FLORIDA STATE UNIVERSITY

Florida State University, with an enrollment of 21,000 students, naturally is very much attuned to the present; however, it continues to revere its historic past and set ever higher standards for the future.

As one of nine institutions in the State University System, and the second oldest, Florida State's traditions date back to its founding in 1857 as the

Seminary West of the Suwanee.

This year Alpha Chapter of Florida of Phi Beta Kappa celebrated its 40th anniversary at Florida State and charter members on hand recalled how hard they had to work to achieve this distinction for what was then Florida State College for Women. Eighty new members were initiated this year in recognition of their high academic standings.

In May, six years after fire gutted the south wing of Westcott, the historic building's restoration was completed and again occupied by administrative offices. The twin-towered landmark, built in 1909, was restored at a cost of

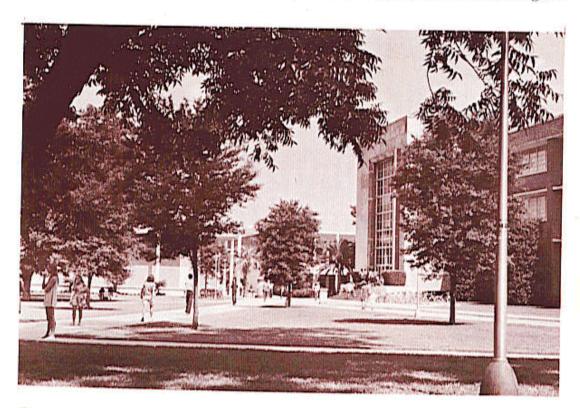

\$2.1 million.

Supported by major grants from the National Science Foundation and other organizations, the University has attained national prominence in

physics, statistics, chemistry and psychobiology.

During the past year, the chemistry faculty generated more than \$1.5 million in grants between the department and the Institute of Molecular Biophysics. Dr. Lloyd Beidler, professor of biological science, became the second member of the National Academy of Sciences elected for research done in Florida. The other, Dr. Michael Kasha, a professor of chemistry, also is on the University faculty. At commencement, the president of this distinguished academy, Dr. Phillip Handler, an internationally known scholar and scientist, accepted from the University an honorary Doctor of Humanities.

Commencement was a fitting climax to an outstanding year with the distinguished actress Miss Helen Hayes delivering the address to the grad-

uates and herself receiving an honorary Doctor of Humane Letters. The night before, she was present for the world premiere of her new Walt Disney movie, shown in Tallahassee as a benefit for the Charles MacArthur Center for American Theatre. The Center, housed temporarily in the Johnston Building, was named for Miss Hayes' late husband, the famous American playwright. The MacArthur Center will eventually be housed in a \$19.4 million complex located next to the Fine Arts Building.

Another movie premiere during the academic year boosted the University athletic program. Former Seminole football player Burt Reynolds was on hand for the Tallahassee showing of his film, "The Longest Yard," and he brought with him professional football star Larry Csonka and TV's "Million Dollar Man," Lee Majors.

King Hussein of Jordan was awarded an honorary doctorate in Humane Letters in special ceremonies in Ruby Diamond Auditorium. Hussein was cited for his voice of moderation and his work toward a Mid-East settlement and because of his leadership in advancing his country in the fields of health and education. Florida State President Stanley Marshall and Mrs. Marshall were guests in the royal box in Amman, Jordan, to watch the Marching Chiefs, FSU's band, perform just before the fall quarter started last year. The Chiefs were invited by the U.S. State Department to take part in the International Trade Fair in Damascus, Syria, and also stopped in Jordan before returning home.

Florida State University's School of Music continues to bring honors to the institution. Early in 1975, the University's Symphony Orchestra was invited to play at the Kennedy Center in Washington. In May, faculty member Carlisle Floyd's popular opera "Susannah" was presented in Washington, representing Florida in the nation's celebration of the Bicentennial.

Outstanding speakers come every year to the campus. During the past academic year, such varied notables as newsmen Mike Wallace and Dan Rather, seer Jeane Dixon, former Secretary of State Dean Rusk, Star Trek creator Gene Roddenberry and the presidents of all the major oil companies were University visitors.

One of Florida State's own, Michael Shaara, a member of the English department for a decade prior to his retirement two years ago, won the 1975 Pulitzer Prize for fiction for his civil war novel, "The Killer Angels."

Another faculty member, Dr. Seymour Hess, designed the meteorology equipment which was aboard the huge Titan Centaur rocket launched in August for America's first landing on Mars. Hess was one of 13 scientists chosen from around the country by NASA to design different experiments in the continuing planetary exploration program.

In addition to approximately 90 different baccalaureate fields of study at the undergraduate level, 58 doctoral programs and more than 85 master's degree areas, the University offers a variety of innovative and challenging special programs. Florida State maintains study centers in Florence, Italy, and London, England, which are open to all State University System students, and the University's Department of Hotel and Restaurant Administration annually conducts a summer program of study in Switzerland. There also are cooperative programs with Florida A&M University and Tallahassee Community College and courses geared to special students and honor students.

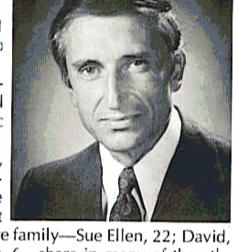

DR. STANLEY MARSHALL President

Being Florida State University's "No. 1 Fan" is more than just an honorary title to President Stanley Marshall.

Despite the fact that his position often requires from him 12 or 15 hours a day, he still finds time to attend most of the athletic events at the University.

According to his wife, Shirley, he swims, plays tennis and participates in touch football games with friends at his Tallahassee residence, and enjoys horseback riding at

Dr. Marshall attended Pennsylvania State Teachers College at Slippery Rock until the middle of his junior year (February, 1943), when he entered the U.S. Army. During his military duty, he was a member of the Army Specialized Training Program, and served in the European Theater of World War II until his discharge in 1946. He returned to Slippery Rock and completed his bachelor's degree in 1947. He received the master's and doctor's degrees from Syracuse University in 1950 and 1956, respectively, both in the area of science education.

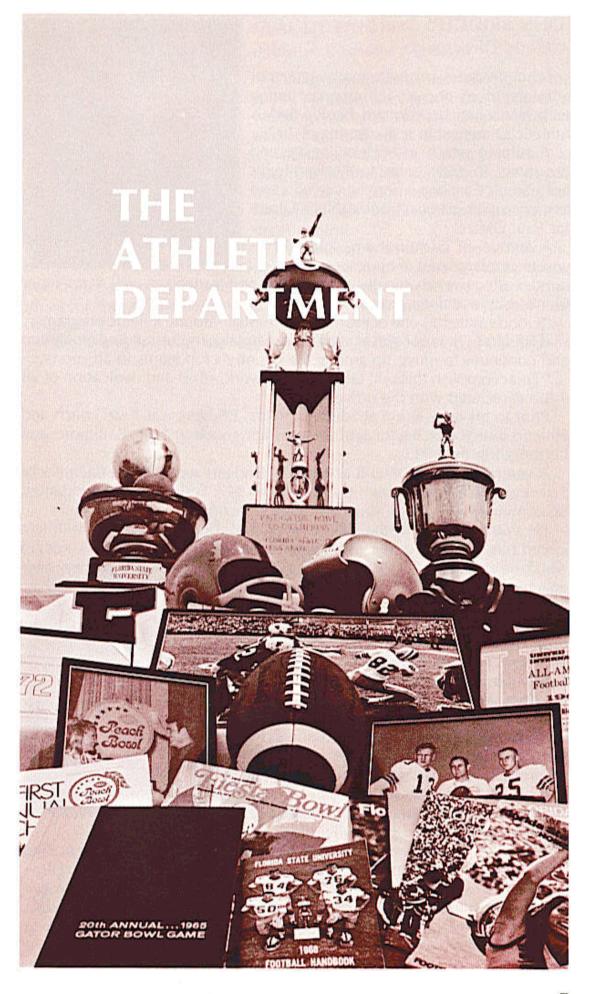

Chief administrative officer of the University since June 6, 1969, Dr. Marshall has been a member of the Florida State faculty since 1958. He served as head of the Department of Science Education until July, 1967, when he became dean of the College of Education. He was named Acting President of the University in February, 1969, and was officially designated as President June 6, 1969.

In 1963, he was invited by the Ford Foundation and the Turkish government to direct the National Science Project of Turkey in which he and other American educators undertook the establishment of a national science high school for gifted students in Ankara.

