Track and Field Outlook

Over the last five years or so, Florida State's track team has been one of the best in the business. The 1983 season, therefore, was an unusual one in Tallahassee annals although FSU did win its seventh consecutive Metro Conference title.

"It was a down year for us," says head coach Dick Roberts, who has been at the helm of the program since 1978. "We were thin to begin with. We plain flat had not had a good recruiting year. Then we were snakebitten by some critical injuries."

But that's all behind the enthusiastic 42 year old coach. "We doubled our recruiting efforts this year," he says. "In our opinion, it's one of the finest we've ever had. We're also getting our injured people back and they're healthy. We think we're ready to get back in the national picture.

Florida State's emphasis in '84 will be mostly in the hurdles, sprints and jumps but the weight events should also become

more competitive too.

The sprinting team, traditionally strong, should continue to be able to compete at any level. Last year's top sprinter, senior Mark Freeman, returns after a steady season in 1983 and Roberts expects him to be highly competitive in 1984. Sophomore Kevin Gordon, injured most of last year, will be trying to carry on the form that made him a TAC national junior finalist in the 200 meters over the summer. The depth in the short sprints — 100 and 200 meter dashes — will be supplied by football players Greg Allen, Billy Allen and Roosevelt Snipes. Greg Allen, a 1984 Heisman Trophy candidate, has shown significant improvement as FSU's leadoff man on the 400 meter relay and with one more move in speed improvement, could be able to challenge in the open 100 as well. Billy Allen has shown great promise although nagging injuries have hindered his progress. Snipes was a junior college All-American in the 100 meters at this time last year and is as good as any of FSU sprinters. His ability to contribute will hinge on spring football.

The 400 is a good event in terms of depth. Senior Reggie Ross returns as the veteran of the group with sophomore Leander McKenzie and juniors Eric Riley and Larry Newell also in the picture. Newcomers Vince Bostic and Charlie Carr have Roberts beaming.

Bostic was one of the nation's top junior college 400 meter runners last season while Carr sat out the year after transferring from Eastern Kentucky where he was to play football. Best bets for the 1,600 meter relay are McKenzie, Ross, Carr and Bostic. But four others — Riley, 800 meter runner Doug Loftus, Gordon and Newell — add depth and could be used in an injury situation.

Florida State has in the hurdles what Roberts terms as "the strongest foursome in the country". They include McKenzie (50.5), Riley (51.28), Carr (51.60) and Newell (51.9). McKenzie won both hurdle races at the Metro Conference meet as a freshman in 1982 before injuries curtailed his sophomore seasons. Riley won both the conference hurdle events last year. Carr was the 1983 TAC junior runner-up in the 400 meter hurdles.

Metro champion Loftus returns as the top 800 meter runner after narrowly missing national qualifying standards a year ago. He was FSU's most consistent performer and should be even better this year. Senior Ray Broughton has trained well through the fall and could make his mark in the 800 or 1,500. Newcomer Martin Enholm, the state's prep 3A 880 champion as a foreign exchange student from Stockholm, will also be tried at both distances. Adding depth to those three will be seniors Kirk Barrow and Tony Forde and freshman Tallahassee native Jim Howarth.

The distance program should be very representative for the Seminoles. Conference steeple champion Ronnie Treadway returns with NCAA qualifying potential. He will also run the 5,000, along with senior Paul Waldron, who is the top returnee in both the 5,000 and 10,000. Cross country runners Greg Doss, Paul Hodge, Chip Apple and Cavin Councilor will add depth.

The field events are the site of FSU's most rapid improvement, in fact, Roberts calls them not only one of the strongest parts of the team, but perhaps the best field team ever assembled at FSU.

The jumps are led by school record holder Freeman, who long jumped 25-11½ in the American Championships over the summer to grab ninth place. Greg Allen also competes here and has progressed so rapidly that Robert thinks 25 feet is easily in his future. Freshman Billy Close will add depth.

The triple jump becomes a triple threat with 1982 national junior college champion Andy Latimer on the Tallahassee campus. Latimer was hurt in 1983 but his best jump of 52-1 would make him the second best FSU has ever had. Greg Allen picked up the event last year when Roberts was looking for a competitor and improved to the point where he won the Metro championship. High School All-American and Tallahassee native Close rounds out the trio.

