Programs also offers study programs, some general and some major specific, in: Tianjin, China; San Jose, Costa Rica; Dubrovnik, Croatia; Prague, Czech Republic; London, England; Paris, France; Dublin, Ireland; Moscow, Russia; and Leysin, Switzerland. A summer Law program is offered in Oxford, England. There is one Linkage Institute, FLORICA, in Costa Rica, and Beyond Borders programs in Turrialba, Costa Rica, Kingston, Jamaica, and Dresden, Germany.

EXTRACURRICULAR ACTIVITIES: FSU has nearly 300 student organizations that allow students to find their own niche.

FINANCIAL AID: FSU offers two types of financial assistance: need-based and merit-based...Over \$160 million is given away for financial assistance each year.

STUDENT/FACULTY RATIO: 23-1...Many of the general education classes are large, lecture classes; however, over 70 percent of major classes have less than 40 students.

RESEARCH: The Florida State University has built a reputation as a strong research center in both the sciences and the humanities. It is expected that more than \$100 million in external funds will be generated this year by the university faculty and administration as supplements to state funds used for research. These external funds are in the form of contracts and grants from private foundations, industries, and government agencies, and are used to support research, improve research facilities, and provide stipends for graduate students.

SPONSORED RESEARCH (2005-06): \$173,605,359

LIBRARY HOLDINGS: The University Library System contains over 2.8 million volumes, of which more than 245,000 are available electronically as e-books. The libraries subscribe to more than 42,000 current serials including academic journals, professional and trade journals, and major newspapers from around the country and the globe in both paper and electronic formats. The libraries also subscribe to more than 300 databases. The FSU Libraries include 8 libraries on campus: The Robert Manning Stroz Library, Paul A. M. Dirac Science Library, Mildred and Claude Pepper Library, Warren Allen Music Library, Harold Goldstein Library and Information Science Library, College of Law Library, College of Medicine Medical Library, and the College of Engineering Library. Library materials and services are also available at the FSU Panama City Campus, as well as International Programs study centers in London, Florence, and Panama, and a collection of art and related materials at the John and Mable Ringling Museum of Art in Sarasota, Florida.

DR. T.K. WETHERELL President, Florida State University

Dr. Thomas Kent "T.K." Wetherell became the 13th president of Florida State University on January 6, 2003. He is the first university alumnus to serve as president of Florida State. A career educator with more than 30 years of experience in the State of Florida's educational system, Dr. Wetherell is also the only FSU president with experience in all four major divisions within higher education, having held positions in the offices of academic affairs, student services, business affairs, and college development. He has held leadership positions in two-year as well as four-year colleges, and he has served as a faculty member in both public and private institutions of higher education.

Dr. Wetherell is recognized as a high-energy, student-oriented president. He is an innovator who challenges faculty, staff and administrators to set high professional and personal standards. During his tenure as president, Florida State realized its dream of establishing, receiving full accreditation and graduating the first class of the nation's first public new allopathic medical school in the last 25 years.

Under Dr. Wetherell's leadership Florida State has undertaken the university's most extensive construction program, adding three new residence halls, a general purpose classroom building, new food services facilities, parking garages, an alumni center, research facilities, massive renovation projects, a Heritage Walk system throughout campus, as well as the construction of a new medical school.

Dr. Wetherell established the Pathways to Excellence program designed to enhance Florida State University's stature as a public graduate research university. The Pathways to Excellence program is designed with the Association of American Universities evaluation criteria as its basis. In addition to issuing a challenge to the university's community to reach a higher level academically, Dr. Wetherell also made available online data that will allow the public and individual faculty to monitor the university's and their respective academic department's success in this endeavor.

Dr. Wetherell is an outstanding advocate for higher education and has been called the state's most "politically astute president." In addition to his political insight, Dr. Wetherell is expert in resource development and led the university to successfully complete Florida State's second major capital campaign. During the campaign Dr. Wetherell gave the largest gift a seated president of a public research university has ever given to an institution in the United States. As president, Dr. Wetherell has also been the university's most vocal advocate for a community service program as part of students' college experience.

