For your information

MEMO - SPORTS PUBLICITY & PUBLIC RELATIONS - N.A.I.A. MEMBER:

The 17th Annual National Association of Intercollegiate Athletics Basketball Tournament ended March 12 with East Texas State, Commerce, Texas, winning the championship.

During this week, many important meetings were held by the Executive Committee, District Chairmen, coaches and publicity men from throughout the United States. Publicity men meeting with the Executive Committee and District Chairmen pledged to actively spread information about N.A.I.A. throughout the country during the coming year. This year will be a grass roots year of publicity and information.

For many of you, N.A.I.A. is only a basketball tournament in March in Kansas City. N.A.I.A. is much more than this. N.A.I.A. is an organization of colleges such as yours, banded together for mutual benefit in the sane operation of an intercollegiate athletic program in all sports.

Enclosed please find a copy of the 1955 N.A.I.A. Basketball Tournament program. Would you kindly read "The N.A.I.A. Story" starting on page 5. Here is a brief history and philosophy of N.A.I.A. Anything you can do with regard to publicity for this organization will be greatly appreciated. There is much good material for a sport's columnist. It might be that you will have to file this program in your N.A.I.A. Publicity file until another year. But, whatever you do, keep it for ready reference and use.

Some other angles on publicity might center on the record of your state or school in N.A.I.A. basketball competition. A complete run-down of team, won and lost records by states, can be found starting on page 9. Other tournament records, team and individual, are to be found throughout the program.

E. D. "Gus" Fish runs the N.A.I.A. Statistical Bureau in football and basketball at P.O. Box 572, Emporia, Kansas. If you are not already reporting to the N.A.I.A. Statistical Bureau, write the above address for material. There is talk about a track statistical service being started at Abilene Christian College, Abilene, Texas. More on that later.

A. O. Duer, 1121 West 79th Street, Los Angeles 44, California, is the Executive Secretary of N.A.I.A. Other than the month of March each year when N.A.I.A. establishes headquarters in Kansas City, Al Duer can be reached at the above address. He is ready, willing, and able to help us all on any matter pertaining to N.A.I.A.

Any suggestions regarding publicity for N.A.I.A. will be greatly appreciated. As publicity and public relations people, we can be of great help to our organization. Best of luck for the coming year.
