***RELENTLESS***

Florida State's 2007 volleyball season will be the most challenging in head coach Todd Kress' five years at the helm of the program. The non-conference schedule includes matches against top teams like Michigan State, Long Beach State, Florida and Washington. The first ACC match-up is against in-state rival Miami on September 14 on Lucy McDaniel Court in Tully Gymnasium.

## KRESS ON THE SCHEDULE:

"By far this is the toughest schedule since I've been here, it's very challenging. We will be well prepared going into ACC play based on some of the teams we are able to compete against in the pre-season schedule. We're looking at Michigan State, Florida, Long Beach State and Washington which are four teams that will most likely be in the Top Twenty. We also play against Kansas, Missouri State, TCU and UNC-Asheville who will all be battling to get that NCAA berth.

"Not only is it one of our tougher schedules in the five years I've been here, it's one of the toughest pre-season schedules of any program in the country. This will without question push us to work harder than ever before."

Todd Kress enters his sixth season as head coach of Seminole volleyball.

## Off-Season/Pre-Season

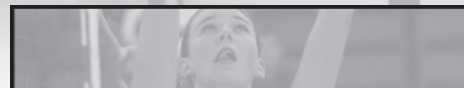

### SENIOR SUMMER WEISSING ASSESSES THE OFF-SEASON:

"We got a lot accomplished in the spring. Our hitters were hitting with a lot more pace and defensively we all increased our range. We worked a lot on jump serving and I think that is going to help us in the fall. We also stepped up the strength and conditioning training program which has definitely paid off."

### KRESS ON PREPARING IN THE PRE-SEASON:

"We got a lot done in the spring and we realized a lot of our strengths and weaknesses as a team and as a program. One area we always feel we need to improve upon is ball handling. So we focused a lot on ball handling during the spring – serve reception, defense and anything that has to do with handling the ball. I know we're going to be as physical as any team we play but this is one area where we need to improve.

"In the pre-season camp, we'll pick up where we left off in the spring and hopefully advance in the area of ball handling going into the fall."

## Setters

- The Seminoles return only one setter from the 2006 season in sophomore Nikki Baker.
- Baker notched 57 career-high assists against Georgia Tech in her only start last season.
- Joining the squad from Colorado is freshman all-star Lauren Rosenthal, who led her high school to three-straight 3A state titles.

### KRESS ON THE SETTERS:

"We've got two setters this season and it's going to be a battle for the starting position based on what I have seen in pre-season practice. Sophomore Nikki Baker and freshman Lauren Rosenthal both look very strong as our setters, you could almost throw their names in a hat and pull one out; they're that close. The starting setter is probably the toughest competition we had at pre-season camp. Both Baker and Rosenthal are very capable of filling that spot but it will depend on who comes out with the leadership role and who develops quicker. I feel very comfortable with either one running the show for us right now, which is a good place to be."