Dr. Wetherell has been inducted into Florida State University's Hall of Fame and was the recipient of the prestigious Moore-Stone Award, the Circle of Gold Award and the university's Distinguished Service Award. In addition, he has also been awarded an honorary Doctorate of Letters from Flagler College.

Dr. Wetherell served in the Florida House of Representatives from 1980 to 1992, the last two years as Speaker of the House. During his tenure in the House he served as chairman of the appropriations committee and the higher education committee. The Miami Herald named him one of the Top Ten Legislative Leaders in the House each year from 1987 until 1992. During his years in the legislative process Florida enacted some of the most progressive education legislation in America.

A third-generation Floridian, Dr. Wetherell was born on December 22, 1945 in Daytona Beach, Florida. He attended Port Orange Elementary School and Mainland Senior High School, where he was active in service clubs, student government and athletics. He attended Florida State University on a football scholarship and played on the 1963-67 football teams. He still holds the record for the longest kickoff return in Florida State University history. He earned his bachelor's and master's degrees in social studies education from FSU in 1967 and 1968 respectively. He earned a doctorate in education administration from FSU in 1974.

Dr. Wetherell is married to Virginia B. Wetherell, who was appointed by Governor Chiles as Secretary of the Florida Department of Environmental Protection from 1991 to 1998. She previously served as a state legislator representing Pensacola. She currently is president of Wetherell Consulting Services. They are the parents of three children: Kent, Blakely, and Page, and have two grandchildren: Emily and Tyler. Wetherell's personal interests include outdoor recreation, travel and aviation.

DAVE HART FSU Director of Athletics

His peers use terms and words such as class, integrity, respect, visionary and national leader to describe Dave Hart, Jr. Bolstered by his leadership and vision, the current and future state of a still young athletics program at Florida State University is vibrant and inspiring. Hart is widely viewed as one of the nation's top athletics directors. It is a reputation he has earned.

Dave Hart begins his 12th year as Florida State's Athletics Director. Hart has led the FSU athletics program since 1995 with comprehensive success in mind. The athletics department budget has doubled from 20 to more than 40 million dollars since Hart arrived, with a high percentage of that increase going towards the growth and development of women's athletics programs at FSU. Student-athletes have reached new heights in academic performance within University, Conference and national circles. Florida State student-athletes, coaches, administrators and teams are being recognized nationally on a regular basis for honors and awards. Excellence in competition is evidenced across the board with the Seminoles finishing in the Top 20 nationally in the Directors' Cup this past year.

Hart has served on several prestigious committees at conference and national levels during his career in athletics administration. He has been a member of the NCAA Council, the NCAA Honors and Awards Committee and the NCAA Special Events and Postseason Bowls Committee as well as a consultant to the NCAA Student-Athlete Advisory Council.

Since his arrival at Florida State, Hart has negotiated unprecedented multi-million dollar contracts for the department totaling in excess of 100 million dollars while planning and guiding the development and implementation of an extensive and comprehensive facilities master plan for athletics which totals more than 125 million dollars. He initiated a multi-faceted Student Development/Life Skills program for all student-athletes, which has been recognized nationally as a "Program of Excellence" by the Division I-A Athletics Directors' Association. He spearheaded the rewriting of the department's mission statement to put the student-athlete at the core of everything the athletics department does in its goal to build comprehensive excellence throughout the many components of the department.

Hart met his wife, the former Pam Humble, while at Alabama and they have three children, Rick, Jamie and Kelly. The Harts' also have three grandchildren, Trevor, Caroline and McKinley.

ACADEMIC SERVICES

MARK MELENEY

Director of Athletic Academic Support

Mark Meloney begins his 11th year as the Director of the Athletic Academic Support Program. He brings to the position 20 years of advising experience at FSU. Over the years, Meloney has played an integral role in the development of a comprehensive program of academic support for student-athletes which includes a staff of six professional academic counselors, three educational services specialists, and an administrative assistant.

