SMOKE SIGNALS

Season No. 89 gets under way with a real bang today as the Orangemen tangle with the roughest opening opponent since Frank Maloney took over the helm. Florida State went 10-2 last year, finishing the season with a 40-17 triumph over Texas Tech in the Tangerine Bowl.

* * * * *

While this is only the second meeting between the Orange and the Seminoles, veteran followers of SU still have vivid memories of the first clash that took place here in Arhcbold back in 1966. FSU came in with one of the best aerial attacks in the country but Floyd Little put on a dazzling farewell show that gave Syracuse a 37-21 win. Floyd had three, 24-yard touchdown runs to offset the 41 passing attempts by the invaders.

* * * * *

Florida State again features a great passing game with Jimmy Jordan and Wally Woodham. Both passed for more than 1000 yards last year. Fullback Mark Lyles from Buffalo is the top returning rusher. His high school coach was Nick Kish, a former Orangeman who later transferred to the University of Buffalo. Kish now is on the FSU staff.

* * * * *

Bobby Bowden is the head coach, John Bridgers the athletic director at Florida State. Both have appeared in Archbold before, Bowden when he was head man at West Virginia, Bridgers when he directed Baylor.

* * * * *

There's a brand new and, we feel, exciting look about the football program this fall. Each and every cover is being done by us. In the past, the covers were produced by a national firm. Now we will enjoy the privilege of featuring whatever we want, starting today with our All America hopeful, Bill Hurley. Hersch Greene, local attorney and an outstanding photographer who has won many national prizes, is our man on the sidelines who will provide the color for the covers.

* * * * *

Frank Maloney will have a weekly tv show (Mondays, 8 p.m., WCNY, repeated on Fridays at 11:30 p.m.) and radio program (WSYR, Friday at 6:30 p.m.) this fall. Why not tune in?

* * * * *

Frank Maloney is 2-2 in season openers, 13-11 in total Archbold games. Go get 'em, Orange. Don't forget fans, kickoff is 1 p.m. this year.

Frank Maloney, Head Coach

John J. "Jake" Crouthamel, Athletic Director

Dave Bennett, chairman, Athletic Policy Board

Frank Maloney is in his fifth autumn in Central New York, directing the football fortunes of Syracuse. Following the '77 campaign, he signed a new, longterm contract.

Frank saw the Orange finish strongly last fall to post the second winning season in the past three as SU continues to move into a challenging role for Eastern honors.

Football has been a way of life for Frank since his early days in Chicago. A standout center-linebacker at Mount Carmel High, he moved on to the University of Michigan earning the Fielding H. Yost Award for proficiency in scholarship and athletics. A pre-law major, Frank lettered in 1959-60-61. He started law school at Northwestern in 1962 but the desire to coach won out over the plans to practice law and, in 1963, he returned to Mount Carmel to assume the head coaching job. In five years, his teams won 31 games, a city championship, and earned the smiling Irishman Prep Coach of the Year honors.

In 1968, Michigan beckoned and he served as an assistant coach at his alma mater until accepting the Syracuse job after the '73 campaign. Frank and wife Kathy have a son, Mike, and two daughters, Molly and Kelly.

The O.P. - Five and Growing

There's an expression along the lines of "having to crawl before walking." The Orange Pack has been running since birth. There never was time to crawl or walk!

Born in late 1973 as the official fund raising organization for the Athletic Department, the Orange Pack is now heading into the second half of its first decade with some very solid achievements and contributions behind it and more on tap.

In its first four years, the OP has raised more than one million dollars and today totals more than 2000 loyal members. Some are alumni, some are not. All, however, are dedicated to helping support SU's athletic program.

The first big gift was the $600.00 contribution by local industrialist J. Stanley Coyne for the Tartan playing surface on Coyne Stadium. Other large Pack gifts provided monies for the new playing surface and seating arrangement in Manley Field House and the over-all upgrading of facilities in Manley.

