Any bank will advise you to save.

John Lauder

We'll show you how.

Wanting to save is easy—finding a way to do it isn't. At Lewis State, we want to help you find a plan that can make your money work for you. A way to have money left over to save. It isn't easy—but we can help you do it.

Sit down with one of our officers at Lewis State. He'll help you plug those "spending leaks" that dribble your money away.

Ask him some questions. He'll explain what a savings account can mean to you. How it can provide money for emergencies or make that vacation come a little earlier. He'll help you draw up a personal money management plan that you can live with. One that suits your goals for now—and for the future.

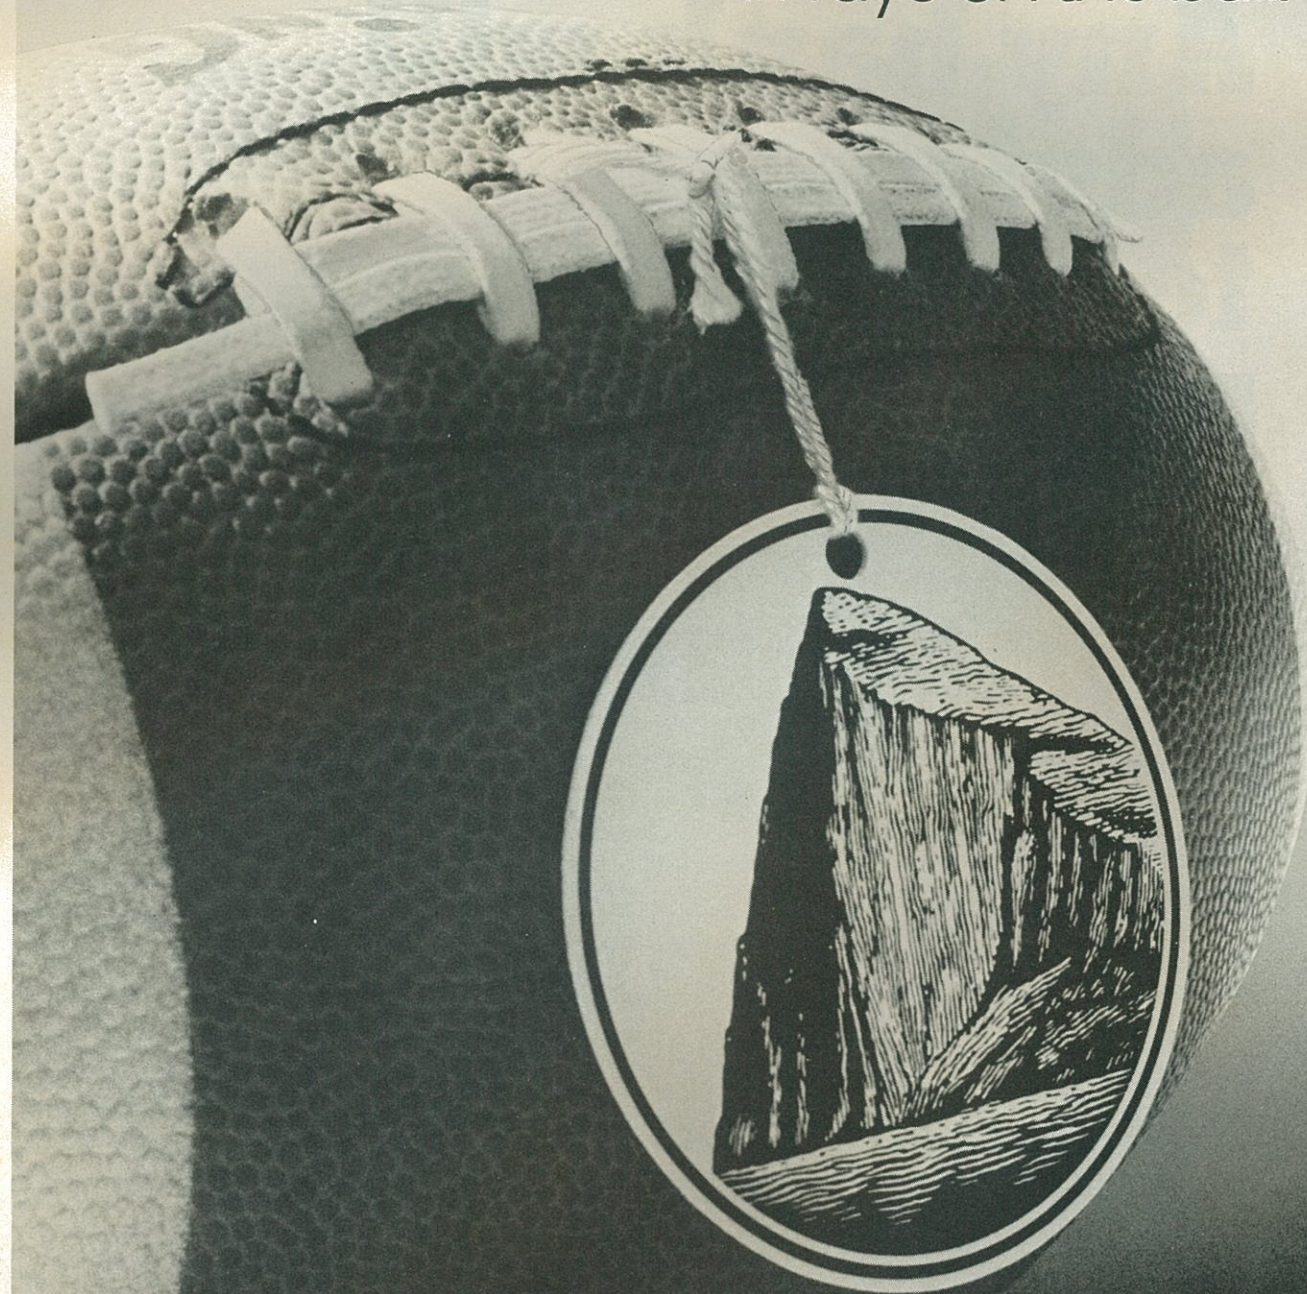

He'll explain how you can pay yourself first—and show you how Lewis State can handle your savings—automatically. On any date you wish, we can begin a regular program of savings for you. You never even have to write a check.

