(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

is credited only with a first down by penalty. The defensive (offending) team is charged with a penalty, and the distance from the line of scrimmage to the spot of the penalty under "yards penalized."

**Article 6:** The forward passer is charged with a forward pass attempt when a forward pass is ruled intentionally grounded.

**Article 1:** A lateral pass is always a component part of the ultimate play, whether it precedes or follows that play, since the lateral is merely an extension of the original or ultimate play, in effect.

**(Approved Ruling —** Player A receives a forward pass for a gain of 10 yards, then throws a lateral pass to Player B, who gains an

of 10 yards, then throws a lateral pass to Player B, who gains an additional 5 yards. Player A is credited with one pass caught and 10 yards under "receiving." Player B is credited with NO pass caught and with 5 yards under "receiving." Player who threw the forward pass is credited with 15 yards under "forward passing.")

(Approved Ruling — Player A catches punt and returns 10 yards before throwing a lateral pass to Player B, who returns another 5 yards. Player A is credited with one return and 10 yards under "punt returns." Player B is credited with NO return and with 5 yards under "punt returns.")

**Article 2:** Incomplete lateral passes are scored as fumbles, and yards lost are charged against the player who, in the scorer's opinion, was responsible for the failure of the pass.

**Article 1:** Forward passing gains or losses are measured from the scrimmage line to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble), so as to include both length of pass and running advance after completion. All yards gained or lost on each completed pass play are credited to **both** the passer and the receiver.

**Article 3:** Intercepted lateral passes are scored as fumbles, the offensive team being charged with a fumble lost.

**Article 1:** Total offense is the combined result of rushing and forward passing *only*, since these two are the only methods by which legal advance can be initiated while retaining possession of the ball.

**Article 2:** Total offense yardage is the total of net gain by rushing and net gain by forward passing. "Receiving" yards gained are not included in total offense.

**Article 5:** There is **no** pass completed by penalty. A gain through interference on a passing play is a penalty against the defending team. The passer is **not** charged with a pass attempt, nor credited with a pass completed or yards gained; nor is the intended receiver (or the player interfered with) credited with a pass caught. The passing team

Any loss resulting from an **obvious** wild pass from center is charged to "center pass," and not to any individual player.

List all scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all missed field goal attempts.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

## *A Message To Florida State Fans*

### **Friends of Florida State University—**

At our first home football game of the season we are pleased to honor the members of the Florida Legislature who have through the years supported quality higher education at Florida State, and throughout Florida.

As you pass through the campus of Florida State University today, you see tangible evidence of the Legislature's interest in higher education. There are many new buildings in use, other new buildings under construction and still more new buildings on the drawing boards. All of these were approved by the far-sighted members of the Legislature who believe, as we do, that our state and nation's future depends on a quality educational system.

More important, however, than new buildings, badly needed as they are, is the excellence of our faculty and staff. We have at Florida State University a dynamic, enthusiastic group of men and women who are dedicated to the proposition that this University must provide quality education for all who study with us. We have a faculty and staff which recognizes the responsibility to serve the people of Florida. We have a faculty and staff which almost daily discovers and produces new knowledge for the benefit of all mankind. Public support reflected through legislative action has made this high calibre faculty and staff a reality of today rather than just a dream for tomorrow.

We welcome today also the growing number of Florida State University supporters from Tallahassee and many surrounding counties, some from far away.

On behalf of our faculty, staff and our 13,200 outstanding students, I extend a very warm welcome to each of you. You are always welcome at the Florida State University.

*From The President*

Cordially,  
John E. Champion

GIVE IT  
EVERY-  
THING  
YOU'VE  
GOT!

That's what wins football games. That's what takes a man all the way to the top, whatever his field of endeavor. If you've got what it takes to be that kind of man . . . if you have the chance to take ROTC, make what you've got count. Go for an Army commission. That way, come commencement, you'll have two good things going for you: your college degree, and the gold bars that mark you a leader of men . . . tested, trained, trusted.

Popular Bo Mitchell returns to the Seminole microphone for the third straight season, bringing play-by-play action to every corner of the Sunshine State.

The energetic Mitchell, an ex-naval aviator with more than 16 years broadcasting experience, is vice-president and station manager of station WCOA, Pensacola.

