## PRINCIPAL INDIVIDUAL PLAYS

List all scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all missed field goal attempts.

Under "type of play" indicate rush, pass, int. runback, punt runback, kickoff runback, punt or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

| Type of Play     | Player or Players | Team     | Yards | Scored?  |
|------------------|-------------------|----------|-------|----------|
| RUSH             | MANKINS           | F.S.U.   | 1     | T.D.     |

## CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS\*

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

(Continued from back of Form 347-A)

### SECTION 6 — PUNTS.

**Article 1:** Punts are measured from the line of scrimmage to the point where the receiving team first gains or loses possession of the ball, or if untouched by the receiving team, to the point where the ball is downed by the kicking team or goes out of bounds.

**Article 2:** When a punt goes over the goal line (touchback), distance of the punt is measured from the line of scrimmage to the goal line.

**Article 3:** A blocked punt is recorded as a "team" entry, and not charged against the individual kicker. Thus, in the case of a blocked punt which does not pass the line of scrimmage, enter the word "team" in lieu of kicker's name and charge one punt for NO yards, so the blocked punt is **included** under "Times Kicked" in team totals.

If the ball travels toward the kicker's goal and is recovered by the **blocking** team, the yardage is treated as a punt return by the player who blocked the kick. If the ball travels toward the kicker's goal and is recovered by the **kicking** team, the yardage is treated as a punt return by the player who blocked the kick—and the blocking team is charged with a fumble lost, except on fourth down.

### SECTION 7 — KICK RETURNS.

**Article 1:** Only the number of punts and kickoffs which the receiving team actually attempts to return are included under kick returns. (**Exception** — Blocked kicks which travel toward the kicker's goal. See Article 3 of Section 6.)

**Article 2:** Returns are measured from the point where the returning player first gains or loses possession of the ball to the point where the ball is declared dead or is lost by fumble.

**Article 3:** The return of an attempted field goal, which falls short and is returned by the defending team, is treated as a punt return.

### SECTION 8 — FREE KICKS.

Free kicks are recorded as kickoffs if made from placement and as punts if the ball is punted. The receiving player is credited with a kickoff return or a punt return, respectively.

### SECTION 9 — GOALS FROM THE FIELD.

Successful goals from the field are measured from the point where the ball is kicked to the goal posts (to the goal line plus ten yards, since the goal posts are ten yards behind the goal line).

The distance of such kicks is recorded on form 347 only under "principal individual plays". If kick is unsuccessful, show yard line from which kicked, in lieu of distance.

### SECTION 10 — POINTS AFTER TOUCHDOWN.

**Article 1:** A player attempting a try-for-point-after-touchdown by kicking is **not** charged with an attempt when a bad pass from center or a fumble by the ball holder, precludes an opportunity to kick. Such an unsuccessful attempt is charged to the "team," rather than to any individual player. However, if the ball is momentarily fumbled and then kicked, an attempt **is** charged to the individual kicker, regardless of the success or failure of the effort.

**Article 2:** The try-for-point-after-touchdown is made while time is out and **is not** recorded as a play from scrimmage (rush, pass or kick).

When a try-for-point-after-touchdown is by forward passing, the **passer** is charged (under SCORING) with the attempt, whether successful or not. If successful, the **receiver** is credited under SCORING with the conversion and points scored, and the **passer** is credited with a conversion under FORWARD PASSING.

Such a passing effort is recorded as a PAT attempt and is **NOT** recorded as a pass attempt or a pass reception.

### SECTION 11 — SAFETIES.

No individual credit is recorded for any player on either team when a safety is scored. The team benefitting from the score is credited.

### SECTION 12 — FUMBLES.

On any play **terminated** by a fumble, the yards involved to the point of recovery are credited or charged to the player who fumbled, regardless of which team recovers the fumble.

(Approved Ruling — On rushing play, ball carrier of Team A fumbles at the line of scrimmage and the ball travels 5 yards toward Team B goal line, before it is recovered by Team B. Player of Team A who fumbled is credited with rushing gain of 5 yards and Team A is charged with a fumble lost.)

### WILD PASS FROM CENTER.

Any loss resulting from an **obvious** wild pass from center is charged to "center pass," and not to any individual player.

## Today's Game

By **LONNIE BURT**

Sports Information Director  
Florida State University

This is THE game!

When Florida and Florida State get together, a victory may not make or break a season but it can bend it pretty badly.

This will be the ninth meeting between the Seminoles and Gators and only the second game contested in Tallahassee. The State Capital hosted the 1964 game when Florida State scored its lone victory in this heated rivalry.

Gator buffs still remember last year's thriller in Gainesville while Seminole fans have been trying to wipe this one out of their memories.

In that 1965 tussle, underdog Florida State rallied with 2:10 remaining for a 17-16 advantage. But the Gators' pitch and catch combination of Steve Spurrier and Charles Casey combined for a touchdown with 1:12 remaining and then Allen Trammel picked off an FSU pass and romped to another TD with less than a minute on the clock for a 30-17 triumph.

Spurrier, one of the greatest backs in Florida history, returns and the Seminoles must slow him down if they are to pull an upset this afternoon.

The Gators have Larry Smith, a highly-touted running back, to give Super Steve help. Florida also has one of its quickest defensive lines to go with that point-producing offense.

In two games, the Seminoles have shown they too, can score. Quarterbacks Kim Hammond and sophomore Gary Pajcic will do the throwing today. Now its just a case of how much Florida State's young defenders can slow Spurrier and Co.

It should be a fine game. Most Florida-Florida State tussles are.

W. H. Davis (left), Alcoa's General Manager—Industrial Relations, says: "We've found that Army ROTC graduates with active duty experience as officers possess better than average initiative, foresight, and responsibility. These are qualities we rate very highly, and we gladly pay a premium to get them."