Come talk with us. We'll help you get your savings program started. That's what we're here for. At Lewis State, we want to help you.

Florida State University

Welcome to the South's Friendliest Campus...

Florida State University, founded in 1857, is in the process of making new and important responses to the needs of its 19,500 students and to the problems which confront the state and nation.

A major change in the academic structure of the University is in progress and will continue throughout the year ahead. The decision to reorganize and redistribute colleges, schools and departments into six major academic divisions is the result of a year-long self study made last year by faculty, staff, students and administrators. The primary conclusions called for a regrouping of academic disciplines to meet the demands of new social, economic, scientific and environmental problems of the nation.

That such change is possible is one of the key factors in the University's reputation as a nationally competitive pacesetter in graduate research and undergraduate instruction.

Currently graduating more than 5,000 students each year, Florida State offers more than 50 doctoral programs and more than 80 master's and baccalaureate fields of study. These are encompassed within the schools and colleges of Arts and Sciences, Business, Education, Home Economics, Social Work, Social Sciences, Library Science, Communications, Law, Music, Nursing, and the Fine and Performing Arts, which comprise four of the six new divisions. The other two divisions—Educational Services and Graduate Studies and Research—provide leadership for the University's libraries, continuing education, overseas and instructional research and service programs; and the University's major research centers, institutes and facilities, and the Graduate School.

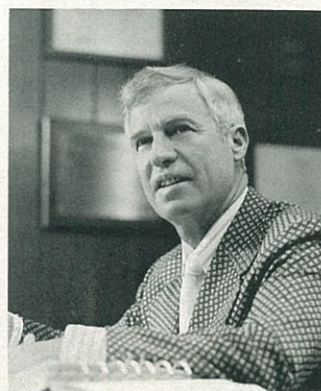

Florida State Salutes the Legislature

Special guests of the University at this afternoon's game are members of the Florida Legislature and officers of the Executive Branch of State Government.

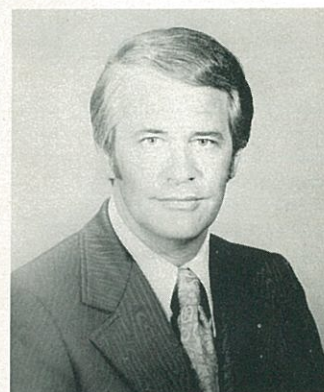

Florida State University is well aware and appreciative of their collective efforts to create one of the best State University Systems in the country, and is pleased to have this opportunity to thank them publicly for their support.

The University also wishes to acknowledge the fine work accomplished in its behalf by the local delegation as they viewed this campus in relation to the whole sphere of higher education in Florida.

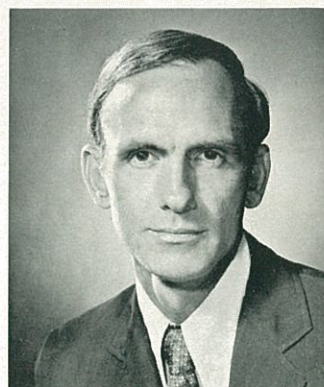

Through their collective efforts, Senate President Mallory Horne, House Speaker-Designate (for 1975) Donald L. Tucker, and Most Outstanding Freshman Carroll Webb made certain that the State's oldest universities were given particular attention in the funding of long-needed renovations and repairs, while at the same time voting for a substantial increase in appropriations for the State University System as a whole.

From One

Seminole Fan

to Another...

The 1973 Seminoles are a young but vigorous team that may be a little lean in terms of prior collegiate competition, but one which is definitely hungry for success.

Equipped with a variety of new strategies of play that offer surprise and excitement for all Seminole fans, this year's team has the kind of unknown and unpredictable factors that will make each game new and different from the one before. It has the potential talent and the definite challenge to achieve greatness, and to supply that essential element of fun in football, that of surprise. It is my personal forecast that most surprises will be in our favor.

Regardless of the win-loss outcome of the season, I can assure our fans that they will not see any team with finer spirit or greater determination than the ones consistently fielded under the guidance of Coach Larry Jones and his superb young staff. In fact, this 1973 team may just work harder and fight longer than any previous team in the history of the University's intercollegiate competition in football.

Most important to the outcome of the 1973 season will be the strongest support and loudest applause that can be mustered each game from alumni, students, faculty, staff, friends and National Seminole Club members, whom we hope will fill the stands at all home contests.

Let's show our young Seminoles that they have our full support and faith and give a fine coaching staff our full confidence.