Orange Pack members plan numerous social events throughout the year, including pre-football gatherings in the courtyard adjacent to Archbold, traveling to road games, and the big summer Orangefest which sort of signals the start of another exciting athletic year.

While space does not allow the total Orange Pack membership, listed here are the names of all donors of $100 or more. This listing is as of Sept. 1 and every attempt has been made to assure accuracy. If a name has been omitted, please contact the Orange Pack office in Manley Field House.

Miller vows tax cut support

[from the December 23, 1977, Syracuse Herald Journal]

By KENN PETERS

State Assemblyman Hy Miller of Fayetteville today took the lead among the Onondaga County delegation to Albany by pledging to support any legislation in the upcoming session of the State Legislature to reduce taxes.

Miller, R-119th Dist., said he doesn't care if the tax reduction bill is authored by Republicans or Democrats.

"I will support responsible and necessary tax cuts regardless of whether it is Minority Leader Duryea's bill, Senator [illegible] or Gov. Carey's bill or a [illegible] Miller said.

Hugh L. Carey and Assembly Speaker Stanley Steingut will introduce their own tax savings measures.

"If a special session of the Legislature won't be convened by the governor to consider tax cuts," the assemblyman said, "then the first priority of business during the 1978 legislative session must be tax cuts."

Miller po[illegible] already kno[illegible] overburdened with taxes, but businesses are being placed in non-competitive positions with suppliers of goods and services from other states.

Miller said businesses located within [illegible] compete for contracts let [illegible] own tax lower than New York State firms, because the cost of doing business is lower in other states and therefore they can produce the goods and services less expensively," he added.

Examples of what the assemblyman was talking about are in contracts awarded by the State Office of General [illegible] side firm for new furniture over $300,000 for general office supplies and over $2 million for meat products.

"Why, we even paid over $100,000 to a New Jersey firm for roasted coffee," Miller said, "when right here in Syracuse some of the finest tasting coffee in the [illegible] is roasted."

[illegible] Carey administra-

"It is foolish that our tax dollars, in[illegible] unbelievable amount of perhaps $100 [illegible] lion a year or more, are being spe[illegible] produce jobs outside the state when [illegible] are so desperately needed right he[illegible] New York," he said.

The Jan. 4, 1978 start of the 1978 s[illegible] will signal the beginning of a long[illegible] n Democra[illegible] both strive [illegible] tax cuts.

TAKE OFF.

And get in on Navy Aviation.

To qualify you must have a college degree (or be on your way to one), and you must measure up to our physical standards. That's the easy part.

Now the not-so-easy part. There's plenty of work—both on the ground and in the air—before you're on your own.

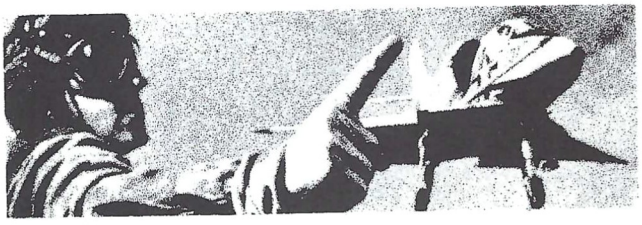

Aviation School for your commission. Flight School for your wings.

Later, a specialty. Jets. Multi-engine planes. Helicopters.

In the Navy, the sky's the limit.

The New Chevrolet

Spectacular beauty, plenty of room, a pleasure to drive. And more.

We would not insult your intelligence by suggesting that you'd buy a car simply because it's beautiful.

But what if that beautiful car were also beautifully built, remarkably roomy inside, and a genuine pleasure to drive?

Now we're talking your language.

The New Chevrolet is a thoroughly contemporary automobile built around a roomy 6-passenger interior. It comes as a pleasant surprise to most people that this trimmer car actually has more head room and more rear seat leg room inside than the 1976 full-size Chevrolet it replaced. It also has a bigger trunk. More corrosion fighters. And more ease of entry and exit.

More than 600,000 people bought The New Chevrolet (Caprice and Impala) during its very first year on the market, making The New Chevrolet the most popular car in America.

