## Welcome to Homecoming

We extend a most cordial welcome to the Alumni and other friends of the University who are present today for our Centennial Homecoming celebration, and the football game with our traditional rival, John B. Stetson University of DeLand, Florida.

Our athletic relations with the Stetson Hatters, which date back to our initial game with them in 1903, have always reflected credit to both institutions. We are proud of this opportunity to again act as host to the team, students and faculty of this fine school which has served the State with distinction since 1883.

We express our sincere thanks to all who have assisted in making this Homecoming possible.

Sincerely yours,

President.

## MEET THE SEMINOLES

Guard **BILL DAWKINS** of Miami, an Intercollegiate All-State and All-Dixie Conference selection last year, is playing his fourth season as a regular for Florida State and will captain the team. . . . Bill sets a great example for the ball club by his own stellar play and has fine leadership qualities. . . . He is a physical education major and hopes to coach in the state after he graduates in June. . . .

**GUARDS**—**CHARLIE BOOTH** of Lakeland is a Sophomore with lots of promise. . . . **CHARLEY BROWN** of Monongahela, Pa., will also be used as a tackle and line-backer on defense. One of the best newcomers on the squad. . . . **BOB SCHMELZ** of Willoughby, Ohio, like Captain Dawkins, is starting his fourth season as a Florida State regular. He was an All-Dixie Conference selection last Fall and is expected to have his greatest year. . . . **ROGER SLABAUGH** of Mishawaka, Ind., may be the best of the Freshmen candidates at this position. . . . **BOB TULLY** of Tallahassee was a reserve on the 1949 Seminoles. Bob has lots of fire, likes it rough and backs up the line on defense. . . .

**TACKLES**—**VERN FREEZE** of Mishawaka, Ind., is a promising Freshman who also punts well. . . . **JOHN KARLOWICZ** of Fairbank, Pa., is a newcomer who is outstanding on defense. . . . **DONALD LINTON** of Port St. Joe was a reserve fullback on Florida State's 1950 eleven. He's learning fast as a lineman. . . . **DOSSEY MERRITT** of Lakeland is the largest man on the 1951 Florida State squad at 243 pounds. Dossey, a Freshman, handles his weight well and may become a great player if he continues to develop. . . . **EARL O'NEAL** of Valdosta, Ga., was a letterman guard last year and looks even better at tackle. Earl is one of the most aggressive players on the squad. He plays guard on defense. . . . **NAT POLAK** of Miami is another promising Freshman who lacks experience. . . . **VIC SZCZEPANIK** of East Rochester, Pa., is one of the two returning lettermen tackles. He likes the going rough and is at his best on offense. . . . **BOB WODRICH** of Miami lettered at Florida State as a Freshman last Fall and is expected to play lots of ball. He is also battling an early season injury jinx. . . . **GORDON DAVIS** of Fort Myers, **TOM NADRICH** of Youngstown, Ohio, **CHUCK SANDERS** of Monongahela, Pa., and **GEORGE KIRBY** of Tallahassee are all unproved Freshmen. . . . Kirby, in particular, is coming along fast.

**CENTERS**—**BUDDY BRYANT** of Perry was a letterman on Florida State's first football team in 1947 and has been out of school since. . . . He could help plenty if and when he gets back into shape. . . . **STEVE KALENICH** of Barberton, Ohio, was the Seminole's regular center last Fall and is expected to do better this year. . . . **ED LOCKARD** of Jacksonville is another returning letterman at center. **MARVIN MOLLNOW** of Jacksonville Beach looks good at times—he's a newcomer. . . . **TOMMY OWEN** of Webster was a reserve center last year and is expected to have a great year. . . . **BILL WHALEY** of Ocala is a promising Freshman who has scrap but lacks experience. . . . Ditto **JOHN MURCHEK** of East Chicago, Ill., and **EARL BROWN** of Tallahassee. . . .

**ENDS**—**JIM ARNOLD** of Bainbridge, Ga., is one of the smallest men on the squad and one of the surest tacklers. . . . He was a defensive standout for the Seminoles as a Freshman last year. . . . **CURTIS CAMPBELL** of Pensacola is a returning letterman who is a fine pass receiver and is equally good on defense. He will also be used at right half. . . . **BILL DRIVER** of Girard, Ill., was the Seminoles' regular quarterback last season and is looking even better at end. . . . **JOE ROBINSON** of Coral Gables seems to be the most promising Freshman end. . . . **BOB WHITMER** of South Bend, Ind., is a fine pass receiver and blocker. Big and rangy, Bob could be great this Fall if he catches fire. . . . Newcomers **GENE BRIDGES** of Pensacola, **JERRY ELLENWOOD** of Fort Wayne, Ind., **AL GARRETT** of Sarasota, **TED MORRILL** of Miami, **MANUEL MOSHONAS** of Tarpon Springs and **RUSS SORGEN** of Fort Wayne, Ind., are still unknown quantities.

**QUARTERBACKS**—**PRESS BRADLEY** of Lake Wales lettered as a fullback last year and has looked even better in his new blocking back role. . . . **MAC HUEY** of Tampa, who played guard the Seminoles' first few games this year, has returned to his old quarterback position and is playing outstanding ball there. . . . **TOM SEBRING** of Tallahassee is the best passer of the quarterbacks and also punts well. . . . **JIMMY LEE TAYLOR** of Tampa, a newcomer, is a good blocker and may also be used as a defensive end. . . . **DICK TURK** of South Bend, Ind., gained lots of ground for the Seminoles as a fullback last Fall and will probably be used at two positions this year. Dick's ability as a blocker prompted his shift to quarterback. . . . **GERALD SMITH** of Miami and **JOHNNY SHEPPARD** of Tallahassee are promising Freshmen. . . .

