## PRINCIPAL INDIVIDUAL PLAYS

List **all** scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all missed field goal attempts.

Under "type of play" indicate rush, pass, int. runback, punt runback, kickoff runback, punt or field goal. List tries-for-points as P.A.T. kick, P.A.T. rush or P.A.T. pass.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

## CONDENSED RULES FOR RECORDING FOOTBALL STATISTICS\*

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

### SECTION 1 — FIRST DOWNS.

A first down shall be recorded whenever the yardsticks are ordered forward by the officials, and when a touchdown is scored from scrimmage (by rushing or passing) within a series of downs starting 10 yards or more from the goal line. A first down is **not** recorded on a touchdown runback, regardless of the distance of the scoring run.

### SECTION 2 — RUSHING.

**Article 1:** All offensive running plays are to be classified as rushing plays, **not** as "plays from scrimmage," since any play begun with a snapback from center actually is a play from scrimmage.

**Article 2:** Rushing yardage is measured from the line of scrimmage to the point where the ball is declared dead, or is recovered by opponents in the case of a fumble.

**Article 3:** The rushing total is a **net** figure. All rushing losses must be recorded so as to account for the net figure.

**Article 4:** All gains on lateral passes which originated or grew out of a rushing play are included in rushing yardage. (See Article 1 of Section 4.)

### SECTION 3 — FORWARD PASSING.

**Article 1:** Forward passing gains or losses are measured from the scrimmage line to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble), so as to include both length of pass and running advance after completion. All yards gained or lost on each completed pass play are credited to **both** the passer and the receiver.

**Article 2:** Loss from a completed forward pass which did not advance the ball to the scrimmage line is a yardage charge against passing gain.

**Article 3:** Any loss by a player apparently intending to pass, but thrown behind the line of scrimmage, is recorded as a **loss by rushing**. He is **not** a passer until he has thrown the ball, and he retains at all times the option of running.

**Article 4:** Interception returns are measured from the point of interception to the point where the ball is declared dead (or is recovered by opponents in the case of a fumble).

**Article 5:** There is **no** pass completed by penalty. A gain through interference on a passing play is a penalty against the defending team. The passer is **not** charged with a pass attempt, nor credited with a pass completed or yards gained; nor is the intended receiver (or the

player interfered with) credited with a pass caught. The passing team is credited only with a first down by penalty. The defensive (offending) team is charged with a penalty, and the distance from the line of scrimmage to the spot of the penalty under "yards penalized."

**Article 6:** The forward passer is charged with a forward pass attempt when a forward pass is ruled intentionally grounded.

### SECTION 4 — LATERAL PASSING.

**Article 1:** A lateral pass is always a component of the ultimate play, whether it precedes or follows that play, since the lateral is merely an extension of the original or ultimate play, in effect.

(Approved Ruling — Player A receives a forward pass for a gain of 10 yards, then throws a lateral pass to Player B, who gains an additional 5 yards. Player A is credited with one pass caught and 10 yards under "receiving." Player B is credited with NO pass caught and with 5 yards under "receiving." Player who threw the forward pass is credited with 15 yards under "forward passing.")

(Approved Ruling — Player A catches punt and return 10 yards before throwing a lateral pass to Player B, who returns another 5 yards. Player A is credited with one return and 10 yards under "punt returns." Player B is credited with NO return and with 5 yards under "punt returns.")

**Article 2:** Incomplete lateral passes are scored as fumbles, and yards lost are charged against the player who, in the scorer's opinion, was responsible for the failure of the pass.

**Article 3:** Intercepted lateral passes are scored as fumbles, the offensive team being charged with a fumble lost.

**Article 4:** The official scorer rules on whether a completed pass to a flanker or man-in-motion is a forward or a lateral pass. If the latter, the play is recorded under "rushing." If the pass is incomplete, the subsequent action of the officials reveals whether the pass was a forward or a lateral.

### SECTION 5 — TOTAL OFFENSE.

**Article 1:** Total offense is the combined result of rushing and forward passing **only**, since these two are the only methods by which legal advance can be initiated while retaining possession of the ball.

**Article 2:** Total offense yardage is the total of **net** gain by rushing and net gain by forward passing. "Receiving" yards gained are **not** included in total offense.

| 1           | Florida State struck early with Kim Hammond passing 11 yards to Ron Sellers for the first touchdown.  |
| 2           | Lightning struck again for the Seminoles as Walt Sumner gathered in a Crimson Tide punt on his own 25 and jitterbugged 75 yards for the second FSU score to put the Seminoles out front 14-0.   |
| 3           | After Alabama had closed the gap to 14-8, Kenny Stabler connected with Dennis Homan for a 51-yard scoring pass. Watch the great catch by the fleet-footed Homan. <del>Steve</del> Steve Davis kicked and the Tide led for the first time, <del>15-14</del> 15-14. |
| 4           | Florida State kicked a field goal to go back ahead in the second period, but here Alabama's Ed Morgan crashed over from 10 yards out and Alabama goes ahead again, 22-17.   |

QUOTE

QUOTES FROM FLORIDA STATE'S BILL PETERSON

"This is the greatest effort that I've ever had. Our kids just flat played their hearts out. It was my decision to go for the tie. I was not going to mess up 60 minutes of great effort in case we failed on a two-point try.

"If we had gone for two and missed it might have ruined our season. Why not play for a tie when you're playing the best college football team in the country?

"It took a super-star (Dennis Homan) to tie us. He's a great one.

"We made some mistakes but I don't think that our defense didn't do a fine job just because Alabama scored 37 points. We put our defense in some holes and again I want to say that they were going against the best the country has to offer.

"There is no way that I can compare Houston and Alabama. ~~For~~ one thing, we played Houston in the Astrodome and that's a different world. We didn't do a lot of things different this week than we did last week, we just ~~tx~~ did them better.

"Our ~~ix~~ kids worked their heads off in practice and I think it showed out there tonight.

"I am not going to pick out any stars because I'd leave somebody out and I'm not going to leave anyone out in one of our finest hours.

"If the customers didn't ~~thax~~ get their monies worth tonight, I don't it was Florida State's or Alabama's fault.

"Again~~x~~ I want to say that it was my decision to go for the tie and I think I'm right. "

QUOTES FROM ALABAMA COACH PAUL BRYANT

"First I want to congratulate Coach Peterson, and his staff and team. They did a great job. He took a team and scored as many on us as we had scored on us all last year and they probably should have won the game.

"I was amazed at the type game, it looked more like a basketball game to me.

"I feel like if I had contributed anything from the bench, maybe we would have won. I didn't convince our defense or the press that our defense was pitiful.

"I doubt if anyone played well on defense. It's the weakest defensive team I ever put on the field anywhere. There was less effort on defense and there again I'm being critical of myself. We forgot what it takes to play defense, but I don't believe we're that bad.

"I don't recall them doing anything different. They scored twice on the very things we knew about and should have been looking for.  
~~XXXXXXXXXXXX~~

"I know Homan made some great catches, Morgan made several fine runs and Stabler played well too. You have to remember that of his two interceptions, one was tipped and the other one, no one blocked for him and he threw in desperation.

"That Sellers is a fine receiver but we didn't have anybody near him most of the night. If Homan was let loose like we did Sellers, he would catch a jillion.

"This is still a wonderful bunch and if they've got the class I think they do, they will bounce back. We're going back to work Monday and I hope to try some more youngsters, especially on defense. If I had thought we weren't going to win, I would have used a lot more kids than I did tonight."
