2011  2012

Tallahassee boasts diverse heritage and is flourishing with many cultures, rhythms and flavors. Museums, festivals, cuisine, arts and crafts and year-round events honor and celebrate a diversity of heritage in the Tallahassee area. Florida's Capital City played a major role in the history of the state of Florida, and in American history. We are still making history today.

Tallahassee is home to approximately 60,000 college students between Florida State University, Florida A&M University and Tallahassee Community College. Higher learning has been a jewel in the crown of Tallahassee since Florida State's early beginnings in 1851. FAMU is the oldest historic black public university in Florida. Between the educational environment and the seat of state government, numerous opportunities are available in Tallahassee for those beginning a career and a life following college.

Giving back to the community is more than a high priority at Florida State University. It is an integral part of the whole development of the student-athlete. Through the athletic Department's Office of Student Services, student athletes are encouraged to serve the community and participate in a program that focuses on life skills as well as personal, career and leadership development.

Nine athletic teams completed over 200 hours each. Altogether, 469 of our 572 student-athletes volunteered their time and service to a variety of events, activities and organizations this past academic school year.

COMPLIANCE

2011  2012

WHAT IS NCAA COMPLIANCE?

Florida State University is committed and obligated to the principle of institutional control in operating its athletics program in a manner that is consistent with the letter and the spirit of the NCAA, ACC and University rules and regulations. The maintaining of institutional control is imperative to the continued growth and success of Seminole Athletics. Proper rules compliance is the concern of everyone associated with Florida State University, and everyone plays a role. Keeping our student-athletes, administrators, coaching staffs and alumni/boosters abreast of NCAA and ACC rules is the key to ensuring proper rules compliance.

The FSU Compliance Team coordinates, monitors and verifies compliance with all NCAA requirements and educates the various constituencies of the University and the community regarding NCAA/ACC regulations. Our office is dedicated to providing educational programs and interpretive support to ensure that all individuals involved with the athletics program understand and adhere to the University's compliance expectations. It is the goal of the compliance program to place the University in a proactive position by educating, overseeing and monitoring the intercollegiate athletics program and maintaining a positive compliance environment. Some of the areas that the office is responsible for are Amateurism, Coaching Limits, Eligibility, Recruiting, Financial Aid, Awards and Benefits and Playing and Practice Seasons.

The Compliance Office is located on the Fourth Floor of the Moore Athletic Center and is staffed by the Associate Athletic Director for Compliance, two Assistant Athletic Directors, two Directors of Compliance and two Graduate Assistants. We welcome any questions or concerns that you may have regarding the NCAA or ACC regulations in relation to FSU student-athletes or athletics programs.

PLEASE REMEMBER TO ASK BEFORE YOU ACT!

Florida State University wants to continue our winning ways, but it is important to win the right way – and that means adhering to the NCAA rules. Therefore, we encourage you to contact the Compliance Team should you have any questions about or knowledge of a potential rules violation. Providing information about any potential violations is the best way to protect FSU, current student-athletes and prospects. The Compliance Team can be contacted via phone at 850/644-4272 or email at ath-compliance@admin.fsu.edu. You can also follow us on Twitter: @FSUcompliance and Facebook: "FSU Compliance".
