Seated around the silver cup are, (first row) Weldon Mullen, C.W. Peters, Dan Williams, F.W. Bucholz, J.K. Johnston, (second row) Ed Watson, David Cook, Fred McMullen, Moses Liddell, Vincent Green. (third row standing) Frank Gammon, Manager, Charles Puleston, Church Whitner, Guyte McCord, and H.H. Wells

“...the finest article of football ever seen on the local gridiron.”

That's what the Lake City Florida Index newspaper had to say about the 1904 State Intercollegiate Champions, Florida State College. FSC won all four of their games to sweep the competition.

The Index writes, during the game between the University of Florida and Florida State College on October 28, 1904:

“On the part of the State College team, we can say, aside from fumbling, which they did on many occasions, and their off-side plays, they put up the finest article of football ever seen on the local gridiron.”

The final score was FSC 23, UF 0, in an uncompleted game. “Owing to darkness, the game was called with the ball in Florida's possession on her own 26 yard line,” added the Index.

In 1905, FSC became Florida State College for Women, thus terminating college football in Tallahassee, until 1947, when Florida State University fielded its first football team.

In 1904, the Lewis State Bank was forty-eight years old, and had been offering professional financial guidance to friends in Tallahassee that long. The Lewis State Bank is your family bank. Use it. People have for over a century.

The Lewis State Bank

**When you've been in the banking business for over a century, you learn a lot.
215 South Monroe Street**

The Library And The Labs Are Busy Night And Day . . .

Florida State's vast complex of science and research buildings is quite a contrast to the scientific facilities used on the campus back in the 1850s. Back then, they boasted of a microscope that could magnify a drop of vinegar "to 20 feet in diameter."

The University's student enrollment has had an equally phenomenal growth since its early (1857) Seminary days of 130 pupils. Today, its 10 schools and colleges are filled with more than 17,000 students who live, study and learn in classrooms, laboratories, dormitories and campus facilities valued at \$100 million. Students may pursue careers ranging from drama to zoology in colleges of arts and sciences, law and education, as well as the schools of nursing, social welfare, business, engineering science, home economics, music and library science.

I am gratified that so many of Florida State's loyal supporters in athletics are with us in Campbell Stadium for this exciting Seminole football season. Speaking for the entire University, I extend a warm welcome to all of our fans in the stands today. We hope that your stay on our campus will be enjoyable.

We have every reason to be proud of our athletic teams which, year after year, have established outstanding records in intercollegiate athletics. Florida State University might be said to have just entered Phase Three of its program of development in intercollegiate athletics. Phase One extended from the University's birth as a full-fledged university in 1947, to about 1960. Those were the years in which the foundation was laid for a sound program of athletics all across the board, as Florida State's name was carried throughout the region as an institution that would make its mark in athletics as it was doing in the academic arena.

Phase Two extended from about 1960 to the present. It was a period when Florida State joined the major competition, the time when we ceased to be "a breather," even for the best, and a time, incidentally, when scheduling the good teams became more difficult.

Phase Three has begun. It began on the first of January, 1971, when Larry Jones accepted our offer to become the University's sixth head coach of football. Another giant step was taken in April when Clay Stapleton agreed to become our Director of Athletics. This is the period when membership in the big leagues will pay off . . . when our acceptance as a member in full standing with other major universities engaged in athletics will bring the University and the Tallahassee community added recognition and stature and support in countless ways that go beyond the playing field.

Our success in athletics is due as well to the remarkable response of Seminole fans, whose enthusiastic support has never failed to inspire our coaches and players to demonstrate the best in sportsmanship and skill on the playing field.

Let me say a further word about community support. Your presence here today indicates that we have it in significant measure, and for that we are deeply grateful. We shall continue to solicit the support of this community and, indeed, all of Florida and beyond, for it is an essential ingredient in the recruiting of athletes, in scheduling, and in the all-important area of financial support. You may be certain that those of us at the University will do everything we can to merit the continued support and loyalty of all.

—STANLEY MARSHALL
PRESIDENT
FLORIDA STATE UNIVERSITY

WELCOME

To the South's

Friendliest Campus . . .

**From One
Seminole Fan
To Another . . .**

Dr. Stanley Marshall

**"Sure
I've got
a piece of
the Rock."**

Prudential.
The Rock.
Gibraltar.

And this new father has a piece of it.