In addition to his duties directing the Academic Support Program, Meloney coordinates the evaluation of all recruits for their academic potential, monitors academic progress and eligibility for student athletes, and serves as a liaison to the academic community. He also serves as a member of the administrative team for both the Athletic Department and the Division of Undergraduate Studies.

A native of Iowa, Meloney began his college education at Buena Vista University. Upon transferring to Florida State University, he earned bachelor's degrees in management and finance in 1986 and received his M.S. degree in athletic administration in April 1997.

A member of the National Association of Academic Advisors for Athletes (N4A), Meloney is married to the former Sarah Cawthon and they have a 13-year-old daughter, Montana Shea.

KYLIE AMATO

Academic Advising

As much as the members of the Florida State tennis program are assisted in pursuit of athletic excellence, they receive just as much, if not more, attention in the classroom. Giving them the guidance they need to complete their degree is academic advisor Kylie Amato.

Starting her fifth school year at Florida State, Amato has had an immediate impact on Seminole student-athletes.

Along with the tennis teams she also works with the soccer and swimming and diving teams. Her two sports combined to earn 34 ACC Academic Honor Roll accolades in 2005-06.

A liaison between athletic and academic communities, Amato monitors the academic progress of the student-athletes to ensure graduation and athletic eligibility. Along with her daily duties of updating the coaches and monitoring the student-athletes, Amato also meets with potential student-athletes during the recruiting process.

A former student-athlete herself, Amato knows first hand what it takes to succeed in the classroom. A member of the volleyball team at the University of West Alabama, she earned dean's list honors on her way to earning a bachelor's degree in psychology with a minor in physical education. A native of Toomsaba, Miss., Amato earned a master's degree in sports administration from Northwestern State in 2002 while serving as a graduate assistant volleyball coach.

Academic, personal and professional support is essential to college success. At The Florida State University, an outstanding support program has been developed that enables student-athletes to reach their full potential.

Florida State Athletic Academic Support Program Director, Mark Meloney states, "Our philosophy is to offer an academic support program integrated with the total University that will assist all student-athletes with the transition into college and provide continued support in all phases of academic and professional development, culminating with graduation, job placement or graduate school."

FSU's program operates on a "proactive" rather than "reactive" approach. The academic staff does not wait for crises to occur. They gather important background information on each entering student-athlete, build an academic profile, and develop individualized support programs which are tailored to the unique needs of each student-athlete. They also stay informed on the daily progress of the student-athletes through consistent communication with the Florida State faculty.

In the summer of 2004, the Academic Support Program moved into their new home, a state-of-the-art facility in the newly constructed Moore Athletic Center. The multi-million dollar structure, which is located in the north end zone of Doak Campbell Stadium, is the new home of Florida State athletics. Some of features of the new academic support area include a 32-station computer lab for student-athletes, 10 private tutorial rooms, the use of two 50-seat classrooms, and a five-station "Learning Center" for student-athletes with learning deficiencies and/or disabilities. The compliance, student services, business, sports information and athletics marketing offices are also housed in the facility, providing a more efficient and functional department, thus allowing student-athletes the opportunity for balance and improved time management.

The academic support staff is comprised of a director, associate director, administrative assistant, six academic counselors, two learning specialists, several graduate assistants and approximately 50 tutors and mentors.

LIFE SKILLS

Developed by the Florida State University Department of Athletics, the NOLES program represents a commitment to the total growth and development of the student-athlete. This program establishes an administrative commitment to academic and athletic excellence. Those efforts will be supported with programs and services in personal development, career development and community service.

PERSONAL DEVELOPMENT

Fostering the development of personal growth is a fundamental component of the NOLES program. These support programs ensure that the student-athlete will be provided opportunities to focus on personal growth issues such as values clarification, goal setting, fiscal planning, decision-making and personal responsibility. Programming focuses on helping student-athletes develop a healthy lifestyle while they are at Florida State and habits that will benefit them for life.