His partner at the mike this season is Harry Hughey, a former Florida State football player. A veteran radio man, Hughey handles pre-game, half-time and time-out commentary.

Originating station for the network is WTNT, Tallahassee.

### THE FLORIDA STATE VICTORY MARCH\*

Onward to victory, Seminoles, GO! FORWARD MARCH, we must move out together and . . .  
FORWARD MARCH, it's always marching weather when thousands strong, we swing along.  
All in step for VIC . . . TO . . . RY. Our F-S-U and all our loyal Seminoles, ON-WARD  
GO . . . To conquer all our savage foes . . . won't be long . . . we can't go wrong . . . we  
will crush the EN . . . E . . . MY . . . So SCALP'EM . . . SCALP'EM . . . SCALP'EM . . .  
It's a case of do or die . . .

Strike the fatal thrust, we'll be victorious; with terrible tenacity we can, we will, we must!

FORWARD MARCH, we'll ride the swelling battle tide  
FORWARD MARCH, we'll face the future side by side  
With our might, we'll FIGHT, FIGHT, FIGHT!  
And we'll win our VIC-TO-RY.  
. . . For Florida State University.

QUOTES FROM FSU COACH BILL PETERSON

"We've got ~~to~~ to have more confidence in our passing. We're not throwing enough to our wide receivers. ~~Think~~ Think that the long pass which won the game will give our passer and receivers in their ability and in our passing game.

"Jim Mankins made a tremendous block to break Wetherell loose in the end zone on our touchdown.

"The defense ~~xx~~ played a tremendous game. Our kids say that Baylor had probably the best offense we've ever faced.

They gave us lots of problems and we expected them to score at least once. And again our defense did a good job in to ping them;

I'm very sorry to see a fine player like Terry Southall get injured. It was a bad ~~xx~~ break for Baylor, but didn't change our ~~defensive~~ plans. It's one of those unfortunate things that happen.

The Scoring play was set up by the two long ~~xx~~ passes that were missed earlier in the ~~game~~ game. We noticed the man on Wetherell ~~xx~~ dropping off, and we thought they play would go for yardage, but never expected a touchdown. Mankins block did it.

"Jack Shinholser and Maury Bibent were outstanding on defense. Bibent was all over his man all night and probably ~~xxx~~ played his best game at FSU.

"Our punt coverage was great, in fact our offensive team did one of the best jobs in this department that I have ever seen.

WE ~~changed~~ changed the way we were blocking in the second half to give the quarterback more protection.

From Terry Southall on the play on which he was injured:

"I faded back, and they had the blitz on. One Florida State player grabbed me high. I tried to spin away, and my left foot ~~from~~ slipped from under me. 'Bout that time, another man hit me and I went down. I ~~thought~~ thought I had just turned my ankle. But when they turned me over, I knew it was more serious."

I'm ~~hoping~~ hoping it's just one of those hairline fractures and I'll be back in there in 2 or 3 weeks. "

Coach John Bridgers feared, "Terry's probably out for the remainder of this season. " Trainer Sam Ketchum said, "Maybe 4 to 6 weeks, but we won't know until we reach Waco and Dr. Bud Trippet has x-rayed it and looked at the pictures."

Harlan Lane suffered a similar ankle injury and it, too, ~~will be~~ was to be x-rayed upon the Bears' arrival in Waco Sunday morning.

"Our defense was just great again, I was really proud of them for the entire game. The third quarter was almost over before they allowed a first down in the second half. Ortiz moved in there well....Anderson and the others again made some big plays.....penalties just killed us on offense. Florida State has a good, hard-hitting football team.

"The difference in this football game? That's simple, their field goal was good by a few inches...our field goal attempt that would have won it was ~~narrow~~ wide by a few inches.

End Willie Walker received a bruised thigh, and halfback Phil Trice suffered a ham-string muscle.

The Baylor players thought the heat was more enervating than in their games with Auburn(afternoon) and Washington(night) but none ~~mentioned~~ offered this as a n alibi.

Baylor's defensive line has now yielded only one touchdown in three games...against Washington. Auburn, Washington and tonight Florida State scored on the Bears on long pass plays.