Because a Prudential agent
showed him how our Family Policy
protects his whole family.

And every new member.

Within weeks after arrival.

Without increased expense.

And when you buy Prudential life insurance,
you get a piece of The Rock.

Owning a piece of The Rock means that
Prudential's investments are working for you.
Investments that strengthen the economy.

And can help pay dividends on your policy, too.

If you're concerned about protection for
your entire family, talk to a Prudential agent soon.

Own a piece of The Rock.

Southern's sporting proposition will save you money!

Southern has two special fare deals that are ideal for you avid sports fans. Either one lets you fly in style to those important "away" games anywhere on Southern's system and save 2/3 of your return air fare.

LONG WEEKEND FARE

If you can leave on Saturday and return on Monday, you'll save 2/3 on the return air fare. (This same savings is offered if you leave on Monday and return on Saturday.)

GROUP 10 FARE

Great for parties of ten or more people. Everyone saves 2/3 of their return air fare providing they all depart on the same flight. Coming back though, each member of your group may return separately. Group 10 Fares are good anytime.

Southern has other reduced fare plans for individuals, families, young adults and military personnel. They're well worth asking about. For full details, see your Travel Agent or Call Southern.

Put a Seminole under your Christmas tree..

Is there a person who has everything in your house? We bet they're football fans as well. So why not give him Florida State's entire 1972 football squad for Christmas? You can by ordering 1972 Florida State season football tickets. The package includes five home games, including contests against rivals, Florida, Houston and Virginia Tech. And all your favorite Seminoles are included — Gary Huff, Barry Smith, David Snell, James Thomas, Dan Whitehurst . . . What better way to please your favorite Seminole fan than to give him the entire 1972 squad. Your order will be acknowledged by a Special Seminole Football Christmas Greeting. Each Season Ticket is only \$35. You may clip the coupon below and send a check, or stop by the Athletic Ticket Office in Tully Gym and use your Master Charge or BankAmericard. Do it soon and have a **MERRY SEMINOLE CHRISTMAS.**

HEAD COACH LARRY JONES

Larry Jones is the sixth man to lead Florida State's modern football fortunes and has already shown himself to be the most energetic of all Tribe coaches.

The youthful Jones had no sooner accepted his appointment from President Stanley Marshall, than he was out firming up his first two signees. He has been on the go ever since.

The first task was to set up a coaching staff and Coach Jones accomplished that with outstanding success. He has brought to Florida State some of the most talented young coaches in the country.

A native of Arkansas, Jones played his college ball at LSU. He joined Coach Paul Dietzel's coaching staff the day he graduated and went with him to Army and South Carolina. In 1970 he took a position with Bill Battle at Tennessee and developed the Sugar Bowl Champion's fine defense.

Larry and his wife, Judy, have three children, Bruce 9, Kevin 7, and Laura 5.

FLORIDA STATE

STEVE SLOAN

First Assistant and Head of Offense

Considered one of the brightest young offensive coaches in the business, Steve came to Florida State after three years under Bear Bryant at his Alma Mater, Alabama. He is Coach Larry Jones, chief assistant and in charge of the offense. On the field, his duties have him working with the quarterbacks and running backs.

An All-America at Alabama, Sloan led the Crimson Tide to bowl games in 1963, '64 and '65. In the latter two seasons, the Tide was National Champion. After two seasons in the National Football

League (Atlanta), he returned to 'Bama to work with Bryant.

A native of Cleveland, Tenn., he is married to the former Brenda Fan, also of Cleveland. They have one son.

BILL CANTY

Freshman Coach

Bill comes to the Seminoles after eight years as an assistant at his Alma Mater, Furman. The Pascagoula, Miss., native joined the Paladin staff after graduating in 1962.

At Florida State his primary responsibility will be to head the freshman unit. Unlike recent years, when the freshmen have been used mainly as a "scout squad" for the varsity, the frosh, this season, are on their own. Canty's big chore will be to familiarize the newcomers to the Seminoles' system and develop a winning spirit among them.

Bill is the older brother of Bob Canty, who captained the Seminole baseball team in 1968. Bill is married to the former Ann Lockridge of Delta City, Miss. They have two children.

JOHN DEVLIN

Defensive Ends and Tackles

Seminole fans are well acquainted with John's coaching abilities, even though this will be the Norristown, Pa., native's first season in Tallahassee. He comes to the Tribe from Virginia Tech where he helped mold the Gobbler defenses which caused the Seminoles so much trouble.