CAREER DEVELOPMENT

Preparing for life after college sports is a major focus of the NOLES Career Development program. The program is designed to work cooperatively with the University's Career Services to acquaint students with the job search process, provide networking opportunities and ultimately assist with job placement. This program places a priority on the development of the total person, with the goal of developing individuals who will have rewarding careers and productive lifestyles after they leave Florida State.

COMMUNITY SERVICE

Serving the community is the focus of our Seminole Spirit program. Student-athletes are challenged to give service to our community and individuals who are in need. With a clearly defined program of service, student-athletes are given the opportunity to develop the foundation for a lifelong commitment to volunteerism. The Seminole Spirit Student-Athlete Speakers' Bureau enables student-athletes to improve their speaking skills, develop effective communication and impact the lives of others through their service as role models in our community.

LEADERSHIP DEVELOPMENT

The Florida State University Department of Athletics is committed to developing programs of excellence that foster leadership development. The foundation of the leadership development program is the Seminole Leadership Institutes that are held four times a year. These institutes offer student-athletes the opportunity to learn skills that will benefit them as students, as athletes, and as they pursue their goals after leaving Florida State. The Institutes have the opportunity to use the values and work ethic taught by athletic

participation as the framework for their leadership development. The Institutes attract outstanding guest speakers who challenge Seminole student-athletes to achieve their greatest potential and use their leadership skills to positively influence others.

The Student-Athlete Advisory Council (SAAC) serves as the advisory board to the NOLES program and the athletics administration. The prestigious board, comprised of two representatives of each athletic team at FSU, also recommends programming and serves as a liaison between student-athletes and the athletics administration. The Advisory Council plans and implements various events for student-athletes and serves as the department's most visible ambassadors. The SAAC hosts the annual Golden Nole banquet and plans such events as orientation for incoming student-athletes.

The Student Athlete Advisory Council participates in a retreat each fall which helps build leadership skills.

NCAA COMPLIANCE

FLORIDA STATE UNIVERSITY COMPLIANCE OFFICE

The following information is provided by the Florida State Office of Compliance for prospective student-athletes. It is intended as a guideline to introduce you to some of the rules governing NCAA athletics.

KEY DEFINITIONS YOU SHOULD KNOW

Representative of Athletics Interests: A representative of the institution's athletics interests (AKA Booster) is an individual who is known (or should have been known) by a member of the institution's athletic department to:

- Have participated in or to be a member of an agency or organization promoting the institution's intercollegiate athletics program;
- Have made financial contributions to the athletics department of to an athletics booster organization of that institution;
- Be assisting or to have been requested (by the athletics department staff) to assist in the recruitment of prospects;
- Be assisting or to have assisted in providing benefits to enrolled student-athletes or their families; or
- Have been otherwise in promoting the institution's athletics program.

*** Once an individual is identified as a representative, the person retains that identity forever ***

Prospective Student-Athlete: A prospective student-athlete ("prospect") is a student who has started classes for the ninth grade, regardless whether he or she participates in athletics. A prospective student-athlete maintains his or her identity as a prospect, even after he or she signs a National Letter of Intent or financial aid agreement, until he or she attends the first day of practice or participates in an official team practice, whichever is earlier.

Contact: A contact is any face-to-face encounter between a prospect or the prospect's parents, relatives or legal guardian(s) and an institutional staff member during which any dialogue occurs in excess of an exchange of a greeting. In the sport of golf, a coach can contact you once in the month of April at your school and three more times after July 1 before your senior year in high school.

Evaluation: An evaluation is any off-campus activity designed to assess your academic qualifications or athletic ability, including any visit to your high school (during which no contact occurs) or the observation of any practice or competition in which you participate.

PHONE CALLS & LETTERS

During the month of March during your junior year in high school, a coach may make one phone call to you. After that, phone calls from faculty members and coaches (but not boosters) are permitted beginning July 1 before your senior year in high school. A coach or faculty member is limited to one phone call per week except that unlimited phone calls may be made:

During the five days immediately before your official visit to the university.

On the day of a coach's off-campus contact with you.

During the time beginning with the National Letter of Intent signing date through the two days after the signing date and after a National Letter of Intent or scholarship agreement is signed.

