YOUR APPLIANCE HEADQUARTERS 611 N. Monroe St.

Greetings from your Alumni Association

Welcome Home, Seminoles!

No one single event quite occupies the place of honor in a university's crowded calendar as does Homecoming—a custom started 16 years ago by the Florida State University. This year's program, "Greater Goals for Seminoles," is an exception only in its degree of superiority.

Homecoming is a time, traditionally, for nostalgia and remembrance, for renewing old friendships, and for joining in the "Fighting Seminole" spirit. I am certain that in 1963 it also is a time for looking ahead and repledging ourselves to helping build here a more distinguished University.

I have been most pleased with the enthusiasm and response from alumni and students during this Homecoming and am confident that it will rank as one of the most memorable ever at our Alma Mater. I join with the Alumni Association in extending a personal and warm welcome to all.

Some Eye-Rubbing Changes

By CLIF PAISLEY Editor, FSU News Bureau

Students who were enrolled in the 1880's would rub their eyes at the changes which have taken place if they returned for the first time at a diamond jubilee homecoming at Florida State University.

The campus, it's true, would be at a familiar location, just a short buggy-drive down Clinton Street (since renamed College Avenue) from downtown Tallahassee, and Westcott Building would probably be reminiscent of the lone "college" building in the '80's since it's on the same site.

But there the similarity would end. In the 1880's FSU wasn't even a college, although an up-grading to college status had begun and the Seminary West of The Suwannee River had a collegiate department offering two courses of study—a "classical course" and a "literary course."

The 76 students enrolling there in the fall of 1887 included a goodly number in the high school division. A "no student under 12" rule was yet to be established and according to the 1887 catalog a student could qualify for admission if he could "pass a creditable examination in arithmetic to percentage, in the etymology of English grammar, in United States history and geography, and be able to read, write and spell reasonably well."

Only 10 of the students enrolled for regular classes that year were from outside Leon County. The outsiders that year included one from Thomasville, Ga., and one or two students each from Escambia, Jefferson, Putnam, Gadsden, Walton and Suwannee counties.

School started the first Monday in October and "kept" for 36 weeks divided equally into two terms. Tuition was free to Florida students and out-of-town students could find room and board in private homes. Living expenses at that time were something! The catalog said board was available in private homes at \$12 to \$20 a month, washing

cost \$1 to \$1.50 a month and books could be bought "at reasonable rates."

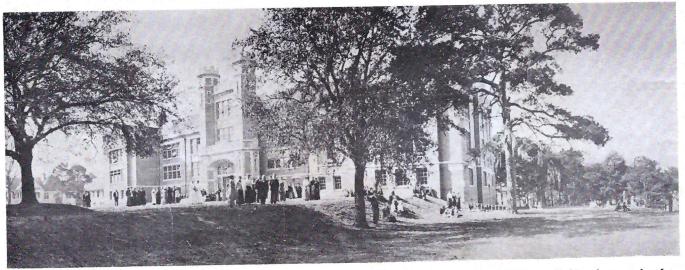

Classes had been held on this same campus since 1857. The Seminary West of the Suwannee, a coeducational school, was operated even during the Civil War and just a month and a half before the war ended several 14-year-old cadets were called out to help the Confederate home guard repel a Federal attack on Tallahassee in the Battle of Natural Bridge.

In 1901 the seminary was renamed Florida State College and in 1905 this became a woman's college. Florida State College for Women continued until in 1946, following World War II, the demand of GI men for a college education resulted in classes being held for men students. In the spring of 1947 FSCW was officially converted to coeducational Florida State University. Today, there are 11,102 students with the prospect of 15,000 by 1970.

Developments came swiftly. There were four major divisions before this—arts and sciences, education, music and home economics. Such professional schools as business, social welfare, nursing and library were added and in the fall of this year the School of Engineering Science.

At the same time FSU began building the strength of its undergraduate and graduate programs in such fields as chemistry, psychology, biology, geology and the new field of meteorology. In 1963 the number of doctorates given by FSU passed the 500 mark and the institution has given nearly 5,000 master's degrees.

The program in nuclear physics, spurred along by the provision of a tandem van de Graaff accelerator by the 1957 Legislature, has accounted for an increasing number of Ph. D. candidates. Graduate research has received impetus also from large grants backing programs in a number of fields.