John will head up the Seminoles' defensive "front wall." It is actually the second time that the Former West Chester State College standout has worked with Coach Larry Jones. Both

were assistants under Paul Dietzel at the U.S. Military Academy in the mid-Sixties.

A former Army staff sergeant, John married Irma Kleeman of Regensburg, Germany. They have four children.

BOB HARBISON

Interior Offensive Line

Coach Larry Jones calls Harbie "Mr. Florida State." The former Indiana star has spent his entire coaching career at Florida State and that 23-year period includes all but the first season of the Seminoles' modern football history.

This year Bob switches from defense to offense where he will be in charge of the offensive line. But his value does not stop on the playing field. His general knowledge of the game and outstanding recruiting ability have been an invaluable asset to the

five head coaches he has worked under.

Bob and his wife, the former Jane McEntee of Washington, D.C., have four children.

ASSISTANT COACHES

GENE HENDERSON

Head of Defense, Defensive Backs

Like Steve Sloan, Gene learned to play football under Bear Bryant. After two seasons of junior college ball, the Sonora, Tex., native transferred to Texas A & M where he was a member of the 1954 squad which survived the infamous early fall workouts at Junction, Texas.

His collegiate coaching experience includes stints at Texas Tech and TCU. He headed the TCU defense last year, before coming to Florida State.

Gene and his wife, the former Sue Wyatt of Sonora, have four children.

PAT HODGSON

Wide Receivers and Tight Ends

An All-SEC receiver at Georgia, Pat is perhaps best remembered for sparking the Bulldogs to an 18-17 win over defending National Champion Alabama on National TV in 1965. A key figure (he threw the pass) in the memorable "Flea-flicker" play which closed the gap to 17-16, Pat then caught the two-point conversion pass for the win.

After two years in the pros, he returned to Georgia as an assistant coach, heading up the freshman offense last year.

The Columbus, Ga., native was All-SEC in 1964 and '65 and led the conference in receiving in 1963.

Pat is married to the former Nancy Williams of Athens, Ga. They have two children.

BILL PARCELLS

Linebackers

This is Bill's second season with the Seminoles, as he is one of two holdovers from last year's staff (the other being Bob Harbison).

The Oradell, N.J., native came to the Tribe last year after four years at Army where he developed some of the Cadets' finest linebacking corps. He has also had coaching experience at his Alma Mater, Wichita State and Hastings College.

At Wichita, Bill was twice an All-Missouri Valley Conference selection, playing guard, tackle and linebacker. Following his graduation he was a fourth round pro-draft choice.

Bill is married to the former Judy Goss of Wichita. They have three children.

MIKE POPE

Director of High School Relations

Mike's duties keep him off the field and "on-the-go," but his task is a crucial one as he heads up the Seminole recruiting operation.

The Monroe, N.C., native stepped into the position this year, after serving a season as a graduate assistant for the Tribe last year. Mike played his college ball at Lenior Rhyne, where he was a quarterback and fullback in the Bear's single wing backfield. He had several highly successful seasons as a high school coach before coming to Florida State in 1970.

Mike is married to the former Lee Lambie of Arlington, Va.

ONLY ZENITH HAS IT

TONIGHT'S GAME

By Lonnie Burt

SQUAD CAPTAINS

This will be the first meeting between independents Pittsburgh and Florida State and it closes out the regular schedule for both clubs although the Seminoles have a Dec. 27 Fiesta Bowl date against Arizona State in Phoenix.

The Panthers have faced a murderous schedule with the last two opponents being Notre Dame and Cotton Bowl-bound Penn State. Pitt was over-matched on both occasions, bowing to the Irish 56-7 and the Nittany Lions 55-18.

Defense has been the Panthers' problem most of the season since they have given up an average of 35.7 points per contest. Lack of experience has hurt since Pitt starts four sophomores on its defensive unit.

However, in senior linebacker Ralph Cindrich the Panthers have an All-America possibility.

Quarterback Dave Havern and split end Steve Moyer have turned into the greatest passer-receiver combination in Panther history. Moyer owns six Pitt career offensive records and Moyer, a 6-1, 190 pounder, broke the career reception record two weeks ago against Notre Dame.

With a total of four sophomores starting on defense and four more on offense, the Panthers have suffered growing pains, especially against such foes as Oklahoma, Notre Dame and Penn State.