A prospect of any age could receive the following from a coach:

- Questionnaire
- Camp brochure
- NCAA educational information

After September 1 of a prospect's junior year, a coach could provide:

- Written correspondence, including letters, e-mails, instant messages and text messages
- Game programs
- Media Guide
- Schedule cards
- Official academic, admission and student services publications and videotapes produced by the institution and are available to all students

After a prospect signs a National Letter of Intent, a coach could provide:

- Pre-enrollment information
- A Student-Athlete Handbook (could also be provided on an official or unofficial visit)

WHO IS PERMITTED TO RECRUIT FOR FSU?

Only Florida State University coaches who have successfully completed the NCAA Recruiting Rules Examination on an annual basis may be involved in the recruitment process. Boosters may not make any recruiting contacts. This includes letters, telephone calls or face-to-face contact on or off campus with a prospect or the prospect's parents.

Alumni and Boosters Do's and Don'ts

- You **may** forward information about prospective student-athletes to the appropriate coaches.
- You **may** have contact with a prospect regarding permissible pre-enrollment activities such as summer employment, provided the prospect has already signed a National Letter of Intent and the Compliance Office is aware you are making these contacts in regard to employment.

• You **may** have a telephone conversation with a prospect only if the prospect initiates the call. Such a call may not be prearranged by an institutional staff member and you are not permitted to have a recruiting conversation, but may exhibit normal civility. You must refer any questions about our athletic programs to an athletics department staff member/coach.

• You **may** view a prospect's contest at your own initiative provided you do not contact the prospect or his/her parents. In addition, you may not contact a prospect's coach, principal or counselor in an attempt to evaluate the prospect.

• You **may** continue established family relationships with friends and neighbors. Contacts with sons and daughters of these families are permitted as long as they are not made for recruiting purposes or encouraged by Florida State University coaches.

• You **may not** become involved in making arrangements to receive money or financial aid of any kind for a prospect or the prospect's family and friends.

• You **may not** make contact with a prospective student-athlete and his/her parents when the prospect is on campus for an official or unofficial recruiting visit.

• You **may not** transport, pay or arrange for payment of transportation costs for a prospect and his/her relatives or friends to visit campus (or elsewhere).

• You **may not** pay or arrange for payment of summer camp registration fees for a prospect.

• You **may not** provide anything to a prospect, the prospect's family or friends without prior approval from the Compliance Office.

FLORIDA STATE

THIS IS TALLAHASSEE

Among low, rolling hills, down moss-draped canopy roads, within picturesque historical districts, and across seas of flowering azaleas lies a magical part of the Sunshine State — Tallahassee — Florida's capital city. With its intriguing combination of power-play politics and classic character splashed with a twist of beauty and charm, Tallahassee is a genteel Southern belle with good manners, old plantation homes and y'all-come hospitality — a side of Florida few expect to find.

With the Gulf of Mexico just 25 miles south and the Georgia border only 14 miles north, Tallahassee rests between the foothills of the Appalachian Mountains and the juncture of Florida's panhandle and peninsula in an area known as "The Big Bend." Nearer in miles to

Atlanta than to Miami, Tallahassee more closely resembles its' Georgia neighbor than Florida in topography, climate and lifestyle.

Like the city itself, the story of how Tallahassee was chosen as the state capital is rich in history. In 1823, two explorers set out — one on horseback from St. Augustine and the other by boat from Pensacola — to establish a permanent, central location for the seat of government. The two met at a beautiful site that the Creek and Seminole Indians called "tallahassee" — derived from the words "talwa," meaning town, and "ahassee," meaning old. This historic meeting place remains Florida's capital today.

The New Capitol building rises at the center of Tallahassee's downtown as a sleek modern structure, juxtaposed next to the Old Capitol, built in the more classic domed style. A gallery atop the 22-story New Capitol provides a sweeping view of the hilly city and its tree-lined streets. From it, you can see all the way to Georgia, 20 miles away.