Dr. Marshall is a member of 13 national or state professional organizations and has been recognized by inclusion in "Who's Who in America" and "American Men of Science." He has been appointed to the Secretary of the Navy's Advisory Board on Education and Training and the U.S. Army Advisory Panel on ROTC Affairs.

In addition, he served a year as president of the Southern Association of State Universities and Land-Grant Colleges, is an ex-officio member of the Florida Council of 100 and was a member of the Board of Regents of the National Library of Medicine position for which he was nominated by the President of the United States and confirmed by the U.S. Senate.

Dr. Marshall is the co-author of three professional books and a widelyused series of elementary science textbooks. He served as editor of the "Journal of Research in Science Teaching" from 1962-66 and as a member of the editorial board of "Science World" from 1962-65. He also has written numerous journal articles and monographs.

JOHN BRIDGERS Athletic Director

John Bridgers brought many years of administrative and coaching experience with him when he assumed Florida State's Athletic Directorship in the spring of 1973.

A veteran coach in both collegiate and pro ranks, Bridgers came to the Seminoles from South Carolina where he served as an associate to Head Coach and Athletic Director Paul Dietzel.

A native of Birmingham, Ala., Bridgers feels a large part of his responsibility is to establish and maintain strong bonds with university faculty, staff, alumni and students as well as the other friends of the athletic program.

"Florida State has one of the nation's finest all-around athletic programs," said Bridgers. "It is our aim to see that it maintains its outstanding reputation and continues to move up among the country's top teams in all sports.

"To accomplish this will take the hard work, effort and dedication of all those associated with the university."

Prior to his association at South Carolina, Bridgers was head coach and athletic director at Baylor and an assistant coach at both Baltimore and Pittsburgh in the NFL.

A veteran of World War II and Korea, Bridgers received his Bachelor of Science degree from Auburn University in 1947. Following his graduation, he continued at Auburn as an instructor of economics.

He was accepted to the Yale Law School, but a service commitment forced him to turn it down. Following his two-year Army tour in Korea, in which he enrolled as a private and was discharged as a captain, he began his coaching career.

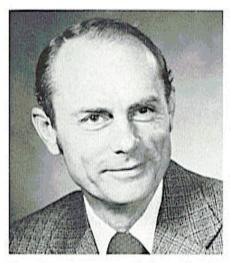

Bridgers' early coaching experience included tenures at the University of South at Sewanee, Tenn., and at Johns Hopkins, where he coached both football and track.

In 1957, he joined the staff of the Baltimore Colts and was a coach on the 1958 club which defeated the New York Giants, 23-17, in the now famous "sudden death" game.

He moved to Baylor in 1959 and for 10 years held the Athletic Director and Head Football Coach positions with the Bears. During this time he led the Bears to three bowl games and the third best won-loss record in the Southwest Conference behind Texas and Arkansas.

Following the 1968 season Bridgers left Baylor and was named offensive backfield coach for the Pittsburgh Steelers. He joined Dietzel's staff at South Carolina in 1970.

Bridgers is married to the former Frances Young of Florence, Ala. They have two sons, John Dixon and Donald Hamilton.

CLAUDE THIGPEN Athletic Business Manager

Claude assumed his new position in the spring of 1974, after nearly two decades of working with the Athletic Department as accountant and ticket manager.

The Greenville, Fla. native continues to head the Seminoles' complex ticket operations as he has for more than 12 years, but has added new responsibility for budget and fiscal control.

The veteran member of the athletic department has organized the ticket opera-

tion into a smooth functioning unit and is constantly on the alert for new ideas for more expedient operation of the department's overall business dealings.

Claude and his wife, the former Carleen Lindley, have two children.

MARLENE FURNELL Director, Women's Intercollegiate Athletics

Marlene is entering her third year as Director of Florida State's fast growing Women's Intercollegiate Athletic Program, which last year became a division of Intercollegiate Athletics at FSU.

The first person to serve as Women's AD at FSU since the University's coed days, she has the difficult assignment of coordinating the activities of one of the fastest growing areas of intercollegiate athletics in the country. Currently at Florida State she directs

eight sports for women: basketball, golf, softball, swimming, tennis, track, volleyball and badminton.

A native of Pendleton, Ore., she lettered three years in tennis in high school and earned 12 letters in three sports at Phillips University, Enid, Ok., before receiving her BS in 1960. After eight years' coaching in high schools in Kansas and Florida, Marlene came to Florida State to work in graduate school.

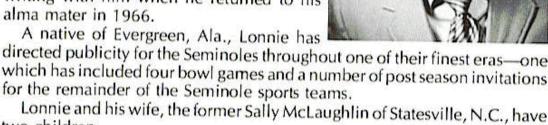

LONNIE BURT Sports Information Director

Coordinating press and public relations, and promoting Florida State's Athletic Program in general fall under Lonnie's far-ranging duties.

A member of the first group of men to enroll at Florida State following its conversion from a College for women, Lonnie brought a 16-year background of sports writing with him when he returned to his alma mater in 1966.

directed publicity for the Seminoles throughout one of their finest eras—one which has included four bowl games and a number of post season invitations

two children.

HANK SCHOMBER Assistant Sports Information Director

Hank is now in his ninth year as fulltime assistant in the Sports Information Office and his 11th year of association with the Athletic Department overall. A 1967 graduate of Florida State, he first began working for the Athletic Department as a student assistant and became a fulltime staff member upon graduation.

While his duties run the full spectrum of the Sports Information Office responsibility,

he is primarily responsibile for the publications and statistical work in the department and the press box operations in football, basketball and baseball. A native of Westchester County, N.Y., and former resident of Pompano Beach, Hank recently developed a new Poster-Program concept which Florida State will introduce this fall in place of the more traditional football program.

He is an active member of the National Collegiate Baseball Writers Association, serving as a vice-president of that group and was recently elected Chairman of the Independent Sports Information Directors Association.

Hank and his wife Judy, who has a Ph.D. in Spanish from FSU, have a daughter, Tam.

ATHLETIC COMMITTEE

Dr. Richard Baker Chairman 203 College of Business 644-3093

Members: John Bridgers, Athletic Director; Chris Griffin, Student; James Jones, Professor of History; William H. Long, Professor of Meteorology; Doyle Pope, Seminole Boosters, Inc., Representative; Walter Revell, Alumni Representative; Janet Wells, Professor, Physical Education; Ernest Williams, Director of Internal Control.

1975 TRAVEL PLANS

TEXAS TECH, Sept. 13 — Depart Tallahassee Sept. 12 at 1:30 p.m. via Southern Airways charter jet, arriving in Lubbock at 3:30 CDT. Team head-quarters will be Holiday Inn at 2600 Parkway Drive. Contact Mrs. Eloise Parker. Phone 806/765-7401. Seminoles will depart immediately following the game, arriving in Tallahassee at 3:30 a.m.

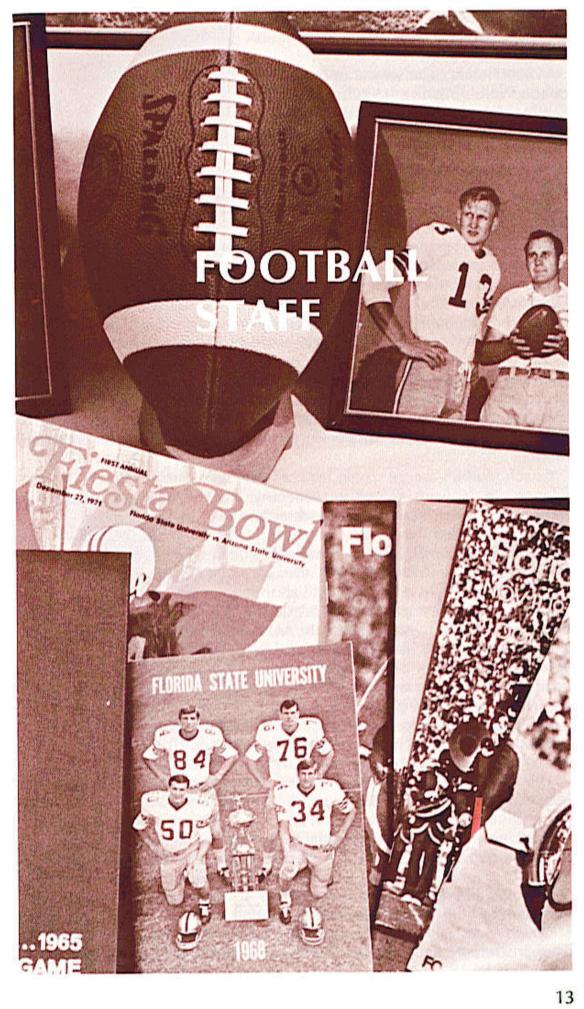

GEORGIA TECH, Oct. 4 — Depart Tallahassee Oct. 3 at 1:00 p.m. via Southern Airways charter jet, arriving in Atlanta at 1:45. Team headquarters will be Holiday Inn at 1944 Piedmont Central, NE. Contact Henry L. Parham. Phone 404/875-3571. Seminoles will depart immediately following the game, arriving in Tallahassee at 6:45.