Defensively, the Panthers present a sizable front five which is braced by left tackle Howard Broadhead, a 6-4, 265-pound senior.

Joel Klimek, senior tight end, is compared favorably with former Pitt All-America, Mike Ditka. Fullback Lou Julian is the leading rusher, averaging just under four yards per carry while Klimek and Moyer are Havern's favorite passing targets.

*All FSU career records include bowl game statistics and these marks should not be compared with official NCAA career statistics.

Our '72 wagon tailgates go up, down, sideways, sideways and one even disappears.

We've got five different kinds of wagons. One for every kind of wagon buyer.

Wagons with different kinds of tailgates especially designed for convenience. Including one that vanishes—the window into the roof, the gate under the floor. Out of sight. Out of your way.

Wagons that seat four, six, eight, nine or as

many as twelve. If you like, our Sportvan can even be converted to sleep up to six. We're serious when we say we want your 1972 Chevrolet wagon to be the very best wagon you ever owned.

Chevrolet

Pictured at Crown Point near Portland, Oregon are (clockwise) our Sportvan, Suburban, Vega, Chevrolet wagon and Chevelle wagon.

Chevrolet. Building a better way to see the U.S.A.

FOOTBALL GLOSSARY

Audible — A vocal signal by the quarterback changing the play called in the huddle. Also called Check Off.

Blitz — Commitment by defensive backs and/or linebackers to rush the passer.

Blocking — Legally hindering the progress of an opponent by contacting him with any part of the blocker's body.

Bomb — A long pass attempt for a touchdown.

Buttonhook — A pass pattern in which the receiver goes downfield and U-turns back sharply to receive the ball.

Clipping — Running or diving into the back of an opponent, or throwing the body across the back of the leg or legs of an opponent other than the ball carrier.

Dive-Tackle Play — A quick-handoff running play over tackle.

Draw-Play — Quarterback drops back as if to pass but instead hands ball to running back, after quarterback's teammates have assumed pass-blocking positions.

Fair Catch — The opportunity for a player of the receiving team to catch a kicked ball that has crossed the scrimmage line, without being tackled or blocked by an opponent, after signaling his intention by completely extending one arm above his head.

Kickoff — A free kick with which each half is opened, and which is employed also following each try-for-point or Field Goal. A kickoff must be either a Placekick or a Dropkick.

Lateral Pass — A live ball thrown toward or parallel with the passer's own goal line.

Linebacker — A defensive player operating immediately behind his line where he can either aid linemen in stopping a running play or cover an opponent's receiver if a pass develops.

Look-In Pass — Receiver runs straight pattern and looks for the ball immediately over his inside shoulder.

Man-To-Man Coverage — Pass defense plan wherein defensive backs cover receivers wherever they go, rather than field areas.

Mike — Middle linebacker, so designated because he usually lines up opposite middle of the offensive line.

Monster — A roving linebacker who may position himself on either side of his team's defensive formation.

Neutral Zone — The space between the scrimmage lines of the offense and defense, approximating 11 inches (the length of the football).

Onside Kick — A kickoff that travels 10 yards or more is anybody's ball. The so-called "onside kick" is an effort by the kicking team to kick the ball barely beyond 10 yards and recover it before the receiving team can do so.

Pocket — Area of protection for the passer, formed by blockers. Passer drops straight back from scrimmage behind the blocking shield into what resembles a "cup" or pocket.

Post — A pass pattern in which the receiver goes downfield to pre-determined depth then cuts at an angle toward the goalposts.

Prevent Defense — A strategem replacing linebackers with additional backfield pass defenders, sacrificing strength against short gainers in order to prevent a long pass completion. Most often employed by a team protecting a lead late in either half.

Pulling Guard — Guard who pulls out behind scrimmage line for a trap block or to lead sweep blocking for ball carrier.

Reverse Play — A running play with backfield action suggesting one direction while ball carrier goes in opposite direction.

Roll-Out pass — Quarterback runs laterally with blockers before throwing, instead of dropping straight back to pass.

Sam — Strong linebacker, so designated because he usually lines up opposite the "strong side" of the offensive line.

Screen Pass — Pass to a receiver behind a wall of blockers, who have permitted defenders to penetrate.

Scrimmage Line — The yard line (marked or unmarked) that passes through point of the ball nearest a team's own goal line.

