**CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS\***  
(Issued by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

*(Issued by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics,*

## SECTION 8 — FREE KICKS.

## SECTION 8 — FREE KICKS.

Free kicks are recorded as kickoffs if made from placement, and as punts if the ball is punted. The receiving player is credited with a kickoff return, or a punt return, respectively.

## SECTION 9 – GOALS FROM THE FIELD.

For the sake of uniformity in an area where considerable disagreement has existed, it is recommended that all news story and record-reference to a successful field goal cite *the yard line from which kicked*, rather than the distance kicked, i.e., "field goal from 25-yard line," rather than "33-yard field goal." (Note — The yard line from which kicked is *not* the scrimmage line). Field goals *are not* recorded under punting.

## SECTION 10 — POINTS AFTER TOUCHDOWNS.

**Article 11:** A player attempting a try-for-point-after-touchdown by kicking is *not* charged with an attempt when a bad pass from center or a fumble by the ball holder, precludes an opportunity to kick. Such an unsuccessful attempt is charged to the "team," rather than to any individual player. However, if the ball is momentarily fumbled and then kicked, an attempt *is* charged to the individual kicker, regardless of the success or failure of the effort.

of the success or failure of the effort.

**Article 2:** When a try-for-point-after-touchdown by forward passing is successful, the receiver is both charged with the attempt and credited with the point scored. When such a try is unsuccessful, the passer is charged with the attempt.

## SECTION 11 – SAFETIES.

No individual credit is recorded for any player on either team when a safety is scored. The team benefiting from the score is credited.

## SECTION 12 – FUMBLES.

On any play **terminated** by a fumble, the yards involved to the point of recovery are credited or charged to the player who fumbled, regardless of which team recovers the fumble.

(Approved Ruling – On rushing play, ball carrier of Team A

of Team A who fumbled is credited with rushing gain of 5 yards and Team A is charged with a fumble lost.)

Any loss resulting from an **obvious** wild pass from center is charged to "center pass," and not to any individual player.

\*See the OFFICIAL FOOTBALL STATISTICIANS' MANUAL for complete rulings and interpretations.

List below **all** scoring plays. List non-scoring plays (except kickoffs) gaining 50 yards or more each, **including punts**. Under "type of play" indicate rushing, forward pass, interception, punt, kickoff, punt or field goal. Listing of forward pass play should give passer's name first, then receiver, and combined yardage of pass and run. Measure runbacks **only** from goal line, if started in end zone, as yardage carried in own end zone is of no value to team. All other plays are measured from line of scrimmage (see Official Rules at right).