Around the capitol complex, a 10-block historic district spreads, preserving the town's gracious old homes along a linear park and holding a historic inn, bars and restaurants patronized by Senators and sophomores alike. With no shortage of culture, downtown also offers museums, theater and art galleries. Artists have turned the old warehouses of Downtown Industrial Park into the studios and cafes of Railroad Square. The Museum of Florida History, nearby, is highly acclaimed for its scan of the state's past, and The Mary Brogan Museum of Art & Science, along with changing art exhibits, brings learning to a kid's level with hands-on exhibits. Other sightseeing favorites include the floral masterpiece of Alfred B. Maclay State Gardens; Bradley's Country Store; FAMU Black Archives; and the Tallahassee Antique Car Museum.

CLIMATE

Tallahassee has the mild, moist climate characteristics of the Gulf States and experiences a subtropical summer similar to the rest of Florida. In contrast to the Florida peninsula, however, the panhandle, of which Tallahassee is a part, experiences four seasons.

Annual January temperature: 40-63° F
Annual July temperature: 72-91° F
Yearly average maximum temperature: 78.7°
Yearly average minimum temperature: 55.7°
Yearly average days above 90 degrees: 91.0

DONALD L. TUCKER CENTER

The Donald L. Tucker Center is a multi-purpose convention and entertainment facility featuring a 12,100 seat arena, Luxury Suites and Club Seats and over 52,000 sq. ft. of meeting and exhibition space plus an arena view restaurant, Spotlight Grille. The Civic Center hosts a wide variety of concerts, family shows, Broadway shows, ice shows and sporting events including FSU basketball. It is easy to understand why over one million people a year flock to the Donald L. Tucker Center, what with the varied array of attractions it offers. Some people go to the Tucker Center to enjoy the sounds of rock, country, pop and urban concerts. Some go for the thrills of basketball, rodeos and three-ring spectaculars. While others come for conventions, banquets, expositions, or consumer and trade shows. Located downtown on Pensacola Street, the Tucker Center is only two blocks from the Capitol building.

The area surrounding Tallahassee reveals numerous other historic and archaeological treasures, such as De Soto State Archaeological and Historical Site, Lake Jackson State Archaeological Site, Mission San Luis, Natural Bridge Battlefield and San Marcos de Apalache. Visitors can explore prehistoric Florida at the Museum of Florida History, where they are greeted by a giant 12,000-year-old mastodon pulled from nearby Wakulla Springs.

On the shores of Wakulla Springs, alligators still laze under the watchful eyes of "snake birds" perched on twisted cypress trees. The site of many underwater scenes in "Tarzan" movies, it's one of the world's deepest freshwater springs. Glass-bottomed boat tours across these mystical waters are available.

Nearby small towns offer fascinating excursions to places such as Pebble Hill Plantation, Florida Caverns State Park, Monticello Opera House and St. George Island.

CANOPY ROADS

The abundance of trees and timber is a resource uncommon to many other areas of the state. The beauty of the local trees is exemplified in Maclay Gardens State Park, which is the site of several of Florida's champion trees including the flowering Dogwood, the Hawthorn tree, the Horsesugar tree, the Sweetbay Magnolia and the Silverbell tree. These trees and others often extend their branches over the roadway to create a canopied effect, a feature that is held in high esteem by local residents and visitors.

TALLAHASSEE'S AN ALL-AMERICAN CITY!

On June 26, 1999, judges from the National Civic League named Tallahassee as one of 10 cities to win the prestigious All-America City (AAC) award from the 1999 All-America City conference in Philadelphia. The All-America City award is the most prestigious and coveted award a community can win. The annual award recognizes exemplary, grassroots and problem-solving efforts of communities that cooperatively tackle challenges and achieve measurable results. Judging is based on the overall level of community involvement in solving critical local problems, including public-private partnerships.

"This is clearly one of the most exciting things to ever happen to Tallahassee," said a jubilant Mayor Scott Maddox. "For those of us who call Tallahassee home, the All-America City award verifies what we've known for so long — that we have one of the greatest cities in all of America!"

THIS IS THE ACC

THE TRADITION

Consistency. It is the mark of true excellence in any endeavor.