Slot Back — Back stationed in slot between interior linemen and end. Must be one yard behind the line of scrimmage.

Snap — A quick, continuous motion by which the ball is handed or snapped back with the ball leaving the hands of the snapper on the motion. The snap normally is made by the center.

Strong Side — Overbalance of offensive or defensive linemen to either side of the Center.

Stunting — Defensive players changing positions as the ball is snapped, to confuse offensive strategy.

Sweep — End run with wave of blockers leading the ball carrier.

Spearing — Illegal use of the head and helmet to ram an opponent after his momentum has stopped.

Tackling — Grasping or encircling an opponent with hands or arms.

Tight End — Offensive end who lines up in close formation (as opposed to Split End's wide set) where he can either block for a ball carrier or be employed as a pass receiver.

Widereceiver — A lineman and/or a back who is set wide for pass receiving purposes. Also called Split End, Flanker or Wideout.

Willie — Weak linebacker, so designated because he usually lines up opposite the "Weak side" of the offensive line.

Zone Coverage — Plan of pass defense wherein areas are covered rather than individual receivers Opposite of Man-To-Man.

JOIN THE UPRISING support FLORIDA STATE UNIVERSITY

"In my opinion the importance of intercollegiate athletics to a university has not diminished one whit . . . I suspect we need a high quality, strong athletic program now more than ever" – President Stanley Marshall, June, 1971.

"Athletics at Florida State University is moving into a new era . . . an era in which the fans and friends of Florida State will play an unprecedented role with their support. The object of the National Seminole Club is to organize this support and direct it into one of the most meaningful and personally rewarding areas within the scope of our program . . ."

TOMMY WARREN BO MITCHELL

Florida State's football games, whether played at home or away, will be heard throughout "Seminole Territory" on the Seminole Football Network.

With Tallahassee's WTNT acting as the originating station, 30 stations will carry every play to Seminole fans in Florida, South Georgia and South Alabama. In addition, several Florida State games will be heard from time to time as "Pick of Dixie" games.

Heading up the Seminole Network broadcast team once again will be Bo Mitchell. A veteran of more than 20 years broadcasting, Mitchell will be in his ninth season as the Seminoles' play-by-play man. In addition to Seminole games, Mitchell has also done play-by-play for the AFL All Star game, Senior and Tangerine Bowl games.

Joining the former Florida Sportscaster of the Year and station manager of WTRL in Bradenton will be former Seminole quarterback Tommy Warren. The Miami native moves from the playing field to the broadcast booth after directing the Tribe to a 7-4 season last year. Now enrolled in Florida State's Law School, Warren will serve as color man.

The Star Spangled Banner

O, say! can you see, by the dawn's early light,
What so proudly we hailed at the twilight's last
gleaming?
Whose broad stripes and bright stars, thro' the perilous
fight,
O'er the ramparts we watch'd, were so gallantly
streaming?
And the rockets' red glare, the bombs bursting in air,
Gave proof thro' the night that our flag was still there.
Oh, say, does that Star-spangled Banner yet wave
O'er the land of the free and home of the brave?

FOOTBALL STAFF

FRANK DEBORD

Equipment Manager

This will be Frank's second season as the Seminoles' equipment chief after serving three years as the assistant.

A native of Marion, Va., the Quincy resident attended Virginia Tech where he lettered in football and wrestling before receiving his B.S. degree in 1942.

Frank was an assistant football coach at Franklin, Va., High School and also

played two season with Norfolk in the Continental League.

He is not only in charge of all the Seminoles' grid equipment, but also he directs the practice field's upkeep as well.

Frank and his wife, the former Marian Bradshaw of Franklin, Va., have three children. A fourth, David, was a member of the Marshall football team killed in last fall's tragic air crash.

DON FAULS

Head Trainer

"Rooster," as he is affectionately known by present and former Seminoles alike, will be starting his 18th season at Florida State this fall.

The Ithaca, N.Y., native started his training career in the St. Louis Cardinals' minor league system, working with the Greensboro, N.C., team in 1950-51 and with the Omaha, Neb., club from 1952-54.

Don was honored by being named head trainer for the United States Pan-Am Games team in 1963 and is currently on the Olympic Trainers' Selection Committee.

He lettered in baseball and basketball while attending Ithaca College in his hometown.

Don's success can be underscored by the large number of his former assistants who have gone on to head jobs at other institutions.