VIRGINIA TECH, Oct. 11 — Depart Tallahassee Oct. 10 at 1:00 p.m. via Southern Airways charter jet, arriving at Roanoke, VA at 2:25 p.m. Charter busses will meet the team at the airport for trip to Blacksburg, arriving there approximately 3:30 p.m. Team headquarters will be Holiday Inn on Route 460. Contact Gene Wittington. Phone 703/951-1330. Seminoles will depart immediately following the game, arriving in Tallahassee approximately 8:30 p.m.

FLORIDA, Oct. 18 — Depart Tallahassee Oct. 18 at 11:45 a.m. via Southern Airways charter jet, arriving in Gainesville at 12:15. Charter buses will take Seminoles directly to stadium. Team will return immediately following game, arriving in Tallahassee approximately 7:30 p.m.

CLEMSON, Nov. 1 — Depart Tallahassee Oct. 31 at 2:30 p.m. via Southern Airways charter jet, arriving in Greenville, SC at 3:30. Charter buses will meet team at airport for trip to Clemson, arriving there approximately 4:30. Team headquarters will be Holiday Inn Clemson (P.O. Box 512). Contact James R. Ensley. Phone 803/654-4450. Seminoles will depart immediately following the game, arriving in Tallahassee at 7 p.m.

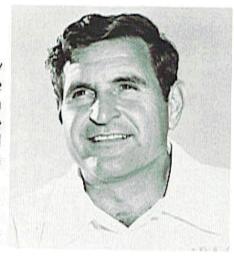

HOUSTON, Nov. 22 — Depart Tallahassee Nov. 21 at 3 p.m. via Southern Airways charter jet, arriving in Houston at 3:45 p.m. CST. Team head-quarters will be Holiday Inn, West Loop South. Contact Claire Turner. Phone 713/621-1900. Seminoles return following the game, arriving in Tallahassee approximately 2:15 a.m.

DARRELL MUDRA Head Coach

When Florida State set out to find a new coach following the 1972 season, the Seminoles knew they would have to find an extraordinary person. The Seminoles were coming off a winless season and it would take someone special to get the program turned around.

The "someone" they picked was Darrell Mudra who held the reputation of coming in and turning programs around, a point that was noted immediately.

The 45-year-old Omaha, Neb. native came to Florida State from Western Illinois with extremely high recommendations. "Darrell Mudra is one of the outstanding football coaches in the country," says former Nebraska Head Coach Bob Devaney, now that school's athletic director. "He has been able to win wherever he has gone and in many cases despite great obstacles."

Tommy Prothro, ex-college coaching standout, now boss of the San Diego Chargers, is another who thinks Mudra was the man for the Florida State job. "I believe Darrell Mudra is a very, very superior coach. I would have been surprised if any candidate for the Florida State job was the caliber of Darrell Mudra."

Coach Mudra's record speaks for itself. He has turned five losers into big winners. In 16 years of college coaching, the soft-spoken educator has recorded 107 victories against 42 losses and two ties.

Mudra attended Peru State College in Nebraska where he was an allconference halfback. He received a masters degree from Omaha University and his doctorate from Colorado State. He served in the Air Force during 1950 and '51.

He was an assistant coach at Hurron (S.D.) and Colorado State before becoming head coach at Adams State, Alamosa, Colo. in 1959. The previous season Adams State had gone 1-9 but in Mudra's first year the Colorado school gained eight victories against one loss. In four seasons there, Mudracoached teams never lost more than two games in a single year and he lead the Indians to a bowl game.

In 1963, he moved to North Dakota State, a team which had been 0-10 the previous year. In three seasons his records were 3-5, 10-1 and 11-0, including two bowl games.

The next challenge was the Montreal club of the Canadian professional league. In 1965 the Alouettes were 3-11 but under Mudra in '66 they went 7-7 and made the playoffs.

The University of Arizona was the next program Mudra turned around. It took him two seasons to do this, but in the second year he directed the Wildcats to an 8-3 record and a spot in the Sun Bowl.

Western Illinois gained his services in 1969 and in five years at the McComb institution Mudra's clubs went 39-13.

Coach Mudra is married to the former Jean Marie King of Omaha, Neb. They are the parents of four children, Darrell Jr., 21; Stephen, 20; Sherry, 19; and Michele, 15.

GENE McDOWELL Administrative Assistant, Defensive Ends

This former Florida State All-America has taken on new duties for Darrell Mudra, as he assumed the role of Administrative Assistant, in addition to working with the Tribe defensive ends.

Gene returned to Florida State last year after four seasons as an assistant at Kansas State, where he also tutored the defensive ends.

A native of Quincy, the 34-year-old McDowell was a prep standout at Waycross,

Ga., High School before coming to FSU where he lettered three seasons (1960-62). He was named to the third team Associated Press All-America as a linebacker following his senior year. He was also named the State's Outstanding College Football Player in 1962 by the Daytona Beach Quarterback Club.

Following his graduation in 1963, Gene served in the military service for two years before returning to Florida State in 1965 as a graduate assistant. A year later he was named Head Freshman Coach. In 1969 he became the Seminoles' chief recruiter, a post he held until he left for Kansas State.

Gene is single.

GARY GROUWINKEL Offensive Coordinator

This former University of Iowa offensive lineman and linebacker was brought to Florida State by Coach Mudra this spring to install the Seminoles' new Wing-T attack.

The 38-year-old native of Wamello, Iowa came to Florida State after being out of the coaching ranks and in private business. His last coaching assignment was at Northwestern and during his stint with the Wildcats they tied for second in the Big Ten Conference after both the 1970 and '71 seasons.

Previous to his assistant's job at Northwestern, he was the offensive line coach at his alma mater (Iowa) in 1968 and '69.

Grouwinkel served one season under Mudra at Arizona in 1967, the year that team beat Ohio State in Columbus. He spent two years at North Dakota and both those clubs were invited to college division bowl games.

At the University of Iowa, Grouwinkel was on the Rose Bowl teams which defeated Oregon State and California in 1957 and '59.

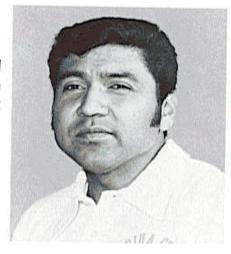

Previous to starting his college coaching career, he coached prep clubs in West Branch and Ottumwa, Iowa, where his teams won four conference championships and he was voted Iowa Prep Coach of the year.

He is married to the former Diane Elliott and they have three children, Kevin, Kristin and Kari.

PETE RODRIQUEZ Defensive Coordinator, Linemen

Pete is one of four coaches who served previously with Coach Mudra at Western Illinois. The 35-year-old Chicago native first served with Mudra at Arizona and continues in the capacity of defensive coordinator and interior defensive line coach.

Mudra calls Rodriquez "one of the really great stategists in the game today." And his defensive unit with Arizona's 1968 Sun Bowl club was considered one of the nation's best that year.

Pete played his prep ball at Kelly High School in Chicago before gaining a scholarship to Western State College in Colorado. He received his B.A. at Western in 1963 and his M.A. a year later. His early coaching career included the defensive coordinator spot at Stratton (Colo.) High School in 1964 and a year as an assistant at Harrison High in Colorado Springs before taking over as head coach at that school in 1966. He joined Mudra at Arizona in 1968.

Pete and his wife Linda have two children.

FRANK DeBORD Kickers, Equipment

Frank is now in his eighth season as a member of the Seminole staff. After several seasons serving as the equipment manager, he has added duties including the overseeing of upkeep of the practice field, working with the Tribe place-kickers and also helping with the weight program.

A native of Virginia, Frank attended Virginia Tech where he lettered in football and wrestling. Following graduation he served as an assistant coach at Franklin, Va., High

· Market

School and also played two seasons for Norfolk in the Continental Football League.

Frank and his wife Marian have three children and they reside in nearby Quincy, Fla.

BOB HARBISON Offensive Line

Bob Harbison is beginning his 27th season as an assistant coach at Florida State. The Seminoles' modern football history numbers just 29 years, thus Harbie is "Mr. Seminole."