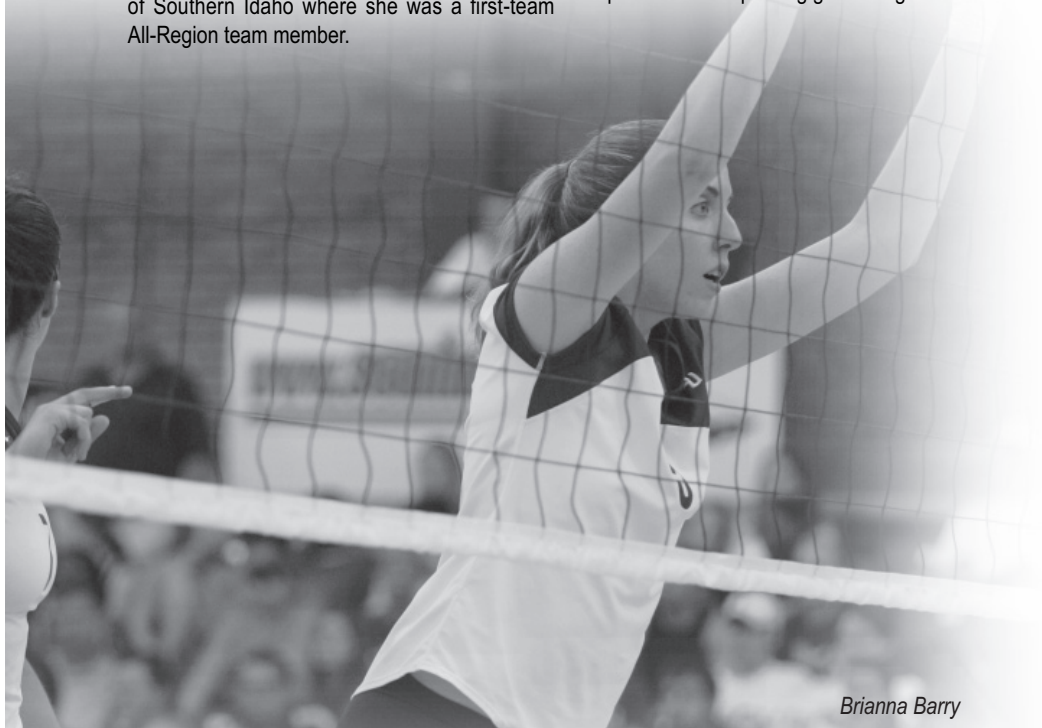

Makini Thompson

## Middle Blockers

- Sophomore Brianna Barry returns in the middle blocker position this season.
- Barry made the 2006 All-Freshman team – the first to do so since the 2004 season.
- Jordana Price joins the squad from the College of Southern Idaho where she was a first-team All-Region team member.

### KRESS ON THE MIDDLE BLOCKERS:

“Sophomore Brianna Barry had a breakout season last year as a freshman and made the All-Freshman team. She also had an incredible spring where, when we played teams at the Georgia Tech Tournament and others at our home tournament, I felt she was the best middle on the court no matter who our competition was. Brianna continues to improve and grow mentally in the game; her best years are ahead of her and she is capable of accomplishing great things.”

## Outside Hitters

- Three outside hitters return from the 2006 season: senior Makini Thompson and sophomores Jackie BonSalle and Malorie Wessel.
- Thompson was a 2006 honorable mention All-American and will lead in the outside spot.
- Adding depth to this position will be junior Mira Djuric who transferred from Oregon as the No. 2 in the conference for the aces category.

### KRESS ON THE OUTSIDE HITTERS:

"We have more depth in the outside hitter position than we have in the past, led by senior Makini Thompson who is an honorable mention All-American. Joining us this season is Mira Djuric, a junior transfer from Oregon, and a couple new freshmen that I think have the capability of helping us out. Sophomore returnee Jackie BonSalle is also someone we need to keep our eye on as she made big improvements her freshman year and this spring. If Jackie stays healthy and at one-hundred percent, she will be able to really help us out in the outside position."

"Overall I'm really happy with our depth and our talent level at the outside spot."

Jackie BonSalle

## Libero/Def. Specialists

- Senior Summer Weissing, No. 3 at FSU with 1,379 career digs, returns as the starting libero.
- Transferring from Orange Coast College in California is junior Ashlee Moon who set the school record with 846 career digs.
- Three freshmen – Jenna Romanelli, Allison Sharp and Taylor Wilson – look to earn a chance at this position.

### KRESS ON THE LIBERO AND DEFENSIVE SPECIALISTS:

"An area we have to continue to improve upon is our libero and defensive specialist positions. We're going to receive help in this position from Orange Coast College transfer Ashlee Moon and senior Summer Weissing will once again be our libero this season. We just need our athletes to keep improving with the ball handling positions. I think we did a great job of that in the spring with Ashlee and Summer leading the way. Now we need one more person to step up and like the outside hitter position, we have a couple freshmen battling it out for that spot in the pre-season camp."