Don and his wife, the former Marguerite Morgan of Naples, N.Y., have three children.

DOUG MAY

Assistant Trainer

This will be this Meridian, Miss., native's second season as Don Fauls' assistant.

Since coming to Florida State, Doug has traveled with the Seminole basketball and baseball teams.

A graduate of Ole Miss, he served as a student trainer while attending college, handling the Rebels' freshman football

team along with the varsity basketball and baseball clubs.

Doug is married to the former Cissy Knott of Yazoo City, Miss.

ABOUT DRUGS:

DR. DONALD L. COOPER

“A Normal, Well-fed Human Body Can Never Be Improved by Any Drug.”

“Americans put out the most expensive urine in the world. It is a beautiful bright yellow urine loaded with excreted vitamins.”

The speaker was Dr. Donald L. Cooper, an Olympic team physician and the team physician at Oklahoma State University, and his subject was ergogenic aids and drugs in athletics—a speech that he has now delivered to many of the nation’s coaches, athletic associations and other interested groups.

As part of the NCAA’s Drug Education Program, Cooper delivered his speech to over 1600 delegates and coaches at the January NCAA Convention, expounding on the hazards of many of the ergogenic aids used by athletes, and their overuse. He has traveled extensively since.

The NCAA has taken an active role in the athletic anti-drug program. The NCAA Drug Education Committee first met October 21-22, 1970, and in the short period of time since that date, it has provided the impetus for one of the NCAA’s most comprehensive programs.

The Committee, of which Robert W. Pritchard, director of athletics at Worcester Polytechnic Institute (Mass.), is chairman, is composed of Dr. Cooper, Thomas J. Hamilton, immediate past Pacific-8 Conference executive director; and James H. Wilkinson, NCAA. It was formed by the NCAA Council last August “because of the rising public concern over drug abuse by young people and athletes,” Wilkinson said.

Cooper is the expert among the group, and has studied drug and ergogenic aid use by athletes perhaps more than any other physician in the country.

Unlimited Definition

“The definition of ergogenic is very unlimited,” Cooper says. “According to Dorlands Medical Dictionary it is defined simply ‘anything tending to increase work output.’”

Cooper categorizes athletic ergogenic aids into four main groups, emphasizing that many are dangerous and that many don’t do any good at all.

“This entire area of ergogenic aids

and drugs has always fascinated us. We human beings are notoriously on the prowl for a ‘gimmick’ or ‘an easy way’ or that ‘special something extra.’ There are no short cuts to excellent performance, but I guess it is the nature of the beast to keep striving to find some help.”

The four ergogenic categories outlined by Cooper are physical and mechanical, nutritional, pharmacological (drugs) and psychological.

The pharmacological ergogenic aids are the most dangerous and potentially harmful. Mainly two families are used—the amphetamines and anabolic androgenic steroids.

The anabolic steroids taken by weight men and the amphetamines and related “speed” and “uppers” are the drugs that Cooper says are most commonly used by athletes.

Cooper and Dr. Hardin Jones, also an NCAA drug panelist, from the University of California Berkeley, say the amphetamines have paradoxical dangers.

“When an athlete takes an am-

“Throughout History, Human Beings Have Searched for a Physical Gimmick, But There Is No Shortcut to Excellence Through Drugs.”

College Athletics Steps In To Battle Drug Scene

phetamine, he thinks he's the greatest," Cooper said. "A pitcher may think he's really throwing hard, but in reality he's throwing softballs up there and probably just gave up four home runs. His performance is probably worse, but he doesn't think so," Cooper commented.

"The drug is used," Jones said, "to speed up the nerve-muscle reaction, but it has a reverse effect on athletes.

"In any athletic event, the capacity of the adrenal gland to put out adrenalin is important to any athlete. But an athlete has lost some control over the mobilization of adrenalin if he takes an amphetamine before an event. And over a period of time, it may cause other difficulties."

Anabolic Steroids

The anabolic androgenic steroids, the other form of drugs taken by athletes—are used to gain weight at an extremely fast rate.

Used medically, they help the body retain protein and nitrogen, and help the building of muscle tissue.

Other steroids are given to patients with other deficiencies.

"The only way John F. Kennedy could be President was to take cortisone," Cooper said. "He had Addison's Disease and had a disfunction of his adrenal gland.