The veteran Tribe mentor "retired" from coaching following the 1972 season and entered private business, but found he could not get coaching out of his system and returned to FSU last year as Darrell Mudra began forming his new staff.

During his 26 seasons, Harbie has worked

just about all facets of offense and defense and Mudra assigned him duties with the interior linemen.

During Harbie's career at Florida State, the Seminoles have been to eight bowl games. He has served under six head coaches. He first came to FSU as an assistant to Don Veller in 1947. Since then he has served under Tom Nugent, Perry Moss, Bill Peterson and Larry Jones.

Over the years he has developed many outstanding offensive and defensive linemen and long time Seminole observers agree there are few coaches who get the most from their charges as consistently as Harbie. His 1964 defensive line, which became known as the "Magnificent Seven", was considered by many to be Florida State's finest defensive unit.

Bob and his wife Jane have four children.

CAL JONES Linebackers

After serving as Coach Mudra's assistant at Western Illinois for three seasons, Cal accompanied his boss to Florida State.

In his first two years at Western, Cal coached one All-American, two All-State college selections and a Most Valuable Player.

Before going into college coaching, he was an extremely successful prep coach in California. At Central Union HS in El Centro, Cal., Cal's teams compiled a record of 43

victories against 13 defeats from 1966-70. His squads won conference championships in each of those seasons and he was named Imperial Valley Coach of the Year in 1968.

Cal, a Pittsburgh, Pa., native is a member of the National Association of Intercollegiate Athletics' Hall of Fame and was named first team NAIA All-America as a guard at Adams State in 1964.

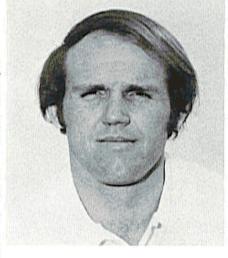

He was captain of the Adams State clubs in both 1963 and '64. He received his B.A. and M.A. degrees from his alma mater and has done advance work at Northern Colorado.

He and his wife Elaine have two children.

LARRY PENDLETON Academic Advisor

Larry is now in his third season with the Seminoles and his second as a full-time staff member. The former Tribe standout returned to his alma mater in 1973 as a graduate assistant and last year took the position of Academic Advisor for the football squad.

A native of Winter Garden, he attended Lakeview High School where he earned 10 athletic letters. He attended Florida State from 1964-68 and during his three-year varsity career played on teams that competed

in three bowl games—the Sun, Gator and Peach. Larry was a three-year starter for the Seminoles, two on offense and one on defense.

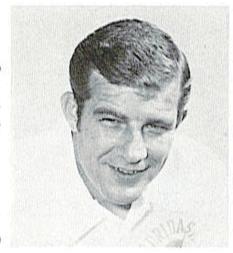

Following his graduation Larry served as an assistant coach at Colonial High School in Orlando from 1969-72.

He is married to the former Carolyn Chalk of Fort Walton Beach.

DONALD (DEEK) POLLARD Defensive Backs

Deek is another member of the staff who had previously coached with Darrell Mudra. A 1961 graduate of Western Illinois, he returned to his alma mater in 1971 to serve with Mudra.

Prior to that move, Deek was considered one of Illinois' outstanding prep coaches. In six years as head coach at Pittsfield High School, he led his teams to a 55-4-3 record, a mark that ranks him as the winningest prep coach in Illinois' history. Pollard's Saukees

were undefeated in their last 54 games, the longest unbeaten string in state history until the club extended it 10 more games into 1972.

He was named Illinois prep coach of the year in 1970.

His success as defensive secondary coach at Western is noted in the 1972 team which allowed opponents only 97 yards per game passing while intercepting 17 aerials.

Deek, who holds an M.A. from Northeast Missouri State, and his wife Brenda have two children.

RICK SCHACHNER Running Backs, Punters

Rick is the latest addition to the Seminole varsity staff after serving last season as a graduate assistant. The 24-year-old Prospect Heights, III. native played his college football at Western Illinois under Coach Mudra.

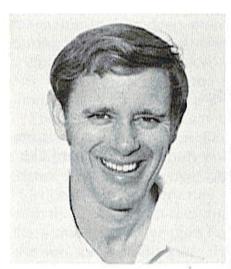

He attended Wheeling High School before gaining a scholarship to Western. He earned six varsity prep letters in football and wrestling.

At Western, he was used primarily as a blocker in the backfield and was considered

excellent in his specialty. During his three collegiate varsity seasons, Western teams had a combined record of 24-9 and were involved in the NCAA College Division playoffs.

Majoring in Physical Education, he graduated from Western in '73 and coached the defensive ends at his alma mater for two seasons. Last year at Florida State, Rick assisted with the defensive ends and backs along with doing the scouting for future opponents.

He is married to the former Rosemary Orton of McHenry, Ill.

EDDIE WILSON Quarterbacks, Receivers

Eddie came to Florida State this spring with both professional and college experience.

The 34-year-old native of Redding, Cal., spent last season as an assistant on the Kansas City Chiefs staff, an NFL team for which he also played.

Wilson attended high school in Chandler, Ariz. prior to accepting a football scholarship at Arizona. Before graduating in 1962, his honors as a quarterback included third

team All-America, Academic All-America and team co-captain.

Following graduation, he was drafted in the second round by the NFL Detroit Lions and the third by the old AFL Dallas Texans, who later became the Kansas City Chiefs.

When the Texans moved to Kansas City, Wilson became Len Dawson's understudy in 1963 and '64. He started some games for the Chiefs in 1963 before being traded to the Boston Pats in '65. The Miami Dolphins claimed him in the expansion draft before the 1966 season.

He injured a knee in a Miami exhibition game and in '67 joined Coach Mudra's staff at Arizona, where he stayed five years before going to Duke as an assistant in 1972 and '73.

Last year he rejoined the Chiefs as an assistant.

Eddie is married to the former Laura Ann MacNeill of San Marion, Cal. and they have four children.

DON FAULS Head Trainer

One of the most popular personalities in Florida State's athletic history, Don returns to the Seminoles after a three and a half year absence.

Known affectionately as "Rooster" by the more than 1,000 athletes he has treated in his 18 years of service, Fauls gave up his position to become general manager of a Tallahassee golf course. However, the call for working with athletes was strong and when the Seminole Trainer's post opened

up for the second time since his departure in January, 1972, the 55-year-old veteran could resist no longer.

A native of Ithaca, N.Y., Don first came to Florida State in 1954 after serving as trainer for professional baseball teams in Greensboro, N.C. and Omaha, Neb. A member of the Athletic Trainers Association, he has served as trainer for the U.S. Pan American team and as a member of the Olympic Trainers Selection Committee.

Don attended Ithaca College where he lettered in baseball and basketball. He and his wife Marguerite have three children.

THE OUTLOOK

Despite a pair of disheartening seasons, optimism burns bright in the bosoms of Florida State faithful.

This will be Coach Darrell Mudra's second year as the Seminole football boss and in the words of this man who has turned so many losing programs into winners, "we will be able to play with most people this fall."

There are several reasons Seminole fans think things are looking up. One of the first is that 39 lettermen return from last year's squad—the same one which bowed to Alabama 8-7 in the final minute, led Southwest Conference Champion Baylor 17-0 at halftime and played two other eventual bowl foes, Florida and Houston, much closer than most people thought.

Another reason Seminoles around the country figure things will get much better is the excellent recruiting year turned in by Mudra and his hardworking staff. Florida State surprised even its most ardent fans by signing some of the most highly-sought athletes in and out of state.

The recruiting crop was so good in fact that a number of these incoming freshmen figure to see action this fall. Even if this frosh crew isn't able to break into the starting lineup, it figures to push some of the front-liners and this makes for competition and depth—two things the Seminoles haven't been blessed with the last couple of seasons.

There are still some trouble spots to be filled, however. Even the biggest Seminole buff will admit that despite the fact that one pre-season football magazine took a deep plunge and ranked Florida State 19th nationally during the heat of the summer.

Following spring practice, there still was a question as to who would be the No. 1 quarterback. During spring drills, lettermen Steve Mathieson and Jimmy Black along with red-shirt Clyde Walker split the duties.

The biggest surprise was Walker, around for a couple of years but not attracting much attention. Both Mathieson and Black were part-time starters last season and the former was the quarterback of record during Florida State's 21-14 victory over Miami.

