## NCAA DEFENSIVE STATISTICS

[illegible]

# NCAA DEFENSIVE STATISTICS

[illegible]

NORTH CAROLINA HEAD COACH MACK BROWN:

"Give Florida State greta credit. I think they have a tremendous football team. I thought they were one of the best football teams I've ever seen before the game and what I saw out there tonight reinforces that. I am very proud of our defense and the way it played throughout the night. That sounds a little bit funny when you give up 33 points but we played so much better than we did against Maryland a week ago. We couldn't get anything going in the second half. The kicking game was very sound and very good but CharlieWard is just unbelievable. Florida State just dominated the line of scrimmage. Unless you can run the football it's very diffult to get anything else going.

(Difference between the two halves); "Certainly turnovers and the fact Jason Stanicek hurt his shoulder. That put a lot of pressure on Mike. Then we lost both tackles. When you get turnovers that lead to quick points, you're behind and playing catch up against Florida State is impossible. The first half we made them go the distance. We had to come out early and move the ball in the second half and the turnovers were critical. We had two young tackles in there and that a lot of pressure on them against one of the best football teams in the country. We couldn't run the ball when you are that far behind. That put a lot of pressure on Mike but I thought he settled down in the fourth quarter.

"I think we have a good football team. I felt that at the half but you can't have a penalty or a turnover against a team like Florida State. A mistake is just magnified against a great time. I really felt we had a chance to win the game at the half. But we needed to come out and make something happen early in the third quarter. Instead we had two turnovers and they get points and we had to play catch up. After that we weren't consist ent."

## Florida State Notes & Quotes

\*\*\* Charlie Ward's 27 pass completions ties his career high, previously set against Florida in 1992. His 41 attempts were the second-highest total of his career (47 vs. Florida, 1992).

\*\*\* Charlie Ward's first-quarter interception stopped a string of 95 straight passes thrown without an INT this year. He had a string of 155 straight without a pickoff in ACC GAMES ONLY. His last regular season interception came late in the Florida game last year.

\*\*\* Florida State has now allowed 14 points on the season. North Carolina's 74 yard drive in the first half was the longest against the Seminoles this year. (The only other TD drive was a one-yard drive by Duke).

\*\*\* Florida State center Clay Shiver:

"Our game plan going in is to take what they give us. That's our game plan going into every game. Our problem was in our execution, we did very poorly and put pressure on the defense in the first half. We made some adjustments at halftime that were adjustment to what we were doing, not to what North Carolina was doing. We took it at 'em more in the second half with our running game and we probably should've been doing more of that in the first half. We knew the time would come when we would have a breakdown. We couldn't play offense that well the entire season, we knew there would be a time when we would just choke down. It put the pressure on the offensive line to open the running game and that's what happened. We opened some holes."

\*\*\* FSU Inside linebacker Ken Alexander:

"It seemed like a Miami game in a way. It seemed like everything was against us, the crowd, everything. ~~The fans here, a good number~~ I know we had fans here, a good number, but everytime they got loud, Carolina got louder. We had to get a feel for the option. It's an offense you have to play against to get comfortable and that's what happened. Once we played assignment and technique football, our speed and athleticism took over. They were very fired up. They threw everything in the playbook at us, reverses, halfback passes, everything. We wish they hadn't gotten a score, but they were playing hard and well and we missed assignments. "

\*\*\* FSU Tight End Lonnie Johnson:

"The plays were there, we just weren't executing. It was just a matter of us being out of sync. We felt like we would definitely get it together, but it was frustrating in the first half. North Carolina did exactly what we prepared for. They played well but it was more a matter of our mistakes."

\*\*\* FSU Head Coach Bobby Bowden:

"This game was about what I expected. I thought they might score a time or two more than they did. I thought Stanicek had our number for a while. When they got down to one quarterback later on, I thought we had it in hand. If our defense keeps playing like this we've got a chance. Charlie wasn't really hot tonight. If you've seen him play before, you know he's been sharper. He had a great supporting cast tonight. We had some great runs. At halftime, we were thinking, if they make some great plays, and get a quick score, we're liable to get beat. We really turned it on afterhalftime. We passed a good test tonight. The game was closer than the score. North Carolina was a year more mature. Their secondary played better than we thought they would. They had an outstanding game plan, they wouldn't let us have anything deep. Our fumbles and penalties really hurt us tonight."

NORTH CAROLINA PLAYERS' QUOTES  
QUARTERBACK JASON STANICEK

(About opening possession of 2nd half)

WE FELT THE OFFENSE HAD TO TAKE IT ALL THE WAY TO THE END ZONE

Florida State didn't do anything differently. They concentrated on disrupting our option. They got good penetration and we couldn't do anything.

(On shoulder injury)

"I hurt it on one play, I can't remember which one. I then was gradual wear and tear. I could've kept playing at the time but I guess we felt like we needed to change the rhythm on offense. I wanted to play. I sat on the sidelines and it kept getting stiffer. Everybody wanted to play. The longer I stayed on the sidelines, the stiffer it got until I couldn't raise my arm.

LINEBACKER RICK STEINBACHER

(On defensive play)

"I thought we played excellent defense in the first half. In the second half, we continued to execute well but we seemed to be a step behind.

Against a team like FSU, you need to stay a step ahead.. We've got great team depth and speed but so does FSU.

(On Ward)

"I was impressed with Ward but not surprised because you hear so much about what he can do. I was impressed with how much talent they had at each position. They had great speed at every position."

"I think we have no choice to turn this into a positive effect. I have 100 percent confidence in every player on this team that we will turn this into a positive.

RECEIVER BUCKYT BROOKS

"We knew we would have the ball to begin the second half and we felt like we had to get some points. We knew that

FSU could score in bunches. We didn't control the ball and we didn't move the ball. We put the defense in bad position with our turnovers."

NORTH CAROLINA INJURIES:

Jason Stanicek has a bruised right shoulder. The extent of the injury is unknown at this time.

Curtis Parker had to leave the game because of cramps. He is fine.

Ethan Albright had a stinger to his shoulder. He will be fine.

Bracey Walker suffered a sprained ankle. Could miss a little of practice this week but is probable for the game next Saturday.

Malcolm Marshall has an ankle sprain and is doubtful for N.C. State.