However, in today's intercollegiate athletics, competition has become so balanced and so competitive that it is virtually impossible to maintain a high level of consistency.

Yet the Atlantic Coast Conference has defied the odds. Now in its 54th year of competition, the ACC has long enjoyed the reputation as one of the strongest and most competitive intercollegiate conferences in the nation. And that is not mere conjecture, the numbers support it.

Since the league's inception in 1953, ACC schools have captured 100 national championships, including 52 in women's competition and 48 in men's. In addition, NCAA individual titles have gone to ACC student-athletes 130 times in men's competition and 71 times in women's action.

2005-06 IN REVIEW

The 2005-06 academic year concluded with the league pocketing an all-time high six national team titles and 15 individual NCAA crowns. In all, the ACC has won 57 national team titles over the last 16 years. The ACC has won two or more NCAA titles in 24 of the past 26 years.

2005-06 NATIONAL CHAMPIONSHIPS

Field Hockey	Maryland
Men's Soccer	Maryland
Women's Basketball	Maryland
Men's Lacrosse	Virginia
Women's Golf	Duke
Men's Outdoor Track & Field	Florida State

THE CHAMPIONSHIPS

The conference will conduct championship competition in 25 sports during the 2006-07 academic year - 12 for men and 13 for women.

The first ACC championship was held in swimming on February 25, 1954. The conference did not conduct championships in cross country, wrestling or tennis during the first year.

The 12 sports for men include football, cross country, soccer, basketball, swimming, indoor and outdoor track, wrestling, baseball, tennis, golf and lacrosse. Fencing, which was started in 1971, was discontinued in 1981. Women's sports were initiated in 1977 with the first championship meet being held in tennis at Wake Forest University.

Championships for women are currently conducted in cross country, volleyball, field hockey, soccer, basketball, swimming, indoor and outdoor track, tennis, golf, lacrosse, softball and rowing.

A HISTORY

The Atlantic Coast Conference was founded on May 8, 1953, at the Sedgefield Inn near Greensboro, N.C., with seven charter members - Clemson, Duke, Maryland, North Carolina, North Carolina State, South Carolina and Wake Forest - drawing up the conference by-laws.

The withdrawal of seven schools from the Southern Conference came early on the morning of May 8, 1953, during the Southern Conference's annual spring meeting. On June 14, 1953, the seven members met in Raleigh, N.C., where a set of bylaws was adopted and the name became officially the Atlantic Coast Conference.

Suggestions from fans for the name of the new conference appeared in the region's newspapers prior to the meeting in Raleigh. Some of the names suggested were: Dixie, Mid South, Mid Atlantic, East Coast, Seaboard, Colonial, Tobacco, Blue-Gray, Piedmont, Southern Seven and the Shoreline.

Duke's Eddie Cameron recommended that the name of the conference be the Atlantic Coast Conference, and the motion was passed unanimously. The meeting concluded with each member institution assessed \$200.00 to pay for conference expenses.

On December 4, 1953, conference officials met again at Sedgefield and officially admitted the University of Virginia as the league's eighth member. The first, and only, withdrawal of a school from the ACC came on June 30, 1971, when the University of South Carolina tendered its resignation.

The ACC operated with seven members until April 3, 1978, when the Georgia Institute of Technology was admitted. The Atlanta school had withdrawn from the Southeastern Conference in January of 1964.

The ACC expanded to nine members on July 1, 1991, with the addition of Florida State University.

The conference expanded to 11 members on July 1, 2004, with the addition of the University of Miami and Virginia Polytechnic Institute and State University. On October 17, 2003, Boston College accepted an invitation to become the league's 12th member starting July 1, 2005.

2006-07

With the first stage of construction completed in the summer of 1993, the Scott Speicher Tennis Center at the Donald Loucks Courts opened its gates to the public for the first time at a Children's Miracle Network charity tournament. Since then, many successful tournaments including the 1996 NCAA Women's Championships, have graced the courts at one of Florida State University's premier athletic facilities.

