Today's Game

By **LONNIE BURT**

Florida State Sports Information Director

Today's Florida State-South Carolina contest has an interesting angle. The Gamecocks, boasting a 3-1 record, hasn't had a touchdown scored against them through the air all fall.

On the other hand, all but two of the Seminoles' TDs have been through the airplanes.

This is Coach Paul Dietzel's second year as Gamecock boss and South Carolina, which won only once in 1966, is on the way back.

The Seminole opponent opened with a 34-3 victory over Iowa State and followed with victories over North Carolina (16-10) and Duke (21-17) before bowing to powerful Georgia last Saturday 21-0.

Even in defeat, the Gamecocks held Georgia to a pair of first downs in the opening half, one being an 87-yard touchdown run on a busted play.

This is Florida State's second home game. The Seminoles picked up their first victory last Saturday night with a comeback 19-18 thriller over Texas A&M at College Station in the rain.

Florida State depends primarily on a passing game, although the Seminoles' running game was vastly improved against the Aggies. South Carolina's pass defense is one of its stronger suits so this pits strength against strength.

The Seminoles have been up near the top since the Alabama game in passing offense and quarterback Kim Hammond is near the leader in passing and total offense.

This will be the second meeting between Florida State and the Gamecocks, the Seminoles taking last year's tussle 32-10 at Columbia, S. C.

Fullback Warren Muir, a transfer from West Point, has made the big difference in South Carolina's attack this season. The 197-pound fullback, who dropped out of the Academy to get married, has picked up 391 yards in 91 carries. During the entire 1966 season, South Carolina fullbacks were able to gain only 70 yards.

Wingback Ben Garnto is a name the Seminoles should remember from last year's game. He sparked the Gamecocks to their only touchdown and finally carried it over from the one.

The Gamecocks should recall Seminole fullback Billy Moremen since the Daytona Beach senior counted three times in last year's victory.

Florida State's chances ride with its defense — which showed a big improvement in last week's triumph over Texas A&M.

FLORIDA STATE

is a coeducational, state-supported institution of higher learning.

Founded in 1857, Florida State has transformed in the one short score of years since it became coeducational (1947) from a strong liberal arts college for women to a University of demonstrated national stature.

Nearly 16,000 students are presently enrolled in the university's 10 Colleges and Schools (Arts and Sciences, Education, Home Economics, Music, Librarianship, Business, Social Welfare, Nursing, Engineering Science, and Law). By 1975 this figure is expected to reach 28,000.

Characterized by phenomenal growth in new programs, enrollments, and constant physical expansion of the campus the University's spirit of excellence has led to Florida State's great pride in All-Americans (Fred Biletnikoff, 1964), its share of the 1966 Nobel Prize Winner in Chemistry, (Dr. Robert S. Mulliken) and its contribution to the U.S. Astronauts (Dr. Anthony Llewellyn). It is this same spirit that makes every football game and every research project a testing-ground for innovation and a proving-ground for the time-honored theories of education.

DR. JOHN E. CHAMPION
PRESIDENT

One of a growing number of young university presidents in America, Dr. John E. Champion at 45 is the youngest of 10 chief executives in the University's 110-year history, and the fourth distinguished educator to serve as fulltime president of the University since it achieved university status in 1947.

Before ascending to the University's presidency on June 22, 1965, Dr. Champion had served as a professor in accounting, assistant dean of the School of Business and as the University's first Vice President for Administration.

Among the expanding list of honors accorded to Dr. Champion in his teaching and administrative careers at the University of Georgia (1948 to 1956) and at Florida State are memberships in Phi Beta Kappa, Phi Kappa Phi, Beta Gamma Sigma, Omicron Delta Kappa, Gold Key, Alpha Phi Omega, Beta Alpha Psi, Delta Sigma Pi and Kappa Delta Pi. Active in numerous campus organizations at Florida State, he served as president of the Alpha of Florida Chapter of Phi Beta Kappa in 1961-62.

A recent honor to come his way is the Republic of Panama's award of the Grand Cross of the Order of Vasco Nunez de Balboa—recognizing his contributions and leadership in Florida State's student and faculty exchange program with the National University of Panama.

Sammy Seminole

One individual who flips at the sight of the Seminole football team is Don Hervig, this year's Sammy Seminole.

Since 1958 the colorful Florida State mascot has been leading the Seminole football team through the goal posts before each game.

During the game Sammy becomes an energetic cheerleader, using his "war lance" to urge the Seminoles on, and when they do he will be seen doing a series of "flip-flops" down the sidelines.

Don is the fifth student to carry on this colorful tradition.

Like all his predecessors, Don is a top gymnast. A native of Huntsville, Ala., he has been working with gymnastics for six years.

When he is not "flip-flopping" around the football field the 19-year old sophomore is working on his bachelors degree in engineering science.

Habit Forming.

HAIRSTON

KASTELZ

All season long — any time of the year — Bill Kastelz and Jack Hairston report, in depth, on everything in the sports world.

It's that extra margin of effort that makes these two stand out among sports editors. They're never satisfied with just "half" the story. They're diggers. Fact-finders. They wonder about things and investigate. That's why these two specialists bring you **closer** to sports all year long in the Florida Times-Union and Jacksonville Journal.

Be there — with Kastelz and Hairston — for every piece of the action.

