1982 Outlook: Looking Forward

After winning 43 of 51 matches and finishing fourth in the AIAW National Championship, one wonders what the Florida State volleyball team could possibly do for an encore. Here was a team that not only won 21 matches and 36 consecutive games during the regular season, but also took AIAW national champion Texas to five sets in the semi-finals of the national tournament.

Most seasons like the one Florida State enjoyed last year are reserved for veteran teams, usually loaded with talented senior athletes that have played together for a number of years. What usually follows from a team of this nature is a down year or a rebuilding year.

But such is not the case with the 1982 Lady Seminoles. With the squad losing just one starting senior in Barb Mellen from last season's squad, FSU head coach Cecile Reynaud is anxiously awaiting the start of the 1982 season.

"We have experienced players returning at every position on our squad," Reynaud says. "With the addition of two outstanding recruits, I believe we are potentially as strong if not stronger than last season."

A close review of Reynaud's team verifies the Lady Seminoles are deep at almost every position. Returning in the middle hitter position are seniors Julie Brown and Alicia Cross. One of the most devastating spiking combinations in the south, Cross and Brown combined for 648 kills last season. Both players earned all-state and all-region honors for their play.

At setter, Florida State suffers its biggest loss with the graduation of MVP Barb Mellen. The team's sparkplug in 1982, Mellen led the Lady Seminoles with 978 set assists. FSU is fortunate however, to return junior Marie Sanders at this position.

A native of LaPorte, Ind., Sanders was listed as the number one setter going into the season before a series of injuries caused her to miss about half the season. Senior Joy Blanchard, a three-time letter winner and freshman Donna Krai will provide quality depth at setter.

Senior Camy Davies returns to give the Tribe an excellent defensive specialist. Davies topped all players with a 62 percent rating in the serve receive category last season. Jackie Young, a sophomore, is the heir apparent to Davies and just needs experience to turn into an excellent player.

The outside hitter position is the one where FSU is perhaps the youngest but most talented. Sophomores Karyn Palgut and Carol Forsten return as the starters after exceptional freshman years. Palgut, a native of Broadview Heights, Ohio, returns with 309 kills to her credit. Her play during the regular season and during the club season, earned her a position on the East's squad for the National Sports Festival. Palgut can also play the middle hitter position if necessary.

Forsten, a native of Australia, had 275 kills last year to round out the front line. In addition to the USVBA club season, Forsten also returns with additional experience — having toured overseas with Athletes' in Action this summer.

Sally Summer, a junior, returns as co-captain. A team leader in every sense, Summer can play a number of positions. Summer recorded 271 kills last season to go along with a 60.4 percent rating in the serve receive category.

Freshman Shelly Birkholz will provide backup at the outside hitter position, as will reserves Shannon Lages and Mary Williams.

As always, the Tribe will play a tough regional schedule with the Lady Seminoles slated to appear in several top invitationals. After a year of a split championship, all teams in the country will compete under the NCAA banner this season.

"I'm pleased that everyone will be playing for one national title-this year," Reynaud says. "I believe if one championship would have been held last year we would have finished at least in the top 15 and possibly the top 10. I am looking forward to the opportunity of trying to achieve that level."

Head Coach Cecile Reynaud

If there was ever a person who exemplifies the philosophy that hard work and success come hand-in-hand, it's Florida State's volleyball coach Cecile Reynaud. Since taking over the Lady Seminole program in 1976 as a graduate student-head coach, Reynaud has built Florida State into a national power.

In just six short seasons under Reynaud, Florida State has won 203 games against just 82 losses. Included in

this incredible record is a fourth place finish at the 1981 AIAW Nationals, two additional trips to the national championship, three regional titles, four state titles and seven invitational team championships.

Without a doubt, the 1981 season was the most impressive testimonial to Reynaud's coaching ability. With just one senior in the starting lineup, Reynaud coached her squad to a 43-8 record and the fourth place AIAW finish.

With the finish at nationals, Reynaud earned volleyball Coach of the Year honors from the Florida Association for Intercollegiate Athletics for Women.

Reynaud came to Florida State following a standout athletic career at Southwest Missouri State University. At SMSU, Reynaud lettered four times and led the Bears to several appearances in the national championship tournament. One of those squads finished sixth in the nation. In addition to volleyball, Cecile lettered twice in field hockey and was named an Outstanding Athlete in America on two separate occasions.

After graduation with a bachelor's degree in physical education in 1975, Reynaud taught physical education and coached four sports — softball, volleyball, basketball and track — at Steelville High School in Missouri.