It isn't just the beauty. But it sure doesn't hurt.

You're invited to visit the Chevrolet football exhibit at the new College Hall of Fame at King's Island (25 miles north of Cincinnati). This unique museum lets you participate in the fascinating history of college football. See it soon.

The Caprice Classic Sedan

All the technical advancements come down to this:

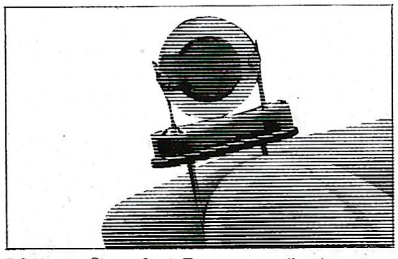

Getting the color right, automatically. That's what the 1979 ColorTrak is all about.

Last year RCA sold more color televisions than any other year in their history.

One reason is the ColorTrak System—a remarkable achievement that's been made even more remarkable for 1979. This year, ColorTrak grabs the color, aligns it, defines it, sharpens it, tones it and locks it on track more automatically than ever before.

Fine tunes every channel, automatically.

The 1979 ColorTrak is the most automatic color set in RCA history. It's made to bring you natural, lifelike color—the right color—without bothersome adjustment and fine tuning. In fact, ColorTrak's new quartz crystal ChanneLock Tuner is so accurate you'll *never* have to fine tune a channel again. *Ever.*

RCA's new ChanneLock Tuner uses a vibrating quartz crystal to locate and lock on to each TV channel. This precision device completely eliminates the need for fine tuning.

Adjusts for varying colors, automatically.

You've probably noticed how colors can change when a commercial or new program appears. ColorTrak deals with that problem two ways: Automatic Color Control continuously monitors color and adjusts it automatically. Colors stay consistent from scene to scene, program to program, channel to channel.

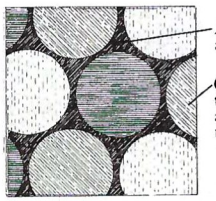

In addition, ColorTrak is equipped with Dynamic Fleshtone Correction that automatically keeps fleshtones warm and natural, for a consistently lifelike color picture.

Adjusts for changing room conditions, automatically.

A color picture that looks fine when your TV room is dark may appear too dim when you turn on the lights or open shades.

ColorTrak's Room Light Sensor helps overcome this by automatically making the picture brighter. Colors stay rich and vivid.

To help even further, our black matrix picture tube has specially tinted phosphors. They actually absorb reflected room light, to reduce glare on the screen.

A black matrix on the tube helps absorb reflected room light.

ColorTrak also has specially tinted phosphors that absorb additional room light to reduce glaring reflections.

Experience the 1979 ColorTrak at your RCA Dealer now.

There are many other features that contribute to the magnificent RCA ColorTrak picture.

But all the features and technical advancements really come down to this: RCA wants you to see the right color. On every program. On every channel. Every time you turn on your set.

For the complete line of ColorTrak models, write to: RCA Consumer Electronics, Dept. 27-212, 600 North Sherman Dr., Indianapolis, Ind. 46201.

BRISTOL: Upstate New York Neighbor Since 1887

Many of us most likely don't realize that the Bristol-Myers company and its local operating divisions — Bristol Laboratories and the Industrial Division — can trace their very earliest beginnings to the Syracuse area.

In 1887, the Clinton Pharmaceutical Company was formed by William M. Bristol Sr. and John R. Myers, and medicinal products were manufactured in second-floor laboratory space over-looking the village square in Clinton, New York. This earliest beginning is commemorated to this day at Clinton's Park Row Pharmacy, located in the same building where Clinton Pharmaceuticals began.

From its modest beginning in Clinton, the business expanded steadily into new locations — first in Syracuse, then to Brooklyn, and the Bristol-Myers plant in Hillside, New Jersey was built shortly after World War I.