In Leon Bright, Larry Key and Rudy Thomas, the Seminoles are blessed with three of the best running backs in their history. But the list doesn't stop there since Jimmy Heggins had an outstanding spring and Bobby McKinnon showed some bright spots. This group should get some excellent help from the incoming freshmen.

In fact, the running back situation is in such good shape that some of the freshmen group could be switched to wide receiver where it would help that position's speed.

With the Seminoles switching from the Veer attack to the Wing-T, an abundance of running backs will be necessary. That doesn't mean Florida tate will stick strictly to the ground—as attested to by those who watched spring scrimmages.

When the Seminoles do take to the air—and this could be more than most Wing-T teams like to—watch for the quarterbacks to be looking for junior Mike Shumann. This home-grown product was the team's leading receiver last year when he caught 43 for 515 yards and three touchdowns.

Only other returning lettermen who caught in double figures were backs Thomas and Bright. However, senior Jimmy Everett, who watched a lot from the bench in 1974, turned in a good spring practice and he should be helpful. Of the 10 offensive linemen who lettered in 1974, nine are returning. That at least gives the Seminoles experience along the front line. Guard Jeff Gardner and center Smokey Ragins are two-year starters.

Billy McPhillips, Bruce Harrison and Wade Johnson are upcoming juniors and the first has lettered for two seasons. Starting positions will probably be decided during two-a-day sessions this fall with the prime qualifications being who has adjusted to the new Wing-T blocking assignments the easiest.

In the spring senior guard Tony Falvo made the greatest improvement. The tight end situation was still unclear following spring drills although two-year letterman Ed Beckman is back. This is a position which is open for the taking and there still could be some personnel switching during two-adays.

Defensively, the Seminoles should be much improved. Mainly, the improvement should come in the fact that only three starters were lost. Lack of depth may still pose a problem, but to a lesser extent than last season.

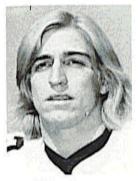

Headlining the defensive troops is tackle Greg Johnson, a senior from Fruitland Park. He's a bonafide All-America candidate and has the muscle and speed to prove it.

Phil Jones may have to be moved back to the other tackle spot although the coaches hope that he can play nose guard in the Seminoles' 50 defense.

Randy Coffield is rated by many observers as one of the South's better defensive ends. Rudy Maloy and Dave Porter are also returning lettermen at that spot but they'll have to argue with Aaron Carter as to who will be the starter opposite Coffield. Carter, who lettered at defensive back as a freshman last year, was switched to defensive end this spring and his adjustment was amazing. His lack of size is a handicap but even at 5-9, 180 pounds he's certainly quick and tough enough to think he can play the position. This is another case where there's not a great deal of disagreement among the defensive coaches.

Graduation took both starting linebackers in Bert Cooper, the team's leading tackler last year, and John Murphy. Brian Schmidt is back as a letterman after missing some spring drills because of injury. Detroit Reynolds has returned to linebacker after lettering as a sophomore at defensive end. Transfer Dickie Vasquez, red-shirted last season, could be a starter if his knee injury comes around.

The secondary looks like one of the Seminoles' strongest positions. Everyone returns and this includes such talent as Joe Camps, Bobby Jackson, who started and starred as a freshman last year, and Lee Nelson. They'll get help from red-shirt Gary Woolford along with last season's backup people.

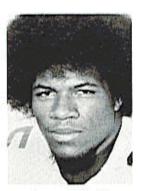

Ed Beckman

Jimmy Black

Leon Bright

MIKE BARNES, Wide Receiver, So., 20, 5-11, 180, Titusville, RS—A leg injury kept him out of action last season. He had to make a big transition during spring practice in switching from split end to Z back. Has fine receiving ability but must develop as a runner and blocker. His improvement during spring was gratifying.

ED BECKMAN, Tight End, Jr., 20, 6-5, 225, Miami, 2VL—Has been a parttime starter for two seasons, beginning with his freshman year. During his sophomore campaign, he caught only three passes, while as a freshman he had 10 receptions. During spring he showed development but coaches say he must become more consistent in both the running and passing games. His size is ideal for the position. When he gains the consistency necessary, he will become outstanding.

JIMMY BLACK, Quarterback, Jr., 20, 6-0, 180, Merritt Island, 1VL—Had one starting assignment as a sophomore and wound up the season with 33 completions in 61 attempts for 385 yards and two touchdowns. His 54.1 percent completions were tops among the three quarterbacks in 1974. He's listed as the No. 3 quarterback going into fall practice. However, he isn't that far behind the other two, Walker and Mathieson. Among the three, he's considered the best athlete in terms of quickness, agility and running ability. Leadership ability is a plus for this young man and he showed improvement last spring in the passing department. He is by far the best runner among the quarterbacks.

LEON BRIGHT, Running Back, So., 19, 5-9, 185, Merritt Island, 1VL—Considered one of the best running back prospects Florida State has ever had. Tremendous balance and quickness along with good speed. He was hampered last season because of injuries but still managed 296 yards in 61 carries for a 4.9 average. He scored twice on runs and once on a pass reception. Tremendous overall football ability has already been demonstrated by Leon. He not only runs extremely well but also is a good receiver and turned into a fine blocker during spring practice. Going into the fall, Bright is the Seminoles' best all around back and should be destined for stardom if he can stay healthy.

Aaron Carter

Randy Coffield

Jim Everett

JOE CAMPS, Defensive Back, Jr., 19, 6-1, 192, Gainesville, 1VL—One of the hardest hitters among defensive backs. Was a starter in 1974 and recorded 49 tackles and 36 assists. He was tied for the club lead in interceptions with two. His size is excellent for the strong safety position. His outstanding attitude has also helped him become a better player. He's an outstanding competitor and some of his "hits" during spring scrimmages enabled him to gain weekly awards.

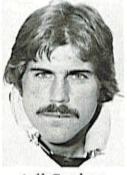

AARON CARTER, Defensive End, So., 20, 5-8, 185, Gainesville, 1VL—Was switched this spring from defensive back to end where he turned out to be a most pleasant surprise. Despite his lack of size, coaches feel he can play his new position and challenge for a starting roll. Quickness and ability to hit are two of his greatest assets. As a freshman last season at defensive back, he made 24 tackles and was credited with 19 assists. He also possesses toughness and fine body control. During spring drills he was a welcome addition to the defensive end corps.

RANDY COFFIELD, Defensive End, Sr., 22, 6-3, 215, Hialeah, 2VL—One of the squad's top football players. Also, a defensive and team leader by performance. An all-star candidate who has the experience needed to inspire younger players. He's strong and has fine speed for his size. Loves to make contact and his competitive attitude makes him a pleasure to coach. As a sophomore he led team in recovered fumbles and last season he got another. His speed allows him to drop off for pass coverage when the occasion arises. "He's a winner," says his coach.

JIM EVERETT, Wide Receiver, Sr., 21, 6-3, 180, Tallahassee, 2VL—Wound up spring training as the No. 2 split end behind Mike Shumann. 1974 was sort of an off season for the hometown product. Last year he caught only four passes for 59 yards while in '73 he grabbed eight for 121 yards and two touchdowns. Had a fine spring with seven receptions coming during one scrimmage. Coaches say that at his best he compares favorably to Shumann. When consistency comes, he'll be even more valuable.

Jeff Gardner

Chris Griffin

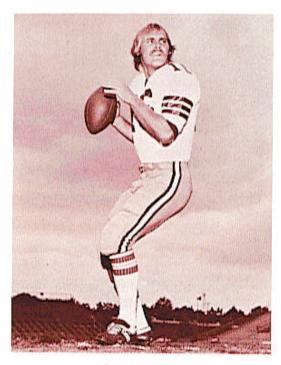

Bruce Harrison

TONY FALVO, Offensive Guard, Sr., 22, 6-0, 240, Wexford, Pa., 1VL—Appears to have found a home at strong guard after having been moved around during his red-shirt and junior seasons. He had been tried at middle guard before switching to offense. This junior college transfer had fine speed for his size and is very strong. He was a championship wrestler in high school and JC. He also was a weight man this spring on the Seminole track team.

JEFF GARDNER, Offensive Guard, Sr., 21, 5-11, 220, Miami, 2VL—The most dependable offensive lineman on the squad. Has been a two-year starter and this should make it No. 3. Makes up for his lack of height with quickness and determination. Good straight ahead blocker and pulls well on wide plays. Another senior who has definite leadership ability. Very durable, he had more playing time last season than any other offensive lineman.