WESTCOTT OF 50 YEARS AGO—The 1963 Homecoming honors the Class of 1913 and this photograph of Westcott Building, believed taken in or near that year, should remind honorees of a familiar scene. Miss Eloise McGriff (B.S. '12, M.S. '14) of Tallahassee says white frame building in left background is old East Hall, which also housed the main dining room of that time at Florida State College for Women.

By RAY CHARLESTON Assistant Sports Editor Florida Times-Union

Florida State, a team capable of catching fire, is also a team with a mission.

Seven games into the season with an even-stephen record, the Seminoles can be counted upon to adopt some go-for-broke tactics the rest of the way in shots for a winning campaign.

It is an uphill fight starting with the Homecoming battle with solid North Carolina State, a team that has been pulling some surprises enroute to a superb season.

The once-beaten Wolfpack shapes up as a stern test for the Seminoles. Then comes Auburn and the University of Florida in a gruelling closing grind for Coach Bill Peterson's Garnet and Gold.

Florida State is a better team than its 3-3-1 record indicates. The Tribe has flashed some dangerous passing and running and excellent defensive play in spots. Mistakes cost the Seminoles dearly in several games thus far, miscues that prevented a much better won-lost record.

Florida State's hopes of launching a successful closing drive against North Carolina State rest primarily on three Seminoles—fullback Larry Brinkley, halfback Dave Snyder and quarterback Steve Tensi.

Brinkley, after missing two games because of injuries, has developed into an exciting runner capable of spotting a block in the line and zipping through the hole.

Snyder is probably the most determined back in FSU football history. Few players match his desire when he goes ramming up the middle of the line, a tough assignment.

Tensi, an on-target passer capable of riddling the opposition, has thrown for nine touchdowns. He is a major headache for the other team's defenses.

The Seminoles boast some aggressive linemen who are also key performers in the run to the wire. They include ends Red Dawson, Don Floyd and Max Wettstein, tackles Avery Sumner, Jack Shinholser, Bob Mangan and Frank Pennie, guards Dick Hermann, Chuck Robinson and Bill McDowell along with centers Jack Edwards and Bill Daly.

Florida State has displayed ability to bounce back this season after bitter setbacks, a factor that keeps the Seminoles' hopes alive of a fine showing the remainder of the campaign.

FSU has recovered brilliantly twice. After losing to Texas Christian in the rain, the Seminoles shattered Wake Forest. Following a defeat to Virginia Tech in a game in which everything went wrong for the Tribe, it rolled back the following week to slash Furman.

Florida State has displayed the right to wear a "dangerous" label several times this year. Miami was engulfed in the Seminoles' fury and went down, 24-0. Wake Forest was fractured, 35-0, and Furman suffered a 49-6 lashing.

Last week FSU went in front early against Georgia Tech, 7-0, and only a brilliant performance enabled the Southeastern Conference Yellow Jackets to pull out a 15-7 decision.

Georgia Tech's Coach Bobby Dodd was another enemy mentor who praised the Seminoles highly this season.

It is an uphill fight for the Seminoles the rest of the way. But, Coach Peterson's crew has pulled itself together before and could do it again.

So, Seminoles with a mission face a Wolfpack team driving toward a great record—all of which makes for an exciting football game before an FSU Homecoming throng.

Sports lovers of the world, unite...let's all go Wildcat-ing!

Face it—if you're the rocking chair, watch-it-on-TV type, forget the wild, wild '64 Buick Wildcat. But if you like your action furious and first-hand, Wildcat is for you! You can bark your signals to a regular 325 hp V-8 formation, or really take to the air with a 340* or 360* hp passer. Three scat-back transmissions add to your fun: 3-speed synchromesh; 4-speed synchro stick shift on the floor*, or Buick's new trigger-quick Super Turbine 400 automatic* (very sparing with gas, too!). Four new models: 4-dr. hardtop; 2-dr. sport coupe; 4-dr. sedan; convertible. Give one a workout; see why we say . . .

Penny Edwards—"MISS TIPARILLO."

What does she mean "cigars...cigarettes...Tiparillos"?