Bristol-Syracuse as we know it today came into being with the purchase of the Cheplin Biological Laboratories by the Bristol-Myers Company. The name was changed to Bristol Laboratories, and in 1945 a new plant on the present Thompson Road site became one of the earliest major producers of the "miracle drug" — Penicillin.

From a tiny pharmaceutical firm employing 28 persons when it was purchased, Bristol-Syracuse has grown over the years until it now employs more than 1,700 people who have chosen Bristol for career fullfilment. Some 300 of these work in Research.

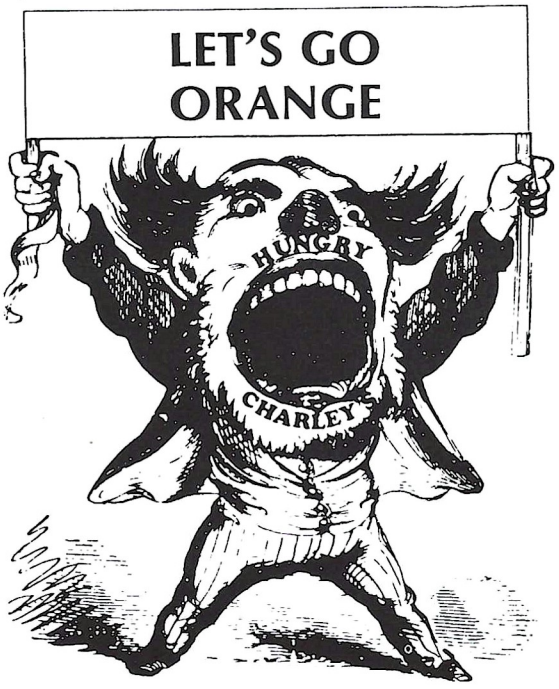

Early in 1975, a re-organization of Bristol-Syracuse created two new divisions of the Bristol-Myers Company: the Bristol Laboratories Division and the Industrial Division. Named President of the Bristol Laboratories Division was Julius L. Pericola and heading up the Industrial Division as its President is Dr. Filippo LaMonica.

For the Industrial Division this meant concentration on producing finest quality antibiotic bulks — basic ingredients in Bristol's prescription medicines — in fermentation, extraction and related facilities at Syracuse; at Latina, Italy; and at Mayaguez and Barceloneta in Puerto Rico.

Further, the re-organization enabled the Bristol Laboratories Division to concentrate on researching and marketing pharmaceuticals for use here in the United States.

Bristol Laboratories' line of anti-cancer products, now four in number, currently contribute to the health and betterment of mankind and to the division's business success. Blenoxane, Mutamycin, CeeNu and BiCNU — the later introduced in May, 1977 — all find steadily growing acceptance by those physicians who regularly treat cancer patients.

Since its early beginnings in Clinton, Bristol-Myers has grown into a diversified health care, pharmaceutical and consumer products company which markets more than 700 products in the United States, Canada and some 100 countries overseas. Bristol-Syracuse has grown also to become recognized as a leading producer of a wide range of health-assisting pharmaceuticals, including the synthetic Penicillins, Tetracyclines, Cephalosporins, and Aminoglycosides.

These Provident Mutual professionals—these league leaders—can get you the most out of life. You'll find them highly informed. You'll find them low key . . . by training and conviction.

It's no accident that two out of three Provident Mutual policyowners are business executives, middle management people, or members of the professions.

We've worked hard and successfully to make our products as innovative, as versatile, and as reasonably priced as any in the industry.

Call in a league leader from Provident Mutual. Then whatever your life insurance need is . . . whomever you love and want to protect . . . you'll get the most out of life.

3 STORES & GROWING

A Season Of Records

Bill Hurley and Art Monk combined to account for 15 of the 21 records the Orangemen cracked last fall. An unsuspecting fan watching these two earlier in their careers should be forgiven if he had doubts about their record-breaking potential.

In the '76 opener that took place here in Archbold, Hurley was the starting quarterback and, to put it mildly, did not have the greatest of days in a 22-7 SU loss. Bill hit on just two of 13 passing attempts that afternoon and rushed for 78 yards on 21 carries for a grand and glorious offensive total of 92 yards. Heck, he does that in one quarter now.