CHRIS GRIFFIN, Defensive Back, Sr., 21, 5-10, 170, Tampa, 1VL—This young man is not only a fine football player but also one of the better students in the University. He has made a perfect 4.0 (all A's) during three years in the classroom while majoring in pre-law. Gained his letter last season, playing 186 defensive plays while being credited with six tackles and eight assists. Came out of spring practice as the No. 2 left cornerback.

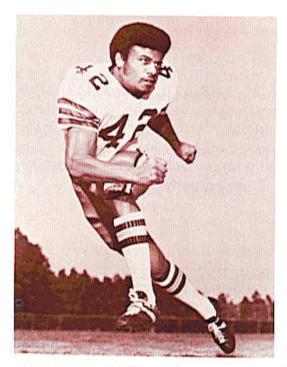

BRUCE HARRISON, Offensive Tackle, Jr., 21, 6-2, 230, Vero Beach, 1VL—Another starter returning. He came to the front last season as a sophomore and turned into a dependable performer. Through a freak gunshot accident in high school, he still has pellet lodged in his forehead. Only has average size for a tackle and has to make up for his lack of size with hustle and agility. Solid in classroom as well as on the playing field. Good pass blocker.

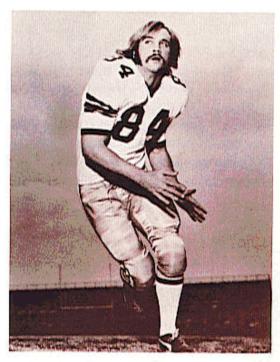

Jimmy Black

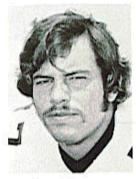

Leon Bright

Joe Camps

Randy Coffield

Len Harvey

Jimmy Heggins

Nat Henderson

Earl Humes

LEN HARVEY, Defensive Tackle, Jr., 20, 6-5, 230, Tallahassee, Squad—Showed much improvement this spring over sophomore season. Has frame to carry additional weight. Another Tallahassee Leon product who figures to have his best season in 1975.

JIMMY HEGGINS, Fullback, So., 19, 5-10, 193, Salisbury, N.C., 1VL—Lettered last season despite the fact he didn't carry the ball once from scrimmage. Was used on kickoff and return teams. As a KO returner, he averaged 25.1 yards and had one of 68 yards. This spring he showed outstanding running ability from the fullback slot in the newly installed wing-T formation. Going into the fall, he is No. 1 at his position. His speed compares favorably with any of the running backs. Great quickness showed up during spring drills.

NAT HENDERSON, Defensive Tackle, So., 19, 6-4, 240, Albany, Ga., Squad—Saw limited action last season as a freshman. Coaches asked him to lose weight and he responded by trimming down to 240 last spring. With experience, he has bright future. His mobility increased greatly last spring over his frosh season.

EARL HUMES, Defensive Back, Sr., 22, 6-0, 172, Miami Beach, Red Shirt—Started in 1973 and first game last season. However, on the second series of the Pittsburgh game he injured a knee and was out for the season. Thus he got a hardship ruling from the NCAA. His knee hampered his progress early last spring but he was returning to form near the end of drills. He came to Florida State as a "walk on" but gained a scholarship.

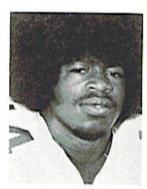

Greg Johnson

Phil Jones

Larry Key

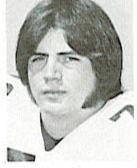

BOBBY JACKSON, Defensive Back, So., 19, 5-11, 175, Albany, Ga., 1VL—Stepped in as a freshman last season and became an outstanding cornerback. Was a starter and showed great ability despite normal freshman mistakes. Outstanding speed and quickness. Was in for 608 plays as a frosh and compiled 31 tackles and 16 assists. Graded out an amazing 84 percent for the season. Plays run well and has speed and quickness to react to the pass. A definite all-star candidate for this season as well as the future.

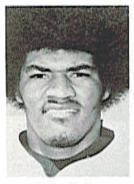

GREG JOHNSON, Defensive Tackle, Sr., 22, 6-4, 240, Fruitland Park, 2VL—He is Florida State's top All-America hopeful and pro prospect. He is extremely strong for such a big man with great quickness and natural football instinct. Was a solid steady performer during 1974 and had an outstanding game in the Seminoles' 21-14 victory over Miami. Was second on the team in tackles with 55 despite the fact that many of the enemy plays were steered to the other side. His 792 defensive plays were tops for the squad. Eight times he threw opposition ball carriers for losses. His 14 defensive "big plays" were also tops for his unit. His pass rush is the best among the down linemen. An outstanding, all around football player.

PHIL JONES, Middle Guard, Jr., 21, 6-3, 250, Miami Springs, 2VL—Another veteran although he is only a junior. Lettered as a freshman at linebacker and last season as defensive tackle. Was moved to middle guard this spring and made the transition with no problems. In fact, coaches say middle guard is his best position although he will still be available for tackle duty should he be needed. Fine speed and quickness for a man of his size. If he can stay healthy and at middle guard, Florida State's problems at that spot should be solved.

LARRY KEY, Z Back, So., 19, 5-9, 180, Inverness, 1VL—The other half of Florida State's outstanding freshman running back duo of 1974. During spring drills, this speedster was moved from fullback to Z back. However, he still might wind up at his former position. He made fine progress at the new spot but was at times hampered by the experiment. His qualifications as a runner were established last season when he was the team's leading runner with 602 yards in 123 attempts for three touchdowns and an average of 4.9 yards per carry. Great leg strength enables him to break tackles. Is an outstanding football player with a most promising future.

Jim Keyton

Mike Kissner

Rudy Maloy

Mark Marshall

JIM KEYTON, Offensive Tackle, So., 19, 6-5, 235, Thomasville, Ga., Fr.—Another pleasant surprise among the offensive linemen this spring. Wound up as the No. 2 quick tackle behind Harrison. Has fine size and good quickness. As did most of the offensive linemen, had to adjust to new assignments this spring when Seminoles switched from Veer to Wing-T. Fine potential.

MIKE KISSNER, Offensive Guard, Jr., 20, 6-2, 230, Delray Beach, 1VL—Cut out of the same mold as a number of returning junior offensive linemen. Saw plenty of playing time last season and figures to repeat this fall. Tougher than most, he should develop with experience.

RUDY MALOY, Defensive End, Jr., 21, 6-4, 229, Frostproof, 2VL—Another junior who shared starting assignments in 1974 when he led the team with five fumble recoveries. He was slowed somewhat this spring by a hip injury but still figures to be in the middle of a battle for a starting berth. Has excellent physical tools, plus speed. Needs to develop consistency. In '74, he had 37 tackles and 27 assists. He was in for 516 defensive plays, season high among defensive ends.

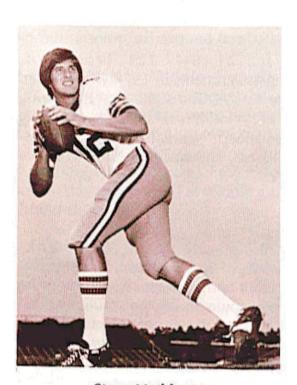

MARK MARSHALL, Tight End, Sr., 21, 6-5, 215, Cape Coral, Squad—This late bloomer was the starter coming out of spring practice. Although he hasn't lettered, he appeared to come into his own during the spring, beating out Ed Beckman for the starting job. Now the question is, can he retain it this fall? Has excellent frame for tight end and has shown superior receiving ability. During spring practice he started off as defensive end before switching over to tight end. Once his blocking ability improves, along with his overall strength, he should do the job.

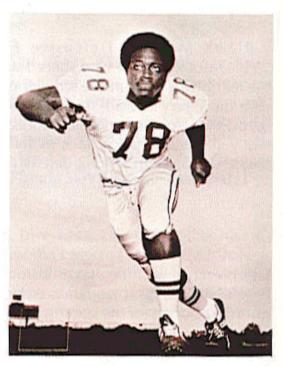

Larry Key

Robert Jackson

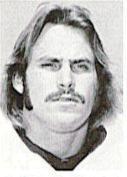

Steve Mathieson

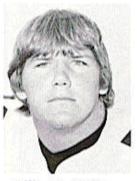

Greg Johnson

Bobby McKinnon

Billy McPhillips

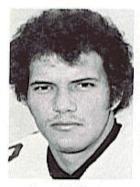

Fred Miller

STEVE MATHIESON, Quarterback, Jr., 21, 6-5, 210, Rockville, Md., 1VL—Was a part time starter in 1974 after transferring from Virginia Tech and junior college. Was the "quarterback of record" in '74 when Seminoles registered their lone victory, 21-14 win over Miami. Has most experience among top three QBs. Completed 40 of 82 passes for 544 yards and three touchdowns in 1974. His 13.6 yards per completion was tops on team. Has strongest arm among quarterbacks and his size is definite asset in scrambling situation.