Senior and '83 qualifier Kenny Smith will try to better his own school record of 7-3 in the high jump after being injured most of his initial season at FSU. Latimer also has had past success in the high jump.

The pole vault returns conference champion Dusty Harmon, whose main goal in 1983 will be to reach national qualifying standards as well as gain the two inches he needs for the FSU record. Brian Fitzsimmons returns as his main backup while

Outlook (continued)

sophomore Todd Wiseman and freshman Joel Smith have both cleared 15-0.

Newcomers to the FSU fold will be responsible for the throws being competitive in 1984. Florida State 4-A champion as well as Golden South champ Mike Droogsma (189-0) has shown good adjustment to the college discus in fall practice. 1982 state champion Stanley Scott, now an FSU sophomore as a football player but a redshirt in track, will also compete.

National juco scorer Mike Brinkman leads in the shot put, having already thrown 53 feet in fall practice, while junior Jim Bagley has progressed in the javelin to where he will be counted on for points in scored meets. Also competing in the javelin are Bill Lickson and freshman John Ricciardi. The Golden South Champ in '83, Ricciardi is recovering from knee surgery and will probably redshirt for the 1984 season.

FSU's first competitor ever in the hammer will be Brinkman. The decathlon will be yet another strong area for the Seminoles with the return of Metro scorers Lenx Jackson and Bill Lickson. Jackson is relatively young in the 10-part event and could have a super year. Newcomer Tommy Reither, the state's top high school decathlete, is an outstanding prospect out of Ft. Lauderdale.

Florida State has again scheduled a difficult lineup of meets. "We feel we're ready to challenge the same tough schedule we always do," says Roberts. "It's always been a good philosophy for us that there's no way to prepare your team without running top level competition. We think we can prosper from it in the end."

Dick Roberts Head Coach

A veteran of 18 years of coaching track and field, Florida State graduate Dick Roberts is in his seventh season at the helm of the men's track program. Sixteen of Roberts' 18 years have been spent at FSU; eight of those as an assistant coach.

Since he was named head coach in

1978, Roberts has led the Tribe to a 59-22 record, six consecutive Metro Conference titles and top 20 finishes five times. In addition, Roberts' squads won the 1978 and 1979 Metro Conference Indoor Championships, the only two that have been held. Twenty-one athletes have received 51 All-American awards and four have been national champions. Sprinter Walter McCoy (1977-81) was a member of the 1980 U.S. Olympic team. Seminole athletes have reset FSU school records in 21 events in the six years that Roberts has headed the program.

The highest National Tribe finishes under Roberts came in 1979 and 1980 when the Seminoles were 10th and third, respectively. In 1980, the squad had a 9-0 scored meet record before surprising the nation with its highest national finish ever. Roberts was named District 3 Coach of the Year.

The St. Petersburg native was an outstanding middle distance runner for FSU and earned three varsity letters. He put his name in the school's record books in the indoor half-mile and as a member of the two-mile and distance medley relays. He also won the Florida Intercollegiate mile twice during his career before graduating with his bachelor's degree in 1964.

He remained on the Tallahassee campus for two additional seasons as a graduate assistant, receiving his master's degree in 1966.

He then moved to Dunedin High School as head track and field coach when he led his team to the state championship in 1968, earning Florida High School Coach of the Year honors. His athletes won 10 individual state championships and set 13 state records during his three seasons as head coach.

He returned to Florida State in 1970 as academic advisor for all Seminole athletes as well as head cross country and assistant track and field coach.

Roberts is the first vice president of the NCAA Division 1 Track and Field Coaches Association and is scheduled to become president of that organization in 1984. He served as an assistant coach for the 1982 National Sports Festival.

Roberts has spoken at many track and field affairs, and has participated in others. Those include track and field clinics sponsored by the Florida High School Athletic Association, Hardees, the Marine Corps, Medalist, the National High School Athletic Association and the 1972 NCAA Track and Field Coaches Association.

Roberts has served as meet director and the FSU-hosted Dominos Pizza Relays for several years. Behind his efforts on a local and national level, the meet has become the largest in the south and one of the most attended in the nation with over 1,000 competitors.