Dr. Marshall

Sincerely,

Stanley Marshall

College Rules Keep Pace with Game

by DAVID M. NELSON, Secretary-Editor, NCAA Football Rules Committee

There are some sports watchers who believe that the NCAA has a two-front offensive underway, one with the AAU and the other with professional sports. The offensive aimed at the pros is based on the NCAA constitutional provision that there must be a clear demarcation between college athletics and professional sports. Nowhere does the demarcation stand out more than in the differences in the football rules of the two groups.

Many Changes

The college game continues to be a dynamic, exciting contest catalyzed by rules changes that adapt to the cycles of the sport which are created by the increased speed, size and greater skills of the players. There are 180 changes listed for the last 15 years, covering everything from the scoring (two-point conversion), the size of the goal posts (23' 4"), the timing of the game (starting and stopping the clock), a prohibition against blocking below the waist and at least one adjustment in each of the ten basic rules.

While keeping the game alive with innovative changes the NCAA and the National High School Federation have marched to the same drummer, making 73 changes in the last seven years to bring the two codes closer together. There have been very few rule changes in professional football since 1959. The only significant ones in 13 years were (1) the prohibition against grabbing the face mask, (2) the addition of the sixth official and (3) moving the hash marks 20 yards from the sideline. The demarcation between professional football and the college game was dramatically demonstrated by three games played on the West Coast last season. Take a look at the best of the two football worlds and see where the action is:

	USC- Notre Dame	Rose Bowl	Super Bowl
Game Totals	45-23	42-17	14-7
Final Score	136	134	116
Offensive Plays	349	352	156
Passing Yards	331	492	325
Rushing Yards	680	817	481
Total Yards	37	45	28
First Downs	11	9	12
Punts	12	10	5
Kickoffs	17	0	13
Punt Return Yards			
Kickoff-Return			
Yards	340	162	78
Touchdowns	10	8	3
Points	78	59	21

The National High School Federation and college football are not resting on their laurels and are annually adjusting their rules to the modern game. On the opposite page are the major NCAA changes in order of importance with capsule summaries in the turf handicapper's style.

The two most significant changes for 1973 are the substitution change and the permission given for each team to use its own ball. The change in the substitution rule to permit as many as eleven substitutes to enter the game while the ball is dead originated with the AFCA Football Rules Committee at their meeting in Chicago last January. The coaches have been clamoring for this completely free rule since 1965 when Rule 3-5-1 was changed to permit "platoon football."

Pleasant Surprise

After attempting without success for several years to get a more liberal rule, the coaches forgot about it. The sudden change came as a pleasant surprise to the coaching fraternity. The change will permit faster and smaller players to cover punts and will also permit faster, more agile players to rush the punt.

The officials will "burn a few barns" because they no longer have to check substitutes during the downs other than those where team possession changed. The Rules Committee was elated because three pages of nit-picking interpretations were deleted from the Official Rules Interpretations Book. Everybody seems happy, so the Rules Committee might have done something right for a change.

A change in the rule governing the type of ball that may be used in the game is another amendment that originated with the AFCA. Prior to the 1973 adjustment governing the type of ball used in the game, one brand or manufacture of ball meeting the rule specifications had to be used for the entire game. Coaches complained that one brand either felt different, spiraled differently, looked different, or had a peculiar odor; and these little things upset the passers and kickers so much they gave sub-par performances on the road. Previously, the home team had the choice of the ball to be used in a game.

Helium-Filled Ball?

The new rule raises several interesting questions including the violation of the old adage that you never allow an opponent to use his own ball,

Today's football officials are finding that they must hustle as much off the field as they do on, due to the ever-changing rules of the college game.

dice or cards. Also, it will be difficult to determine how many balls to take to a road game, especially if the visiting team scores six or seven touchdowns and kicks the conversions into the stands. Then there is the problem of handing a team a different ball when they are kicking out of their own end zone. This is the place you might get the one filled with helium or sand.

The Rules Committee is two for two with the coaches because of these changes. It pays to listen to the coaches who are usually right about one thing, i. e., how the game of football should be played.

SEMINOLE SEEKERS

Seminole Seekers is a service organization at Florida State dedicated to helping the University and especially the Athletic Department whenever and wherever it can. The Seekers are 30-40 Florida State coeds and they serve in various capacities throughout the year. During football season they have two major functions, serving as hostesses in the President's Box of the Press Box and as escorts to prospective Seminoles visiting the campus. Later in the year they will serve as scorers at tennis and track meets and as timers at swimming meets. During the basketball season, the Seekers handle program sales at all home games.

From left to right: Marlene Lazzara, Theresa Lahey, Barbara Rice, Debbie Allen and Paula Peters.

DEBBIE ALLEN is President of the Seekers. A senior from Cape Coral, she has been connected with the Seekers since their first year. Debbie readily admits to being a "sports nut." She is majoring in Physical Education and Pre-dentistry with minors in coaching and Health Education. She hopes to enter Dental Hygiene school next fall and eventually would like to work in that field as well as coach track. Last June she served as an official at the NCAA Track and Field Championships in Baton Rouge, La. Officials there say they believe she is the first woman to serve in an officials capacity at the all-male event.