THE SEMINOLE FOOTBALL NETWORK

Florida's 1967 sportscaster of the year, popular Bo Mitchell returns to the Seminole microphone for the fifth straight season, bringing play-by-play action to every corner of the Sunshine State.

The energetic Mitchell, an ex-naval aviator with more than 18 years broadcasting experience, is vice-president and manager of station WXIS, Orlando.

His partner at the mike again this season will be Bud Kaatz, a native of Ohio who was formerly color man for the University of Michigan Football Network and play by play announcer for Ohio University and Marietta College. Taking over as drum major for the Marching Chiefs this year is Herschel Beazley, a sophomore majoring in music education. The new "field general" of the Chiefs comes to Florida State from Decatur, Ga., where he was drum major for three years, at Decatur High.

Herschel's principal instrument is the piano, but has a wide range of instruments he can play. In high school he played the bassoon and saxophone, and has five years twirling experience.

The 1965 State of Georgia drum major champion hopes to become a high school band director following his graduation from Florida State.

List **all** scoring plays; also non-scoring plays (including punts) gaining 50 yards or more, and all **missed field goal attempts**.

On pass play, give passer first, then receiver, and combined yardage of pass and run. Measure runbacks from goal line, if started in end zone. Measure field goal attempts from point of kick. All other plays are measured from line of scrimmage.

[illegible]

(Originated by the N.C.A.A. Football Rules Committee's Sub-committee on Football Statistics)

SECTION 6 — PUNTS.

Article 2: When a punt goes over the goal line (touchback), distance of the punt is measured from the line of scrimmage to the goal line.

If the ball travels toward the kicker's goal and is recovered by the **blocking** team, the yardage is treated as a punt return by the player who blocked the kick. If the ball travels toward the kicker's goal and is recovered by the **kicking** team, the yardage is treated as a punt return by the player who blocked the kick—and the blocking team is charged with a fumble lost, except on fourth down.

Article 1: Only the number of punts and kickoffs which the receiving team actually attempts to return are included under kick returns. (**Exception** — Blocked kicks which travel toward the kicker's goal. See Article 3 of Section 6.)

Article 3: The return of an attempted field goal, which falls short and is returned by the defending team, is treated as a punt return.

Free kicks are recorded as kickoffs if made from placement and as punts if the ball is punted. The receiving player is credited with a kickoff return or a punt return, respectively.

Successful goals from the field are measured from the point where the ball is kicked to the goal posts (to the goal line plus ten yards, since the goal posts are ten yards behind the goal line).

SECTION 10 — POINTS AFTER TOUCHDOWN.

Article 2: The try-for-point-after-touchdown is made while time is out and **is not** recorded as a play from scrimmage (rush, pass or kick).

Such a passing effort is recorded as a PAT attempt and is NOT recorded as a pass attempt or a pass reception.

No individual credit is recorded for any player on either team when a safety is scored. The team benefitting from the score is credited.

On any play **terminated** by a fumble, the yards involved to the point of recovery are credited or charged to the player who fumbled, regardless of which team recovers the fumble.

WILD PASS FROM CENTER.

Any loss resulting from an **obvious** wild pass from center is charged to "center pass," and not to any individual player.

Quotes from Coach Peterson:

"I was especially pleased with the defense. I thought they found themselves last week. The ~~main~~ defense was the thing which pleased me most.

"Paul has done a wonderful job at South Carolina. They were tough out there today. You'll hear more about South ~~&~~ Carolina in the future.

"We used a lot more players than they did. We got some of our young kids in there today. And it helped at the end.

"I thought Gunter was great. He has great quickness. Pajcic did a fine job. He moved the club but he still lacks just a little of that quickness which he had last year.

"We told our kids at halftime what they had to do. We knew the run ~~was~~ was there and we took it in the second half.

"Hammond has a Charley ~~Hama~~ Horse and it bothered him. Blatt has a strained ankle and Sellers has a knee injury which I don't think is serious.

"South ~~Carolina~~ Carolina played well despite some of their kids who were hurt.

"It please me that we could get so many kids in. That first play was a special which we put in just for South Carolina.

"Larry Green had hurt his knee a little against A&M, but being the type of kid he is he didn't tell us. Gunter did the job.

"We knew they were going to use the spread formation, we just didn't know when. That spread is tough when you've got plenty of running room. But you have to go back to your regular stuff when you get close. ~~Then~~ We came up with the big play when it counted.

"I thought our secondary was just great. Five interceptions!"

The squad presented Coach Peterson with the game ball in the locker room.

COACH PAUL LIETZEL:

"We didn't do a good job of getting the ball into the end zone when we got close. we threatened, but we couldn't get it in, and that always takes the spark out of an offense. I prefer to give the credit to Florida State for doing a good job, because they really did give us a lacing. However, when you lose your right hand man, it does cost you (fullback Warren Muir suffered a hip pointer midway in the second period and missed the remainder of the game. Safety Wally Orrel twisted a knee getting off the bus after the movie lastnight and didn't dress and left defensive halfback Toy McCord was left home with an injury. Linebacker Bob Cole sprained an ankle on the thirdplay of the game).

"Florida State has a great passing attack and we knew that no one is going to stop them from completing passes. We concentrated on keeping them from throwing deep and we did a good job. However, when we had the ball, we threw it to the wrong man(the FSU defenders) too many times and it was a case of missed opportunities for us.

"It will be wonderful to get back to the friendly confines of our "Cockpit" after three long weeks on the road."