Roberts was tutored by Mike Long, one of the most respected collegiate coaches in the track and field ranks who directed FSU's program for 23 years.

Roberts is married to the former Allene Hughes of St. Petersburg.

John Brogle Assistant Track Coach Cross Country Coach

John Brogle is in his sixth season as assistant track coach and head cross country coach at Florida State University. In five years at the FSU cross country helm, Brogle has coached Florida State runners to three Metro Conference Champions, a fourth

place at the 1981 East Regional and a trip to nationals.

Brogle's outstanding collegiate coaching record is not surprising, however. Upon examination of his coaching career, one finds that Brogle has produced championship teams at all levels of competition.

After serving a three year stint at Clearwater's Oak Grove Junior High School, Brogle moved on to become head cross country coach at St. Petersburg High School. It was here that Brogle would put together teams that would dominate state AAA competition for nearly a decade.

Under Brogle's leadership, St. Petersburg Catholic won state championships in cross country in 1969-72-73-75. In eight seasons, St. Petersburg never finish below third in the state meet.

Brogle also served as head track coach at St. Petersburg Catholic; his squads placed in the top three at the state meet for five years—including a state championship in 1970.

In 1976 he was named assistant track coach at Florida State. One season later, he was placed in charge of the cross country program at FSU.

Coaching is not the only area in athletics where Brogle excelled. In his college days at Florida State, he was a standout track athlete. He captained the 1966 track team and also set a school record in the 880-yard run (1:52.5).

Following completion of his degree at FSU, Brogle went on to earn a master's degree in physical education at South Florida. The popular Seminole coach also serves as an instructor within Florida State's physical education school. John and his wife Margie have two children, Kimberly Ann, 16, and John Mark, Jr., 8.

Jim Long Assistant Track and Field Coach

Former Florida State sprinter Jim Long returns to the Seminole track staff for his seventh season of coaching.

The son of former Seminole mentor Mike Long, Jim was formerly the head track and field coach at Leon High School before

joining the FSU program in 1975. From 1975 through 1977, his coaching duties were in the sprint and hurdle events. Since 1978, he has worked with the hurdles, pole vault and decathlon.

During his years on the Florida State staff, FSU has had 15 NCAA All-Americans, six of those individual, and 10 Metro Conference champions.

Long has served as a clinician for the last two years at the U.S. Olympic Development Camp in Orlando, Florida along with brothers Terry, an assistant at the University of Florida, and Curtis, head coach at Western Kentucky.

Long has a bachelor's degree in humanities, a master's degree in history and needs only a dissertation before completing his doctorate in physical education.

He and his wife Janis have two sons, Justin, 7, and Jarrett, 4.

Vince Sthair Strength Coach

Vincent Sthair, a 1981 graduate of FSU, returned to his alma mater in August of 1983 to begin working as the strength coordinator for FSU men's nonrevenue sports. He also assists Dave Van Halanger, the head strength coach for football, as well as coaching the track team throwers.

Sthair received his master's degree in exercise physiology from Auburn University (The National Strength Research Center). While attending school there, he was a member of the power lifting team. Following graduation, he worked for four months as an assistant in the

strength and conditioning program.

Sthair's coaching career began while he was attending Broward Community College. He was the assistant track coach of the Westminister Academy team that took the 1979 state champion title for Florida Class A high schools. He coached individually the shot putters and discus throwers. One of the discus throwers still holds the state record.

Sthair competed for three years in collegiate soccer and was a walk-on shot putter briefly for FSU. He still competes independently as a power lifter.

Ashley Peeples Sophomore Hollywood, Fla.

HJ (6-7)

...one of the team's hardest workers...an excellent student of his event and hopes to contribute in scored meets in 1984...hardshipped in 1982 with a leg injury...has also done a bit of triple jumping in his career at FSU and could add depth there...one of state's top prep jumpers as a high school senior in 1980...

Florida State's NCAA Champions

DANNY SMITH — 60 yd. HH (7.1), 1974 and 1975

In 1975, Danny Smith became the first person to win the NCAA indoor championships in the 60 yd. high hurdles two years in a row. Including trials and finals over three years, Smith won 11 of 12 races, placing second to Olympic champion Rod Milburn in 1973.