One year later, she was named head volleyball coach at Florida State as a graduate student and became FSU's first full-time volleyball coach in 1978. She received her master's degree from Florida State in 1979.

In addition to her coaching duties with the varsity squad, Reynaud annually holds a successful summer camp for prep players, with 1982's camp drawing over 200 players from the southeast region.

During the past six years, Reynaud has been the feature speaker at numerous coaching clinics and has served on the staff of several prestigious volleyball camps.

A holder of USVBA Level I National Certification for Coaching Volleyball, Reynaud was selected as technical consultant for two power volleyball films by The Athletic Institute. She also serves as a member of the NCAA Advisory Committee on Volleyball after holding a similar position with the AIAW for three years.

Assistant Coach Joan French

Joan French has become the newest member of the Lady Seminole coaching staff, as she begins her first season as assistant volleyball coach. As a member of Cecile Reynaud's staff, French will be in charge of a conditioning program for the players. In addition, she will serve as technique specialist.

French brings to Florida State a wealth of both

athletic and teaching experience. A graduate of Southwest Missouri State University, Joan lettered in four different sports and was a teammate of Reynaud's.

As a member of the Bears' volleyball team, French led Southwest Missouri to four consecutive AIAW Region IV Championships and four trips to the national tournament. As a player, her squad finished seventh in the national championships on two different occasions. She also participated in basketball, softball and track.

Following graduation in 1978, French earned a position on the United States Olympic volleyball team and trained at the U.S. Olympic Center in Colorado for two years

French later went on to play for the Dallas Diamonds of the Women's Professional Basketball League for two seasons. Her teaching credentials include a one-year teaching and coaching stint at Central High School in Missouri and one year at The American School of London High School.

Joan was selected the Outstanding Young Woman of Missouri in 1981.

Statistics Explanation

PASSING:

Each athlete is rated on a four-point scale (4 is the highest score) for each pass she makes throughout the match (see chart).

SERVING:

Efficiency is based on the difficulty of the opponents being able to pass the serve. An athlete is rated on a four-point scale (4 is the highest score) for the effectiveness of each serve (see chart).

PASSING:

Efficiency

4 = ball passed over net for side out 3 = ball passed to shaded area #3

2 = ball passed to #2 area

1 = pass setter can't get to but a teammate sets

0 = pass resulting in point for opponent

*Formula: total points/attempts -4 = efficiency percentage

SERVING:

Efficiency

4 = ace or directly resulting in point

3 = opponent passes it but setter is unable to set it

2 = opponent passes it to #2 area 1 = opponent passes it to #3 area

0 = illegal serve

*Formula: total points/attempts -4 = efficiency percentage

Definitions

Kill: A spike that directly results in a point or side out for the player's own team.

Attack: A spike that went into the court, but was not a kill.

Defensive Save: Saving a hard spike or dink which would have otherwise hit the floor.

Ball Handling Error (BHE): Any play after the initial serve reception where the player is called for an illegal set, pass, double hit or illegal lift.

Solo Block: A block at the net by one person on a spiking attempt that results directly in a point or side out for the blocker's team.

Assist Block: When two or three people combine to block a ball for a point or side out.

Block Error: A violation during the course of a blocking action that causes a point or sideout.

Set Assist: A set for an attacker which directly results in a point or side out for the player's own team.

This Is Florida State

Florida State University — the home of more than 20,000 Seminoles — has a campus that starts at the top of one of Tallahassee's famed seven hills, and rolls gently downward and westward across 340-odd acres of pines, palms and pecan trees.

From the Gothic towers of Westcott at the eastern entrance to the campus, to the modern glass and steel structures of its Science Complex to the west, Florida State University has moved forward in time and growth more rapidly than many of its newer counterparts in the State University System. Its enrollment has quadrupled since it became coeducational in 1947, following nearly half a century as the Florida State College for Women.

Today, its 14 schools and colleges are spread through \$150 million worth of buildings, its annual budget exceeds \$100 million and it attracts more than \$18 million a year in research contracts and grants. Students can pick and choose from more than 100 career options, offered in arts and sciences, business, communication, criminology, dance, education, home economics, law, library science, music nursing, social sciences, social work, theatre and visual arts programs.

The location of FSU in the Capital City of Florida offers unusual opportunities for study and research in the social and policy sciences, and an optimum environment for internships and on-the-job learning experiences for students in many fields of study.

A city within a city, Florida State has 1,200 faculty members, more than 6,000 additional employees and a construction program that exceeds \$50 million.