Six games into the 1976 season and Bill still hadn't given any indication that he would ever be breaking records. Through those six games, the blonde senior completed only seven passes for 110 yards. Then, against Temple, the pieces suddenly fit and he finished the afternoon passing for 193 yards and running for another 53.

A week later, he dazzled a Pitt team that was to finish as national champions. Bill passed for 203 yards and rushed for 112 and only a very, very controversial call in the final three minutes stopped the Orange inside the Panther 10.

Bill finished the fall strongly and last year kept right on motoring. He ranked 12th in the final NCAA stats in total offense.

The first half of Monk's sophomore year (1977) was somewhat similar to Hurley's--unimpressive.

Through five games, Art caught a total of two passes for 10 yards! Against Penn State in the near miss he grabbed five for 99 yards and a week later at Pitt pulled in eight for 134 yards.

In game No. 9, Art truly put his act together. He had 14 receptions for 188 yards, both game records, rushed for 34 yards, and returned two kickoffs for 30 yards. His feats earned him Sports Illustrated's Offensive Player of the Week award.

In addition to his brilliant receiving Art rushed for 566 yards, averaging 5.1 yards per carry.

The one record breaker who figured to be just that was Dave Jacobs but we'll save that story for another program.

Bargain hunters find Paradise at our factory outlet store.

"Did I get lucky! I thought I'd have to pay a small fortune for the dinnerware I've always wanted. But then I found Bargain Hunter's Paradise...and this complete 40-piece set of world-famous Syracuse China commercial dinnerware at a very reasonable price."

"Look what I found! A whole set of beautiful chinaware...perfect for everyday use. Now if my cooking could only be as exciting as my tableware."

"We've been going bargain hunting at the Syracuse China Factory store every Tuesday for over a year now. You should see us...we're like kids in a candy store, with all those great bargains that are just too good to resist. We haven't had as much fun...well, since we were kids!"

"We can never tell what we're going to find at Bargain Hunter's Paradise. Last week it was some beautiful Will & Baumer candles for a formal dinner...the week before a cute little salt and pepper set. And this week? Some distinctively elegant coffee cups and saucers for my daughter's new apartment."

"I fell in love with Country Ware". It looks just like pewter, for that quaint antique look I'm so crazy about. But it's so much more practical! It can go from freezer to oven to table as fast as you can say Ye Olde Tavern."

COMPLETE SERVICES FOR 8...LIMITED QUANTITY AVAILABLE.

If you'd rather pick out a complete ready-to-use set of superb quality Syracuse China (instead of creating your own set piece-by-piece), here's exactly what you're looking for...a pre-packed, 40-piece setting for eight, including:

- dinner plates, cups, saucers, salad plates and bread and butter plates

But hurry. We can only put together a limited number of these great value packages. Make sure you're not disappointed.

Every day is Sale Day at Bargain Hunters' Paradise.

Three Who Wore The Orange

Jim Brown may be the greatest rusher in the history of the National Football League but he ranks only fourth in career rushing at Syracuse and probably he'll fall into fifth place by mid-season.

But the above fact is what makes statistics so interesting. Or, perhaps stated another way, records were made to be broken.

Anyway, at the start of the 1978 NFL season, Syracuse claims fame to the fact that three ex-Orangemen rank among the Top 10 ground gainers, according to an article in Pro Football Weekly.

Brown, the first of the greats to wear No. 44 at SU, stands in first place with 12,312 yards. What is perhaps even more impressive is that he did this in just nine seasons and when the NFL played fewer games per season.

Larry Csonka, the all-time Orange ground gainer, is in sixth place with 6933 yards while his former running mate for two falls, Floyd Little, is in eighth with 6323 yards. Another former Orange star was just bumped out of the Top 20 last season. Jim Nance (5401 yards) was edged out when Lydell Mitchell leaped into 18th spot.

