MARCH 16, 1991 FLORIDA STATE UNIVERSITY COACH'S QUOTES

Pat Kennedy

4

We knew that zones were things they struggled with all year. We needed the type first half that we had, although they shot 50%, they didn't hurt us that much from the perimeter. At halftime we told our guys that Indiana was an outstanding second half team. We had that in our game notes. We were unsure whether or not we wanted to go man-to-man in the second half, but the way they heated up with the threes, we decided to abandon our zone defense. Their outside shooting helped Indiana get their crowd back into the game.

In the first half I thought we controlled the backboards very well. But their outstanding defense in the second half got us out of total sync. Indiana deserves great credit for the job they did in the second half. They played well on both ends of the floor. But I was still very, very proud of our team.

On Preparing for IU

We only had one day to prepare and that's very difficult against a tem like IU. No team in our league runs the motion offense the way they do and that makes it very difficult to prepare when you haven't seen that type of offense.

Early Minutes of Second Half

We played so hard physically in the first half that we were really tired in the first five minutes of the second half. I've never seen us that tired in a game before. In the second half when IU came out and started from the outside, we had to come out and play them. That's when they started working on us inside.

On the Prospects of Kansas vs IU

Both teams run the motion offense extremely well. It should be a very exciting game for people to watch.

On IU & Their Style of Play

If IU plays Arkansas, they could do very well. If IU keeps the game in a half-court game and controls the half-court tempo, they could do extremely well against Arkansas.

PLAYER QUOTES

FLORIDA STATE

Douglas Edwards: In the second half we got down and they kept attacking us, they were very aggressive and they hit all their open shots.

Michael Polite: We came out well at the beginning of the game, we were hot and we hit our open shots. Then in the second half I looked up and the score was tied, they poured it on from then.

Charlie Ward: (Their guards) Came out in the second half, got it to the middle and then dished it to the outside where they were hitting the jumpers. (Fouling out) It hurts to foul out, it was just one of those things where some calls went against us.

March 16, 1991 Indiana Coach's Quotes Bob Knight

3/

We thought starting out that they were going to come out tough. They were very aggressive and confident in the first half. We didn't have anybody play real well in the first half, but we had some good plays. Lyndon Jones got three assists. That really doesn't sound like anything, but it really helped out.

We talked at halftime about coming out and having three good possessions. Our starting out well, I was a bit reluctant to substitute. We were doing well and I really didn't want to change things and maneuver around.

Bobby Knight: On the starting line up for the second half: I thought our zero turnover factor surprised me in the second half. What we tried to do was get our three best penetrating shooters in the ballgame. We used a smaller lineup to be more effective on the defensive end to combat their quickness. They were beating us on the boards in the first half, so we figure it couldn't get much worse in the second half. The smaller lineup paid dividends offensively.

Greg Graham did an outstanding job on the perimeter. In the second half, although we were a smaller team, we were a stonger team, and we wound up being a fairly good unit both defensively and offensively.

40-11 run: Florida State missed some easy shots during the run. I thought we played well though. It had to hurt them when they missed three or four inside shots to start the second half. What I was concerned about was the fact that they made a 40-13 run of their own against Louisville in their conference tournament. I had that thought in the back of my own mind. But once we got the lead above 15, I knew we would be alright.

Two things that helped Indiana win: THE FIRST thing was we knew we couldn't allow them to get out on the fast break and the second thing was we couldn't allow them to rebound off the fast break.

(Talking about Bailey) I thought Bailey's biggest contribution tonight, was his playing on top of the zone in the second half. Because he really hasn't done that it's always been Meeks or Jones or Reynolds. But we went with it in the second half because of his penetration.

We really bailed ourselves out with the two 3-point shots at the end of the first half. We really had a lot of bearing on the outcome of this game. (Coming into the tournament what did you think the outcome would be) Our objective is to get to the Regional. I want to see us play well in December, but what I really want to for us to play well in the Big Ten. Then if we get into the Tournament and we make it to the regional it's what ever happens, happens. I feel good from a team stand point that we got there

Pat Graham: (What was the coach's mood at halftime) He didn't want us to get down. We were really getting beat bad on the boards and he thought that if we could keep them off the boards we could win the second half and that's what we did. (Talking about his three points) When I hit the first one it went in and out for me and ended up in the hole so it kinda built up my confidence in the second half. (What did the coach say at halftime) He just really stressed the board play. (Do your teammates ever get on you about getting out early on the break) Oh every once in a while, that's one thing we thought we could do a little bit. They send so many people to the board, they send five guys to the board a lot, we thought maybe we could get a couple guys off and that helped us out alot. (Did you think Florida State would fold like they did) I think when I hit three and we got a couple other quick baskets and we were down six and caught up real quick, I think that helped us a lot. That's so of broke their rhythm, they had a great rhythm going in at halftime. When we sorta popped their back there, I think we sorta took control.

(Thoughts about Kansas) Kansas is a great team, they're a very fundamental team. We really haven't looked at them a whole lot, we'll watch tapes this week, but they wouldn't be here if they weren't a great team.

Calbert Cheaney: I think we came out and played well throughout. Pat Graham and Greg Graham played well and Damon covered well. We didn't board well in the first half. Coach just told me to block out. We as a team rebounded well in the second half.

Eric Anderson: (Feelings at the end of half) In the first half we felt to be down by 6. We' were getting killed on the boards. In the second half, we were determined to do a lot better on the boards. WE had to get back in the game mentally.