WALTER McCOY — 600 yd. run (1:09.6), 1978

McCoy's upset victory as a freshman was only a tenth of a second off the NCAA meet record of 1:09.5 set by Olympian and world record holder Rick Wolhuter.

BRADLEY COOPER — Discus (212-6), 1979

Cooper's victory established a new NCAA meet record and climaxed an undefeated senior year. His record throw was the second longest in collegiate history.

MIKE ROBERSON — 200 Meters (19.96), 1980

Roberson saved his greatest collegiate race for his last one. After three races in the 4 x 100 relay (which placed third) and three races in the 100 meters where he finished second, he became the first human in history to break 20 seconds for 200 meters at sea level, finally winning an NCAA championship in the race he loved most.

(RON NELSON) REGGIE ROSS, MELFORD BOODIE, PALMER SIMMONS, WALTER McCOY — Mile Relay (3:16.7), 1980

Lead-off runner Nelson suffered a severe hamstring strain during the qualifying race but even so the Seminoles were the fastest qualifier. Boodie flew in the next morning and Ross replaced Nelson at the lead off. McCoy's come-from-behind anchor leg was the fastest of the meet and brought FSU the victory.

Florida State Hall of Fame

Ken Misner, Elected 1977

The team captain of the 1970 and 1971 Seminoles, Misner specialized in distance events for FSU. He earned All-America status in two sports (track and cross country). Misner first made All-American in 1969 in cross country and repeated that honor in 1970. The following year, he was All-American in both the three and six mile runs. Misner at one time held school records in the indoor two mile run, as well as the outdoor 2, 3 and 6 mile events.

Mike Long, Elected 1978

One of the most prolific coaches in the history of the sport, Mike Long headed the Florida State track and field program for 23 seasons. During that time, Long recorded a won-lost record of 145-51 and had only one losing season. He coached five undefeated teams at FSU and had five others that lost only once. During that period, he coached 14 athletes that garnered a total of 26 All-American titles.

Mike Kelly, Elected 1979

An outstanding hurdler for Florida State in the late sixties, Kelly earned All-American honors in both the 120-yard high hurdles and the 440-yard IM hurdles. His combined time of 63.9 in those two events set a world mark that stood for seven years.

Mike Conley, Elected 1980

As a member of Florida State's track team, Conley was one of the South's most dominating runners from 1956-58. During his junior and senior seasons, he went undefeated in the one mile run. So dominating was Conley that his time of 4:05.7 in the one mile run at the Meet of Champions in Houston (1958) would set a Florida State school record that would stand for 16 years.

Danny Smith, Elected 1981

A three-time All-American in the hurdles, Smith at one time was co-holder of the world record in the indoor 50-yard hurdles. From 1975-76, Smith became the first athlete in NCAA history to claim back-to-back NCAA Championships in the indoor hurdles. A former world and NCAA record holder, Smith finished his career at FSU with seven university records to his credit.

Athletic Leaders

C.W. "Hootie" Ingram Athletic Director

Cecil Ingram, known to his friends and associates as "Hootie", is in his third year as Florida State's athletic director. He came to the post in January of 1981 after serving as associate commissioner of the Southeastern Conference.

Since his arrival in Tallahassee, Ingram has initiated a \$10 million dollar building program for athletic facilities. A new athletic administration building that houses all administration, coaches and ticket personnel opened this fall. Fully equipped with locker rooms, weight rooms and a cafeteria, the complex also serves as a home for the Seminole football team.

The brand new Seminole Baseball Stadium, second to none in the South, was completed in April while further improvements to Doak Campbell Stadium and Mike Long Track have also recently been completed. Renovations to the pool area are still in progress.

A native of Tuscaloosa, Ala., the home of the University of Alabama, Ingram played football for the Crimson Tide from 1951 through 1954. He was All-SEC as a sophomore when he led the nation in pass interceptions. The '53 Alabama team played in the Orange Bowl and the '54 squad in the Cotton Bowl. Ingram also lettered for the Tide as an infielder.

He later moved into college coaching and has assistant coaching assignments at Wake Forest, Virginia Tech, Georgia and Arkansas. His only college football head coaching job began in 1970 at Clemson. Three years later he joined the SEC as assistant commissioner.