BOBBY McKINNON, Z Back, Sr., 20, 6-1, 182, Lake Worth, 2VL—A three-year veteran who was switched from running back to Z this spring. He was used sparingly last season after a very active sophomore year. In 1974, he carried the ball only eight times while during the campaign before he was the team's second leading rusher with 57 carries for 229 yards. Seventy-four of those sophomore season yards came on a touchdown romp against Memphis State. During spring scrimmages he regained some of the running form which he exhibited as a soph. Definite leadership ability.

BILLY McPHILLIPS, Offensive Tackle, Jr., 20, 6-2, 233, Tampa, 2VL—Became a starter late in his freshman season and retained that honor during 1974. Dependable lineman, he excels in pass protection. During his freshman campaign, he was worked at tight end, and defensive end before becoming an offensive lineman. Has improved his strength through weight program and it figures that his best college football is in front of him.

FRED MILLER, Fullback, Jr., 21, 6-1, 216, Jacksonville, 2VL—Was the team's fourth-leading rusher in 1974 with 140 yards in 26 carries and one score. He is team's biggest back and thus he's often called on in short yardage situations. Lettered as a freshman before sitting out his sophomore year due to an arm injury. During spring practice, he saw brief service at linebacker and defensive end before returning to fullback. A reliable performer.

Roger Overby

Dave Porter

Smokey Ragins

LEE NELSON, Defensive Back, Sr., 21, 5-10, 185, Melbourne, 1VL—Started during 1974 at cornerback and was the leading tackler among defensive backs with 51 and 35 assists. Very aggressive and one of the hardest hitters among the DBs. His 613 plays were also high in the secondary. After transferring from Pensacola Junior College, he came to Florida State without a scholarship before earning one. Has good speed and is considered a fine cornerback.

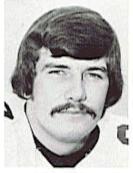

ROGER OVERBY, Wide Receiver, So., 19, 6-0, 175, Tampa, 1VL—Lettered as a freshman last year when he caught six passes for 67 yards. At times during spring he showed ability to get things done. Hard-nosed youngster who has ability to catch ball in a crowd. He's in competition for No. 2 split end.

DAVE PORTER, Defensive End, Jr., 20, 6-4, 200, St. Petersburg, 1VL—Saw limited service in 1974 when he made 10 tackles and had 22 assists in 198 plays. He's listed as Randy Coffield's backup and with more consistency he can be a big help. Must overcome lack of weight with quickness. Recovered two fumbles last season.

SMOKEY RAGINS, Center, Sr., 21, 6-2, 255, Plant City, 2VL—Started every game at center last season after moving from offensive tackle as a sophomore. Had a weight problem before spring practice started but corrected this. Keeping the pounds down will improve his effectiveness. His size gives him advantage in pass blocking. He must battle Bill Sawyer for the No. 1 center position this fall.

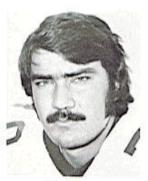

Jeff Ridings

Alan Risk

Vic Rivas

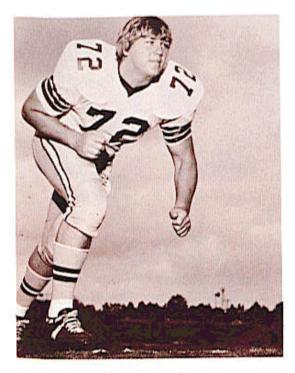

DETROIT REYNOLDS, Linebacker, Jr., 20, 6-1, 219, Tallahassee, 2VL—Had an excellent spring practice, returning to the position where he lettered as a freshman. Last season he worked at defensive end where he had 18 tackles and 17 assists. But at strong linebacker he figures to be much more effective. He's a natural athlete with fine quickness and speed, along with good lateral movement. Another Tallahassee Leon High School product.

LOUIS RICHARDSON, Defensive Tackle, Jr., 20, 6-5, 235, Crystal River, JC—He has been attending Tallahassee Junior College after transferring from Western New Mexico University where he lettered one year. He played his high school football at Crystal River. His excellent size is a big plus for the position and he also has good quickness. After watching films of his sophomore season, coaches feel he should be a big help this fall.

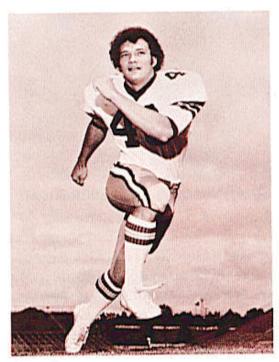

JEFF RIDINGS, Defensive Back, Jr., 21, 6-0, 183, Marietta, Ga., 1VL—This Georgian had a fine spring practice. A hard worker, he saw action in 251 defensive plays in 1974, coming up with 12 tackles and 20 assists. Also had a fumble recovery.

ALAN RISK, Middle Guard, Jr., 20, 6-3, 225, Miami, 1VL—Gained his 1974 monogram strictly as a kickoff specialist. Has good speed for his size and this enables him to cover well. Played his high school ball for a former Florida State linebacking great—Bill Dawkins.

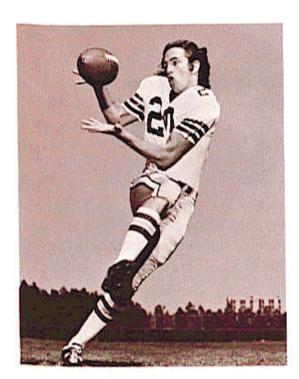

VIC RIVAS, Offensive Guard, Jr., 6-3, 245, Miami, 1VL—Another of those junior linemen who got their baptism of fire as sophomores. Has size and now experience to enable him to be valuable asset this fall.

Billy McPhillips

Lee Nelson

Mike Shumann

Clyde Walker

Gary Rose

Tom Rushing

Bill Sawyer

Brian Schmidt

GARY ROSE, Defensive Tackle, So., 19, 6-4, 238, East St. Louis, Ill., Fr.—One of Florida State's fine players and a star of the future. As a freshman last season coaches said he needed year to mature. His ability fits his size and now he is counted on as at least a backup this season.

TOM RUSHING, Offensive Tackle, Jr., 20, 6-4, 250, Blythe, Calif., RS—A junior college transfer who was held out a season to gain the maturity he needed. Was a pleasant surprise during spring drills and figures in the plans this fall. One of the biggest players on the squad.

BILL SAWYER, Center, Jr., 19, 6-4, 230, Cordele, Ga., 1VL—Another junior class member among the offensive linemen who gained much experience last season. In fact, he improved so much during spring practice that he will be challenging for the starting berth this fall. His improvement has been most noticeable with maturity. His size fits the position. This one could be a surprise.

BRIAN SCHMIDT, Linebacker, Jr., 20, 6-2, 215, Lehigh Acres, 1VL—Although only a junior, he is the veteran of the linebacking crew. Was in for 515 defensive plays during 1974 when he made 33 tackles and had 44 assists. A good hitter, three times during the season he forced enemy runners to fumble the ball. Another asset is his strength which allows him to play the run extremely well. A very dedicated player with good size for a linebacker.

Mike Shumann

Nat Terry

Ion Thames

Rudy Thomas

MIKE SHUMANN, Split End, Jr., 20, 6-0, 175, Tallahassee, 2VL—Called by his coaches "one of the two best offensive players on the squad." This home grown (Tallahassee Leon) performer has led the club in receptions for the past two seasons. As a freshman, he caught 21 for 380 yards and two touchdowns while last season he grabbed 43 for 515 yards and three scores. That puts him in eighth place among all time Florida State receivers and he needs only three to surpass the seventh place player, Don Floyd. His 895 yards in receptions also puts him in eighth spot with Floyd again being No. 7 at 901. As the records attest, he has great receiving ability and he made marked improvement as a blocker during spring practice.

NAT TERRY, Defensive Back, So., 19, 5-11, 158, Tampa, Squad—Used sparingly last season as a freshman but his great speed gives him outstanding potential. Saw action in only six plays in 1974.

JON THAMES, Middle Guard, Jr., 20, 6-0, 230, Gainesville, 2VL—Hopefully, this is the season this dedicated young man can stay healthy and play up to his potential. A broken ankle handicapped him this spring but he should have overcome this by fall practice. One of the tougher players on the squad and his strength is also above average. Saw action on 340 plays in '74 and came up with 19 tackles and 11 assists. His best football should be played in his junior and senior seasons.