The Speicher Tennis Center was named in honor of Lieutenant Commander Michael Scott Speicher, a graduate of Florida State University. Speicher was considered the first American casualty during Operation Desert Storm, but was later reclassified by the United States' government as missing in action in 2001 and missing/captured a year later. By Presidential directive, the facility bears the name the "Scott Speicher Tennis Center."

Costing \$1.2 million to build and then another \$800,000 for recent additions, Florida State's Speicher Tennis Center has become an example of the increasing dedication and commitment the University has to all of its 19 varsity athletic programs.

In 1947, Loucks became Florida State's first basketball coach and a year later was named the school's first tennis coach. His tennis team was the first athletic team. The varsity tennis courts were named for Loucks in 1981. He served as Dean of men from 1957-1967 and was known as a servant of leadership, service and devotion to many worthy causes.

The Speicher Tennis Center houses 12 lighted hard courts, over 1,000 court level seats, coaching offices, men's and women's locker rooms, equipment and storage rooms, a team lounge and a public address system. The growing pride Florida State has for its tennis program and its premier tennis center was honored just after it's opening in 1994, when the United States Tennis Association (USTA) awarded the structure with its "Top Notch" facility award.

The Speicher Tennis Center was designed by EMO/ Architects, Inc., a Tallahassee-based architectural firm, in collaboration with Global Consult Group, Inc., an internationally recognized Tennis Facility Design Consultant. The complex was funded by private sources and supervised through the state university system of Florida.

FSU President Dr. T.K. Wetherell

Through its 13-year existence, the Scott Speicher Tennis Center at the Donald Loucks Courts has served as the home courts for all Florida State men's and women's home dual matches, the annual Seminole Fall Classics, City of Tallahassee tennis championships, various USTA regional and zonal tournaments, the 1994 and 1995 Men's Intercollegiate tournament and the annual Children's Miracle Network Charity Invitational benefiting Shands Hospital in Gainesville.

BOOSTER SUPPORT

ABOUT THE GOLDEN SPEAR CLUB

The Golden Spear Club is designed to provide "grass roots" support for the men's and women's tennis programs at Florida State University.

The objective of the club is to assist the athletics department in promoting FSU tennis in Leon County and throughout Florida and to assist us in generating interest in and enthusiasm for our program.

Your membership to The Golden Spear Club is TAX DEDUCTIBLE and helps support the club's activities and the Florida State University Tennis Program. Although Golden Spear Club memberships are not accompanied with Booster Club benefits, you can take pride in the fact that FSU Tennis will remain nationally competitive because of your support.

We welcome you to become a part of the Golden Spear Club and join other tennis enthusiasts in the fun of supporting FSU Tennis. Go Noles!

TENNIS ENDOWED SCHOLARSHIPS

Ginny Futch

From Miami to Minneapolis, and from Warsaw to Walla Walla, young men and women come to Florida State University to embrace educational excellence, and to compete as a Seminole. Many would not have the opportunity to receive that college education without their athletic scholarship. These young people work hard, and proudly represent Florida State as a winner on the national stage, attracting the attention to our University that winners bring.

Florida State Athletics provides each of our men's and women's teams with the maximum number of scholarships allowed by the NCAA. In addition to the student-athlete competitors, scholarships are also provided to student trainers, managers and graduate assistants who are vital to the athletic program.

The last 15 years have seen a three-fold rise in the cost of athletic scholarships at Florida State. Today, more than \$300,000 is needed to permanently endow a Florida State athletic scholarship. Most of the top public universities with whom Florida State competes and to whom we are compared, have endowed all of their athletic scholarships.

Established in 1986 under the direction of William M. Parker of Clearwater, the Seminole Boosters Endowed Scholarship Program is the final step toward perpetual funding of all scholarships for student-athletes at Florida State.

Those individuals who contribute to the endowment fund for athletic scholarships at Florida State University gain membership in the Seminole Heritage Foundation.

Thanks to the efforts of Ginny Futch, Bette Sprague and James Howarth the endowment of the Florida State tennis programs are well on their way.