Bob Goin Associate Athletic Director

Bob Goin joined Florida State's staff as associate athletic director in July of 1981. All men's non-revenue sports' coaches report to Goin and he also assists athletic director Hootie Ingram in day-to-day operations of the entire athletic department.

Goin is well-experienced both as an administrator and coach. He came to Florida State after serving two years as athletic director of California (Pa.) State College. Prior to taking the California post, he was assistant director of athletics at West Virginia. Between 1960 and 1976, he served in various capacities at Bethany (W. Va.) College. Included among his Bethany duties were coaching responsibilities in football, basketball and baseball.

At California State, Goin was responsible for expansion of the athletic department. He formed the Cal State Athletic Scholarship Fund and Athletic Booster Club.

Immediately prior to moving to West Virginia, Goin served Bethany as associate professor and chairman of physical education and athletics. That assignment lasted for four years (1972-76). Goin was Bethany's football coach between 1963 and 1972.

This is Florida State

Florida State University, nestled in the center of Florida's capital city, is home to more than 22,500 students from all over the nation and from 115 foreign countries. FSU was founded in 1857 as the Seminary West of the Suwannee. Today, the main campus, with more than 340 green acres, is one of the prettiest in the South. Camellias, azaleas and dogwoods blossom under towering moss-draped oaks. From the stately Gothic-styled structures on the eastern end of the campus to the contemporary science complex on the west, FSU has grown and changed with the times. Enrollment has quadrupled since the school became coeducational in 1947, following nearly half a century as FSCW — Florida State College for Women.

Today, students at Florida State can choose from more than 100 career options made available by 14 schools and colleges including arts and sciences, business, communication, criminology, education, home economics, law, library science, music, nursing, social sciences, social work, theatre and visual arts. Also, the FAMU/FSU Institute of Engineering began this fall.

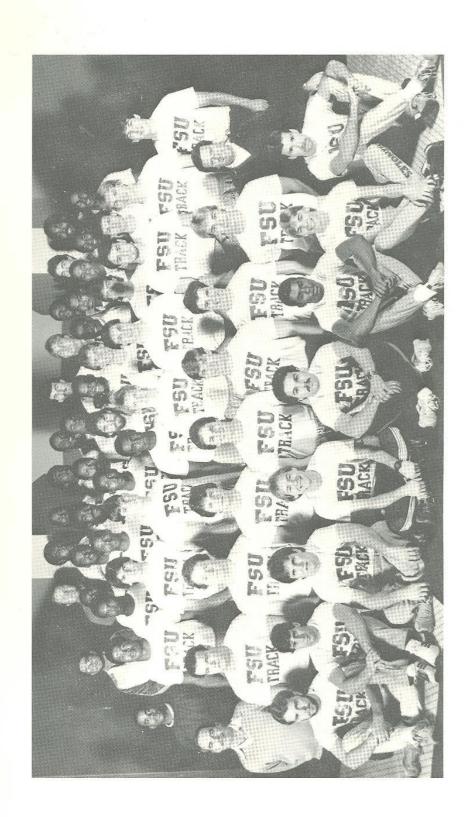

The University's location in the capital city of Florida affords excellent study and research opportunities in the areas of government, social sciences and policy sciences. Additionally, the presence of state government provides widespread opportunities for internships and on-the-job study.

In terms of scientific research, FSU excells as a basic research-oriented university. The nuclear physics laboratory is ranked by the National Science Foundation as one of the top four in the nation. FSU also maintains a large marine laboratory on the coast of the Gulf of Mexico.

Florida State counts among its faculty six members of the National Academy of Sciences, including Paul Dirac, a Nobel Prize winner in physics. Kurt Waldheim, former secretary general of the United Nations, recently joined the university faculty as a distinguished visiting lecturer in international relations and law.

The University is home to the only collegiate circus in the country. The Flying High Circus carries a reputation of quality, professional aerial and stage entertainment for children of all ages.

But it's not just good programs that make the University great. As President Bernard Sliger proclaims, it is the people who make Florida State the successful monument to learning that it is. He takes special pride in the people—students, faculty, administrators and staff—who are Florida State University.