"You can give anabolic steroids to a person who is 93 pounds to start with. But to a normal human being? We just don't know the total effects. Studies done over a short period of time show there have been no adverse effects with normal dosages. But ath-

letes sometimes are taking two, five and ten times the normal dosage."

Some studies indicate that athletes may gain weight, but don't increase their strength and quickness.

"The problems started with the weightlifters and the muscle beach boys—the body beautiful people. A doctor at UCLA conducted a study, and concluded that anabolic androgenic steroids caused most people to gain weight, but did so because the body retained fluids. His study showed that there was no increase in speed or strength."

Jones says that the steroids are the main drugs being misused.

"It has been proven that they may cause testicular atrophy and hypertrophy of the prostate gland," Jones said.

"I consider that a pretty big danger signal."

Cortisone

He also said that cortisone is misused by some athletes, doctors and trainers.

"It is used to get an athlete back in action faster," he said, "but sometimes he plays before the actual healing takes place."

The studies into drug abuse by athletes are new and, as of yet, meaningful statistics on the amount of drug abuse by collegiate athletes are not available.

Cooper has said that a few coaches give them out like candy, and that there is probably a lot of under-the-counter traffic that "we don't know of."

"But I don't think, and can't believe, too many reputable physicians or trainers are dispensing them. Reports alleging many athletes are using drugs really aren't too scientific in their evaluations.

"More are using drugs than we probably think," he said. "But they do it on their own. Like the drug scene everywhere, you don't see many drug abusers. I think most of the athletes are getting the drugs from the outside.

Eternal Hope

"Hope always springs eternal that someone will find something that will make the weak stronger, and the slow faster. But there's one fact that I think should be set very straight: To our knowledge, a normal, well-fed human being can never be improved by any drug.

"Of all the people taking them, the one who holds the world record in the shot put doesn't take them. Randy Matson used to at one time, but he went off them. That's when he set the world record.

"I took care of Randy, so he's a personal friend of mine. A lot of other weight men are getting bigger, but this doesn't mean they're getting quicker and stronger. If they are, why aren't they catching Matson?"

"Write Off Drugs, Right On Reality."

Dr. Donald L. Cooper is one of the nation's foremost authorities on drug abuse by student-athletes. He has spoken to coaches, athletes and other interested parties on the subject all over the country. He is the team physician at Oklahoma State University, and also served as a U.S. team physician on the 1968 U.S. Olympic team. He is a member of the NCAA Drug Committee and is chairman of the NCAA Committee on Competitive Safeguards and Medical Aspects of Sports.

The 1971-72 Schedule

<u>DATE</u>	<u>OPPONENT</u>	<u>DATE</u>	<u>OPPONENT</u>
Dec. 1	OGLETHORPE	Jan. 26	JACKSONVILLE
Dec. 4	EASTERN KENTUCKY	Jan. 29	FLORIDA SOUTHERN
Dec. 6-7	SUNSHINE CLASSIC	Jan. 31	PAN AMERICAN
Dec. 11	VALDOSTA STATE	Feb. 5	at HOUSTON
Dec. 18	at HAWAII	Feb. 7	at SOUTH ALABAMA
Dec. 27-30	FAR WEST CLASSIC	Feb. 12	TULANE
Jan. 3-4	SENIOR BOWL	Feb. 19	GEORGIA TECH
Jan. 8	EAST TENNESSEE	Feb. 23	at JACKSONVILLE
Jan. 11	MERCER	Feb. 26	at STETSON
Jan. 16	HOUSTON	Feb. 28	at BISCAYNE
Jan. 19	SOUTH ALABAMA	March 4	at CINCINNATI
Jan. 22	at GEORGIA TECH		

Florida State's 1971-72 Basketball Team promises to be one of the Seminoles' most exciting ever. Three of the top four scorers return, four starters are back, plus some top-notch sophomores coming up from the freshman ranks. Among those returning to COACH HUGH DURHAM'S club this season are RON KING, who broke the Seminole single game scoring record with a 46-point effort; also big REGGIE ROYALS, one of the nation's top rebounders, although only a sophomore last year. And don't forget other exciting players like 5-7 passing whiz OTTO PETTY, leaping ROWLAND GARRETT and slick GREG SAMUEL.

The Seminoles will play 12 big games at home and season tickets can now be ordered. Don't be left out — Tully Gym's limited capacity puts a premium on seats. Order your season ticket now by sending your order with a check for \$20, payable to Florida State University, to:
