COACHES QUOTES

Florida State Coach Bobby Bowden ----

"The biggest thing about ~~winning~~ this game is the fact that we were only down 10 points at halftime. We just told em ~~about~~ that we were lucky to be in the game and that our offense had to stop fumbling the dad gum ball. If we had 10 great plays today, eight of them were on defense. Boy, our defense played great.

"Dick did a great job of getting his team ready. Nobody has stopped us on ~~in~~ third and short all year, but they sure did. You've got to give them a lot of credit.

"Ferguson played just well enough to win. We felt like he did the better job today so we stayed with him. I might stay with him even longer now. You see, though on that third down play before the field goal, we called an out and he threw another route. That's what you get with a freshman in there.

"This is the third ~~1~~ time this year we've been down and come back to win. There is no bigger test than to come-from-behind. Maybe this team just plays well enough to win. I don't think we were looking ahead but now I hope we were just so we can correct those problems."

(Florida State player dedicated the game to Offensive guard Mark Salva, whose mother passed away last Tuesday. Salva was not at today's game.)

COACHES' QUOTES

NORTH CAROLINA COACH DICK CRUM:

"I thought we played very hard. I can't fault our effort. In the first half we had some chances to get points, but didn't take advantage of them. We had the one missed field goal attempt which wasn't the kicker's fault. The holder has to get the ball on the tee and he didn't.

"When you play a team with the capabilities of Florida State and opportunities come by, you'd better get something out of them. That is a highly skilled football team. In the second half they took advantage of some good things that happened to them.

"I thought our defense played hard. Their effort shouldn't be lost in this loss. We got better defensively today even though we lost the game. If we get that kind of effort every week, we'll be all right.

"I thought the turning point of the game that got them going was the long pass play where we were called for interference. That one play seemed to give them some juice. And they are a very good football team. Give Florida State all the credit for coming back."

IMPORTANT: Most player categories are ranked on per-game average. Thus, it's vital that you consider every player (on both teams) with any statistics in any game this season (get season player statistics from both SIDs). Then list below the last name of players who have season figures but did NOT play in this game. All players with previous statistics will be charged with a game unless you indicate otherwise under DID NOT PLAY IN THIS GAME. A game played is one play—whether or not the player touches the ball. (For guidelines on a game played, refer to Official Football Statisticians' Manual.) If a player with first-time statistics has missed games, fill in below—after getting from the SID how many games missed.