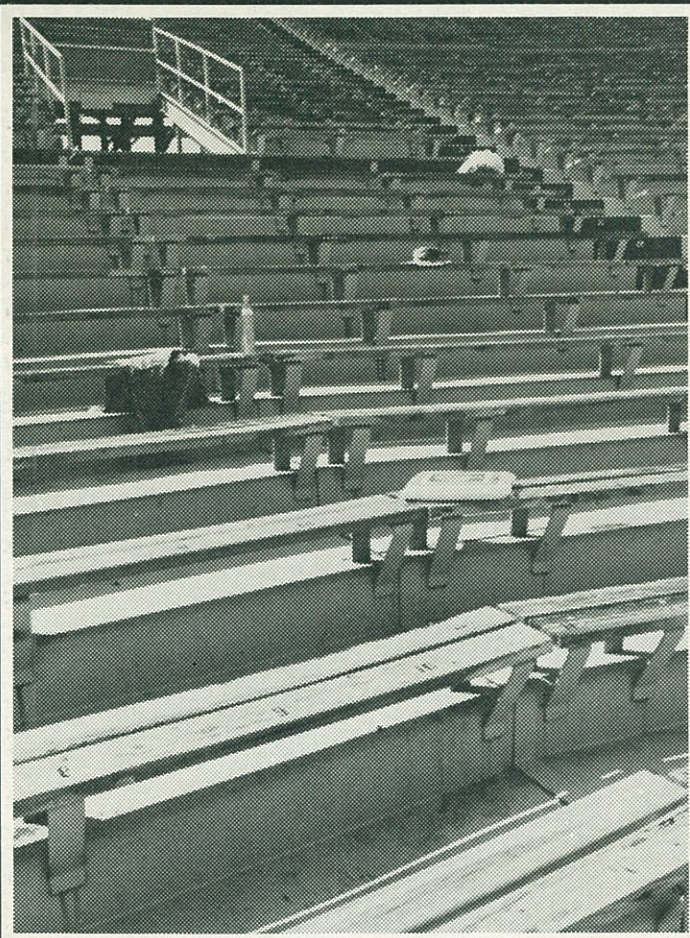

MARLENE LAZZARA serves as acting vice-president for the group. A senior from Tampa, she is majoring in elementary education and has a 3.1 grade point average. In addition to Seminole Seekers, Marlene is active in Alpha Delta Pi sorority, Garnet Key, Angel Flight and Kappa Delta Pi Education honorary. She lists as hobbies and special interests, cooking and sports; but also is interested in traveling, noting she has toured Europe and most of the western United States. The past two summers she has spent working with the recreation department, teaching sports, games and crafts at the playgrounds.

BARBARA RICE handles the secretary duties for the Seekers. An elementary education major with a 3.51 average she is a junior from Maitland. She is a member of Phi Mu Sorority, Alpha Lambda Delta and Garnet Key and serves as a resident advisor in Gilcrest Hall. Among her interests she includes horseback riding (English hunt seat) and water skiing.

PAULA PETERS is treasurer of the Seekers. A sophomore from Richmond, Va., she is majoring in fashion merchandising. Paula is an avid sailor. This past summer she taught sailing at Camp Seafarer in North Carolina. Her other interests include sewing, music and riding. She is a member of Kappa Kappa Gamma Sorority.

THERESA LAHEY is the Seekers Social Chairperson. A sophomore, she is now a resident of Winter Haven, although she attended high school in East St. Louis, Ill. She is still completing her Basic Division requirements and has not yet decided on her academic major. Among her interests is playing the piano. In January she will travel to Italy as part of the FSU Florence Program.

The Seminole Seekers wish to thank the following individuals and firms who, in part have helped support the program: Peninsular Sign Co., St. Petersburg; Clark's Standard Station, Perry; Citizen's Bank of Perry; Nic's Toggery, Tallahassee; Mr. Steak, Tallahassee; Holiday Inn, Tallahassee; Lewis State Bank, Tallahassee; Industrial National Bank, Tallahassee.

After the game.

When the scoreboard blinks off, we don't blink on.

We've been at work. And we're still at work. At typewriters. On telephones. In darkrooms.

We're recording, in print, each moment of the game. Each spectacular play. And some not so spectacular. And some not spectacular at all.

So you can see how your team did. Up to the final down. And down to the last statistic.

So you can see how your competitors did. Or didn't do.

So you can see what's shaping up for the future. Next week or next season.

We report it so you can read about it. After all, that's the name of the game.

So remember ours after the game.

Head Coach Larry Jones

In two seasons as head football coach at Florida State, Larry Jones has directed the Seminoles to 15 victories against eight defeats.

The personable Arkansas native guided the Seminoles to an 8-3 and a Fiesta Bowl bid in his first year and last season Florida State had a 7-4 mark despite numerous injuries.

Since coming to Florida State from South Carolina, Jones has continued the Seminole tradition of wide-open football. "When I came here, I knew Florida State was a passing football team," said Jones. "I believe in the passing game and we will continue in that direction. That certainly doesn't mean I'm against a sound running attack. They complement each other. To have a successful offense you have to do both."

When the Seminoles won eight games in 1971, it was only the fifth time in Florida State's 26-year football history that a coach had been able to match that figure.

Jones, 39, is not totally offense oriented. "No team can win consistently without a sound defense," said the former LSU player. "Offense is the more glamorous side of football but I think defensive players take just as much pride in stopping the opposition."

A native of Little Rock, Ark., Jones was a three-spot performer at Little Rock High School. He attended LSU from 1951-54 where he was center-linebacker for the Tigers. He joined the LSU coaching staff under Paul Dietzel the day he graduated in 1954.

After one year of coaching at LSU, he entered the Air Force for a two-year tour and then returned to LSU for the 1958-61 seasons. He moved with Dietzel to West Point for the 1962-65 seasons and then to South Carolina for the 1966-69 campaigns. Jones was named first assistant and defensive coordinator at the University of Tennessee in 1970.

