## The President . . .

### DR. ROBERT M. STROZIER

Florida State University's President, Dr. Robert M. Strozier, is a football enthusiast who will be "playing" his second year for the Seminoles.

When Dr. Strozier came to Florida State in September, 1957, it was homecoming for the popular new president. Born in McRae, Ga., he was reared in Moultrie, Ga., and was graduated from Emory University. He earned his Ph.D. at the University of Chicago.

President Strozier began his professional career as professor of romance languages at Georgia State College for Men at Tifton. From 1933-1940 he served as professor of French and dean of men at West Georgia College.

In 1940 he went to the University of Georgia as associate dean of students and associate professor of romance languages. Later he served as director of the Army Special Training Program unit there.

In May, 1945, he joined the University of Chicago faculty as associate director of International House and in 1946 he became dean of students.

President Strozier's first year at Florida State has been one of accomplishment from the start. At Commencement last May he reported an accumulative total of research grants and contract funds of \$1,225,000, greater by 487,000 than in any previous year. Among these contracts is one with the United States Air Force amounting to \$217,260 for nuclear research, the largest single contract ever negotiated in support of research at Florida State.

## The Head Coach . . .

### TOM NUGENT

"Sometimes when you talk to Tom Nugent," wrote the Atlanta Journal's Jim Minter, "you feel as though Mike Todd is still with us." Minter's point was simple. Florida State's energetic Athletic Director and Head Football Coach, in the colossal style of the late Mike Todd, does things first class.

It's been that way with Thomas Norman Nugent since, at age 15, he wrote he would be a head college football coach some day. That day arrived when he assumed command of VMI's football fortunes. It was in 1949, and within three years after Nugent joined the obscure VMI Keydets, he had won a Southern Conference championship and pulled an upset over mighty Georgia Tech.

Nugent came to FSU in 1953 and thanks to his magnetic touch, football at Florida State has grown from a pickup sport in 1947 to a 1958 position that finds the Seminoles playing such tradition-steeped opponents as Georgia Tech, Georgia, Tennessee, Florida, and Miami (Fla.).

Nugent's enthusiastic interest in the entire program of intercollegiate athletics at FSU resulted in his appointment as Director of Athletics last May. In his sixth year as the propelling force behind the Seminoles, Nugent has attained a record of 27 victories against 24 losses and one tie.

He has also become nationally known for his bright innovations. It was Nugent who presented to football the typewriter huddle, the double quarterback and the "I" formation used so effectively by his own Seminoles. Florida State's annual June coaching clinic, which he fathered five years ago, is probably football's finest. A native of Lawrence, Mass., the 45-year-old coach was graduated from Ithaca College in 1936.

## ABOUT FLORIDA STATE UNIVERSITY

Located in Tallahassee, Florida State University is one of the fastest growing universities in the country. Already it is literally bursting at its seams with an estimated 10,000 students expected by 1960.

The campus consists of 297 acres, the older part of which overlooks the capital city.

**The new portion of the campus follows a 50-year master plan developed by well-known architects. It stretches westward along Highway 90.**

Growing by leaps and bounds, the campus has an 11-floor dormitory with three more just like it expected in the near future. A million dollar physical education plant is a year-and-a-half old as is the multi-million dollar library building.

New buildings completed this year are the School of Business and the School of Education, and a Geology addition.

**A recent act of the Legislature granted the University \$2,300,000 for developing basic nuclear studies which will put Florida State to the fore in the nuclear field.**

Authorized by the 1851 Legislature, the institution was first established as the "Seminary West of the Suwannee," and was opened on a portion of its present campus. The name was changed to "Florida State College" in 1901 and the school remained coeducational until 1905. Then it became the "Florida Female College" and was renamed in 1909, "The Florida State College for Women."

By act of the 1947 Legislature, the institution again became coeducational as The Florida State University.