You'll be hearing that chant more and more—now that Tiparillos have arrived. And arrived they have. In all the right places. With all the right people.

The new Tiparillo has a neat, trim shape. It looks young and debonair. And its pearly, pliable tip pays more than lip service to your smoking pleasure.

And never before such mildness! The most careful blending of choicest imported tobaccos has seen to that. So, too, has the exclusive, veinless Ultra Cigar Wrapper* that burns so evenly and smoothly it insures complete mildness.

You can even see the mildness. The

surprisingly whiter ash is visible evidence. Smoker's proof. Here is flavor you don't have to inhale to enjoy.

"Cigars . . . cigarettes . . . ?" Who knows, maybe someday it will be just "Tiparillos!"

Why don't you ask for one today? *T.M. GENERAL CIGAR CO.

Tiparillos are on sale at this stadium.

RUDENTIALPRUDENTIAL PRUDENTIAL PRUDEN

In 1953 we of the Prudential established our South-Central Home Office in Florida. The years since then have been busy ones for us. We have grown as the state has grown. And it's wonderful living and working along with our neighbors in the Sunshine State.

No one is ever very far from a Prudential neighbor. There are more than 2,500 of us serving you in 47 offices throughout the state. More than 676,000 of our fellow Floridians are our policyholders. Last year we paid \$40.4 million to Prudential policyholders and beneficiaries in Florida.

We have invested approximately \$450 million in Florida homes, businesses and industries. Every dollar of it proves our faith in Florida's bright future.

It's good to be here!

BE A SEMINOLE BOOSTER

"The Seminole Boosters provide the margin of difference between a good team and a great team."

Thus Florida State's Bill Peterson sums up his feelings toward the Seminole Boosters, Inc., an organization devoted to the support of FSU athletics with emphasis on the football program.

Membership in the Boosters—the group numbers approximately 1200 now—is open to anyone with a sincere interest in the University's athletic welfare. Minimum contribution for an individual membership is \$10, for a business membership, \$25.

Contributions are administered in accordance with NCAA regulations and in conjunction with the FSU Department of Intercollegiate Athletics.

Boosters receive a colorful automobile license plate which provides reserved parking at the stadium, a membership card, a weekly fall publication called "The Grandstand Coach," and certain priorities on season and individual football tickets Serving his initial term as president of Seminole Boosters, Inc., is F. Wilson (Bill) Carraway, Jr., Secretary and Manager of the Coca-Cola Bottling Co., Tallahassee. Hardworking executive secretary of the organization is Thomas A. Waits, Director of FSU Alumni Affairs.

Bo Mitchell

John Hoy

"Good afternoon, ladies and gentlemen, this is Bo Mitchell and John Hoy bringing you Florida State University football. . . ."

The voices are new, but the play-by-play thrill brought to FSU fans at home over the Seminole Football Network for the past three years remain the same.

Energetic new "voice" of the Seminoles is Bo Mitchell of Pensacola. His partner at the FSU microphone is Tallahassee's John Hoy who does pre-game, halftime and "time out" color commentary.

Mitchell is vice-president and station manager of radio station WCOA, Pensacola. The ex-naval aviator brings 15 years of sportscasting experience to the growing Seminole Network which carries Florida State Football to thousands of listeners in Georgia and Florida.

In addition to his network chores, Hoy, who is sports director of Tallahassee's WCTV, is host to the "Bill Peterson Show" every Sunday afternoon, and has a daily sports program.

Completing the team is Art Deters, chief engineer and organizer of this year's network. Deters is station manager of radio station WTAL, Tallahassee.

During the 1963 season the Seminole Network will be carried by 18 Florida stations.

You can follow the Seminoles this year over WKIS, Orlando; WALT, Tampa; WOOO, DeLand; WCNH, Quincy; WPCF, Panama City; WMOP, Ocala; WSRA, Milton; WIOD, Miami; WCOA, Pensacola; WMYR, Fort Myers; WGRO, Lake City; WTOT, Marianna; WTAL, Tallahassee; WNSN, Valparaiso; WROD, Daytona Beach; WAVP, Avon Park; WPAX, Thomasville; WJAX, Jacksonville; WMAF, Madison; and WWPF, Palatka.