At LSU, Jones coached the offensive receivers and was in charge of the passing game.

After receiving his bachelor of science degree at LSU, Jones continued his studies and received a master's degree in education from LSU in 1961.

In 16 seasons of college coaching, Jones has served on coaching staffs whose teams have played in the Orange Bowl, Peach Bowl, Sugar Bowl three times and the Fiesta Bowl.

The Florida State coach was born Dec. 18, 1933. He and his wife, the former Judy Bianchi of Dallas, Tex., have three children, Burce, 12; Kevin, 9; and Laura, 8.

TODAY'S GAME

by LONNIE BURT
Sports Information Director

Revenge is the word from the University of Miami camp and the Hurricanes come into Campbell Stadium this afternoon with that in mind.

Florida State has won seven straight from the 'Canes. In fact, Miami's last victory over the Seminoles was in 1962 right here in Campbell Stadium. In that one, the Hurricanes claimed a 7-6 victory when the Seminoles failed on a two-point conversion.

Miami, under new head coach Pete Elliott, shocked the college football world last Friday night when the Hurricanes downed mighty Texas 20-15 in the Orange Bowl. The Longhorns had been picked by a national magazine to be No. 1 in the country this season.

Running back Woody Thompson was the hero of Miami's upset over Texas. The 214-pound junior scored all three Hurricane touchdowns to match his entire production of the 1972 season.

Miami is expected to split the quarterbacking duties between Coy Hall and Kary Baker. Both had an excellent night against Texas as the Hurricanes rolled up 270 yards of total offense.

The 'Cane defense is braced by nose guard Tony Cristiani, a 5-10, 215-pound senior from Brandon, Fla.

Florida State is looking for its first win after a 9-7 loss to Wake Forest and a 28-0 setback by Kansas last Saturday.

4. Be sure to credit first downs on scoring plays originating from lines of scrimmage beyond the 10-yard line.

5. On plays involving penalties measured from the point of the foul, credit the rusher or pass receiver with yardage only to the point of the infraction.

6. Charge gains and losses on fumbles to the player who, in your judgment, contributed most to the error.

7. Don't score two-point conversion attempts after touchdowns as rushing or passing plays.

HEY, FANS!

Do You Know These Football Terms?

AUDIBLE — A vocal signal by the quarterback changing the play called in the huddle.

BLITZ — Commitment by defensive backs and/or linebackers to rush the passer.

BLOCKING — Legally hindering the progress of an opponent by contacting him with any part of the blocker's body.

BOMB — A long pass attempt for a touchdown.

BUTTONHOOK — A pass pattern in which the receiver goes downfield and U-turns back sharply to receive the ball.

CLIPPING — Running or diving into the back of an opponent, or throwing the body across the back of the leg or legs of an opponent other than the ball carrier.

CORNER BACK — Defensive back who usually lines up across from wide receiver.

DIVE-TACKLE PLAY — A quick-handoff running play over tackle.

DRAW-PLAY — Quarterback drops back as if to pass but instead hands ball to running back, after quarterback's teammates have assumed pass-blocking positions.

FAIR CATCH — The opportunity for a player of the receiving team to catch a kicked ball that has crossed the scrimmage line without being tackled or blocked by an opponent, after signaling his intention by completely extending one arm above his head.

NEUTRAL ZONE — The space between the scrimmage lines of the offense and defense, approximately 11 inches.

NOSE GUARD — Defensive lineman who lines up directly in front of opposing center on line of scrimmage. In Florida State's defensive scheme, middle linebacker sometimes becomes nose guard.

ON-SIDE KICK — A kickoff that travels 10 yards or more is anybody's ball. The so-called "onside kick" is an effort by the kicking team to kick the ball barely beyond 10 yards and recover it before the receiving team can do so.

POCKET — Area of protection for the passer formed by blockers. Passer drops straight back from scrimmage behind the blocking shield into what resembles a "cup" or pocket.

POST — A pass pattern in which the receiver goes downfield to pre-determined depth then cuts at an angle toward the goalposts.

PREVENT DEFENSE — A strategem replacing linebackers with additional backfield pass defenders, sacrificing strength against short gainers in order to prevent a long pass completion. Most often employed by a team protecting a lead late in either half.

PULLING GUARD — Guard who pulls out behind scrimmage line for a trap block or to lead sweep blocking for ball carrier.

QUICK GUARD — See weak guard.

SPLIT END — Offensive lineman deployed as a wide receiver. Must line up on line of scrimmage.

STRONG LINEBACKER — So designated because he usually lines up across from the strong side of the offensive line.

STRONG GUARD — Offensive guard playing on the strong side of the line.

STRONG SAFETY — Defensive back who usually lines up deeper than corner backs and across from strong side of offensive line.

STRONG SIDE — The side of the offensive line where the tight end lines up.

STRONG TACKLE — Offensive tackle playing on the strong side of the line.

STUNTING — Defensive players changing positions as the ball is snapped, to confuse offensive strategy.

SWEEP — End run with wave of blockers leading the ball carrier.

TACKLING — Grasping or encircling an opponent with hands or arms.

TAILBACK — A running back who usually lines up behind the weak side of the line.

TIGHT END — Offensive end who lines up in close formation (as opposed to Split End's wide set) where he can either block for a ball carrier or be employed as a pass receiver.

3432 SOUTH MONROE ST.

FLANKER — Offensive back deployed as a wide receiver. Must line up one yard behind line of scrimmage.

FREE SAFETY — Same as weak safety.