# Why did Alcoa hire Rod Wilson?

Because Alcoa needs men to fill key positions—men capable of moving to the top; men who seek and measure up to responsibility. Rod Wilson is that kind of man. An Army ROTC Distinguished Military Graduate at Colorado State University, Rod won an officer's commission in the Regular Army along with his degree. Forty-four months of active duty, including 16 months overseas as an artillery commander, earned Rod Wilson 24-carat credentials as a leader, a man schooled in the demanding disciplines of command, the kind of man Alcoa looks for.

If you're this kind of man, prove it to yourself, and to the companies like Alcoa who are looking for you. How? Get in Army ROTC. Stay with Army ROTC, all the way to success.

# FSU and Florida via the Governor's Office

By TOM NUGENT

Former Florida State Coach

*Tom Nugent was Florida State's third football coach. He coached the Seminoles to a pair of post season games before leaving to take the University of Maryland job. He is now sports director of television station WLBW in Miami.*

My six years at Florida State were the happiest of my twenty-five in the coaching profession.

There are many highlights and memories including a couple of bowl games (Sun Bowl, 1955), and Blue Grass Bowl in 1958) along with our first smashing wins over Southeastern Conference Tennessee 10-0 and over Miami, 17-6 in 1958.

Above all, however, was the final realization of a goal, to play the Florida Gators in football. This, of course, is a matter of record now and probably taken for granted as something that just naturally happened.

Believe me it was not! It took years of speech making, political pressures, constant attention and devotion of purpose.

Bob Woodruff said in 1953 that as long as he was Director of Athletics

at Florida, there would be no football game with Florida State. At least he was quoted in this fashion.

As coach and Director of Athletics at Florida State I made a promise that we would find a way if we had to work through the Legislature.

State Senator Harry Stratton of Calhahan, Fla., probably had more to do with this phase of it than anyone else. There were many other people who gave their time and support, but I do believe that Senator Stratton contributed most.

The Governor of Florida LeRoy Collins, averted legislative action when he ordered the two Athletic Directors to "schedule a game of football between the two universities and sign contractual agreements within forty-eight hours." This statement was made, as I recall, in early 1957.

The game itself was thrilling and full of high pitched emotion. The Florida State fans, alumni, and student body backed their team all the way and a record crowd jammed Florida Field, in Gainesville, that November day in 1958. At least half of the 49,000-plus were screaming for FSU.

We lost the game 21-7 to a strong Florida team. Our club gave their best and were out in front most of the first half. Quarterback Vic Prinzi, our captain, was injured just before the half on a clean hard tackle by Asa Cox, of Gainesville, and that seemed to be the turning point in the game. Florida deserved the win because they stopped our passing game in the second half.

An important development as a direct result of our first meeting in a

Vic Prinzi

football game came a year later. The annual distribution of Race Track Scholarship Funds found Florida State getting an equal share. It has been this way since.

Playing Florida was truly the beginning of "big time" football for the Seminoles and there will always be a cherished memory and a lump in the throat of many FSU alumni when they recall that opening kickoff in Gainesville when Bobby Renn took a double reverse and nearly went all the way. A few plays later Freddie Pickard scored from the side line.

Yes, Florida won the game.—But the Seminoles had arrived.

Quote from Coach Peterson

On the last endzone pass that was called out-of-bounds

"I wasn't in a position to see the play, all I know is 40 people came up to me and said he was in bounds when he caught it. Fenner (the receiver Lane Fenner) said he thought he was in bounds. He said he was concentrating on the ball and couldn't be sure where he was when he caught it. We'll have to take a long look at the play on film."

"The official made a good call he was in position to see the play and called it the way he saw it. The overflow crowd down there confused things too."

"I'm convinced more than ever that Steve Spurrier is the greatest quarterback in college ball. He got great protection when he needed it and the passes really hurt us."

thought  
"We knew we could stop their running attack and the interior defensive line did an exceptional job. There is no stopping Spurrier's passes though."

"Our game plan was to pass early to Sellers on the outside to loosen them up and run up the middle, and it worked real well. We felt we could throw long on them and a couple of times we had them beat, but the pass was too long."

"The turning point of the game was Heidt's interception, but when we got the ball again right away I was confident we would score — at least a field goal to tie it up."

"The boys really worked for this one. I thought we outplayed them, but Spurrier sure made the difference. It's tough for the players to play these games that are undecided right until the final gun. I don't know what we're going to have to do to win these close ones."

"Pat Conway was hurt early in the game, and that left us with only two safeties and neither of them had very much experience, which hurt."

"Gary Fajole played a great game. We had him calling plays at the line a few times and he handled it very well. I thought he showed tremendous poise considering the pressure."

~~This concludes the transcript of the game. The following is a list of the players who participated in the game.~~  
~~and the following is a list of the players who participated in the game.~~

Coach Peterson's quotes:

Coach Graves Quotes: "We beat a fine football team , one of the best, if not the best, we have played against in this series....Both sides made errors, of course, because of the aggressive nature of the contest but I think it will go down as one of the real great games in what has become a great rivalry....I thought we would need big plays to win and we got them in the form of a couple of key interceptions and the passes Spurrier threw...I know nobody needs to be reminded about what a great quarterback Steve is but sometimes I just can't get over the things he does ~~with~~ with a football...The heat was really on today and Spurrier is better under pressure. I've seen a lot of college quarterbacks and he is the best I've ever seen...There were so many big plays it would hard to pick a turning point. The turning point was the final gun...Our kids played well, FSU played well and ~~that~~ the fans will seldom see a better football game...I thought our last drive for a score and then the defensive stand are the things good