RUDY THOMAS, Running Back, Jr., 20, 6-0, 190, Quincy, 1VL—Rudy wound up spring practice as the No. 2 tailback behind Bright. However, coaches still think he has as much running ability as anyone on the squad and could make a strong bid for a starting berth at some skill position. He was the team's second leading rusher in 1974 with 351 yards in 81 carries for a 4.3 yard average. He also was the squad's third leading receiver with 16 catches good for 109 yards. "He has the ability to be spectacular at times in both running and receiving," says his coach. His overall play improved throughout spring practice. When he gains consistency, he should be a super.

Waldo Williams

Gary Woolford

DICKIE VASQUEZ, Linebacker, Jr., 20, 6-2, 225, Blythe, Calif., Red Shirt—One of two transfers from Western Illinois who could wind up as a defensive starter this season. Was held out of spring practice but his former coaches at Western know what he can do.

CLYDE WALKER, Quarterback, So., 20, 6-3, 195, Chapel Hill, N.C., Squad—The most surprising performer to come out of spring practice. Was relegated to the scout squad last season after sitting out a year with an injury. Was far down the line when spring drills began but came to the front during scrimmages and going into the fall he's listed as the No. 1 quarterback. He was the most accurate passer during the spring with a smooth mechanical ability. During scrimmages he hit on 17 of 28 passes and five more were mishandled by receivers.

waldown Williams, Linebacker, Fr., 21, 6-0, 220, Merritt Island—He orginally signed a football scholarship with Florida State but instead went into pro baseball. He played baseball for two seasons before deciding to come to college. He had a excellent spring practice and going into the fall is listed as the No. 1 strong linebacker. Very quick he also has good speed. Coaches consider him a "big play" football player who also has consistency. A fine athlete.

GARY WOOLFORD, Defensive Back, Jr., 20, 6-0, 175, Joliet, Ill., Red Shirt—Red shirted last season after transferring from Western Illinois. In his prep days he set a Illinois High School record in the high hurdles. Considered by his coaches as one of the squad's best athletes with an excellent football mind. He also is a hitter with quick feet. An outstanding player with definite leadership qualities.

SEMINOLE BOOSTERS, INC.

One of the most important programs affiliated with any intercollegiate athletic department is that which raises funds to pay the educational expenses of the student-athletes participating in all sports.

At Florida State that program of voluntary support is organized through Seminole Boosters, Inc. This group is made up of member representatives around the state who are concerned with seeing Florida State's Intercollegiate Athletic Program become the best in the nation.

In addition to the main Seminole Boosters Offices located on campus, there are local groups formed in many areas helping stimulate interest in the Seminoles on a local level.

Andy Miller

One of the more active arms of the Boosters is the Committee of 100 which is made up of young men and women in the Tallahassee area who are actively working on "special projects" such as ticket sales blitz, membership telefunds, coordinating special events and the like.

"While our ultimate goal is raising funds for student-athlete scholarships," said Executive Director Andy Miller, "we are interested in working with anyone who is striving to improve the stature of intercollegiate athletics at Florida State.

"We have or are developing programs that can involve all the friends of Florida State University, no matter what their status and we urge those friends to contact our office."

The Boosters are governed by a Board of Directors with Doyle Pope of Quincy serving as President; Jimmy Carter of Panama City, Treasurer; and Don Grant of Perry, Secretary. Other Board members are John Harllee of Bradenton, Tom Kinnebrew of Tallahassee, Phil Pomeroy of Tallahassee and Charlie Hill of Tallahassee.

Individuals interested in further information concerning Seminole Boosters, Inc., should write Andy Miller at P.O. Box 1353, Tallahassee, FL 32301, or call 904 / 644-3484.

THE MARCHING CHIEFS

One of the nation's more outstanding marching bands, the Marching Chiefs are an integral part of all Florida State home football games.

The 200-piece band has won acclaim from all parts of the world. They have made appearances on regional and national TV and have appeared in bowl games from Jacksonville to Texas. In 1970 they were runners-up in the ABC-TV National Band contest. In the summer of 1974, the Chiefs performed in Poland and Syria.

The Chiefs are under the direction of Richard Mayo, who begins his sixth season and his fourth as director. Snappily attired in their Garnet, Gold and Black uniforms, the Chiefs display a wide range of marching and musical talents which enable them to live up to their motto "We've never lost a halftime."

One of the prime reasons for the Chiefs spectaculars are the musical innovations and arrangements developed by Charles Carter, who works closely with Mayo developing the halftime shows.

The band's field leader is drum major Robert Duke, a senior from Leesburg. Nancy Hoffman, a junior from Daytona Beach, leads "the most beautiful forward wall in football"—the Seminole Majorette Corps. The 16 girls who form this prize winning unit come from as far as Texas and New York.

SEMINOLE RADIO NETWORK

Florida State's football games will be heard throughout most of the Southeast again his fall over the Seminole Radio Network. A nearly 30-station network will carry the games into parts of Georgia and Alabama, as well as throughout Florida. In addition FSU games are picked up by the wideranging Pick of Dixie network throughout the South.

WTNT in Tallahassee serves as the originating station for the network with Gene Deckerhoff, the Network Coordinator. Bob Shackleton will handle the play-by-play for the second year, after 19 seasons of doing Michigan State football. Color commentator will be Bill Owens, a veteran of Florida State announcing including football, basketball and baseball. Charlie Hunter is the network engineer.

An early summer listing of stations expected to be carrying FSU games this fall includes:

WTRL	 Bradenton 	WFUZ-FM	— Ocala
WWFL	— Clearmont	WTLN	— Orlando
WMFJ	— Daytona	WPCF	— Panama City
WTRS	Dunnellon	WNVY	— Pensacola
WHEW	— Ft. Myers	WCNH	— Quincy
WINI	 Jacksonville 	WSPB	— Sarasota
WNER	— Live Oak	WTNT	 Tallahassee
WTYS	— Marianna	WOMA-FM	1 — Tallahassee
WKAT	— Miami	WFLA	— Tampa
WMGA	Moultrie, Ga.		— Vero Beach
WMOP	— Ocala	WJNO	— West Palm Beach

MEMO TO THE MEDIA

This handbook has been prepared by the Florida State University Office of Sports Information to assist you during the Seminoles 1975 football season. For additional information contact:

LONNIE BURT Director of Sports Information HANK SCHOMBER Assistant SID

Room 200 Tully Gym Florida State University Tallahassee, Florida 32306 Area Code: 904

Office Phone: 644-2790

Home Phone: 385-4480

Home Phone: 576-8922

FACILITIES: Florida State's press box is located on the west side of Doak S. Campbell Stadium with elevator service from the ground to all three of its levels. All media representatives and scouts are asked to enter through the Press Gate north of the elevator.

- (1) RADIO-TV DECK with individual booths for radio and TV broadcasters, home and visiting team coaches and stadium operations. Each booth is fully enclosed and sound proofed.
- (2) PRESS DECK with space for 90 working press and scouts; Western Union and telecopier space. Also photographic darkroom and wire photo space. Glass enclosed.
- (3) PHOTO DECK offers an unobstructed view for TV, movie and still cameras. Photographers are also allowed on the sidelines. Film loading room adjacent to photo deck. Additional darkroom facilities can be provided at the stadium.

RESERVATIONS: Space for working press, radio, TV and scouts will be allocated by the Sports Information Office. All requests for working credentials should be directed to this office. Requests should be made, in writing, early enough to allow for mailing of all credentials.

TELECOPIER SERVICE will be available. Please contact the Sports Information Office for availability of telecopiers and/or operators. If you intend to use your own telecopier and phone please have them located in the Telecopier Area of the Press Deck, TELECOPIERS ARE PROHIBITED AT THE PRESS TABLES AT ALL TIMES.

TELEPHONE orders should be placed directly with CENTRAL TELE-PHONE COMPANY in Tallahassee. Have them contact Hank Schomber for location.

SERVICE: Play-by-play, first quarter, halftime and complete final statistics are provided. Play-by-play announcements are broadcast on the press deck. When possible, post game comments from coaches and players are made available. Refreshments are available on all decks. Individuals will also be made available for work as spotters and/or telecopier operators if requests for the same are made at least five days prior to the game.

PARKING: Special parking is available at the stadium. Permits are issued on a game basis. They are distributed by the Sports Information Office and requests should be made at least two weeks in advance of a given game.