## Barry & Weissing's Outlook

### \* What are your expectations for the 2007 season?

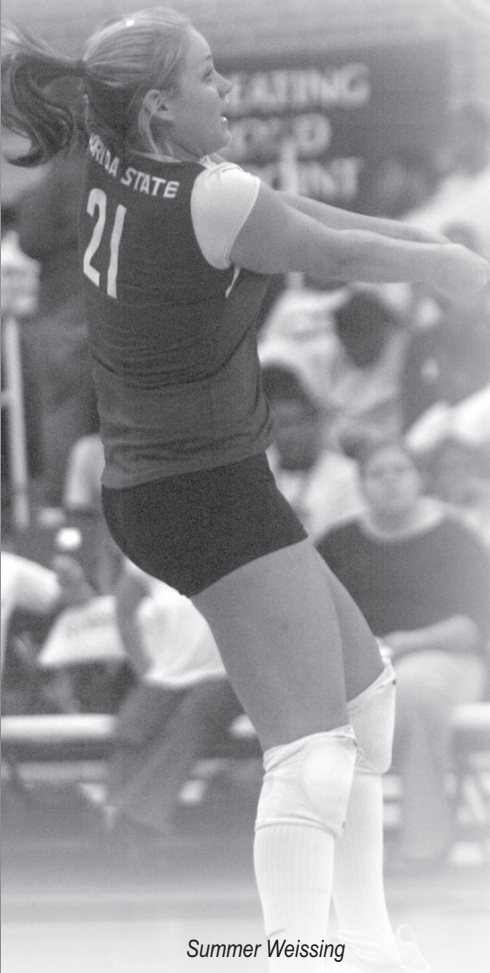

**SUMMER WEISSING:** "I expect us to win ACC's and make a splash in the tournament. This is the hardest we've worked since I have been here and everyone is on the same page and ready for the upcoming season."

**BRIANNA BARRY:** "My expectations for this year are very high. Coming off a successful freshman season, I believe that with the new girls who will become part of our program, we will be able to have a strong 2007 season. Having Mira Djuric, Jordana Price, and Ashlee Moon transfer to FSU is a great accomplishment for our program because they will add a whole new dimension to our team to raise us up to another level. Also with the addition of the freshmen coming in I believe that our team is going to one that the ACC will have to look out for."

### \* What needs to be done to make it to the NCAA Tournament?

**SW:** "We need to stay healthy and continue to grow together as a team. We have really become like sisters in the spring and summer, so I believe that our team chemistry is going to be great. Also, continuing to do our conditioning program so that we can outlast the other teams."

**BB:** "There are many things that need to be done to make it into the NCAA Tournament. I think that everyone on the team needs to be working hard over the summer to make sure we can start the preseason off on the right foot. If one or more of the girls on our team doesn't work hard enough then they will bring down the entire team. Secondly, I believe that we need to be consistent during the fall season. If we train hard and practice hard then I believe that we will play at the same level for every match. And lastly I believe that we need to believe in ourselves. Even though we had a rough patch in our season last year, we stuck through the hard times and had confidence in ourselves to make the best out of it. If we continue to have the confidence in each other then we will be able to go far this season."

<b>Overall</b>	<b>314-118</b> <b>(.727)</b>

Tully Gymnasium has been home to Florida State volleyball for many years. Overall, the friendly confines of the gymnasium have been good to the Seminoles, as they have accumulated a record of 314-118 on their home court for a winning percentage of .727 in the past 31 years in the facility.

The facility, which was constructed in 1956, was named for the late Robert Henry (Bobby) Tully, a 1952 FSU graduate and football player. Active on campus, Tully was a member of the Gold Key, ODK, the Arnold Air Society and Alpha Tau Omega fraternity. He died in May of 1954 after battling illness.

With a capacity of 1,162, the gymnasium has undergone several renovations in recent years. Prior to the 2004 season, the playing floor was replaced with a new state-of-the-art Nike Shox floor. New lighting was added before the 1999 season. Tully Gymnasium features new arena-style padded seating with armrests, which were installed to create a more comfortable atmosphere for Seminole fans, while watching Florida State volleyball.

On November 2, 2000 in a special ceremony, Florida State dedicated the floor of Tully Gymnasium to Lucy McDaniel, the first woman in the state of Florida to donate more than one million dollars to a women's athletic program.

The facility became known as the Lucy McDaniel Volleyball Court at Tully Gymnasium prior to the 2001 season, in honor of the wonderful gifts and support that McDaniel has provided to the Lady Seminole volleyball program and Florida State athletics.

The dedication ceremony included an address from Athletic Director Dave Hart, Jr., as well as an appearance by former University President and Florida State volleyball fan, Sandy D'Alemberte. Former head coach Dr. Cecile Reynaud said a few words regarding the magnificent gift, which was followed by a touching tribute by FSU volleyball players Kristin Frye and Martha Hamilton. Frye presented McDaniel with a ball signed by all the players followed by poem written by Hamilton about the relationship of the 2000 squad with McDaniel.

McDaniel first gave \$100,000 to endow volleyball scholarships at Florida State and later donated another \$50,000 so the team could take a European tour in May of 2000. McDaniel wanted to do more, she asked her accountant to run through her financial statements to see what she would be able to give now and later in her will. After gathering the information from her accountant, she called Seminole Boosters' Planned Giving Director Joel Padgett and started the process.