# The FSU Coaching Staff

**HARBISON**

**BOB HARBISON**, 31, is a real veteran of the Seminole coaching staff in terms of longevity. Harbison begins his 11th full season with Florida State this fall. Back in his playing days, Bob was an outstanding guard for the late Bo McMillin at Indiana University from 1945-47. A native of Evansville, Ind., Harbison came to Florida State in 1948. He is credited with developing Little All-America linemen Bill Dawkins in 1951 and fellow coach Hugh Adams in 1949.

**FRANK TOOMEY**, 35, a native of Niagara Falls, N. Y., is in his fifth season as one of Coach Tom Nugent's right-hand men. A graduate of Ithaca College, Toomey has a lot to do with making the Seminole backfield go. He is also regarded as one of the best defensive coaches around. He came to Florida State in 1954 after coaching football and baseball at Waverly, N. Y., High School from 1948.

**TOOMEY**

**HUGH ADAMS**, 30, a Little All-America on Florida State's 1949 team, returns for his third season with the Seminoles. A graduate assistant in 1955, Hugh was the first Florida State graduate to hold an assistant coaching position with the Seminoles.

The Punta Gorda native was an assistant coach and mathematics instructor at Tallahassee's Leon High School in 1950-51. He served in the Navy before returning to Florida State in 1955 to earn his master's degree.

**PAUL ODOM**, 31, coached Florida State's high-powered freshman teams during the past three years. A graduate assistant in 1955, Odom was elevated from freshman coach to the varsity coaching staff last June. A native of Mount Dora, Odom played tackle for Rollins College in 1947-48. After Rollins dropped football, Paul switched to Stetson and captained the Hatters during the 1950 season.

**ADAMS**

**CHARLIE LAPRADD**, All-America tackle at the University of Florida in 1952, is the second newest full member of Florida State's coaching staff. LaPradd is expected to develop into an excellent football coach, primarily because of the way the young Seminoles respect him. A native of St. Augustine, Charlie, 30, was graduated from the University of Florida in 1953 before serving in the Air Force. He was a graduate assistant at FSU in 1956. He became a full member of the staff last season.

**HERB HUGHES**, 27, former University of New Mexico quarterback, takes over the reigns of Florida State's freshman football squad this season. Hughes assisted with the Seminole freshmen in 1956 and worked with the varsity last season. He showed an early inclination to become a football coach at New Mexico, where he was graduated in 1956. His shrewd knowledge of football is helping greatly in his coaching efforts.

**LEE CORSO**, the newest full-time member of the coaching staff — appointed last June — is one of the brighter names in Florida State's brief football history.

A native of Miami, where he was a three-sport All-Stater at Miami Jackson, 22-year-old Corso has always expressed a desire to coach. "Lee has that rare ability of being able to impart the knowledge he has," Coach Tom Nugent says. "I think he has a big future in coaching." Corso was graduated from Florida State in 1956 and served as freshman backfield coach last season.

# SEMINOLE FOOTBALL NETWORK

Florida State University's football games are carried to every part of the state again this season by the growing voice of the Seminole Football Network. Entering its sixth year, the Network is operated by the University's Department of Intercollegiate Athletics. Dr. Don Veller, Assistant Director of Athletics, is Network supervisor.

The Seminole Football Network boasts close to 25 stations in Florida and Georgia this year—a big increase over the 18 stations that carried the games last year.

Handling the broadcasts are Bill Snyder, Sports Director of Station WJAX, Jacksonville, and Jack Edger, Sports Director, WTNT, Tallahassee. Snyder has done the play-by-play of Seminole games for the past three years. A native of Orlando, Snyder, 35, has handled play-by-play of the St. Louis Browns (1950) and for the past few years has broadcast games of the Jacksonville Braves of the South Atlantic League. Snyder also is serving as technical director of the Seminole Network.

Edger, 35, is thoroughly familiar with the Florida State sports scene. Handling the color commentary this year, Edger did the play-by-play of Florida State games in 1953. All 10 of the Seminole games will be broadcast, including the road games to Atlanta, Jacksonville, Knoxville, Miami, and Gainesville (broadcast to areas not covered by the University of Florida Network).