FULLBACK — A running back who usually lines up behind strong side of the offensive line.

KICKOFF — A free kick with which each half is opened, and which is employed also following each try-for-point or Field Goal. A kickoff must be either a Placekick or a Dropkick.

LATERAL PASS — A live ball thrown toward or parallel with the passer's own goal line.

LINEBACKER — A defensive player operating immediately behind his line where he can either aid linemen in stopping a running play or cover an opponent's receiver if a pass develops.

LOOK-IN PASS — Receiver runs straight pattern and looks for the ball immediately over his inside shoulder.

MAN-TO-MAN COVERAGE — Pass defense plan wherein defensive backs cover receivers wherever they go, rather than field areas.

MIDDLE LINEBACKER — So designated because he usually lines up across from the opposing center.

MIKE — Nickname for middle linebacker.

MONSTER — Same as strong safety.

QUICK TACKLE — See weak tackle.

REVERSE PLAY — A running play with backfield action suggesting one direction while ball carrier goes in opposite direction.

ROLL-OUT PASS — Quarterback runs laterally with blockers before throwing, instead of dropping straight back to pass.

ROVER — Same as strong safety.

RUNNING BACK — Member of the offensive backfield who primarily carries the ball. Also used as a receiver and blocker. Can be either tailback or fullback.

SAM — Nickname for strong linebacker.

SCREEN PASS — Pass to a receiver behind a wall of blockers, who have permitted defenders to penetrate.

SCRIMMAGE LINE — The yard line (marked or unmarked) that passes through point of the ball nearest a team's own goal line.

SLOT BACK — Back stationed in slot between interior linemen and end. Must be one yard behind the line of scrimmage.

SNAP — A quick, continuous motion by which the ball is handed or snapped back with the ball leaving the hands of the snapper on the motion. The snap normally is made by the center.

SPEARING — Illegal use of the head and helmet to ram an opponent after his momentum has stopped.

TRAP BLOCK — Tactic whereby offensive lineman pulls out of position at the snap allowing man he would usually block to come through line and be blocked (or "trapped") by another blocker.

UNBALANCED LINE — Offensive line deployment whereby more blocking linemen are lined up on one side of the center than on the other.

WEAK GUARD — Offensive guard playing on the weak side of the line.

WEAK LINEBACKER — So designated because he usually lines up across from the weak side of the offensive line.

WEAK SAFETY — Defensive back who usually lines up deeper than corner backs and across from weak side of offensive line.

WEAK SIDE — The side of the offensive line where the split end lines up.

WEAK TACKLE — Offensive tackle playing on the weak side of the line.

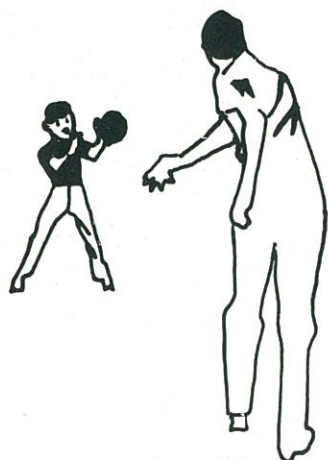

WIDE RECEIVER — A lineman and/or a back who is set wide for pass receiving purposes. Also called Split End, Flanker or Wideout.

WIDEOUT — Can be either split end or flanker.

WILLIE — Nickname for weak linebacker.

ZONE COVERAGE — Plan of pass defense wherein areas are covered rather than individual receivers. Opposite of Man-To-Man.

SEMINOLE FOOTBALL STAFF

BILL CANTY

Offensive Coordinator, Quarterbacks

This is Bill's third season with the Seminoles. He came to Florida State in 1971 as a freshman coach, but worked primarily with the varsity running backs his first season. Last year the Furman University graduate was elevated to the Offensive Coordinator's spot. Bill is married to the former Ann Lochridge of Delta, Miss.

JIM DONNAN

Running Backs

Jim joined the Seminole staff in 1972, coming to Florida State from North Carolina. Prior to his spot with the Tarheels, he was an assistant for his Alma Mater, North Carolina State. This will be the second season he has worked with the Seminole running backs.

A native of Burlington, N.C., he is married to the former Mary Wright, also of Burlington.

EDDIE FEELY

Freshman

A former Florida State quarterback, Eddie rejoins the Seminoles, this season after a very successful prep coaching career. His Merritt Island teams went to the state playoffs the last three seasons, capping the string off with the State 4-A Championship last fall. Feely was the last of the scrambler style quarterbacks at Florida State, concluding his playing career just before Steve Tensi ushered in the pro style quarterback era, now the trademark of the Seminoles.

GENE HENDERSON

Defensive Coordinator, Linebackers

A native of Sonora, Tex., Gene is in his third season as an assistant to Head Coach Larry Jones. Gene played varsity football under Paul "Bear" Bryant at Texas A&M and was an assistant at both Texas Tech and TCU before joining the Seminole staff in 1971. He worked with the defensive backs his first year, adding the coordinator's duty last season.

WAYNE McDUFFIE

Offensive Line

Wayne moves up to varsity status this year after serving two seasons as a graduate assistant. A former Seminole player, he was drafted by the Cleveland Browns and played two seasons of professional ball. In 1971 he served on the freshman team staff, and last year was named Head Freshman Coach.