**HALFBACKS**—**WAYNE BENNER** of LaPorte, Ind., is a great defensive halfback and a good punter. . . . **HARRY BRINGGER** of Winter Haven is one of the fastest men on the squad, a shifty runner, good pass receiver and fine defensive halfback. . . . **TOMMY BROWN** of Tallahassee, rated one of the finest pass defense backs in the South, will also do most of the Seminole's punting. . . . **BOBBY FIVEASH** of Bainbridge, Ga., is a Sophomore with great promise as a runner and passer. . . . **GARY FOLSOM** of Jacksonville is at his best when throwing the ball. Gary is a returning reserve. . . . **ERNIE HUGGETT** of Mishawaka, Ind., is the Seminoles' kickoff and extra point specialist. . . . **MIKE SELLERS** of Barberton, Ohio, Intercollegiate All-State and All-Dixie Conference at fullback last season, has been moved to left halfback by Coach Don Veller. Mike has proven even more effective at his new position and still backs up the Seminole line on defense. . . . **ROY THOMPSON** of Wrightsville, Ga., is probably the best of the new players on the squad this season. Fast, shifty, and a hard runner, he is a touchdown threat every time he gets beyond the line of scrimmage. . . . **RALPH ATWELL** of Pensacola, and **AL WOODHAM** of Albany, Ga., are the unproved newcomers.

**FULLBACKS**—**GEORGE CARNES** of Tampa is a promising Freshman who is at his best on defense. . . . **GEORGE GRAHAM** of Santa Rosa, Calif., is a hard, fast runner. . . . **NELSON ITALIANO** of Tampa has been moved to fullback from halfback in an effort to speed up the Seminoles' offense. He does everything—punts, passes, runs—well. . . . **RONALD KING** of Daytona Beach, a Sophomore, is big and looks great at times. . . .

**STUDENT MANAGERS**—**HAL LEDDY** of New York, N. Y., and **JOE LONG** of Winter Haven. . . .

## THE STETSON UNIVERSITY HATTERS

By J. BLANFORD TAYLOR,  
News Bureau Director

**ASSISTANT COACH  
JAY PATTEE**

The Stetson University Hatters of DeLand, Florida, who will face the Florida State University Seminoles here in Doak S. Campbell Stadium today, have a football record that dates back to the beginning of intercollegiate athletics in Florida. In 1901 the Stetson Hatters met the Cadets from Florida Agricultural College of Lake City in a game that was played at the Jacksonville Fair.

Stetson has played four games with the Florida State Seminoles since the latter school became co-educational in 1947, winning the opener 14-6 and losing the last three. Each of the four games have been crowd pleasers and considerable rivalry has developed between the two schools.

Stetson has played four ball games prior to today's contest, winning three and tying one. As this is written the Hatters are the only undefeated Florida intercollegiate football team. Their victories include a 21-20 win over Furman University of the Southern Conference.

Stetson University is a co-educational institution of higher learning in DeLand, Florida, 100 miles south of Jacksonville and 20 miles west of the beach at Daytona. The University was founded in 1883 by Henry A. DeLand of Fairport, N. Y., who came to Florida in 1876 on a sightseeing trip. He was so impressed by the healthful climate and natural beauty of the area that he sold his New York business and moved to the state. Mr. DeLand interested John B. Stetson, the Philadelphia hat manufacturer, in the college and Mr. Stetson gave so liberally of his time and money while wintering in DeLand that the institution was named for him.

J. Ollie Edmunds has been president of the University since January 1, 1948. He is the first graduate of any Florida institution of higher learning to return to his alma mater as president.

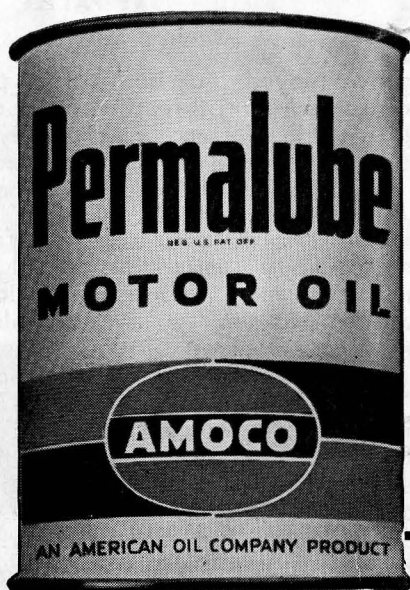

Athletic Director at Stetson is Warren C. "Brady" Cowell, former head football coach.

The 1950 and 1951 Stetson University football teams have been under the able direction of Head Coach Joe McMullen, who played football at Brown University in 1943 and 1944. Since McMullen came to Stetson last year the Hatters have won 11, lost 2 and tied one football game for one of the finest small-college records in the nation. McMullen's assistant for the second straight season is likable Coach Jay Pattee, a Brown University quarterback in 1941, 1942 and 1943.

## TABLE RADIOS

A new General Electric feature—a traveling dial light has been incorporated into these models. Known as the "Dial Beam," it automatically spot illuminates the dial when the receiver is turned on. As the pointer is moved from station to station, the light travels with it and spotlights each numeral on the dial face. This new feature helps the listener to tune in a station quickly and easily, and is particularly useful in darkened rooms. Choose from congo brown or alabaster ivory plastic.
