## PRINCIPAL INDIVIDUAL PLAYS

List **all** scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all **missed field goal attempts**.

Under "type of play" indicate rush, pass, int. runback, punt runback, kickoff runback, punt or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

[illegible]

## CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS\*

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

**SECTION 1 — FIRST DOWNS.**

A first down shall be recorded whenever the yardsticks are ordered forward by the officials, and when a touchdown is scored from scrimmage (by rushing or passing) within a series of downs starting 10 yards or more from the goal line. A first down is *not* recorded on a touchdown runback, regardless of the distance of the scoring run.

## SECTION 2 — RUSHING.

**Article 1:** All offensive running plays are to be classified as rushing plays, **not** as "plays from scrimmage," since any play begun with a snapback from center actually is a play from scrimmage.

**Article 2:** Rushing yardage is measured from the line of scrimmage to the point where the ball is declared dead, or is recovered by opponents in the case of a fumble.

**Article 3:** The rushing total is a net figure . All rushing losses must be recorded so as to account for the net figure.

**Article 4:** All gains on lateral passes which originated or grew out of a rushing play are included in rushing yardage. (See Article 1 of Section 4.)

### SECTION 3 — FORWARD PASSING.

**Article 1:** Forward passing gains or losses are measured from the scrimmage line to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble), so as to include both length of pass and running advance after completion. All yards gained or lost on each completed pass play are credited to **both** the passer and the receiver.

**Article 2:** Loss from a completed forward pass which did not advance the ball to the scrimmage line is a yardage charge against passing gain.

**Article 3:** Any loss by a player apparently intending to pass, but thrown behind the line of scrimmage, is recorded as a **loss by rushing**. He is **not** a passer until he has thrown the ball, and he retains at all times the option of running.

**Article 4:** Interception returns are measured from the point of interception to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble).

**Article 5:** There is **no** pass completed by penalty. A gain through interference on a passing play is a penalty against the defending team. The passer is **not** charged with a pass attempt, nor credited with a pass completed or yards gained; nor is the intended receiver (or the player interfered with) credited with a pass caught. The passing team

is credited only with a first down by penalty. The defensive (offending) team is charged with a penalty, and the distance from the line of scrimmage to the spot of the penalty under "yards penalized."

**Article 6:** The forward passer is charged with a forward pass attempt when a forward pass is ruled intentionally grounded.

#### SECTION 4 — LATERAL PASSING.

**Article 1:** A lateral pass is always a component part of the ultimate play, whether it precedes or follows that play, since the lateral is merely an extension of the original or ultimate play, in effect.

(Approved Ruling — Player A receives a forward pass for a gain of 10 yards, then throws a lateral pass to Player B, who gains an additional 5 yards. Player A is credited with one pass caught and 10 yards under "receiving." Player B is credited with NO pass caught and with 5 yards under "receiving." Player who threw the forward pass is credited with 15 yards under "forward passing.")

(Approved Ruling — Player A catches punt and returns 10 yards before throwing a lateral pass to Player B, who returns another 5 yards. Player A is credited with one return and 10 yards under "punt returns." Player B is credited with NO return and with 5 yards under "punt returns.")

**Article 2:** Incomplete lateral passes are scored as fumbles, and yards lost are charged against the player who, in the scorer's opinion, was responsible for the failure of the pass.

**Article 3:** Intercepted lateral passes are scored as fumbles, the offensive team being charged with a fumble lost.

**Article 4:** The official scorer rules on whether a completed pass to a flanker or man-in-motion is a forward or a lateral pass. If the latter, the play is recorded under "rushing." If the pass is incomplete, the subsequent action of the officials reveals whether the pass was a forward or a lateral.

**SECTION 5 — TOTAL OFFENSE.**

**Article 1:** Total offense is the combined result of rushing and forward passing **only**, since these two are the only methods by which legal advance can be initiated while retaining possession of the ball.

**Article 2:** Total offense yardage is the total of *net* gain by rushing and net gain by forward passing. "Receiving" yards gained are *not* included in total offense.

**WILD PASS FROM CENTER.**

Any loss resulting from an **obvious** wild pass from center is charged to "center pass," and not to any individual player.

# COACH DOOLEY'S STATEMENT

"Florida State has a good football team, and we didn't underestimate them at all.....they just beat us and there is not anything else that you can say.

"They hurt us throwing, but they had good running plays that hurt us and overall they played a fine game and deserved to win.

"Needless to say, we are mighty concerned about the loss of Bob Taylor. Bob has been doing a heavy share of our offensive work and his loss will be a big one. We don't have confirmation, ~~fx~~ but feel that he has a broken leg. We'll know how serious things are after an x-ray report.

"This was a tough one to lose, and I just hope our team can pick up and start over. We had a lot of fight tonight, but ~~gazzgazz~~ were beaten by a good football team."

QUOTES FROM FSU DRESSING ROOM:

COACH BILL PETERSON:

"It was the players' game. The biggest thing was they didn't let up for one minute. At halftime the offense told me 'We'll do it, coach, just keep us in there' and the defense said likewise.

The rushing game was the best it has been this year. Giardino played his finest game, Mankins was great.

Georgia played a tazz r tremendous game. They were real scrappy and never let up. Penalties hurt a lot of our drives.

Our defense played its best game. One of the players~~xxx~~ told me 'This is the type of game we like. We're in there'

The turning point came in the latter part of the third quarter when we had field position and were able to keep it. From then on it was a matter of time. Our game plan was to run the long passes as long as we could, but I just chickened out on it. ~~There~~ There were men open all night but we just ~~xxxxx~~ couldn't get the long one to them. It's a matter of split second timing. We're going to work on the "bomb" more.

The touchdown run by Moreman was beautiful. He didn't even know he scored. I asked him after the game what he did to contribute, and he said 'They tell me I scored a TD.8

It was ~~xxxxxxxxxxxxxxxxxxxx~~ one of our greatest victories.

BILL MOREMAN:

"I didn't know where we ~~xx~~ were when the play started. I can't even remember what the play was. and I didn't even know I crossed the goal line. Somebody hit me pretty hard."

MORE PETERSON:

"The first we knew about~~xxxx~~ Moreman's condition was when a couple of players told us about it. We took him out then. He's all ~~right~~ right, he just could jarred a little."

ED PRITCHETT:

As far as I'm concerned the offensive line won the ball game. ~~My~~ My protection was tremendous, and they were opening the holes for our runners.