JIM PHILLIPS

Receivers

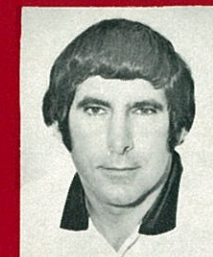

This is Jim's second season with the Seminoles. He joined Larry Jones' staff after three years as a receiver coach for the San Diego Chargers in the NFL. A 10-year veteran player in the NFL, he had seven seasons with Los Angeles and three more with Minnesota. He ranks 15th on the all-time list of pro receivers with 401 catches for 6,044 yards.

MIKE POPE

Director of
High School Relations

This is Mike's third season as director of Florida State's recruiting program, and his fourth with the Seminoles. After serving the 1970 season as a graduate assistant, Mike was elevated to his present spot by Coach Larry Jones. His major responsibility is to coordinate Florida State's scouting and recruiting efforts.

Mike and his wife Lee, have no children.

MOYER SMITH

Defensive Line

After six years as an assistant at North Carolina, Moyer joined the Seminole staff in February of this year. A graduate of UNC, he worked with both the offense and defense during his tenure there.

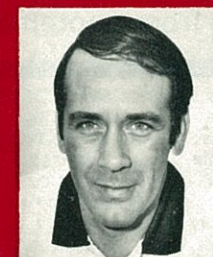

Moyer and his wife Jane are both natives of Lexington, N.C. They have two children.

JACK STANTON

Defensive Backs

Jack joined the Seminole staff in the spring, coming from North Carolina State. A five year veteran of the Wolfpack staff, he was defensive coordinator at the time he left. A 1961 graduate of N.C. State he had a successful prep coaching career, before rejoining his alma mater in 1968.

Jack is married to the former Ruth Ludwig of Carnegie, Pa. They have four children.

DICK MILDER

Trainer

This is Dick's second season as the Seminoles' Head trainer. A graduate of Iowa State, he holds a Certificate of Physical Therapy from Iowa and a Masters Degree from Purdue. His training experience included two years at West Point, a year at Iowa and two seasons at Purdue.

Dick and his wife, Linda, have no children.

FRANK DeBORD

Equipment Manager

Frank is serving as the Seminoles equipment chief for the fourth season and has six years experience with the Seminole program. In addition to his duties overseeing the Seminoles' football gear, he is also responsible for the upkeep of the Seminole practice fields. A graduate of Virginia Tech, he is married to Marian Bradshaw of Franklin, Va. and they have three children.

Your Telephone Company
Has It All

When your telephone company talks about complete communication, we're talking about more than a phone in the den or a kitchen extension. It's the things you don't see that make the difference between a phone that just rings and a communications system designed to meet your every need. Prompt service, comprehensive maintenance, highly trained technicians, and the latest communications advances are just a few of the benefits.

As part of the Centel System, your local phone company brings you all these things whether you have one telephone or one hundred. There's one thing you don't get...an extra charge for these services.

Seminole Radio Network

No matter where you will be in the state of Florida you will be able to hear the Seminoles in action this fall over the Seminole radio network. A vast network that covers the state from panhandle to the keys will bring every play of each Florida State game, home or away. Calling the play-by-play this fall is Skip Caray. Known throughout the Southeast for his work on the Atlanta Hawks basketball network, Skip is a veteran of announcing in all sports. In the past he has handled Atlanta Falcon Football and University of Missouri football broadcasts. In 1970 he was selected the Georgia Sportcaster of the Year and earlier this year was voted "Atlanta's Most Popular Sportscaster" in a poll conducted by the Atlanta Journal.

Working with Caray this fall will be Bill Owens. A veteran of Seminole broadcasts, he will serve as "color man" for the network. In addition to his previous work with football, Owens has also handled the play-by-play for Florida State's basketball and baseball networks.

WTNT in Tallahassee serves as the originating station for the Seminole network. Stations carrying all 11 Florida State games this fall are:

Model Moves to Microphone

by GARY LONG, Miami Herald Sports Writer

From "Coach Friday," a petite model who forecast college football games as a gimmick, Jane Chastain has evolved into the nation's foremost female television sportscaster.

She's still a novelty, but no longer a gimmick.

Jane brought far more than beauty and a "Southern Belle" charm to her work as a sports reporter for WTVJ-TV, Channel 4, in Miami five years ago.

In interviews with personalities ranging from Bob Griese to Jackie Stewart—and encompassing the likes of Muhammad Ali, Brooks Robinson, Arnold Palmer and Rod Laver—she exhibited knowledge of her subjects and their livelihoods.

"Jane Chastain Show"

Now she's branching out. A nationally syndicated "Jane Chastain Show"—a series of bright, informative 90-second spots for insertion into nightly sports-casts—began this fall in most of the nation's major TV markets.

Little did the five-foot two-inch brunette anticipate the direction her life has taken, though.

Born in Knoxville, Tenn., and raised in Atlanta, Jane admits that "going to Georgia Tech football games as a kid was the highlight of my early life." The only drawback was her embarrassment when her dad and uncle became overly vociferous in their verbal support.

But she "didn't grow up always wanting to be a sportscaster." In fact, she knew little more about sports than most sports-conscious teenage boys know about women's fashions when she auditioned for a job at WAGA-TV in Atlanta.

The idea was a female "Coach Friday" counterpart for sportscaster Ed Thilenius, and Jane's "girl-next-door" appeal filled the bill.

"Initially, Ed made my picks for me; and then he'd challenge me on one, with the loser taking a consequence," the pretty brunette explained.

"My most embarrassing consequence was doing 20 push-ups on a traffic isle at Five Points in downtown Atlanta at high noon," she laughed. "Some poor policeman didn't know whether to help me or arrest me."