WFSU-TV-THE SEMINOLE STATION

There's more football action than ever over WFSU-TV this fall.

Mike Shaara

Florida State's educational television station (Channel 11) is keeping pace with the increased interest in the Seminoles with feature programs which give the armchair fan a close look at games upcoming and past, plus reports on future FSU opponents.

Leading off every football week this year will be a complete showing of the previous Saturday's game on Monday nights at 10. WCTV's Roy Weissinger does the play-by-play and Mike Shaara of the FSU English Department brings a wide sports background into his color commentary.

At 8 p.m. on Thursday is John Hoy's football preview show, "'63 Seminoles." This hour-long program presents FSU's "Scout of the Week" with information on the coming Saturday's foe. Members of the Seminole squad and other outstanding guests will also be presented.

NORTH CAROLINA STATE

North Carolina State was founded by the General Assembly of 1887. It is a scientific and technological institution of higher education and research, and the State's land-grant university. Located in the capital city of Raleigh, the institution also operates extensive educational and agricultural extension and research programs throughout the State.

It has a regular enrollment exceeding 7,200 students. More than 1,000 students are enrolled for graduate study in the university's 57 master's and 24 Ph.D. programs. International students are enrolled from more than 50 countries.

Chief executive of the university at Raleigh is Dr. John T. Caldwell, past-president of the American Association of State Universities and Land-Grant Colleges and now chairman of its executive committee.

North Carolina State is composed of nine schools offering degree work—Agriculture, Design (including architecture and landscape architecture), Education, Engineering, Forestry, Liberal Arts, Physical Sciences and Applied Mathematics, Textiles, and the Graduate School.

Ray Clogston Athletic Director

The educational program of the university is offered through 54 instructional departments and its research program is conducted through several special institutes, the departments and agricultural research stations.

Earle Edwards Head Coach

State's physical plant is valued at more than \$50,000,000 and includes forest laboratories in four regions of North Carolina, engineering facilities in Asheville, Gastonia and Charlotte, and 16 branch agricultural research stations in the State. Currently underway is more than \$8,000,000 of grant and contract research. There are more than 3,000 staff members at North Carolina State and its offices throughout the State.

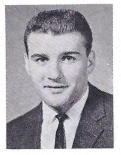

In recent years the institution has been nationally acclaimed as one of the leading scientific and technological institutions of the Nation and stands as a living monument to the far-sighted individualists who, roughly 80 years ago, aroused the State with their inspired crusade for practical and scientific education in agriculture and technological subjects.

An \$8,000,000 construction program is currently nearing completion. A new physical sciences building and a food science building are to be built on the campus in the near future, bringing total major buildings to more than 80.

Enrollment of the university is expected to reach more than 10,000 in the next few years.

FORMATION

The Marching Chiefs will perform an original composition written especially for the marching band by Dr. John Boda, associate professor of composition in the School of Music.

Dr. Boda is one of the outstanding composers of the 20th Century and today's performance represents the first time in the musical history of the nation that a serious work has been specifically written and performed by a marching band.

The Marching Chiefs welcome you to the premier performance of "Band Ballet"—formations by Robert T. Braunagel, music by John Boda.

TEEPEE—A welcome to all grads and friends of Florida State University.

Presentation of Homecoming Queen and her Court.

A salute to all loyal Seminoles.

FSU BASKETBALL 1963-64

Florida State University basketball enters its 16th season with Coach J. K. "Bud" Kennedy at the helm, and prospects look better than ever.

Early reports are that the Seminoles will be big and fast in 1963-64. Perhaps big enough and fast enough to win against the toughest schedule in FSU history.

Added impetus will be given basketball this year with the formation of the Tip-Off Club, an organization similar to football's Seminole Boosters.

A strong home schedule assures plenty of basketball action at FSU's Robert Tully Gymnasium.

Three ways to quarterback the most important drive of the day —your drive home

- 1. Don't buck the line of traffic, stay in it. Fancy open field running doesn't pay on the highway.
- 2. When dusk falls and your visibility is limited, slow down and turn on your lights. What you can't see <u>can</u> hurt you.
- 3. Don't try to beat the clock by speeding. Remember, when time runs out on the highway, *everybody* loses.