As far as their Syracuse totals, Larry was No. 1 with 2934 yards, followed by Little at 2704, Davis at 2386, and Brown at 2091. Orange QB Bill Hurley is in ninth spot with 1583 yards but he should move ahead of Brown by the time the fall concludes.

Viewed another way, Davis and Brown were 1-2 for Ben Schwartzwalder, in terms of average per carry. Davis averaged 6.6 yards per rush, Brown 5.7. Csonka averaged 4.9 but gained the first spot because he carried the ball 594 times whereas Brown had just 361 lugs in his SU career to 360 for Ernie.

Brown's pro figures remain incredible, no matter what the yardstick. He still is first in total rushes (2359), rushing touchdowns (106), and average gain per season (1368). Only in average gain per rush does he come out second and that is to Marion Motley who was good for 5.7 yards evertytime he lugged the 'skin'.

Just how wide the gap is in touchdowns is amazing. O.J. Simpson, who no doubt will eventually surpass Brown in rushing yards, is tops among active players with 57! Jim Taylor came the closest to Brown in six pointers but was still a distant second with 83.

One oddity of the stats involves the SU trio, although there will be a change after this campaign. Until the start of '78, Brown, Csonka and Little all had attained their accomplishments in the same number of years--nine. The Zonk now is in his 10th go-round.

What a trio. They sure provided many afternoons of thrills here in Archbold.

A TRADITION IN SPORTS

OFFICIAL NCAA PUBLICATIONS cover the college sports scene.

For more than three quarters of a century, official NCAA guides and rules books have provided college sports fans with the best reading for all seasons. Each guide is packed with schedules, records, previews, championship stories, statistics, results, scores, photos and (see listing) the official playing rules. With availability well in advance of the season, they are perfect "warm-ups" for your favorite sports.

FOR THE FOOTBALL FAN! Four great publications.

NCAA FOOTBALL GUIDE

—The perfect preview of the coming season, as well as a great reference throughout the year. District-by-district features, schedules, results, form charts and much more.

NCAA FOOTBALL RECORDS

—The answer book of college football, and the ideal companion to the Guide. Best performances, yearly champions, coaching records, win streaks, longest plays. A treasure for the aficionado.

FOOTBALL RULES & INTERPRETATIONS

—The final word on how the game should be played. A one-volume combination of the "must" books for football playing and officiating.

READ-EASY FOOTBALL RULES

—For the more casual armchair "official." A "peoples' version" of the official rules and a delight to read.

Also available are weekly statistics rankings for football, basketball and baseball from the NCAA's official statistics service; general information publications including the NCAA rules and regulations, a compilation of championship records and history for 41 championships in 18 sports dating back to 1883, and the NCAA's official newspaper, published 18 times a year.

Order for the year, and the books will be shipped, postage paid, in the months in which they come off the press.

ABC Sports College Football Quiz

Prepared by STEVE FLEMING and DONN BERNSTEIN

(The first season that college football was televised was in 1952 (NBC). The American Broadcasting Company acquired the NCAA package in 1954, picked it up again in 1960-61 and has been the network of college football every year since 1966. The following questions are derived from ABC's previous 15 seasons of NCAA football telecasts.)

1. ABC carried its first college football game on Sept. 18, 1954. Who played and who won? _____.

2. Two teams were crowned national champions in 1954. Ohio State was one; who was the other? _____. This "other" team went undefeated (9-0), yet did not go to a postseason bowl game. Why? _____.

3. ABC's viewing audience was treated to some of the most dynamic running backs in college football history during the 1954 season. Who was starring for Ohio State? _____; Wisconsin? _____; and Rice? _____. The Wisconsin and Rice players faced each other in a nationally televised game on Oct. 9th.

4. Notre Dame first appeared on the ABC Television Network against Southern Methodist in a nationally televised game on Dec. 4, 1954. Who was the Irish's new head coach that year? _____ and who quarterbacked the team? _____. SMU had an unheralded receiver (who caught 14 passes for 217 yards during the season) who went on to greatness in the pros; who was he? _____.