But eventually, Thilenius threw the challenge of the entire list of games at her; and when—with "unbelievable beginner's luck"—she had a perfect week, Thilenius left her on her own.

"I picked a 13-13 tie between Auburn and Tennessee one time, and it happened," she recalled proudly.

"And the more I got into sports, the more I loved it and the more I tried to learn—from sports encyclopedias, the sports pages, Sports Illustrated, sports books. . . . But the more I learned, and this is the truth, the tougher it was to predict."

Jane's fame spread; and when no less than Slippery Rock College offered her honorary letters in all sports and an honorary coaching position, it led to her first on-camera interview—and first dilemma.

"I was invited up to work out with the

JANE CHASTAIN

"Coach Friday"

team and to do the interview with the coach, Charles Godlasky; and all the way up I worried," she explained, grinning.

"The obvious question was, 'What do you think about being the butt of all the football jokes all over the country?'"

"But I thought, 'What if they don't know they are?'"

Never Fear

Her fear was alleviated when she saw a campus crest with the inscription, "Yes, there is a Slippery Rock."

Marriage to Roger Chastain—an industrial designer and a Georgia Tech grad—took Jane to Raleigh, N. C., where she broadened her sports and television backgrounds as a sportscaster for WRAL-TV.

"I did the noon sports show, a daily five-minute sports feature for the evening show, and produced and co-hosted a weekly 30-minute sports special that was always on college football through the fall.

"We had Duke, Wake Forest, North Carolina, North Carolina State and East Carolina all within a two-hour drive; and we'd tape interviews with the college coaches whose teams were on the nationally televised Game of the Week."

College football players from the Carolinas to Florida have been the subject of Jane's interviews, and she says the results cover a wide range.

"College players aren't used to such attention; and they can be so overly shy and modest that they're dull, or the exact opposite. You never know what to expect. Your interviews can turn out super-good or super-bad."

Somehow, it is difficult to imagine "Coach Friday" being anything but "super-good" in the sports television field.

The Magic of Great American Movie Music

Today's Halftime show opens with a special fanfare written by Charles Carter. Following the Band's entrance they begin a special DRILL SEQUENCE to the music of the George M. Cohan Movies, *Grand Old Flag* and *Yankee Doodle Dandy*. The drill sequence concludes with three firecrackers and as the *Burning Music* plays, they explode into the Chiefs' next formation.

The Florida State Dance Department is featured next in special arrangements of George Gershwin's *I've Got Plenty O' Nuttin'* and *Bess, You Is My Woman*.

With the band forming a Sound Stage, they pick up *How Come* and *River Song* from the recent musical production of Tom Sawyer.

Traveling music is next and a hint of what is to come with Walt Disney's *Whistle While You Work*. . . . DISNEY WORLD and a salute to the Disney Movies with *It's A Small World*. Of course no salute to Walt Disney is complete without MICKEY MOUSE and the Chiefs get into the spirit with the *Mickey Mouse Club March*.

The show finale features the themes of the current movies as the Chiefs play from concert position, *One Tin Soldier* and *Brian's Song*.

The Star Spangled Banner

O, say! can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last gleaming?
Whose broad stripes and bright stars, thro' the perilous fight,
O'er the ramparts we watch'd, were so gallantly streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof thro' the night that our flag was still there.
Oh, say, does that Star-spangled Banner yet wave
O'er the land of the free and home of the brave?

Seminole Songs

ALMA MATER

High o'er the towering pines our
voices swell,
Praising those Gothic spires we
love so well.
Here sons and daughters stand,
faithful and true.
Hailing our ALMA MATER,
F...S...U...!

HYMN TO THE GARNET AND GOLD

Here's a hymn to the garnet and the gold,
Ringing to the sky.
Here's a song for our men and women bold,
Sing with heads held high.
Striving ere to seek to know fight for victory.
Alma Mater, this our song to you,
Echoes, F...S...U...!

FSU FIGHT SONG

You got to fight, fight, fight for FSU.
You got to scalp 'em Seminoles.
You got to win, win, win, win, win this game
and roll on down and make those goals.
For FSU is on the war path now, and at the
battle's end she's great:
So fight, fight, fight, fight, to victory,
our Seminoles from Florida State.
(Yell) F-L-O-R-I-D-A S-T-A-T-E
Florida State! Florida State!
Florida State!
(repeat song)

FLORIDA STATE VICTORY SONG

We are on the warpath tonight.
Onward, Florida State.
Show all the world the spirit and might
that the Seminoles create.
Stand up for the Garnet and Gold.
Ever loyal we shall be.
We are proud to shout,
"The Warriors are out." And they will
lead us to victory.

Seminole Basketball

Florida State Basketball Coach Hugh Durham uses two words to describe the 1973-74 Seminole cagers, "Talented and Inexperienced." Together they could add up to a season of excitement for Florida State basketball fans. Only two seniors return from last year's team, but they could be enough to form the nucleus to lead the younger Seminoles through a fine campaign. Included on the home schedule this winter are NIT champion Virginia Tech, NCAA runner-up Memphis State, talented New Mexico and rival Jacksonville. The only sure way to see all these games is with a season ticket. They are on sale now at the Athletic Ticket Office in Tully Gym. Season Tickets are \$25 each, plus 50 cents per order for handling. Order your Season Tickets now by sending a check payable to Florida State University to: Athletic Ticket Office, 100 Tully Gym, Florida State University, Tallahassee, Florida 32306. Or phone 904/599-4625 for more information.
